Shares represented by the enclosed proxy properly executed and returned, and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. **If no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting.**

If you are a stockholder whose shares are registered in another name, for example in street name, you must follow the procedures required by the holder of record, which is usually a brokerage firm or bank, to revoke a proxy. You should contact the holder of record directly for more information on these procedures.

Stockholders that attend the Annual Meeting and wish to vote in person will be given a ballot at the meeting. If your shares are held in street name and you want to attend the Annual Meeting, you must bring an account statement or letter from the brokerage firm or bank holding your shares showing that you were the beneficial owner of the shares on the record date. If you want to vote shares that are held in street name or are otherwise not registered in your name, you will need to obtain a legal proxy from the holder of record and present it at the Annual Meeting.

The expense of soliciting proxies will be borne by the Company. In addition to solicitations by mail, officers and regular employees of the Company, without additional remuneration, may solicit proxies by telephone, telegram and personal interviews from brokerage houses and other stockholders. The Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies and will pay the firm a fee of \$7,500 plus expenses. The Company will also reimburse brokers and other persons for their reasonable charges and expenses incurred in forwarding soliciting materials to their principals.

Voting Securities and Votes Required

Each share is entitled to one vote.

The holders of a majority of the number of shares of common stock issued, outstanding and entitled to vote on any matter shall constitute a quorum with respect to that matter at the Annual Meeting. Shares of common stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the Annual Meeting is required for the election of Directors. The affirmative vote of the holders of a majority of the shares of common stock present or represented and properly cast on a matter is required to approve the amendment to the 2002 Stock Incentive Plan (the 2002 Plan), and the ratification of the selection of Ernst & Young LLP (Ernst & Young) as the Company s independent auditors for the current fiscal year.

Shares that abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or shares voting on a matter.

The Audit Committee has discussed with Ernst & Young that firm's independence from management and the Company, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1. The Audit Committee has also considered the compatibility of nonaudit services with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended September 30, 2003 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the reappointment of the Company's independent auditors.

In addition, the Audit Committee reviews on a regular basis the Company's compliance with the provisions of the Sarbanes-Oxley Act of 2002 and related proposed SEC and NASDAQ[®] rules.

REPORT OF COMPENSATION COMMITTEE

Introduction

The Company's compensation program for executive officers is administered by the Compensation Committee, which is composed of three non-employee, independent members of the Board, Messrs. Dumler, Portner and Rubinovitz. The Compensation Committee, which held five meetings during fiscal year 2003, is responsible for establishing and administering the policies that govern both annual compensation and equity ownership. It administers the Company's stock option plans, approves stock option awards, recommends to the Board the annual salaries and bonuses of the Company's executive officers and makes recommendations to the Board with regard to the adoption of any new employee stock benefit plans.

The Company's executive compensation program reflects input from the Company's Chief Executive Officer. The Compensation Committee reviews his proposals concerning executive compensation and makes a final determination concerning the scope and nature of compensation arrangements. The actions of the Compensation Committee are reported to the full Board of the Company.

Kronos believes it important that its stockholders understand the Company's philosophy regarding executive compensation, and how this philosophy manifests itself in the Company's various compensation plans.

Philosophy

All of Kronos' compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them for superior Company performance. Different programs are geared to short and longer term performance with the goal of increasing stockholder value over the long term.

Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because Kronos believes the performance of every employee is important to the success of the Company, it is mindful of the effect of its executive compensation and incentive programs on all employees.

The Compensation Committee believes that the compensation of Kronos' executives should reflect their success in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share and growth or maintenance of market share and long-term competitive advantage, and ultimately, in attaining an increased market price for the Company's stock. The Compensation Committee believes that the performance of Kronos' executives in the management of the Company, considered in the light of general economic and specific company, industry and competitive conditions, should be the basis for the determination of executive compensation, bonuses and stock option awards. It believes executive compensation should not be based on the short-term performance of the Company's stock, whether favorable or unfavorable, but rather that the price of the Company's stock will, in the long-term, reflect the operating performance of the Company, and ultimately, the management of the Company by its executives. The Company seeks to have the long-term performance of the Company's stock reflected in executive compensation through the Company's stock option and other equity incentive programs.

Programs

Kronos currently has three major components to its executive compensation plans: salary, bonus and stock option and other equity incentive programs.

Salary

The Compensation Committee reviews each executive officer's salary annually. In determining appropriate salary levels for executives, the Compensation Committee primarily takes into account salary compensation at

comparably sized companies in the electronics and software industries. To track this, the Compensation Committee relies on salary surveys conducted by third parties and its own knowledge of compensation at companies in the greater Boston metropolitan area.

The Compensation Committee's goal is to establish base salary compensation in the upper half of the range of salaries for executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses and of comparable size and success, but not at the highest levels. The Company believes this gives it the opportunity to attract and retain talented managerial employees both at the level of Vice President and below. At the same time, this level of salary allows the Company to have a bonus plan based on performance without raising executive compensation beyond levels which the Company believes are appropriate.

Bonus

Kronos' cash bonus plan is designed to reward its executives for the achievement of shorter-term Company financial goals, principally increases in the Company's pre-tax income. The Company's philosophy is to reward its executives as a group if the Company's goals are achieved. The bonus payable for fiscal 2003 ranged from 20% to 60% of base salary, depending on the achievement of financial goals, including the level of pre-tax income achieved by the Company. The Company believes this level of award strikes the right balance between incentive and reward, without offering undue incentives to management to make short-term decisions that could be harmful to the Company in the long run. Early in the Company's fiscal year, the Compensation Committee sets guidelines for the awards based upon achievement of financial goals, including the level of pre-tax income, and based upon its own assessment of the ability of the Company to achieve the Company's annual financial plan, in light of economic conditions and other factors. It is the general philosophy of the Compensation Committee that management be rewarded for their performance as a team in the attainment of these goals, rather than individually.

While the cash bonus plan is based on the attainment of certain financial goals, awards under the plan for any individual or the officers as a group are entirely at the discretion of the Compensation Committee, which may choose to award the bonus or not, in light of all relevant factors after completion of the Company's fiscal year.

Stock Option and Equity Incentive Programs

The Company intends that its stock option program be its primary vehicle for offering long-term incentives and rewarding its executives and key employees. Kronos believes that the granting of stock options is the compensation mechanism that works most effectively to align the interests of the Company's management and stockholders. The goal of the program has been to enable members of the program to participate in the success of the Company commensurate with their contributions. Kronos desires that its executives achieve a meaningful equity stake in the Company through their participation in the option program.

The Compensation Committee and the Board of Directors are mindful of well publicized abuses of such incentive plans at other companies. Thus, Kronos' options vest in four equal annual installments. Also, Kronos generally awards options to key employees over an extended period of years rather than grant huge numbers of options at any one time. This gives optionees an interest in the longer term success of the Company rather than focusing them on the performance of Kronos for any particular period.

The Committee is also mindful of the cost of this program, as it serves to dilute the ownership interest of its shareholders. Accordingly, the duration of options granted are set at 4 1/2 years, somewhat shorter than normal. Further, the proceeds from the exercise of options are available for the Company's stock repurchase program. Thus, for example, if options are exercised after the Company's stock has doubled and these proceeds are used to repurchase Kronos stock, the dilution from granting the stock options is reduced by half.

Stock options are granted to key employees based upon prior performance, the importance of retaining their services for the Company and the potential for their performance to help the Company attain its long-term goals. However, there is no set formula for the award of options to individual executives or employees. Stock options are generally granted annually in conjunction with the Compensation Committee's formal review of the individual performance of its key executives, including its Chief Executive Officer, and their contributions to the Company.

In each of the past three fiscal years, Kronos has granted on average options to purchase 4.3% of the Company's outstanding shares on a fully-diluted basis. Of this amount, approximately half have been granted to the Company's executive officers and key managers, and the balance to other key employees. During fiscal year 2003, 532 employees received stock option awards, including the named executive officers who received options to acquire 300,000 shares or 24.1% of the total options granted in fiscal 2003.

In connection with the Company's stock option plans, participants may use shares to exercise their options or to pay taxes at the applicable statutory minimum rate on nonstatutory options. The purpose of this program is to encourage the officers to hold rather than sell their Kronos shares.

The Employee Stock Purchase Plan is designed to appeal primarily to non-executive Kronos employees and is not intended to be a meaningful element in executive compensation.

Summary of Compensation of Chief Executive Officer

In fiscal year 2003, Mark S. Ain, the Company's Chief Executive Officer, received a salary of \$472,812 and bonus compensation of \$216,660. In deciding whether or not bonus compensation would be paid for fiscal year 2003, the Compensation Committee reviewed whether certain of the Company's financial goals established at the beginning of fiscal year 2003 had been attained. On November 21, 2003, Mr. Ain was granted a nonstatutory option to purchase 88,500 shares of common stock at a price of \$38.81 per share, the fair market value on the date of the grant, based on Mr. Ain's performance in fiscal year 2003. This option vests and becomes exercisable at the rate of 22,125 shares per year, beginning on the first anniversary date of the grant and each one year anniversary thereafter for the ensuing three years. In determining the number of shares covered by the options granted to Mr. Ain, the Compensation Committee evaluated Mr. Ain's prior performance, the importance of retaining his services for the Company, and his potential to help the Company attain its long-term goals.

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the corporation's Chief Executive Officer and four other most highly paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. The Compensation Committee periodically reviews the potential consequences of Section 162(m) and may structure the performance-based portion of its executive compensation to comply with certain exemptions in Section 162(m). However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when the Compensation Committee believes that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Employment Contracts and Retention Agreements

Kronos currently has no employment contracts with any of its employees, including those executives named in the Summary Compensation Table. In October 2000, Kronos adopted and entered into retention agreements with each of the executives named in the Summary Compensation Table, with the exception of Mr. George, with whom Kronos entered into a retention agreement in February 2002. Under these agreements, each executive is eligible to receive, if his or her employment with Kronos is terminated by the Company for reasons other than for cause (as defined in the retention agreement) or by the executive for good reason (as defined in the retention agreement), within 12 months following a change in control of Kronos, a cash payment equal to three times the sum of the executive's highest base salary (or in the case of Mr. George, a cash payment equal to one times his highest base salary) and highest bonus, received in any year for the five-year period prior to such change in control. The executive has the option to receive this cash payment in one lump sum or in 36 equal monthly installments. Except with respect to Mr. George, in the event an executive's termination occurs after 12 months following a change in control, the executive is eligible to receive a cash payment equal to two times the sum of the executive's highest base salary and highest bonus, received in any year for the five-year period prior to the change in control. The retention agreements also provide that the Company will continue to provide benefits to the executives for a period of one year after the date of his or her termination.

COMPARATIVE STOCK PERFORMANCE

The graph assumes the investment of \$100 in the Company's common stock, the NASDAQ Composite Index and the S&P500 Info Technology Price Index and assumes dividends are reinvested. Measurement points are the last days of the Company's fiscal years ended September 30, 1999, 2000, 2001, 2002 and 2003 and the last trading days of each of the other months in the Company's 1999, 2000, 2001, 2002 and 2003 fiscal years.

PROPOSAL II

APPROVAL OF AMENDMENT TO THE 2002 STOCK INCENTIVE PLAN

In the opinion of the Board of Directors, the future success of the Company depends, in large part, on its ability to attract, retain and motivate key employees with experience and ability in today's intensely competitive market. Under the Company's 2002 Plan, the Company is currently authorized to grant incentive stock options and non-statutory stock options to purchase up to an aggregate of 2,550,000 shares of Common Stock. As of December 12, 2003, 2,465,213 shares of Common Stock had been issued, or are reserved for issuance, pursuant to awards granted under the 2002 Plan to employees and Directors of the Company; the Company estimates that the remaining 84,787 shares available for issuance under the 2002 Plan will not be sufficient to meet the Company's needs for the duration of the 2002 Plan, which expires by its terms in 2012. This is the only stock option plan under which the Company can currently issue any awards, other than the Company's 2003 Employee Stock Purchase Plan. All awards granted under the 2002 Plan have been in the form of non-statutory stock options.

Accordingly, on October 31, 2003 the Board of Directors voted, subject to stockholder approval, to amend the 2002 Plan to increase from 2,550,000 to 5,000,000 the number of shares available for issuance under the 2002 Plan (subject to adjustment for certain changes in the Company's capitalization). If the stockholders do not approve the proposed amendment, the Company's ability to grant any further options or make any further awards of stock under the 2002 Plan will be significantly curtailed, which will adversely impact the Company's ability to attract, retain and motivate current and prospective employees.

Description of the 2002 Plan

The following is a brief summary of the 2002 Plan and this summary is qualified in its entirety by reference to the 2002 Plan, a copy of which is attached to this Proxy Statement as Appendix B and to the electronic copy of this Proxy Statement filed with the SEC, which may be accessed from the SEC's home page (www.sec.gov). In addition, a copy of the 2002 Plan may be obtained upon request by writing or calling the Company at 297 Billerica Road, Chelmsford, Massachusetts 01824, Attention: Investor Relations or by calling 978-250-9800.

Types of Options; Vesting

The 2002 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and non-statutory stock options (collectively, "Options"). Participants (as defined below) receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the Option grant. Options may be granted at an exercise price which may be equal to or greater than the fair market value of the Common Stock on the date of grant. Present law requires that incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Code be granted at an exercise price at least equal to 100% of the fair market value of the Common Stock on the date of grant (or at least equal to 110% of the fair market value in the case of incentive stock options granted to Participants holding more than 10% of the total combined voting power of the Company). Options may not be granted for a term in excess of ten years. The 2002 Plan permits the following forms of payment upon the exercise of Options:

payment by cash, check or in connection with a cashless exercise through a broker,

surrender to the Company of shares of Common Stock owned by a Participant (as defined below) for at least six months; or

any combination of these forms of payment.

The Board, in its sole discretion, may grant an option that becomes exercisable at such times and in such installments as may be determined by the Board.

Eligibility to Receive Options

Employees, officers, directors, consultants, advisors and other entities of the Company and its subsidiaries and of other business ventures in which the Company has a significant interest are eligible to be granted Options under the 2002 Plan (each a Participant). Under present law, however, incentive stock options may only be granted to employees of the Company. The maximum number of shares with respect to which Options may be granted to any Participant under the 2002 Plan may not exceed 337,500 shares per calendar year.

Plan Benefits

As of September 30, 2003, approximately 2,300 persons were eligible to receive Options under the 2002 Plan, including the Company's eight executive officers and six non-employee directors. The granting of Options under the 2002 Plan is discretionary, and the Company cannot now determine the number or type of Options to be granted in the future to any particular person or group.

On December 12, 2003, the last reported sale price of the Company's Common Stock on NASDAQ National Market[®] was \$40.55.

Since adoption of the 2002 Plan in February 2002, the following options have been granted under the 2002 Plan to the following persons and groups:

Administration

The 2002 Plan is administered by the Board of Directors. The Board of Directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2002 Plan and to interpret the provisions of the 2002 Plan. Pursuant to the terms of the 2002 Plan, the Board of Directors may delegate authority under the 2002 Plan to one or more committees or subcommittees of the Board of Directors consisting of not less than two members who shall be outside directors within the meaning of Section 162(m) of the Code and non-employee directors as defined under Rule 16-b3 promulgated under the Exchange Act. The Board of Directors has authorized the Compensation Committee to administer certain aspects of the 2002 Plan, including the granting of options to executive officers.

Subject to any applicable limitations contained in the 2002 Plan, the Board of Directors, the Compensation Committee, or any other committee to whom the Board of Directors delegates authority, as the case may be, selects the recipients of Options and determines:

the number of shares of Common Stock covered by options and the dates upon which such options become exercisable;

the exercise price of options (which may not be less than 100% of fair market value of the Common Stock); and

the duration of options (which may not exceed 10 years).

If any Option expires or is terminated or surrendered the unused shares of Common Stock covered by such Option will again be available for grant under the 2002 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Transferability of Options

Options generally may not be sold, assigned, transferred, pledged or otherwise encumbered by the Participant, except by will or the laws governing descent. However, with the approval of the Board, a Participant may transfer a nonstatutory stock option for no consideration to the Participant's immediate family or a trust for the benefit of the Participant's immediate family. In the event of any such transfer the transferee shall remain subject to all the terms and conditions applicable to the stock option agreement.

Forfeiture Provision

In the event that a Participant terminates his or her employment with the Company for any reason whatsoever and, within twenty-four months for Participants in the fields of research and development, engineering, testing, strategic planning or any phase of management or within twelve months for Participants in all other fields, such Participant:

accepts employment with any competitor of, or otherwise engages in competition with, the Company; or

attempts to induce, directly or indirectly, any employee of the Company to accept employment elsewhere;

the Board of Directors, in its sole discretion, may require the Participant to return, or (if not received) to forfeit, to the Company the economic value of an Option which is realized or obtained (measured at the date of exercise or vesting) by such Participant during the twelve months prior to the date of such Participant's termination of employment with the Company.

Changes in Employment Status

Edgar Filing: KRONOS INC - Form DEF 14A

In the event a Participant's employment or service terminates by reason of death, the Participant's legal representatives may exercise his or her Options for such number of shares that were vested on the date of death until the earlier of two years following the date of death or the expiration date of the applicable Options. If a Participant's employment or service to the Company terminates by reason of disability, the Participant may exercise his or her Options for such number of shares as were vested on the date of termination until the earlier of one year following the date of termination or the expiration date of the applicable Options.

In the event a Participant's employment or service to the Company terminates due to the Participant's retirement, the Participant may exercise his or her Options for such number of shares as were vested on the date of termination until the earlier of three months following the date of termination or the expiration date of the

applicable Options, provided, that, if the retiring Participant is at least 60 years of age and has been continuously employed by the Company for at least 10 years, the Participant will be entitled to additional acceleration of vesting and an extended period in which to exercise his or her Options after the termination date as provided for in the 2002 Plan.

In the event a Participant's employment or service to the Company terminates for Cause (as defined in the 2002 Plan) all Options then held by the Participant shall immediately terminate, provided, that, the Board may allow, in its discretion, the Participant to exercise his or her Options for such number of shares that were vested on the date of termination for a period of time as determined by the Board of Directors.

If a Participant's employment or service to the Company is interrupted due to a leave of absence (whether paid or unpaid), all Options held by such Participant will cease to vest for the period of such leave of absence and will resume vesting upon return of the Participant to full employment or service to the Company.

In the event a Participant's status with the Company terminates for reasons other than those outlined above, such Participant may exercise his or her Options for such number of shares that were vested on the date of such change in status until the earlier of three months after the date of such change in status or the expiration date of the applicable Options.

Adjustments for Changes in Common Stock and Other Events

Upon the occurrence of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in the Company's capitalization, each Option under the 2002 Plan shall be appropriately adjusted to reflect any such event if the Board of Directors determines in good faith that an adjustment is necessary or appropriate.

In the event of a proposed liquidation or dissolution of the Company all unexercised Options shall become immediately exercisable in full at least 10 business days prior to the effective date of such proposed liquidation or dissolution and, upon the effectiveness of such an event, all remaining outstanding Options shall terminate if not exercised.

Reorganization Events and Change in Control Events

Upon the occurrence of a Reorganization Event (as defined in the 2002 Plan), or the signing of an agreement with respect to a Reorganization Event, all outstanding Options will be assumed or an equivalent option substituted by the successor corporation, provided that if such Reorganization Event also constitutes a Change in Control Event (as defined in the 2002 Plan) one-half of the unvested shares subject to each Option shall become immediately exercisable and the remaining one-half of such shares will continue to vest in accordance with each Option's original vesting schedule. If on or prior to the one year anniversary of a Reorganization Event a Participant's employment with the Company or its succeeding corporation is terminated by such Participant for Good Reason (as defined in the 2002 Plan) or is terminated by the Company for Cause (as defined in the 2002 Plan), all Options held by such Participant shall become immediately exercisable.

In the event the acquiring or succeeding corporation in a Reorganization Event does not agree to assume, or substitute for, outstanding Options, then the Board of Directors must either accelerate the Options to make them fully exercisable prior to consummation of the Reorganization Event or provide for a cash out of the value of any outstanding Options.

Upon the occurrence of a Change in Control Event that does not also qualify as a Reorganization Event, the vesting schedule of each outstanding Option shall be accelerated in part so that one-half of the unvested shares

subject to each Option shall become immediately exercisable and the remaining one-half of such shares will continue to vest in accordance with each Option's original vesting schedule.

Amendment or Termination

No Option may be granted under the 2002 Plan after the completion of ten years from the date the 2002 Plan is approved by the Company's stockholders, but Options previously granted may extend beyond that date. The Board of Directors may at any time amend, suspend or terminate the 2002 Plan, except that:

no Option designated as subject to Section 162(m) of the Code by the Board of Directors after the date of such amendment shall become exercisable, realizable or vested (to the extent such amendment was required to grant such Option) unless and until such amendment shall have been approved by the Company's stockholders;

no amendment may increase the limitations on the number of shares available for grant under the 2002 Plan or allow for below market price grants of Options without stockholder approval;

no amendment may amend the limitation on option repricing in the 2002 Plan without stockholder approval; and

no amendment may provide for awards under the 2002 Plan other than stock options without stockholder approval.

Federal Income Tax Consequences of 2002 Plan

The following is a summary of the United States federal income tax consequences that generally will arise with respect to Options granted under the 2002 Plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

In general, a Participant will not recognize taxable income upon the grant or exercise of an incentive stock option. Instead, a Participant will recognize taxable income with respect to an incentive stock option only upon the sale of Common Stock acquired through the exercise of the option (ISO Stock). The exercise of an incentive stock option, however, may subject the Participant to the alternative minimum tax.

Generally, the tax consequences of selling ISO Stock will vary depending on the date on which it is sold. If the Participant sells ISO Stock more than two years from the date the Option was granted (the Grant Date) and more than one year from the date the Option was exercised (the Exercise Date), then the Participant will recognize long-term capital gain in an amount equal to the excess of the sale price of the ISO Stock over the exercise price.

Edgar Filing: KRONOS INC - Form DEF 14A

If the Participant sells ISO Stock prior to satisfying the above waiting periods (a Disqualifying Disposition), then all or a portion of the gain recognized by the Participant will be ordinary compensation income and the remaining gain, if any, will be a capital gain. This capital gain will be a long-term capital gain if the Participant has held the ISO Stock for more than one year prior to the date of sale.

If a Participant sells ISO Stock for less than the exercise price, then the Participant will recognize capital loss in an amount equal to the excess of the exercise price over the sale price of the ISO Stock. This capital loss will be a long-term capital loss if the Participant has held the ISO Stock for more than one year prior to the date of sale.

Non-statutory Stock Options

As in the case of an incentive stock option, a Participant will not recognize taxable income upon the grant of a non-statutory stock option. Unlike the case of an incentive stock option, however, a Participant who exercises a

non-statutory stock option generally will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the Common Stock acquired through the exercise of the option (NSO Stock) on the Exercise Date over the exercise price.

With respect to any NSO Stock, a Participant will have a tax basis equal to the exercise price plus any income recognized upon the exercise of the Option. Upon selling NSO Stock, a Participant generally will recognize capital gain or loss in an amount equal to the difference between the sale price of the NSO Stock and the Participant's tax basis in the NSO Stock. This capital gain or loss will be a long-term gain or loss if the Participant has held the NSO Stock for more than one year prior to the date of the sale.

Tax Consequences to the Company

The grant of an Option under the 2002 Plan generally will have no tax consequences to the Company. Moreover, in general, neither the exercise of an incentive stock option nor the sale of any Common Stock acquired under the 2002 Plan will have any tax consequences to the Company. The Company or its parent or subsidiary, as the case may be, generally will be entitled to a business-expense deduction, however, with respect to any ordinary compensation income recognized by a Participant under the 2002 Plan, including as a result of the exercise of a non-statutory stock option or a Disqualifying Disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

PROPOSAL III

RELATIONSHIP WITH INDEPENDENT AUDITORS

Ernst & Young has served as the Company's independent auditors since 1979. Although stockholder approval of the Board's selection of Ernst & Young is not required by law, the Board believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Board will reconsider its selection of Ernst & Young.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

The Board recommends a vote FOR the approval of Ernst & Young as the Company's independent auditors for the fiscal year ending September 30, 2004.

Audit Fees

The aggregate fees billed by Ernst & Young LLP for the annual audit, the reviews of financial statements included in the Company's Quarterly Reports on Form 10-Q, and services provided by Ernst & Young LLP in connection with any statutory and regulatory filings or engagements for the fiscal years ended September 30, 2003 and 2002, were \$619,000 and \$442,000, respectively.

Audit-Related Fees

The aggregate fees billed by Ernst & Young LLP for assurance and related services by Ernst & Young LLP that are reasonably related to the performance of the audit or review of the Company's financial statements and are not described above under **Audit Fees** for the fiscal years ended September 30, 2003 and 2002, were \$37,000 and \$53,000, respectively. These services included the implementation of new accounting standards, accounting for revenue transactions, services related to acquisition due diligence, and assistance with internal control reporting.

Tax Fees

The aggregate fees billed by Ernst & Young LLP for professional services related to tax compliance, tax advice, and tax planning for the fiscal years ended September 30, 2003 and 2002, were \$431,000 and \$148,000, respectively. These services included assistance with tax audits and appeals, review and signature of federal tax return filings and related disclosures, periodic research, consultation, and projects on matters that arose during the fiscal year regarding compliance and filings required under federal laws, assistance and review of international tax return filings and related disclosures, and periodic research, consultation, and projects on matters that arose during the fiscal year regarding compliance and filings required under international laws, as well as other tax advisory and planning services.

All Other Fees

In fiscal years 2003 and 2002, Ernst & Young LLP did not bill the Company for any products or services other than as described above. Ernst & Young LLP did not provide any internal audit services or financial information system design and implementation services to the Company during fiscal years 2003 and 2002.

During fiscal years 2003 and 2002, the Audit Committee approved all non-audit services provided to the Company by its independent auditor prior to management engaging the auditor for that purpose. The committee's current practice is to consider for approval, at its regularly scheduled quarterly meetings, all audit and non-audit services proposed to be provided by its independent auditor. In situations where a matter cannot wait until the next regularly scheduled committee meeting, the chairman of the committee has been delegated authority to consider and, if appropriate, approve audit and non-audit services or, if in the chairman's judgment it is considered appropriate, to call a special meeting of the committee for that purpose. The committee determined that Ernst & Young LLP's provision of audit-related and tax services are compatible with maintaining Ernst & Young LLP's independence.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities and Exchange Act of 1934, as amended (Section 16(a)) requires the Company's directors, executive officers and persons who own more than ten percent of any registered class of the Company's equity securities (reporting persons), to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of Common Stock and other equity securities of Kronos. Reporting persons are required by SEC regulations to furnish Kronos with copies of all Section 16(a) reports they file.

Based solely on its review of copies of reports filed by reporting persons of Kronos under Section 16(a), and written representations from such reporting persons, Kronos believes that, except as follows, all filings required to be made by reporting persons of Kronos were timely filed for the year ended September 30, 2003 in accordance with Section 16(a). On December 8, 2003, Mark S. Ain, Chief Executive Officer and Chairman of the Board of Directors of Kronos, filed a report on Form 4 that was due to be filed on a Form 5 by November 14, 2003, reporting five transactions of gifts to charitable organizations.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements. This means that only one copy of the Company's proxy statement may have been sent to multiple stockholders in the same household. The Company will promptly deliver a separate copy of this proxy statement to any stockholder upon request by writing or calling Kronos at the following address or phone number: Kronos Incorporated, 297 Billerica Road, Chelmsford, Massachusetts 01824, Attention: Clerk or by calling (978) 250-9800. Any stockholder who wants to receive separate copies of the proxy statement in the future, or who is currently receiving multiple copies and would like to receive only one copy for his or her household, should contact his or her bank, broker, or other nominee record holder, or contact Kronos at the above address and phone number.

Any such notice must contain certain specified information concerning the persons to be nominated and the stockholder submitting the nomination, all as set forth in the Amended and Restated By-Laws. The presiding officer of the meeting may refuse to acknowledge any Director nomination not made in compliance with such advance notice requirements. The Company has not publicly announced the date of the 2004 Annual Meeting prior to the mailing of this Notice and Proxy Statement. Accordingly, an appropriate notice from a stockholder regarding nominations for Director to be acted on at the 2004 Annual Meeting must be received by the Company within ten days of this mailing.

Edgar Filing: KRONOS INC - Form DEF 14A

Proposals of stockholders intended to be presented at the Company's 2005 Annual Meeting of Stockholders that are not submitted pursuant to Exchange Act Rule 14a-8 or are not stockholder nominations of candidates for election as Directors must be received by the Company not later than November 5, 2004. The persons designated in the Company's proxy card will be granted discretionary authority with respect to any stockholder proposal not timely submitted to the Company.

OTHER BUSINESS

The Board knows of no business to be brought before the Annual Meeting which is not referred to in the accompanying Notice of Annual Meeting. December 31, 2003

THE BOARD ENCOURAGES STOCKHOLDERS TO ATTEND THE ANNUAL MEETING. WHETHER OR NOT YOU PLAN TO ATTEND, YOU ARE URGED TO COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY IN THE ACCOMPANYING ENVELOPE. A PROMPT RESPONSE WILL GREATLY FACILITATE ARRANGEMENTS FOR THE ANNUAL MEETING AND YOUR COOPERATION WILL BE APPRECIATED. STOCKHOLDERS WHO ATTEND THIS ANNUAL MEETING MAY VOTE THEIR STOCK PERSONALLY EVEN THOUGH THEY HAVE SENT IN THEIR PROXIES.

Except where the context otherwise requires, the term "Company" shall include any of the Company's present or future parent or subsidiary corporations and any other business venture (including, without limitation, joint venture or limited liability company) in which the Company has a significant interest, as determined by the Board of Directors of the Company (the "Board").

The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board's sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

4. Stock Available for Awards

(a) *Number of Shares.* Subject to adjustment under Section 7, Awards may be made under the Plan for up to 2,550,000 shares of common stock, \$.01 par value per share, of the Company (the Common Stock). If any Award expires, is terminated, is canceled or is surrendered without having been fully exercised or is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right) or results in any Common Stock not being issued, the unused Common Stock covered by such Award shall again be available for the grant of Awards under the Plan, subject, however, in the case of Incentive Stock Options (as hereinafter defined), to any limitations under the Code. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

B-1

(b) *Per-Participant Limit.* Subject to adjustment under Section 7, the maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan shall be 337,500 per calendar year. An Option which is not intended to be an Incentive Stock Option (as hereinafter defined) shall be designated a Nonstatutory Stock Option .

(b) *Incentive Stock Options.* An Option that the Board intends to be an incentive stock option as defined in Section 422 of the Code (an Incentive Stock Option) shall only be granted to employees of the Company (as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder) and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) which is intended to be an Incentive Stock Option is not an Incentive Stock Option.

(c) *Exercise Price.* The Board shall establish the exercise price at the time each Option is granted and specify it in the applicable option agreement provided, however, that the exercise price shall be not less than 100% of the fair market value of the Common Stock, as determined by the Board, at the time the Option is granted.

(d) *Duration of Options.* Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement, provided, however, that no Option will be granted for a term in excess of 10 years.

Edgar Filing: KRONOS INC - Form DEF 14A

(3) when the Common Stock is registered under the Securities Exchange Act of 1934 (the Exchange Act), by delivery of shares of Common Stock owned by the Participant valued at their fair market value as determined by (or in a manner approved by) the Board in good faith (Fair Market Value), provided (i) such method of payment is then permitted under applicable law and (ii) such Common Stock, if acquired directly from the Company was owned by the Participant at least six months prior to such delivery; or

(4) by any combination of the above permitted forms of payment.

B-2

(g) *Substitute Options*. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Options may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Options contained in the other sections of this Section 5 or in Section 2.

6. Changes in Employment or Status

(a) *Termination by Death*. If any Participant's employment or service to the Company or its subsidiaries terminates by reason of death, any Award to the extent exercisable immediately prior to date of death may be exercised by the legal representative or legatee of the Participant until the earlier of the second anniversary of the date of death or the original expiration date of the Award. The Board, in its sole discretion, may accelerate the vesting provisions of any outstanding options held by the participant immediately prior to the date of death.

(b) *Termination by Reason of Disability*. If any Participant's employment or service to the Company or its subsidiaries terminates by reason of disability, any Award to the extent exercisable on the date of termination may be exercised by the Participant until the earlier of the first anniversary of the date of termination or the original expiration date of the Award.

If any Participant's employment with the company or its subsidiaries terminates by reason of Retirement, any Award to the extent exercisable on the date of termination may be exercised by the Participant until the earlier of three (3) months from the date of termination or the original expiration date of the Award.

Notwithstanding the foregoing, a Participant who is at least sixty (60) years of age and has been in continuous employment with the Company for at least ten (10) years, shall have the privilege of accelerated vesting and an extended exercise period (neither of which may exceed the original expiration date of the Award) according to the following schedule:

The Retiree must give written notice of Retirement and have a signed Proprietary Rights and Confidentiality Agreement on file with the Company.

(d) *Termination for Cause*. If any Participant's employment or service to the Company or its subsidiaries is terminated for Cause, any Award held by such Participant shall terminate immediately; provided that the Board may, at its sole discretion, allow the exercise of the Award by the Participant to the extent exercisable on the date of termination until the earlier of one month from the date of termination or the original expiration date of the Award.

Edgar Filing: KRONOS INC - Form DEF 14A

(e) *Leave of Absence.* If any Participant's employment with the Company is interrupted by reason of a leave of absence, whether paid or unpaid, any Award held by the Participant shall cease to vest during such leave of absence and will resume vesting upon the Participant's return from such leave. The original expiration date of the Award shall in no way be affected.

(f) *Other Termination.* Unless otherwise determined by the Board, if a Participant's status with the Company or its subsidiaries terminates for any reason other than death, disability, retirement, cause or leave of absence, any Awards to the extent exercisable on the date of termination or change of status may be exercised by the Participant until the earlier of three (3) months from the date of termination or change of status or the original expiration date of the Award.

7. General Provisions Applicable to Awards

(a) *Transferability of Awards.* Except as otherwise provided in this paragraph 9(a), Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant or, in the event of a Participant's incapacity, his or her guardian or legal representative. However, the Participant, with the approval of the Board, may transfer a Nonstatutory Stock Option for no consideration to the Participant's immediate family or a trust for the benefit of the Participant's immediate family. The transferee shall remain subject to all the terms and conditions applicable to the Stock Option. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

(b) *Documentation.* Each Award shall be evidenced in such form (written, electronic or otherwise), as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(c) *Board Discretion.* Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(d) *Withholding.* Each Participant shall pay to the Company, or make provision satisfactory to the Board for payment of, any taxes required by law to be withheld in connection with Awards to such Participant no later than the date of the event creating the tax liability. Except as the Board may otherwise provide in an Award, when the Common Stock is registered under the Exchange Act, Participants may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; provided, however, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

(e) *Amendment of Award.* The Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefore another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that (i) the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant. Notwithstanding the foregoing, except for adjustments pursuant to paragraph 9 (Adjustments for Changes in Common Stock and Certain Other Events), the exercise price for any outstanding Award granted under the Plan may not be decreased after the date of grant nor may any outstanding Award under the Plan be surrendered to the Company as consideration for the grant of a new Award with a lower exercise price.

(f) *Conditions on Delivery of Stock.* The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(g) *Acceleration.* The Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

8. Forfeiture Provision

In the event that a Participant terminates his or her employment with the Company or any of its subsidiaries for any reason whatsoever, and within twenty four (24) months for a Participant in the fields of research and development, engineering, testing, strategic planning or any phase of management or within twelve (12) months for a Participant in all other fields (i) accepts employment with any competitor of, or otherwise engages in competition with, the Company or (ii) attempts directly or indirectly to induce any employee of the Company to accept employment elsewhere, the Board of Directors, in its sole discretion, may require the Participant to return, or (if not received) to forfeit, to the Company the economic value of an Award which is realized or obtained (measured at the date of exercise or vesting) by such Participant during the twelve (12) months prior to the date of such Participant's termination of employment with the Company.

9. Adjustments for Changes in Common Stock and Certain Other Events

(a) *Changes in Capitalization.* In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a normal cash dividend, (i) the number and class of securities available under this Plan, (ii) the per-Participant limit set forth in Section 4(b), and (iii) the number and class of securities and exercise price per share subject to each outstanding Option shall be appropriately adjusted by the Company (or substituted Awards may be made, if applicable) to the extent the Board shall determine, in good faith, that such an adjustment (or substitution) is necessary and appropriate. If this Section 9(a) applies and Section 9(c) also applies to any event, Section 9(c) shall be applicable to such event, and this Section 9(a) shall not be applicable.

(b) *Liquidation or Dissolution.* In the event of a proposed liquidation or dissolution of the Company, the Board shall upon written notice to the Participants provide that all then unexercised Options will (i) become exercisable in full as of a specified time at least 10 business days prior to the effective date of such liquidation or dissolution and (ii) terminate effective upon such liquidation or dissolution, except to the extent exercised before such effective date.

(c) *Reorganization and Change in Control Events*

(1) Definitions

(a) A Reorganization Event shall mean:

(i) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property; or

(ii) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction.

(b) A Change in Control Event shall mean:

(i) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a Person) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) 25% or more of either (x) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (y) the combined voting power of the then- outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); *provided, however*, that for purposes of this subsection (i), the following acquisitions shall not constitute a Change in Control Event: (A) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for,

B-5

convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (B) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (C) any acquisition by any corporation pursuant to a Business Combination (as defined below) which complies with clauses (x) and (y) of subsection (iii) of this definition; or

(ii) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term Continuing Director means at any date a member of the Board (x) who was a member of the Board on the date of the initial adoption of this Plan by the Board or (y) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; *provided, however*, that there shall be excluded from this clause (y) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(iii) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (x) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the Acquiring Corporation) in substantially the same proportions as their ownership of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively, immediately prior to such Business Combination and (y) no Person (excluding the Acquiring Corporation or any employee benefit plan (or related trust) maintained or sponsored by the Company or by the Acquiring Corporation) beneficially owns, directly or indirectly, 25% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination).

(c) Good Reason shall mean any significant diminution in the Participant's title, authority, or responsibilities from and after such Reorganization Event or Change in Control Event, as the case may be, or any reduction in the annual cash compensation payable to the Participant from and after such Reorganization Event or Change in Control Event, as the case may be, or the relocation of the place of business at which the Participant is principally located to a location that is greater than 50 miles from the current site.

(d) Cause shall mean any (i) willful failure by the Participant, which failure is not cured within 30 days of written notice to the Participant from the Company, to perform his or her material responsibilities to the Company or (ii) willful misconduct by the Participant which affects the business

reputation of the Company. The Participant shall be considered to have been discharged for Cause if the Company determines, within 30 days after the Participant's resignation, that discharge for Cause was warranted.

(2) Effect on Options

(a) *Reorganization Event.* Upon the occurrence of a Reorganization Event (regardless of whether such event also constitutes a Change in Control Event), or the execution by the Company of any agreement with respect to a Reorganization Event (regardless of whether such event will result in a Change in Control Event), the Board shall provide that all outstanding Options shall be assumed, or equivalent options shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof); *provided that* if such Reorganization Event also constitutes a Change in Control Event, except to the extent specifically provided to the contrary in the instrument evidencing any Option or any other agreement between a Participant and the Company (A) one-half of the number of shares subject to the Option which were not already vested shall be exercisable upon the occurrence of such Reorganization Event and, subject to (B) below, the remaining one-half of such number of shares shall continue to become vested in accordance with the original vesting schedule set forth in such option, with one-half of the number of shares that would otherwise have become vested on each subsequent vesting date in accordance with the original schedule becoming vested on each subsequent vesting date and (B) such assumed or substituted options shall become immediately exercisable in full if, on or prior to the first anniversary of the date of the consummation of the Reorganization Event, the Participant's employment with the Company or the acquiring or succeeding corporation is terminated for Good Reason by the Participant or is terminated without Cause by the Company or the acquiring or succeeding corporation. For purposes hereof, an Option shall be considered to be assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in fair market value to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

Notwithstanding the foregoing, if the acquiring or succeeding corporation (or an affiliate thereof) does not agree to assume, or substitute for, such Options, then the Board shall, upon written notice to the Participants, provide that all then unexercised Options will become exercisable in full as of a specified time prior to the Reorganization Event and will terminate immediately prior to the consummation of such Reorganization Event, except to the extent exercised by the Participants before the consummation of such Reorganization Event; provided, however, that in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share of Common Stock surrendered pursuant to such Reorganization Event (the Acquisition Price), then the Board may instead provide that all outstanding Options shall terminate upon consummation of such Reorganization Event and that each Participant shall receive, in exchange therefore, a cash payment equal to the amount (if any) by which (A) the Acquisition Price multiplied by the number of shares of Common Stock subject to such outstanding Options (whether or not then exercisable), exceeds (B) the aggregate exercise price of such Options. To the extent all or any portion of an Option becomes exercisable solely as a result of the first

sentence of this paragraph, upon exercise of such Option the Participant shall receive shares subject to a right of repurchase by the Company or its successor at the Option exercise price. Such repurchase right (1) shall lapse at the same rate as the Option would have become exercisable under its terms and (2) shall not apply to any shares subject to the Option that were exercisable under its terms without regard to the first sentence of this paragraph.

(b) *Change in Control Event that is not a Reorganization Event.* Upon the occurrence of a Change in Control Event that does not also constitute a Reorganization Event, except to the extent specifically provided to the contrary in the instrument evidencing any Option or any other agreement between a Participant and the Company, the vesting schedule of such Option shall be accelerated in part so that one-half of the number of shares that would otherwise have first become vested on any date after the date of the Change in Control Event shall immediately become exercisable. The remaining one-half of such number of shares shall continue to become vested in accordance with the original vesting schedule set forth in such Option, with one-half of the number of shares that would otherwise have become vested on each subsequent vesting date in accordance with the original schedule becoming vested on each such subsequent vesting date; provided, however, that each such Option shall be immediately exercisable in full if, on or prior to the first anniversary of the date of the consummation of the Change in Control Event, the Participant's employment with the Company or the acquiring or succeeding corporation is terminated for Good Reason by the Participant or is terminated without Cause by the Company or the acquiring or succeeding corporation.

(3) *Limitations.* Notwithstanding the foregoing provisions of this Section 9(c), if the Change in Control Event is intended to be accounted for as a pooling of interests for financial accounting purposes, and if the acceleration to be effected by the foregoing provisions of this Section 9(c) would preclude accounting for the Change in Control Event as a pooling of interests for financial accounting purposes, then no such acceleration shall occur upon the Change in Control Event.

10. Miscellaneous

(a) *No Right To Employment or Other Status.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) *No Rights As Stockholder.* Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares. Notwithstanding the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to such Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(c) *Effective Date and Term of Plan.* The Plan shall become effective on the date on which it is approved by the Company's stockholders. No Awards shall be granted under the Plan after the completion of ten years from the date the Plan was approved by the Company's stockholders, but Awards previously granted may extend beyond that date.

(d) *Amendment of Plan.* The Board may amend, suspend or terminate the Plan or any portion thereof at any time, provided that (i) to the extent required by Section 162(m), no Award granted to a Participant that is

B-8

intended to comply with Section 162(m) after the date of such amendment shall become exercisable, realizable or vested, as applicable to such Award, unless and until such amendment shall have been approved by the Company's stockholders as required by Section 162(m) (including the vote required under Section 162(m)); (ii) no amendment may increase the limitations on the number of shares set forth in paragraph 4(a) or decrease the minimum Option exercise price set forth in paragraph 5(c) unless such amendment shall have been approved by the Company's stockholders; (iii) the provisions relating to Option repricing in paragraph 7(e) may not be amended unless such amendment shall have been approved by the Company's stockholders; and (iv) no other type of Award other than Stock Options may be awarded unless such amendment shall have been approved by the Company's stockholders.

(e) *Governing Law.* The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the Commonwealth of Massachusetts, without regard to any applicable conflicts of law.
