ITEM 7.01 REGULATION FD DISCLOSURE

On June 4, 2009, IR BioSciences Holdings, Inc. (the "Company"), a Delaware corporation, received acknowledgement from YA Global Investments, L.P. ("YA Global") that YA Global has reviewed and accepted the Company's recent submission of an Investigational New Drug Application (IND) to the U.S. Food and Drug Administration (FDA). This submission makes for successful completion by the Company of the third, and final, milestone obligation under provisions of the convertible debentures issued by the Company to YA Global. As per the term of the convertible debentures, successful completion of the final milestone is defined as submission of an IND for the use of Homspera in humans which IND was required to be submitted to the FDA for at least one clinical trial (Phase I) in humans by June 30, 2009.

On May 28, 2009, ImmuneRegen BioSciences, Inc., a wholly owned subsidiary of IR BioSciences Holdings, Inc. submitted the IND to the FDA to begin human clinical testing of Homspera, an analog of the endogenous neurokinin Substance P, as a treatment for Idiopathic Pulmonary Fibrosis, a condition for which there are no consistently effective drugs approved for human use in the U.S.

The convertible debentures were sold pursuant to a securities purchase agreement dated as of January 3, 2008 (the "Agreement") providing for the issuance of (i) convertible debentures in an aggregate principal amount up to \$3,000,000 (collectively, the "Convertible Debentures") which are convertible into shares (the "Conversion Shares") of the Company's common stock, par value \$.001 per share (the "Common Stock"), and (ii) warrants (the "Warrants") to purchase 7,500,000 shares of Common Stock (the "Warrant Shares"). The initial closing of the Agreement occurred on January 3, 2008, at which time the Company sold to YA Global \$2 million of the Debentures and the Warrants, and on June 12, 2008 the Company exercised its option to sell and issue to YA Global an additional \$1 million of the Debentures.

This summary is qualified in its entirety by reference to the full text of the Convertible Debenture attached as Exhibit 4.1, the Common Stock Purchase Warrant attached as Exhibit 4.2, the Agreement attached as Exhibit 10.1, the Guaranty Agreement attached as Exhibit 10.2, the Security Agreement attached as Exhibit 10.3 and the Patent Security Agreement attached as Exhibit 10.4, all to the report on Form 8-K filed on January 9, 2008 and all of which is incorporated herein by this reference.
