- EPS Reaches \$0.19, Up 280% Compared to Q3 2009 -

KFAR SAVA, Israel - January 25, 2010 - Silicom Ltd. (NASDAQ and TASE: SILC) today reported a return to year-over-year growth for the fourth quarter ended December 31, 2009.

Revenues for the fourth quarter of 2009 were \$6.8 million, up 47% compared sequentially with \$4.6 million in the third quarter of 2009, and up 4% compared with \$6.5 million in the fourth quarter of 2008. Net income for the period was \$1.4 million, or \$0.19 per diluted share (\$0.20 per basic share), up 290% compared with \$346,000, or \$0.05 per share (basic and diluted), for the third quarter of 2009. Net income for the fourth quarter of 2008 was \$1.6 million, or \$0.24 per diluted share (\$0.25 per basic share).

Revenues for the full year ended December 31, 2009 were \$20.5 million compared with \$25.6 million for 2008. Net income for the year was \$2.8 million, or \$0.41 per diluted share (\$0.42 per basic share), compared with \$4.6 million, or \$0.69 per share (basic and diluted), for 2008.

As of December 31, 2009, the Company's cash, cash equivalents, bank deposits and marketable securities totaled \$43.2 million, up \$1.6 million compared with the end of the third quarter of 2009, and up \$4.0 million compared with the end of 2008.

Commenting on the results, Shaike Orbach, President and CEO, said, "We are pleased to report an exceedingly strong fourth quarter and a return to year-over-year revenue growth, a satisfying development which reflects the improvement we are seeing in sales across the board, for all our product lines and target markets. This derives from the fact that many of our customers have renewed their purchases to near-pre-crisis levels, together with the initial sales associated with new products and customers. Significantly, we did not lose any customers during this challenging year."

Mr. Orbach continued, "Our decision to continue strong investment in sales, marketing and R&D during 2009 has enabled us to continue expanding our product offering in ways that meet the market's evolving needs. We are especially pleased with the positive initial market reception achieved towards the end of the year by our strategic new SETAC, SErver To Appliance Converter. We believe that over the long term the growing sales of our current product lines will be complemented by significant SETAC sales, hopefully driving Silicom to a whole new level of revenues and profits."

Mr. Orbach concluded, "Looking at 2009 as a whole, we are proud to have delivered four profitable, cash-positive quarters despite the year's significant challenges, and to finish the year with such a strong rebound quarter, a testament to the success of our current product lines. Based on these achievements we believe that we are well positioned to deliver a stronger 2010 and are optimistic regarding our long-term prospects."
