Corporate Secretary

Dated December 23, 2007

Gilat chosen by Mexico's Grupo Elektra to provide a 1,964-site broadband satellite network

SkyEdge VSATs being deployed at Elektra retail stores throughout Latin America

Petah Tikva, Israel, December 21, 2007 Gilat Satellite Networks Ltd. (Nasdaq: GILT) today announced it has been selected by Mexico's Grupo Elektra to provide a SkyEdge satellite hub station and 1,964 VSATs for use in several Latin American countries including Mexico, Guatemala, Honduras, Peru, El Salvador, Panama and Argentina. Grupo Elektra is one of Latin America's leading specialty retailers and financial service companies. This agreement represents an expansion of Gilat's business relationship with Grupo Elektra, which began more than a decade ago with the deployment of Gilat's SkyStar Advantage VSAT network and later with a SkyBlaster 360e network.

The network, based on Gilat's SkyEdge IP VSATs, will enable cost-effective and reliable broadband communications for point-of-sale data management, fast credit card processing, software downloads, high-speed Internet access, corporate communications and terrestrial backup connectivity. SkyEdge is customized for highly efficient transaction communications, such as those required by credit card applications.

Jose Aronovich, Gilat Network Systems' regional vice president, Latin America, said, "We are proud of our long and successful relationship with Grupo Elektra and having been chosen again to provide a VSAT solution to meet their growing networking requirements. With our well-established local presence, we are able to provide the dedicated customer support that enterprise customers such as Grupo Elektra demand from their technology partners.

Gilat's SkyEdge is a satellite communications system that delivers high-quality voice, transaction-oriented applications, broadband data and video over a unified system. SkyEdge represents Gilat's extensive knowledge base and field-proven product offering, acquired through two decades of experience. SkyEdge's flexible architecture and efficient space segment utilization make it an ideal platform for operators and service providers.

About Grupo Elektra

Grupo Elektra, S.A. de C.V. is one of Latin America's leading specialty retailers and financial services companies. It operates more than 1,900 stores in seven countries. For more information, please visit www.grupoelektra.com.mx.

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd. (Nasdaq: GILT) is a leading provider of products and services for satellite-based communications networks. The Company operates under three business units: (i) Gilat Network Systems (GNS), which is a provider of network systems and associated professional services to service providers and operators worldwide; (ii) Spacenet Inc., which provides managed services in North America for businesses and governments through its Connexstar service brand and for consumers through its StarBand service brand; (iii) Spacenet Rural Communications, which offers rural telephony and Internet access solutions to remote areas primarily in Latin America.

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K
