**Item 1.01 Entry into a Material Definitive Agreement.**

RITA Medical Systems, Inc. (the “Company”) and the Compensation Committee of the Board of Directors recently undertook a review of the Company's existing change of control agreements and determined that new change of control agreements should be entered into with the Company’s key employees. The Company and the Compensation Committee of the Board of Directors believe that the new change of control agreements are appropriate for the Company’s needs and consistent with industry standards. While the existing change of control agreements provide many of the same rights, the new change of control agreements also provide for a cash severance payment and address certain tax issues discussed below. On October 19, 2006, the Compensation Committee of the Board of Directors of the Company approved the adoption of three forms of change of control agreements (collectively, the “Agreements”), applying respectively to (i) the Company’s Chief Executive Officer; (ii) the Company’s Chief Financial Officer; and (iii) the Company’s other named executive officers.

The Agreements provide the following benefits upon the sale or merger of the Company. In the event that the Company consummates a change of control transaction, 50% of any unvested options held by the Company's officers who are parties to such agreements shall become fully vested and immediately exercisable. In addition, unless otherwise provided, on each one month anniversary following the effective date of a change of control transaction, 1/12th of the remaining unvested options held by the Company’s officers who are parties to such agreements shall become fully vested and immediately exercisable.

If the officer is involuntarily terminated at any time within two months prior to or 12 months after a change of control transaction, all unvested options held by such officer shall become fully vested and immediately exercisable. In addition, if the officer is involuntarily terminated at any time within two months prior to or 12 months after the change of control transaction, the officer shall be paid after such involuntary termination a lump sum cash severance amount equal to 12 months of such officer’s target compensation or, in the case of the CEO, 18 months of such officer’s target compensation.

In the event that severance benefits provided for in any of the Agreements cause the officer to be subject to the excise tax imposed by Internal Revenue Code Section 4999 and further provided that such severance benefits exceed the amount set forth in Internal Revenue Code Section 280G by more than \$100,000, the Company shall pay the officer an amount sufficient to restore the full amount payable under the Agreement.

Additional terms and conditions are set forth in the Agreements, copies of which are filed with this report as Exhibit 10.99, Exhibit 10.100 and Exhibit 10.101. The foregoing descriptions are subject to, and qualified in their entirety by, the Agreements.
