COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Executive Compensation Committee of the Board. The Committee reviews and recommends compensation for executive officers. The Committee's recommendations are considered by the Board's non-employee directors.

The goal of the Company's Executive Compensation Committee is to ensure that an appropriate relationship exists between executive compensation and the creation of shareholder value, while at the same time motivating and retaining key employees. Salary guidelines for executive officers are established by comparing

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form DEF 14A

responsibilities of the position to similar positions in other comparable companies. The Company has long believed in the importance of aligning the interests of executives and shareholders through stock ownership by key employees. The primary components of compensation, base salary and stock option awards are designed to accomplish the Committee's goals.

The Committee evaluates management based on the Company's financial and non-financial performance recognizing that land and property management constitute the major portion of the Company's business activities.

Comparisons of the Company's compensation levels with those of similar land management and property rental organizations are extremely limited and primarily based on estimates since most are privately owned and not required to make public disclosures. In light of these estimations, it is the Committee's opinion that the Company's level of overall compensation is competitive and in the low to mid range on a comparative basis.

It is the position of both the Executive Compensation and the Stock Option Committees that management's performance can best be evaluated based on its ability to formulate, oversee and administer corporate strategy, which itself is the product of Board action and direction. For the foreseeable future, that strategy is to focus primarily on continued progress in the real estate operation, principally the development of Flowerfield.

In establishing the compensation for Messrs. Maroney and Pitsiokos, the Committee observes the policy set forth above for Executive Officers. No specific weighting is applied to the various factors in determining total compensation.

Paul L. Lamb

EMPLOYMENT CONTRACTS, OTHER COMPENSATION AND CERTAIN TRANSACTIONS

The Company has a one year employment agreement with Mr. Maroney, who was appointed President, Chief Executive Officer and Treasurer of the Company in March, 1999. In connection with the Company's appointment of Mr. Pitsiokos as Executive Vice President, General Counsel and Secretary, the Company also entered into a one year employment contract with an annual base salary of \$152,500.00. Both contracts provide for a severance payment equivalent to six months salary in the event of a change in control.

1993 Stock Incentive Plan

In 1993, the shareholders adopted a stock incentive plan (the "Plan") under which participants may be granted Incentive Stock Options ("ISOs"), Non-Qualified Stock Options ("NQSOs") or Stock Grants. The purpose of the Plan is to promote the overall financial objectives of the Company and its shareholders by motivating those persons selected to participate in the Plan to achieve growth in shareholder value and retain the association of those individuals who are instrumental in achieving this growth. Such options or grants become exercisable at various intervals based upon vesting schedules as determined by the Stock Option Committee. The options expire between October 2004 and April 2007.

The ISOs may be granted to employees and consultants of the Company at a price not less than the fair market value on the date of grant. All such options are authorized and approved by the Board of Directors, based on recommendations of the Stock Option Committee.

ISOs may be granted along with Stock Appreciation Rights which permit the holder to tender the option to the Company in exchange for stock, at no cost to the optionee, that represents the difference between the option price and the fair market value on date of exercise. NQSOs may be issued with Limited Stock Appreciation Rights which are exercisable, for cash, in the event of a change of control. In addition, an incentive kicker may be provided for Stock Grants, ISOs and NQSOs, which increases the number of grants or options based on the market price of the shares at exercise versus the option price. A reload feature may also be attached which permits the optionee to

tender previously purchased stock, in lieu of cash, for the purchase of the

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (Proposal 2)

The Board of Directors, upon the recommendation of the Audit Committee, comprised entirely of outside directors, has appointed Holtz Rubenstein & Co., LLP ("HR") of 125 Baylis Road, Melville, New York 11747, as independent public accountants of the Company and its subsidiaries for the current Fiscal Year, and to perform such other professional services, if any, as may be required of them. The appointment of HR has been ratified by the shareholders every year since 1990. The Board is requesting ratification of HR as independent public accountants. This firm has no financial interest in the Company or any connection with the Company other than as auditors and independent public accountants.

In the event the proposal is defeated, the adverse vote will be considered a direction to the Board to select other independent public accountants for the next fiscal year. However, because of the expense and difficulty of making any substitution of independent public accountants after the beginning of a fiscal period, it is contemplated that the appointment for 2003 will be permitted to stand unless the Board finds other reasons for making the change.

Audit fees. Audit fees with out of pocket expenses billed or expected to be billed to the Company by HR for the audit of the Company's financial statements for the fiscal year ended April 30, 2002 and for reviews of the Company's financial statements included in the Company's quarterly reports on Form 10-QSB for the last fiscal year totaled \$38,200.

Financial Information Systems Design and Implementation Fees. No fees were billed or are expected to be billed to the Company by HR for services provided during the last fiscal year for the design and implementation of financial information systems.

All Other Fees. Fees billed or expected to be billed to the Company by HR for all other non-audit services, including tax-related services, provided during the last fiscal year totaled \$22,000.

Representatives of HR are expected to be present at the annual shareholders meeting, will be given an opportunity to make a statement if they desire to do so, and are expected to be available at a designated time during the meeting to respond to appropriate questions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL. THIS

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form DEF 14A

IS IDENTIFIED AS ITEM 2 ON THE ENCLOSED PROXY CARD.

OTHER MATTERS

Management does not know of any other matters that may be presented. If any other matters properly come before the Annual Meeting or adjournments thereof, the persons named in the enclosed Proxy will vote on such matters in accordance with their best judgment pursuant to the discretionary authority included in the proxy.

The cost of soliciting proxies will be paid by the Company. In addition to solicitation by mail, Officers, Directors, and regular employees of the Company may, without compensation other than their regular compensation, solicit Proxies by telephone, by fax or in person. Brokerage houses and other custodians, nominees and fiduciaries will be requested to forward solicitation materials to their principals and the Company will reimburse the expense of so doing. In addition, Mackenzie Partners Inc., a proxy solicitation firm, will assist the Company in soliciting proxies for the Annual Meeting and will be paid a fee of \$5,000 plus out-of-pocket expenses.

Any shareholder executing the enclosed Proxy has the right to revoke it at any time prior to its exercise by delivering to the Company a written revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. However, if you are a shareholder whose shares are not registered in your own name, you will need appropriate documentation from your record holder to attend the Annual Meeting and to vote personally at the Annual Meeting.

FINANCIAL STATEMENTS

Accompanying this Proxy Statement is the Annual Report for the latest Fiscal Year ended April 30, 2002 which includes audited Balance Sheets and Statements of Income and Cash Flow for each of the two most recent fiscal years.

Statement of Policy

Edgar Filing: GYRODYNE CO OF AMERICA INC - Form DEF 14A

The Audit Committee shall provide assistance to the corporate directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices of the corporation, and the quality and integrity of the financial reports of the corporation. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the directors, the independent auditors, the internal auditors, and the financial management of the corporation.

Responsibilities

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the directors and shareholders that the corporate accounting and reporting practices of the corporation are in accordance with all requirements and are of the highest quality.

In carrying out these responsibilities, the Audit Committee will:

- Review and recommend to the directors the independent auditors to be selected to audit the financial statements of the corporation and its divisions and subsidiaries.
- Meet with the independent auditors and financial management of the corporation to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditors.
- Review with the independent auditors and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the corporation, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper.
- Review quarterly and annual financial statements contained in the annual report to shareholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting principles should be reviewed.
- Provide sufficient opportunity for independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the corporation's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of the audit.
- Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each committee meeting with, the Board of Directors.
- Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.
