NOTE 1 – DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION AND ACCOUNTING POLICIES

In the opinion of management, these interim financial statements include all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto of the Company and management's discussion and analysis of financial condition and results of operations included in the Company's Annual Report for the year ended December 31, 2008 as filed with the Securities and Exchange Commission on Form 10-K. Notes to the financial statements that would substantially duplicate the disclosure contained in the audited financial statements for fiscal year 2008, as reported in the Form 10-K, have been omitted.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of CMG Holdings, Inc., Creative Management Group and CMG Acquisitions, Inc., CMGO Capital, Inc. and CMGO Events Marketing, Inc, Creative Management Group Logistics, Inc. after elimination of all significant inter-company accounts and transactions.

INTANGIBLE ASSETS, GOODWILL AND IMPAIRMENT OF LONG-LIVED ASSETS

Intangibles are recorded at cost and amortized on the straight-line method over their estimated useful lives. Goodwill is reviewed annually. Intangible valuation and Goodwill impairment are determined using similar processes. For intangibles, the first step is to compare the fair value of the intangible to its carrying amount. For Goodwill, the first step is to compare the fair value of a reporting unit with its carrying amount, including goodwill. Inova determines the fair value of both intangibles and reporting units by using a discounted cash flow ("DCF") analysis approach. Determining fair value requires the exercise of significant judgments, including judgments about appropriate discount rates, perpetual growth rates, relevant comparable company earnings multiples and the amount and timing of expected future cash flows. The cash flows employed in the DCF analyses are based on Inova's budget and long-term business plan, and various growth rates have been assumed for years beyond the long-term business plan period. Discount rate assumptions are based on an assessment of the risk inherent in the future cash flows of the respective reporting units.

BUSINESS COMBINATION

The Company accounts for business combination in accordance with SFAS No. 141R, "Business Combinations". In December 2007, the FASB issued SFAS No. 141R which establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and for disclosure to enable evaluation of the nature and

financial effects of the business combination.

NEW ACCOUNTING PRONONCEMENT

In May 2009, the FASB issued SFAS No. 165, Subsequent Events. This standard is intended to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. Specifically, this standard sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements and the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. SFAS No. 165 is effective for fiscal years and interim periods ended after June 15, 2009. The Company adopted this standard effective June 15, 2009, and has evaluated any subsequent events through August 18, 2009. The Company has no significant subsequent events for the period from July 1, 2009 through August 18, 2009.

ITEM 4 CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures.

Disclosure controls and procedures have been designed to ensure that information required to be disclosed by the Company is collected and communicated to management to allow timely decisions regarding required disclosures. The Chief Executive Officer and the Chief Financial Officer have concluded, based on their evaluation as of June 30, 2009, the disclosure controls and procedures were ineffective in providing reasonable assurance that material information is made known to them by others within the Company:

- a) We did not maintain sufficient personnel with an appropriate level of technical accounting knowledge, experience, and training in the application of generally accepted accounting principles commensurate with our complexity and our financial accounting and reporting requirements. We have limited experience in the areas of financial reporting and disclosure controls and procedures. As a result, there is a lack of monitoring of the financial reporting process and there is a reasonable possibility that material misstatements of the consolidated financial statements, including disclosures, will not be prevented or detected on a timely basis; and
- b) There is a lack of sufficient accounting staff which results in a lack of segregation of duties necessary for a good system of internal control. This control deficiency, which is pervasive in nature, results in a reasonable possibility that material misstatements of the financial statements will not be prevented or detected on a timely basis.

Management's efforts to address these deficiencies in its disclosure controls and procedures is reflected in its commitment to providing continued education and training for our Chief Financial Officer and accounting staff to ensure the level of expertise required for a public company. In addition, management has budgeted in the coming year for additional accounting staff to address internal control weaknesses associated with lack of segregation of duties.

(b) Changes in internal controls

There have been no changes to our internal control in the quarter ended June 30, 2009.
