NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To be held January 6, 2016

Time: 11:00 a.m. Eastern Time

Date: January 6, 2016

Place: Four Seasons Hotel - Ballroom
75 Fourteenth Street, NE
Atlanta, Georgia

Record Date: Stockholders of record at the close of business on November 12, 2015 are entitled to notice of and to vote at the annual meeting or any adjournments or postponements thereof.

Purpose:

- (1) Elect three directors nominated by the Board of Directors for terms that expire at the annual meeting for the 2018 fiscal year;
- (2) Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2016;
- (3) Hold an advisory vote to approve named executive officer compensation; and
- (4) Consider and act upon such other business as may properly come before the annual meeting or any adjournments or postponements thereof.

Stockholders Register: A list of the stockholders entitled to vote at the annual meeting may be examined during regular business hours at our executive offices, 1170 Peachtree Street, NE, Suite 2300, Atlanta, Georgia, during the ten-day period preceding the meeting.

By order of the Board of Directors,

C. DAN SMITH

Senior Vice President, Treasurer and Secretary

November 20, 2015

YOUR VOTE IS IMPORTANT

IF YOU ARE A STOCKHOLDER OF RECORD, YOU CAN VOTE YOUR SHARES BY THE INTERNET (WWW.PROXYVOTE.COM), BY TELEPHONE (1-800-690-6903) OR BY MAIL (IF YOU REQUESTED AND RECEIVED A PAPER COPY OF THE PROXY CARD). IF YOU WISH TO VOTE BY THE INTERNET OR BY TELEPHONE, PLEASE FOLLOW THE INSTRUCTIONS PROVIDED ON THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS OR PROXY CARD. IF YOU WISH TO VOTE BY MAIL, PLEASE FOLLOW THE INSTRUCTIONS PROVIDED ON THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS REGARDING HOW TO REQUEST A PROXY CARD.

WE ENCOURAGE YOU TO VOTE BY ONE OF THESE METHODS, EVEN IF YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting

to be Held on January 6, 2016

The proxy statement and annual report are available at

2. Ratify the appointment of our independent registered public accounting firm for fiscal year 2016	FOR	<u>20</u>
3. Hold an advisory vote to approve named executive officer compensation	FOR	<u>51</u>

Director Nominees

The Board of Directors (the "Board") of Acuity Brands, Inc. ("we," "our," "us," the "Company," or "Acuity Brands") currently has 11 members. The Board is asking you to elect the three nominees named below to serve for terms that expire at the annual meeting for the 2018 fiscal year. In addition, the Company has seven directors ("Continuing Directors") whose terms will expire at the annual meetings for the 2016 and 2017 fiscal years. Our Corporate Governance Guidelines provide that directors will not be nominated for election after their 72nd birthday, except in unusual circumstances. Accordingly, Mr. George C. Guynn, who reached the age of 72 during fiscal year 2015, will not stand for re-election at the annual meeting. Effective immediately following the annual meeting, the size of the Board will be reduced to ten members.

The following table provides summary information about the three director nominees to be elected at the annual meeting. The directors will be elected by a majority vote. For more information about the director nominees, see page 17.

Name	Age	Occupation	Experience/Qualifications	Status as Independent	Board Committees	End of Term
James H. Hance, Jr.	71	Operating Executive, The Carlyle Group LP; Retired Vice Chairman and Chief Financial Officer of Bank of America	Leadership, Operational, Financial	Independent	Audit, Governance	FY 2018

Julia B. North	68	Former President and Chief Executive Officer, VSI	Leadership, Operational,	Independent	Compensation, Governance	FY 2018

Enterprises, Inc.; Former Labor
President of Consumer Services,
BellSouth Corporation

Continuing Directors

The following table provides summary information about the seven continuing directors whose terms expire at the annual meetings for fiscal years 2016 or 2017. For more information about the continuing directors, see page 18.

Name	Age	Occupation	Experience/ Qualifications	Status as Independent	Board Committees	End of Term
W. Patrick Battle	52	Managing Partner, Stillwater Family Holdings	Leadership, Operational, Marketing	Independent	Compensation, Governance	FY 2016
Peter C. Browning	74	Managing Director, Peter Browning Partners Board Advisory Services	Leadership, Operational, Industry	Independent	Compensation, Governance (Chair), Executive	FY 2017
Gordon D. Harnett	72	Former Chairman, President and Chief Executive Officer, Brush Engineered Materials, Inc. (now known as Materion Corporation)	Leadership, Operational, International	Independent	Compensation, Governance	FY 2016
Robert F. McCullough	73	Former Chief Financial Officer, AMVESCAP PLC (now known as Invesco Ltd.)	Leadership, Financial, Accounting	Independent	Audit (Chair), Governance, Executive	FY 2016
Dominic J. Pileggi	64	Former Chairman and Chief Executive Officer, Thomas & Betts Corporation	Leadership, Industry, Operational, International	Independent	Audit, Governance	FY 2016
Ray M. Robinson	67	Retired President, Southern Region AT&T; Non-Executive Chairman, Citizens Trust Bank	Leadership, Operational	Independent	Compensation (Chair), Governance, Executive	FY 2017
Norman H. Wesley	65	Former Chairman and Chief Executive Officer, Fortune Brands, Inc.	Leadership, Operational, International	Independent	Audit, Governance	FY 2017

Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Board is asking you to ratify the selection of Ernst & Young LLP ("E&Y") as our independent registered public accounting firm for the fiscal year ending August 31, 2016. Set forth below is summary information with respect to the fees for services provided to us during the fiscal years ended August 31, 2015 and August 31, 2014. For more information see page 23.

	2015	2014
Fees Billed:		
Audit Fees	\$2,340,000	\$2,240,000
Tax Fees	360,000	220,000
Total	\$2,700,000	\$2,460,000

Advisory Vote to Approve Named Executive Officer Compensation

The Board is asking you to approve, on an advisory basis, the compensation of our named executive officers. The Board believes that our compensation policies and practices are effective in achieving our goals of paying for financial and operating performance and aligning the interests of our named executive officers with the interests of our

stockholders. For more information see page 52.

Executive Compensation Overview

Our named executive officers are compensated in a manner consistent with our strategy, competitive practice, sound compensation governance principles and alignment with stockholder interests. The core of our executive compensation philosophy continues to be to “pay for performance” for upper-quartile performance.

Our compensation philosophy is consistent with and supportive of our long-term goals. We aspire to be the premier lighting solutions company capable of consistently delivering long-term upper-quartile financial performance. We define upper-quartile performance using specific metrics, including:

- Annual growth in earnings per share of 15% or greater;
- Operating profit margin in the mid-teens or higher;
 - Return on stockholders’ equity of 20% or better; and
- Generation of cash flow from operations less capital expenditures in excess of net income.

Element of Compensation	Objective
Base Salary	<ul style="list-style-type: none"> • Provide a competitive level of secure cash compensation; and • Reward individual performance, level of experience and responsibility.
Performance-Based Annual Cash Incentive Award	<p>Provide variable cash compensation opportunity based on</p> <ul style="list-style-type: none"> • achievement of annual performance goals for year-over-year improvement in financial performance; and • Reward individual performance and overall Company performance. <p>Provide variable equity compensation opportunity based on</p> <ul style="list-style-type: none"> • achievement of annual performance goals;
Performance-Based Annual Equity Incentive Award	<ul style="list-style-type: none"> • Reward individual performance and overall Company performance; • Encourage and reward long-term appreciation of stockholder value; • Encourage long-term retention through three-year and four-year vesting periods for awards; and • Align interests of executives with those of stockholders.
Post-Termination Compensation	<ul style="list-style-type: none"> • Encourage long-term retention through pension benefits; and • Provide a measure of security against possible employment loss, through a change in control or severance agreement, in order to encourage the executive to act in the best interests of the Company and stockholders.

2015 Key Compensation Decisions

During fiscal 2015, we continued to successfully execute our strategy to extend our leadership position in the North American lighting solutions market by providing our customers with differentiated value from our industry-leading portfolio of innovative products and solutions along with superior service. We believe our channel and product diversification, as well as our strategies to better serve customers with new, more innovative lighting solutions and the strength of our many sales forces, have allowed us to outperform the growth rate of the overall lighting market we serve. In fiscal 2015, we achieved the following:

- Record net sales of \$2.7 billion, an increase of 13% compared with fiscal 2014;
- Record operating profit of \$376.3 million, an increase of 26% compared with fiscal 2014;
- Record net income of \$222.1 million, an increase of 26% compared with fiscal 2014;
- Record diluted earnings per share of \$5.09, an increase of 26% compared with fiscal 2014;
- Net cash provided by operating activities of \$289.0 million, an increase of \$55.9 million compared with fiscal 2014;
- and
-

We ended fiscal 2015 with a cash balance of \$756.8 million, while investing \$56.5 million in capital expenditures and paying \$22.7 million of dividends to stockholders.

Adjusted operating profit for fiscal 2015 increased \$98.8 million to a record \$391.9 million, or 14.5% of net sales, compared with prior year's adjusted operating profit of \$293.1 million, or 12.2% of net sales. Adjusted diluted earnings per share for fiscal 2015 was a record \$5.39, an increase of 36% compared with fiscal 2014 adjusted diluted earnings per share of \$3.97. See page 23 of our Annual Report on Form 10-K for fiscal 2015 for a reconciliation of adjusted operating profit and adjusted diluted earnings per share for fiscal 2015 and 2014.

At August 31, 2015, the 1, 3, and 5-year annualized total returns on the Company's common stock exceeded that of each of its respective benchmark indexes as noted in the following table:

	Annualized Total Returns		
	1-Year	3-Years	5-Years
Acuity Brands, Inc.	58%	46%	39%
Dow Jones U.S. Electrical Components & Equipment Index	(10)%	12%	17%
Dow Jones U.S. Building Materials & Fixtures Index	15%	22%	25%
Standard & Poor's MidCap 400 Index	0%	15%	16%

Based on the comprehensive performance assessment, combined with a review of our financial results, the economic environment, and the competitive landscape, the Compensation Committee made the following key compensation decisions for fiscal 2015 for our named executive officers:

Messrs. Black and Reece each received a base salary increase to \$440,000 from \$430,000. Additionally, for the Annual Cash Incentive Plan, the individual incentive target percentage for each Messrs. Black and Reece was increased to 90% from 80%. The increases were based on market data, the performance of each individual, and in recognition of strong company performance in fiscal 2014.

Annual cash incentive awards to named executive officers were paid at approximately 333% of target based on Company achievement of fiscal 2015 performance goals (adjusted diluted earnings per share, adjusted consolidated operating profit margin, and adjusted cash flow) previously approved by the Compensation Committee, adjusted for their individual performance factor.

Equity incentive awards (granted in October 2015 based upon fiscal 2015 performance) were approved at approximately 150% of target based on Company achievement of the fiscal 2015 performance goal (adjusted diluted earnings per share) and were granted in the form of two-thirds in restricted stock and one-third in stock options, which the Committee believed offered a total equity incentive opportunity aligned with stockholder interests including the appropriate balance of risk, long-term company stock price performance, and retention.

Messrs. Black and Reece each received a special equity award valued at \$3.5 million in the form of restricted stock that will vest in four equal annual installments. The awards were in recognition of the individual achievements of Messrs. Black and Reece in driving improvements in the Company's financial performance and expanding the Company's addressable market through the implementation of Acuity Brands' tiered solutions strategy, both of which have led to increased shareholder value.

Following a competitive assessment of executive retirement benefits and with an objective to ensure such company benefits are sufficient to retain and attract executive talent, amendments to the Acuity Brands, Inc. 2002 Supplemental Executive Retirement Plan ("SERP") were approved which (i) provide for an incremental benefit to participants, including each of the named executive officers, (ii) provide that upon the occurrence of a Section 409A change in control event (as defined in the SERP), the SERP shall be terminated consistent with the requirements of Treasury Regulation section 1.409A-3(j)(4)(ix)(B), and the Company shall, within five (5) days of such an event, pay to each participant a lump sum cash payment equal to the lump sum actuarial equivalent of the participant's accrued benefit as of such date, (iii) modify certain definitions in calculations used to determine lump sum payments under the SERP, and (iv) provide that if any action at law or in equity is necessary for a participant to enforce or interpret the terms of the SERP, the Company shall promptly pay the participant's reasonable attorneys' fees and other reasonable expenses incurred with respect to such action.

The severance agreements for Messrs. Black and Reece were each amended to adjust the multiplier used in the severance payout formula for calculating the payment of a cash amount equal to the executive's gross salary multiplied by a specified percentage to match the individual incentive targets approved by the Compensation Committee under the Annual Cash Incentive Plan.

For more information about compensation decisions, see the Compensation Discussion and Analysis on page 26.

2015 Compensation Summary

The following table summarizes the compensation of our chief executive officer, chief financial officer, and our other executive officer, to whom we refer collectively as the named executive officers, for fiscal 2015.

Name	Salary	Stock Awards(1)	Option Awards(1)	Non-Equity Incentive Plan Compensation	Change in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation	Total
Vernon J. Nagel	\$ 600,000	\$ 2,133,731	\$ 1,066,755	\$ 5,000,000	\$ 5,934,497	\$ 57,315	\$ 14,792,298
Mark A. Black	437,500	4,433,759	466,677	2,000,000	2,671,221	9,537	10,018,694
Richard K. Reece	437,500	4,433,759	466,677	2,000,000	2,783,146	10,787	10,131,869

Represents the grant date fair value of the restricted stock and option awards that were granted on October 27, 2014 (1) under our equity incentive plan for fiscal 2014 performance and a special equity award granted to Messrs. Black and Reece on June 1, 2015.

For more information about the compensation paid, see Executive Compensation on page 42.

Governance Enhancements

We have recently amended our By-Laws regarding director elections and now require directors to be elected by the affirmative vote of the majority of the votes cast at an annual meeting of stockholders in uncontested elections; the plurality voting system was utilized in prior elections.

2016 Annual Meeting of Stockholders

Stockholder proposals submitted for inclusion in the proxy statement for our annual meeting of stockholders for fiscal 2016, which is expected to be held in January 2017, pursuant to Securities and Exchange Commission ("SEC") Rule 14a-8 must be received by July 23, 2016. For more information see page 53.

PROXY STATEMENT

The Board is furnishing this information in connection with the solicitation of proxies for the annual meeting of stockholders for fiscal 2015 (the "2015 Annual Meeting") to be held on January 6, 2016. We anticipate that a Notice of Internet Availability of Proxy Materials containing instructions on how to access our Proxy Statement and 2015 Annual Report to Stockholders and how to vote over the Internet or how to request and return a proxy card by mail will first be mailed to our stockholders on or about November 20, 2015. For stockholders who previously made a request to receive a paper copy of the proxy materials, we anticipate that a paper copy of the Proxy Statement, 2015 Annual Report to Stockholders and proxy card will first be mailed on or about November 20, 2015. For stockholders who previously made a request to receive email delivery of the proxy materials, we anticipate that a proxy materials email with instructions on how to access our Proxy Statement and 2015 Annual Report to Stockholders and how to vote over the Internet will first be emailed on or about November 20, 2015.

All properly executed written proxies, and all properly completed proxies submitted by telephone or the Internet, that are delivered pursuant to this solicitation will be voted at the meeting in accordance with directions given in the proxy, unless the proxy is revoked prior to completion of voting at the meeting.

Only owners of record of shares of common stock of the Company at the close of business on November 12, 2015, the record date, are entitled to vote at the meeting, or at any adjournments or postponements of the meeting. Each owner of record on the record date is entitled to one vote for each share of common stock held. There were 43,781,950 shares of common stock issued and outstanding on the record date.

QUESTIONS RELATING TO THIS PROXY STATEMENT

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated two of our officers as proxies for the 2015 Annual Meeting. These officers are Vernon J. Nagel and Richard K. Reece.

What is a proxy statement?

It is a document that Securities and Exchange Commission ("SEC") regulations require us to give you when we ask you to vote over the Internet, by telephone, or (if you received a proxy card by mail) by signing and returning a proxy card designating Vernon J. Nagel and Richard K. Reece as proxies to vote on your behalf.

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the SEC, we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering a Notice of Internet Availability of Proxy Materials in the mail. Unless requested, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice of Internet Availability of Proxy Materials instructs you on how to access and review the proxy statement and 2015 Annual Report to Stockholders over the Internet at www.proxyvote.com. The Notice of Internet Availability of Proxy Materials also instructs you on how you may submit your proxy over the Internet, or how you can request a full set of proxy materials, including a proxy card to return by mail. If you received a Notice of Internet Availability of Proxy Materials in the mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials provided in the Notice of Internet Availability of Proxy Materials.

What is the difference between a stockholder of record and a stockholder who holds stock in street name?

If your shares are registered in your name with our transfer agent, Computershare, you are a stockholder of record. If your shares are held in the name of your broker or bank, your shares are held in street name.

What is the record date and what does it mean?

November 12, 2015 is the record date for the 2015 Annual Meeting. The record date is established by the Board as required by the Delaware General Corporation Law ("Delaware Law"). Owners of record of our common stock at the close of business on the record date are entitled to receive notice of the meeting and vote at the meeting and any adjournments or postponements of the meeting.

How do I vote as a stockholder of record?

As a stockholder of record, you may vote by one of the four methods described below:

By the Internet. You may give your voting instructions by the Internet as described in the Notice of Internet Availability of Proxy Materials, proxy materials email, or any proxy card you receive. This method is also available to stockholders who hold shares in the Direct Stock Purchase Plan, in the Employee Stock Purchase Plan, or in a 401(k) plan sponsored by us. The Internet voting procedure is designed to verify the voting authority of stockholders. You will be able to vote your shares by the Internet and confirm that your vote has been properly recorded. Please see the Notice of Internet Availability of Proxy Materials, proxy materials email, or any proxy card you receive for specific instructions.

By Telephone. You may give your voting instructions by calling 1-800-690-6903. This method is also available to stockholders who hold shares in the Direct Stock Purchase Plan, in the Employee Stock Purchase Plan, or in a 401(k) plan sponsored by us. The telephone voting procedure is designed to verify the voting authority of stockholders. The procedure allows you to vote your shares and to confirm that your vote has been properly recorded. Please see your proxy card (if you received a proxy card) for specific instructions.

By Mail. You may sign and date your proxy card (if you received a proxy card) and mail it in the prepaid and addressed envelope enclosed therewith.

In Person. You may vote in person at the annual meeting.

How do I vote as a street name stockholder?

If your shares are held through a bank or broker, you should receive information from the bank or broker about your specific voting options. If you have questions about voting your shares, you should contact your bank or broker.

If you wish to vote in person at the annual meeting, you will need to bring a legal proxy to the meeting. You must request a legal proxy through your bank or broker. Please note that if you request a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the meeting and vote in person, or legally appoint another proxy to vote on your behalf.

What if I sign and return a proxy card, but do not provide voting instructions?

Proxies that are properly executed and delivered, and not revoked, will be voted as specified on the proxy card. If no direction is specified on the proxy card, the proxy will be voted as follows:

•for the election of the three nominees for director described in this proxy statement;

•for ratification of the appointment of our independent registered public accounting firm for fiscal year 2016; and

•for the approval, on an advisory basis, of named executive officer compensation.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the annual meeting. You may do this by:

•voting again by the Internet or by telephone prior to 11:59 p.m. Eastern Time, on January 5, 2016;

•giving written notice to our Corporate Secretary that you wish to revoke your proxy and change your vote; or

•voting in person at the annual meeting.

What is a quorum?

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the annual meeting, present in person or represented by proxy, is necessary to constitute a quorum. The election inspector appointed for the meeting will tabulate votes cast by proxy and in person at the meeting and determine the presence of a quorum.

Will my shares be voted if I do not vote by the Internet, vote by telephone, sign and return a proxy card, or attend the annual meeting and vote in person?

If you are a stockholder of record and you do not vote by the Internet, vote by telephone, sign and return a proxy card or attend the annual meeting and vote in person, your shares will not be voted and will not count in deciding the matters presented for stockholder consideration in this proxy statement.

If your shares are held in "street name" through a bank or broker and you do not provide voting instructions before the annual meeting, your bank or broker may vote your shares on your behalf under certain circumstances. Brokerage firms have the authority under certain rules to vote shares for which their customers do not provide voting instructions on "routine" matters.

The ratification of the appointment of our independent registered public accounting firm is considered a "routine" matter under these rules. Therefore, brokerage firms are allowed to vote their customers' shares on these matters if the customers do not provide voting instructions. If your brokerage firm votes your shares on these matters because you do not provide voting instructions, your shares will be counted for purposes of establishing a quorum to conduct business at the meeting and in determining the number of shares voted for or against each routine matter.

When a matter is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that matter, the brokerage firm cannot vote the shares on that matter. This is called a "broker non-vote." Only the ratification of the appointment of our independent registered public accounting firm is considered a "routine" matter. The other matters are not considered routine matters.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

How are abstentions and broker non-votes counted?

Broker non-votes will be considered as present for purposes of establishing a quorum but not entitled to vote with respect to a matter that is not "routine." Because none of the matters contained in this proxy statement other than the ratification of the appointment of the independent registered public accounting firm is considered a "routine" matter for stockholder consideration, the brokers will not have discretionary authority to vote the shares with respect to such matters and if you do not instruct your bank or broker how to vote your shares, no votes will be cast on your behalf with respect to such matters.

Abstentions and broker non-votes will have no effect on any of the proposals at the annual meeting.

How are votes tabulated?

According to our By-Laws, each of the proposed items will be determined as follows:

Election of Directors: To be elected, each of the three nominees must receive the affirmative vote of the majority of votes cast for such director at the annual meeting.

All Other Proposals: For all of the other proposals described in this Proxy Statement and any other proposals that may be presented at the annual meeting, such proposal will be determined by a majority of the votes cast affirmatively or negatively.

How are proxies solicited and what is the cost?

We will bear all expenses incurred in connection with the solicitation of proxies. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of common stock. Our directors, officers and employees may solicit proxies by mail, telephone, and personal contact. They will not receive any additional compensation for these activities.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on January 6, 2016

The proxy statement and annual report are available at www.proxyvote.com

QUESTIONS AND ANSWERS ABOUT COMMUNICATIONS,
GOVERNANCE, AND COMPANY DOCUMENTS

The Board takes seriously its responsibility to represent the interests of stockholders and is committed to good corporate governance. To that end, the Board has adopted a number of policies and processes to ensure effective governance of the Board and the Company.

How do I contact the Board of Directors?

Pursuant to a policy adopted by the Board, stockholders and other interested parties may communicate directly with the Board as a group or our non-management directors as a group by writing to the Chairman of the Governance Committee and with members of the Audit Committee as a group by writing to the Chairman of the Audit Committee, each in the care of the Corporate Secretary at our principal executive offices. Our principal executive offices are located at 1170 Peachtree Street, NE, Suite 2300, Atlanta, Georgia 30309. All communications will be forwarded promptly by the Corporate Secretary to the appropriate Board member.

Where can I see the Company's corporate documents and SEC filings?

Our proxy materials and annual report are available on our website under "Annual Report/Proxy."

How are directors nominated?

The Governance Committee, comprised of all of the independent directors, is responsible for recommending to the Board a slate of director nominees for the Board to consider recommending to the stockholders, and for recommending to the Board nominees for appointment to fill a new Board seat or any Board vacancy. To fulfill these responsibilities, the Committee annually assesses the requirements of the Board and makes recommendations to the Board regarding its size, composition, and structure. In determining whether to nominate an incumbent director for reelection, the Governance Committee in consultation with the Chairman of the Board, evaluates each incumbent director's continued service in light of the current assessment of the Board's requirements, taking into account factors such as evaluations of the incumbent's performance. Directors whose terms expire at the next annual meeting undergo peer and self-assessment prior to being nominated for reelection.

When the need to fill a new Board seat or vacancy arises, the Governance Committee proceeds by whatever means it deems appropriate to identify a qualified candidate or candidates, and candidates may be identified through the engagement of an outside search firm, recommendations from independent directors, the Chairman of the Board, management, or other advisors to the Company, and shareholder recommendations. As expressed in our Corporate Governance Guidelines, we do not set specific criteria for directors, but the Committee reviews the qualifications of each candidate, including, but not limited to, the candidate's experience, judgment, diversity, and skills in such areas as marketing, manufacturing, software, and electronic and distribution technologies, as well as accounting or financial management. Our Corporate Governance Guidelines provide that the Committee should consider diversity when reviewing the appropriate experience, skills, and characteristics required of directors. In evaluating director candidates, the Governance Committee considers the diversity of the experience, skills and characteristics that each

candidate brings to the Board and whether the candidate's background, qualifications and characteristics will complement the overall membership of the Board. The Governance Committee and the Board seeks to have a Board that is diverse in terms of experience across a range of industries and skill sets. In addition, the Board believes that directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an

9

extended period of time. Therefore, our Corporate Governance Guidelines prohibit a director from serving on more than six public company boards (including our Board) at one time.

Final candidates are generally interviewed by multiple Committee members as well as the Chairman of the Board. The Committee makes a recommendation to the Board based on its review, the results of interviews with the candidates, and all other available information. The Board makes the final decision on whether to invite a candidate to join the Board. The Board-approved invitation is extended through the Chairman of the Governance Committee and the Chairman of the Board, President, and Chief Executive Officer.

Recommendations for Candidates for Director by Stockholders. Pursuant to a policy adopted by the Board, the Governance Committee will consider recommendations for candidates for director from stockholders made in writing via certified mail and addressed to the attention of the Chairman of the Governance Committee, c/o Corporate Secretary, Acuity Brands, Inc., 1170 Peachtree Street, NE, Suite 2300, Atlanta, Georgia, 30309. The Governance Committee will consider such recommendations on the same basis as those from other sources. Stockholders making recommendations for candidates for director should provide the same information required for director nominations by stockholders at an annual meeting, and such recommendations must be received by the Company in accordance with the advance notice provision of our by-laws, each as explained below under “Next Annual Meeting—Stockholder Proposals.”

INFORMATION CONCERNING THE BOARD AND ITS COMMITTEES

Board and Committee Membership

The Board has delegated certain functions to the Executive Committee, the Audit Committee, the Compensation Committee, and the Governance Committee. Our Statement of Responsibilities of the Committees of the Board contains each Committee’s charter. For information about where to find the charters, see “Questions and Answers about Communications, Governance, and Company Documents.” The table below sets forth the current membership of each of the committees:

Director	Executive	Audit	Compensation	Governance
Vernon J. Nagel	Chairman	—	—	—
W. Patrick Battle	—	—	X	X
Peter C. Browning	X	—	X	Chairman
George C. Guynn	—	X	—	X
James H. Hance, Jr.	—	X	—	X
Gordon D. Harnett	—	—	X	X
Robert F. McCullough	X	Chairman	—	X
Julia B. North	—	—	X	X
Dominic J. Pileggi	—	X	—	X
Ray M. Robinson	X	—	Chairman	X
Norman H. Wesley	—	X	—	X

During the fiscal year ended August 31, 2015, the Board met five times. All of our directors attended 100% of the Board meetings. All but one of our directors attended 100% of the total committee meetings on which the director served during the fiscal year, and the one director attended at least 85% of the total meetings held by the Board and the committees on which the director served. We typically expect that each continuing director will attend the annual meeting of stockholders, absent a valid reason. All of the directors serving at the time of last year’s annual meeting attended the meeting.

Board Leadership Structure

Mr. Nagel currently holds the positions of Chairman of the Board and Chief Executive Officer, and Mr. Browning serves as our independent Lead Director. Our Corporate Governance Guidelines provide that whenever the Chairman of the Board is a member of management, there will be a Lead Director. The Lead Director is an independent director appointed each year by the independent members of the Board after the annual meeting of stockholders.

The Lead Director's responsibilities are set forth in our Corporate Governance Guidelines. These responsibilities include:

- Providing oversight to ensure the Board works in an independent, cohesive fashion;
- Ensuring Board leadership in the absence or incapacitation of the Chairman of the Board;

10

- Chairing Board meetings when the Chairman of the Board is not in attendance;
- Coordinating with the Chairman of the Board to ensure the conduct of the Board meeting provides adequate time for serious discussion of appropriate issues and that appropriate information is made available to Board members on a timely basis; and
- Developing the agenda for and chairing executive sessions and acting as liaison between the independent directors and the Chairman of the Board on matters raised in such sessions.

In addition, the Lead Director is entitled to request material and receive notice of and attend all meetings of Board committees. The Board believes that having an independent Lead Director whose responsibilities closely parallel those of an independent chairman ensures that the appropriate level of independent oversight is applied to all Board decisions.

Our Corporate Governance Guidelines provide that our Board will include a majority of independent directors. As described below under “Item 1—Election of Director,” 10 of our 11 directors are independent. In addition, all of the directors on each of the Audit, Compensation, and Governance Committees are independent directors. Each of these committees is led by a committee chair that sets the agenda for the committee and reports to the full Board on the committee’s work.

Our Corporate Governance Guidelines further provide that all non-management directors meet in executive session outside the presence of the Chief Executive Officer and other Company personnel during a portion of each of the Board’s in-person meetings. As noted above, the Lead Director chairs these executive sessions and develops the agenda for each executive session.

Our company has employed this leadership structure of a combined Chairman and Chief Executive Officer for many years, and we believe that this leadership structure has been effective for us. We believe that having a combined Chairman and Chief Executive Officer, an independent Lead Director, a Board comprised of approximately 90% independent directors who meet regularly in executive session, and independent chairs for the Board’s Audit, Compensation, and Governance Committees provides the best form of leadership for us and our stockholders. The Board believes that our leadership structure promotes unified leadership and direction for the Company, allowing for focus and insight on important strategic initiatives, and clear focus for management to execute our strategy and business plans.

The Board’s Role in Risk Oversight

Pursuant to our Corporate Governance Guidelines, it is the Board’s role to provide oversight of the Company’s risk management processes.

The Audit Committee is specifically charged with the responsibility of meeting periodically with management to discuss policies with respect to financial risk assessment and risk management, including the steps management has taken to monitor and control such risks. The other committees of the Board consider the risks within their areas of responsibility. For example, the Compensation Committee considers risk in designing the compensation program, with the goal of appropriately balancing annual incentives and long-term performance. A discussion of the compensation risk analysis conducted by the Compensation Committee is included in the “Compensation Discussion and Analysis” later in this proxy statement.

In addition to the committees’ work in overseeing risk management, our full Board regularly engages in discussions of the most significant risks that the Company is facing. At least annually, management prepares an enterprise risk management report identifying and evaluating these key risks, including cyber risk, and how these risks are being managed. Management presents the report to the Board which also receives updates from management as to material changes to the risk profile or newly identified risks during the year. The Board also receives reports on risk management from the committee chairs.

We believe that our leadership structure, as described above, supports the risk oversight function of the Board. With his in-depth knowledge and understanding of our operations, our Chairman and Chief Executive Officer, Mr. Nagel, is well-positioned to bring key strategic and business issues and risks to the Board’s attention. We have an independent Lead Director and strong independent directors that chair the various committees involved with risk oversight and we encourage open communication between management and directors with respect to risk oversight.

The Executive Committee is authorized to perform all of the powers of the full Board, except the power to amend the By-Laws and except as restricted by Delaware Law. The Executive Committee is called upon in very limited circumstances due to reliance on the other standing committees of the Board and the direct involvement of the entire Board in governance matters. The Committee did not meet during the 2015 fiscal year.

The Audit Committee is responsible for matters pertaining to our auditing, internal control, and financial reporting, as set forth in the Committee's report (see "Report of the Audit Committee") and in its charter. Each member of the Committee is independent under the requirements of the SEC and the Sarbanes-Oxley Act of 2002. In addition, each member of the Committee meets the current independence and financial literacy requirements of the listing standards of the New York Stock Exchange (the

“NYSE”). Each quarter, the Audit Committee meets separately with the independent registered public accounting firm and the internal auditor without other management present. Periodically, and when necessary, the Audit Committee meets separately with the chief financial officer and the general counsel without other management present to review legal and compliance matters. The Board has determined that Messrs. Guynn, Hance, McCullough, Pileggi, and Wesley satisfy the “audit committee financial expert” criteria adopted by the SEC and that each of them has accounting and related financial management expertise required by the listing standards of the NYSE. The Committee held five meetings during the 2015 fiscal year.

The Compensation Committee is responsible for certain matters relating to the evaluation and compensation of the executive officers and non-employee directors, as set forth in its charter. At most regularly scheduled meetings, the Compensation Committee meets privately with an independent compensation consultant without management present. Annually, the Compensation Committee evaluates the performance of the independent consultant in relation to the Committee’s functions and responsibilities. Each member of the Committee is independent under the listing standards of the NYSE and is an outside director under Section 162(m) of the Internal Revenue Code (the “Code”) and a non-employee under Section 16(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, the Board has determined that each member of the Committee meets the additional independence requirements applicable to compensation committees under NYSE listing standards. The Committee held five meetings during the 2015 fiscal year.

The Governance Committee is responsible for reviewing matters pertaining to the composition, organization, and practices of the Board. The Committee’s responsibilities, as set forth in its charter, include recommending Corporate Governance Guidelines, recommending and overseeing the Code of Ethics and Business Conduct, a periodic evaluation of the Board in meeting its corporate governance responsibilities, a periodic evaluation of individual directors, and recommending to the full Board a slate of directors for consideration by the stockholders at the annual meeting and candidates to fill a new Board position or any vacancies on the Board as explained in greater detail above under “Questions and Answers about Communications, Governance, and Company Documents.” Each member of the Committee is independent under the listing standards of the NYSE. The Committee held four meetings during the 2015 fiscal year.

Board Evaluation Process

The Board believes in a robust self-evaluation process, including peer-to-peer assessment of the individual directors. The Governance Committee oversees this process on behalf of the Board. Each year, all members of the Board complete a detailed confidential questionnaire which provides for ratings in key areas and also seeks subjective comments. Outside counsel collects and analyzes the data and prepares a written report summarizing the responses. The Governance Committee discusses the report with the full Board. Matters requiring follow-up are addressed by the Chairman of the Governance Committee and the Chairman of the Board.

Compensation Committee Interlocks and Insider Participation

The directors serving on the Compensation Committee of the Board during the fiscal year ended August 31, 2015 were Ray M. Robinson, Chairman, W. Patrick Battle, Peter C. Browning, Gordon D. Harnett, and Julia B. North. None of these individuals are or ever have been officers or employees of the Company. During the 2015 fiscal year, none of our executive officers served as a director of any corporation for which any of these individuals served as an executive officer, and there were no other Compensation Committee interlocks with the companies with which these individuals or our other directors are affiliated.

COMPENSATION OF DIRECTORS

Non-Employee Directors

We provide each non-employee director with an annual director fee, which includes meeting fees for a specified number of Board and committee meetings. The program is designed to achieve the following goals:

- compensation should fairly pay directors for work required for a company of our size and scope;
- compensation should align directors’ interests with the long-term interests of stockholders; and

the structure of the compensation should be simple, transparent, and easy for stockholders to understand. Directors who are employees receive no additional compensation for services as a director or as a member of a committee of our Board.

Director Compensation Program for Fiscal 2015

12

The non-employee director compensation program for fiscal year 2015 provides for an annual director fee in the amount of \$180,000, which includes meeting fees for the first six Board meetings and the first six meetings attended for each committee, and an additional fee of \$10,000 for serving as chairman of a committee. Non-employee directors receive \$2,000 for each Board meeting attended in excess of six Board meetings per year and \$1,500 for each committee meeting attended in excess of six committee meetings of each committee per year.

Approximately 45% of the annual director fee, or \$80,000, is payable in cash. The cash portion of the annual director fee and any chairman or meeting fees may be deferred into the Deferred Compensation Plan described below.

Approximately 55% of the annual director fee, or \$100,000, is required to be deferred into deferred stock units in the Deferred Compensation Plan until the director exceeds the stock ownership requirement of five times the annual cash retainer fee (5 x \$80,000, or \$400,000). Once the stock ownership guideline has been met, non-employee directors may annually elect to receive this portion of the annual director fee in vested stock grants. Stock grants are issued pursuant to the Deferred Compensation Plan.

When Mr. Battle joined the board on September 26, 2014, he received a stock grant with a value of \$20,000 that vests pro rata over three years from the date of grant.

Deferred Compensation Plan

We maintain the Acuity Brands, Inc. 2011 Nonemployee Director Deferred Compensation Plan (the “Deferred Compensation Plan”), which was approved by stockholders in January 2012. Director fees that non-employee directors elect to defer are invested in deferred stock units to be paid in shares following retirement from the Board or credited to an interest-bearing account to be paid in cash following retirement from the Board. Dividend equivalents on deferred stock units are credited to the interest-bearing account. The Deferred Compensation Plan provides for grants of vested stock in lieu of mandatory deferral for the non-cash component of the annual director fee if the director’s stock ownership exceeds the stock ownership requirement.

Stock Ownership Requirement

In fiscal year 2015, each non-employee director was subject to a stock ownership requirement that required the director to attain ownership in our common stock valued at \$400,000, equal to five times the annual cash retainer fee of \$80,000, within four years of joining our Board. For purposes of the ownership requirement, deferred stock units and unvested restricted stock are counted toward the ownership requirement. Each of our non-employee directors that has been a member of our Board for at least four years meets these stock ownership guidelines. See “Beneficial Ownership of the Company’s Securities.”

Changes to Director Compensation Program for Fiscal 2016

In fiscal 2015, the Compensation Committee reviewed the non-employee director compensation program with the assistance of its independent compensation consultant, based on practices at the same peer companies the Compensation Committee selected to evaluate executive officer compensation. The last time non-employee director compensation had been adjusted was in 2013. In order to position non-employee director compensation at approximately the 50th percentile of the competitive market, the Compensation Committee recommended and the Board approved changes to the program effective for fiscal 2016.

Effective for fiscal 2016, the annual director fee for non-employee directors was increased to \$205,000 from \$180,000 with the entire increase to be comprised of stock. The additional fee for serving as chairman of a committee was increased to \$15,000 from \$10,000.

Director Compensation Table for Fiscal 2015

The following table sets forth information concerning fiscal 2015 compensation of our non-employee directors:

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(1)(2)	Total \$(3)
W. Patrick Battle	\$66,667	\$103,333	\$170,000
Peter C. Browning	90,000	100,000	190,000
George C. Guynn	80,000	100,000	180,000
James H. Hance, Jr.	80,000	100,000	180,000
Gordon D. Harnett	80,000	100,000	180,000
Robert F. McCullough	90,000	100,000	190,000
Julia B. North	80,000	100,000	180,000
Dominic J. Pileggi	80,000	100,000	180,000
Ray M. Robinson	90,000	100,000	190,000
Norman H. Wesley	80,000	100,000	180,000

(1) The \$80,000 payable to the director in cash along with any chairman or excess meeting fees may be deferred at the election of the director into either stock units to be paid in shares following retirement from the Board or credited to an interest-bearing account to be paid in cash following retirement from the Board. The \$100,000 non-cash portion of the annual director fee may, at the election of the director, be granted in vested stock if the director's stock ownership exceeds the stock ownership requirement. Fiscal 2015 director compensation granted in the form of stock awards were issued as follows:

Name	Paid as Vested Stock Grants		Paid as Deferred Stock Units	
	\$	#	\$	#
W. Patrick Battle	\$ -0-	-0-	\$83,333	502
Peter C. Browning	75,000	444	25,000	182
George C. Guynn	100,000	626	-0-	-0-
James H. Hance	75,000	444	25,000	182
Gordon D. Harnett	-0-	-0-	100,000	624
Robert F. McCullough	-0-	-0-	100,000	624
Julia B. North	-0-	-0-	100,000	624
Dominic J. Pileggi	-0-	-0-	100,000	624
Ray M. Robinson	25,000	182	75,000	442
Norman H. Wesley	-0-	-0-	100,000	624

(2) On September 26, 2014, the date Mr. Battle joined our Board, he received a grant of 165 shares of restricted stock that vests pro rata over three years. The number of shares was determined by dividing the intended value of \$20,000 by the closing price of our stock on the date of grant of \$121.42, and rounding to the nearest whole share. The aggregate number of outstanding stock awards at August 31, 2015 was 165 for Mr. Battle, and 110 for Mr. Hance.

(3) The only perquisite received by directors is a company match on charitable contributions. The maximum match in any fiscal year is \$5,000 and is below the required reporting threshold.

BENEFICIAL OWNERSHIP OF THE COMPANY'S SECURITIES

The following table sets forth information concerning beneficial ownership of our common stock as of November 12, 2015, unless otherwise indicated, by each of the directors and nominees for director, by each of the named executive officers, by all directors and executive officers as a group, and by beneficial owners of more than five percent of our common stock. None of our executive officers or non-employee directors holds any of our stock subject to pledge.

Name	Shares of Common Stock Beneficially Owned(1)(2)(3)	Percent of Shares Outstanding(4)	Share Units Held in Company Plans(5)
Mark A. Black	47,586	*	-0-
W. Patrick Battle	165	*	651
Peter C. Browning	2,057	*	22,587
George C. Gwynn	4,484	*	7,411
James H. Hance	8,758	*	182
Gordon D. Harnett	2,518	*	12,657
Robert F. McCullough	2,391	*	20,371
Vernon J. Nagel	786,752	1.8	% -0-
Julia B. North	-0-	*	26,513

* Represents less than 1% of our common stock.

(1) Subject to applicable community property laws and, except as otherwise indicated, each beneficial owner has sole voting and investment power with respect to all shares shown.

(2) Includes shares that may be acquired within 60 days of November 12, 2015 upon the exercise of employee stock options, as follows: 506,547 shares; Mr. Reece, 67,376 shares; and all executive officers as a group, 573,923 shares.

(3) Includes time-vesting restricted shares granted under our 2012 Omnibus Stock Incentive Compensation Plan, portions of which vest in August 2016, 2017, September 2016, 2017, and October 2016, 2017, 2018 and 2019. The executives have sole voting power over these restricted shares. Restricted shares are included for the following individuals: Messrs. Battle and Hance, 110 shares; Mr. Black, 47,586 shares; Mr. Nagel, 46,119 shares; Mr. Reece, 35,586 shares; and all current directors and executive officers as a group, 129,511 shares.

(4) Based on aggregate of 43,781,950 shares of Acuity Brands common stock issued and outstanding as of November 12, 2015.

(5) Includes share units held by non-employee directors in the 2006 and 2011 Nonemployee Directors' Deferred Compensation Plans. Share units are considered for purposes of compliance with the Company's share ownership requirement.

(6) This information is based on a Schedule 13G/A filed with the SEC by T. Rowe Price Associates, Inc., 100 E. Pratt Street, Baltimore, Maryland 21202, on February 13, 2015 containing information as of December 31, 2014.

(7)

This information is based on a Schedule 13G filed with the SEC by Wellington Management Group LLP, 280 Congress Street, Boston, Massachusetts 02210, on February 12, 2015 containing information as of December 31, 2014.

(8) This information is based on a Schedule 13G/A filed with the SEC by JPMorgan Chase & Co., 270 Park Avenue, New York, New York 10017 on January 13, 2015 containing information as of December 31, 2014.

(9) This information is based on a Schedule 13G/A filed with the SEC by BlackRock, Inc., 55 East 52nd Street, New York, New York 10022, on January 30, 2015 containing information as of December 31, 2014.

(10) This information is based on a Schedule 13G/A filed with the SEC by The Vanguard Group, 100 Vanguard Blvd., Malvern, Pennsylvania 19355 on February 10, 2015 containing information as of December 31, 2014.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Directors, officers, and persons who beneficially own more than 10% of our common stock are required by Section 16(a) of the Exchange Act to file reports of ownership and changes in ownership of our common stock with the SEC, the NYSE, and us. All filings were timely during fiscal year 2015.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

There is no family relationship between any of our executive officers or directors, and there are no arrangements or understandings between any of our executive officers or directors and any other person pursuant to which any of them was elected an officer or director, other than arrangements or understandings with our directors or officers acting solely in their capacities as such. Generally, our executive officers are elected annually and serve at the pleasure of our Board.

We have transactions in the ordinary course of business with unaffiliated corporations and institutions, or their subsidiaries, for which certain of our non-employee directors serve as directors. None of our directors serve as executive officers of those companies.

Identifying possible related party transactions involves the following procedures in addition to the completion and review of the customary directors and officers questionnaires. We annually request each director to verify and update the following information:

- a list of entities where the director is an employee, director, or executive officer;
- each entity where an immediate family member of a director is an executive officer;
- each entity in which the director or an immediate family member is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and
- each charitable or non-profit organization where the director or an immediate family member is an employee, executive officer, director, or trustee.

We compile a list of all such persons and entities. The list is reviewed and updated and then distributed within the Company to identify potential transactions through comparison to ongoing transactions along with payment and receipt information. Transactions are compiled for each person and entity and reviewed for relevancy. Relevant information, if any, is presented to the Board to obtain approval or ratification of the transactions.

In addition, under our Code of Ethics and Business Conduct, all transactions involving a conflict of interest, including related party transactions, are generally prohibited. The Code of Ethics requires directors and employees to disclose in writing any beneficial interest they may have in any firm seeking to do business with us or any relationship with any person who might benefit from such a transaction. In certain limited circumstances, our Governance Committee may grant a written waiver for certain activities, relationships, or situations that would otherwise violate the Code of Ethics, after the director or employee has disclosed in writing to the Governance Committee all relevant facts and information concerning the matter.

Pursuant to our Corporate Governance Guidelines and Statement of Responsibilities of Committees of the Board, the Governance Committee annually reviews the qualifications of directors, including any other public company boards on which each director serves. Directors must advise the Chairman of the Board prior to accepting membership on any other public company board.

Management also follows additional procedures to identify related party transactions. These procedures are not evidenced in writing, but are carried out annually at the direction of the Governance Committee in connection with

evaluating directors and director nominees.

With respect to those companies having common non-employee directors with us, management believes the directors had no direct or indirect material interest in transactions in which we engaged with those companies during the fiscal year.

15

PROPOSALS REQUIRING YOUR VOTE

ITEM 1—ELECTION OF DIRECTORS

The Board is responsible for supervising the management of the Company. The Board has determined that all of its current members, except Vernon J. Nagel, the Chairman, President, and Chief Executive Officer, have no material relationship with the Company, and are therefore independent, based on the listing standards of the NYSE, the categorical standards set forth in our Governance Guidelines (available on our website at www.acuitybrands.com under “Corporate Governance”), and a finding of no other material relationships.

The members of the Board are divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders for the year in which the term for their class expires. Our By-Laws provide that the number of directors constituting the Board shall be determined from time to time by the Board.

Currently, the number of directors constituting the Board is fixed at eleven.

The terms for four of our directors, George C. Guynn, James H. Hance, Jr., Vernon J. Nagel, and Julia B. North, expire at this annual meeting. Messrs. Hance and Nagel and Ms. North have been nominated for re-election at the annual meeting. If elected, they will hold office for three-year terms expiring at the annual meeting for fiscal year 2018 or until their successors are elected and qualified. Consistent with the maximum age provisions of our Corporate Governance Guidelines, George C. Guynn, a current director, has not been nominated for re-election at the annual meeting and will retire from the Board at that time. Our Corporate Governance Guidelines provide that directors will not be nominated for election after their 72nd birthday, except in unusual circumstances, and are expected to offer to resign as of the annual meeting following their 72nd birthday. Effective immediately following the annual meeting, the size of the Board will be reduced to ten members.

The persons named in the accompanying proxy, or their substitutes, will vote for the election of the three nominees listed hereafter, except to the extent authority to vote for any or all of the nominees is withheld. No proposed nominee is being elected pursuant to any arrangement or understanding between the nominee and any other person or persons. All nominees have consented to stand for election at this meeting. If any of the proposed nominees become unable or unwilling to serve, the persons named as proxies in the accompanying proxy, or their substitutes, shall have full discretion and authority to vote or refrain from voting for any substitute nominees in accordance with their judgment. The three director nominees listed below are currently directors of the Company. The following is a summary of each director nominee’s business experience and qualifications, other public company directorships held currently or in the last five years, and membership on the standing committees of the Board of the Company.

Director Nominees for Terms Expiring at the Annual Meetings for Fiscal Year 2018

JAMES H. HANCE, JR.

71 years old

Director since August 2014

Operating executive of the Carlyle Group LP

Vice Chairman of Bank of America from 1993 to 2005; Chief Financial Officer from 1988 to 2004

• Previous Directorships: EnPro Industries, Inc., Lowe's Companies, Inc., Nucor Corporation, The Phoenix Companies, Inc., and Wachovia Corporation

• Lead Director, Chairman of the Governance Committee, and a member of the Compensation and Executive Committees of the Board

• Mr. Browning's operational and strategic expertise from his experience as the Chief Executive Officer of two public companies servicing individual and consumer businesses, significant corporate governance knowledge from extensive

service on other public company boards, and familiarity with issues facing the manufacturing industry gained from senior leadership positions and board service qualify him to serve as a director of our Board
Term expires at the Annual Meeting for Fiscal 2017

GORDON D. HARNETT

72 years old

Director since January 2009

Chairman, President and Chief Executive Officer of Brush Engineered Materials Inc. (now known as Materion Corporation) from 1991 until May 2006

Senior Vice President of The B.F. Goodrich Company (“Goodrich”) from 1988 to 1991; President and Chief Executive Officer of Tremco Inc., a wholly owned subsidiary of Goodrich, from 1982 to 1988; series of senior executive positions with Goodrich from 1977 to 1982

Director: EnPro Industries, Inc. (Non-executive Chairman)

Previous Directorships: Brush Engineered Materials, Inc., The Lubrizol Corporation, and PolyOne Corporation

Member of the Compensation and Governance Committees of the Board

Mr. Harnett’s knowledge of the manufacturing industry, leadership experience from serving as Chairman and Chief Executive Officer of a multinational corporation and broad understanding of international operations gained through senior leadership positions, qualify him to serve as a director of our Board

Term expires at the Annual Meeting for Fiscal Year 2016

ROBERT F. McCULLOUGH

73 years old

• Director since March 2003

Former Chief Financial Officer of AMVESCAP PLC (now known as Invesco Ltd.) from April 1996 to May 2004 and Senior Partner from May 2004 until he retired in December 2006

Joined the New York audit staff of Arthur Andersen LLP in 1964, served as Partner from 1972 until 1996, and served as Managing Partner in Atlanta from 1987 until April 1996

Certified Public Accountant

Member of the American Institute and the Georgia Society of Certified Public Accountants

Director: Primerica, Inc.

Previous Directorships: Comverge, Inc., Mirant Corporation, and Schweitzer-Mauduit International, Inc.

Chairman of the Audit Committee and a member of the Executive and Governance Committees of the Board

Mr. McCullough’s expertise in accounting, financial controls and financial reporting, experience consulting on areas related to strategic planning and service on other public company boards, including having served as the chairman of several audit committees, qualify him to serve as a director of our Board

Term expires at the Annual Meeting for Fiscal Year 2016

DOMINIC J. PILEGGI

64 years old

Director since September 2012

Chairman of Thomas & Betts Corporation from 2006 to 2013; Thomas & Betts Corporation was acquired by ABB Ltd. in May 2012

Chief Executive Officer of Thomas & Betts from January 2004 until his retirement in 2012; held other management positions at Thomas & Betts, including Chief Operating Officer (2003 to 2004) and President—Electrical Products (2000 to 2003)

Held senior executive positions at Casco Plastic, Inc., Jordan Telecommunications and Viasystems Group, Inc. from 1995 to 2000

Former Chairman of the Board of Governors of the National Electrical Manufacturers Association

Previous Directorships: Exide Corporation, Lubrizol Corporation, and Viasystems Group

Member of the Audit and Governance Committees of the Board

Mr. Pileggi's operational, manufacturing, marketing and strategic expertise from his more than 20 years in the electrical products industry, including his experience as the Chief Executive Officer of a global public company servicing multinational industrial businesses, and his significant corporate governance knowledge from service on other public company boards, qualify him to serve as a director of our Board

Term expires at the Annual Meeting for Fiscal Year 2016

RAY M. ROBINSON

67 years old

Director since December 2001

• Non-executive Chairman of Citizens Trust Bank since May 2003

• President of Atlanta's East Lake Golf Club from May 2003 to December 2005 and President Emeritus since December 2005

• Chairman of Atlanta's East Lake Community Foundation from November 2003 to January 2005 and Vice Chairman since January 2005

• President of the Southern Region of AT&T Corporation from 1996 to May 2003

• Director: Aaron's Inc. (Chairman), American Airlines Group, Inc., Avnet, Inc., Fortress Transportation and Infrastructure Investors LLC, and Citizens Trust Bank (Chairman) (trading as Citizens Bancshares)

• Previous Directorships: Choicepoint Inc., Mirant Corporation, and RailAmerica, Inc.

• Chairman of the Compensation Committee and a member of the Executive and Governance Committees of the Board

• Mr. Robinson's extensive service on other public company boards, sales and marketing experience gained through senior leadership positions, extensive operational skills from his tenure at AT&T, and longstanding involvement in civic and charitable leadership roles in the community qualify him to serve as a director of our Board

• Term expires at the Annual Meeting for Fiscal 2017

NORMAN H. WESLEY

• 65 years old

• Director since January 2011

• Chairman of Fortune Brands, Inc. ("Fortune") from December 1999 to September 2008; served as Chief Executive Officer from December 1999 to December 2007; also served in a series of senior executive positions with Fortune from 1984 to 1999

• Director: Fortune Brands Home & Security, Inc. and Keurig Green Mountain, Inc. (Chairman)

• Previous Directorships: R.R. Donnelly & Sons Company, Pactiv Corporation, Fortune Brands, Inc., and ACCO Brands Corporation

• Member of the Audit and Governance Committees of the Board

• Mr. Wesley's operational and strategic expertise from more than 20 years of experience as a senior executive, including eight years of experience as Chairman and Chief Executive Officer of a multinational corporation with various brands serving multiple sales channels, as well as his service on other public company boards qualify him to serve as a director of our Board

• Term expires at the Annual Meeting for Fiscal 2017

ITEM 2—RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the 2015 Annual Meeting, a proposal will be presented to ratify the appointment of Ernst & Young LLP ("E&Y") as the independent registered public accounting firm to audit our financial statements for the fiscal year ending August 31, 2016. E&Y has performed this function for us since 2002. One or more representatives of E&Y are expected to be present at the 2015 Annual Meeting and will be afforded the opportunity to make a statement if they so desire and to respond to appropriate stockholder questions. Information regarding fees paid to E&Y during fiscal year 2015 and fiscal year 2014 is set out below in "Fees Billed by Independent Registered Public Accounting Firm." The Board of Directors recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee and the Board of Directors previously adopted a written charter to set forth the Audit Committee's responsibilities. The charter is reviewed annually and amended as necessary to comply with new regulatory requirements. A copy of the Audit Committee charter, which is included in the Statement of Responsibilities of Committees of the Board, is available on the Company's website at www.acuitybrands.com under the heading, "Corporate Governance." The Audit Committee is comprised solely of independent directors, as such term is defined by the listing standards of the New York Stock Exchange. The Committee held five meetings during fiscal year 2015.

The Company's management has the primary responsibility for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. As required by the charter, the Audit Committee reviewed the Company's audited financial statements and met with management to discuss the audited financial statements in the Company's Annual Report on Form 10-K, including the quality, not just the acceptability, of the accounting policies; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Audit Committee received from the independent registered public accounting firm the required written disclosures regarding its independence and the report regarding the results of its integrated audit. The Committee reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the Company's accounting policies and such other matters as are required to be discussed with the Committee under the rules adopted by the Public Company Accounting Oversight Board (United States) ("PCAOB"), the rules of the Securities and Exchange Commission, and other applicable regulations. In addition, the Committee has discussed with the independent registered public accounting firm the firm's independence from Company management and the Company, including the matters in the letter from the firm required by PCAOB Rule 3526, Communication with Audit Committees Concerning Independence, and considered whether the non-audit services provided by them during fiscal 2015 were compatible with the independent registered public accounting firm's independence.

The Committee also reviewed and discussed together with management and the independent registered public accounting firm the Company's audited financial statements for the year ended August 31, 2015 and the results of management's assessment of the effectiveness of the Company's internal control over financial reporting, including their knowledge of any fraud, whether or not material, that involved management or other employees who had a significant role in the Company's internal controls and the independent registered public accounting firm's audit of internal control over financial reporting.

The Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee meets with the internal auditors and the independent registered public accounting firm on a quarterly basis, with and without management present, to discuss the results of their examinations; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting.

Based on its discussions with management and the Company's independent registered public accounting firm referenced above, the Audit Committee did not become aware of any material misstatements or omissions in the audited financial statements. Accordingly, the Audit Committee recommended to the Board of Directors that the audited financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting be included in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2015 for filing with the SEC.

The Audit Committee is directly responsible for the appointment and oversight of our independent registered public accounting firm, including review of their qualifications, independence and performance. In determining whether to reappoint

Ernst & Young LLP (“E&Y”) as the Company’s independent auditor, the Audit Committee took into consideration a number of factors, including the length of time the firm has been engaged, the quality of the Audit Committee’s ongoing discussions with E&Y, an assessment of the professional qualifications and past performance of the audit team, the appropriateness of fees, and external data regarding the firm’s audit quality and performance, including recent PCAOB reports on E&Y and its peer firms. Based on this evaluation, the Audit Committee believes that E&Y is independent and that it is in the best interests of the Company and our stockholders to retain E&Y to serve as our independent auditor for fiscal 2016.

AUDIT COMMITTEE

Robert F. McCullough, Chairman

George C. Guynn

James H. Hance, Jr.

Dominic J. Pileggi

Norman H. Wesley

FEES BILLED BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table sets forth the aggregate fees billed during the fiscal years ended August 31, 2015 and 2014:

	2015	2014
Fees Billed:		
Audit Fees	\$2,340,000	\$2,240,000
Tax Fees	360,000	220,000
Total	\$2,700,000	\$2,460,000

Audit Fees include fees for services rendered for the audit of our annual financial statements, the review of the interim financial statements included in quarterly reports, and audits of statutory financial statements in certain foreign locations. Audit fees also include fees associated with rendering an opinion on our internal controls over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees include amounts billed to us primarily for international tax compliance as well as for assistance with the pursuit of discretionary incentives from various tax authorities related to proposed business and expansion plans. The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to engage and terminate our independent registered public accounting firm, to pre-approve the performance of all audit and permitted non-audit services provided to us by our independent registered public accounting firm in accordance with Section 10A of the Exchange Act, and to review with our independent registered public accounting firm their fees and plans for all services. All fees paid to E&Y were pre-approved by the Audit Committee and there were no instances of waiver of approval requirements or guidelines.

The Audit Committee considered the provision of non-audit services by the independent registered public accounting firm and determined that provision of those services was compatible with maintaining auditor independence. There were no “reportable events” as that term is described in Item 304(a)(1)(v) of Regulation S-K.

EXECUTIVE OFFICERS

Executive officers are elected annually by the Board and serve at the discretion of the Board. Vernon J. Nagel serves as a Director and as an executive officer. His business experience is discussed above in "Item 1—Election of Directors—Director Nominees for Terms Expiring at the Annual Meeting for Fiscal Year 2018."

Other executive officers as of the date of this Proxy Statement are:

President of Belden's Communications Division from June 1999 to April 2002

Vice-President Finance, Treasurer and Chief Financial Officer of Belden from August 1993 to June 1999

Certified Public Accountant

Member of the American Institute and the Texas Society of Certified Public Accountants

Serves on the Board of the National Association of Manufacturers, Georgia Chamber of Commerce, and Atlanta Police Foundation

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed with management the following Compensation Discussion and Analysis section of the Proxy Statement. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for fiscal 2015 for filing with the SEC.

COMPENSATION COMMITTEE

Ray M. Robinson, Chairman

W. Patrick Battle

Peter C. Browning

Gordon D. Harnett

Julia B. North

COMPENSATION DISCUSSION AND ANALYSIS

This section of the proxy statement describes the material elements of the fiscal 2015 compensation program for the named executive officers listed in the Summary Compensation Table. We first provide a highlight of key compensation considerations for fiscal 2015. We then give a business update and describe in more detail our executive compensation philosophy, the overall objectives of our compensation program, and each element of compensation that we provide. Finally, we describe the key factors the Compensation Committee considered in determining fiscal 2015 compensation for the named executive officers.

For fiscal 2015, our named executive officers are:

- Vernon J. Nagel, Chairman, President and Chief Executive Officer;
- Mark A. Black, Executive Vice President of the Company and President of Acuity Brands Lighting, Inc.; and
- Richard K. Reece, Executive Vice President and Chief Financial Officer.

Key Compensation Decisions for Fiscal 2015

Our named executive officers are compensated in a manner consistent with our strategy, competitive practice, sound compensation governance principles, and alignment with stockholder interests. The core of our executive compensation philosophy is “pay for performance” for upper-quartile performance.

In making compensation decisions, the Compensation Committee took into account the level of achievement of certain financial performance measures (adjusted diluted earnings per share, adjusted consolidated operating profit margin and adjusted cash flow as detailed below) as well as a number of other factors, including:

- Return on stockholders’ equity in excess of cost of capital;
- Solid execution of our annual business plan and progress on achieving key strategic goals, such as exceeding the growth rate of our end markets, expanding our industry-leading portfolio of innovative products and solutions, enhancing our customer service and support capabilities, and achieving operating efficiencies;
- Continued focus on leadership development and performance management processes; and
- Positive total shareholder returns (“TSR”) over the various 1, 3 and 5-year periods, as well as favorable comparisons to the Dow Jones U.S. Electrical Components & Equipment Index, the Dow Jones U.S. Building Materials & Fixtures Index, and the Standard & Poor’s MidCap 400 Index.

In fiscal 2015, the Company reported record results for net sales, net income, diluted earnings per share, and cash flow from operations. Fiscal 2015 diluted earnings per share increased 26% over the prior year while adjusted diluted earnings per share increased 36% over the prior year.¹

Fiscal 2015 adjusted diluted earnings per share excludes special charges related to streamlining activities, acquisition-related professional fees, and a net loss associated with financial instruments to hedge the foreign currency exposure related to the acquisition of Canadian-based Distech Controls, Inc., while fiscal 2014 adjusted diluted earnings per share excludes partial recoveries of losses incurred in the prior fiscal year pertaining to the fraud at a freight payment and audit service firm formerly retained by the Company. See page 23 of our Annual Report on Form 10-K for fiscal 2015 for a reconciliation of adjusted diluted earnings per share to diluted earnings per share for fiscal 2015 and 2014.

At August 31, 2015, the 1, 3, and 5-year annualized total returns on the Company's common stock exceeded that of each of its respective benchmark indexes as noted in the following table:

	Annualized Total Returns		
	1-Year	3-Years	5-Years
Acuity Brands, Inc.	58%	46%	39%
Dow Jones U.S. Electrical Components & Equipment Index	(10)%	12%	17%
Dow Jones U.S. Building Materials & Fixtures Index	15%	22%	25%
Standard & Poor's MidCap 400 Index	0%	15%	16%

Based on this comprehensive performance assessment, combined with a review of the economic environment and competitive landscape, the Compensation Committee made the following key compensation decisions for our named executive officers for fiscal 2015:

Messrs. Black and Reece each received a base salary increase to \$440,000 from \$430,000. Additionally, for the Annual Cash Incentive Plan, the individual incentive target percentage for each of Messrs. Black and Reece was increased to 90% from 80%. The increases were based on market data, the performance of each individual, and in recognition of strong company performance in fiscal 2014.

Annual cash incentive awards to named executive officers were paid at approximately 333% of target based on Company achievement of fiscal 2015 performance goals (adjusted diluted earnings per share, adjusted consolidated operating profit margin, and adjusted cash flow) previously approved by the Compensation Committee, adjusted for their individual performance factor.

Equity incentive awards (granted in October 2015 based upon fiscal 2015 performance) were approved at approximately 150% of target based on Company achievement of the fiscal 2015 performance goal (adjusted diluted earnings per share) and were granted in the form of two-thirds in restricted stock and one-third in stock options, which the Committee believed offered a total equity incentive opportunity aligned with stockholder interests including the appropriate balance of risk, long-term company stock price performance, and retention.

Messrs. Black and Reece each received a special equity award valued at \$3.5 million in the form of restricted stock that will vest in four equal annual installments. The awards were in recognition of the individual achievements of Messrs. Black and Reece in driving improvements in the Company's financial performance and expanding the Company's addressable market through the implementation of Acuity Brands' tiered solutions strategy, both of which have led to increased shareholder value.

Following a competitive assessment of executive retirement benefits and with an objective to ensure such company benefits are sufficient to retain and attract executive talent, amendments to the Acuity Brands, Inc. 2002 Supplemental Executive Retirement Plan ("SERP") were approved which provided for an incremental benefit to participants, including each of the named executive officers. The incremental benefit provides a monthly benefit for 180 months commencing at age 60 equal to 1.4% of the participant's "average annual compensation" multiplied by his years of credited service not to exceed 10 years, divided by 12. SERP participants may elect to receive the actuarial equivalent of the incremental benefit in the form of a lump sum cash payment. The SERP was also amended so that upon the occurrence of a Section 409A change in control event (as defined in the SERP), the SERP shall be terminated consistent with the requirements of Treasury Regulation section 1.409A-3(j)(4)(ix)(B), and the Company shall, within five (5) days of such an event, pay to each participant a lump sum cash payment equal to the lump sum actuarial equivalent of the participant's accrued benefit as of such date. The definition of actuarial equivalent (with respect to accrued benefits other than the participant's vested accrued benefit as of December 31, 2004) was amended whereby an interest rate equal to the lesser of 2.5% per annum or the yield on 10-Year U.S. Treasury Bonds will be used in determining the lump sum actuarial equivalent. Additionally, the SERP was amended so that if any action at law or in equity is necessary for a participant to enforce or interpret the terms of the SERP, the Company shall promptly pay the participant's reasonable attorneys' fees and other reasonable expenses incurred with respect to such action.

The severance agreements for Messrs. Black and Reece were each amended to adjust the multiplier used in the severance payout formula for calculating the payment of a cash amount equal to the executive's gross salary multiplied by a specified percentage to match the individual incentive targets approved by the Compensation Committee under

the Annual Cash Incentive Plan.

Other Compensation-Related Matters

The Compensation Committee undertook its annual risk assessment of our compensation program for fiscal 2015. The Committee concluded that the program does not encourage management to take excessive risks that may have a material impact on the Company, and that the program serves the stockholders' best interests in our sustained long-term performance by including

26

an appropriate balance of financial performance measures, extended vesting schedules, and significant stock ownership requirements.

The Compensation Committee annually considers the independence of its compensation consultant. For fiscal 2015, the Compensation Committee determined that its consultant (Pay Governance LLC) was independent and that no conflicts of interest were raised.

Consideration of “Say on Pay” Voting Results

The Compensation Committee considered the results of the stockholder “say on pay” vote at our 2014 annual meeting in making compensation decisions for fiscal 2015. Because over 98% of votes cast for or against the proposal approved our compensation program as described in our 2014 proxy statement, the Compensation Committee believes that stockholders support our pay for performance policies. Therefore, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation for fiscal 2015.

Business Update

In fiscal 2015, we continued to successfully execute our strategy to extend our leadership position in the North American lighting solutions market by providing our customers with differentiated value from our industry-leading portfolio of innovative products and solutions along with superior service. We believe our channel and product diversification, as well as our strategies to better serve customers with new, more innovative lighting solutions and the strength of our many sales forces have allowed us to outperform the growth rate of the overall lighting market we serve. Our solid growth is due in large part to our focused strategy to diversify our portfolio to be less reliant on new building construction and more focused on growing portions of the market, including renovation and lighting control solutions that enhance the visual environment while optimizing energy usage.

Fiscal 2015 net sales rose 13% to a record \$2.7 billion. Operating profit for fiscal 2015 increased \$77.2 million, or 26%, to a record \$376.3 million compared with \$299.1 million in the year-ago period. Net income for fiscal 2015 increased \$46.3 million, or 26%, to a record \$222.1 million compared with \$175.8 million in the year-ago period. Diluted earnings per share for fiscal 2015 increased \$1.04, or 26%, to a record \$5.09 compared with \$4.05 in the year-ago period.

Adjusted operating profit for fiscal 2015 increased \$98.8 million to a record \$391.9 million, or 14.5% of net sales, compared with prior year’s adjusted operating profit of \$293.1 million, or 12.2% of net sales. Adjusted diluted earnings per share for fiscal 2015 was a record \$5.39, an increase of 36% compared with fiscal 2014 adjusted diluted earnings per share of \$3.97.²

In fiscal 2015, we generated \$289.0 million in net cash from operating activities and \$232.5 million in free cash flow (defined as net cash provided by operating activities minus purchases of property, plant, and equipment). Additionally, we ended fiscal 2015 with a cash balance of \$756.8 million, while investing \$56.5 million in capital expenditures and paying \$22.7 million of dividends to stockholders.

On the strategic front, we accomplished a number of items in fiscal 2015. We extended our leadership position in North America through the continued expansion of our product portfolio of innovative and energy-efficient luminaires and lighting control solutions. As a result, we generated net sales that meaningfully exceeded the growth rate of our addressable market. We continued with investments to enhance our production, distribution, and customer service and support capabilities, and further accelerated the deployment of our lean business processes, which improved our on-time delivery and company-wide productivity. Additionally, we continued to execute our tiered solutions strategy by expanding our solutions portfolio, including the completion of the acquisition of Distech Controls, Inc. on September 1, 2015, and establishing strategic partnerships, all in an effort to capitalize on the evolving and growing market for intelligent networked systems that collect and exchange data to increase efficiency as well as provide a host of other economic benefits resulting from data analytics. The transition to solid-state lighting provides the opportunity to expand our addressable market because lighting now provides an optimal platform for enabling the “Internet of Things” (IoT), which supports the advancement of smart cities and the smart grid.

² Adjusted operating profit and adjusted diluted earnings per share for fiscal 2015 exclude a net special charge of \$12.4 million, or \$0.19 diluted EPS, as well as acquisition-related professional fees of \$3.2 million, or \$0.08 diluted

EPS, and a net loss of \$2.6 million, or \$0.03 diluted EPS, associated with financial instruments to hedge the foreign currency exposure related to the acquisition of Canadian-based Distech Controls, Inc. Adjusted operating profit and adjusted diluted earnings per share for fiscal 2014 exclude the benefit of a \$0.2 million favorable adjustment to the special charge recorded in the prior year and exclude the impact of \$5.8 million, or \$0.08 diluted earnings per share, of pre-tax fraud-related recoveries that partially offset the \$8.1 million pre-tax loss incurred in fiscal 2013 as a result of fraud perpetrated at a freight payment and audit service firm formerly retained by the Company. See page 23 of our Annual Report on Form 10-K for fiscal 2015 for a reconciliation of adjusted operating profit and adjusted diluted earnings per share for fiscal 2015 and 2014.

Compensation Design and Philosophy

Our executive compensation program is designed to:

- Attract and retain executives by providing a competitive reward and recognition program that is driven by our success;
- Provide rewards to executives who create value for stockholders;
- Consistently recognize and reward superior performers, measured by achievement of results and demonstration of desired behaviors; and
- Provide a framework for the fair and consistent administration of pay policies.

Pay for Performance

We compensate management and other key associates through a combination of base salary and variable incentive compensation, typically based on Company performance. To create a “pay for performance” environment, total compensation is comprised of a base salary, generally targeted to be at median (or lower, as in the case of Mr. Nagel), plus significant at-risk performance-based variable annual cash and equity incentive compensation. Our executive compensation program historically has been guided by the following principles, which are intended to support our “pay for performance” philosophy:

- The total compensation program should be designed to strengthen the relationship between pay and performance, with a resulting emphasis on variable, rather than fixed, forms of compensation;
- An appropriate balance should be struck between the focus on achievement of annual goals and the focus on encouraging long-term growth of the Company so as to appropriately balance risk;

Compensation should generally increase with position and responsibility, and total compensation should be higher for individuals with greater responsibility and a greater ability to influence the Company’s results, with a corresponding increase in the percentage of total compensation linked to performance; and

- Management should focus on the long-term interests of all stakeholders, including stockholders.

Going beyond our senior management, we encourage a “pay for performance” philosophy for all of our salaried associates. Each year we put in place an incentive plan for these associates with performance goals that are structured similarly to those for our Annual Cash Incentive Plan.

Our compensation philosophy is consistent with and supportive of our long-term goals. We aspire to be the premier lighting solutions company capable of consistently delivering long-term upper-quartile financial performance. We define upper-quartile performance using specific metrics, including:

- Annual growth in earnings per share of 15% or greater;
- Operating profit margin in the mid-teens or higher;
- Return on stockholders’ equity of 20% or better; and

• Generation of cash flow from operations less capital expenditures in excess of net income.

As we believe there should be a strong relationship between executive compensation and the creation of value for stockholders, we structure our incentive compensation arrangements to pay upper-quartile compensation for upper-quartile performance.

In implementing our compensation philosophy, we emphasize the significant amount of “pay for performance” factored into the total direct compensation mix (base salary and annual cash and equity incentive awards) of our named executive officers with expectations for sustained long-term upper-quartile Company performance. Each executive officer’s total direct compensation opportunity is therefore subject to considerable leverage—median or lower fixed pay in the form of base salary coupled with a wide range of possible outcomes with respect to annual cash and equity incentive compensation driven by performance.

An example of this strategy is the compensation opportunity of our chief executive officer. Mr. Nagel’s base salary has remained at the same level since 2004, which is well down into the lowest quartile of the peer group described below. At the same time, Mr. Nagel’s annual cash and equity incentive award targets are structured to provide an opportunity for him to earn annual cash and equity-based compensation at the upper quartile of competitive compensation as compared to the peer group, if upper quartile levels of performance are achieved. Because we review our business plans annually and we have significant stock ownership requirements for our executives, we believe that we have an

appropriate balance of incentives while limiting excessive risk taking.

28

General Compensation Levels

The total direct compensation opportunities offered to our executive officers have been designed to ensure that they have a strong relationship with the creation of long-term value for stockholders, are competitive with market practices, support our executive recruitment and retention objectives, and are internally equitable among executives. The annual cash and equity incentive portions of total direct compensation are designed to be performance-based and to provide compensation in excess of base salary only when performance goals are met. In addition, the Compensation Committee retains the discretion to make awards outside of these parameters if it determines that a discretionary award is appropriate based on various performance-related facts and circumstances for the fiscal year.

In determining total direct compensation opportunities, the Compensation Committee considers: compensation information and input, including market data, provided by its compensation consultant; the evaluation by the Board of Directors of the chief executive officer; and the chief executive officer's performance review and recommendation for each other executive officer. The market data provides competitive compensation information for positions of comparable responsibilities with comparably-sized manufacturing companies that are representative of the companies with whom we compete for executive talent.

Market Data

The Compensation Committee annually compares the various elements of our executive compensation program with respect to the chief executive officer and other named executive officers in order to evaluate compensation levels relative to that of the market and our competitors through the use of publicly available market surveys and total compensation studies and long-term incentive compensation analyses.

For purposes of analyzing named executive officer compensation relative to that of the market, the Compensation Committee utilizes a list of peer companies that would be a representative example of organizations of comparable size and business focus and that are representative of the companies with whom we compete for executive talent, with a particular focus on ensuring industry-representative peers. In 2014, Pay Governance developed a list of recommended peer companies based upon an assessment of the aforementioned representative factors, as well as the availability of publicly-disclosed compensation information, revenue and market capitalization of between approximately 0.5 times and 2.5 times the Company's levels, and one-year and three-year levels of both historical profitability and total shareholder returns. The Compensation Committee approved the recommended list of peer companies.

The peer group is comprised of the following list of 15 companies and includes primarily industrial machinery, electrical components and equipment, and building products companies with size and financial characteristics generally comparable to us:

Actuant Corporation

AMETEK Inc.

A. O. Smith Corp.

Armstrong World Industries, Inc.

Belden Inc.

Carlisle Companies, Inc.

EnerSys

Generac Holdings Inc.

Weighting and Selection of Elements of Compensation

The Compensation Committee annually determines the mix and weightings of each of the compensation elements by considering the market compensation data as described above. Base salary is the only portion of compensation that is

Graco Inc.

Hubbell Incorporated

IDEX Corporation

Lincoln Electric Holdings, Inc.

Regal Beloit Corporation

USG Corporation

Valmont Industries, Inc.

assured. The more senior the executive within the Company, the greater the weight allocated to annual cash and equity incentive awards. This also furthers the appropriate risk balance in encouraging executives to consider our long-term performance. While the Compensation Committee has established a framework to assure that a significant portion of aggregate target total direct compensation is based on performance for senior executives, actual amounts earned depend on annual Company performance as well as individual performance.

The Compensation Committee uses plan guidelines as well as its judgment and discretion in deciding the mix and value of equity incentive compensation. Various types of equity awards, including restricted stock and stock options, are considered to motivate executives to act like stockholders and to focus on the long-term performance of the business. Restricted stock and stock

options are designed to mirror stockholder interests and make executives sensitive to upside potential and stockholder gains, as well as to downside risk, because a change in the stock price affects overall compensation.

Equity incentives historically have been designed as performance-based awards with payout determined by Company performance and subject to adjustment based on individual performance. However, the Compensation Committee retains discretion to make awards for achievement outside of the targets set forth in the incentive plan.

Elements of Executive Compensation

We typically structure our executive compensation program using the following compensation elements:

• Base salary;

• Performance-based annual cash incentive awards;

• Performance-based annual equity incentive awards; and

• Post-termination compensation (retirement benefits as well as severance and change in control arrangements).

From time to time, the Compensation Committee also will grant an equity award to a named executive officer in recognition of a promotion and the increased responsibility that the promotion entails or to recognize outstanding performance.

The compensation program also includes minimal perquisites and other personal benefits (primarily a charitable contribution match). In addition, named executive officers generally participate in our health and welfare plans on the same basis as other full-time employees.

The objective for each element of compensation is described below.

Element of Compensation	Objective
Base Salary	<ul style="list-style-type: none"> • Provide a competitive level of secure cash compensation; and • Reward individual performance, level of experience, and responsibility.
Performance-Based Annual Cash Incentive Award	<ul style="list-style-type: none"> • Provide variable cash compensation opportunity based on achievement of annual performance goals for year-over-year improvement in financial performance; and • Reward individual performance and overall Company performance.
Performance-Based Annual Equity Incentive Award	<ul style="list-style-type: none"> • Provide variable equity compensation opportunity based on achievement of annual performance goals; • Reward individual performance and overall Company performance; • Encourage and reward long-term appreciation of stockholder value; • Encourage long-term retention through three-year and four-year vesting periods for awards; and • Align interests of executives with those of stockholders.
Post-Termination Compensation	<ul style="list-style-type: none"> • Encourage long-term retention through pension benefits; and • Provide a measure of security against possible employment loss, through a change in control or severance agreement, in order to encourage the executive to act in the best interests of the Company and stockholders.
Base Salary	

The Compensation Committee sets base salary to be competitive with the general market. The base salary is designed to attract talented executives and provide a secure base of cash compensation. Salary adjustments may be made annually as merited or on promotion to a position of increased responsibility. The base salaries of executives generally are set near or below the 50th percentile, although it is set much lower in the case of Mr. Nagel, as described below. For the named executive officers, the Compensation Committee considers the peer group data described above in determining market levels.

In accordance with our pay for performance philosophy, Mr. Nagel's salary of \$600,000 is in the bottom quartile of the peer group and has not been increased since 2004. For fiscal 2015, Messrs. Black and Reece each received a base salary increase to \$440,000 from \$430,000. The increases were based on market data and in recognition of strong Company performance in fiscal 2014.

Incentive Compensation Programs

As part of our "pay for performance" philosophy, a substantial portion of our named executive officers' total compensation opportunity is provided in the form of annual incentive awards consisting of two performance-based elements: cash and equity.

Annual cash incentive awards are earned only if we achieve specific annual year-over-year improvement in Company financial performance and individual performance objectives, which we believe focuses our executives' efforts on company results that directly impact our stock price and link individual performance to our long-term strategic plan.

Annual equity incentive awards are earned only if we achieve specific annual Company performance goals. The equity awards have three or four year vesting schedules designed to align executive compensation with long-term stockholder interests. The extended vesting schedule for the equity awards mitigates against unnecessary or excessive risk.

Each of these incentive compensation programs, including the specific Company performance goals for each program for fiscal 2015, is described in more detail below.

Annual Cash Incentive Awards

Performance-based annual cash incentive compensation is a key component of our executive compensation strategy. This element is designed to be a significant performance-based component of overall compensation. Annual cash incentive awards are made under the Acuity Brands, Inc. 2012 Management Cash Incentive Plan (the "Annual Cash Incentive Plan"), which was approved by stockholders at the January 2013 annual meeting. The Annual Cash Incentive Plan is designed to motivate executive officers to attain specific annual performance objectives that, in turn, further our long-term objectives.

At the start of a fiscal year, an individual annual cash incentive target, stated as a percentage of base salary, is determined for each participant. Measures of Company financial performance for the fiscal year are also determined. The actual award earned is based on the results of our financial performance for the fiscal year. The actual award earned is then subject to the application of negative discretion by the Compensation Committee. The Committee takes into account individual performance for the fiscal year in applying the negative discretion.

Financial Performance—General

At the beginning of the fiscal year, the Compensation Committee selects the annual financial performance measures and sets the annual financial performance goals at the threshold, target, and maximum levels, which determine payouts. Approximately 900 salaried associates participate in the Annual Cash Incentive Plan, including the named executive officers. For most participants, achieving target financial performance would yield an award of 100% of the target amount set at the beginning of the year, excluding any individual performance factor. However, for the named executive officers, achieving target financial performance would yield an award of 200% of the target amount, which is then subject to the application of negative discretion by the Compensation Committee. The target and maximum levels are structured this way for certain senior executives to comply with the requirements of Section 162(m) of the Code (see "Tax Deductibility Policy" below).

Actual financial performance for the fiscal year determines the total amount of dollars available for the incentive pool for annual cash incentive awards to all eligible employees, including the named executive officers. Financial performance percentages are interpolated for performance falling between stated performance measures.

When deciding what company financial measures to use at the start of a fiscal year and the threshold, target and maximum levels of achievement of those measures, the Compensation Committee carefully considers the state of our business, including the prevailing economic environment, and what financial measures are most likely to focus the participants, including the named executive officers, on making decisions that deliver annual results aligned with long-term goals. The Compensation Committee considers management's recommendations regarding the appropriate

financial measures and the annual improvement targets for such measures. The financial measures are chosen from an array of possible financial measures included in the Annual Cash Incentive Plan.

31

Fiscal 2015 Financial Performance Measures and Weighting

The performance measures and weighting for fiscal 2015 awards were established by the Compensation Committee and ratified by the Board of Directors early in fiscal 2015, based on long-term upper quartile performance measures for mid-to-large cap companies. These performance measures and weightings are consistent with those selected by the Compensation Committee for fiscal 2014.

Performance Measure	Weighting
Adjusted diluted earnings per share	34%
Adjusted consolidated operating profit margin	33%
Adjusted cash flow	33%

Performance measures are calculated as follows:

Adjusted diluted earnings per share is computed by dividing net income available to common stockholders by diluted weighted average number of shares and adjusted as described below.

Adjusted consolidated operating profit margin is calculated as operating profit divided by net sales and adjusted as described below.

Adjusted cash flow is calculated as cash flow from operations, minus capital expenditures, plus cash received on sale of property, plus or minus cash flow from significant foreign currency fluctuations, and adjusted as described below.

Each of the performance measures are adjusted to exclude the impact of: (i) streamlining activities and asset impairments, (ii) distortive effect of acquisitions, (iii) significant changes in foreign currency, (iv) changes in tax law or rate, and (v) any other unusual, nonrecurring cost, expense, gain or loss that is separately identified and quantified in the our financial statements or in management’s discussion and analysis of financial performance appearing in our Annual Report on Form 10-K. Adjusted cash flow also reflects an adjustment for operating working capital to partially negate the higher operating working capital requirements necessary to support a high rate of growth in net sales.

Individual Performance

Performance of individual participants in the Annual Cash Incentive Plan, including the named executive officers, is evaluated after the end of the fiscal year by:

Comparing actual performance to daily job responsibilities and pre-established individual objectives consistent with overall company objectives, and

Considering, on a qualitative basis, whether the individual’s performance reflects our corporate values and business philosophies, such as continuous improvement.

The individual objectives for Mr. Nagel were set with the approval of the Compensation Committee. The individual objectives for the other named executive officers were set after individual discussion with the chief executive officer. They include objectives that are common across all executives, and objectives specific to each individual’s role at our Company. For example, an individual objective common for all of the named executive officers included the further development and implementation of continuous improvement (or “Lean”) processes and culture within the Company. At the end of the fiscal year, each participant, including each named executive officer, is given an individual performance management process (“PMP”) rating (a “PMP Rating”), which is translated to a PMP Payout Percentage.

The maximum PMP Payout Percentage that can be earned by participants in the plan is 150%. At the end of the fiscal year, the Compensation Committee or the Board, as applicable, selects the precise payout percentage within the range based on factors such as level of responsibility and impact on our performance, with calibrations made across comparable positions to achieve consistency of the percentages selected.

The table below sets forth the PMP Ratings and the possible PMP Payout Percentages for all participants for fiscal 2015.

PMP Rating	Range of PMP Payout Percentage		
	Minimum	Maximum	
Exceptional	110	% 150	%
Superior	85	% 130	%
Commendable	70	% 110	%
Fair	0	% 70	%
Unacceptable	0	% 0	%

Determination of Award

The level of financial performance is determined after the end of the fiscal year based on actual Company results compared to the financial measures set at the beginning of the fiscal year. In addition, the chief executive officer reports to the Compensation Committee summarizing the individual performance goals and achievements of the named executive officers, including himself. The Compensation Committee considers his report in determining the awards. Under the Annual Cash Incentive Plan, the amount of each actual annual cash incentive award, including the awards to the named executive officers, would be determined as follows:

Base Salary x (Annual Cash Incentive Target % x Financial Performance Payout %) x PMP Payout %

The Annual Cash Incentive Target Percentage, representing the percentage of base salary used in the determination of the award, is set by the Compensation Committee for each of the named executive officers. For fiscal 2015, they were as follows: Mr. Nagel—200%; Mr. Reece—90%; and Mr. Black—90%. The target percentages for Messrs. Black and Reece were each increased to 90% from 80% in the prior year.

The Financial Performance Payout Percentage at target is 100% for most participants in the Annual Cash Incentive Plan. For the named executive officers, the Financial Performance Payout Percentage at target is 200%. The greater percentage is designed to facilitate the Compensation Committee's application of negative discretion as it considers appropriate in accordance with the provisions of Section 162(m) of the Code.

For example, for Mr. Nagel the calculation for his annual cash incentive award, assuming that company performance was at target and that he received an actual PMP Rating of "superior" equivalent to a PMP Payout Percentage of 100%, would be as follows:

$$\$600,000 \times (200\% \times 200\%) \times 100\% = \$2,400,000$$

The Compensation Committee then determines the final award by applying negative discretion as it considers appropriate in accordance with the requirements of Section 162(m) of the Code.

Fiscal 2015 Annual Cash Incentive Award

Our Compensation Committee sets performance levels at threshold, target, and maximum based on annual growth data that correlate to the long-term financial performance of mid-to-large cap companies. The "target" performance level set under the plan required that the annual growth in our financial performance be at the 50th percentile level as historically demonstrated by mid-to-large cap companies with the objective of providing target total compensation at the industry median-level. Awards in excess of target were designed to correspond with levels of growth demonstrated by mid-to-large cap companies. In order to achieve upper-quartile total compensation, annual growth in our financial performance should be consistent with upper-quartile levels of growth demonstrated by mid-to-large cap companies. These performance levels differ from our annual operating plan. For example, the target level of performance set under the 2015 Annual Cash Incentive Plan was lower than our fiscal 2015 annual operating plan. The maximum award is designed to reward only exceptional performance.

(\$ millions, except earnings per share)	Weighting	Performance Objectives			Fiscal 2015 Performance(1)
		Threshold	Target	Maximum	
Performance Measures (2)					
Adjusted diluted earnings per share	34%	\$3.88	\$4.30	\$5.59	\$5.20
Adjusted consolidated operating profit margin	33%	12.2%	12.7%	14.5%	14.0%
Adjusted cash flow	33%	\$162	\$180	\$236	\$234

For fiscal 2015, performance results were adjusted to exclude acquisition-related professional fees and a net loss associated with financial instruments to hedge the foreign currency exposure related to the acquisition of (1) Canadian-based Distech Controls, Inc. Adjusted cash flow reflects an adjustment for the net effect of certain unusual discrete items, including the add-back of \$1.6 million for acquisition-related professional fees during fiscal 2015, which negatively impacted adjusted cash flow by a total of \$300,000.

(2) As expected, the Compensation Committee exercised negative discretion in determining the final fiscal 2015 awards for the named executive officers.

In October 2015, based on the Compensation Committee's certification of performance with respect to fiscal 2015 annual cash incentive targets using information prepared by the Company's finance department, the independent members of the Board approved the Compensation Committee's recommendations with respect to fiscal 2015 annual cash incentives for the named executive officers. The named executive officers earned awards at approximately 333% of target. The following table outlines the threshold, target, maximum, and actual 2015 awards earned under the Annual Cash Incentive Plan for each of the named executive officers for fiscal 2015 as a dollar amount (in thousands).

(\$ in thousands) Named Executive Officer	Annual	Threshold (\$)	Target (\$)	Maximum (\$)	Actual 2015 Annual Incentive Award Earned (\$)(2)
	Incentive Target %				
Vernon J. Nagel	200	—	2,400	6,000 (1)	5,000
Mark A. Black	90	—	792	4,752	2,000
Richard K. Reece	90	—	792	4,752	2,000

(1) The maximum award for Mr. Nagel is capped by the Annual Cash Incentive Plan's limit of a \$6.0 million maximum award payable to an individual participant for any fiscal year.

(2) Reflects application of negative discretion by the Compensation Committee in determining the final awards. Based on the achievement of Company performance measures and their PMP Ratings, Messrs. Nagel, Reece, and Black were eligible to receive annual cash incentive awards of \$6,000,000, \$3,956,040 and \$3,956,040, respectively. As expected, the Compensation Committee exercised negative discretion to reduce the amount of the awards as shown in the table above.

As part of our overall "pay for performance" philosophy, we maintain an annual discretionary incentive plan covering all salaried associates who are not eligible to participate in the Annual Cash Incentive Plan. The incentive plan is designed to reward growth in operating profit. Based on the achievement of Company performance measures, an earned payout was attained in the amount of approximately 12% of annual base compensation for all salaried associates not eligible to participate in the Annual Cash Incentive Plan.

Annual Equity Incentive Awards

A substantial portion of the total direct compensation of our named executive officers is delivered in the form of annual equity awards, including restricted stock and stock options. Equity incentive awards are generally granted on an annual basis and are allocated based on the achievement of an annual Company financial target and individual performance ratings. From time to time, the Compensation Committee will grant equity awards in recognition of a promotion and the increased responsibility that the promotion entails or to recognize outstanding performance. Awards are made under the stockholder-approved Acuity Brands, Inc. 2012 Omnibus Stock Incentive Compensation Plan (the "Equity Incentive Plan" or "EIP"). The purpose of the EIP is to enable executive officers and other eligible associates to accumulate capital through future managerial performance, which the Compensation Committee believes contributes to the future success of our Company. The EIP creates a pool of equity available for annual grants to all eligible associates, including the named executive officers. In fiscal 2015, there were approximately 240 eligible

participants in the EIP. The Compensation Committee believes that awards under the EIP promote a long-term focus on our profitability due to the multi-year vesting period under the plan.

At the beginning of each year, the Compensation Committee selects performance criteria, upon which awards under the EIP are based, from the range of performance measures contained in the EIP. Specific performance goals for the fiscal year are set by the Compensation Committee.

Target awards are determined as a percentage of each executive officer's salary. For most participants in the EIP, achieving target company financial performance yields an award of 100% of the target award for the participant, excluding any individual performance factor. For the named executive officers, achieving target Company performance yields an award of 200% of the target award. The greater percentage for these named executive officers is designed to facilitate the Compensation Committee's application of negative discretion as it considers appropriate in accordance with the provisions of Section 162(m) of the Code.

The total equity incentive award payments to all eligible employees under the EIP cannot exceed 8% of adjusted consolidated operating profit before expenses associated with the EIP.

Final awards for each participant are determined by comparing actual Company performance against the established performance criteria for the year. Final awards also take into account each individual's PMP Rating. Individual performance is evaluated in the same manner as under the Annual Cash Incentive Plan, except that the payout factor is as follows:

PMP Rating	PMP Payout Percentage
Exceptional	Up to 150%
Superior	Up to 125%
Commendable	Up to 100%
Below Commendable	Up to 75%

The Compensation Committee selects the precise payout percentage within the range based on factors such as level of responsibility and impact on our performance with calibrations made across comparable positions to achieve consistency of the percentages selected.

The dollar amount of each actual EIP award, including the named executive officers, is determined as follows:

Base Salary x (Individual EIP Target % x Financial Performance Payout %) x PMP Payout %

The Individual EIP Target Percentage, representing the percentage of base salary used in the determination of the award, is set by the Compensation Committee for each of the named executive officers. For fiscal 2015, they were as follows: Mr. Nagel—300%; Mr. Reece—150%; and Mr. Black—150%. The target percentages for fiscal 2015 did not change from fiscal 2014.

The Compensation Committee, in its discretion and taking into account the recommendations of the chief executive officer, may increase or decrease awards under the EIP.

If an award is earned under the EIP for the year, the Compensation Committee determines the combination of restricted stock and stock options into which the final dollar denominated EIP awards are converted to achieve the appropriate blend of (a) stockholder alignment, (b) compensation risk, (c) focus on long-term stock price appreciation, (d) executive retention, (e) cost effectiveness, and (f) efficient share utilization.

Under the EIP, restricted stock generally vests over a four-year period. Dividends accrue on the restricted stock, but are not paid until the underlying restricted stock vests. Stock options have an exercise price equal to the closing price on the date of grant and generally vest over a three-year period.

Fiscal 2015 Equity Incentive Awards

Consistent with prior years, the Compensation Committee determined that the performance criterion for equity incentive awards for fiscal 2015 was diluted earnings per share, adjusted for the impact of unusual items as described below in further detail. The Compensation Committee set the target under the EIP to require a year-over-year improvement in adjusted diluted earnings per share.

For fiscal 2015, the target was \$4.30, with a threshold of \$3.50 and a maximum of \$4.80. For most participants, the award formula payout percentage is 0% for threshold performance, 100% for target performance and 150% for maximum performance. For the named executive officers, the award formula payout percentage is 0% for threshold performance, 200% for target performance, and 300% for maximum performance, which is then subject to the

application of negative discretion by the Compensation Committee. The payout percentage used in the award formula is capped at 150% (300% for the named executive

35

officers), even if actual performance exceeds the level of performance corresponding to the maximum payout percentage. The target and maximum levels are structured this way to comply with the requirements of Section 162(m) of the Code (see “Tax Deductibility Policy” below).

The following table outlines the fiscal 2015 award targets and actual equity incentive award values for each of the named executive officers as a dollar amount (in thousands). The target and maximum awards assume a financial performance payout percentage of 200% and 300%, respectively. In setting these levels, we expected that the Compensation Committee would exercise negative discretion in determining the final awards.

(\$ in thousands)

Named Executive Officer	Individual Target %	Threshold (\$)	Target (\$)	Maximum (\$)	Actual \$(1)
Vernon J. Nagel	300	\$—	\$3,600	\$8,100	\$5,000
Mark A. Black	150	—	1,320	2,970	1,500
Richard K. Reece	150	—	1,320	2,970	1,500

(1) Reflects application of negative discretion by the Compensation Committee in determining final awards.

Actual adjusted diluted earnings per share for fiscal 2015 for purposes of the EIP of \$5.20 exceeded the target of \$4.30 and resulted in a calculated payout of 150% of target, or 300% for each of the named executive officers prior to the Compensation Committee's exercise of negative discretion.

For fiscal 2015, diluted earnings per share for purposes of the EIP was adjusted to exclude acquisition-related professional fees and a net loss associated with financial instruments to hedge the foreign currency exposure related to the acquisition of Canadian-based Distech Controls, Inc. We calculated adjusted diluted earnings per share by dividing net income adjusted for the aforementioned items available to common stockholders by diluted weighted average number of shares. Individual EIP awards were made accordingly.

The following table provides details about the number of shares of restricted stock and stock options that were granted to the named executive officers by the Compensation Committee as equity incentive awards for fiscal 2015 performance. In determining the allocation of equity awards between restricted stock and stock options, the Compensation Committee considered the items (a) through (f) described above. Two-thirds of the value of the EIP award was allocated to restricted stock, and one-third of the value was allocated to stock options. To determine the number of shares of restricted stock, the allocated value was divided by the closing price of our stock on October 26, 2015, the date of grant. To determine the number of stock options, the allocated value was divided by the Black-Scholes value of our stock on the date of grant.

(\$ in thousands, except Exercise Price of Stock Option)

Named Executive Officer	Number of Shares of Restricted Stock	Number of Shares Underlying Stock Option	Exercise Price of Stock Option (\$)	Grant Date Fair Value of Restricted Stock and Stock Option Award (\$)
Vernon J. Nagel	16,041	31,548	\$207.80	\$5,000
Mark A. Black	4,813	9,464	\$207.80	1,500
Richard K. Reece	4,813	9,464	\$207.80	1,500

Under SEC rules, because the equity incentive awards were granted on October 26, 2015, which was after the end of fiscal 2015, the grant date fair values for these awards are not included in the Fiscal 2015 Summary Compensation Table and the awards are not reflected in the Outstanding Equity Awards at Fiscal 2015 Year-End table. The values will be included in the Summary Compensation Table and reflected in the other compensation tables in fiscal 2016. Special Equity Award

On June 1, 2015, Messrs. Black and Reece each received special equity awards of 19,731 shares of restricted stock valued at \$3.5 million based on the stock price on such date that vest in equal annual installments over four years. The

awards are in recognition of the individual achievements of Messrs. Black and Reece in driving improvements in the Company's financial performance and expanding the Company's addressable market through the implementation of Acuity Brands' tiered solutions strategy, both of which has led to increased shareholder value.

Executive Perquisites

Perquisites and other personal benefits comprised a minimal portion of our executive compensation program. The only perquisite or other personal benefit provided by us to executive officers in fiscal 2015 was a Company match on charitable contributions of \$5,000 and \$1,250 for Messrs. Nagel and Reece, respectively.

Retirement Benefits

We provide retirement benefits under a number of defined benefit retirement plans. As of December 31, 2002, we froze the pension benefits under certain plans for all participants. This means that, while participants retain the pension benefits already accrued, no additional pension benefits accrue after the effective date of the freeze. However, executives formerly covered by the frozen pension plan receive a supplemental annual contribution under a deferred compensation plan, which is designed to replace benefits lost when the pension plan was frozen.

Effective January 1, 2003, we implemented the SERP, which was amended in October 2012. The SERP provides a monthly benefit equal to 2.8% of average cash compensation (base salary and annual cash incentive payment, using the average for the three highest consecutive year period during the participant's service with the Company) multiplied by years of services as an executive officer (up to a maximum of 10 years) divided by 12. The SERP was amended and restated, effective as of June 26, 2015, in the following significant respects:

An incremental benefit was added for participants who were actively employed by the Company on June 26, 2015 (or who first become a participant on or after June 26, 2015). The incremental benefit provides a monthly benefit for 180 months commencing at age 60 equal to 1.4% of the participant's "average annual compensation" multiplied by his years of credited service not to exceed 10 years, divided by 12. Participants may elect to receive the actuarial equivalent of the incremental benefit in the form of a lump sum cash payment.

The definition of actuarial equivalent (with respect to accrued benefits other than the participant's vested accrued benefit as of December 31, 2004) was changed. Prior to the amendment, the definition of actuarial equivalent used an interest rate equal to the lesser of 7% per annum or the yield on 10-Year U.S. Treasury Bonds plus 1.50%; after the amendment, an interest rate equal to the lesser of 2.5% per annum or the yield on 10-Year U.S. Treasury Bonds will be used.

Upon the occurrence of a Section 409A change in control event (as defined in the SERP), the SERP shall be terminated consistent with the requirements of Treasury Regulation section 1.409A-3(j)(4)(ix)(B), and the Company shall, within five (5) days of such an event, pay to each participant a lump sum cash payment equal to the lump sum actuarial equivalent of the participant's accrued benefit as of such date.

If any action at law or in equity is necessary for a participant to enforce or interpret the terms of the SERP, the Company shall promptly pay the participant's reasonable attorneys' fees and other reasonable expenses incurred with respect to such action.

SERP benefits are generally payable for a 15-year period following retirement (as defined in the SERP). Each of the named executive officers participated in the SERP in fiscal 2015.

We also maintain several deferred compensation plans which are described below under "Fiscal 2015 Nonqualified Deferred Compensation." The plans are designed to provide eligible participants an opportunity to defer compensation on a tax-efficient basis. Under certain plan provisions, we make contributions to participants' accounts.

We maintain defined contribution plans ("401(k) plans") for our eligible U.S. employees. The 401(k) plans provide for employee pre-tax contributions as well as employer matching contributions for salaried participants and certain hourly participants that do not participate in qualified defined benefit plans.

Change in Control Agreements

We have change in control agreements with our named executive officers that provide for separation payments and benefits, consistent with common market practices among our peers, upon qualifying terminations of employment in connection with a change in control of our Company. The Board intends for the change in control agreements to provide the named executive officers some measure of security against the possibility of employment loss that may result following a change in control in order that they may devote their energies to meeting the business objectives and

needs of our Company and our stockholders. For additional information on the change in control arrangements see “Potential Payments upon Termination—Change in Control Agreements” below.

37

Severance Agreements

To ensure that we are offering a competitive executive compensation program, we believe it is important to provide reasonable severance benefits to our named executive officers. Accordingly, we have entered into severance agreements with each of our named executive officers.

The severance agreements contain restrictive covenants with respect to confidentiality, non-solicitation, and non-competition and are subject to the execution of a release. The severance agreements are effective for a rolling two-year term, which will automatically extend each day for an additional day unless terminated by either party, in which case they will continue for two years after the notice of termination or for three years following a change in control.

For additional information on the severance arrangements see “Potential Payments upon Termination—Severance Agreements” below.

Compensation and Governance Policies and Practices

Equity Ownership Requirements

Our named executive officers are subject to a share ownership requirement. The requirements are intended to ensure that our executive officers maintain an equity interest in our Company at a level sufficient to assure our stockholders of their commitment to value creation, while addressing their individual needs for portfolio diversification. The share ownership requirement provides that, over a four-year period, the named executive officers will attain ownership in our common stock valued at a multiple of their annual base salary as set forth in the following table.

	Multiple of Salary
Vernon J. Nagel	4X
Mark A. Black	3X
Richard K. Reece	3X

The stock ownership of each named executive officer that was our employee at the end of the fiscal year currently exceeds his requirement. For these purposes, ownership includes stock held directly, interests in restricted stock, stock acquired through our employee stock purchase plan, and investments in our stock through our 401(k) plan. Stock options are not taken into consideration in meeting the ownership requirements.

Hedging, Pledging, and Insider Trading Policy

Our insider trading policy prohibits our employees, officers and directors from hedging their ownership of our common stock, including the prohibition from engaging in short sales of our common stock and from purchasing or selling any derivative securities, or entering into any derivatives contracts relating to our securities. Our insider trading policy also prohibits our employees, officers, and directors from purchasing or selling Acuity Brands securities while in possession of material non-public information.

In September 2014, we amended our insider trading policy to prohibit our executive officers and directors from pledging our common stock. None of our named executive officers or directors holds any of our stock subject to pledge.

Clawback Policy

In September 2014, we adopted a recoupment or “clawback” policy in order to further align the interests of key employees with the interests of our stockholders and strengthen the link between total compensation and the Company’s performance. Under this policy, we may seek to recover or “clawback” incentive-based compensation from any current or former named executive officers and their direct reports who received incentive-based compensation during the three-year period preceding the date on which we announce that we are required to restate any previously issued financial statements due to material noncompliance with any financial reporting requirement under federal securities laws.

Under the policy, the amount to be recovered will be based on the excess of the incentive based-compensation paid to the employee based on the erroneous data over the incentive based-compensation that would have been paid to the employee if the financial accounting statements had been as presented in the restatement. Incentive-based compensation is defined broadly to include bonuses, awards or grants of cash or equity under any of the Company’s

short or long-term incentive compensation or

38

bonus plans, including but not limited to the Annual Cash Incentive Plan and the EIP, in each instance where the bonuses, awards or grants are based in whole or in part on the achievement of financial results. The policy gives the Compensation Committee discretion to interpret and apply the policy.

Equity Award Grant Practices

Annual equity awards under the EIP are approved by the Compensation Committee and the independent members of the Board following the end of the fiscal year. The chief executive officer may make interim equity awards to employees, other than the named executive officers, from a previously approved discretionary share pool on the first business day of each fiscal quarter based on prescribed criteria established by the Compensation Committee. We do not time the granting of equity awards to the disclosure of material information.

Compensation Risk Analysis

Because performance-based incentives play a large role in our overall executive compensation program, we believe that it is important to ensure that these incentives do not result in our executives taking actions that may conflict with our long-term best interests. The Compensation Committee considers risk in designing the compensation program with the goal of appropriately balancing annual incentives and long-term performance. We address this in several ways:

The various financial performance measures that are set under the Annual Cash Incentive Plan and EIP are balanced and typically based upon year-over-year improvement levels that are reviewed and approved by the Board and that we believe are challenging and yet attainable without the need to take inappropriate risks or make material changes to our business or strategy.

Awards under the EIP are made in the form of equity grants that vest over time. We believe the three and four year vesting of the equity awards mitigates against unnecessary or excessive risk taking.

The Annual Cash Incentive Plan and the EIP have maximum payout limitations for each participant and on the total amount of payments to all eligible employees in a fiscal year.

Because the value of the equity awards are best realized through long-term appreciation of stockholder value, especially when coupled with our stock ownership guidelines (described above), we believe this encourages a long-term growth mentality among our executives and aligns their interests with those of our stockholders.

After reviewing with management the design of our compensation programs, the Compensation Committee concluded that our compensation program does not encourage management to take excessive risks and serves the stockholders' best interests in our sustained long-term performance by including an appropriate balance of financial performance measures, extended vesting schedules, and significant stock ownership requirements.

Role of Compensation Consultant

Under its charter, the Compensation Committee is authorized to engage outside advisors at our expense. In fiscal 2015, the Compensation Committee engaged the compensation consulting firm of Pay Governance. Pay Governance provides no additional consulting services to us.

The Compensation Committee periodically approves an engagement letter that describes the duties to be performed by the consultant and the related costs. Under the terms of existing engagement letters, Pay Governance performed the following services for the Compensation Committee in fiscal 2015, in addition to preparation for and attendance at meetings of the Compensation Committee:

Peer group and market pricing analysis for the chief executive officer and the other named executive officers;

Analyses on various matters, including competitive assessments for executive retirement benefits and non-employee director compensation;

Assistance and support on various issues, including updates related to evolving executive compensation and governance trends; and

Review of the draft proxy statement and input and disclosure suggestions.

The chairman of the Compensation Committee may make additional requests of the compensation consultant during the year on behalf of the Committee.

In October 2015, the Compensation Committee considered the independence of Pay Governance. The Compensation Committee requested and received a letter from Pay Governance addressing the consulting firm's independence,

including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any

39

business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The Compensation Committee reviewed these factors and concluded that the consultant is independent and that the work of the consultant did not raise any conflict of interest.

Role of Executive Officers

As discussed above, the chief executive officer reports to the Compensation Committee on his evaluations of the senior executives, including the other named executive officers. He makes compensation recommendations for the other named executive officers with respect to base salary, merit increases, and annual cash bonus and equity incentive awards, which are the basis of discussion with the Compensation Committee. The chief financial officer evaluates the financial implications of any proposed Compensation Committee action.

At the request of the Compensation Committee, meetings of the Compensation Committee are regularly attended by the chief executive officer and the corporate secretary.

Tax Deductibility Policy

Section 162(m) of the Code generally limits for a public company the tax deductibility of compensation to the chief executive officer and the three other executive officers (other than the chief executive officer and chief financial officer) who are the highest paid and employed at year-end to \$1 million per year unless the compensation qualifies as “performance-based” compensation. While we do not design compensation programs solely for tax purposes, we design plans to be tax efficient where possible. However, the Compensation Committee may exercise discretion in those instances when the mechanistic approaches under tax laws would compromise the interest of stockholders. While the Compensation Committee does not intend that an executive officer will earn such an amount, the program is designed to permit the Compensation Committee to reward outstanding performance while retaining the tax deductibility of the award. The Compensation Committee continues to have the ability to use negative discretion in calculating an appropriate award. In a decision to grant discretionary restricted stock and cash awards to the named executive officers, the Compensation Committee considers that such awards may not be deductible.

EXECUTIVE COMPENSATION

Fiscal 2015 Summary Compensation Table

The following table presents compensation data for the named executive officers for fiscal 2015, 2014, and 2013. Because we have only three executive officers, all are named executive officers under SEC rules.

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)(1)(5)	Option Awards (\$)(1)	Non-Equity Incentive Plan Compensation (\$)(2)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)(3)	All Other Compensation (\$)(4)	Total (\$)
Vernon J. Nagel Chairman, President and Chief Executive Officer	2015	\$600,000	—	\$2,133,731	\$1,066,755	\$5,000,000	\$5,934,497	\$57,315	\$14,792,298
	2014	600,000	—	2,133,724	1,066,707	3,000,000	929,064	55,063	7,784,558
	2013	600,000	—	2,000,029	999,936	1,000,000	2,306,138	52,900	6,959,003
Mark A. Black Executive Vice President	2015	437,500	0	4,433,759	466,677	2,000,000	2,671,221	9,537	10,018,694
	2014	422,500	—	2,750,361	333,389	1,120,000	437,073	9,360	5,072,683
	2013	395,000	—	666,676	333,238	350,000	714,826	9,180	2,468,920
Richard K. Reece Executive Vice President and Chief Financial Officer	2015	437,500	0	4,433,759	466,677	2,000,000	2,783,146	10,787	10,131,869
	2014	428,750	—	666,841	333,389	1,020,000	584,546	10,360	3,043,886
	2013	421,750	—	666,676	333,238	325,000	952,412	9,180	2,708,256

Represents the grant date fair value of restricted stock and option awards granted during the applicable fiscal year. The assumptions used to value option awards granted in and prior to fiscal 2015 can be found in Note 9 to our consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended August 31, 2015. Restricted stock awards are valued at the closing price on the NYSE on the grant date. For information regarding stock and options awards granted in fiscal 2016 based on fiscal 2015 performance, see “Compensation Discussion and Analysis—Equity Incentive Awards—Fiscal 2015 Equity Incentive Awards.”

Represents amounts earned under the Annual Cash Incentive Plan for the applicable fiscal year. For fiscal 2015, awards were earned at approximately 333% of target. For information about the 2015 awards, see “Compensation Discussion and Analysis—Elements of Executive Compensation—Fiscal 2015 Annual Cash Incentive Award.”

Represents the increase in the actuarial present value of benefits under the SERP. The increase in pension value for fiscal 2015 was primarily attributable to an incremental benefit provided to participants following a competitive assessment of executive retirement benefits. The increase in pension value for fiscal 2014 was primarily related to a 0.75% decrease in the discount rate. The increase in pension value for fiscal 2013 was primarily attributable to the October 2012 SERP amendment which increased the monthly benefit factor from 1.8% to 2.8%, partially offset by a 1% increase in the discount rate used to calculate the present value. There are no above-market earnings for our deferred compensation plans. For more information about these plans, see “Pension Benefits in Fiscal 2015” and

“Fiscal 2015 Nonqualified Deferred Compensation” below.

(4) For fiscal 2015, includes the following:

	Non-qualified Deferred Compensation Plan Contributions	401(k) Match	Company Match on Charitable Contributions	Total All Other Compensation
Mr. Nagel	\$42,787	\$9,528	\$5,000	\$57,315
Mr. Black	–0–	9,537	–0–	9,537
Mr. Reece	–0–	9,537	1,250	10,787

(5) The 2015 stock award values for Messrs. Black and Reece include a special equity award of 19,731 time-vesting restricted shares of the Company’s common stock (equivalent value of \$3.5 million) which will vest in four equal annual installments beginning June 1, 2016. For more information, see “Compensation Discussion and Analysis—Fiscal 2015 Equity Incentive Awards.”

Fiscal 2015 Grants of Plan-Based Awards

The following table provides information about equity and non-equity awards for fiscal 2015 for each of the named executive officers. Non-equity incentive plan are made under the Annual Cash Incentive Plan and equity awards are made under the Equity Incentive Plan.

Name	Grant Date	Estimated Possible Payouts under Non-Equity Incentive Plan Awards(1)			Estimated Possible Payouts under Equity Incentive Plan Awards(2)			All Other Stock Awards: Number of Shares of Stock or Units (#)(3)

GreenHaven Continuous Commodity Index Fund
GreenHaven Continuous Commodity Index Master Fund
Notes to Unaudited Consolidated Financial Statements
September 30, 2014

(1) Organization

The GreenHaven Continuous Commodity Index Fund (the “Fund”; “Fund” may also refer to the Fund and the Master Fund, collectively as the context requires) was formed as a Delaware statutory trust on October 27, 2006, and GreenHaven Continuous Commodity Index Master Fund (the “Master Fund”), was formed as a Delaware statutory trust on October 27, 2006. The Fund offers common units of beneficial interest (the “Shares”). Upon inception of the Fund, 50 General Units of the Fund were issued to GreenHaven Commodity Services, LLC (the “Managing Owner”) in exchange for a capital contribution of \$1,500. The Managing Owner serves the Fund as commodity pool operator, commodity trading advisor, and managing owner.

The proceeds from the offering of Shares are invested in the Master Fund (See Note (7) for details of the procedures for creation and redemption of Shares in the Fund). The Master Fund actively trades exchange traded futures on the commodities comprising the Thomson Reuters Equal Weight Continuous Commodity Index (the “Index”), with a view to tracking the performance of the Index over time. The Master Fund’s portfolio also includes United States Treasury securities and other high credit-quality, short-term fixed income securities for deposit with the Master Fund’s commodity broker as margin. The Fund wholly owns the Master Fund. The Fund and Master Fund commenced investment operations on January 23, 2008 with the offering of 350,000 Shares in exchange for \$10,500,000. The Fund commenced trading on the American Stock Exchange (now known as the NYSE Arca) on January 24, 2008 and, as of November 25, 2008, was listed on the NYSE Arca.

The Index is intended to reflect the performance of certain commodities. The commodities comprising the Index (the “Index Commodities”) are: corn, soybeans, soybean oil, wheat, live cattle, lean hogs, gold, silver, copper, cocoa, coffee, sugar, cotton, platinum, crude oil, heating oil, and natural gas.

The Managing Owner and the Shareholders share in any profits and losses of the Fund attributable to the Fund in proportion to the percentage interest owned by each.

The Managing Owner, the Fund and the Master Fund retain the services of third party service providers to the extent necessary to operate the ongoing operations of the Fund and the Master Fund. (See Note (2)).

Unaudited Interim Financial Information

The financial statements as of September 30, 2014 and for the three and nine-months ended September 30, 2014 and 2013 included herein are unaudited. In the opinion of the Managing Owner, the unaudited financial statements have been prepared on the same basis as the annual financial statements and include all adjustments, which are of the normal recurring nature, necessary for a fair statement of the Fund’s financial position, investments, results of operations and its cash flows. Interim results are not necessarily indicative of the results that will be achieved for the year or for any other interim period or for any future year.

(2) Service Providers and Related Party Agreements

(a) “The Trustee” – CSC Trust is the trustee for the Fund and Master Fund. CSC Trust is headquartered in Wilmington, DE.

(b) “The Managing Owner” – GreenHaven Commodity Services, LLC is the managing owner of the Fund and Master Fund and is responsible for the day to day operations of both entities. The Managing Owner charges the Fund a management fee for its services. GreenHaven Commodity Services, LLC is a Delaware limited liability company with operations in Atlanta, GA.

15

(c) “The Administrator” — The Bank of New York Mellon Corporation has been appointed by the Managing Owner as the administrator, custodian and transfer agent of the Fund and the Master Fund, and has entered into separate administrative, custodian, transfer agency and service agreements (collectively referred to as the “Administration Agreement”). Pursuant to the Administration Agreement, the Administrator performs or supervises the services necessary for the operation and administration of the Fund and the Master Fund (other than making investment decisions), including receiving calculations of the assets minus the liabilities of the Fund (the “Net Asset Value”), accounting and other fund administrative services. As the Fund’s transfer agent, the Administrator processes additions and redemptions of Shares. These transactions are processed on Depository Trust Company’s (“DTC”) book entry system. The Administrator retains certain financial books and records, including: Basket creation and redemption books and records, fund accounting records, ledgers with respect to assets, liabilities, capital, income and expenses, the registrar, transfer journals and related details and trading and related documents received from futures commission merchants. The Bank of New York Mellon Corporation is based in New York, New York.

(d) “The Commodity Broker” — Morgan Stanley & Co. LLC (“MS&Co.”) is the Master Fund’s Commodity Broker. In its capacity as the Commodity Broker, it executes and clears each of the Master Fund’s futures transactions and performs certain administrative services for the Master Fund. MS&Co. is based in New York, New York.

(e) “The Distributor” — The Managing Owner, on behalf of the Fund and the Master Fund, has appointed ALPS Distributors, Inc., or the Distributor, to assist the Managing Owner and the Administrator with certain functions and duties relating to the creation and redemption of Baskets, including receiving and processing orders from Authorized Participants to create and redeem Baskets, coordinating the processing of such orders and related functions and duties. The Distributor retains all marketing materials and Basket creation and redemption books and records at c/o ALPS Distributors, Inc., 1290 Broadway, Suite 1100, Denver, CO 80203; Telephone number (303) 623-2577. Investors may contact the Distributor toll-free in the U.S. at (800) 320-2577. The Fund has entered into a Distribution Services Agreement with the Distributor.

The Distributor is affiliated with ALPS Mutual Fund Services, Inc., a Denver-based service provider of administration, fund accounting, transfer agency and shareholder services for mutual funds, closed-end funds and exchange-traded funds.

(f) “Authorized Participant” — Authorized Participants may create or redeem Shares of the Fund. Each Authorized Participant must (1) be a registered broker-dealer or other securities market participant such as a bank or other financial institution which is not required to register as a broker-dealer to engage in securities transactions, (2) be a participant in the DTC, and (3) have entered into an agreement (“Participant Agreement”) with the Fund and the Managing Owner. The Participant Agreement sets forth the procedures for the creation and redemption of Baskets of Shares and for the delivery of cash required for such creations or redemptions. A list of the current Authorized Participants can be obtained from the Administrator. A similar agreement between the Fund and the Master Fund sets forth the procedures for the creation and redemption of Baskets of Shares by the Fund.

(3) Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the amounts of reported income and expenses. Actual results could differ from those estimates.

(b) Recently Issued Accounting Standards

No recently promulgated accounting standards are expected to have an effect on the Fund's financial statements.

16

(c) Cash Held by Broker

The Fund defines cash held by broker to be highly liquid investments, with maturities of three months or less when acquired. MS&Co allows the Master Fund to apply its Treasury Bill portfolio towards its initial margin requirement for the Master Fund's futures positions, hence all cash held by broker is unrestricted cash. The cash and Treasury Bill positions are held in segregated accounts at MS&Co and are not insured by the Federal Deposit Insurance Corporation.

(d) United States Treasury Obligations

The Master Fund records purchases and sales of United States Treasury Obligations on a trade date basis. These holdings are marked to market based on quoted market closing prices. The Master Fund holds United States Treasury Obligations for deposit with the Master Fund's commodity broker as margin for trading and holding against initial margin of the open futures contracts. Interest income is recognized on an accrual basis when earned. Premiums and discounts are amortized or accreted over the life of the United States Treasury Obligations.

(e) Income Taxes

The Fund and Master Fund are classified as a grantor trust and a partnership respectively, for U.S. federal income tax purposes. Accordingly, neither the Fund nor the Master Fund is subject to U.S. federal, state, or local income taxes. Accordingly, no provision for federal, state, or local income taxes has been made in the accompanying consolidated financial statements, as investors are individually liable for income taxes, if any, on their allocable share of the Fund's share of the Master Fund's income, gain, loss, deductions and other items.

The Fund accounts for uncertainty in income taxes pursuant to the applicable accounting standard, which provides measurement, presentation and disclosure guidance related to uncertain tax positions. The guidance addresses how tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this topic, the Fund may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate resolution.

(f) Futures Contracts

The Master Fund purchases and holds commodity futures contracts for investment purposes. These contracts are recorded on a trade date basis and open contracts are valued daily at settlement prices provided by the relevant exchanges. In the consolidated statements of financial condition, futures contracts are presented at their published settlement prices on the last business day of the period, in accordance with the fair value accounting standard. Since these contracts are actively traded in markets that are directly observable and which provide readily available price quotes, their market value is deemed to be their fair value under the fair value accounting standard. (See Note (4) — Fair Value Measurements).

However, when market closing prices are not available, the Managing Owner may value an asset of the Master Fund pursuant to such other principles as the Managing Owner deems fair and equitable so long as such principles are consistent with the fair value accounting standard. Realized gains (losses) and changes in unrealized appreciation (depreciation) on open positions are determined on a specific identification basis and recognized in the consolidated statements of income and expenses in the period in which the contract is closed or the changes occur, respectively.

(g) Basis of Presentation and Consolidation

All of the capital raised by the Fund is used to purchase common units of beneficial interest of the Master Fund. The financial statement balances of the Master Fund are consolidated with the Fund's financial statement balances and all significant inter-company balances and transactions are eliminated. Separate financial statements of the Master Fund are presented to comply with SEC reporting requirements as the Master Fund is a separate SEC registrant.

17

(h) Subsequent Events

For purposes of disclosure in the financial statements, the Fund has evaluated events occurring between the period ended, September 30, 2014 and when the financial statements were issued.

During that period, 0 Limited Shares were created and 250,000 Limited Shares were redeemed resulting in 12,700,000 Limited Shares outstanding.

Other than these events, the evaluation did not result in any subsequent events that necessitated disclosures and/or adjustments.

(4) Fair Value Measurements

The existing guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Company uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

Level 1 — quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 — unobservable inputs for the asset or liability.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The assets of the Fund are either exchange-traded securities or government securities that are valued using dealer and broker quotations or other inputs that are observable or can be corroborated by observable market data. A summary of the Fund's assets and liabilities at fair value as of September 30, 2014, classified according to the levels used to value them, is as follows:

Assets	Quoted Prices in Active Market (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Totals
U.S. Treasuries	\$ -	\$ 99,998,500	\$ -	\$ 99,998,500
Futures Contracts	(26,493,168)	-	-	(26,493,168)
Total	\$ (26,493,168)	\$ 99,998,500	\$ -	\$ 73,505,332

There were no transfers between Level 1 and Level 2 for the Fund during the nine months ended September 30, 2014. The Fund did not hold any Level 3 securities during the nine months ended September 30, 2014 or 2013.

A summary of the Fund's assets and liabilities at fair value as of December 31, 2013, classified according to the levels used to value them, is as follows:

Assets	Quoted Prices in Active Market (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Totals
U.S. Treasuries	\$ -	\$ 199,998,800	\$ -	\$ 199,998,800
Futures Contracts	(4,055,188)	-	-	(4,055,188)
Total	\$ (4,055,188)	\$ 199,998,800	\$ -	\$ 195,943,612

There were no transfers between Level 1 and Level 2 for the Fund during the year ended December 31, 2013. The Fund did not hold any Level 3 securities during the year ended December 31, 2013.

(5) Derivative Instruments and Hedging Activities

The Fund uses derivative instruments as part of its principal investment strategy to achieve its investment objective. As of September 30, 2014, the Fund invested in futures contracts.

At September 30, 2014, the fair value of derivative instruments was as follows:

Derivative Instruments	Asset Derivatives	Liability Derivatives	Net Derivatives
Futures Contracts	\$ (26,493,168)	\$ -	\$ (26,493,168)

The following is a summary of the realized and unrealized gains and losses of the derivative instruments utilized by the Fund for the nine months ended September 30, 2014:

Derivative Instruments	Realized Gain on Derivative Instruments	Net Change in Unrealized Loss on Derivative Instruments
Futures Contracts	\$ 10,263,073	\$ (22,437,980)

At December 31, 2013, the fair value of derivative instruments was as follows:

Derivative Instruments	Asset Derivatives	Liability Derivatives	Net Derivatives
Futures Contracts	\$ (4,055,188)	\$ -	\$ (4,055,188)

The following is a summary of the realized and unrealized gains and losses of the derivative instruments utilized by the Fund for the nine months ended September 30, 2013:

Derivative Instruments	Realized Loss on Derivative Instruments	Net Change in Unrealized Gain
------------------------	--------------------------------------------	----------------------------------------

		on	
		Derivative	
		Instruments	
Futures Contracts	\$	(49,851,835)	\$ 14,084,283

(6) Financial Instrument Risk

In the normal course of its business, the Fund may be party to financial instruments with off-balance sheet risk. The term “off-balance sheet risk” refers to an unrecorded potential liability that, even though it does not appear on the balance sheet, may result in a future obligation or loss. The financial instruments used by the Fund are commodity futures, whose values are based upon an underlying asset and generally represent future commitments which have a reasonable possibility to be settled in cash or through physical delivery. These instruments are traded on an exchange and are standardized contracts.

Market risk is the potential for changes in the value of the financial instruments traded by the Fund due to market changes, including fluctuations in commodity prices. In entering into these contracts, there exists a market risk that such contracts may be significantly influenced by conditions, resulting in such contracts being less valuable. If the markets should move against all of the futures interest positions at the same time, and the Managing Owner was unable to offset such positions, the Fund could experience substantial losses.

Credit risk is the possibility that a loss may occur due to the failure of an exchange clearinghouse to perform according to the terms of a contract. Credit risk with respect to exchange-traded instruments is reduced to the extent that an exchange or clearing organization acts as counterparty to the transactions. The Fund's risk of loss in the event of counterparty default is typically limited to the amounts recognized in the statement of assets and liabilities and not represented by the contract or notional amounts of the instruments.

The Fund and the Master Fund have not utilized, nor do they expect to utilize in the future, special purpose entities to facilitate off-balance sheet financing arrangements and have no loan guarantee arrangements or off-balance sheet arrangements of any kind other than agreements entered into in the normal course of business.

(7) Creation and Redemption of Shares from the Fund

As described in the Fund's Prospectus, the creation and redemption procedures allow only Authorized Participants to create and redeem Shares directly from the Fund. Proceeds from sales of shares of the Fund are invested directly in the Master Fund. Retail investors seeking to purchase or sell Shares on any day are expected to effect such transactions in the secondary market, on the NYSE-Arca, at the market price per Share, rather than in connection with the creation or redemption of Baskets.

(a) Creation of Shares

The Fund will issue Shares in baskets of 50,000 Shares ("Baskets") only to Authorized Participants continuously as of noon, New York time, on the business day immediately following the date on which a valid order to create a Basket is accepted by the Fund. The Baskets will be valued as of the closing time of the NYSE Arca or the last to close of the exchanges on which the Index Commodities are traded, whichever is later, on the date that a valid order to create a Basket is accepted by the Fund.

The total payment required to create each Basket is the value of the Fund's Net Asset Value per Share for 50,000 Shares as of the closing time of NYSE Arca or the last to close of the exchanges on which the Index Commodities are traded, whichever is later, on the purchase order date. Baskets will be issued as of 12:00 p.m., New York time, on the Business Day immediately following the creation order date at Net Asset Value per Share as of the closing time of NYSE Arca or the last to close of the exchanges on which the Index Commodities are traded, whichever is later, on the purchase order date during the continuous offering period, but only if the required payment has been timely received.

Because orders to create Baskets must be placed by 10:00 a.m., New York time, but the total payment required to create a Basket during the continuous offering period will not be determined until 4:00 p.m., New York time, on the date the creation order is received, Authorized Participants will not know the total amount of the payment required to create a Basket at the time they submit an irrevocable purchase order for the Basket. The Fund's Net Asset Value and the total amount of the payment required to create a Basket could rise or fall substantially between the time an irrevocable creation order is submitted and the time the amount of the creation price in respect thereof is determined.

On any business day, an Authorized Participant may place an order with the Distributor to create one or more Baskets. Creation orders must be placed by 10:00 a.m., New York time. The day on which the Distributor receives a valid creation order is the creation order date.

The Administrator may reject a creation order if:

- (i) it determines that the creation order is not in proper form;
- (ii) the Managing Owner believes that the creation order would have adverse tax consequences to the Fund or its Shareholders; or

- (iii) circumstances outside the control of the Managing Owner or the Distributor make it, for all practical purposes, not feasible to process creations of Baskets.

The Distributor and the Managing Owner will not be liable for the rejection of any creation order.

(b) Redemption of Shares

The procedures by which an Authorized Participant can redeem one or more Baskets mirror the procedures for the creation of Baskets. On any business day, an Authorized Participant may place an order with the Distributor to redeem one or more Baskets. Redemption orders must be placed by 10:00 a.m., New York time. The day on which the Distributor receives a valid redemption order is the redemption order date.

By placing a redemption order, an Authorized Participant agrees to deliver the Baskets to be redeemed through DTC's book-entry system to the Fund not later than noon, New York time, on the business day immediately following the redemption order date. By placing a redemption order, and prior to receipt of the redemption distribution, an Authorized Participant's DTC account will be charged the non-refundable transaction fee due for the redemption order.

The redemption distribution from the Fund consists of the cash redemption amount. The cash redemption amount is equal to the Net Asset Value of the number of Basket(s) requested in the Authorized Participant's redemption order as of the closing time of the NYSE Arca or the last to close of the exchanges on which the Index Commodities are traded, whichever is later, on the redemption order date. The Fund will distribute the cash redemption amount at noon, New York time, on the business day immediately following the redemption order date through DTC to the account of the Authorized Participant as recorded on DTC's book entry system.

The redemption distribution due from the Fund is delivered to the Authorized Participant at noon, New York time, on the business day immediately following the redemption order date if, by such time on such business day immediately following the redemption order date, the Fund's DTC account has been credited with the Baskets to be redeemed. If the Fund's DTC account has not been credited with all of the Baskets to be redeemed by such time, the redemption distribution is delivered to the extent of whole Baskets received. Any remainder of the redemption distribution is delivered on the next business day to the extent of remaining whole Baskets received if the Administrator receives the fee applicable to the extension of the redemption distribution date which the Managing Owner may, from time to time, determine and the remaining Baskets to be redeemed are credited to the Fund's DTC account by noon, New York time, on such next business day. Any further outstanding amount of the redemption order shall be canceled. The Administrator is also authorized to deliver the redemption distribution notwithstanding that the Baskets to be redeemed are not credited to the Fund's DTC account by noon, New York time, on the business day immediately following the redemption order date if the Authorized Participant has collateralized its obligation to deliver the Baskets through DTC's book entry system on such terms as the Administrator and the Managing Owner may from time to time agree upon.

The Distributor may, in its discretion, and will when directed by the Managing Owner, suspend the right of redemption or postpone the redemption settlement date, (1) for any period during which an emergency exists as a result of which the redemption distribution is not reasonably practicable, or (2) for such other period as the Managing Owner determines to be necessary for the protection of the Shareholders. In addition, the Distributor will reject a redemption order if the order is not in proper form as described in the Participant Agreement or if the fulfillment of the order, in the opinion of its counsel, might be unlawful. Any such postponement, suspension or rejection could adversely affect a redeeming Authorized Participant. For example, the resulting delay may adversely affect the value

of the Authorized Participant's redemption proceeds if the net asset value of the Fund declines during the period of the delay. Under the Distribution Services Agreement, the Managing Owner and the Distributor may disclaim any liability for any loss or damage that may result from any such suspension or postponement.

(8) Operating Expenses, Organizational and Offering Costs

(a) Management Fee

The Fund pays the Managing Owner a management fee (the “Management Fee”) monthly in arrears, in an amount equal to 0.85% per annum of the net asset value of the Master Fund. The Management Fee is paid in consideration of the use of the license for the Thomson Reuters Equal Weight Continuous Commodity Index held by GreenHaven, LLC, a Georgia limited liability company formed in August 2005, and its subsidiary GreenHaven Commodity Services, LLC, as well as for commodity futures trading advisory services. The management fees incurred for the three-month periods ended September 30, 2014 and 2013 were \$739,176 and \$815,413, respectively, and for the nine-month periods ended September 30, 2014 and 2013 were \$2,184,858 and \$2,763,342, respectively. The Management Fees were charged to the Fund and paid to the Managing Owner.

(b) Organization and Offering Expenses

Expenses incurred in connection with organizing the Fund and the offering of the Shares were paid by GreenHaven, LLC. GreenHaven, LLC is the sole member of the Managing Owner. The Fund does not have an obligation to reimburse GreenHaven, LLC or its affiliates for organization and offering expenses paid on their behalf.

(c) Brokerage Commissions, Fees, and Routine Operational, Administrative, and Other Ordinary Expenses

The Managing Owner currently does not expect brokerage commissions and fees as well as routine operational, administrative and other ordinary expenses for which the Fund is responsible, including, but not limited to, the fees and expenses of the Trustee, legal and accounting fees and expenses, tax preparation expenses, filing fees, and printing, mailing and duplication costs, to exceed 0.20% of the net asset value of the Master Fund in any year, although the actual amount of such fees and expenses in any year may be greater. The Fund’s brokerage commissions and fees and routine operational, administrative and other ordinary expenses are accrued at a rate of 0.20% per annum in the aggregate. Of the amounts so accrued, the Fund first pays brokerage fees, and secondly from the remainder of the amounts so accrued, reimburses the Managing Owner for the Fund’s routine operational, administrative, and other ordinary expenses paid by the Managing Owner.

Brokerage commissions and fees are charged against the Fund’s assets on a per transaction basis. The brokerage commissions, trading fees and routine operational, administrative, and other ordinary expenses incurred for the three-month periods ended September 30, 2014 and 2013 were \$173,923 and \$191,861, respectively, and for the nine-month periods ended September 30, 2014 and 2013 were \$514,084 and \$650,198, respectively.

(d) Unusual Fees and Expenses

The Fund will pay all its unusual fees and expenses, if any. Such unusual fees and expenses, by their nature, are unpredictable in terms of timing and amount. There have been no unusual fees or expenses since the Fund commenced investment operations on January 23, 2008.

(9) Termination

The term of the Fund is perpetual, unless terminated earlier in certain circumstances as defined in the Trust Agreement.

(10) Profit and Loss Allocations and Distributions

The Managing Owner and the Shareholders share in any profits and losses of the Fund attributable to the Fund in proportion to the percentage interest owned by each. Distributions may be made at the sole discretion of the Managing Owner on a pro-rata basis in accordance with the respective capital balances of the Shareholders.

(11) Commitments and Contingencies

The Managing Owner, either in its own capacity or in its capacity as the Managing Owner and on behalf of the Fund, has entered into various service agreements that contain a variety of representations, or provide indemnification provisions related to certain risks service providers undertake in performing services which are in the best interest of the Fund. As of September 30, 2014, no claims had been received by the Fund and it was therefore not possible to estimate the Fund's potential future exposure under such indemnification provisions.

(12) Net Asset Value and Financial Highlights

The Fund is presenting the following net asset value and financial highlights related to investment performance and operations for a Share outstanding for the three-month and nine-month periods ended September 30, 2014 and 2013. The net investment loss and total expense ratios have been annualized. The total return at net asset value is based on the change in net asset value of the Shares during the period and the total return at market value is based on the change in market value of the Shares on the NYSE Arca during the period. An individual investor's return and ratios may vary based on the timing of capital transactions.

	Three Months Ended September 30, 2014	Three Months Ended September 30, 2013	Nine Months Ended September 30, 2014	Nine Months Ended September 30, 2013
Net Asset Value				
Net asset value per Limited Share, beginning of period	\$ 27.91	\$ 25.76	\$ 25.70	\$ 28.85
Net realized and change in unrealized gain (loss) from investments	(3.05)	0.79	(0.70)	(2.16)
Net investment loss	(0.07)	(0.07)	(0.21)	(0.21)
Net increase (decrease) in net assets from operations	(3.12)	0.72	(0.91)	(2.37)
Net asset value per Limited Share, end of period	\$ 24.79	\$ 26.48	\$ 24.79	\$ 26.48
Market value per Limited Share, beginning of period	\$ 27.93	25.79	\$ 25.74	28.83
Market value per Limited Share, end of period	\$ 24.75	\$ 26.39	\$ 24.75	\$ 26.39
Ratio to average net assets (i)

Total Return, at market value (ii)	(11.39)%	(2.33)%	(3.85)%	(8.46)%

(i) Percentages are annualized.

(ii) Percentages are not annualized.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Overview / Introduction

The initial offering period for the GreenHaven Continuous Commodity Index Fund (the "Fund") began and ended on January 23, 2008 during which time 350,000 Shares were sold at \$30 per share for total proceeds of \$10,500,000. The entire proceeds were received by the Fund which then invested them in the Master Fund. Shares were then listed for trading on the American Stock Exchange on January 24, 2008, marking the beginning of the continuous offering period. On November 24, 2008 the Fund delisted from the American Stock Exchange and on November 25, 2008 the Fund listed on NYSE Arca. The ticker symbol of the Fund is GCC.

Performance Summary

There is no performance history prior to the beginning of trading on January 24, 2008. For performance history subsequent to the beginning of trading, see the Results of Operations section below.

Net Asset Value

The Administrator calculates a daily Net Asset Value per share of the Fund, based on closing prices of the underlying futures contracts. The first such calculation was as of market close on January 24, 2008, the first day of trading on the NYSE Arca, formerly the American Stock Exchange. Values of the underlying Index are computed by Thomson Reuters America, LLC, and disseminated by NYSE Arca every fifteen (15) seconds during the trading day. Only settlement and last-sale prices are used in the Index's calculation, bids and offers are not recognized — including limit-bid and limit-offer price quotes. Where no last-sale price exists, typically in the more deferred contract months, the previous days' settlement price is used. This means that the underlying Index may lag its theoretical value. This tendency to lag is evident at the end of the day when the Index value is based on the settlement prices of the component commodities, and explains why the underlying Index often closes at or near the high or low for the day.

Critical Accounting Policies

The Fund's critical accounting policies are as follows:

Preparation of the financial statements and related disclosures in conformity with U.S. generally accepted accounting principles requires the application of appropriate accounting rules and guidance, as well as the use of estimates, and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenue and expense and related disclosure of contingent assets and liabilities during the reporting period of the consolidated financial statements and accompanying notes. The Fund's application of these policies involves judgments and actual results may differ from the estimates used.

The Master Fund holds a significant portion of its assets in futures contracts and United States Treasury Obligations, both of which are recorded on a trade date basis and at fair value in the consolidated financial statements, with changes in fair value reported in the consolidated statement of income and expenses. Generally, fair values are based on quoted market closing prices. However, when market closing prices are not available, the Managing Owner may value an asset of the Master Fund pursuant to policies the Managing Owner has adopted, which are consistent with normal industry standards.

The use of fair value to measure financial instruments, with related unrealized gains or losses recognized in earnings in each period, is fundamental to the Fund's financial statements. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The Fund values United States Treasury Obligations using broker and dealer quotations. The Fund values commodity futures contracts using the quotations from the futures exchanges where the futures contracts are traded. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

When market closing prices are not available, the Managing Owner may value an asset of the Master Fund pursuant to policies the Managing Owner has adopted, which are consistent with normal industry standards.

Realized gains (losses) and changes in unrealized gain (loss) on open positions are determined on a specific identification basis and recognized in the consolidated statement of income and expenses in the period in which the contract is closed or the changes occur, respectively.

Liquidity

In October 2013, the government of the United States came close to a deadline after which it could have possibly defaulted on its own debt. A US debt default could cause liquidity problems for the Fund if it was not able to sell its Treasury Bills or forced to sell its Treasury Bills for a loss. The Managing Owner knows of no other trends, demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Fund's liquidity increasing or decreasing in any material way.

Capital Resources

The Fund had no commitments for capital expenditures as of September 30, 2014. Currently, the Fund invests only in U.S Treasury bills and in long positions in exchange-traded commodity futures contracts. Therefore, it has no expectation of entering into commitments for capital expenditures at any time in the near future.

Off-Balance Sheet Arrangements and Contractual Obligations

As of September 30, 2014 the Fund had no commitments or contractual obligations other than its long positions in futures contracts as detailed in the Consolidated Schedule of Investments included herein. Typically, those positions require the Fund to deposit initial margin funds with its Commodity Broker in amounts equal to approximately 10% of the notional value of the contracts. Also, the Fund may be required to make additional margin deposits if prices fall for the underlying commodities. Since the Fund is not leveraged, it holds in reserve the shareholder funds not required for margin and invests these in U.S. Treasury bills. These funds are available to meet variation margin calls.

In the normal course of its business, the Fund is party to financial instruments with off-balance sheet risk. The term “off-balance sheet risk” refers to an unrecorded potential liability that, even though it does not appear on the balance sheet, may result in a future obligation or loss. The financial instruments used by the Fund are commodity futures, whose values are based upon an underlying asset and generally represent future commitments which have a reasonable possibility to be settled in cash or through physical delivery. The financial instruments are traded on an exchange and are standardized contracts.

The Fund has not utilized, nor does it expect to utilize in the future, special purpose entities to facilitate off-balance sheet financing arrangements and has no loan guarantee arrangements or off-balance sheet arrangements of any kind. The Fund’s contractual obligations are with the Managing Owner and the Commodity Broker. Management Fee payments made to the Managing Owner are calculated as a fixed percentage of the Master Fund’s net asset value. Commission payments to the Commodity Broker are on a contract-by-contract, or round-turn, basis. As such, the Managing Owner cannot anticipate the amount of payments that will be required under these arrangements for future periods as future net asset values are not known until a future date.

Results of Operations

FOR THE PERIOD FROM SEPTEMBER 30, 2009 TO SEPTEMBER 30, 2014

The Fund was launched on January 23, 2008 at \$30.00 per share and listed for trading on the NYSE Arca, formerly the American Stock Exchange, on January 24, 2008.

The Fund and the Master Fund seek to track changes in the Thomson Reuters Equal Weight Continuous Commodity Index-Total Return, or the “Index”, over time. For the nine-months ended September 30, 2014 and September 30, 2013, the Fund’s Net Asset Value underperformed the Index by 0.75% and 0.55%, respectively.

28

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Introduction

The Fund aims to track the Thomson Reuters Equal Weight Continuous Commodity Index, which consists of seventeen commodities and is rebalanced daily. Due to the rebalancing, the Fund on a given day holds an equal amount of each of the seventeen index components. Thus, the exposure of the Fund to a given component remains over time very close to 1/17, or 5.88%. Unless the Index Owner (Thomson Reuters) changes the construction of the Index, the Fund will maintain the same allocation to the same commodities. The value of the Shares relates directly to the value of the commodity futures and other assets held by the Master Fund and fluctuations in the price of these assets could materially adversely affect an investment in the Shares. The Shares are designed to reflect, as closely as possible, the performance of the Index through the Master Fund's portfolio of exchange-traded futures on the Index Commodities. The value of the Shares relate directly to the value of the portfolio, less the liabilities (including estimated accrued but unpaid expenses) of the Fund and the Master Fund. The price of the Index Commodities may fluctuate widely based on many factors. Some of those factors are:

Changing supply and demand relationships;

General economic activities and conditions;

Weather and other environmental conditions;

Acts of God;

Agricultural, fiscal, monetary and exchange control programs and policies of governments;

National and international political and economic events and policies;

Changes in rates of inflation; or

The general emotions and psychology of the marketplace, which at times can be volatile and unrelated to other more tangible factors.

Acts of international or domestic terrorism.

In addition to the factors set forth above, each commodity has risks that are inherent in the investment in such commodity.

Metals Commodities: Price movements in futures contracts held by the Master Fund in metals commodities such as gold, silver, platinum and copper are affected by many specific factors. Some of these metal specific factors include, but are not limited to:

A change in economic conditions, such as a recession, can adversely affect the price of both industrial and precious metals. An economic downturn may have a negative impact on the usage and demand of metals which may result in a loss for the Master Fund.

A sudden shift in political conditions of the world's leading metal producers may have a negative effect on the global pricing of metals.

An increase in the hedging of precious metals may result in the price of precious metals to decline.

Changes in global supply and demand for industrial and precious metals.

The price and quantity of imports and exports of industrial and precious metals.

Technological advances in the processing and mining of industrial and precious metals. Possible adverse effects on commodity markets from new regulations and required disclosures of public companies regarding "Conflict Minerals".

Agricultural Commodities: Price movements in futures contracts held by the Master Fund in agricultural commodities, such as wheat, corn, soybean oil, cotton, cocoa, sugar, coffee, and soybeans, are affected by many factors. Some of these agricultural specific factors include, but are not limited to:

Farmer planting decisions, general economic, market and regulatory factors.

Weather conditions, including hurricanes, tornadoes, storms and droughts, may have a material adverse effect on crops, live cattle, live hogs and lumber, which may result in significant fluctuations in prices in such commodities.

Changes in global supply and demand for agricultural products.

The price and quantity of imports and exports of agricultural commodities.

Political conditions, including embargoes and war, in or affecting agricultural production, imports and exports.

Technological advances in agricultural production.

The price and availability of alternative agricultural commodities.

Energy Commodities: Price movements in futures contracts held by the Master Fund in energy commodities, such as crude oil, heating oil and natural gas, are subject to risks due to frequent and often substantial fluctuations in energy commodity prices. In the past, the prices of natural gas and crude oil have been extremely volatile, and the Managing Owner expects this volatility to continue. The markets and prices for energy commodities are affected by many factors. Some of those factors include, but are not limited to:

Changes in global supply and demand for oil and natural gas.

The price and quantity of imports and exports of oil and natural gas.

Political conditions, including embargoes and war, in or affecting other oil producing activities.

The level of global oil and natural gas exploration and production.

The level of global oil and natural gas inventories, production or pricing.

Weather conditions.

Technological advances affecting energy consumption.

The price and availability of alternative fuels.

None of these factors can be controlled by the Managing Owner. Even if current and correct information as to substantially all factors are known or thought to be known, prices still will not always react as predicted. The profitability of the Fund and the Master Fund will depend on whether the Master Fund's commodities portfolio increases in value over time. If the value increases, the Fund will only be profitable if such increases exceed the fees and expenses of the Fund. If these values do not increase, the Fund will not be profitable and will incur losses.

Quantitative Forward-Looking Statements

Quantifying the Fund's Trading Risk

The following qualitative disclosures regarding the Fund's risk exposures — except for those disclosures that are statements of historical fact — constitute forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act. The Fund's primary market risk exposures are subject to numerous uncertainties, contingencies and risks. Government interventions, defaults and expropriations, illiquid markets, the emergence of dominant fundamental factors, political upheavals, changes in historical price relationships, an influx of new market participants, increased regulation and many other factors could result in material losses as well as in material changes to the risk exposures of the Fund. There can be no assurance that the Fund's current market exposure will not change materially. Investors may lose all or substantially all of their investment in the Fund.

The Fund's Risk by Market Sector

The following were the primary trading risk exposures of the Fund as of September 30, 2014 by market sector.

Grains	23.53%	Corn, Soybeans, Wheat, Soy Oil
Livestock	11.76%	Hogs, Cattle
Metals	23.53%	Gold, Silver, Platinum, Copper
Energy	17.65%	Crude Oil, Natural Gas, NY Harbor ULSD (formerly called Heating Oil)
Softs	23.53%	Coffee, Cocoa, Sugar, Cotton

Non-Trading Risk

The Fund invests its excess funds in short-term U.S. Treasury bills. These instruments are not coupon-bearing and therefore trade at a discount to their value at maturity. The Fund expects that the market risk of holding these investments is not material.

Qualitative Disclosures Regarding Non-Trading Risk Exposures

The Fund is unaware of any (i) anticipated known demands, commitments or capital expenditures; (ii) material trends, favorable or unfavorable, in its capital resources; or (iii) trends or uncertainties that will have a material effect on operations.

Qualitative Disclosures Regarding Means of Managing Risk Exposure

Under ordinary circumstances, the Managing Owner's discretionary power is limited to determining whether the Fund will make a distribution. Under emergency or extraordinary circumstances, the Managing Owner's discretionary powers increase, but remain circumscribed. These special circumstances, for example, include the unavailability of the Index or certain natural or man-made disasters. The Managing Owner does not apply risk management techniques. The Fund initiates positions only on the "long" side of the market and does not employ "stop-loss" techniques.

ITEM 4. CONTROLS AND PROCEDURES.

Disclosure controls and procedures

Under the supervision and with the participation of the management of the Managing Owner, including its chief executive officer and principal financial officer, the Fund carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of

1934). Based upon that evaluation, the chief executive officer and principal financial officer concluded that the Fund's disclosure controls and procedures with respect to the Fund were effective as of the end of the period covered by this report.

Changes in Internal Control over Financial Reporting

The Fund commenced trading on January 24, 2008 and began to exercise its internal control over financial reporting thereafter. The Fund's investing activity is limited to the purchase and sale of commodity futures contracts and of short-term U.S. Treasury bills. Futures transactions are made through Morgan Stanley, the Commodity Broker, which provides the Fund with statements on a daily basis. The Bank of New York Mellon Corporation, the Fund's Administrator, reconciles the reports from Morgan Stanley with its own records of Fund transactions. In addition, the Managing Owner each day reconciles its own records with those of Morgan Stanley and the Bank of New York Mellon Corporation.

During the three months ended September 30, 2014, the Fund made no changes to its internal control over financial reporting that materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

32

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

Not Applicable.

Item 1A. Risk Factors.

There are no material changes from risk factors as previously disclosed in the Annual Report on Form 10-K for the year ended December 31, 2013, filed March 4, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

(a) None.

(b) For the three months ended September 30, 2014, 200,000 Limited Shares were redeemed for \$4,986,421.13 and 250,000 Limited Shares were created for \$6,926,147.35. On September 30, 2014, 12,950,000 Limited Shares of the Fund were outstanding for a market capitalization of \$320,512,500, based on September 30, 2014 closing price of \$24.75 on the NYSE Arca.

(c) The following table shows the number of Shares redeemed (purchased back by the Fund, or “Issuer”) from Authorized Participants for each month during the quarter ended September 30, 2014:

Issuer Purchases of Equity Securities

Period	Total Number of Shares Redeemed	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares That May Yet Be Purchased Under the Plans or Programs
July 1, 2014 to July 31, 2014	-	\$ -	N/A	N/A
August 1, 2014 to August 31, 2014	-	\$ -	N/A	N/A
September 1, 2014 to September 30, 2014	200,000	\$ 24.93	N/A	N/A
Total	200,000	\$ 24.93		

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information.

None.

33

Item 6. Exhibits.
