Annex A to Form 12b-25

The Company had \$7,756,322 in revenues for the quarter ended June 30, 2010 and \$1,490,560 in revenues for the quarter ended June 30, 2009. The Company's net loss was \$(318,830) for the quarter ended June 30, 2010 compared to \$(1,722,893) for the quarter ended June 30, 2009.

The substantial increase in revenue during the quarter ended June 30, 2010, as compared to the same period in 2009 was driven by significant increases in the volume of advertising in 2010, as well as an increase in the overall effectiveness of those advertisements. Additionally, the experience brought by the management team of MGE Enterprises Corporation (which we acquired in May 2009) has enabled the Company to identify and capitalize on numerous business opportunities. During 2009, we commenced operations in several countries which have less competition than the United States. Also contributing to the higher revenue was the increase in the value of an ounce of gold which has increased our revenue per ounce of gold received.
