Item 7.01 Regulation FD Disclosure

On October 31, 2005, we began the process of assessing the impact of Hurricane Wilma on our operations. Our manufacturing operations and corporate headquarters, which are located in one leased facility in West Palm Beach, Florida, were closed for five calendar days due to Hurricane Wilma and the power outage that resulted from the hurricane. While it is difficult at this time to predict the hurricane's total impact on our operations and our financial results for the year ending February 28, 2006, we believe that our inability to finalize and ship products during the closure of our facility will result in a loss of net sales in the range of \$200,000 - \$300,000 for such five calendar days. Additionally, our inability to fill certain of our orders in accordance with the initially agreed upon timetable may adversely affect our relationships with our customers and may result in a further loss of net sales if such customers seek an alternative manufacturer for their required products.

Although we are still in the process of evaluating the potential loss and/or damage to our supply of materials and our manufacturing equipment, our preliminary estimates are in the range of \$20,000 - \$30,000. Additionally, we are in the process of testing our manufacturing equipment, running tests and evaluating the loss and/or damage to products that were in the manufacturing stage at the time Hurricane Wilma affected the West Palm Beach area. We do carry casualty and business interruption insurance. We initiated our insurance claims, but cannot be certain at this point the amount of proceeds, if any, we will recover from our insurance carrier to cover our losses.

Certain statements in this Form 8-K are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Act of 1934, as amended, and are subject to the safe-harbor created by such sections. These forward-looking statements include, (i) our estimates regarding the amount of loss of net sales; (ii) our estimates regarding the amount of loss and/or damage to our supply of materials and our manufacturing equipment; (iii) our expectations regarding the impact of Hurricane Wilma on our operations and our financial results, including, the effect on the relationships with our customers; and (iv) our expectations regarding our insurance coverage. These statements involve certain risks and uncertainties that may cause actual results to differ materially from expectations as of the date of this Form 8-K. These risks include (i) that our actual losses and damages resulting from Hurricane Wilma will differ from our estimates and expectations; (ii) that our operations and financial results may be impacted by Hurricane Wilma in other ways not currently anticipated or assessed; and (iii) that we may encounter delays and/or difficulties with claims submitted under our insurance policy.

The information furnished herein is not deemed to be "filed" for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of that section. This information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates them by reference

SIGNATURES
