Item 2.02 Results of Operations and Financial Condition

On March 7, 2005, Embarcadero Technologies, Inc. issued a press release announcing financial results for the fourth quarter and fiscal year ended December 31, 2004. A copy of this press release is furnished as Exhibit 99.1 hereto.

The information under Item 2.02 in this Form 8-K and the Exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

As announced under the heading "Restatement of Financials in Prior Periods to Reflect Adjustments to Income Tax Provisions and Net Income" in the press release issued March 7, 2005, a copy of which is attached hereto, during the course of the Company's year-end audit, certain errors were identified with respect to the calculation of the accounting effects of income taxes principally related to the amortization of stock-based compensation (cheap stock) associated with stock options issued prior to the Company's initial public offering. As a result of these errors, the Company will restate its 2000 through 2003 results, as well as its results for the first three quarters of 2004, to reflect adjustments to its calculation of income taxes in those periods. The following table shows the effect of this restatement for the affected periods:

	2000		2001		2002		2003	
	As reported	As restated	As reported	As restated	As reported	As restated	As reported	As restated
(in thousands except per share data)								
Net income (loss)	\$ (9,047)	\$ (7,905)	\$ (2,740)	\$ (2,023)	\$ 2,414	\$ 2,252	\$ 5,662	\$ 4,624
Diluted income (loss) per share	\$ (0.36)	\$ (0.32)	\$ (0.10)	\$ (0.07)	\$ 0.08	\$ 0.08	\$ 0.20	\$ 0.16

There is no material cumulative effect on net income and income per share for the first three quarters in 2004. Restated net income (in thousands) for Q1, Q2 and Q3 2004 was approximately higher / (lower) than as reported amounts by (\$85), (\$45), and \$130, respectively. There was no impact to diluted income (loss) per share for Q1, Q2 or Q3 of 2004. The total cumulative effect on net income for all restated periods is an increase of \$659,000. The total cumulative effect on diluted earnings per share for all restated periods through September 30, 2004 is an increase of \$0.03.

In connection with the identification of these tax errors, the Audit Committee of the Company's Board of Directors concluded on March 1, 2005, that the following previously issued financial statements should no longer be relied upon: the Company's audited financial statements for fiscal years 2000, 2001, 2002 and 2003, and unaudited financial statements for the first three quarters of 2004. The Audit Committee has discussed this conclusion with the Company's independent registered public accounting firm.
