Cautionary Statement on Forward-Looking Statements.

The discussion in this Report on Form 10-QSB, including the discussion in Item 2 of PART I, contains forward-looking statements that have been made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on current expectations, estimates and projections about the Company's business, based on management's current beliefs and assumptions made by management. Words such as "expects", "anticipates", "intends", "believes", "plans", "seeks", "estimates", and similar expressions or variations of these words are intended to identify such forward-looking statements. Additionally, statements that refer to the Company's estimated or anticipated future results, sales or marketing strategies, new product development or performance or other non-historical facts are forward-looking and reflect the Company's current perspective based on existing information. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Therefore, actual results and outcomes may differ materially from what is expressed or forecasted in any such forward-looking statements. Such risks, and uncertainties include those set forth below in Item 1 as well as previous public filings with the Securities and Exchange Commission. The discussion of the Company's financial condition and results of operations included in Item 2 of PART I should also be read in conjunction with the financial statements and related notes included in Item 1 of PART I of this quarterly report. These quarterly financial statements do not include all disclosures provided in the annual financial statements and should be read in conjunction with the annual financial statements and notes thereto included in the Company's Form 10KSB for the year ended December 31, 2004 filed on April 15, 2005. The Company undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

MIRENCO, Inc.

NOTES TO FINANCIAL STATEMENTS

(unaudited)

March 31, 2005 and 2004

NOTE A BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for interim financial information and Item 310(b) of Regulation S-B. They do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation have been included.

The results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year. For further information, refer to the financial statements of the Company as of December 31, 2004 and for the year then ended, including notes thereto included in the Company's Form 10-KSB.

NOTE B INVENTORY

Inventories, consisting of purchased finished goods ready for sale, are stated at the lower of cost (as determined by the first-in, first-out method) or market.

NOTE C - REALIZATION OF ASSETS

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has incurred net losses aggregating \$10,403,619 and may continue to incur net losses in the future. If revenues do not increase substantially in the near future, additional sources of funds will be needed to maintain operations. These matters give rise to substantial doubt about the Company's ability to continue as a going concern.

Management and other personnel have been focused on product exposure and marketing. The Company's management team has diligently explored several market segments relative to the Company's product and service lines over the past 21 months. From that exploration, the Company has decided it is in its best interests to develop an internal sales and marketing effort before developing the use of existing, well-established distribution channels for marketing and selling the DriverMax® product line. Management also believes a large market exists for the Company's testing and evaluation services and the information resulting from those services. By concentrating the sales efforts within its own reasonable geographical area, management believes it can better provide a professional, consultative approach toward customers needs and prove the value of its products and services. Management will focus on the Company's efforts on the sales of products, services, and programs with sensible controls over expenses. Management believes these steps, if successful, will improve the Company's liquidity and operating results, allowing it to continue in existence.

Gross sales of \$133,948, \$79,440 in product sales and \$54,508 in sales of services, were realized for the three months ended March 31, 2005 and were \$57,579 higher than gross sales for the same period one year ago.

[The Balance of This Page Left Intentionally Blank]

MIRENCO, Inc.**NOTES TO FINANCIAL STATEMENTS Continued****(unaudited)****March 31, 2005 and 2004****NOTE D – STOCKHOLDERS EQUITY**

During the three months ended March 31, 2005, the Company issued 571,000 shares of common stock for cash of \$118,100 which shares were issued at a discount to the fair market value of the shares. Included in these shares were 270,000 shares issued to an officer at a discount of \$12,600 which has been charged to operations during the period.

During the three months ended March 31, 2005, the Company issued 5,000 options to directors to purchase common stock at \$.28 per share for a period of 9 years.

The following summarizes the options outstanding at March 31, 2005:

	Number of shares		Weighted- average exercise price per share
	Outstanding	Exercisable	
Outstanding, December 31, 2004	1,022,710	1,022,710	2.37
Granted	5,000	5,000	0.28
Outstanding March 31, 2005	1,027,710	1,027,710	\$ 2.36

SFAS 123 requires the Company to provide pro forma information regarding net income and earnings per share as if compensation cost for the Company's stock option plans had been determined in accordance with the fair value based method prescribed in SFAS 123. The fair value of the option grants is estimated on the date of grant utilizing the

Black-Scholes option pricing model. Had the company charged the fair value of the options issued to operations during the period ended March 31, 2005, there would not be a material difference in the net loss as reported.

NOTE G - SUBSEQUENT EVENTS

During April 2005 the Company issued 2,600,340 shares of common stock for \$320,051.

[The Balance of This Page Left Intentionally Blank]

Item 2.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

General and Background

We have incurred annual losses since inception while developing and introducing our original products and focusing management and other resources on capitalizing the Company to support future growth. Relatively high management, personnel, consulting and marketing expenditures were incurred in prior years in preparation for the commercialization of our products. We expect distribution, selling, general and administrative expenses to increase directly with sales increases, however, as a percentage of sales, these expenses should decline.

Liquidity and Capital Resources

Cash and equivalents are currently the Company's substantial source of liquidity. The changes in Cash and Equivalents for the three months ended March 31, 2005 and 2004 can be reviewed in the Statements of Cash Flows in PART I Item 1 above. During the three months ended March 31, 2005 and March 31, 2004, revenues of None and \$12,000 were recognized from an arrangement with the Iowa Foundation for Educational Administration, Inc. for emissions testing services being conducted on the Iowa School Bus fleet. This was substantially less than original revenues expected to be received from this project. Billed but uncollected amounts of these revenues were removed from the Company's books by the Direct Write Off method. If these revenues are recovered, they will be recorded as revenues in the period recovered. While the amount is difficult to predict, management anticipates that additional revenue will be realized from this arrangement.

According to the terms of our purchase agreement with American Technologies to acquire the patents and trademarks, we will pay a 3% royalty of annual gross sales for a period of 20 years, which began November 1, 1999.

Results of Operations

Gross sales of \$133,948, \$79,440 in product sales and \$54,508 in sales of services, were realized for the three months ended March 31, 2005 and were \$57,579 higher than sales for the same period one year ago. Cost of sales for the three months ended March 31, 2005 was only \$6,268 higher resulting in an increase of \$51,311 in gross profit margin. This increase was the result of discontinuance of the costs of the emissions testing program. In the three months ended March 31, 2005, \$48,833 of employment costs were included in Cost of Sales compared to \$44,496 in the corresponding period in the prior year.

A total of 19 individuals, 17 full time and two part-time, were employed with the Company at March 31, 2005 compared to a total of 21 at March 31, 2004. The decreases in personnel were primarily related to marketing and testing services offered by the Company.

[The Balance of This Page Left Intentionally Blank]

Edgar Filing: MIRENCO INC - Form 10QSB

A comparative breakdown of Other general and administrative expenses per the Statements of Operations included in PART I Item 1 above is as follows:

	Three Months Ended March 31, 2005	Three Months Ended March 31, 2004	Note
Depreciation and amortization	13,311	17,234	1
Insurance	18,699	19,728	2
Professional fees	23,338	59,456	3
Office expenses	9,354	18,898	4
Research and development	1,200	2,503	5
Travel	18,003	22,576	6
Utilities	15,324	15,988	7
Royalty expenses	4,021	1,931	8
Advertising	3,926	4,082	9
Total general and administrative expenses	107,176	162,396	

1.

Depreciation and amortization expense were less than the same period in the prior year because of a number of computers and related equipment becoming fully depreciation in the intervening period.

2.

Insurance expense in the first three months of 2005 was \$1,029 less than in the first three months of 2004 due to changes in the renewals of the policies.

3.

Professional fees expense incurred during the first three months of 2005 were \$36,118 less than in the first three months of the prior year primarily because of the discontinuance of the services of several outside consultants employed in 2004.

4. Office expenses for the three months ended March 31, 2005 were \$9,544 less than the first three months of 2004 primarily due to a reduction in administrative staff.

5.

Research and Development costs decreased \$1,303 in the first three months of 2005 compared to the first three months of 2004.

6.

Travel expense was less for the three months ended March 31, 2005 than the first three months of 2004 because of a reduction in personnel and no foreign travel in 2005.

7.

Utilities expense for the three months ended March 31, 2005 was comparable with the first three months of 2004.

8.

Royalty expense for the three months ended March 31, 2005 and 2004 was 3% of sales calculated per the patent purchase agreement with American Technologies, LLC.

9.

Marketing and advertising expenses during the three month ended March 31, 2005 were comparable to the three months ended March 30, 2004.

Interest income continues to decline with the reduction in interest bearing deposits.

Interest expense for the three months ended March 31, 2005 and 2004 is a result of financing the purchase of Company vehicles from the majority shareholder and investor loans and bank loans obtained in 2004.

The Company uses estimates in the preparation of its financial statements. The estimates used relate to the useful lives of its equipment and patents. If it was determined that the depreciated cost of its equipment and the amortized cost of its patents exceeded their fair market value, there would be a negative impact on the results of operations to the extent the depreciated and amortized cost of these assets exceeded their fair market value.

The Company accounts for equity instruments issued to employees for services based on the fair value of the equity instruments issued and accounts for equity instruments issued to other than employees based on the fair value of the consideration received or the fair value of the equity instruments whichever is more reliably measurable.

The Company accounts for stock based compensation in accordance with SFAS 123, Accounting for Stock-Based Compensation. The provisions of SFAS 123 allow companies to either expense the estimated fair value of stock options or to continue to follow the intrinsic value method set forth in APB Opinion 25, Accounting for Stock Issued to Employees (APB Opinion 25) but disclose the proforma effects on net income (loss) had the fair value of the options been expensed. The Company has elected to continue to apply APB Opinion 25 in accounting for its stock option incentive plans.

SFAS 123 requires the Company to provide pro forma information regarding net income and earnings per share as if compensation cost for the Company's stock option plans had been determined in accordance with the fair value based method prescribed in SFAS 123. The fair value of the option grants is estimated on the date of grant utilizing the Black-Scholes option pricing model. Had the company charged the fair value of the options issued to operations during the period ended March 31, 2005, there would not be a material difference in the net loss as reported.

The Company outsources the production of its DriverMax® products to ICE Corporation of Manhattan, Kansas. If, for some reason the relationship between the Company and ICE Corporation should be interrupted or discontinued, the operations of the Company could be adversely affected until such time an alternative supply source could be located, contracted and begin producing our technology. Such an event could materially effect the results of operations of the Company.

[The Balance of This Page Left Intentionally Blank]

Item 3.

CONTROLS AND PROCEDURES

An evaluation of the Company's disclosure controls and procedures and internal controls and procedures was performed on April 29, 2005. Based on that review, management concludes that the Company's disclosure controls and procedures adequately ensure that information required to be disclosed by the Company in the reports that it files or submits under the Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. There have been no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the evaluation date. There have been no corrective actions with regard to significant deficiencies and material weaknesses since the evaluation date.

EXHIBIT 10.31

MIRENCO, INC.

CORPORATE CODE OF ETHICS AND CONDUCT

GENERAL

We will conduct our business with honesty and candor in accordance with the spirit as well as the letter of all applicable federal, state and local laws and regulations and the laws of foreign countries where we transact business.

Legal compliance is only a part of our ethical responsibility, and should be viewed as the minimum acceptable standard of conduct. We intend to maintain our reputation and avoid activities that might reflect adversely on the Company. Mirencos strives to act with the utmost integrity, not just in our most important corporate decisions, but also in the thousands of actions taken every day by our employees worldwide. Ethical conduct is a high ideal, but often just

means exercising common sense and sound judgment. Acting ethically will help us become a better company, a better partner with our customers, and a better corporate citizen.

HONEST DEALING

All employees are expected to be honest and forthright in their interactions with one another and in dealings with customers, suppliers, business partners and shareholders. Mirencos will not condone dishonesty or deceitful actions in any form. This includes, but is not limited to, making misrepresentations to customers, changing customer documents, making false or misleading entries on the Company's books or ledgers, inflating expense reports, or falsely recording hours worked on time cards.

RESPECT IN THE WORK ENVIRONMENT

Mirencos strives to maintain a workplace where all employees are treated with dignity, fairness and respect. Harassment or discrimination based upon race, color, religion, gender, age, national origin, disability, sexual orientation, veteran or marital status, or any other characteristic protected by law is unacceptable and will not be tolerated.

Other activities that are prohibited because they are clearly not conducive to a respectful work environment are threats of physical harm, violent behavior, or possessing weapons while on Company premises. Furthermore, being under the influence of alcohol or illegal drugs while at work is strictly forbidden.

GRATUITIES

Building strong relationships with customers is essential to Mirencos business. Socializing with customers and suppliers is an integral part of building those relationships. Common sense and good judgment should always be exercised in providing or accepting business meals and entertainment of nominal gifts, however.

While individual circumstances differ, the overriding principle concerning gratuities is not to give or accept anything of value that could be perceived as creating an obligation on the part of the recipient (whether a Mirencos employee or a customer) to act other than in the best interests of his or employer or otherwise to taint the objectivity of the individuals involvement. Bribes and kickbacks are illegal. Mirencos does not permit or condone the receipt by employees of bribes, kickbacks, commissions or similar forms of consideration; and does not permit or condone similar payment to suppliers, government officials, or others. We intend to maintain our reputation and avoid activities that might reflect adversely on the Company. It is the responsibility of each employee to ensure that providing or accepting a gratuity is appropriate under the circumstances. When in doubt, err on the side of prudence.

EXHIBIT 10.31

HANDLING COMPANY AND CUSTOMER ASSETS

Company property and customers property with which Mirencos has been entrusted must be used and maintained properly with care taken to guard against waste and abuse. Appropriate use of Company and customer property, facilities, and equipment is every employees responsibility. Of course, stealing or misappropriating Company or customer property will not be tolerated. Likewise, the removal or borrowing of Company or customer property without permission is prohibited.

CONFLICTS OF INTEREST

Although employees are generally free to engage in personal financial and business transactions, this freedom is not without constraints. Every employee must avoid situations where loyalties may be divided between Mirencos interests and the employees own interests. Employees also should seek to avoid even the appearance of a conflict of interest. If an employee is considering engaging in a transaction or activity that may present a conflict of interest or the appearance of a conflict of interest the employee should disclose the matter and obtain appropriate approvals before engaging in such transaction or activity.

For employees, examples of potential conflicts of interest include accepting concurrent employment with, or acting as a consultant or contractor to, any Mirencos competitor, customer or supplier; or holding a significant financial interest in any Mirencos competitor, customer or supplier.

It is recognized that directors of Mirencos who are not employees may engage in outside activities with, or have duties to, other entities, as employees, directors, consultants or otherwise. Such activities and duties generally do not in and of themselves constitute a conflict of interest, and in fact are valuable to Mirencos because of the experience and perspective that outside directors offer Mirencos as a result of these activities. Directors are expected to exercise sound judgment with respect to the relationship between their outside activities and their responsibilities to Mirencos, and at all times to act in a manner consistent with their duties of care and loyalty, as well as other applicable legal standards governing the responsibilities of directors. Directors should err on the side of caution in disclosing to the Board relationships that may constitute, or may appear to constitute, an actual or potential conflict of interest, and may be required to abstain from involvement as a Board member or as an employee, director, consultant, or other affiliation with another entity, in a particular matter. Outside directors should also fully disclose their relationship with Mirencos to other entities with which they have a relationship.

CONDUCT WITH COMPETITORS

In dealing with competitors it is Mirencos policy to not discuss pricing policy, contract terms, costs, inventories, marketing plans, production plans and, of course, proprietary and confidential information. Discussion of these subjects or collaboration on them with competitors can be illegal. If a competitor raises any of them Company employees are expected to object, stop the conversation, and tell the competitor that we will not discuss those matters under any circumstances.

SAFEGUARDING CONFIDENTIAL INFORMATION

As a condition of employment with Mirencos, each employee is required to sign an Employee Confidentiality Agreement. This agreement creates an obligation on the part of each and every employee to protect Mirencos proprietary information, which includes such things as business, financial, research and development, and personnel information.

Confidential information also includes any proprietary information shared with Mirencos by our customers and business partners, or information that has been acquired by an employee during the course of working for a former employer. Mirencos employees have an equal obligation to protect against the unauthorized disclosure or misuse of such third party confidential information.

[The Balance of This Page Left Intentionally Blank]

EXHIBIT 10.31

INSIDER TRADING

Mirencos believes in an open culture in which information is widely shared. As a result, during the course of employment, Mirencos employees may have access to non-public information about Mirencos that, if known to the public, might affect investors' decisions to buy, sell or hold securities issued by the Company.

Under the Company's insider trading policy, trading while in possession of such material non-public information, *i.e.*, insider trading is prohibited. Insider trading is also prohibited by the federal securities laws. Engaging in insider trading is grounds for discipline up to and including termination, and may subject both the individual and Mirencos to civil and criminal penalties.

PUBLIC REPORTING REQUIREMENTS

Accounting and other business records are relied upon in the preparation of reports Mirencos files with certain government agencies, such as the Securities and Exchange Commission (SEC). These reports must contain full, timely and understandable information and accurately reflect our financial condition and results of operations.

Employees who collect, provide or analyze information for or otherwise contribute in any way in preparing or verifying these reports must strive to ensure that our financial disclosures are accurate and verifiable, thus to enable shareholders and potential investors to assess the soundness and risks of our business and finances and the quality and integrity of accounting and disclosures. The integrity of our public disclosures depends on the accuracy and

completeness of our records. To that end:

.

All business transactions must be supported by appropriate documentation and reflected accurately in our books and records:

.

No entry be made that intentionally mischaracterizes the nature or proper accounting of a transaction;

.

No Mirencos employee may take or authorize an action that would cause our financial records or disclosures to fail to comply with generally accepted accounting principles, the rules and regulations of the SEC or other applicable laws, rules and regulations;

.

All employees must cooperate fully with our independent public accountants and counsel, respond to their questions with candor and provide them with complete and accurate information to help ensure that our books and records, as well as our reports filed with the SEC, are accurate and complete; and

.

No employee should knowingly make (or cause to encourage any other person to make) any false or misleading statement in any report filed with the SEC or other government agency, or knowingly omit (or cause or encourage any other person to omit) any information necessary to make the disclosure in any of our reports accurate in all material respects.

Any employee who becomes aware of any departure from these standards has a responsibility to report his or her knowledge promptly to a manager, the Company's Chief Financial Officer and/or the Company's Chief Executive Officer.

[The Balance of This Page Left Intentionally Blank]

PRINCIPAL EXECUTIVE OFFICER CERTIFICATION

I, Dwayne Fossean, Chief Executive Officer and President of Mirencos, Inc. (the Small business issuer) certify that:

1.

I have reviewed this report on Form 10-QSB of Small business issuer

2.

Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3.

Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;

4.

The small business issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the small business issuer and have:

(a)

Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(c)

Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(c)

Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and

5.

The small business issuer's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the small business issuer's auditors and the audit committee of small business issuer's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the small business issuer's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
