PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
DECEMBER 19, 2006

This proxy statement is furnished to stockholders of SIGA Technologies, Inc. ("SIGA") in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of SIGA (the "Board of Directors") for use in voting at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, 29th Floor, New York, New York 10036, on Tuesday, December 19, 2006, at 10:30 a.m., and at any adjournment or postponement thereof.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

This proxy statement, and the accompanying form of proxy, are first being mailed to stockholders on or about November 27, 2006.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board of Directors has fixed the close of business on November 6, 2006 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of the Record Date, SIGA had issued and outstanding 31,796,454 shares of common stock, par value \$.0001 per share ("Common Stock").

Voting at the Annual Meeting

Each share of Common Stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the stockholders. Cumulative voting by stockholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the stockholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

For the election of directors, a plurality of the votes cast is required. Abstentions and broker "non-votes" are not considered for the purpose of the election of directors.

For the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2006, the affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting is required. Abstentions and broker "non-votes" for such proposal are not considered to have been voted on the proposal.

1

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

- o by writing a letter delivered to Thomas N. Konatich, Secretary of SIGA, stating that the proxy is revoked;
- o by submitting another proxy with a later date; or

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

- o by attending the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

Unless we receive specific instructions to the contrary or unless such proxy is revoked, shares represented by each properly executed proxy will be voted: (i) FOR the election of each of SIGA's nominees as a director; (ii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2006; and (iii) with respect to any other matters that may properly come before the Annual Meeting, at the discretion of the proxy holders. SIGA does not presently anticipate that any other business will be presented for action at the Annual Meeting.

Solicitation

SIGA will pay the costs relating to this proxy statement, the proxy card and the Annual Meeting. SIGA may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to beneficial owners. Directors, officers and regular employees may also solicit proxies by telephone, facsimile or other means or in person. They will not receive any additional payments for the solicitation.

2

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Ten directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting of Stockholders and until their successors have been duly elected and qualified. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the election of the ten persons named in the table below as directors of SIGA. Proxies cannot be voted for a greater number of persons than the nominees named. In the event that any of the below listed nominees for director should become unavailable for election for any presently unforeseen reason, the persons named in the accompanying proxy form have the right to use their discretion to vote for a substitute.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION (ITEM 1 OF THE ENCLOSED PROXY CARD) OF MR. DRAPKIN, MR. ANTAL, MR. CONSTANCE, DR. MJALLI, DR. OZ, DR. ROSE, MR. SAVAS, MS. SLOTKIN AND DR. WEINER AS DIRECTORS.

Meetings of the Board of Directors

The Board of Directors of SIGA held six meetings during 2005. During 2005, one director attended fewer than 75% of the aggregate of the meetings of the Board of Directors and committees thereof, upon which such director served during the period for which he has been a director or committee member. In addition, 2 actions were taken during 2005 by unanimous written consent of the directors.

Those members of the Board of Directors who are independent as defined by Rule 4200 of the NASD Marketplace Rules (the "Independent Directors") are also required, pursuant to Rule 4350(c)(2) of the NASD Marketplace Rules, to regularly convene executive sessions where only such Independent Directors are present. Such meetings may be in conjunction with regularly-scheduled meetings of the Board of Directors. Each member of the Board of Directors is also expected to attend the annual meeting of stockholders of SIGA. Seven members of the Board of Directors attended SIGA's 2005 annual meeting of stockholders.

Committees of the Board of Directors

The Board of Directors currently has, and appoints the members of, standing Audit, Compensation and Nominating and Corporate Governance Committees. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an Independent Director. Each of these committees has a written charter approved by the Board of the Directors in March 2004. A copy of each charter is posted on SIGA's website at www.siga.com under the "Corporate Governance" section.

Audit Committee. The Audit Committee, which currently consists of directors Paul G. Savas, Judy S. Slotkin and James J. Antal, held ten meetings

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

during 2005. The Board of Directors has determined that each of the members of the Audit Committee is "independent" under the applicable laws, rules and regulations. The Company has determined that Mr. Savas is an "Audit Committee financial expert" within the meaning of Regulation S-K promulgated by the Securities and Exchange Commission (the "SEC"). The purpose of the Audit Committee is to assist the Board of Directors in the oversight of the integrity of the financial statements of SIGA, SIGA's compliance with legal and regulatory matters, the independent registered public accounting firm's qualifications and

5

independence, and the performance of SIGA's independent registered public accounting firm. The primary responsibilities of the Audit Committee are set forth in its charter, and include various matters with respect to the oversight of SIGA's accounting and financial reporting process and audits of the financial statements of SIGA on behalf of the Board of Directors. The Audit Committee also selects the independent registered public accounting firm to conduct the annual audit of the financial statements of SIGA; reviews the proposed scope of such audit; reviews accounting and financial controls of SIGA with the independent registered public accounting firm and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates. A copy of the Audit Committee charter is available on SIGA's website (as described above). Also see "Audit Committee Report."

Compensation Committee. The Compensation Committee, which currently consists of directors Donald G. Drapkin, Paul G. Savas and Mehmet C. Oz, held one meeting during 2005. The Board of Directors has determined that each of the members of the Compensation Committee is "independent" within the meaning of the NASDAQ listing standards. The Compensation Committee functions include reviewing and approving the compensation and benefits for SIGA's executive officers, administering SIGA's stock plans and making recommendations to the Board of Directors regarding these matters. A copy of the Compensation Committee charter is available on SIGA's website. Also see "Compensation Committee Report."

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the "Nominating Committee"), which currently consists of directors Judy S. Slotkin, James J. Antal and Michael A. Weiner, was formed in March 2004 and held three meetings in 2005. The Board of Directors has determined that each of the members of the Nominating Committee is "independent" within the meaning of the NASDAQ listing standards. The Nominating Committee is responsible for searching for and recommending to the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Director's effectiveness and developing and implementing SIGA's corporate governance procedures and policies. A copy of the Nominating and Corporate Governance Committee charter is available on SIGA's website.

In selecting candidates for the Board of Directors, the Nominating Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. SIGA is of the view that the continuing service of qualified incumbents promotes stability and continuity in the board room, giving SIGA the benefit of the familiarity and insight into SIGA's affairs that its directors have accumulated during their tenure, while contributing to the Board of Director's ability to work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board of Directors, whom the Nominating Committee believes will continue to make important

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors. If there are positions on the Board of Directors for which the Nominating Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating Committee will solicit recommendations for nominees from persons whom the Nominating Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and management of SIGA. The Nominating Committee may also engage a professional search firm to assist in the identification of qualified candidates, but did not do so in 2005. As to each recommended candidate that the Nominating Committee believes merits serious consideration, the Nominating Committee will collect as much information, including without limitation, soliciting views from other directors and SIGA's management and having one or more Nominating Committee members interview each such candidate, regarding each candidate as it deems necessary or appropriate in order to make an informed decision with respect to such candidate. Based on all available information and relevant considerations, the Nominating Committee will select, for each directorship to be filled, a candidate who, in the view of the Nominating Committee, is most suited for membership on the Board of Directors. In making its selection, SIGA will evaluate candidates proposed by stockholders under criteria similar to the evaluation of other candidates, except that the Nominating Committee may consider, as one of the factors in its evaluation of stockholder recommended nominees, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of SIGA. This consideration may also include how long the recommending stockholder intends to continue holding its equity interest in SIGA.

6

The Nominating Committee has adopted a policy with regard to the minimum qualifications that must be met by a Nomination Committee-recommended nominee for a position on SIGA's Board of Directors, which policy is described in this paragraph. The Nominating Committee generally requires that all candidates for the Board of Directors be of high personal integrity and ethical character. The Nominating Committee requires that candidates not have any interests that would, in the view of the Nominating Committee, materially impair his or her ability to (i) exercise independent judgment or (ii) otherwise discharge the fiduciary duties owed as a director to SIGA and its stockholders. In addition, candidates must be able to represent fairly and equally all stockholders of SIGA without favoring or advancing any particular stockholder or other constituency of SIGA. Candidates must have demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavor. Candidates are expected to have sound judgment and a general appreciation regarding major issues facing public companies of a size and operational scope similar to SIGA, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have, and be prepared to devote, adequate time to the Board and its committees. It is expected that, taking into account their other business and professional commitments, including their service on the boards of other companies, each candidate will be available to attend meetings of the Board and any committees on which the candidate will serve, as well as SIGA's annual meeting of stockholders. SIGA also requires that at least a majority of the directors serving at any time on the Board are independent, as defined under the rules of the NASDAQ stock market and that at least three of the directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NASDAQ stock market.

The Nominating Committee has adopted a policy with regard to the consideration of director candidates recommended by stockholders, the material

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

elements of which policy are described in this paragraph. The Nominating Committee will consider recommendations for nomination for director submitted by holders of SIGA's shares entitled to vote generally in the election of directors. The Nominating Committee will give consideration to these recommendations for positions on the Board where the Nominating Committee has not determined to re-nominate a qualified incumbent director. While the Nominating Committee has not established a minimum number of shares that a stockholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the stockholder must own its shares, the Nominating Committee may take into account the size and duration of a recommending stockholder's ownership interest in SIGA. The Nominating Committee may also consider whether the stockholder making the nominating recommendation intends to maintain an ownership interest in SIGA of substantially the same size as at its interest at the time of making the recommendation. The Nominating Committee may refuse to consider recommendations of nominees who do not satisfy the minimum qualifications prescribed by the Nominating Committee for board candidates.

The Nominating Committee has adopted procedures to be followed by stockholders in submitting recommendations of candidates for director. The procedures are posted on SIGA's website at www.siga.com under the "Corporate Governance" section, and described in this paragraph. A stockholder (or group of stockholders) wishing to submit a nominating recommendation for an annual meeting of stockholders should try to ensure that it is received by SIGA, as provided herein, not later than 120 calendar days prior to the first anniversary of the date of the proxy statement for the prior annual meeting of stockholders. All stockholder nominating recommendations should be in writing, addressed to "the Nominating and Corporate Governance Committee" care of SIGA's Chief Financial Officer at SIGA's principal headquarters, 420 Lexington Avenue, Suite 408, New York, New York 10170. Submissions should be made by mail, courier or personal delivery. A nominating recommendation should be accompanied by the following information concerning each recommending stockholder:

- o The name and address, including telephone number, of the recommending stockholder;
- o The number and class of SIGA's shares owned (beneficially or of record) by the recommending stockholder and the time period for which such shares have been held;
- o A statement from the stockholder as to whether the stockholder has a good faith intention to continue to hold the reported shares through the date of SIGA's next annual meeting of stockholders;
- o Sufficient information about the proposed nominee for the Nominating Committee to make an informed decision regarding the qualifications of the proposed nominee;

7

- o Any relationship between the proposed nominee and the recommending stockholder; and
- o Such other information as the Nominating Committee may reasonably request.

The nominating recommendation must be accompanied by the consent of the proposed nominee to be interviewed by the Nominating Committee, if the Nominating Committee chooses to do so in its discretion (and the recommending stockholder must furnish the nominee's contact information for this purpose), and, if nominated and elected, to serve as a director of SIGA.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee have been appointed by the Board of Directors. During the 2005 fiscal year, the Audit Committee consisted solely of independent directors, as defined in Rule 4200(a)(15) of the NASD Marketplace Rules. The Audit Committee operates under a written charter that was amended and restated by the Board of Directors in March 2004 in order to assure continued compliance by SIGA with SEC and NASDAQ rules enacted in response to requirements of the Sarbanes-Oxley Act.

The Audit Committee assists the Board of Directors in monitoring the integrity of SIGA's financial statements, the independent registered public accounting firm's qualifications and independence, the performance of the independent registered public accounting firm, and the compliance by SIGA with legal and regulatory requirements. Management is responsible for SIGA's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of SIGA's financial statements in accordance with generally accepted auditing standards and for issuing a report on those financial statements. The Audit Committee monitors and oversees these processes.

In this context, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2005 with management and with PricewaterhouseCoopers LLP, SIGA's independent registered public accounting firm. The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), which includes, among other items, matters related to the conduct of the audit of SIGA's annual financial statements.

The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with PricewaterhouseCoopers LLP the issue of their independence from SIGA and management. In addition, the Audit Committee has considered whether the provision of non-audit services by the independent registered public accounting firm in 2005 is compatible with maintaining the auditors' independence and has concluded that it is.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in SIGA's Annual Report on Form 10-K for the year ended December 31, 2005. The Audit Committee has also recommended, subject to stockholder ratification, the selection of SIGA's independent registered public accounting firm for the year ending December 31, 2006.

The members of the Audit Committee are Paul G. Savas, Judy S. Slotkin and James J. Antal, none of whom is or, during the fiscal year 2005, was, an employee of SIGA.

Respectfully submitted by the Audit Committee,
Paul G. Savas, Chairman

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During the year ended December 31, 2005, the Compensation Committee was comprised of Donald G. Drapkin, Paul G. Savas and Mehmet C. Oz. The Compensation Committee's duties include determination of the Company's compensation and benefit policies and practices for executive officers and key managerial employees. In accordance with rules established by the SEC, the Company is required to provide certain data and information in regard to the compensation provided to the Company's Chief Executive Officer and the four other most highly compensated executive officers.

Compensation Policies

The overall objectives of the Company's compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in the Company's business strategy, to maximize the link between executive and stockholder interests through a stock option plan and to recognize individual contributions as well as overall business results. To achieve these objectives, the Company has developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive's compensation to performance.

The key elements of the Company's compensation program consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of annual incentive compensation and stock option awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to the individual, including pension benefits, insurance and other benefits, as well as the programs described below.

Base Salaries

Base salaries for executive officers are determined based upon the Compensation Committee's evaluation of the responsibilities of the position held and the experience of the individual, and by reference to historical levels of salary paid by the Company.

Salary adjustments are based on a periodic evaluation of the performance of the Company and each executive officer, as well as financial results of the

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

business. The Compensation Committee takes into account the effect of any corporate transactions that have been consummated during the relevant year and, where appropriate, also considers non-financial performance measures. These include the Company's market share, scientific developments and improvements in relations with employees.

Annual Incentive Compensation Awards

Annual incentive compensation is payable pursuant to contractual provisions with certain executives which provide eligibility to receive performance based bonuses and/or discretionary bonuses. The annual incentive compensation earned by the executives with respect to 2005 was discretionary and determined by the Compensation Committee.

Other Incentive Compensation Awards

The principal component of executive compensation is the granting of stock options, which are intended as a tool to attract, provide incentive to and retain those executives who make the greatest contribution to the business, and who can have the greatest effect on the Company's long-term profitability. The exercise price of stock options is set at a price equal to the market price of the Common Stock at the time of the grant. The options therefore do not have any value to the executive unless the market price of the Common Stock rises.

Chief Executive Officer Compensation

Dr. Kasten began service as Chief Executive Officer on July 2, 2004 and resigned his position effective April 30, 2006. The compensation of Dr. Kasten had been governed by the terms of his Employment Agreement dated as of July 2, 2004, which terms were modified as of his resignation, all as described below under the heading "Employment Contracts."

10

Tax Deductibility Of Executive Compensation

The Compensation Committee attempts to ensure full deductibility of compensation notwithstanding the limitation on the deductibility of certain compensation in excess of one million dollars under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Company's stock options are designed so as to cause stock options and bonuses granted there under to be exempt from the limitations contained in Section 162(m) of the Code.

Respectfully submitted by the Compensation Committee,
Donald G. Drapkin
Paul G. Savas
Mehmet C. Oz

Long-Term Incentive Plans--Awards in Last Fiscal Year

As of January 1, 1996, we adopted our 1996 Incentive and Non-Qualified Stock Option Plan. An amendment and restatement of such plan, as amended, was adopted on May 3, 2001 and was further refined by the Board of Directors on June 29, 2001 (the "Plan"). The Plan was approved by our stockholders at an annual meeting on August 15, 2001, and amended on January 8, 2004, to increase the

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

maximum number of shares of common stock available for issuance under the Plan to 10,000,000. Stock options may be granted to key employees, consultants and outside directors pursuant to the Plan. The Plan was amended again at our annual meeting on May 26, 2005, when our stockholders voted to increase the maximum number of shares of common stock available for issuance under the Plan from 10,000,000 to 11,000,000.

The Plan is administered by our Compensation Committee which determines persons to be granted stock options, the amount of stock options to be granted to each such person, and the terms and conditions of any stock options as permitted under the Plan. The members of the Compensation Committee are Mehmet C. Oz, M.D., Paul G. Savas and Donald G. Drapkin. See "Committees of the Board of Directors" above for more information.

Both Incentive Options and Nonqualified Options may be granted under the Plan. An Incentive Option is intended to qualify as an incentive stock option within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Any Incentive Option granted under the Plan will have an exercise price of not less than 100% of the fair market value of the shares on the date on which such option is granted. With respect to an Incentive Option granted to an employee who owns more than 10% of the total combined voting stock of SIGA or of any parent or subsidiary of SIGA, the exercise price for such option must be at least 110% of the fair market value of the shares subject to the option on the date the option is granted.

The Plan, as amended, provides for the granting of options to purchase 11,000,000 shares of common stock, of which 9,399,561 options were outstanding as of December 31, 2005.

15

The column entitled "Percentage of Total Voting Stock Outstanding" shows the percentage of total voting stock beneficially owned by each listed party.

The number of shares beneficially owned is determined under rules promulgated by the Securities and Exchange Commission, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days of October 31, 2006, through the exercise or conversion of any stock option, convertible security, warrant or other right. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power (or shares that power with that person's spouse) with respect to all shares of capital stock listed as owned by that person or entity.
