ITEM 1.

DESCRIPTION OF BUSINESS.

The Company, which was incorporated in the State of Delaware on June 25, 2002, markets cold weather recreational and industrial clothing products that are made from INSULTEX, a low density foamed polyethylene, a material with buoyancy, scent block, and thermal resistant properties. We have a license agreement directly with the owner of the INSULTEX Technology.

The distribution rights we have are derived from our license agreement. As such, we purchase INSULTEX to be used in the manufacturing of our products. Similarly, other companies are free to purchase INSULTEX from us assuming that it is a company within the distribution jurisdiction that we have, which is worldwide with the exception of Korea and Japan. Other than Korea and Japan, we are the sole worldwide supplier/distributor of the INSULTEX material.

We offer the following products containing INSULTEX:

Floating Swimwear: Product under our product name "Swimeez". Our swimwear is designed to be a swim aid. The interior lining of our swimwear product is made from INSULTEX, which enhances floatability. This product was discontinued during 2010 and we are only selling from our existing inventory.

Hunting Apparel Line: Our hunting apparel provides almost total block from odors provided by the INSULTEX material. This product was discontinued during 2010 and we are only selling from our existing inventory.

Arctic Armor Line: The Arctic Armor line, introduced in April of 2006, consists of a jacket, bib and gloves. The suit contains 3 layers of INSULTEX for uncompromised warmth and provides the user with guaranteed buoyancy. The gloves contain a single layer of INSULTEX and are windproof, waterproof and good to sub-zero temperatures as are the jacket and bibs.

House Wrap: Our house wrap product is designed for the building construction industry. This product, made from INSULTEX, will provide barrier protection plus moisture vapor transmission and approximately R2 insulation.

INSULTEX Material: We sell INSULTEX material in bulk to non-competing customers.

We also offer a product that helps restore the waterproof character of the outer side of our Arctic Armor clothing. In addition, we offer cold weather headgear and a base insulation clothing product.

Our products containing INSULTEX are manufactured, under agreement, at a facility we currently utilize in Indonesia. We assumed no material costs associated with the design, prototyping, and testing of these products because: (a) we did not utilize the services of any outside consultant or company for these purposes and (b) although we used the services of our Chief Executive Officer and Vice President of Sales and Marketing for these purposes, their efforts are part of their normal responsibilities. We purchase our gloves from a U.S. based company.

The INSULTEX License and Manufacturing Agreement

Under the terms of the agreement between us and the Ketut Group, Ketut Group agrees to promptly deliver to Innovative Designs, Inc. within twenty-eight (28) days of receiving an order, all INSULTEX ordered by us. Under the terms of the agreement, we are required to pay a fixed amount per meter of INSULTEX. This fixed amount will not change under the agreement for a period of ten (10) years after the date of the agreement was signed, which was April 1, 2006. The agreement provides that after the ten (10) year period, the price of the INSULTEX shall be adjusted for a subsequent ten (10) year term, no more than twelve percent (12%) per the subsequent ten (10) year period. We order INSULTEX from time to time as needed and are not required to purchase any minimum amount of INSULTEX during the term of the agreement, and we are not required to make any minimum annual payment. However, should we place an order; any quantity ordered must be a minimum of 35,000 meters of INSULTEX. We are not required to pay any part of any sublicense fee that we receives from third party sublicensees, and we are not required to pay any fees to the Ketut Group. This agreement will be in full legal force and effect for an initial term of ten (10) years from the date of its execution. We have the option to renew this agreement for up to three (3) successive terms of ten (10) years each by giving notice of our intention to so renew not less than ninety (90) days prior to the expiration of the then-current term.

The Haas Agreement

On June 16, 2003, we completed an agreement with Haas Outdoors in which Haas Outdoors granted us a non-exclusive wholesale license in North America to: (a) manufacture, or sell products or to have manufactured for us, and to sell licensed products of Haas Outdoors; and (b) use the licensed trademark of Haas Outdoors in association with the marketing and sale of licensed products. The agreement defines licensed products as a product which bears or otherwise includes Haas Outdoors' licensed design and is further restricted to mean only our outdoor apparel. "Licensed design" is defined in the agreement as the camouflage pattern(s) known as the Mossy Oak Break-Up and/or New BreakUp and Duck Blind patterns and which is covered by Haas Outdoors' copyrights, including but limited to United States Copyright Registration No. 2,227,642. The agreement defines "licensed trademark" as Haas Outdoors' trademarks Mossy Oak Break-Up and/or New BreakUp and Duck Blind patterns. The term of the agreement is two years from the effective date of the agreement, May 30, 2003. During 2010, the Company extended the terms of this agreement with Haas Outdoors for an additional two years. We paid a one time \$250 licensing fee for these rights. We are also required to pay to Haas Outdoors a running royalty, which is included in the price of fabrics purchased from licensed vendors of Haas Outdoors.

In addition, the agreement provides that we, as the licensee in the agreement are required to: (a) place on the licensed products in a manner prescribed by copyright laws and unless otherwise indicated, a sufficient copyright notice including the copyright notice, the year of publication, and an identification of Haas Outdoors as the owner; and (b) in all instances where Haas Outdoors so desires, we will include on licensed products the authorized trademark associated with the authorized design. We also agreed that nothing in the agreement will confer upon us any proprietary interest in the licensed designs, the licensed trademarks, or any other copyright, trademark and patents rights owned by Haas Outdoors. In addition, we agreed that Haas Outdoors is the owner of the licensed designs and

licensed trademarks and that we will not contest the validity or enforceability of the licensed trademarks or Haas Outdoors copyrights in the licensed designs.

The Jordan Agreement.

In April 2008, we entered into a licensed agreement with Jordan Outdoor Enterprises, Ltd. for the use of their REAL TREE and ADVANTAGE trademarked artistic camouflage designs. We may use the designs in our hooded jacket, insulated bibs and waterproof/breathable gloves. We must submit all samples of proposed products for preapproval as well as all catalog, advertising, display or promotional copy. Official hangtags or stickers must be affixed to all covered products. All fabrics with the authorized patterns must be purchased from an authorized fabric source. The term of the agreement is for five years with the licensor having the right to terminate the agreement upon thirty days notice. We paid a \$500 execution fee.

Arctic Armor Line

Our Arctic Armor line products are intended for use by the following consumer groups that are in the Company's target market for these products:

- Ice fisherman
- Snowmobilers
- Utility workers
- Oil/gas pipeline workers
- Railroad workers
- Construction workers
- Ski resort workers; and
- Police and First Responders.

House Wrap

In early January 2008, we announced that we had completed our research and development effort on a new use for INSULTEX as a house wrap for the building construction industry. This house wrap will provide barrier protection plus moisture vapor transmission and the novel feature of approximately R2 insulation. The house wrap was designed specifically to add enhanced insulating characteristics. In addition the house wrap will be priced competitively with existing house wraps that do not provide any insulation. The development efforts were conducted by our own personnel and outside consultant. The testing phase has been completed and the product was found to be up to code and we are now offering it for sale.

Website and Retailers

We sell both wholesale and retail products on our web site. Our web site, located at www.idigear.com, contains information on our products, technical information on INSULTEX insulation, e-commerce capabilities with "shopping cart", wholesaler information and order forms, company contact information, and links to retailers that carry our products. We have obtained the services of BA Web Productions who assists us in designing and continually developing our website. Our web site features a "wholesaler only" area, allowing our wholesalers access to information, ordering, and reordering. The web site is hosted by Real Pro Data. The secure payment gateway provider for our online e-commerce is First Data. Our products are offered and sold by retailers, distributors and through our web site in all states, Canada, the Russian Federation and Finland. Except for products sold through our web site others who purchase our products do so at wholesale prices which they plan to sell at their retail prices, or use within their industry:

Sales

We primarily sell our products through independent sales agents and agencies. Once we have made contact with a potential sales agency or solo agent, we evaluate their existing accounts, the capacity and potential for them to effectively push our products. We also look at their current product lines through the sales channel. Our primary market area is the outdoor industry which includes all activity done in cold weather. These activities include recreational such as hunting, ice fishing, snowmobiling, and industries such as oil and gas, utilities and construction. Once we agree to bring on an independent sales agent or agency, we enter into a standard agreement.

- 4 -

A typical sales representative agreement will have a term of one year with the right of either party to terminate upon thirty days written notice. We do not provide any free samples of our products and all sales expenses are the sole obligation of the sales agent. In the case of our agreement for the Russian and Finland Federation, the agent is required to prepay for all products ordered. During the last fiscal year we did not sell any products to this agent.

Certain retailers buy directly from us. We have no verbal or written agreements with them. These retailers purchase our products strictly on a purchase order basis. During our last fiscal year, we sold our products to such retailers as Gander Mountain, Scheels, and Frank's Great Outdoors. Some of our distributors during the last fiscal year were Big Rock Sports, Triple S Pro Fishing Supplies, Thomas Industries and Cannon Tackle. We distribute our products to the following:

Swimeez Products

We distribute our Swimeez products through our web site.

Hunting Apparel Line

We distribute our hunting apparel through our web site.

Our hunting apparel consists of a six pocket pants, 1/2 zip pullover jacket with collar, parka jacket, fleece jacket, guide series shirt, bib coveralls in light weight, bib coveralls in arctic weight.

Arctic Armor Line

We distribute the Arctic Armor Line to retailers and distributors across the United States, Canada and the Russian Federation and Finland. These products are also marketed to utility companies, oil/gas pipeline workers, railroad workers, police and first responders, and to construction workers.

House Wrap

We offer our house wrap product directly to builders through our website and distributors. We are presently attempting to lower the cost of House Wrap in order to be more competitive with the products currently on the market.

- 5 -

Our marketing program consists of the following:

MARKETING COMPONENT

Website Development and Internet Marketing

We contract with marketing consultants to:

- (a) increase visitation to our website;
- (b) link with other established websites;
- (c) issue press releases to on-line publications;
- (d) conduct banner advertising;
- (e) develop arrangements with online retailers that purchase our products on a wholesale basis.

Sales Representatives

Our vice president of sales and marketing works to:

- (a) sell our merchandise to retail chain stores;
- (b) attend and network trade shows to establish industry related contracts;
- (c) initiate relationships with local and national recreational organizations; and
- (d) provide support to our manufacturer representatives

Contract with Manufacturer

We utilize the services of sales agencies to represent our products in the United States, Canada, and the Russian Federation and Finland.

Design and Develop

We presently use our own staff for services related to literature, displays, develop brochures, point-of-sale displays, mailers, media materials, and literature and sales tools for our sales representatives and manufacturer representatives. At such time as we have sufficient funding, we intend to contract out some of these services.

Establish Wholesale

We are and continue to develop relationships or distribution relationships with retail points for our products to retail chain outlets and mass merchandisers to sell our products.

Develop Trade Show Booth

We use our own personnel to design and develop a portable display booth, and product materials to be used in sporting goods and outdoor apparel trade shows.

We ship wholesale product orders by United Parcel Service or trucking companies. Retail orders from our website are shipped United Parcel Ground Service or Federal Express overnight. The costs of shipping our finished goods are paid by our customers. We have not instituted any formal arrangements or agreements with United Parcel Service, Federal Express or trucking companies, and we do not intend to do so.

Our "idigear" label is sewn on all of our products. Haas Outdoors, Inc.'s Mossy Oak Break Up and New Break Up and Duck Blind hang tags are attached only to our "Mossy Oak pattern" outdoor apparel products. Additionally, we will be utilizing the Mossy Oak camouflage on the new products that we are in the development stages of introducing, which will feature the Mossy Oak hang tag with our "idigear" hang tag. REAL TREE and ADVANTAGE hangtags are used for products using these patterns.

INSULTEX will be used in all our Arctic Armor finished goods, except for our headwear, and is purchased directly from the Ketut Group.

All of our products, except for our gloves, which are purchased from a supplier in the U.S., are sub-manufactured by PT Lidya and Natalia located in Indonesia. Indonesia does not impose quotas that limit the time period or quantity of items which can be imported. The U.S. Customs Service imposes an importation duty of 6.5% on all our imported products.

We have no verbal or written agreements or long term agreements with PT Lidya and Natalia and we do not plan to obtain any such agreements. Our products are manufactured on a per order basis.

The fulfillment process involved in completing wholesale orders for non stocked Arctic Armor products is described below:

We receive a purchase order for a certain number of items from a wholesale purchaser by hand delivery, fax, courier, or mail, with an authorized signature of the purchaser. We do not accept telephone orders.

We contact our sub-manufacturers with the details of the order, including the number of units to be produced according to design or model, size, or color. The sub-manufacturer procures all materials required for the product.

We complete and forward a purchase order to the manufacturer. The manufacturer approves or disapproves a purchase order.

If the purchase order is approved, the manufacturer responds with a final cost, production schedule and date the goods will be delivered to us.

We receive finished goods, and facilitate turn-around for shipment to retailers. Goods are received in our distribution center where they are packaged in Master Packs, hang tags attached, and UPC/UCC codes labels applied to items for retailer distribution.

Any inventory we maintain is stored at our warehousing facility. Our warehouse facility has the capacity to hold 250,000 units of finished products in inventory.

- 7 -

In 2003, we were granted a trademark for our name "idigear" with the United States Patent and Trademark Office.

In 2005, we were granted the mark "INSULTEX" by the United States Patent and Trademark Office.

In December 2009, we filed a patent application, No. 12 642714, with the United States Patent and Trademark Office for our Composite House Warp. The application is still pending.

In February of 2011, we filed a further patent application for our House Wrap product. The application is still pending.

Our production costs are limited to the invoices we receive from our sub-manufacturer, PT Lidya and Natalia, on a per production basis and for our gloves from our supplier in the U.S.

Because we use sub-manufacturers for our products, we do not require any equipment for manufacturing and we do expect to incur any material costs affiliated with purchase of plant and significant equipment. We do not currently have any plant or significant equipment to sell.

We have spent no funds on research and development of our products. In March of 1999, our ex-affiliate, RMF Global, hired and paid \$5,275 to Vartest Laboratories, Inc. to perform testing of the INSULTEX material. Other than the testing performed by Vartest Laboratories, Inc., Innovative Designs, Inc. has spent no significant funds on research and development. We are using an outside consultant for the development of our House Wrap product. We do pay the consultant but intend to share part of our sales revenue to the consultant.

The Vartest Laboratories test results establish the buoyancy and insulation qualities of INSULTEX. The results are as follows:

Issue	Test Result	
Fabric Weight	0.042 oz./square yard	Low
Fabric Thickness	0.021 inches	Thin
Thermal Retention	Clo value: 2.0	Good
Air Permeability (protection from wind)	0.01 cubic feet of air/min/ft ² of material (Good)	Low

Moisture Permeability (protection from water) 5 grams/sq. meter/24 hrs. (Good)

Low

During 2005, the Company hired Texas Research Institute Austin, Inc. to perform testing on the permeation of gas on the INSULTEX product. The testing was based upon accepted industry practices. The permeation test resulted in almost no detection of the gas through the INSULTEX throughout the testing procedures.

Although we are not aware of the need for any government approval of our principal products, we may be subject to such approvals in the future.

United States and foreign regulations may subject us to increased regulation costs, and possibly fines or restrictions on conducting our business. We are subject, directly or indirectly, to governmental regulations pertaining to the following government agencies:

Federal Trade Commission

The product suppliers and manufacturers of our products, to the extent that they are involved in the manufacturing, processing, formulating, packaging, labeling and advertising of the products, may be subject to regulations by the Federal Trade Commission which may bring injunctive action to terminate the sale of such products, impose civil penalties, criminal prosecutions, product seizures, and voluntary recalls. Should we or our suppliers become subject to any such orders or actions, our brand name reputation and that of our suppliers and products will be adversely affected and our business would be negatively affected.

United States Customs Service

We are required to pay a 6.5% importation duty to the United States Customs Service on all imported products. We import INSULTEX from Indonesia from the Ketut Group, in accordance with Innovative Design's agreement with the Ketut Group.

United States Department of Labor's Occupational Safety and Health Administration

Because our sub-manufacturers manufacture our completed products, we and our sub-manufacturers will be subject to the regulations of the United States Department of Labor's Occupational Safety and Health Administration.

We are not aware of any governmental regulations that will affect the Internet aspects of our business. However, due to increasing usage of the Internet, a number of laws and regulations may be adopted relating to the Internet covering user privacy, pricing, and characteristics and quality of products and services. Furthermore, the growth and development of Internet commerce may prompt more stringent consumer protection laws imposing additional burdens on those companies conducting business over the Internet. The adoption of any additional laws or regulations may decrease the growth of the Internet, which, in turn, could decrease the demand for Internet services and increase the cost of doing business on the Internet. These factors may have an adverse affect on our business, results of operations, and financial condition.

Moreover, the interpretation of sales tax, libel, and personal privacy laws applied to Internet commerce is uncertain and unresolved. We may be required to qualify to do business as a foreign corporation in each such state or foreign country. Our failure to qualify as a foreign corporation in a jurisdiction where we are required to do so could subject us to taxes and penalties. Any such existing or new legislation or regulation, including state sales tax, or the application of laws or regulations from jurisdictions whose laws do not currently apply to our business, could have a

material adverse affect on our business, results of operations and financial condition.

We currently have no costs associated with compliance with environmental regulations. Because we do not manufacture our products, but rather they are manufactured by our sub-manufacturers, we do not anticipate any costs associated with environmental compliance. Moreover, the delivery and distribution of our products will not involve substantial discharge of environmental pollutants. However, there can be no assurance that we will not incur such costs in the future.

We estimate that all of our revenues will be from the sale of our products. We will sell our products at prices above our original cost to produce our products. Prices for some of our products will be lower than similar products of our competitors, while others will be higher. We expect our product prices to be lower than network marketing companies, but higher compared with retail establishments that directly manufacture their own products.

Products that are sold directly by our website will be priced according to our Manufacturer Suggested Retail Prices. Our wholesale clients will purchase our products at our wholesale prices. We recommend that our retailer clients sell our products at the Manufacturer Suggested Retail Prices that we provide to them which are the same prices for products on our website; however, they are not required to do so and may price our products for retail sale at their discretion. We have established M.A.P. (minimum advertised pricing) on our Arctic Armor™ suit in an attempt to allow all retailers and distributors carrying the line to obtain reasonable gross margin dollars.

We currently have a total of 4 employees, 2 of which are full time employees and 2 of which are part-time employees. We also use a consultant to head our sales and marketing effort.

We have no collective bargaining or employment agreements.

Reports and Other Information to Shareholders

We are subject to the informational requirements of the Securities Exchange Act of 1934. Accordingly, we file annual, quarterly and other reports and information with the Securities and Exchange Commission. You may read and copy these reports and other information we file at the Securities and Exchange Commission's public reference rooms in Washington, D.C., New York, New York, and Chicago, Illinois. Our filings are also available to the public from commercial document retrieval services and the Internet world wide website maintained by the Securities and Exchange Commission at www.sec.gov.

ITEM 1A RISK FACTORS.

Lack Of Sufficient Operating Funds

Because we are not able to generate sufficient funds from sales and because we are unable to access commercial sources of credit, we are consistently underfunded. As a result, our growth is very limited and we have difficulty in sustaining our current level of operations. We are not able to initiate adequate marketing programs, hire additional staff, develop new products or have flexibility in ordering products from our manufacturers. In the past, we have depended on borrowings from our CEO and other private parties, primarily shareholders. Should we not be able to continue to rely on this source of funding to at least meet our current level of operations our revenue stream will be adversely affected.

Competition

The markets served by the Company are highly competitive. Competitive pricing pressure could result in loss of customers or decreased profit margins. Competition by product type includes the following:

The markets for our products are increasingly competitive. Our competitors have substantially longer operating histories, greater brand name and company name recognition, larger customer bases and greater financial, operating, and technical resources than us. Because we are financially and operationally smaller than our competitors, we will encounter difficulties in capturing market share. Our competitors are able to conduct extensive marketing campaigns and create more attractive pricing of their target markets than we are.

- 10 -

Some of our biggest competitors in the Arctic Armor™ line are:

- Ice Clam Corporation
- Vexilar
- Mustang Survival
- Frabill

We compete in the following ways:

A. Emphasize the Advantages of our Products.

Arctic Armor Line

We emphasize the following characteristics and advantages of our Arctic Armor line products:

- light weight
- waterproof
- windproof
- sub-zero protection
- buoyancy

The basis for our above product claims is derived from the Vartest Lab Results, a fiber/yarn, fabric and apparel testing firm.

INSULTEX provides a scent barrier which we had a permeation test performed on at the Texas Research Institute Austin, Inc. The product was subjected to gas stimulant for an eight-hour period. The product was tested for permeation of the gas every three minutes for the duration of the test with almost no detection of the gas throughout the test. The testing was based upon accepted industry practices as well as the test method used.

B. Utilize our web site to promote, market, and sell our products to consumers.

C. Utilize professional sales representatives and manufacturer representatives to sell our products to established retailers, especially sporting goods retailers.

Our products have the following disadvantages in comparison to the products of our competitors:

Lack of brand name recognition or recognition of the properties of INSULTEX and its advantages. We, as well as our products, have little brand name recognition compared to our competitors. And we may encounter difficulties in establishing product recognition. Also, although our products have insulation properties, the material "down" has a widespread and established reputation as being the superior insulation in the market, while the properties and advantages of INSULTEX has little public recognition.

There can be no assurance that we will be able to compete in the sale of our products, which could have a negative impact upon our business.

We do not expect our business to be dependent on one or a few customers or retailers; however, there is no assurance that we will not become so dependent.

Cyclicalities

The Company's apparel sales fluctuate based on temperature and weather conditions. Our products are suitable primarily for cold weather conditions. This will cause a cyclical effect on sales. It also makes our revenues totally dependent on cold weather.

Material Acquisition

All of the materials and items required to manufacture our products are purchased by our manufacturer in Indonesia with the exception of the Mossy Oak material and the Real Tree. We order the Mossy Oak material and it is delivered to our manufacturer.

The Company has only one supplier of INSULTEX, the special material which is manufactured within the apparel of our products. Additionally, we have one manufacturer that produces the apparel on behalf of the Company, located in Indonesia. Any delays in getting INSULTEX and/or our finished products adversely affect our revenue stream.

Our Indonesia based manufacturer, PT Lidya and Natalia, has sole discretion in the sourcing and ordering of materials for their production runs, the costs of which we reimburse PT Lidya and Natalia.

Geographic Concentration

Many of the Company's sales to retailers are concentrated in colder climates of the United States and Canada. To the extent that any regional economic downturn impacts these regions, the Company will be adversely affected.

Management

The Company is dependent on the management of Joseph Riccelli, our Chief Executive Officer. The loss of Mr. Riccelli's services could have a negative impact on the performance and growth of the Company for some period of time.

Stock Price

The Company's stock is thinly traded. Should a major shareholder decide to liquidate its position, there could be a negative effect on the price of the stock until this condition is resolved.

Penny Stock Considerations

Our shares are "penny stocks" as that term is generally defined in the Securities Exchange Act of 1934 as equity securities with a price of less than \$5.00. Our shares may be subject to rules that impose sales practice and disclosure requirements on broker-dealers who engage in certain transactions involving a penny stock.

Under the penny stock regulations, a broker-dealer selling a penny stock to anyone other than an established customer or "accredited investor" must make a special suitability determination regarding the purchaser and must receive the purchaser's written consent to the transaction prior to the sale, unless the broker-dealer is otherwise exempt. Generally, an individual with a net worth, exclusive of one's residence, in excess of \$1,000,000 or annual income exceeding \$200,000 individually or \$300,000 together with his or her spouse is considered an accredited investor. In addition, under the penny stock regulations the broker-dealer is required to:

Deliver, prior to any transaction involving a penny stock, a disclosure schedule prepared by the Securities and Exchange Commission relating to the penny stock market, unless the broker-dealer or the transaction is otherwise exempt;

Disclose commissions payable to the broker-dealer and its registered representatives and current bid and offer quotations for the securities;

Send monthly statements disclosing recent price information pertaining to the penny stock held in a customer's account, the account's value and information regarding the limited market in penny stocks; and

Make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction, prior to conducting any penny stock transaction in the customer's account.

Because of these regulations, broker-dealers may encounter difficulties in their attempt to sell shares of our stock, which may affect the ability of shareholders or other holders to sell their shares in the secondary market and have the effect of reducing the level of trading activity in the secondary market. These additional sales practice and disclosure requirements could impede the sale of our securities if our securities become publicly traded. In addition, the liquidity for our securities may be adversely affected, with a corresponding decrease in the price of our securities.

Significant Customers

During our fiscal year ended October 31, 2011, one customer accounted for more than ten percent of our sales, Pro Fishing Supplies (12.5%).

ITEM 2.

PROPERTIES.

Since May 2002, we have maintained our executive offices of 1500 square feet at 223 North Main Street, Suite 1, Pittsburgh, Pennsylvania 15215. We pay monthly rent of \$700.00 to Riccelli Properties, a property management firm owned by our Chief Executive Officer, Joseph Riccelli. We have a verbal lease agreement with Riccelli Properties to pay Riccelli Properties \$700 per month. This verbal agreement further provides that we or Riccelli Properties may terminate this verbal lease at any time with 30 days written notice.

In October 2002, we arranged for the lease of warehouse space for our inventory and raw materials at 124 Cherry Street, Etna, Pennsylvania. This facility encompasses 13,000 square feet of storage space on the first floor and 2,000

square feet for our sales department offices located on the second floor. We have entered into a verbal agreement with the owner of the building and we pay \$3,600 per month for the space. This facility is composed of: (a) warehouse and storage areas including four (4) shipping bays and a distribution area consisting of square footage to store upward of 250,000 finished goods products; and (b) four (4) offices, one (1) conference room, with presentation area and sample display and (2) bathrooms totaling approximately 2,000 square feet located on the second floor. Mr. Frank Riccelli is the brother to our Chief Executive Officer and the owner of the property. The condition of our leased property is good.

- 13 -

We do not own any property nor do we have any plans to own any property in the future. We do not currently intend to develop properties. We are not subject to competitive conditions for property and currently have no property to insure. We have no policy with respect to investments in real estate or interests in real estate and no policy with respect to investments in real estate mortgages. Further, we have no policy with respect to investments in securities of or interests in persons primarily engaged in real estate activities. We consider the condition of our leased property to be suitable for our needs.

General

The following information should be read in conjunction with the consolidated financial statements and the notes thereto appearing elsewhere in this report.

Disclosure Regarding Forward-Looking Statements

Certain statements made in this report, and other written or oral statements made by or on behalf of the Company, may constitute "forward-looking statements" within the meaning of the federal securities laws. When used in this report, the words "believes," "expects," "estimates," "intends," and similar expressions are intended to identify forward-looking statements. Statements regarding future events and developments and our future performance, as well as our expectations, beliefs, plans, intentions, estimates or projections relating to the future, are forward-looking statements within the meaning of these laws. Examples of such statements in this report include descriptions of our plans and strategies with respect to developing certain market opportunities, and our overall business plan. All forward-looking statements are subject to certain risks and uncertainties that could cause actual events to differ materially from those projected. We believe that these forward-looking statements are reasonable; however, you should not place undue reliance on such statements. These statements are based on current expectations and speak only as of the date of such statements. We undertake no obligations to publicly update or revise any forward-looking statement, whether as a result of future events, new information or otherwise.

Background

Innovative Designs, Inc. (hereafter referred to as the “Company”, “we” or “our”) was formed on June 25, 2002. We primarily market and sell cold weather clothing products called “Arctic Armor” that are, except for our headwear, made from INSULTEX, a material with buoyancy, scent block and thermal resistant properties. We also are starting to offer our house wrap product line which is also made from INSULTEX. We obtain INSULTEX through a license agreement with the owner and manufacturer of the material.

Fiscal years ended October 31, 2011 and 2010

Results of Operations

Revenues for the fiscal year ended October 31, 2011, were \$1,039,149 compared to revenues of \$1,108,955 for the comparable period ending October 31, 2010. Nearly all of our revenues were derived from our Arctic Armor product line. Revenues are net of returns and discounts. During the period we took back products valued at approximately \$75,000.

Selling, general and administrative expense increased from \$420,768 in fiscal year 2010, to \$495,907, in fiscal year ending October 31, 2011. Some of the increases were for; shipping and postage \$37,620, travel \$18,767, commissions \$11,963 and office supplies \$10,129.

Our cost of sales decrease from \$600,139 as of October 31, 2010, to \$489,344 as of October 31, 2011. As of October 31, 2010, cost of sales included a write down of obsolete inventory of approximately \$127,000. The inventory write down consisted primarily of our swimwear and hunting product lines. We no longer manufacture any of these product lines. As of October 31, 2011, the allowance was in place and no further increase was required.

Liquidity and Capital Resources

During the fiscal year ended October 31, 2011, we funded our operations from revenues from sales, and loans from our Chief Executive Officer and others. We will continue to fund our operations from these sources and the possible sale of our securities until we are able to secure commercial lending arrangements. We are not presently seeking any commercial credit arrangements based on our past attempts to do so.

Short Term: We funded our operations with revenues from sales and from loans from our Chief Executive Officer and others. During the fiscal year ended October 31, 2011, we borrowed approximately \$ 179,000, from these sources. We cannot access commercial lines of credit.

Our existing debt obligations consist of the following:

US SBA Loan. The amount was \$280,100. This was a disaster loan assistance program. The date of the loan was July 12, 2005. The interest rate is 2.9% yearly. Payments are \$1,186 per month for thirty years. The loan is guaranteed by our CEO and he and his spouse have pledged certain assets as collateral for the loan. The loan was modified on January 23, 2006. The new loan amount is \$430,500. The monthly payments are \$1,820 and the loan matures in July 2035. As the loan was for a specific disaster assistance program we cannot obtain any additional funds.

Note Payable \$100,000 - James Kearney. The principal amount of the loan is \$45,000 and the interest owed is \$92,000. Interest has stopped on the loan. Interest and principle are due and payable in full at any time after December 10, 2005. In December 2010 and again in March of 2011, we paid down \$10,000 of the amount owed leaving a principle balance of \$25,000.

Note Payable \$20,000 - Corinthian Development. Interest is at 10% for 120 days. The principal and interest is due on November 15, 2011. As of October 31, 2011, \$20,000 in principle plus accrued interest was still outstanding.

Note Payable \$10,000 - Frank Riccelli. Interest is at 10% for 120 days. The principal and interest is due on demand on December 20, 2011. As of October 31, 2011, \$10,000 in principle plus accrued interest was still outstanding.

Note Payable \$34,000 - Xunjin Hua. Interest is at 10% for 120 days. The principal and interest is due on demand on December 20, 2011. As of October 31, 2011, \$34,000 in principle plus accrued interest was still outstanding.

Note Payable \$50,000 - Sol & Tina Waxman Family Foundation. Interest is at 10% for 120 days. The principal and interest is due on demand on December 20, 2011. As of October 31, 2011, \$50,000 in principle plus accrued interest

was still outstanding.

Note Payable \$5,000 - Dr. John Bailliet. Interest is at 10% for 90 days. The principal and interest is due on demand on December 7, 2011. As of October 31, 2011, \$5,000 in principle plus accrued interest was still outstanding.

Note Payable \$15,000 - Darryl Zaontz. Interest is at 10% for 120 days. The principal and interest is due on demand on January 7, 2012. As of October 31, 2011, \$15,000 in principle plus accrued interest was still outstanding.

- 18 -

Note Payable \$20,000 - Aaron Riccelli. Interest is at 10% for 120 days. The principal and interest is due on demand on January 10, 2012. As of October 31, 2011, \$20,000 in principle plus accrued interest was still outstanding.

Note Payable \$25,000 - Janet Thomas. Interest is at 10% for 90 days. The principal and interest is due on demand on January 22, 2012. As of October 31, 2011, \$25,000 in principle plus accrued interest was still outstanding.

The Company intends to repay these debt obligation with funds it generates from revenues, from the possible sale of its securities either debt or equity, from advances from its CEO or other stockholders. Because we cannot currently access commercial lending facilities, should we not be able to continue to obtain funding from our CEO and/or other individuals or sell our securities or should our revenues decrease our operations would be severely effected as we would not be able to fund our purchase orders to our suppliers for finished goods. The Company continues to pay its creditors when payments are due.

Long Term: The Company will continue to fund operations from revenues, borrowings and the possible sale of its securities. Should we not be able to continue to rely on these sources our operations would be severely effected as we would not be able to fund our purchase orders to our suppliers for finished goods.

ITEM 9A. (T) CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

Management, including our principal executive/financial officer, evaluated the effectiveness of the design and operation of disclosure controls and procedures as of October 31, 2011 and, based on their evaluation, our principal executive/financial officer concluded that these controls and procedures are ineffective. During the fourth quarter end October 31, 2011, it was noted that the Company was not able to close the books and records in a timely fashion, hence the delay in filing the Form 10K. Additionally, a number of adjusting journal entries was needed to correctly reflect the balances.

Effective March 19, 2008, our Chief Executive Officer temporarily assumed the duties of the Chief Financial Officer.

Management's Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal controls over financial reporting as defined in Rule 13-15(f) of the Securities Exchange Act. Our management determined that our internal control over financial reporting was effective as of October 31, 2011.

Our management has conducted an evaluation of the effectiveness of our internal control over financial reporting as of October 31, 2011, based on the framework and criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report.

There have been no significant changes in our internal control over financial reporting during the fiscal year ended October 31, 2011 and 2010, or subsequent to October 31, 2011, that has materially affected or is reasonably likely to materially affect, our internal control over financial reporting, except as discussed above.

PART III**ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE.**

Directors and Executive Officers

Our executive officers are elected annually by our board of directors. A majority vote of the directors who are in office is required to fill vacancies on the board. Each director shall be elected for the term of one (1) year and until his successor is elected and qualified, or until his earlier resignation or removal. The directors named below will serve until the next annual meeting of our shareholders or until a successor is elected and has accepted the position.

Our directors and executive officers are as follows:

Name	Age	Position	Term
Joseph Riccelli	62	Chief Executive Officer, Chief Financial Officer, Principal Accounting Officer, Chairman	1 year
Dean P. Kolocouris	41	Director	1 year
Robert D. Monsour	61	Director	1 year
Daniel P. Rains	59	Director	1 year

Joseph Riccelli has been our Chief Executive Officer and Chairman of the Board since our inception in June 2002. Mr. Riccelli was the owner of Pittsburgh Foreign and Domestic, a sole proprietor car dealership located in Glenshaw, Pennsylvania. Joseph Riccelli attended Point Park College located in Pittsburgh, Pennsylvania from 1971 to 1972.

Dean P. Kolocouris has been one of our Directors since our inception in June 2002. From December 1996 to present, Mr. Kolocouris has been a Loan Officer and Assistant Vice President at Eastern Savings Bank located in Pittsburgh, Pennsylvania. In June 1993, Mr. Kolocouris received a Bachelors Degree in Finance from Duquesne University located in Pittsburgh, Pennsylvania. Mr. Kolocouris has been in banking for over fifteen years and his knowledge of finance and business experience is helpful to the Company.

Robert D. Monsour has been one of our Directors since our inception in June 2002. From November 1997 to 2005, Mr. Monsour was the Administrator of RGM Medical Management, a medical management firm headquartered in Pittsburgh, Pennsylvania. Thereafter he has acted as a consultant specializing in litigation support to various attorneys and law firms in Western Pennsylvania. Mr. Monsour received the following degrees from the University of Pittsburgh located in Pittsburgh, Pennsylvania: (a) Juris Doctor Degree in May 1983; (b) completed the course of study for a Masters Degree in International Affairs at the Graduate School of Public and International Affairs in May 1983, with the exception of a required Masters Thesis; and (c) Bachelor of Arts Degree in Political Science in May 1978. Mr. Monsour's business experience and his knowledge of the law make him qualified to serve as a director of the Company.

Daniel P. Rains has been a director since March 2007. Mr. Rains is currently Vice President of business development at McCarl's, Inc., a mechanical contracting firm. He has held this position for over fifteen years. From 1981 through 1987, Mr. Rains was a professional football player for the Chicago Bears. He is a graduate of the University of Cincinnati. Mr. Rains has been in professional sports and in business for over twenty years. His experience and knowledge of these fields are helpful to the Company. As the Company enters the building construction market with its House Wrap product, Mr. Rains' experience in that industry will be especially helpful.

Section 16(a) Beneficial Ownership Reporting Compliance

Mr. Joseph Riccelli, a director and our Chief Executive Officer, transferred 10,000 shares of common stock to another director for services performed or to be performed for the Company on June 2, 2011, and filed a Form 4 on January 25, 2012.

Mr. Daniel Rains, a director of the Company acquired 10,000 shares of common stock from our CEO on June 2, 2011, and filed a Form 4 on January 25, 2012.

Audit Committee

We do not have a separate standing Audit Committee. Therefore, our entire Board of Directors acts as the Audit Committee. The Board of Directors has determined that Mr. Dean Kolocouris is its financial expert. Mr. Kolocouris is a loan officer for a bank and has a degree in Finance.

Nominating and Compensation Committees

We do not have either a nominating committee or a compensation committee. The basis for the Board of Directors to not have a nominating committee is the fact that our principal stockholder who is also our CEO and Chairman of the Board controls approximately sixty percent of the voting stock. And the Company has never held an Annual Meeting of stockholders. New board members are recommended to the Board by the Chairman of the Board.

Board of Directors Meetings

During the last full fiscal year, there was one meeting of the Board of Directors.

Code of Ethics

We have not, as yet, adopted a code of ethics. We have only one full time executive officer/ chief financial officer who also acts as our principal accounting officer. To date, our operations have been so minimal and our staff so small that we have not considered a formal standard relating to the conduct of our personnel.

In December 2011, we paid our Chief Executive Officer \$40,000 in compensation.

There are no employment agreements between us and our executive officer Joseph Riccelli, Sr. There are no change of control arrangements, either by means of a compensatory plan, agreement, or otherwise, involving our current or former executive officers. There are no automobile lease agreements or key man life insurance policies that are to the benefit of our executive officers, in which we would make such payments. There are no standard or other arrangements in which our directors are compensated for any services as a director, including any additional amounts payable for committee participation or special assignments. There are no other arrangements in which any of our directors were compensated during our last fiscal year for any service provided as a director.

Other than Mr. Riccelli, who is our CEO, the Board of Directors considers the remaining Directors Messrs. Monsour, Kolocouris and Rains to be independent directors.

By virtue of his stock ownership or control over our stock, Mr. Riccelli may be deemed to “control” the Company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

Our officers and directors may encounter conflicts of interests between our business objectives and their own interests. We have not formulated a policy for the resolution of such conflicts. Future transactions or arrangements between or among our officers, directors and shareholders, and businesses they control, may result in conflicts of interest, and the conflicts may be resolved in favor of businesses that our officers or directors are affiliated, which may have an adverse affect on our revenues.

- 25 -

Our officers and directors have the following conflicts of interests:

We lease our executive offices from Riccelli Properties, which is solely owned by our Chief Executive Officer, Joseph Riccelli for which we pay \$700 per month for a total of \$8,400 per year and we lease our warehouse space from the brother of our Chief Executive Officer. We pay \$3,600 per month for a total of \$43,200 per year.

We have received advances from our Chief Executive Officer.

We received various advances from Joseph Riccelli. We currently owe approximately \$142,100 on the advances; there are no written loan documents to evidence these advances. There is no interest rate on the advances and the advances have no specified repayment terms.

Independence of Board Members

The Company has adopted the NASDAQ Listing Rules; Rule 5605 and 5605 (a) (2), for determining the independence of its directors. Directors are deemed independent only if the Board affirmatively determines that the director has no material relationship with the Company directly or as an officer, share owner or partner of an entity that has a relationship with the Company or any other relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

ITEM 14.

PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Audit Fees

The aggregate fees billed for the fiscal years ended October 31, 2011 and 2010 for professional services rendered by the principal accountant for the audit of our annual financial statements and review of the financial statements included in our Form 10-K or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for these fiscal periods were as follows: (a) during fiscal year ended October 31, 2011 and 2010, our current auditors, Louis Plung & Company billed the Company \$18,000 and \$17,500 for professional services, respectively.

INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors

Innovative Designs, Inc.

Pittsburgh, Pennsylvania

We have audited the accompanying balance sheets of Innovative Designs, Inc. (a Delaware corporation) as of October 31, 2011 and 2010, and the related statements of operations, stockholders' equity, and cash flows for the fiscal years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Innovative Designs, Inc. as of October 31, 2011 and 2010, and the results of its operations, and its cash flows for the fiscal years then ended, in conformity with accounting principles generally accepted in the United States of America.
