**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On October 19, 2016, MGE Energy, Inc.'s Board of Directors elected, effective as of March 1, 2017, Jeffrey M. Keebler to serve as President and Chief Executive Officer and a Class II director of the Company and its subsidiary, Madison Gas and Electric Company ("MGE"). MGE Energy, Inc. and MGE are collectively referred to in this report as the "Company."

Mr. Keebler, age 44, is presently Senior Vice President - Energy Supply and Planning of MGE, a position he has held since July 2015. In that position, he is responsible for various departments inside MGE, including energy supply, rates, generation planning, information technology and human resources. Prior thereto, he was Assistant Vice President - Energy Supply and Customer Service of MGE, a position he held since January 2012. Prior to that position, he was Senior Director - Energy Supply Procurement of MGE, a position that he held since May 2007. Mr. Keebler has been employed by MGE for more than 20 years. Mr. Keebler's election, effective as of March 1, 2017, as a director of the Company is to coincide with the effectiveness of his election as the Company's President and Chief Executive Officer, and is also based in part upon his experience and knowledge of MGE's operations as a result of his various positions during his employment with MGE.

Gary J. Wolter, who is currently the Chairman, President and Chief Executive Officer of the Company, intends to retire as President and Chief Executive Officer, effective as of March 1, 2017. Mr. Wolter is expected to continue as the non-executive Chairman of the Board of Directors of the Company following his retirement as President and Chief Executive Officer. He will receive an annual amount of \$150,000 for that service, in addition to being eligible for all non-employee director compensation, including director retainer and meeting fees and long-term incentive compensation. Regina M. Millner is expected to continue in her role as Lead Independent Director.

In view of Mr. Wolter's expected continued service to the Company as non-executive Chairman, the Compensation Committee of the Board of Directors acted to clarify that his continued service as that Chair, and his continued service on behalf of the Company as a member of the Boards of Directors of ATC Management, Inc. and its affiliate, ATC Development Manager Inc., at the request of the Company, would not cause his retirement to fail to be treated as a "bona fide retirement" under the provisions of his currently outstanding awards under MGE Energy, Inc.'s 2006 Performance Unit Plan. A bona fide retirement results in the vesting in full of those awards, but does not change the amount of, or the timing of payments under, the awards. The conditions for a bona fide retirement had not contemplated continued service by a retired employee for the benefit of the Company and so the Compensation Committee acted to clarify how those provisions would apply to Mr. Wolter under the circumstances of his expected continued service on behalf of the Company. ATC Management, Inc. and ATC Development Manager Inc. are the management entities associated with the Company's existing transmission investment.
