Item 8.01 Other Events.

On December 22, 2017, the Tax Cuts and Jobs Act (H.R. 1), the tax reform bill (the "Act"), was signed into law. The Act includes numerous changes in existing tax law, including a permanent reduction in the federal corporate income tax rate from 35% to 21%. The rate reduction takes effect on January 1, 2018. As a result of the reduction of federal corporate income tax rates, West Bancorporation, Inc. has concluded that this will cause the Company's deferred tax asset to be revalued. The Company, based on currently available information, expects to record an additional tax provision of approximately \$2.5 million in the fourth quarter of 2017 related to the revaluation of its deferred tax assets. The Company's revaluation of its deferred tax asset is subject to further clarification of the new law that cannot be estimated at this time. The actual impact on the deferred tax asset may vary from the estimated amount due to uncertainties in our preliminary review.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.
