SECTION 16 (a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (which we refer to as the “Exchange Act”), requires our officers and directors and persons who own more than 10% of our Common Stock, to file reports of ownership and changes in ownership (Forms 3, 4 and 5) with the SEC and the NYSE, and to furnish us with copies of all such forms which they file. To our knowledge, based on representations to us by such persons and a review of the copies of reports furnished to us, all of our directors and officers made all required filings on time during 2006.

STOCKHOLDER RECOMMENDATIONS FOR DIRECTOR NOMINEES

No material changes have been made to the procedures by which our stockholders may recommend nominees to our Board since we last described these procedures in our definitive proxy statement issued in connection with our 2006 annual meeting of stockholders and filed with the SEC on March 7, 2007.

AUDIT COMMITTEE

The Board has established a separately-designated audit committee in accordance with section 3(a)(58)(A) of the Exchange Act (which we refer to as the “Audit Committee”). The Audit Committee is composed of three directors: James N. Meehan (Chairman), Richard T. Delaney and Mary R. Hennessy. The Board has determined that James N. Meehan qualifies as an “audit committee financial expert” as that term is defined in Item 407(d)(5) of Regulation S-K under the Securities Act of 1933, as amended (which we refer to as the “Securities Act”). The Board also affirmatively determined that the “audit committee financial expert” was independent in accordance with the independence definition and procedures set forth in the Corporate Governance Guidelines adopted by our Board (which we refer to as our “Corporate Governance Guidelines”), the corporate governance standards of the NYSE, and applicable rules and regulations of the SEC. For a description of our Board’s annual assessment of director independence regarding the directors who are members of this committee, see the disclosure below under the heading “*Item 13. Certain Relationships and Related Transactions, and Director Independence - Director Independence.*” The principal duties

and responsibilities of the Audit Committee are set forth in its charter. See the disclosure below in this section under the heading “*Corporate Governance - Corporate Governance Documents - Copies of Corporate Governance Documents.*”

In accordance with the NYSE’s corporate governance standards, our Corporate Governance Guidelines provide that no member of the Audit Committee may serve simultaneously on the audit committees of more than three public company boards, unless the Board determines that such simultaneous service would not impair such director’s ability to effectively serve on the Audit Committee and that determination is disclosed in our annual proxy materials distributed in connection with an Annual Meeting of Stockholders. Directors are required to advise the Chief Executive Officer and the Chairman of the Board and the Chairman of the Corporate Governance and Nominating Committee before they accept an invitation to serve on the audit committee of any public company board. Currently, no member of the Audit Committee serves simultaneously on the audit committees of more than three public company boards.

At least once per year, the independent directors meet in a separate executive session without senior management and non-independent directors for a portion of the meeting. Item 11. Executive Compensation

COMPENSATION COMMITTEE

The Compensation Committee is composed of three directors: R. Cary Blair (Chairman), Richard T. Delaney and Eileen Hilton. For a description of our Board's annual assessment of director independence regarding the directors who are members of this committee, see the disclosure below under the heading "***Item 13. Certain Relationships and Related Transactions, and Director Independence - Director Independence***." The principal duties and responsibilities of the Compensation Committee are set forth in its charter. See the disclosure above under the heading "***Item 10. Directors, Executive Officers and Corporate Governance - Corporate Governance - Corporate Governance Documents***." The report of the Compensation Committee is included below in this section under the heading "***Compensation Committee Report***."

Processes and Procedures for the Determination of Executive Compensation

A substantial portion of the Compensation Committee's annual efforts relates to the determination of executive compensation. In the first quarter of each year, the Compensation Committee typically determines annual base salary, establishes the criteria for variable annual incentive compensation awards and grants any long-term incentive compensation awards for executive officers. After the end of each year, the Compensation Committee determines the amount of the variable annual incentive compensation awards by taking into account the financial results for the completed year and individual performance. The Compensation Committee's annual process also includes a review of our executive compensation programs and practices.

For each executive officer, the Compensation Committee is responsible for the establishment of annual base salary, granting any long-term incentive compensation awards under the 2004 Stock Incentive Plan for Bristol West Holdings, Inc. and Subsidiaries (which we refer to as the “2004 Stock Incentive Plan”), and setting applicable award levels under the Bristol West Holdings, Inc. Executive Officer Incentive Plan (which we refer to as the “EIP”) and the Bristol West Holdings, Inc. Management Incentive Plan (which we refer to as the “MIP”). Additional disclosure regarding the Compensation Committee’s executive compensation procedures is included below in this section under the heading “*Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table.*”

Within certain limits, the Compensation Committee may delegate its duties and powers under the 2004 Stock Incentive Plan in whole or in part as it determines, including to a Board committee or to Bristol West officers. The Compensation Committee has delegated the right, under specified circumstances, to grant restricted stock awards under the 2004 Stock Incentive Plan to key employees who are not executive officers. The Compensation Committee has delegated this right to a committee of the Board (which we refer to as the “CEO Committee”) the sole member of which is a member of the Board who is also Bristol West’s Chief Executive Officer. The Compensation Committee authorizes a pool, in dollars, to be utilized by the CEO Committee in making such awards of restricted stock for recruiting and retention purposes to key employees who are not executive officers. The CEO Committee approves such grants on an individual basis and regularly reports such grants to the Compensation Committee.

The Compensation Committee evaluates the individual performances of the Chief Executive Officer, Chief Operating Officer, and Executive Chairman of the Board. The Compensation Committee also works closely with the Chief Executive Officer and the Executive Chairman of the Board in evaluating the individual performances of the other executive officers for purposes of establishing annual base salaries, approving variable annual incentive compensation awards under the EIP and the MIP, and granting any stock-based, long-term incentive compensation awards under the 2004 Stock Incentive Plan. The Compensation Committee (1) administers EIP awards and MIP awards for participants who are executive officers, including the establishment and achievement of performance goals and the amount of awards; and (2) designates as an EIP participant or an MIP participant any executive officer whom they deem to be a key employee. Our Chief Executive Officer, with assistance from our Chief Operating Officer, performs such functions for MIP participants who are not executive officers. Additional disclosure regarding the EIP and the MIP is included below in this section under the heading “*Compensation Discussion and Analysis - Variable Annual Incentive Compensation.*”

Compensation Advisors. The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee. In accordance with this authority, since 2004, the Compensation Committee has engaged Gough Management Company (which we refer to as the “Compensation Consultant”) as an independent outside compensation consultant to assist the committee in evaluating compensation practices and to advise the committee on other matters related to compensation for the CEO and other executive officers. During 2006, the Compensation Committee periodically consulted with the Compensation Consultant regarding its processes and procedures and for purposes of considering certain compensation component alternatives.

In addition, during 2006, Bristol West management and our Human Resources Department provided to the Compensation Committee market pay data for various executive positions supplied to the Human Resources Department by Mercer Human Resource Consulting, a compensation consultant. The survey data targeted companies of similar size (based on total assets) and included information regarding various compensation components, including base salaries, total cash compensation, and long-term incentive compensation. Bristol West management also provided to the Compensation Committee additional publicly available data regarding various compensation components for executive officers at other property and casualty insurance companies.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee oversees a compensation program designed to further the attainment of our strategic goals of growth and profitability and thus increase stockholder value. While our compensation program applies to all key employees, including our executive officers, this section focuses primarily on compensation of our executive officers and, in particular, the executive officers named in the “*2006 Summary Compensation Table*” below (who we refer to as the “named executive officers”). Currently, we have 15 officers that the Board has designated as our executive officers. Our executive officers have the broadest job responsibilities and policy making authority at Bristol West.

To achieve the objectives of our compensation program in 2006, the Compensation Committee and management concluded that it was important to recruit and retain highly competent executives and reward them for superior performance. Accordingly, the Compensation Committee’s general objective in 2006 was to structure total cash compensation earned by each executive officer to be within the third quartile (50% to 75%) of total cash compensation paid to similarly situated executive officers employed by peer companies and other companies of similar size within the insurance industry, subject to certain adjustments based on specific needs, our financial performance, and the experience and individual performance of each executive officer. In addition, the Committee made certain long-term incentive compensation awards to our executive officers during 2006 in the form of restricted stock for the purpose of retaining these key employees over a long-term period, providing them direct ownership in our Common Stock with a view toward preserving stockholder value, and encouraging decisions related to increased stockholder value in the future.

Compensation Program Objectives

Our executive compensation program was designed to further the attainment of our strategic goals of growth and profitability and thus increase stockholder value. Our strategic vision is to be the insurer of choice for our distribution force and policyholders. To achieve this vision, we seek to align all of our business processes to create value for our policyholders and producers. We aim to continually refine our sales practices and technology to make it easier for our producers and policyholders to do business with us. We also strive to provide insureds with faster, higher quality and more flexible service when interacting with our representatives. Our success in achieving this vision is dependent upon our senior management team. To succeed, we must recruit and retain highly competent executives and reward them for superior performance.

The Compensation Committee structured our executive compensation program to enable us to continue to appropriately compete for talented and experienced executives with companies of similar size within the property and casualty insurance industry. Within this context, the principal objectives for our executive compensation program are:

- **Alignment:** Link executive compensation rewards with growth in earnings and strategic operational performance that ultimately results in sustainable increases in stockholder value
- **Motivation:** Motivate executive officers to be accountable for and accomplish our financial and strategic operational objectives
- **Retention and Attraction:** Retain and attract key executive officers to drive increases in stockholder value

Compensation Elements

To achieve our objectives, the compensation program generally includes the following elements:

- **Fixed annual compensation** comprised of annual base salary levels and periodic salary increases that reflect position characteristics and individual contributions
- **Variable annual incentive compensation** based on our performance relative to our earnings goals and other strategic objectives as well as individual performance
- **Long-term incentive compensation** in the form of equity-based awards that reward executive officers for performance tied to increasing stockholder value, vest over time, and encourage stock ownership
- **Broad based employee benefit programs** in which our executives are eligible to participate

In 2006, total compensation for our executive officers included fixed annual compensation (base salary), variable annual incentive compensation (EIP and MIP awards paid 75% in cash and 25% in restricted stock awards with two-year cliff vesting provisions), and long-term incentive compensation (paid in restricted stock awards with five-year cliff vesting provisions), all of which are addressed in more detail below.

Fixed Annual Compensation

Consistent with our compensation philosophy, the Compensation Committee establishes for our executive officers annual base salaries that the committee intends to be competitive. To determine competitive compensation levels, the Compensation Committee reviews survey data regarding base salaries paid to similarly situated executive officers. The nature and source of this survey data is described above in this section under the heading “**Compensation Committee - Processes and Procedures for the Determination of Executive Compensation - Compensation Advisor.**” The Compensation Committee also determines executive officer annual base salaries (including any merit increases) based on a combination of data regarding executive responsibilities, strategic importance of the position, competitive market rates, and individual performance and contributions.

For 2006, the Compensation Committee’s objective was to structure total cash compensation (annual base salary plus the cash portion of annual incentive compensation) paid to each executive officer to be within the third quartile (50% to 75%) of total cash compensation paid to similarly situated executive officers employed by peer companies and other companies of similar size within the insurance industry, subject to adjustment based on our specific needs, our financial performance, and the experience and individual performance of each executive officer.

The Compensation Committee typically establishes annual base salaries for the named executive officers annually during the committee’s first meeting of the year. The date for that meeting is typically set during the prior year. Changes in annual base salaries typically are not effective until the first pay period that begins after that meeting of the Compensation Committee.

The Compensation Committee approved the following annual base salaries and salary increases for the named executive officers during 2006:

Variable Annual Incentive Compensation

The purpose of each of our EIP and our MIP is to establish and maintain a result and profit oriented environment and to motivate and reward eligible employees by making a portion of their compensation dependent on the achievement of certain performance goals related to the performance of Bristol West and its affiliates and operating units. Each of the EIP and MIP aims to align the interests of management and Bristol West towards the completion of our strategic objectives, while providing incentives to continuously expand our earning power. The EIP and MIP each also seek to tie compensation directly to our business plan and encourage teamwork in accomplishing our goals. The EIP provides that the Compensation Committee may grant only objective performance-based awards to participating executive officers. The MIP provides that the Compensation Committee may grant awards based on individual performance under the MIP to all participants, including executive officers, and may grant objective performance-based awards to executive officers who are not EIP participants and other participants who are not executive officers. As described below in this section under the heading "**Compensation Discussion and Analysis - Executive Compensation Tax Compliance,**" the Compensation Committee intends that the conditions necessary for deductibility under Internal Revenue Code Section 162(m) will apply to the EIP but not to the MIP. The Compensation Committee annually establishes the criteria for EIP awards for the current year during the committee's first meeting of that year. The Compensation Committee annually determines the amount of the EIP awards and MIP awards during the committee's first meeting of the year following the year with respect to which the EIP and MIP awards were earned. The date for each of these meetings is typically set during the prior year.

On February 21, 2006, the Compensation Committee (1) named all of our executive officers as participants in the EIP and MIP, and (2) approved the criteria for annual incentive compensation awards to our executive officers under the EIP and the MIP. The committee determined that each of the 2006 EIP awards and 2006 MIP awards would be paid 75% in cash and 25% in restricted stock awards that cliff vest in two years and are issued under the 2004 Stock Incentive Plan. See the disclosure below in this section under the heading “*Compensation Discussion and Analysis - Compensation Program Objectives - Equity-Based Incentive Compensation.*” At the same meeting, the Compensation Committee established a percentage of annual base salary to be each executive officer’s 2006 individual bonus target with respect to both the EIP and the MIP.

The Compensation Committee determined that 80% of each executive officer’s 2006 individual bonus target would be applied toward awards based on achievement of objective, Company-wide performance-based goals determined under the EIP and the remaining 20% would be applied toward awards based upon individual goals determined under the MIP, as measured by the executive officer’s achievement of his or her performance objectives and contributions to achievement of our strategic objectives. The maximum 2006 EIP award payable to any executive officer was \$1 million. There was no such limitation under the MIP.

Consistent with our compensation philosophy, for 2006, the Compensation Committee’s objective was to structure total cash compensation (annual base salary plus the cash portion of both the EIP award and the MIP award) paid to each executive officer to be within the third quartile (50% to 75%) of total cash compensation paid to similarly situated executive officers employed by peer companies and other companies of similar size within the insurance industry, subject to adjustment based on our specific needs, our financial performance, and the experience and individual performance of each executive officer.

2006 Objective Performance-Based EIP Awards. On February 21, 2006, while the outcome was substantially uncertain, as contemplated by Internal Revenue Code Section 162(m), the Compensation Committee established the objective, Company-wide performance goal to be applied with respect to the 2006 EIP awards (which we refer to as the “2006 EIP objective performance goal”). The 2006 EIP objective performance goal was based on Bristol West’s 2006 Adjusted Pre-Tax Underwriting Income (as defined below) measured against pre-tax underwriting income as set forth in Bristol West’s 2006 business plan. For purposes of the EIP in 2006, the Compensation Committee defined “Adjusted Pre-Tax Underwriting Income” to mean an amount equal to the following measured for fiscal year 2006: (1) pre-tax income, plus (2) interest expense, less (3) investment income, less (4) realized gains on investments, plus (5) realized losses on investments, and adjusted to reflect (6) the effect of unusual or extraordinary items, unless the Compensation Committee determines such adjustments to be inconsistent with the requirements of Internal Revenue Code Section 162(m)(4)(C). The Compensation Committee selected this 2006 EIP objective performance goal as a means of effectively measuring management’s ability to generate profitable insurance business without taking into consideration income, losses, or expenses that are not directly attributable to the generation of insurance business.

The 2006 EIP objective performance goal that the Compensation Committee adopted included the following incentive target schedule, including threshold (or minimum) amounts payable (50% of the individual bonus target), target amounts payable (100% of the individual bonus target) and maximum amounts payable (150% of the individual bonus target), with intermediate percentages to be determined by straight-line interpolation:

Percent of EIP**Individual**

Bonus Target Paid	0%	50%	75%	80%	90%	100%	105%	115%	130%	150%
Adjusted Pre-Tax Underwriting Income (in millions)	<\$28.47	\$ 28.47	\$ 42.70	\$ 45.55	\$ 51.24	\$ 56.94	\$ 59.78	\$ 65.48	\$ 74.02	\$ 85.41

For purposes of this table, the Compensation Committee determined that the target percentage (100% of the individual bonus target paid) would be based on 90% of pre-tax underwriting income as set forth in Bristol West's 2006 business plan.

Based on the criteria established by the Compensation Committee on February 21, 2006, set forth below for each named executive officer are (1) the EIP portion of the individual bonus target, (2) the potential payout range for the 2006 EIP awards; and (3) the threshold, target, and maximum 2006 EIP awards:

Name	EIP Individual Bonus Target (A) (%)	EIP Award Payout Range (A) (%)	Threshold (50%) 2006 EIP Award (B) (\$)	Target (100%) 2006 EIP Award (B) (\$)	Maximum (150%) 2006 EIP Award (B) (\$)
Jeffrey J. Dailey	80	0 to 120	185,600	371,200	556,800
Robert D. Sadler	40	0 to 60	47,238	94,476	141,714
Craig E. Eisenacher ⁽¹⁾	56	0 to 84	80,305	160,610	240,915
James R. Fisher	80	0 to 120	210,000	420,000	630,000
Simon J. Noonan	56	0 to 84	92,599	185,197	277,796
James J. Sclafani, Jr.	40	0 to 60	59,752	119,504	179,256

(A) Established as a percent of annual base salary

(B) The Compensation Committee determined that each 2006 EIP award would be paid 75% in cash and 25% in restricted stock awards that cliff vest in two years.

(1) Mr. Eisenacher forfeited his right to receive a 2006 EIP award because he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd.

The Compensation Committee postponed its originally scheduled meeting in February 2007 to a date after the public announcement on March 2, 2007 that Bristol West had entered into a merger agreement (which we refer to as the "Farmers Merger Agreement") with Farmers Group, Inc. (which we refer to as "Farmers"), pursuant to which BWH Acquisition Company, currently a wholly-owned subsidiary of Farmers (which we refer to as "Merger Sub"), will be merged with and into Bristol West, with Bristol West being the surviving corporation (which transaction we refer to as the "Pending Farmers Merger"). For more information regarding the Pending Farmers Merger, see the disclosure below under the heading "*Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters - Changes in Control.*"

On March 6, 2007, the Compensation Committee determined the amount of the 2006 EIP objective performance-based awards utilizing the 2006 EIP objective performance goal. The Compensation Committee confirmed that Adjusted Pre-Tax Underwriting Income in 2006 was \$49.735 million. The percent of each executive

officer's individual bonus target to be paid, determined by straight-line interpolation based on the incentive target schedule described above was approximately 87.35%. The Compensation Committee approved payment of each 2006 EIP award 75% in cash and 25% in restricted stock awards that cliff vest on March 6, 2009 and are issued under the 2004 Stock Incentive Plan. Mr. Fisher recommended that he receive no 2006 EIP award. The Compensation Committee believed that Mr. Fisher had earned a 2006 EIP award. However, after discussion, the Compensation Committee concurred with Mr. Fisher's recommendation, despite his excellent performance, and exercised their authority under the EIP to eliminate his 2006 EIP award. The Committee did not exercise its discretionary right to reduce or eliminate the amount of any other 2006 EIP award. The EIP provides that payment of any EIP award is subject to the condition that the executive officer be employed by Bristol West at the time the award is paid. Accordingly, Mr. Eisenacher received no 2006 EIP award because he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd.

Set forth below, for each of the named executive officers who were entitled to receive an EIP award, are the cash portion of the 2006 EIP award and the number of shares of our Common Stock representing the restricted stock portion of the 2006 EIP award:

2006 Performance-Based MIP Awards. At its March 6, 2007 meeting, the Compensation Committee determined the amount of the 2006 MIP awards. The 2006 MIP awards were based on Bristol West’s 2006 Adjusted Pre-Tax Underwriting Income of \$49.735 million, an incentive target schedule based on the schedule applied to determine the amount of the 2006 EIP awards, and MIP individual bonus targets equal to 20% of each participant’s individual bonus target. The Compensation Committee approved payment of each 2006 MIP award 75% in cash and 25% in restricted stock awards that cliff vest on March 6, 2009 and are issued under the 2004 Stock Incentive Plan. Mr. Fisher recommended that he receive no 2006 MIP award. The Compensation Committee believed that Mr. Fisher had earned an MIP award. However, after discussion, the Compensation Committee concurred with Mr. Fisher’s recommendation, despite his excellent performance. The MIP provides that payment of any MIP award is subject to the condition that the participant be employed by Bristol West at time the award is paid. Accordingly, Mr. Eisenacher received no 2006 MIP award because he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd.

^(A) Each 2006 MIP award was paid 75% in cash and 25% in restricted stock awards that cliff vest on March 6, 2009.

^(B) The number of shares shown in this column equals the dollar amount of the restricted stock award divided by the \$22.09 closing market price of our Common Stock on March 6, 2007, the date of grant, as reported on the NYSE, rounded to the nearest whole number of shares.

For additional information about the stock component of the 2006 MIP awards, see the disclosure below in this section under the heading “*Compensation Discussion and Analysis - Compensation Program Objectives - Equity-Based Incentive Compensation.*” For additional information about the cash component of the 2006 EIP awards, see the “*Bonus*” column of the “*2006 Summary Compensation Table*” below, and see the accompanying description under the heading “*Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table - Bonus Awards.*”

Equity-Based Incentive Compensation

EIP and MIP Restricted Stock Awards. In accordance with the EIP and MIP, the Compensation Committee provided that 25% of each 2006 EIP award and 2006 MIP award was payable as restricted stock awards. These restricted stock awards cliff vest two years after the grant date and were granted under the 2004 Stock Incentive Plan. The Compensation Committee determined that it was appropriate to grant the EIP and MIP restricted stock awards primarily for the purpose of retaining our executive officers and other key employees. In addition, the Compensation Committee intended that these awards provide our executive officers and other key employees with direct ownership in our Common Stock with a view toward preserving stockholder value and encouraging decisions related to increased stockholder value in the future.

The Compensation Committee typically grants such EIP and MIP restricted stock awards at the first Compensation Committee meeting of the year following the year in which it established the criteria for the EIP and MIP awards. The date for that meeting is typically set during the prior year.

For additional information about MIP and EIP restricted stock awards, see the disclosure above in this section under the heading “*Compensation Discussion and Analysis - Compensation Program Objectives - Variable Annual Incentive Compensation.*”

Long-Term Incentive Compensation. From time to time, the Compensation Committee grants restricted stock awards under the 2004 Stock Incentive Plan for the purpose of retaining key employees, including executive officers, over a long-term period, providing them direct ownership in our Common Stock with a view toward preserving stockholder value and encouraging decisions related to increased stockholder value in the future. These restricted stock awards typically cliff vest five years after the grant date. The Compensation Committee typically makes any such restricted

stock awards during the committee's first meeting of the year. The date for that meeting is typically set during the prior year.

On February 21, 2006, the Compensation Committee granted the following long-term restricted stock awards to the named executive officers:

Name	Number of Shares ^(A) (#)
Jeffrey J. Dailey	18,717
Robert D. Sadler	8,021
Craig E. Eisenacher ⁽¹⁾	16,043
James R. Fisher ⁽²⁾	—
Simon J. Noonan	17,380
James J. Sclafani, Jr.	13,369

^(A)The number of shares reflected equals the dollar amount of the restricted stock award divided by the \$18.70 closing market price of our Common Stock on February 21, 2006, the date of grant, as reported on the NYSE, rounded to the nearest number of whole shares.

⁽¹⁾Mr. Eisenacher forfeited all of his unvested restricted stock awards because he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd.

⁽²⁾Mr. Fisher recommended that no restricted stock be awarded to him, and the Compensation Committee accepted his recommendation, despite his excellent performance.

These restricted stock awards will cliff vest on February 21, 2011 and will be forfeited if the recipient's employment with Bristol West terminates before the vesting date, except for death or disability. The vesting of these restricted stock awards is accelerated in full for certain mergers, sales or other business combinations and for death or disability, including upon the consummation of the Pending Farmers Merger.

For additional information about equity-based incentive compensation, see also the disclosure below in this section under the heading "*Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table - Stock Awards*" and the table below in this section under the heading "*Outstanding Equity Awards at Fiscal Year-End*."

Other Benefits and Perquisites

Bristol West makes the following benefits available to the named executive officers on the same non-discriminatory basis as they are generally available to all employees: a medical plan, a dental plan, a vision plan, life insurance, accidental death and dismemberment coverage, business travel accident insurance, short term disability, long term disability, medical care and dependent care flexible spending accounts, retirement benefits under The Bristol West Retirement Plan (which we refer to as the "401(k) Plan") (including matching contributions by Bristol West), an employee assistance program, an educational assistance program, personal time off, and paid holidays.

We also provide company cars to certain employees who have a business need for a car, including certain named executive officers. These named executive officers are permitted to use their company cars for personal purposes (which we refer to as "fleet car personal use"). We include the value of fleet car personal use in the 2006 compensation of each such named executive officer (which we refer to as "fleet car compensation"). We also pay these named executive officers additional compensation to cover the cost of additional taxes associated with fleet car compensation.

For additional disclosure regarding this compensation component, see the "*2006 Summary Compensation Table*" and the accompanying description under the heading "*Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table - All Other Compensation*."

Potential Payments Upon Termination of Employment or Change in Control

The Compensation Committee approved an employment agreement between Bristol West and James R. Fisher dated as of May 25, 2006. Under the employment agreement, Mr. Fisher serves as Bristol West's Executive Chairman of the Board for a term expiring on June 30, 2007. For a description of the provisions of this agreement relating to James R. Fisher's employment, see the disclosure below in this section under the heading "*Executive Compensation Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table - Salary - Employment Agreements.*" The employment agreement also provides that if Mr. Fisher's employment is terminated under specified circumstances, Mr. Fisher will be entitled to receive a specified severance. For a description of the provisions of this agreement relating to severance, see the disclosure below in this section under the heading "*Executive Compensation Potential Payments Upon Termination of Employment or Change in Control.*"

Bristol West is a party to severance arrangements with other named executive officers that were entered into before Bristol West's initial public offering in February 2004. For a description of these severance arrangements, see the disclosure below in this section under the heading "*Executive Compensation Potential Payments Upon Termination of Employment or Change in Control.*"

Executive Compensation Tax Compliance

The Compensation Committee strives, where appropriate, to provide for executive officer compensation that is tax deductible to Bristol West. In certain circumstances, Section 162(m) of the Internal Revenue Code may deny a federal income tax deduction for compensation in excess of \$1 million paid in any fiscal year to a company's CEO or other four most highly compensated executive officers (who we refer to for this purpose as "covered officers"). Certain compensation paid to covered officers that qualifies as objective performance-based compensation pursuant to a plan approved by stockholders is exempt from the Section 162(m) deduction limit.

The Compensation Committee has reviewed the applicability to our executive compensation program of Internal Revenue Code Section 162(m). It is the Compensation Committee's intention that Bristol West will qualify certain compensation paid to its executive officers for deductibility under the Internal Revenue Code, including Section 162(m). Specifically, the Compensation Committee intends that the conditions necessary for deductibility under Section 162(m) will apply to the EIP, pursuant to which all executive officers (including covered officers) are eligible for objective performance-based compensation. Accordingly, the Compensation Committee and the Board submitted the EIP to Bristol West's stockholders for approval. On May 19, 2006, Bristol West's stockholders approved the EIP. The Compensation Committee does not expect MIP awards to qualify as performance-based compensation under Section 162(m).

The Compensation Committee also believes that the interests of Bristol West and its stockholders may sometimes be best served by providing compensation that is not deductible in order to attract, retain, motivate and reward executive talent. Accordingly, the Compensation Committee intends to retain the flexibility to provide for compensation that is not tax deductible. No compensation that Bristol West paid during 2006 to any covered officer was subject to the Internal Revenue Code Section 162(m) deduction limitation.

It is also the Compensation Committee's intention to take such actions as the committee considers appropriate to cause Bristol West's executive compensation program to comply with Internal Revenue Code Section 409A, while retaining the flexibility to provide for compensation that does not comply.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of Bristol West's Board of Directors is composed of three directors each of whom is "independent" using the independence definition and procedures set forth in Bristol West's Corporate Governance Guidelines, the corporate governance standards of the NYSE, and applicable rules and regulations of the SEC. Each member of the Compensation Committee also (1) qualifies as a "non-employee director" for purposes of Rule 16b-3 of the Exchange Act and (2) satisfies the requirements of an "outside director" for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee operates pursuant to a charter, a copy of which is available at www.bristolwest.com/Bristolwest/Investor/Governance.aspx, Bristol West's investor relations website. See the disclosure above under the heading "**Item 10. Directors, Executive Officers and Corporate Governance - Corporate Governance - Corporate Governance Documents.**" For a description of the Compensation Committee's responsibilities, policies and procedures, see the disclosure above in this section under the heading "**Compensation Committee.**"

The Compensation Committee reviewed the information above in this section under the heading "**Compensation Discussion and Analysis**" (which is referred to in this report as the "Compensation Discussion and Analysis"). The Compensation Committee also discussed the Compensation Discussion and Analysis with our management. Based on such review and discussions, the Compensation Committee recommended to Bristol West's Board of Directors that the Compensation Discussion and Analysis be included in this Amendment No. 1 to Bristol West's Annual Report on Form 10-K for the year ended December 31, 2006.

Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table

Salary

The “*Salary*” column in the “~~2006~~*Summary Compensation Table*” above reflects annual base salary earned for services performed during 2006 by the named executive officers, including deferred compensation pursuant to the 401(k) Plan.

Annual base salaries are described above in this section under the heading “*Executive Compensation - Compensation Discussion and Analysis - Compensation Elements - Fixed Annual Compensation.*” The Compensation Committee typically establishes annual base salaries for the named executive officers annually during the committee’s first meeting of the year. These annual salaries typically are not effective until the first pay period after the committee meeting. The Compensation Committee established approximately two months of the 2006 annual base salaries on February 22, 2005 and the remaining approximately 10 months of the 2006 annual base salaries on February 21, 2006.

Employment Agreements. The Compensation Committee established James R. Fisher's annual base salary during 2006 in accordance with his employment agreement. Bristol West entered into an employment agreement with James R. Fisher dated as of May 25, 2006 and effective as of July 1, 2006. Under this agreement, Mr. Fisher will serve as our Executive Chairman of the Board for a term expiring on June 30, 2007. While employed under this agreement, Mr. Fisher is entitled to receive an annual base salary of no less than \$350,000 (subject to change at the sole discretion of the Compensation Committee) and will be eligible to receive an annual bonus in an amount determined by the Compensation Committee. Pursuant to Mr. Fisher's previous employment agreement with Bristol West, he served as our Chairman and Chief Executive Officer for a term that expired on June 30, 2006. While employed under this agreement, Mr. Fisher was entitled to receive an annual base salary of \$700,000 and was eligible to receive an annual bonus in an amount determined by the Compensation Committee of the Board. Effective July 1, 2006, Mr. Fisher relinquished his position as our Chief Executive Officer.

No other named executive officer is a party to an agreement with Bristol West pursuant to which his annual base salary, bonus or other compensation reflected in the "**2006 Summary Compensation Table**" above is addressed. Bristol West is a party to severance arrangements with the named executive officers pursuant to which they are entitled to receive certain severance benefits, as described below in this section under the heading "**Executive Compensation - Potential Payments Upon Termination of Employment or Change in Control.**"

Bonus Awards

Under applicable SEC rules, the "**Bonus**" column in the "**2006 Summary Compensation Table**" above reflects all bonus compensation intended to serve as incentive for performance to occur over a specified period (including periods less than one year) that is not required to be disclosed in the "**Non-Equity Incentive Plan Compensation**" column, as described below in this section under the heading "**Non-Equity Incentive Plan Awards**" and does not fall within the scope of Financial Accounting Standards No. 123 (revised), "**Share-Based Payment**" (which we refer to as "FAS 123(R)"). The "**Bonus**" column reflects the cash portion of each named executive officer's 2006 MIP award. In accordance with the MIP, on March 6, 2007, the Compensation Committee determined the total amount of the 2006 MIP awards and the portion payable in cash during 2007, with respect to executive officer performance during 2006. At that time, the Compensation Committee determined that 75% of all 2006 MIP awards would be paid in cash. The 2006 MIP awards are described above in this section under the heading "**Compensation Discussion and Analysis - Compensation Elements - Variable Annual Incentive Compensation - 2006 Performance-Based MIP Awards.**"

Stock Awards

Under applicable SEC rules, the "**Stock Awards**" column in the "**2006 Summary Compensation Table**" above reflects all compensation expense recognized during 2006 pursuant to FAS 123(R) with respect to stock-based awards other than options. The "**Stock Awards**" column reflects the compensation expense that we recognized during 2006, without any reduction for risk of forfeiture, with respect to outstanding, unvested restricted stock awards that the Compensation Committee granted to each named executive officer during 2006, 2005 and 2004 under the 2004 Stock Incentive Plan. We amortize this compensation expense over the vesting period. This compensation expense equals the number of shares of restricted stock multiplied by the FAS 123(R) grant date fair value (computed utilizing the same calculations and assumptions applied by Bristol West for financial statement reporting purposes as reflected in "**Note 10 - Stock Ownership - Recent Accounting Pronouncements**" to the Consolidated Financial Statements appearing in the Original Report) and divided by the portion of the two-year or five-year vesting period that occurred during 2006. To determine the FAS 123(R) grant date fair value, we used the last reported closing market price per share of our Common Stock on the grant date, as reported on the NYSE. The FAS 123(R) grant date fair value for each such award included in the total reflected for each named executive officer in the "**Stock Awards**" column in the "**2006 Summary Compensation Table**" above is listed separately in the table below in this section. The amounts in the "**Grant Date Fair Value of Stock Awards**" column of the "**Grants of Plan Based Awards**" table also reflect the FAS 123(R) grant date fair value for the restricted stock awards reflected in the table. The amounts in the "**Stock Awards**" column in the

“**2006 Summary Compensation Table**” and in the “*Grant Date Fair Value of Stock Awards*” column of the “**Grants of Plan Based Awards**” table reflect the values described above and do not correspond to the actual value that the named executive officer will recognize with respect to such awards.

Pursuant to each award agreement, the named executive officer does not have the right to receive quarterly dividends with respect to the shares of restricted stock (which we refer to as “restricted stock accumulated dividends”). Pursuant to the award agreement, we pay these restricted stock accumulated dividends only after the restricted stock vests and at the same rate as for all other shares of our Common Stock. Restricted stock accumulated dividends are not factored into the calculation of the award’s FAS 123(R) grant date fair value. Accordingly, in accordance with applicable SEC rules, these restricted stock accumulated dividends are not reflected in the “*Stock Awards*” column of the “*2006 Summary Compensation Table*” or in the “*Grant Date Fair Value of Stock Awards*” column of the “*Grants of Plan Based Awards*” table. These restricted stock accumulated dividends are reflected in the “*All Other Compensation*” column of the “*2006 Summary Compensation Table*,” which is described below in this section under the heading “*All Other Compensation - Restricted Stock Accumulated Dividends*.”

The following table reflects each of the restricted stock awards held by the named executive officers with respect to which we recognized compensation expense during 2006 in accordance with FAS 123(R):

^(A)Based on the last reported closing price per share of our Common Stock on the grant date, as reported on the NYSE.

⁽¹⁾We recognized negative compensation cost during 2006 with respect to Mr. Eisenacher's restricted stock awards because Mr. Eisenacher forfeited all of such restricted shares when he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd.

In accordance with the EIP, the Compensation Committee approved the criteria for the 2006 EIP awards on February 21, 2006 with respect to executive officer performance during 2006. The committee determined that 25% of the 2006 EIP awards would be paid as restricted stock awards. On March 6, 2007, the Compensation Committee determined the total amount of the 2006 MIP awards and the portion payable by a grant of restricted stock awards. These restricted stock awards are not reflected in the “*Stock Awards*” column in the “~~2006~~**Summary Compensation Table**” above because we did not recognize any compensation expense during 2006 pursuant to FAS 123(R) with respect to such awards. The columns under the heading “*Estimated Possible Payouts Under Equity Incentive Plan Awards*” in the “**Grants of Plan Based Awards**” table reflect the dollar values of the threshold (or minimum) amounts payable by a grant of restricted stock awards (50% of EIP individual bonus target), target amounts payable by a grant of restricted stock awards (100% of EIP individual bonus target), and maximum amounts payable by a grant of restricted stock awards (150% of EIP individual bonus target) with respect to each named executive officer’s 2006 EIP award in accordance with the award criteria that the Compensation Committee established on February 21, 2006. The 2006 EIP awards for the named executive officers, including the actual number of shares of restricted stock granted on March 6, 2007 with respect to each such award and the method used to calculate the number of shares, are described above in this section under the heading “**Compensation Discussion and Analysis - Variable Annual Incentive Compensation - 2006 Objective Performance-Based EIP Awards.**”

The “*All Other Stock Awards*” column in the “*Grants of Plan Based Awards*” table reflects the following:

- Restricted stock awards granted as long-term incentive compensation on February 21, 2006 to the named executive officers pursuant to the 2004 Stock Incentive Plan. This restricted stock will vest on February 21, 2011.
- Restricted stock awards granted as bonus compensation on February 21, 2006 under our predecessor bonus plan with respect to executive officer performance in 2005. This restricted stock will vest on February 21, 2008.

These restricted stock awards are described in more detail above in this section under the headings “**Compensation Discussion and Analysis - Compensation Elements - Variable Annual Incentive Compensation - 2006 Objective Performance-Based EIP Awards**” and “**Compensation Discussion and Analysis - Compensation Elements - Equity-Based Incentive Compensation.**” More information regarding these restricted stock awards is also reflected below in this section in the “**Outstanding Equity Awards at Fiscal Year-End**” table. For information about the cash portions of the EIP awards, see the disclosure in this section under the heading “**Non-Equity Incentive Plan Awards.**”

The award agreement for each of these restricted stock awards provides that the award will be forfeited if the executive officer’s employment with Bristol West terminates before the vesting date, except for death or disability. Each award agreement also provides that the vesting conditions for the award will be accelerated in full for death or disability and for certain mergers, sales or other business combinations, including upon the consummation of the Pending Farmers Merger. Pursuant to each award agreement, the named executive officer has sole voting power with respect to the shares of restricted stock, but does not have investment power or the right to receive quarterly dividends with respect to the shares. We will pay restricted stock accumulated dividends to the named executive officers holding restricted stock only after the shares of restricted stock vest pursuant to the terms of the award agreement. We pay these restricted stock accumulated dividends at the same rate as for all other shares of our Common Stock.

Option Awards

Under applicable SEC rules, the “*Option Awards*” column in the “~~2006~~**Summary Compensation Table**” above reflects all compensation expense recognized during 2006 pursuant to FAS 123(R) with respect to option awards. The “*Option Awards*” column in the “~~2006~~**Summary Compensation Table**” reflects the compensation expense that we recognized during 2006, without any reduction for risk of forfeiture, with respect to outstanding, unvested option awards that the Compensation Committee granted on April 5, 2004 to each named executive officer under the 2004 Stock Incentive Plan. We amortize this compensation expense over the vesting period. This compensation expense equals the number

of option shares awarded multiplied by the FAS 123(R) grant date fair value (computed utilizing the same calculations and assumptions applied by Bristol West for financial statement reporting purposes as reflected in “*Note 10 - Stock Ownership - Recent Accounting Pronouncements*” to the Consolidated Financial Statements appearing in the Original Report) and divided by the portion of the two-year vesting period that occurred during 2006. We used the Black-Scholes option-pricing model to estimate the grant date fair value of these awards. The FAS 123(R) grant date fair value for each award reflected in the “*Stock Awards*” column in the “~~2006~~*Summary Compensation Table*” above is listed in the table below in this section. The amounts in the “*Option Awards*” column reflect the compensation expense that we recognized during 2006 with respect to option awards and do not correspond to the actual value that the named executive officer will recognize with respect to such awards.

The following table reflects the option awards with respect to which we recognized compensation expense during 2006 in accordance with FAS 123(R):

Non-Equity Incentive Plan Awards

Under applicable SEC rules, the “*Non-Equity Incentive Plan Compensation*” column in the “~~2006~~**Summary Compensation Table**” above reflects all bonus compensation intended to serve as incentive for performance to occur over a specified period (including periods less than one year) that does not fall within the scope of FAS 123(R) and with respect to which the outcome of the relevant performance target is substantially uncertain both at the time that performance target is established and at the time the target is communicated to the executives. The “*Non-Equity Incentive Plan Compensation*” column reflects the cash portion of the 2006 EIP awards. In accordance with the EIP, the Compensation Committee established the criteria for the 2006 EIP awards on February 21, 2006 with respect to executive officer performance in 2006. At that time, the committee determined that 75% of the 2006 EIP awards would be paid in cash. The 2006 objective performance goal for the 2006 EIP awards was based on Bristol West’s 2006 Adjusted Pre-Tax Underwriting Income measured against pre-tax underwriting income as set forth in Bristol West’s 2006 business plan. The “*Estimated Possible Payouts Under Non-Equity Incentive Plan Awards*” columns in the “**Grants of Plan Based Awards**” table reflect the threshold (or minimum) amounts payable in cash (50% of EIP individual bonus target), target amounts payable in cash (100% of EIP individual bonus target), and maximum amounts payable in cash (150% of EIP individual bonus target) with respect to each named executive officer’s 2006 EIP award in accordance with the award criteria that the Compensation Committee established on February 21, 2006. The 2006 EIP awards, including the criteria for the 2006 EIP awards, such as individual bonus targets, incentive target schedule (including the threshold, target and minimum amounts), the definition of Adjusted Pre-Tax Underwriting Income, and the actual cash paid to each named executive officer, are described above in this section under the heading “**Compensation Discussion and Analysis - Variable Annual Incentive Compensation - 2006 Objective Performance-Based EIP Awards.**”

All Other Compensation

The “*All Other Compensation*” column in the “~~2006~~**Summary Compensation Table**” reflects perquisites and other personal benefits as well as other compensation for each named executive officer, subject to the following:

- If the aggregate amount was less than \$10,000, all perquisites and other personal benefits are excluded for that named executive officer.
- If the aggregate amount was \$10,000 or more, each such benefit is identified by type in a footnote below the table for that named executive officer and, if the value of the benefit exceeds the greater of \$25,000 or 10% of the total amount

of the benefit, it is also quantified in a footnote below the table.

· Each other item of compensation for that named executive officer is identified and quantified in a footnote below the table only if the value of the item exceeded \$10,000.

Accordingly, the “*All Other Compensation*” column reflects the following:

Restricted stock accumulated dividends. Restricted stock accumulated dividends under the 2004 Stock Incentive Plan are not factored into the calculation of the award’s FAS 123(R) grant date fair value that is reflected in the “*Stock Awards*” column in the “**2006 Summary Compensation Table**” above, which is described above in this section under the heading “*Stock Awards*.” Accordingly, in accordance with applicable SEC rules, the “*All Other Compensation*” column in the “**2006 Summary Compensation Table**” above and the footnotes below the table reflect the compensation expense we recognized in 2006 with respect to restricted stock accumulated dividends.

401(k) Plan company contributions. After one year of employment, Bristol West will match up to 5% of each participant’s contributions to the 401(k) Plan at the rate of \$0.60 on the dollar. These 401(k) Plan matching contributions (which we refer to as “401(k) Plan company contributions”) will vest 20% per year over a five year period provided that the participant is credited with at least 1,000 hours of service (as defined in the 401(k) Plan) for each year. Pursuant to the 401(k) Plan, vesting of 401(k) Plan company contributions is accelerated in full when a participant reaches age 65.

Fleet car compensation. We provide company cars to employees who have a business need for a car, including certain named executive officers. These named executive officers are permitted to use their company cars for personal purposes and we include the value thereof in the 2006 compensation of each such named executive officer. We also pay these named executive officers additional compensation to cover the cost of additional taxes associated with fleet car compensation. See the disclosure above in this section under the heading “*Compensation Discussion and Analysis - Compensation Program Objectives - Other Benefits and Perquisites*.”

Potential Payments Upon Termination of Employment or Change in Control

Severance Arrangements

We entered into an employment agreement with James R. Fisher dated as of May 25, 2006. Under the employment agreement, Mr. Fisher serves as Bristol West’s Executive Chairman of the Board for a term expiring on June 30, 2007. For a description of the provisions of this agreement relating to James R. Fisher’s employment, see the disclosure above in this section under the heading “**Narrative Disclosure to 2006 Summary Compensation Table and 2006 Grants of Plan Based Awards Table - Salary - Employment Agreements.**” See also, Exhibit 10.6 in the Exhibit Index to this Amended Report. This employment agreement provides that the term will be automatically extended for additional one-year periods beginning July 1, 2007 after each July 1st thereafter unless terminated by either party pursuant to the agreement. The employment agreement also provides that if Mr. Fisher’s employment is terminated for

either of the following reasons, Mr. Fisher will be entitled to receive severance benefits in an amount equal to his base salary then in effect for the remainder of the applicable term of his employment, which will terminate on the following June 30th:

·If Bristol West terminates Mr. Fisher's employment without cause (defined therein to mean (1) willful and continued failure to perform his material duties which continues beyond 10 days after a written demand for substantial performance is delivered, (2) willful misconduct involving dishonesty or breach of trust in connection with his employment which results in a demonstrable injury (which is other than de minimis or insignificant), (3) conviction for any felony or misdemeanor involving moral turpitude, or (4) any material breach of the confidentiality and non-disparagement covenants in the agreement, which are described below).

If Mr. Fisher terminates his employment for any reason as a result of an Associates Sale (defined therein to mean the sale or other disposition, either in one transaction or in a series of transactions, of all of the shares of Bristol West's common stock that Bristol West Associates LLC owns, directly or indirectly). The Pending Farmers Merger would qualify as an Associates Sale.

Pursuant to the Farmers Merger Agreement, Bristol West agreed that, if renewed on July 1, 2007, this employment agreement would not include any provision regarding the payment of severance to Mr. Fisher.

Mr. Fisher's current and prior employment agreements include covenants relating to confidentiality and non-disparagement (both unlimited by term) as well as covenants regarding non-solicitation of employment (12 months), and no competition (12 months). Nevertheless, the employment agreements permit him to provide services to Kohlberg Kravis Roberts & Co. L.P. (which we refer to as "KKR") and its affiliates and to manage and direct his personal investments without limitation. KKR and its affiliates are not subject to any non-competition agreements with us. In addition, the current and prior employment agreements permit Mr. Fisher to engage in certain investment and advisory activities related to his position with Fisher Capital, for which he is the managing member.

Bristol West is a party to severance arrangements with each of Messrs. Dailey, Sadler, Noonan, and Sclafani. These severance arrangements are included in Employee Stockholder Agreements (which we refer to as the "Employee Stockholder Agreements"). See Exhibits 4.6, 4.9 and 4.10 in the Exhibit Index to this Amended Report. The severance arrangement for Mr. Sclafani provides that, in the event of a qualified termination of employment, he will receive severance benefits for a period of 36 months following the termination in an amount equal to his annual compensation as such compensation was in effect for the year prior to the year in which the termination occurred. These Employee Stockholder Agreements for each of Messrs. Dailey, Sadler, and Noonan are the same as Mr. Sclafani's except that the period for which the named executive officer will receive the severance benefits is 12 months following the qualified termination. Further, pursuant to these Employee Stockholder Agreements, severance is subject to covenants relating to confidentiality (unlimited as to term), no competition (12 months) and non-solicitation of employment (12 months).

For purposes of these Employee Stockholder Agreements:

a qualified termination of employment means an involuntary termination without cause (defined in the agreement to have the meaning summarized below) or a voluntary termination for good reason (defined therein to mean (1) a reduction in the executive officer's base salary (other than any general salary reduction affecting at least the majority of Bristol West's employees), (2) a material and adverse change in the executive officer's duties and responsibilities or (3) a transfer of the executive officer's primary workplace by more than 50 miles from the executive officer's workplace as of the date of the arrangement), and

cause means (1) the named executive officer's willful and continued failure to perform his defined duties which continues after a demand for substantial performance is delivered to him by Bristol West, (ii) willful misconduct by the named executive officer involving dishonesty or breach of trust in connection with his employment, (iii) an indictment of the named executive officer for a felony or misdemeanor involving moral turpitude, or (iv) any material breach by the named executive officer of the covenants in the agreement relating to confidentiality, no competition and non-solicitation of employment or (v) violation of any written Company policy.

Change in Control Arrangements

The award agreement for each restricted stock award granted to the named executive officers provides that the vesting conditions for the award will be accelerated in full for death or permanent disability (defined in the agreement to have the meaning that is summarized below) and upon a change in control (defined in the agreement to have the meaning set forth in the 2004 Stock Incentive Plan, which is summarized below), which would include the consummation of the Pending Farmers Merger. For purposes of these restricted stock agreements:

·the named executive officer shall be deemed to have a permanent disability if he is unable to engage in the activities required by his job by reason of any medically determined physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months, and

30

a change in control occurs when both of the following are true:

any one of the following events has occurred:

- sale of all or substantially all of the assets of Bristol West to a person or group that is not KKR or an affiliate of KKR (referred to collectively as the “KKR Partnerships”), or
- a sale by any member of the KKR Partnerships resulting in more than 50% of Bristol West’s voting equity securities being held by a person or group that is not a member of the KKR partnerships, or
- a merger, consolidation, recapitalization or reorganization of Bristol West with and into another person which is not a member of the KKR Partnerships, and

following any such event, both of the following are true:

- the KKR Partnerships no longer have the ability, without the approval of a person or group or an affiliate of Bristol West that is not a member of the KKR Partnerships, to elect a majority of the Board (or the resulting entity in the transaction), and
- any person or group who is not a member of the KKR Partnerships is or becomes the beneficial owner, directly or indirectly, in the aggregate, of a greater percentage of Bristol West’s voting equity securities than that held, directly or indirectly, in the aggregate, by the KKR Partnerships.

The award agreement for each option award granted to the named executive officers provides that the vesting conditions for the award will be accelerated in full upon a change of control (defined in the agreement to have the meaning that is summarized below), which would include the consummation of the Pending Farmers Merger. For purposes of these option award agreements, a change of control occurs when both of the following are true:

any one of the following events has occurred:

- sales of all or substantially all of the assets of Bristol West to a person who is not an affiliate of KKR, or
 - a sale by KKR or any of its respective affiliates resulting in more than 50% of the Common Stock being held by a person or group that does not include KKR or any of its affiliates, or
 - a merger or consolidation of Bristol West into another person which is not an affiliate of KKR, and
- any such event results in the inability of KKR or any of its affiliates to elect a majority of the board of directors of Bristol West (or the resulting entity).

Payments and Other Benefits

The table below reflects the payments that would have been made to, and other benefits that would have been received by, the named executive officers as of December 31, 2006 (which we refer to as the “triggering event date”) pursuant to the agreements described above in this section upon the occurrence of each of the following triggering events: (1) pursuant to the severance arrangements: voluntary termination for good reason (as described above) at any time, involuntary termination not for cause (as described above) at any time, voluntary termination upon an Associates Sale (as described above), which applies exclusively to Mr. Fisher, and (2) pursuant to the applicable option and restricted stock award agreements: a change in control (as described above), death, and permanent disability (as described above).

Mr. Eisenacher is not included in the table below because he was not entitled to receive any such payments or other benefits when he resigned effective December 8, 2006, to accept a position as Executive Vice President and Chief Financial Officer of Everest Re Group, Ltd. and, as a result, would not have been entitled to receive any such payments or other benefits on December 31, 2006.

31

For purposes of the table below, we assumed the following with respect to each named executive officer:

- that the triggering event(s) took place on December 31, 2006,
- that, for purposes of computing severance benefits for each named executive officer, the applicable annual compensation is equal to the sum of the following:
- the named executive officer's annual base salary that was in effect on December 31, 2006, which is described above in this section under the heading "*Executive Compensation - Compensation Discussion and Analysis - Compensation Elements - Fixed Annual Compensation*," plus
- total employer contributions payable during the applicable severance period with respect to the named executive officer's medical and dental benefits applicable in January 2007, and
- that the Compensation Committee would not waive the requirement that payment of any EIP award and of any MIP award is subject to the condition that the named executive officer be employed by Bristol West at time of award payment, which occurred on March 6, 2007.

(A) The amounts in this column with respect to each of the named executive officers other than Mr. Fisher reflect severance benefits payable pursuant to the Employee Stockholder Agreement to which he is a party, as described above.

(B) The amounts in this column with respect to Mr. Fisher reflect amounts payable pursuant to his employment agreement, as described above.

(C) The amounts in this column reflect the value (as described in footnotes ⁽³⁾ and ⁽⁴⁾ below) of the Common Stock underlying a previously unvested stock option award or of a previously unvested restricted Common Stock award, in each case the vesting of which is accelerated upon the occurrence of the applicable triggering event.

(1) An EIP participant must be on the payroll on the date an EIP award is to be paid and an MIP participant must be on the payroll on the date an MIP award is to be paid, in each case unless otherwise determined by the Compensation Committee in its sole discretion in the event of retirement, death, disability or other circumstances.

(2) For purposes of determining the amount reflected in this row, the price of the Common Stock underlying the applicable stock option award or of the applicable restricted Common Stock award, as appropriate, is the price on the triggering event date, based on the last reported closing price per share of \$15.83, as reported on the NYSE, on December 29, 2006, the last trading day of 2006 (which we refer to as the “triggering event Common Stock value”).

(3) The amounts in this row reflect for each previously unvested stock option award an amount equal to the number of shares of Common Stock underlying the stock option multiplied by an amount equal to the difference between the triggering event Common Stock value and the exercise price per share of the applicable stock option.

(4) The amounts in this row include for each previously unvested restricted stock award an amount equal to the number of shares of restricted Common Stock multiplied by the triggering event Common Stock value. The amounts in this row also include the restricted stock accumulated dividends that are payable by Bristol West to the named executive

officer upon vesting of the restricted stock in accordance with the terms of the award. The aggregate amount of these restricted stock accumulated dividends for each executive officer is reflected above in this section in footnote ^(C) to the “*Outstanding Equity Awards at Fiscal Year-End*” table.

Narrative Disclosure to 2006 Director Compensation Table

Fees Earned or Paid in Cash

Pursuant to the schedule for non-employee director compensation approved by the Compensation Committee and the Board, the non-employee directors named in the table above were entitled to receive the following directors' fees in 2006:

- Each non-employee director was entitled to receive annual directors' fees of \$40,000.
- Upon his election in November 2006, the Compensation Committee determined that Mr. Ditchfield would receive for the fourth quarter of 2006 the same director fees on a pro-rata basis.
- Mr. Meehan was entitled to receive an additional annual fee of \$15,000 as Chairman of the Audit Committee.
- Each of Mr. Delaney and Ms. Hennessy was entitled to receive an additional annual fee of \$7,500 as members of the Audit Committee.
- Mr. Blair was entitled to receive an additional annual fee of \$7,500 as Chairman of the Compensation Committee.
- Mr. Rothkopf was entitled to receive an additional annual fee of \$7,500 as Chairman of the Corporate Governance and Nominating Committee.

We do not pay our directors meeting fees.

Each non-employee director was entitled to receive directors' fees in cash in four installments at the end of each quarter of service unless he or she elected to receive all or a portion of such fees as Common Stock issued under to the Non-Employee Directors' Plan and the 2004 Stock Incentive Plan. No director made such an election with respect to 2006 directors' fees. Each non-employee director also was entitled to defer receipt of all or a portion of these directors' fees in the form of hypothetical shares of Common Stock (which we refer to as "Phantom Stock"). Several of our directors made an election to defer receipt of all or a portion of his or her 2006 directors' fees, as indicated below in this section under the heading "***Narrative Disclosure to 2006 Director Compensation Table - All Other Compensation - Phantom Stock.***"

Stock Awards

Restricted Stock Awards. From time to time, the Compensation Committee has granted restricted stock awards under the 2004 Stock Incentive Plan for the purpose of retaining directors, providing them direct ownership in our Common Stock with a view toward preserving stockholder value and encouraging decisions related to increased stockholder value in the future. These restricted stock awards typically cliff vest two years after the grant date.

Under applicable SEC rules, the "***Stock Awards***" column in the table above reflects all compensation expense recognized during 2006 pursuant to FAS 123(R) with respect to stock-based awards other than options. The "***Stock Awards***" column of the "***2006 Director Compensation Table***" reflects the compensation expense that we recognized during 2006, without any reduction for risk of forfeiture, with respect to outstanding, unvested restricted stock awards that the Compensation Committee granted to the named non-employee directors during 2006 and 2004 under the 2004 Stock Incentive Plan. We amortize compensation expense over the vesting period. This compensation expense equals the number of shares of restricted stock multiplied by the FAS 123(R) grant date fair value (computed utilizing the same calculations and assumptions applied by Bristol West for financial statement reporting purposes as reflected in "***Note 10 Stock Ownership - Recent Accounting Pronouncements***" to the Consolidated Financial Statements

appearing in the Original Report) and divided by the portion of the two-year vesting period that occurred during 2006. To determine the FAS 123(R) grant date fair value, we used the last reported closing market price per share of our Common Stock on the grant date, as reported on the NYSE (\$18.40 on May 14, 2004; \$18.70 on February 21, 2006). The FAS 123(R) grant date fair value for each such award included in the total reflected for each director in the “*Stock Awards*” column in the “~~2006~~*Directors Compensation Table*” is listed separately in the table below in this section. The amounts in the “*Stock Awards*” column reflect the compensation expense that we recognized during 2006 with respect to restricted stock awards and do not correspond to the actual value that the director will recognize with respect to such awards.

Restricted stock accumulated dividends, which accumulate in cash until the shares vest, are not factored into the calculation of the restricted stock award's FAS 123(R) grant date fair value. Accordingly, in accordance with applicable SEC rules, these restricted stock accumulated dividends are not reflected in the "Stock Awards" column of the "2006 Directors Compensation Table." These restricted stock accumulated dividends are reflected in the "All Other Compensation" column, which is described below in this section under the heading "All Other Compensation - Restricted Stock Accumulated Dividends."

The following table reflects each of the restricted stock awards held by the non-employee directors with respect to which we recognized compensation expense during 2006 in accordance with FAS 123(R):

^(A)Based on the last reported closing price per share of our Common Stock on the grant date, as reported on the NYSE.

The Compensation Committee made its determinations regarding awards to our directors under the 2004 Stock Incentive Plan for 2006 during the committee's first meeting of 2006. The date for that meeting was set during 2005. On February 21, 2006, the Compensation Committee made restricted stock awards to the following directors in the amount of \$40,000 pursuant to the 2004 Stock Incentive Plan: R. Cary Blair, Richard T. Delaney, Inder-Jeet S. Gujral, Mary R. Hennessy, Eileen Hilton, James N. Meehan and Arthur J. Rothkopf. At that time, these individuals were all of the non-employee directors who were not affiliated with KKR. At the same meeting, the Compensation Committee

determined that it would make such restricted stock awards to non-employee directors who are not affiliated with KKR every other year on a regular basis. On November 15, 2006, in connection with his election as a director, the Compensation Committee made a similar pro-rata restricted stock award to Mr. Ditchfield in the amount of \$25,753 pursuant to the 2004 Stock Incentive Plan.

The table below sets forth, as of December 31, 2006, the outstanding, unvested restricted stock issued to each non-employee director:

	Unvested Restricted Stock (#)
R. Cary Blair	2,139
Richard T. Delaney	2,139
Allan W. Ditchfield	1,741
Todd A. Fisher	—
Perry Golkin	—
Mary R. Hennessy	2,139
Eileen Hilton	2,139
James N. Meehan	2,139
Arthur J. Rothkopf	2,139
TOTAL	14,575

The award agreement for each of these restricted stock awards provides that the award will be forfeited if the director's service with Bristol West terminates before February 21, 2008, the vesting date, except for death or disability. As indicated in the footnotes to the "**2006 Director Compensation Table**" above, Mr. Gujral forfeited his award upon his retirement from the Board effective May 19, 2006. Each award agreement also provides that the vesting conditions for the award will be accelerated in full for death or disability and for certain mergers, sales or other business combinations, including the Pending Farmers Merger. Pursuant to each award agreement, the named director has sole voting power with respect to shares of restricted stock, but does not have investment power or the right to receive restricted stock accumulated dividends with respect to the shares. We will pay restricted stock accumulated dividends to each such non-employee director only after the shares of restricted stock are vested pursuant to the terms of the award agreement. We pay these restricted stock accumulated dividends at the same rate as for all other Common Stock. The "*All Other Compensation*" column in the table above reflects restricted stock accumulated dividends.

All Other Compensation

The "*All Other Compensation*" column in the "**2006 Director Compensation Table**" reflects other compensation for each director (there were no perquisites or other personal benefits), each of which is identified and quantified in a footnote below the table only if the value of the item exceeded \$10,000. Accordingly, the "*All Other Compensation*" column reflects the following:

Phantom Stock. Each non-employee director also was entitled to defer receipt of all or a portion of these directors' fees in the form of Phantom Stock. During 2006, Messrs. Todd Fisher, Golkin, Gujral and Nuttall and Ms. Hennessy elected to defer 100% of their respective 2006 director fees. During 2006, Messrs. Meehan and Rothkopf elected to defer 50% of their respective 2006 director fees.

Phantom Stock is not actual Common Stock. Each share of Phantom Stock in a non-employee director's deferred compensation account represents a promise by Bristol West to pay an amount equal to the value of a share of Common Stock at the end of the deferral period. No such director has voting or investment power with respect to Phantom Stock in his or her deferred compensation account.

Under the Non-Employee Directors' Plan, to reflect the payment of deferred directors' fees, after the end of each quarter, on the tenth day after Bristol West announces quarterly results, Bristol West records in the appropriate deferred compensation accounts a number of shares of Phantom Stock calculated by dividing the appropriate deferred directors' fees by the average closing price per share of our Common Stock over the quarter, as reported on the NYSE.

Under the Non-Employee Directors' Plan, non-employee directors receive quarterly dividend-equivalent payments on Phantom Stock during the deferral period at the same rate as the dividends that we pay with respect to our Common Stock. These dividends are reinvested in additional Phantom Stock. On each Common Stock dividend payment date, Bristol West records in the appropriate deferred compensation accounts a number of shares of Phantom Stock equal to (1) the product of (a) the per share Common Stock dividend amount and (b) the number of shares of Phantom Stock in each non-employee director's deferred compensation account, divided by (2) the last reported closing price per share of our Common Stock, as reported on the NYSE on the Common Stock dividend payment date. Phantom Stock is accounted for in each non-employee director's deferred compensation account rounded to two decimal points.

The table below sets forth, as of December 31, 2006, the undistributed Phantom Stock in each non-employee director's deferred compensation account under the Non-Employee Directors' Plan:

	Undistributed Phantom Stock (#)
R. Cary Blair	—
Richard T. Delaney	—
Allan W. Ditchfield	—
Todd A. Fisher	5,291.66
Perry Golkin	5,291.66
Mary R. Hennessy	6,283.82
Eileen Hilton	—
James N. Meehan	1,245.57
Arthur J. Rothkopf	2,815.68
Former directors:	
Inder-Jeet S. Gujral ⁽¹⁾	4,342.91
Scott C. Nuttall ⁽¹⁾	4,342.91
TOTAL	29,614.21

⁽¹⁾This director retired as of the 2006 Annual Stockholders Meeting on May 19, 2006. In accordance with the Non-Employee Directors' Plan, Bristol West issued to him 4,343 shares of Common Stock in January 2007, after the end of the 2006 deferral period, representing the distribution of all Phantom Stock in his deferred compensation account.

The “*All Other Compensation*” column in the “**2006 Director Compensation Table**” reflects the compensation expense that we recognized during 2006 with respect to all Phantom Stock recorded in each director's deferred compensation account during 2006. We do not account for compensation expense recognized with respect to Phantom Stock under FAS 123(R). The compensation expense recognized during 2006 with respect to Phantom Stock for each named executive officer is an amount equal to the dollar amount of the compensation deferred during 2006 in the form of Phantom Stock, plus an amount representing the Common Stock dividends paid during 2006 that is equal to the number of shares of Phantom Stock in the director's deferred compensation account on each of the four dividend payment dates multiplied by the per share amount of each such dividend.

Under the Non-Employee Directors' Plan, at the end of the deferral period for each non-employee director, determined pursuant to the plan and each such director's election, Bristol West issues to the non-employee director under the 2004 Stock Incentive Plan shares of Common Stock equal to the number of shares of Phantom Stock in the director's deferred compensation account rounded to the nearest whole number. See also the disclosure below in this section under the heading “**Compensation Arrangements Triggered Upon Changes in Control.**”

Restricted Stock Accumulated Dividends. Restricted stock accumulated dividends under the 2004 Stock Incentive Plan are not factored into the calculation of the restricted stock award's FAS 123(R) grant date fair value that is reflected in the “*Stock Awards*” column in the “**2006 Directors Compensation Table**” above, as described above in this section under the heading “**Stock Awards.**” Accordingly, in accordance with applicable SEC rules, the “*All Other Compensation*” column in the “**2006 Director Compensation Table**” above and footnotes ⁽⁸⁾ and ⁽⁹⁾ below the table also reflect the compensation expense we recognized in 2006 with respect to such restricted stock accumulated dividends.

Expense Reimbursement Policy

Directors are also reimbursed for their reasonable out-of-pocket expenses in attending meetings.

2007 Directors' Fees

Bristol West's non-employee directors will be entitled to receive the following fees during 2007 in four installments at the end of each quarter of service (subject to change from time to time as determined by the Compensation Committee and the Board):

· Annual Cash Retainer: The non-employee directors will be entitled to each receive annual directors' fees of \$40,000.

Audit Committee Retainers:

· Committee Chair Retainer: The Chairperson of the Audit Committee will be entitled to receive an additional annual fee of \$15,000.

· Committee Member Retainer: The other members of the Audit Committee will each be entitled to receive an additional annual fee of \$7,500.

· Compensation Committee Chair Retainer: The Chairperson of the Compensation Committee will be entitled to receive an additional annual fee of \$7,500.

· Corporate Governance and Nominating Committee Chair Retainer: The Chairperson of the Corporate Governance and Nominating Committee will be entitled to receive an additional annual fee of \$7,500.

· Form of Payment: The payment alternatives available to non-employee directors is explained above in this section under the heading "*Narrative Disclosure to 2006 Director Compensation Table - Stock Awards - Phantom Stock.*"

Potential Payments Upon Change in Control

The award agreement for each restricted stock award granted to the non-employee directors provides that the vesting conditions for the award will be accelerated in full for death or disability (defined in the agreement to have the meaning that is summarized below) and upon as change of control (defined in the agreement to have the meaning set forth in the 2004 Stock Incentive Plan, which is summarized above under the heading "*Executive Compensation - Potential Payments Upon Termination of Employment or Change in Control - Change in Control Arrangements*"), which would include the consummation of the Pending Farmers Merger. For purposes of these restricted stock agreements disability is defined as it is defined in Bristol West's long-term disability plan as in effect from time to time, or if there is no such plan or if not defined therein, the non-employee director's becoming unable to engage in the activities required by non-employee director's position as a director by reason of any medically determined physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than six months.

The Non-Employee Directors' Plan provides that the shares of Phantom Stock will be distributed as Common Stock upon as change in control (defined in the agreement to have the same meaning as the definition of change in control set forth in the 2004 Stock Incentive Plan, which is summarized above under the heading "*Executive Compensation - Potential Payments Upon Termination of Employment or Change in Control - Change in Control Arrangements*"), which would include the consummation of the Pending Farmers Merger.

The table below reflects the payments that would have been made to, and other benefits that would have been received by, the non-employee directors as of December 31, 2006 pursuant to the Non-Employee Directors' Plan and the restricted stock award agreements described above in this section upon the occurrence of the following triggering events: a change in control (as described above), death, and permanent disability (as described above). For purposes of the table below, we assumed with respect to each non-employee director that the triggering event(s) took place on December 31, 2006,

These shares, however, are not deemed to be issued and outstanding for the purpose of computing the percentage ownership of each other person. CHANGES IN CONTROL

On March 1, 2007, Bristol West entered into the Farmers Merger Agreement with Farmers. A copy of the Farmers Merger Agreement is attached as Exhibit 2.1 to our Form 8-K that we filed with the SEC on March 7, 2007 and is included as part of our Preliminary Proxy Statement filed with the SEC on April 23, 2007. Under the Farmers Merger Agreement, Merger Sub will be merged with and into Bristol West, with Bristol West being the surviving corporation. Farmers is a Nevada corporation which, along with its subsidiaries, provides insurance management services to members of the Farmers Insurance Exchange, Truck Insurance Exchange and Fire Insurance Exchange (which we refer to as the “Exchanges”), which are among the leading U.S. property and casualty insurers. Merger Sub is a Delaware corporation formed in connection with the execution of the Farmers Merger Agreement. Farmers is currently owned by Zurich Financial Services Group, which, if the Pending Farmers Merger is completed, will indirectly own all of the outstanding capital stock of Bristol West immediately after the Pending Farmers Merger. Immediately prior to the consummation of the Pending Farmers Merger, Farmers will contribute 50% of the issued and outstanding common stock of Merger Sub to each of two of Farmers’ subsidiaries. Farmers and these subsidiaries have agreed that, immediately following the Pending Farmers Merger, the subsidiaries will distribute certain assets and assign certain employees of Bristol West to Farmers and then sell all of the outstanding capital stock of Bristol West to the Exchanges and Mid-Century Insurance Company. Following the sale, Parent will continue to provide insurance management services with respect to Bristol West’s insurance operations.

Concurrently with the execution of the Farmers Merger Agreement, Bristol West, Farmers, Merger Sub as well as Bristol West Associates LLC and Aurora Investments II LLC, each Bristol West stockholders affiliated with KKR (which we refer to collectively as the “KKR Stockholders”), entered into a voting agreement (which we refer to as the “Farmers Voting Agreement”). Pursuant to the Farmers Voting Agreement, and subject to its terms and conditions, each of the KKR Stockholders has agreed, among other things, to vote all of its shares of our Common Stock in favor of the Proposed Farmers Merger, but also retains the right to vote 50% of its shares in favor of an alternative acquisition agreement if the Board changes its recommendation to vote in favor of the Proposed Farmers Merger in accordance with the terms of the Farmers Merger Agreement. A copy of the Farmers Voting Agreement is attached as Exhibit 99.1 to our Form 8-K that we filed with the SEC on March 7, 2007

Firemark Services Agreement and OneShield

Firemark Partners LLC (which we refer to as “Firemark”) is a service company created by Inder-Jeet Gujral. Mr. Gujral is one of the founders of OneShield Inc. (which we refer to as “OneShield”), the developer of our OneStep® software. Mr. Gujral is also Chairman of the Board of Directors of OneShield and a controlling partner of Firemark. Mr. Gujral was one of our directors from March 24, 2004 through May 19, 2006. As of December 31, 2006, Mr. Gujral owned 0.15% of OneShield’s shares on a fully diluted basis. As of December 31, 2006, the interest of Aurora Investments LLC in OneShield was 7.1% on a fully diluted basis.

Firemark Services Agreement. Bristol West entered into a services agreement with Firemark, dated July 24, 2002, as corrected and amended on November 8, 2005 and amended as of October 1, 2006 (which we refer to as the “Firemark Agreement”). We paid Firemark and OneShield, collectively, \$2,679,670 for services and license fees under the Firemark Agreement in 2006. This payment includes the prepayment of all remaining license fees under the Firemark Agreement in the amount of \$818,091 which constituted prepayment of \$900,000 in license fees remaining due under the Firemark Services Agreement, at the present value of the remaining monthly payments discounted by 15% at the time of prepayment.

Firemark Options. Pursuant to the Firemark Agreement, in exchange for providing development and implementation assistance to Bristol West with respect to OneStep, we granted Firemark options to purchase 521,520 shares of our Common Stock at a price of \$3.83 per share. Twenty-five percent of these options vested in the first year of the Firemark Agreement, while vesting of the remaining 75% of these options is based upon delivery of the OneStep system and future specified improvements in our underwriting expense ratio, as measured against the underwriting expense ratio for the four quarters prior to the effective date of the Firemark Agreement. As of December 31, 2006, these vesting requirements had not been satisfied.

On November 21, 2005, Firemark assigned 78,228 of these options (representing 15% of the total 521,520 option shares) to OneShield, the developer of our OneStep software and owner of 15% of the equity interest of Firemark. On March 24, 2006, Firemark exercised options to purchase 110,823 shares of our Common Stock. Firemark used 22,662 of the option shares to settle the exercise price of \$424,452 for these options. The number of option shares used to settle the exercise price was calculated using the per share closing market price of our Common Stock on the date of exercise of \$18.73, as reported on the NYSE. As of December 31, 2006, Firemark held options to purchase 332,469 shares of our Common Stock and OneShield held options to purchase 58,671 shares of our Common Stock.

Company Investments in and Loans to OneShield. As consideration for OneShield being chosen as the subcontractor in this services agreement, OneShield granted Bristol West warrants to purchase OneShield common stock equal to 2% of the then fully diluted capital stock of OneShield. In addition, Bristol West purchased 8.0 million shares of Series D preferred stock of OneShield. Jeffrey J. Dailey, our President and Chief Executive Officer, became a director of OneShield on November 25, 2003, pursuant to an investor rights agreement entered into in connection with Bristol West's investment in OneShield.

Effective March 30, 2006, OneShield completed a recapitalization and an equity financing with the consent of its stockholders, including Bristol West. Pursuant to the recapitalization, Bristol West's 8.0 million shares of OneShield Series D preferred stock were converted into 1.6 million units consisting of 1.6 million shares of OneShield Series E-2 preferred stock and 1.6 million shares of OneShield Series C-2 common stock. Bristol West's warrants to purchase OneShield common stock also were converted into warrants to purchase OneShield Series C-3 common stock. Pursuant to the recapitalization and the financing, OneShield authorized and issued Series E-1 preferred stock with liquidation preferences equal to three times the investment amount that are senior to the Series E-2 preferred stock.

Bristol West's total ownership of OneShield stock (including the warrants but excluding debt conversion rights) represented 6.5% of the fully diluted capital stock of OneShield as of December 31, 2006. As of December 31, 2006, Bristol West owned \$2,000,000 of OneShield Series E-2 preferred stock and Series D preferred stock, and had loans receivable, including accrued interest receivable, from OneShield of \$312,988.

The Series E-1 preferred stock has senior liquidation preferences equal to three times the initial investment amount. As of February 28, 2007, Bristol West's total ownership of OneShield stock (including the warrants but excluding debt conversion rights) represented 7.2% of the fully diluted capital stock of OneShield.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Pursuant to our written Policies and Procedures for Related Person Transactions, the Audit Committee reviews and analyzes any known or proposed related person transactions (including amendments of previously approved related person transactions) that the Audit Committee has not previously reviewed. The Audit Committee will approve, ratify or reject each such Related Person Transaction. For such purposes, a "transaction" is any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. For such purposes, a "related person transaction" is a transaction with respect to which Bristol West and any related person are parties or participants (including any transactions reportable pursuant to the following (which we refer to therein as "Related Person Reporting Rules"): (1) generally accepted accounting principles in the United States, including Financial Accounting Statement No. 57, "Related Party Disclosures," (2) the Securities Act and the Exchange Act, and all related rules and regulations promulgated by the SEC, including Item 404 of Regulation S-K, and (3) all other applicable laws, rules and regulations), other than:

· transactions available to all Bristol West employees generally

· transactions that are neither material nor otherwise reportable pursuant to the Related Person Reporting Rules because (1) the amount involved, when aggregated with all similar transactions, is neither material nor otherwise in excess of minimum amounts established for reporting purposes, or (2) each Related Person who is a party or participant has no direct or indirect material interest

For such purposes, a “Related Person” is:

- a Bristol West director or nominee for director
- a Bristol West executive officer (solely within the meaning of Section 16(a) of the Exchange Act)
- a person who is an immediate family member (as defined below) of an executive officer or director
- a Bristol West stockholder owning in excess of 5% of our Common Stock
- an entity with respect to which any of the foregoing people or entities is the owner, has a controlling interest, or has any other substantial ownership interest

For such purposes, “immediate family member” means, with respect to any Related Person, their spouse, parents (including step-parents), children (including step-children), siblings, mother-in-law, father-in-law, sons-in-law, daughters-in-law, brothers-in-law, sisters-in-law and anyone (other than a tenant or employee) who shares their home.

We have established disclosure controls and procedures to facilitate identification of related persons and related person transactions and communication of this information to our Chief Legal Officer and members of our Legal Department, who are responsible for reviewing and analyzing such information. If the Chief Legal Officer concludes that any transaction is or may be a related person transaction, the Chief Legal Officer notifies our Chief Financial Officer and/or our Chief Executive Officer. After further review and analysis, if the Chief Legal Officer and the Chief Financial Officer and/or the Chief Executive Officer concur with the analysis that the transaction is a related person transaction, the Chief Legal Officer, the Chief Financial Officer and/or the Chief Executive Officer submit the transaction to the Audit Committee for approval, ratification or rejection after further review and analysis.

DIRECTOR INDEPENDENCE

Our Board annually conducts an assessment of the independence of each director using the independence definition and procedures set forth in our Corporate Governance Guidelines, the corporate governance standards of the NYSE, and applicable rules and regulations of the SEC. See the disclosure above under the heading “**Item 10. Directors, Executive Officers and Corporate Governance - Corporate Governance - Corporate Governance Documents - Corporate Governance Guidelines.**” The Board conducts this assessment not only for purposes of Board membership, but also for purposes of membership on each Board committee on which a director serves.

The Board has adopted categorical standards as part of our Corporate Governance Guidelines to assist it in evaluating the independence of each of its directors (which we refer to as the “Categorical Standards”). See the disclosure below in this section under the heading “**Director Independence - Categorical Standards.**” The Board adopted the Categorical Standards to assist the Board in determining whether or not certain relationships between our directors and Bristol West (either directly or as a partner, stockholder or officer of an organization that has a relationship with Bristol West) constitute material relationships. The Categorical Standards establish thresholds at which certain relationships are deemed to be not material. With respect to directors who have a business or other relationship that is significant but does not fit within the Categorical Standards, the Board assesses each director’s independence with respect to that relationship by reviewing any potential conflicts of interest and significant outside relationships. In determining any such director’s independence, the Board broadly considers all relevant facts and circumstances, including specific criteria included in the NYSE’s corporate governance standards. For these purposes, the NYSE requires the Board to consider certain relationships that existed during a three-year look-back period. The Board considers the issue not merely from the standpoint of a director, but also from the standpoint of persons or organizations with which the director has an affiliation.

The Board conducted an assessment of the independence of each director at its regularly scheduled meeting on February 20, 2007. Based on this assessment, the Board affirmatively determined that the following current Board members were independent: R. Cary Blair, Richard T. Delaney, Allan W. Ditchfield, Mary R. Hennessy, Eileen Hilton, James N. Meehan and Arthur J. Rothkopf. Except with respect to the relationships described below, the Board affirmatively determined that these Board members were independent because they met the requirements of the Categorical Standards:

General Information: Partnerships affiliated with KKR owned 42.2%, 40.5% and 38.5% of our Common Stock as of December 31, 2006, 2005 and 2004, respectively. For more information regarding our relationships with KKR, see the information above in this section under the heading “***Certain Relationships and Related Transactions.***” Partnerships affiliated with KKR owned approximately 40.6% of Alea Group Holdings Ltd. at December 31, 2004.

Richard T. Delaney: Mr. Delaney was a director of Alea Group Holdings Ltd. from January 1, 2002 to October 16, 2003, before he joined our Board. After he resigned from Alea Group Holdings Ltd.'s board of directors through the end of 2004, Mr. Delaney continued consulting for Alea Group Holdings Ltd. In 2004, he received consulting fees from Alea Group Holdings Ltd. plus grants for shares of Alea Group Holdings Ltd. stock. In late 2004 and early 2005, Mr. Delaney consulted briefly with KKR in connection with a potential acquisition, but he did not bill KKR for that work. None of Mr. Delaney's consulting work for Alea Group Holdings Ltd. or KKR involved Bristol West or any of its subsidiaries. The Board did not consider these relationships, individually or in the aggregate, to be material for purposes of determining Mr. Delaney's independence.

Mary R. Hennessy: In late 2004 and 2005, Ms. Hennessy performed consulting services for KKR in connection with a portfolio investment and a potential acquisition. The total consulting fees that Ms. Hennessy received for this work constituted less than 10% of her 2005 total income. None of Ms. Hennessy's consulting work for KKR involved Bristol West or any of its subsidiaries. The Board did not consider this consulting relationship to be material for purposes of determining Ms. Hennessy's independence.

Arthur J. Rothkopf: Mr. Rothkopf is a director of Insurance Services Office (which we refer to as "ISO"). ISO is a vendor that provides services to Bristol West. Bristol West's payments to ISO in 2006, 2005, and 2004 were \$851,113, \$1,052,729, and \$823,246, respectively. None of these payments exceeded the greater of \$1 million or 2% of ISO's consolidated gross revenues. The Board did not consider this relationship to be material for purposes of determining Mr. Rothkopf's independence.

Categorical Standards

The Categorical Standards adopted by our Board provide as follows:

The Board and the Corporate Governance and Nominating Committee will broadly consider all relevant facts and circumstances and will apply the following standards.

a. A director will not be considered independent if,

- the director is, or has been within the last three years, an employee of the Company, or an immediate family member is or has been within the last three years, an executive officer, of the Company; or
- the director or an immediate family member of the director, has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service with the Company); except that compensation received by an immediate family member of the director for services as a non-executive employee of the Company need not be considered in determining independence under this test; or
- the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; or the director is a current employee of such a firm; or the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time frame; or the director, or an immediate family member of the director, is or has been within the last three years, employed as an executive officer of another company where any of the Company's present executives at the same time serves or served on that company's compensation committee; or

- the director, or an immediate family member of the director, is or has been within the last three years, employed as an executive officer of another company where any of the Company's present executives at the same time serves or served on that company's compensation committee; or
 - the director is a current employee, or an immediate family member is a current executive officer, of a company (other than a charitable organization) that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; provided, however, that in applying this test, both the payments and the consolidated gross revenues to be measured will be those reported in the last completed fiscal year; and provided, further, that this test applies solely to the financial relationship between the Company and the director's (or immediate family member's) current employer - the former employment of the director or immediate family member need not be considered.
- b. A director will only be appointed as a member of the Board Audit Committee if he or she also satisfies the independence criteria laid down in SEC Rule 10A-3.
- c. The following relationships will not be considered to be material relationships that would impair a director's independence:
- Commercial Relationship: If a director of the Company is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, does not exceed the greater of (a) \$1,000,000 or (b) 2% of such other company's consolidated gross revenues;
 - Indebtedness Relationship: If a director of the Company is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness is less than 2% of the consolidated assets of the company wherein the director serves as an executive officer;
 - Equity Relationship: If the director is an executive officer of another company in which the Company owns a common stock interest, and the amount of the common stock interest is less than 10% of the total shareholders' equity of the company where the director serves as an executive officer; or
 - Charitable Relationship: If a director of the Company, or the spouse of a director of the Company, serves as a director, officer or trustee of a charitable organization, and the Company's contributions to the organization in any single fiscal year are less than the greater of (a) \$1,000,000 or (b) 2% of that organization's gross revenues.
- d. For relationships that do not meet the categorical standards of immateriality set forth in section (c) above, or for relationships that are covered, but as to which the Board believes a director may nevertheless be considered independent, the determination of whether the relationship is material or not, and therefore whether the director would be independent, will be made by the directors who satisfy the independence guidelines set forth in Sections (a) to (c) above. The Company will explain in its proxy statement any Board determination that a relationship was immaterial in the event that it did not meet the categorical standards of immateriality set forth in Section (c) above.
- e. For the purposes of these standards, an "immediate family member" includes a person's spouse, parents, children, siblings, mothers-in-law, fathers-in-law, sons-in-law, daughters-in-law, brothers-in-law, sisters-in-law and anyone (other than domestic employees) who shares such person's home; except that when applying the independence tests described above, the Company need not consider individuals who are no longer immediate family members as a result of legal separation or divorce or those who have died or have become incapacitated.

Item 14. Principal Accounting Fees and Services

INDEPENDENT AUDITOR

The Audit Committee has selected Deloitte & Touche LLP as the independent registered public accounting firm to perform the audit of our financial statements for the fiscal year ending December 31, 2007. The Board has ratified this selection. Deloitte & Touche LLP acted as our independent auditor for the fiscal year ended December 31, 2006.

FEES PAID TO INDEPENDENT AUDITOR

The Board delegates the determination of the audit fees of Deloitte & Touche LLP and their respective affiliates (which we refer to collectively as “Deloitte”) to the Audit Committee. Deloitte has billed us for the following fees and expenses for professional services rendered to us for the fiscal years ended December 31, 2006 and December 31, 2005:

	2006 (A) (\$)	2005 (A) (\$)
Audit fees ⁽¹⁾	1,155,713	1,358,992
Audit-related fees ⁽²⁾	172,680	695,900
Tax fees ⁽³⁾	112,400	88,237
All other fees ⁽⁴⁾	1,500	—
Total fees	1,442,293	2,143,129

^(A)The Audit Committee approved 100% of Deloitte’s services and the fees and expenses reflected in this column in accordance with the committee’s pre-approval policies and procedures, which are described below in this section under the heading “*Audit Committee Pre-Approval of Services by the Independent Auditor.*” In 2006, the Audit Committee approved \$46,700 of the fees and expenses reflected above in the line items entitled “*Audit-related fees*” (this portion representing 12.2% of such fees and expenses) and “*Tax Fees*” (this portion representing 22.9% of such fees and expenses) pursuant to the *de minimus* exception set forth Rule 2-01(c)(7)(i)(C) of Regulation S-X, with respect to which the pre-approval requirement is waived. This amount represents 2.9% of total amounts paid by Bristol West to Deloitte during 2006, which is less than the 5% maximum contemplated by Rule 2-01(c)(7)(i)(C) of Regulation S-X with respect to such waivers.

- ⁽¹⁾Audit fees consist primarily of fees and expenses related to professional services rendered for the audit of our annual financial statements and the review of interim financial statements included in our quarterly reports on Form 10-Q during fiscal years ended December 31, 2006 and December 31, 2005, accounting consultations to the extent necessary for Deloitte to fulfill its responsibility under generally accepted auditing standards, as well as services that are normally provided by Deloitte in connection with other statutory and regulatory filings or engagements for those fiscal years. The amounts reflected for this fee category for fiscal 2006 and 2005 include such audit fees and expenses regardless of when billed. We expect that Deloitte will submit to us during May 2007 a final billing installment with respect to the audit of our annual financial statements for the fiscal year ended December 31, 2006, in an amount of approximately \$140,000 plus expenses.
- ⁽²⁾Audit-related fees consist primarily of fees and expenses related to professional services rendered for assurance and related services that are reasonably related to the performance of the audit or review of our annual financial statements for the fiscal years ended December 31, 2006 and December 31, 2005, that are not included in the amounts disclosed as audit fees above. The amounts reflected for this fee category for fiscal 2006 and 2005 include such audit-related fees and expenses billed in 2006 and 2005, respectively. For 2006 and 2005, such audit-related fees include internal control advisory services and related expenses outside the scope of the audit (\$116,650 and \$660,500, respectively) as well as fees and expenses associated with the audit of our retirement plan (\$35,030 and \$35,400, respectively).
- ⁽³⁾Tax fees consist primarily of fees and expenses related to professional services rendered for tax compliance, tax consulting, and tax planning for the fiscal years ended December 31, 2006 and December 31, 2005. The amounts reflected for this fee category for fiscal 2006 and 2005 include such tax fees and expenses billed in 2006 and 2005, respectively.
- ⁽⁴⁾All other fees consist primarily of fees and expenses related to products and professional services for the fiscal years ended December 31, 2006 and December 31, 2005, that are not included in the amounts disclosed in the three other categories above. The amounts reflected for this fee category for fiscal 2006 and 2005 include such other fees and expenses billed in 2006 and 2005, respectively. For 2006, this amount consisted of the annual subscription fee to

Deloitte's Accounting Research Tool (DART). Deloitte did not perform any such services for which it billed us during 2005.

Audit Committee Pre-Approval of Services by the Independent Auditor

The Audit Committee approves in advance any audit or non-audit engagement or relationship between Bristol West and our independent auditor, other than prohibited non-auditing services. The Audit Committee has adopted procedures for the approval of audit and non-audit services between regularly scheduled Audit Committee meetings. Our Chief Financial Officer is required to contact the Audit Committee Chairperson to request such approval. The Audit Committee Chairperson or another member of the Audit Committee designated by the Chairperson is empowered to approve in writing such services that in the aggregate will not exceed \$100,000. The entire Audit Committee is required to review and affirm this engagement at the next regularly scheduled meeting of the committee. This procedure relates only to pre-approval of engagements by our independent auditor.
