### Forward-Looking Statements

Certain statements contained in this Current Report on Form 8-K regarding the proposed Merger not constituting historical fact are "forward-looking statements" subject to the safe harbor created by the Private Securities Litigation reform Act of 1995. Where possible, the words "believe," "expect," "anticipate," "intend," "would," "will," "planned," "estimated," "potential," "goal," "outlook," and similar expressions, as they relate to the Company, its management or the proposed Merger have been used to identify such forward-looking statements. All forward-looking statements reflect only current beliefs and assumptions with respect to future business plans, prospects, decisions and results, and are based on information currently available to the Company. Accordingly, the statements are subject to significant risks, uncertainties and contingencies, which could cause the Company's actual operating results, performance or

business plans or prospects to differ materially from those expressed in, or implied by, these statements. Such risks, uncertainties and contingencies include, but are not limited to, statements about whether the Company will enter into and close a definitive Merger agreement and other intentions and other statements that are not historical facts. The following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: (1) the occurrence of any event, change or other circumstance that could give rise to the termination of the Letter of Intent; (2) the outcome of any legal proceedings that may be instituted against the Company and others in connection with the proposed Merger; (3) the inability to complete the Merger due to the failure to obtain stockholder approval or satisfy other conditions to the closing of the Merger; (4) risks that the proposed Merger, including the uncertainty surrounding the closing of the Merger, will disrupt the current plans, operations and relationships of the Company, including as a result of undue distraction of management and personnel retention problems; (5) the risk that the businesses would not be integrated successfully; and (6) the amount of the costs, fees, expenses and charges related to the proposed Merger. Additional factors that could cause the Company's results to differ materially from those described in the forward-looking statements are described in the Company's Annual Report on Form 10-K filed with the SEC December 17, 2009 and the Company's other periodic and current reports filed with the SEC from time to time and available on the SEC's internet website at [www.sec.gov](http://www.sec.gov)<<http://www.sec.gov>>.
