**CYBERLUX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008**  
**(Unaudited)**

**NOTE A-SUMMARY OF ACCOUNTING POLICIES**

General

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Accordingly, the results from operations for the three and six month periods ended June 30, 2008, are not necessarily indicative of the results that may be expected for the year ended December 31, 2008. The unaudited condensed financial statements should be read in conjunction with the December 31, 2007 financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended December 31, 2007.

Business and Basis of Presentation

Cyberlux Corporation (the "Company") is incorporated on May 17, 2000 under the laws of the State of Nevada. Until December 31, 2004, the Company was a development state enterprise as defined under Statement on Financial Accounting Standards No.7, Development Stage Enterprises ("SFAS No.7"). The Company develops, manufactures and markets long-term portable lighting products for commercial and industrial users. While the Company has generated revenues from its sale of products, the Company has incurred expenses, and sustained losses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. As of June 30, 2008, the Company has accumulated losses of \$50,139,234.

The consolidated financial statements include the accounts of its wholly owned subsidiaries, SPE Technologies, Inc. and Hybrid Lighting Technologies, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

Revenue Recognition

Revenues are recognized in the period that products are provided. For revenue from product sales, the Company recognizes revenue in accordance with Staff Accounting Bulletin No. 104, REVENUE RECOGNITION ("SAB104"), which superseded Staff Accounting Bulletin No. 101, REVENUE RECOGNITION IN FINANCIAL STATEMENTS ("SAB101"). SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required. At June 30, 2008 and December 31, 2007, the Company did not have any deferred revenue.

SAB 104 incorporates Emerging Issues Task Force 00-21 (“EITF 00-21”), MULTIPLE DELIVERABLE REVENUE ARRANGEMENTS. EITF 00-21 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. The effect of implementing EITF 00-21 on the Company’s financial position and results of operations was not significant.

Reclassification

Certain reclassifications have been made in prior year’s financial statements to conform to classifications used in the current year.

Concentrations of Credit Risk

Financial instruments and related items which potentially subject the Company to concentrations of credit risk consist primarily of cash, cash equivalents and trade receivables. The Company places its cash and temporary cash investments with credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit. The Company periodically reviews its trade receivables in determining its allowance for doubtful accounts. At June 30, 2008 and December 31, 2007, allowance for doubtful receivable was \$8,646.

**CYBERLUX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008**  
**(Unaudited)**

**NOTE A-SUMMARY OF ACCOUNTING POLICIES (continued)**

Stock based compensation

On December 16, 2004, the Financial Accounting Standards Board (FASB) issued FASB Statement No. 123R (revised 2004), "Share-Based Payment" which is a revision of FASB Statement No. 123, "Accounting for Stock-Based Compensation". Statement 123R supersedes APB opinion No. 25, "Accounting for Stock Issued to Employees", and amends FASB Statement No. 95, "Statement of Cash Flows". Generally, the approach in Statement 123R is similar to the approach described in Statement 123. However, Statement 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro-forma disclosure is no longer an alternative. This statement does not change the accounting guidance for share based payment transactions with parties other than employees provided in Statement of Financial Accounting Standards No. 123(R). This statement does not address the accounting for employee share ownership plans, which are subject to AICPA Statement of Position 93-6, "Employers' Accounting for Employee Stock Ownership Plans." On April 14, 2005, the SEC amended the effective date of the provisions of this statement. The effect of this amendment by the SEC is that the Company had to comply with Statement 123R and use the Fair Value based method of accounting no later than the first quarter of 2006. The Company implemented SFAS No. 123(R) on January 1, 2006 using the modified prospective method. The fair value of each option grant issued after January 1, 2006 was determined as of grant date, utilizing the Black-Scholes option pricing model. The amortization of each option grant will be over the remainder of the vesting period of each option grant.

As more fully described in Note I below, the Company granted stock options over the years to employees of the Company under a non-qualified employee stock option plan. As of December 31, 2005, 34,000,000 stock options were outstanding and exercisable.

In prior years, the Company applied the intrinsic-value method prescribed in Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," to account for the issuance of stock options to employees and accordingly compensation expense related to employees' stock options were recognized in the prior year financial statements to the extent options granted under stock incentive plans had an exercise price less than the market value of the underlying common stock on the date of grant.

Net Income (loss) Per Common Share

The Company computes earnings per share under Statement of Financial Accounting Standards No. 128, "Earnings Per Share" ("SFAS 128"). Net earnings (losses) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and dilutive common stock equivalents outstanding during the period. Dilutive common stock equivalents consist of shares issuable upon conversion of convertible preferred shares and the exercise of the Company's stock options and warrants (calculated using the treasury stock method). During the three and six months ended June 30, 2008 and 2007, common stock equivalents are not considered in the calculation of the weighted average number of common shares outstanding because they would be anti-dilutive, thereby decreasing the net loss per common share.

Patents

Edgar Filing: CYBERLUX CORP - Form 10-Q

The Company acquired in December 2006, for \$2,270,000, and January 2007, for \$1,387,000, patents in conjunction with the acquisitions of SPE Technologies, Inc and Hybrid Lighting Technologies, Inc, respectively. The patents have an estimated useful life of 7 years. Accordingly, the Company recorded an amortization charge to current period earnings of \$262,945 for the six months ended June 30, 2008 and 2007. Patents are comprised of the following:

Description	Cost	Accumulated amortization and impairments	Net carrying value at June 30, 2008
Development costs	\$ 293,750	\$ 293,750	\$ -0-
Patents	2,294,224	491,620	1,802,604
Patents	1,387,000	297,214	1,089,786
Total	\$ 3,974,974	\$ 1,082,584	\$ 2,892,390

**JUNE 30, 2008**  
**(Unaudited)**

**NOTE A-SUMMARY OF ACCOUNTING POLICIES (continued)**

Derivative Financial Instruments

The Company's derivative financial instruments consist of embedded derivatives related to the 10% Secured Convertible Debentures (see Note D). These embedded derivatives include certain conversion features, variable interest features, call options and default provisions. The accounting treatment of derivative financial instruments requires that the Company record the derivatives and related warrants at their fair values as of the inception date of the Note Agreement and at fair value as of each subsequent balance sheet date. In addition, under the provisions of EITF Issue No. 00-19, "Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock," as a result of entering into the Notes, the Company is required to classify all other non-employee stock options and warrants as derivative liabilities and mark them to market at each reporting date. Any change in fair value inclusive of modifications of terms will be recorded as non-operating, non-cash income or expense at each reporting date. If the fair value of the derivatives is higher at the subsequent balance sheet date, the Company will record a non-operating, non-cash charge. If the fair value of the derivatives is lower at the subsequent balance sheet date, the Company will record non-operating, non-cash income. Conversion-related derivatives were valued using the intrinsic method and the warrants using the Black Scholes Option Pricing Model with the following assumptions: dividend yield of 0%; annual volatility of 611%; and risk free interest rate from 1.90% to 3.34%. The derivatives are classified as long-term liabilities.

Registration rights

In with raising capital through the issuance of Convertible Notes, the Company has issued convertible debentures and warrants in that have registration rights with liquidated damages for the underlying shares. As the contract must be settled by the delivery of registered shares and the delivery of the registered shares is not controlled by the Company, pursuant to EITF 00-19, "Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock", the net value of the of the underlying embedded derivative and warrants at the date of issuance was recorded as liabilities on the balance sheet. Liquidated damages are estimated and accrued as a liability at each reporting date. The Company has accrued an estimated \$620,659 in liquidation damages.

Recent accounting pronouncements

In February 2007, the FASB issued SFAS No. 159, "*The Fair Value Option for Financial Assets and Financial Liabilities – Including an Amendment of FASB Statement No. 115*" ("SFAS No. 159"). SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Most of the provisions of SFAS No. 159 apply only to entities that elect the fair value option. However, the amendment to SFAS No. 115 "*Accounting for Certain Investments in Debt and Equity Securities*" applies to all entities with available-for-sale and trading securities. SFAS No. 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. Early adoption is permitted as of the beginning of a fiscal year that begins on or before November 15, 2007, provided the entity also elects to apply the provision of SFAS No. 157, "*Fair Value Measurements*". The adoption of SFAS No. 159 is not expected to have a material impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 141(R), "*Business Combinations*" ("SFAS No. 141(R)"), which establishes principles and requirements for how an acquirer recognizes and measures in its financial statements the

identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in an acquiree, including the recognition and measurement of goodwill acquired in a business combination. SFAS No. 141R is effective as of the beginning of the first fiscal year beginning on or after December 15, 2008. Earlier adoption is prohibited and the Company is currently evaluating the effect, if any that the adoption will have on its consolidated financial position results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interest in Consolidated Financial Statements, an amendment of ARB No. 51* (“SFAS No. 160”), which will change the accounting and reporting for minority interests, which will be recharacterized as noncontrolling interests and classified as a component of equity within the consolidated balance sheets. SFAS No. 160 is effective as of the beginning of the first fiscal year beginning on or after December 15, 2008. Earlier adoption is prohibited and the Company is currently evaluating the effect, if any that the adoption will have on its consolidated financial position results of operations or cash flows.

**CYBERLUX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008**  
**(Unaudited)**

**NOTE A-SUMMARY OF ACCOUNTING POLICIES (continued)**

Recent accounting pronouncements (continued)

In June 2007, the Accounting Standards Executive Committee issued Statement of Position 07-1, "Clarification of the Scope of the Audit and Accounting Guide Investment Companies and Accounting by Parent Companies and Equity Method Investors for Investments in Investment Companies" ("SOP 07-1"). SOP 07-1 provides guidance for determining whether an entity is within the scope of the AICPA Audit and Accounting Guide Investment Companies (the "Audit Guide"). SOP 07-1 was originally determined to be effective for fiscal years beginning on or after December 15, 2007, however, on February 6, 2008, FASB issued a final Staff Position indefinitely deferring the effective date and prohibiting early adoption of SOP 07-1 while addressing implementation issues.

In June 2007, the FASB ratified the consensus in EITF Issue No. 07-3, "Accounting for Nonrefundable Advance Payments for Goods or Services to be Used in Future Research and Development Activities" (EITF 07-3), which requires that nonrefundable advance payments for goods or services that will be used or rendered for future research and development (R&D) activities be deferred and amortized over the period that the goods are delivered or the related services are performed, subject to an assessment of recoverability. EITF 07-3 will be effective for fiscal years beginning after December 15, 2007. The Company does not expect that the adoption of EITF 07-3 will have a material impact on our consolidated financial position, results of operations or cash flows.

In December 2007, the FASB ratified the consensus in EITF Issue No. 07-1, "Accounting for Collaborative Arrangements" (EITF 07-1). EITF 07-1 defines collaborative arrangements and requires collaborators to present the result of activities for which they act as the principal on a gross basis and report any payments received from (made to) the other collaborators based on other applicable authoritative accounting literature, and in the absence of other applicable authoritative literature, on a reasonable, rational and consistent accounting policy is to be elected. EITF 07-1 also provides for disclosures regarding the nature and purpose of the arrangement, the entity's rights and obligations, the accounting policy for the arrangement and the income statement classification and amounts arising from the agreement. EITF 07-1 will be effective for fiscal years beginning after December 15, 2008, which will be the Company's fiscal year 2009, and will be applied as a change in accounting principle retrospectively for all collaborative arrangements existing as of the effective date. The Company has not yet evaluated the potential impact of adopting EITF 07-1 on our consolidated financial position, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161, "*Disclosures about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133*" ("SFAS No. 161"). SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. It is effective for financial statements issued for fiscal years beginning after November 15, 2008, with early adoption encouraged. We are currently evaluating the impact of SFAS No. 161, if any, will have on our consolidated financial position, results of operations or cash flows.

In April 2008, the FASB issued FSP No. FAS 142-3, "*Determination of the Useful Life of Intangible Assets*". This FSP amends the factors that should be considered in developing renewal or extension assumptions used to determine

the useful life of a recognized intangible asset under SFAS No. 142, "*Goodwill and Other Intangible Assets*". We are required to adopt FSP 142-3 on September 1, 2009, earlier adoption is prohibited. The guidance in FSP 142-3 for determining the useful life of a recognized intangible asset shall be applied prospectively to intangible assets acquired after adoption, and the disclosure requirements shall be applied prospectively to all intangible assets recognized as of, and subsequent to, adoption. We are currently evaluating the impact of FSP 142-3 on our consolidated financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 162, "*The Hierarchy of Generally Accepted Accounting Principles*" ("SFAS No. 162"). SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (the GAAP hierarchy). SFAS No. 162 will become effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, "The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles." We do not expect the adoption of SFAS No. 162 will have a material effect on our consolidated financial position, results of operations or cash flows.

**(Unaudited)**

**NOTE A-SUMMARY OF ACCOUNTING POLICIES (continued)**Recent accounting pronouncements (continued)

In May 2008, the FASB issued FSP Accounting Principles Board ("APB") 14-1 "Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)" ("FSP APB 14-1"). FSP APB 14-1 requires the issuer of certain convertible debt instruments that may be settled in cash (or other assets) on conversion to separately account for the liability (debt) and equity (conversion option) components of the instrument in a manner that reflects the issuer's non-convertible debt borrowing rate. FSP APB 14-1 is effective for fiscal years beginning after December 15, 2008 on a retroactive basis. We are currently evaluating the potential impact, if any, of the adoption of FSP APB 14-1 on our consolidated financial position, results of operations or cash flows.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the AICPA, and the SEC did not, or are not believed by management to, have a material impact on the Company's present or future consolidated financial statements.

**CYBERLUX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008**  
**(Unaudited)**

**NOTE B-CONVERTIBLE DEBENTURES (continued)**

The Company entered into a Securities Purchase Agreement with four accredited investors on April 23, 2005 for the issuance of an aggregate of \$1,500,000 of convertible notes ("Convertible Notes") and attached to the Convertible Notes was warrants to purchase 25,000,000 shares of the Company's common stock. The Convertible Notes accrue interest at 10% per annum, payable quarterly, and are due three years from the date of the note. The note holder has the option to convert any unpaid note principal to the Company's common stock at a rate of the lower of a) \$0.03 or b) 25% of the average of the three lowest intraday trading prices for the common stock on a principal market for the 20 trading days before, but not including, conversion date. The effective interest rate at the date of inception was 270.43% per annum.

As of June 30, 2008, the Company issued to investors of the Convertible Notes a total amount of \$1,500,000 in exchange for total proceeds of \$1,352,067. The proceeds that the Company received were net of prepaid interest of \$72,933 representing the first eight month's interest and related fees and costs of \$75,000.

The Company's identified embedded derivatives related to the Securities Purchase Agreement entered into on April 23, 2005. These embedded derivatives included certain conversion features, variable interest features, call options and default provisions. The accounting treatment of derivative financial instruments requires that the Company allocate the relative fair values of the derivatives and related warrants as of the inception date of the Securities Purchase Agreement up to the proceeds amount and to fair value as of each subsequent balance sheet date. At the inception of the Securities Purchase Agreement, the Company allocated \$945,313 and \$554,687 to the embedded derivatives and related warrants, respectively.

The Securities Purchase Agreement contains the following covenants:

- Requirement to pay principal and interest when due
- Provide shares of the Company's common stock to the Holder(s) upon exercise by the Holder(s)
- Timely file a registration statement with the SEC and obtain effectiveness and maintain effectiveness
- Maintain sufficient number of authorized shares, subject to Stockholder approval for full conversion of any remaining Security Purchase Agreement
- Change of control
- Trading market limitations

The Company agreed to file a registration statement with the SEC to affect the registration of the shares of its common stock underlying the Security Purchase Agreement and the warrants within 30 days from the date of receipt of written demand of the Investors. The Company also agreed to use its reasonable best efforts to cause the registration statement to be declared effective no later than 90 days after the date of the Securities Purchase Agreement. If the Registration Statement is not filed and/or not declared effective as described above, the Company will be required to pay liquidated damages in the form of cash or the Company's common stock, at the Company's discretion, in an amount equal to 2% of the unpaid principal balance per month to the date on which the Registrable Securities (in the opinion of counsel to the Initial Investors) may be immediately sold to the public without registration or restriction (including, without limitation, as to volume by each holder thereof) under the 1933 Act.

As of June 30, 2008 and December 31, 2007, the Company has not maintained an effective registration statement and therefore is in default of the Security Purchase agreement. As such, at the option of the Holders of a majority of the

aggregate principal amount of the outstanding Notes issued pursuant to the Purchase Agreement and through the delivery of written notice to the Company by such Holders (the "DEFAULT NOTICE"); the Notes shall become immediately due and payable and the Company shall pay to the Holder an amount equal to the greater of (i) 130% times the sum of (w) the then outstanding principal amount of this Note plus (x) accrued and unpaid interest on the unpaid principal amount of this Note to the date of payment plus (y) Default Interest (at 15% per annum), if any, plus (z) any amounts owed to the Holder pursuant to the Registration Rights Agreement. The then outstanding principal amount of the Note to the date of payment plus the amounts referred to in clauses (x), (y) and (z) shall collectively be known as the "DEFAULT SUM") or (ii) the "parity value" of the Default Sum to be prepaid, where parity value means (a) the highest number of shares of Common Stock issuable upon conversion of or otherwise pursuant to such Default Sum, treating the Trading Day immediately preceding the Mandatory Prepayment Date as the "Conversion Date" for purposes of determining the lowest applicable Conversion Price, unless the Default Event arises as a result of a breach in respect of a specific Conversion Date in which case such Conversion Date shall be the Conversion Date), multiplied by (b) the highest Closing Price for the Common Stock during the period beginning on the date of first occurrence of the Event of Default and ending one day prior to the Mandatory Prepayment Date (the "DEFAULT AMOUNT") and all other amounts payable hereunder shall immediately become due and payable, together with all costs including legal fees and expenses of collection. If the Borrower fails to pay the Default Amount within five (5) business days of written notice that such amount is due and payable, then the Holder shall have the right at any time, so long as the Borrower remains in default (and so long and to the extent that there are sufficient authorized shares), to require the Borrower, upon written notice, to immediately issue, in lieu of the Default Amount, the number of shares of Common Stock of the Borrower equal to the Default Amount divided by the Conversion Price then in effect.

**CYBERLUX CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2008**  
**(Unaudited)**

**NOTE B-CONVERTIBLE DEBENTURES (continued)**

For the six months ended June 30, 2008 and 2007, the Company amortized the debt discount and charged to interest expense \$152,090 and \$33,660, respectively.

The Company entered into a Securities Purchase Agreement with four accredited investors on October 24, 2005 for the issuance of \$800,000 of convertible notes ("Convertible Notes") and attached to the Convertible Notes was warrants to purchase 800,000 shares of the Company's common stock. The Convertible Note accrues interest at 10% per annum, payable quarterly, and are due three years from the date of the note. The note holder has the option to convert any unpaid note principal to the Company's common stock at a rate of the lower of a) \$0.06 or b) 25% of the average of the three lowest intraday trading prices for the common stock on a principal market for the 20 trading days before, but not including, conversion date. The effective interest rate at the date of inception was 142.28% per annum.

As of June 30, 2008, the Company issued to investors of the Convertible Notes a total amount of \$800,000 in exchange for total proceeds of \$775,000. The proceeds that the Company received were net of related fees and costs of \$25,000.

The Company's identified embedded derivatives related to the Securities Purchase Agreement entered into on October 24, 2005. These embedded derivatives included certain conversion features, variable interest features, call options and default provisions. The accounting treatment of derivative financial instruments requires that the Company allocate the relative fair values of the derivatives and related warrants as of the inception date of the Securities Purchase Agreement up to the proceeds amount and to fair value as of each subsequent balance sheet date. At the inception of the Securities Purchase Agreement, the Company allocated \$743,770 and \$56,230 to the embedded derivatives and related warrants, respectively.

The Securities Purchase Agreement contains the following covenants:

- Requirement to pay principal and interest when due
- Provide shares of the Company's common stock to the Holder(s) upon exercise by the Holder(s)
- Timely file a registration statement with the SEC and obtain effectiveness and maintain effectiveness
- Maintain sufficient number of authorized shares, subject to Stockholder approval for full conversion of any remaining Security Purchase Agreement
- Change of control
- Trading market limitations

The Company agreed to file a registration statement with the SEC to affect the registration of the shares of its common stock underlying the Security Purchase Agreement and the warrants within 30 days from the date of receipt of written demand of the Investors. The Company also agreed to use its reasonable best efforts to cause the registration statement to be declared effective no later than 90 days after the date of the Securities Purchase Agreement. If the Registration Statement is not filed and/or not declared effective as described above, the Company will be required to pay liquidated damages in the form of cash or the Company's common stock, at the Company's discretion, in an amount equal to 2% of the unpaid principal balance per month to the date on which the Registrable Securities (in the opinion of counsel to the Initial Investors) may be immediately sold to the public without registration or restriction (including, without limitation, as to volume by each holder thereof) under the 1933 Act.
