ITEM 1.01

Entry into a Material Definitive Agreement.

On October 31, 2005, Positron Corporation ("Positron") entered into a series of agreements with IMAGIN Diagnostic Centres, Inc. ("IMAGIN") pursuant to which IMAGIN agreed to purchase from Positron 10% convertible secured notes in the aggregate principal amount of \$400,000. In addition, the Board approved the sale of an additional 10% convertible secured note in the principal amount of \$25,000 to a private investor on the same terms. If the notes held by IMAGIN are converted in full into common stock, IMAGIN will control approximately 45% of Positron's outstanding common stock, based on the 76,325,046 shares outstanding as of October 31, 2005.

Simple interest accrues on the notes at the rate of 10% per annum and is payable annually. However, at Positron's option, interest is payable in the form of additional notes. Subject to acceleration, the notes are due on October 31, 2008. In the event Positron defaults in the payment of principal or interest on the notes, does not obtain shareholder approval prior to January 1, 2006 to amend its Articles of Incorporation to increase its authorized shares of common stock to allow for full conversion of the notes, becomes subject to certain bankruptcy proceedings, or otherwise breaches the terms of the notes, all amounts owing on the notes become immediately due and payable.

The notes are initially convertible into an aggregate of 21,250,000 shares of Positron's common stock. The notes and the underlying securities have not been registered under the Securities Act of 1933 and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

Patrick G. Rooney, Chairman of the Board of Positron, is the son of Patrick Rooney, Director of Corporate Development of IMAGIN Diagnostic Centres, Inc.
