## Edgar Filing: FIRST DATA CORP - Form 8-K

Information to be included in the report

### Item 8.01. Other Events

On February 22, 2006, the Compensation and Benefits Committee (the "Compensation Committee") of the Board of Directors of First Data Corporation (the "Company") reviewed the expiration date for options to purchase 4,091,248 shares of stock of the Company granted to Henry C. Duques, the Company's Chief Executive Officer, under the Company's 1992 Long-Term Incentive Plan (the "Options"). The Options were granted to Mr. Duques prior to his retirement from the Company in April 2003. Although the original expiration dates of the Options ranged from December 31, 2006 through December 8, 2009, the 1992 Long-Term Incentive Plan required that the Options would expire on the third anniversary of Mr. Duques' retirement, as is the case with respect to all retirees. Because Mr. Duques returned to the Company as an employee, the Company reviewed the terms of the Options. The Compensation Committee determined that due to tax and accounting considerations no change to the April 1, 2006 expiration of the Options was in the best interest of the Company's investors.

On February 23, 2006, Mr. Duques executed a 10b5-1 trading plan for the sale of shares underlying these options. Mr. Duques has indicated that he intends to sell enough shares to pay for the option exercise price and taxes due on the exercise and retain the remaining shares.
