PRELIMINARY PROXY STATEMENT

The Board of Directors is soliciting proxies for this year's Annual Meeting of Shareholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board set March 1, 2005 as the record date for the meeting (the Record Date). Shareholders who owned Columbia common stock on that date are entitled to vote at the meeting, with each share entitled to one vote. There were 15,608,070 shares of Columbia common stock outstanding on the Record Date.

Voting materials, which include this Proxy Statement and a proxy card, together with the 2004 Annual Report are being mailed to shareholders on or about March 28, 2005.

ABOUT THE MEETING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you own shares of Columbia common stock. This Proxy Statement describes issues on which we would like you to vote.

When you sign the proxy card you appoint William T. Weyerhaeuser and Melanie J. Dressel as your representatives at the meeting. Mr. Weyerhaeuser and Ms. Dressel will vote your shares at the meeting as you have instructed on the proxy card. This way, your shares will be voted even if you cannot attend the meeting.

Who is soliciting my proxy and who is paying the cost of solicitation?

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

Columbia's Board of Directors is sending you this Proxy Statement in connection with its solicitation of proxies for use at the 2005 Annual Meeting. Certain directors, officers and employees of Columbia and its banking subsidiaries, Columbia State Bank and Bank of Astoria, may solicit proxies by mail, telephone, facsimile or in person.

Columbia will pay for the costs of solicitation. Columbia does not expect to pay any compensation for the solicitation of proxies, except to brokers, nominees and similar record holders for reasonable expenses in mailing proxy materials to beneficial owners of Columbia common stock. However, management may, if it determines it necessary to obtain the requisite shareholder vote, retain the services of Georgeson Shareholder Communications, Inc. to aid it in the solicitation of proxies.

What am I voting on?

At the Annual Meeting you will be asked to vote on (i) the election of nine directors to serve on the Board until the 2006 Annual Meeting of Shareholders or until their successors have been elected and have qualified; (ii) an amendment to the 2000 Amended and Restated Stock Option Plan (Plan) to increase the number of shares available for issuance under Plan, provide for the issuance of restricted stock awards, stock appreciation rights and restricted stock units, and to add a section to prohibit the repricing of stock options; and; (iii) an amendment to the Articles of Incorporation to eliminate the director nomination provision; and (iv) an amendment to the Articles to delete certain provisions in the Articles of Incorporation which are no longer relevant.

Table of Contents

Who is entitled to vote?

Only shareholders who owned Columbia common stock as of the close of business on the Record Date are entitled to receive notice of the Annual Meeting and to vote the shares that they held on that date at the meeting, or any postponement or adjournment of the meeting.

How do I vote?

You may vote your shares either in person at the Annual Meeting or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy card in the prepaid envelope provided. If your shares are registered in your own name and you attend the meeting, you may deliver your completed proxy card in person. Street name shareholders, that is, those shareholders whose shares are held in the name of and through a broker or nominee, who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Internet voting.

You may also grant a proxy to vote your shares by means of the Internet. The Internet voting procedures below are designed to authenticate your identity, to allow you to grant a proxy to vote your shares and to confirm that your instructions have been recorded properly.

For shares registered in your name.

As a shareholder of record, you may go to <http://www.proxyvote.com> to grant a proxy to vote your shares by means of the Internet. You will be required to provide our number and the control number, both of which are contained on your proxy card. You will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen, and you will be prompted to submit or revise them as desired.

For shares registered in the name of a broker or bank.

Most beneficial owners, whose stock is held in *street name*, receive instructions for granting proxies from their banks, brokers or other agents, rather than a proxy card. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in *street name*, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker on how to vote. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares.

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares over the telephone and Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communication Services program, you may grant a proxy to vote those shares telephonically by calling the telephone number shown on

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

the instruction form received from your broker or bank, or via the Internet at ADP Investor Communication Services Web site at <http://www.bsg.adp.com>.

General information for all shares voted via the Internet.

We must receive votes submitted via the Internet by 11:59 p.m. on April 19, 2005. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the annual meeting.

Table of Contents

Can I change my vote after I return my proxy card?

Yes. You may revoke your proxy and change your vote at any time before the proxy is exercised by filing with Columbia's Secretary either a notice of revocation or another signed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, Mr. Weyerhaeuser and Ms. Dressel, as the persons named as proxy holders on the proxy card, will vote as recommended by the Board of Directors. The Board recommends a vote FOR the election of the nominated directors listed in this Proxy Statement, FOR the amendments to the Plan; and FOR the amendments to the Articles of Incorporation.

If any other matters are considered at the meeting, Mr. Weyerhaeuser and Ms. Dressel will vote as recommended by the Board of Directors. If the Board does not give a recommendation, Mr. Weyerhaeuser and Ms. Dressel will have discretion to vote as they think best.

Will my shares be voted if I do not sign and return my proxy card?

If your shares are registered in your name and you do not return your proxy card or do not vote in person at the Annual Meeting, your shares will not be voted.

If your shares are held in street name and you do not submit voting instructions to your broker, your broker may vote your shares at this meeting on the election of directors only. If no instructions are given with respect to amending the Plan or the Articles of Incorporation, your broker cannot vote your shares.

How many votes are needed to hold the Annual Meeting?

A majority of Columbia's outstanding shares as of the Record Date (a quorum) must be present at the Annual Meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if a shareholder is present and votes in person at the meeting or has properly submitted a proxy card. As of the Record Date for the Annual Meeting, 15,608,070 shares of Columbia common stock were outstanding and eligible to vote. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

What vote is required to elect directors?

The nine director nominees who receive the highest number of FOR votes will be elected. You may vote FOR all or some of the nominees or WITHHOLD AUTHORITY for all or some of the nominees. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

What vote is required to amend the Plan?

The affirmative FOR vote of a majority of those shares present and entitled to vote are required to amend the Plan. You may vote FOR, AGAINST or ABSTAIN from amending the Plan. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Table of Contents

What vote is required to amend the Articles of Incorporation?

The affirmative FOR vote of a majority of those shares entitled to vote is required to amend the Articles of Incorporation. You may vote FOR, AGAINST or ABSTAIN from amending the Articles of Incorporation. If you ABSTAIN, or, if your shares are held in street name and you do not instruct your broker how to vote your shares, your shares will not be voted, and has the same effect as a vote AGAINST.

Can I vote on other matters?

Columbia has not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and the Board of Directors does not know of any other matters to be brought before the Annual Meeting.

When are proposals for the 2006 Annual Meeting due?

Proposals by shareholders to transact business at Columbia's 2006 Annual Meeting must be delivered to Columbia's Secretary no later than November 28, 2005, in order to be considered for inclusion in Columbia's proxy statement and proxy card and should contain such information as is required under Columbia's Bylaws. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Columbia-sponsored proxy materials. In order for a shareholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by Columbia no later than November 28, 2005 and should contain such information as required under Columbia's Bylaws. If we do not receive notice of a shareholder proposal within this timeframe, the persons named as proxies in such proxy statement and form of proxy will use its discretionary authority to vote the shares it represents as the Board may recommend.

How do I nominate someone to be a director?

2005 Annual Meeting.

If you wish to nominate someone for election to the Board at the Annual Meeting of Shareholders you must give written notice to Columbia's Chairman not less than 14 days nor more than 50 days prior to the date of the Annual Meeting. Personnel and Compensation Committee. Board on the elements of their compensation and long-term equity based incentives. The Personnel and Compensation Committee reviews employee benefit plans as needed. In addition the Personnel and Compensation Committee:

administers all employee benefit plans; and

makes determinations in connection with compensation matters as may be necessary or advisable.

The Personnel and Compensation Committee meets as needed, but at least annually. Current members of the Personnel and Compensation Committee are: Messrs. Hulbert (Chairman), Goldberg, Matson and Rodman. There were six meetings of the Personnel and Compensation Committee during 2004.

Nominating Committee. The Nominating Committee is comprised of four directors, each of whom are considered independent as defined by the Nasdaq listing standards and is responsible for recommending a slate

of directors to the full board for election at the annual meeting and appointing directors to fill vacancies as they occur.

The Nominating Committee will consider nominees recommended by shareholders provided that the recommendations are made in accordance with the procedures described in this proxy statement under the section *About the Meeting How do I nominate someone to be a director?* The Committee evaluates all candidates, including shareholder-proposed candidates, using generally the same methods and criteria. The Nominating Committee operates under a charter. The Committee is authorized to establish guidelines for the qualification, evaluation and selection of new directors to serve on the Board. The Committee has not, nor does it anticipate adopting specific minimum qualifications for Committee-recommended nominees. The Committee instead evaluates each nominee on a case-by-case basis, including assessment of each nominee's business experience, involvement in the communities served by Columbia, and special skills. The Nominating Committee also evaluates whether the nominee's skills are complementary to existing Board members' skills, and the Board's need for operational, management, financial, technological or other expertise.

Current members of the Nominating Committee are Messrs. Weyerhaeuser, Folsom, Hulbert and Matson. The chairman of the board is chairman of the Nominating Committee.

How often did the Board of Directors meet during 2004?

The Board met 12 times during 2004. Each director attended at least 75% of the total number of meetings of the Board and committees on which he or she served. Columbia directors are expected to attend annual shareholder meetings. Last year, all of our directors attended the annual shareholder meeting. The Board has determined that each member of the Board, except for Melanie Dressel who serves as an executive officer, meets the applicable laws and listing standards regarding independence required by Nasdaq and that each such director is free of relationships that would interfere with the individual exercise of independent judgment.

How are directors compensated?

Columbia does not pay directors who are also employees of Columbia or Columbia Bank additional compensation for their service as directors. During 2004, each of Columbia's outside directors received an annual retainer of \$13,500 for serving on the Board. Each Director also received \$500 per meeting for attendance of Board meetings through July 2004 and \$750 per meeting thereafter. Mr. Weyerhaeuser, Chairman of the board, received an additional \$12,000 in retainer fees. The Chairman of the Audit Committee and Chairman of the Compensation Committee received additional retainer fees of \$6,000 and \$3,000 respectively for the year. Additionally, members of the Compensation and Nominating Committees received \$500 for attendance of their meetings and Audit Committee members received an additional \$1,000 per meeting attended.

From time to time, Columbia authorizes the grant of nonqualified stock options to its directors. These options that are granted under the Plan, vest (i.e. become exercisable) three years from the date of grant, unless earlier vesting is approved by the Personnel and Compensation Committee. The options may be exercised for a period of five years after they vest. If a director dies, becomes disabled, or retires (defined to mean a termination of directorship with at least five years of service or after attaining the age of 75), all options (whether or not vested) become immediately exercisable and may be exercised by the director or the director's estate for a period of five years or until the expiration of the stated term of the option. If a director terminates service on the Board for any reason other than death, disability or retirement, all options, to the extent then exercisable, must be exercised within 90 days unless the term for exercise is extended by the Board. If any director is terminated for cause, all options will immediately terminate. Any additional option grants, which may be approved from time to time in the discretion of the Personnel and Compensation Committee and the Board, are generally subject to the Director's attendance of at least 75% of the meetings of the Board and all committees of which the director is a member, with the exception of certain conflicts, which are excused.

Table of Contents

In 2001, Columbia implemented a long-term care program for directors serving at that time, which provides benefits in the event those individuals become chronically ill. The coverage is for a period of 3 years up to a lifetime, depending on the age of the director, and the amount of the benefit is based on the director's years of service with Columbia after the inception of the long-term care program. Columbia paid a one-time premium for the long-term care policies. Expenses are allocated to the directors participating in the program for 2004 as follows: Ms. Dressel (\$9,446), Mr. Folsom (\$7,996), Mr. Hulbert (\$9,854), Mr. Matson (\$12,089), Mr. Rodman (\$11,289), Mr. Weyerhaeuser (\$9,580) and Mr. Will (\$7,390). The benefit vests over a 5 year period provided that the directors are fully vested if (1) they obtain the age of 75, (2) they are not re-elected to the board, (3) they become disabled, or (4) there is a change of control of Columbia. If a director is terminated for cause, the director must reimburse Columbia for the full premium paid. A director must reimburse a percentage of the premium if the director voluntarily resigns or chooses not to run for re-election. The long-term care program was available to all Columbia directors, including executive officers that were also directors. Columbia has purchased Bank Owned Life Insurance policies to fund this program. The Board has no plans to extend the program to include future officers or directors.

Corporate Governance

The Board of Directors is committed to good business practices, transparency in financial reporting and the highest level of corporate governance. Columbia operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance. In July 2002, Congress passed Sarbanes-Oxley that, among other things, established, or provided the basis for a number of corporate governance standards and disclosure requirements. In addition, Nasdaq adopted changes to its corporate governance and listing standards. In response to such changes, the Board reviewed Columbia's governance policies and practices against those suggested by various groups or authorities active in corporate governance and practices of other companies, as well as the requirements of Sarbanes-Oxley and the revised listing standards of Nasdaq. As a result, we have taken steps to implement these rules and listing standards. In particular, we have:

adopted a corporate governance policy;

adopted a Code of Ethics for the principal executive officer and senior financial officer;

revised our Code of Conduct pertaining to all directors and employees of Columbia, Columbia Bank and Bank of Astoria; and

commenced holding regularly scheduled formal meetings of the Company's non-management directors, separate from management.

EXECUTIVE COMPENSATION

The following section describes the compensation that Columbia pays its Chief Executive Officer and the next four most highly compensated executive officers (the Named Executives). This section includes:

a report of Columbia's Personnel and Compensation Committee on executive compensation;

a graph showing comparative performance of Columbia's common stock;

a detailed table showing compensation of the Named Executives for the last three years; and

information about stock options and other benefits.

Report of the Personnel and Compensation Committee on Executive Compensation

The Personnel and Compensation Committee of the Board of Directors of Columbia (the Committee) has furnished the following report on executive compensation for fiscal year 2004. The Committee report is intended to describe in general terms the process the Committee undertakes and the matters it considers in determining the appropriate compensation for Columbia's executive officers, including the Named Executives.

Responsibilities and Composition of the Committee

The Committee is responsible for (1) establishing compensation programs for executive officers of Columbia designed to attract, motivate and retain key executives responsible for the success of Columbia as a whole; (2) administering and maintaining such programs in a manner that will benefit the long-term interests of Columbia and its shareholders; and (3) determining the salary, bonus, stock option and other compensation of Columbia's executive officers. The Committee serves pursuant to a Charter adopted by the Board of Directors.

The Committee is currently composed of Messrs. Hulbert (Chairman), Goldberg, Matson and Rodman.

Compensation Philosophy

Columbia's long-term goal is to become one of the leading community banking companies headquartered in the Pacific Northwest, with a significant presence in selected markets, and to consistently increase earnings and shareholder value. Management believes that there continues to be opportunity for growth based upon its 39 branch footprint and the organization's commitment to delivering exceptional customer service

and quality products. Columbia's strategy consists of the following elements:

Focus on relationship lending to small and medium-sized businesses, professionals and other individuals whom Columbia believes are under-served by larger banks in its market area and are attracted by Columbia's emphasis on relationship banking;

Fund loan growth through a branch system and other delivery systems catering primarily to retail depositors, supplemented by business banking customer deposits and other borrowings;

Continue growth through a combination of expansion of market share through existing offices, establishing new offices in desirable markets, expanding products beyond traditional loan and deposit services, and acquiring bank and non-bank companies as promising opportunities arise; and

Control credit risk through established loan underwriting and monitoring procedures, loan concentration limits, product and industry diversification, and the hiring of experienced lending personnel with a high degree of familiarity with their market area.

The achievement of these goals is intended to create long-term value for Columbia's shareholders, consistent with protecting the interests of depositors.

Table of Contents

The Committee believes that compensation of Columbia's Chief Executive Officer, other executive officers and key personnel should be based to a substantial extent on achievement of the goals and strategies that Columbia has established and enunciated.

When establishing salaries, bonus levels and stock option awards for executive officers, the Committee considers (1) Columbia's performance during the past year and recent quarters in meeting its financial and other performance goals, (2) the individual's performance during the past year and recent quarters, and (3) the salaries of executive officers in similar positions with companies of comparable size, maturity and pursuing similar objectives, and other companies within the financial institutions industry. With respect to executive officers other than the Chief Executive Officer, the Committee takes into consideration the recommendations of the Chief Executive Officer. The method for determining compensation varies from case to case based on a discretionary and subjective determination of what is appropriate at the time.

The Committee engages a compensation consultant to obtain executive compensation data from salary surveys reflecting peer group compensation data and to evaluate the information obtained in light of Columbia's stated compensation objectives.

Compensation Programs and Practices

Columbia's compensation program for executives consists of three key elements: (1) base salary, (2) a performance-based annual bonus, and (3) periodic grants of stock-based compensation.

The Committee believes that this three-part approach best serves the interests of Columbia and its shareholders. It enables Columbia to meet the requirements of the highly competitive banking environment in which it operates, while ensuring that executive officers are compensated in a way that advances both the short-term and long-term interests of shareholders. The variable annual bonus permits individual performance to be recognized and is based, in significant part, on an evaluation of the contribution made by the officer to Columbia's overall performance. Other stock-based compensation relate a significant portion of long-term remuneration directly to stock price appreciation. This type of compensation is intended to align the interests of option holders and of Columbia's shareholders, and further serve to promote an executive's continued service to the organization.

Base Salary. Base salaries for Columbia's executive officers are based upon recommendations by the Chief Executive Officer, taking into account such factors as competitive industry salaries, an executive's scope of responsibilities, and individual performance and contribution to the organization. Columbia's Human Resources department obtains executive compensation data from salary surveys that reflect a peer group of other banking companies, including companies of comparable size, and provides this data to the Committee for its consideration in connection with the determination of levels of compensation. To the extent it deems appropriate, the Committee also considers general economic conditions within the area and within the industry. Periodically, an outside compensation consultant provides market data on executive compensation. The Compensation Committee evaluates the information obtained in light of Columbia's stated compensation objectives. This aids the Committee in determining appropriate levels of compensation for senior executives.

Annual Bonus. Executive officers have an annual incentive (bonus) opportunity with awards based on the overall performance of Columbia and on specific individual performance targets. The performance targets may be based on one or more of the following criteria: maintaining sound asset quality, increasing earnings and return on equity and successfully pursuing Columbia's growth strategy.

Other Stock-Based Compensation. The Committee follows a compensation philosophy that emphasizes options and other stock-based compensation. Columbia's use of stock-based compensation focuses on the following guiding principles: (1) stock-based compensation has been and will continue to be an important element of employee pay; (2) the grant of equity compensation will be based on performance measures within

Table of Contents

the employee's control; (3) owning stock is an important ingredient in forming the partnership between employees and the organization; and (4) ownership of significant amounts of Columbia's stock by executives and senior officers of Columbia will facilitate aligning management's goals with the goals of shareholders. In light of the Committee's past philosophy and in light of regulatory changes it is anticipated that the Company will continue to emphasize stock-based compensation in the future.

Stock Ownership Guidelines

In 1997, the Committee approved stock ownership guidelines, which were amended in January 1999, for its executive officers. The guidelines are intended to help closely align the financial interests of these officers with those of Columbia's shareholders. Officers are expected to make continuing progress towards compliance with the guidelines during a five-year period.

The ownership guidelines are as follows: (1) senior executive officers (currently including the positions of Chief Executive Officer, President, and Chief Operating Officer) have a required minimum ownership of 28,014 shares; and (2) Chief Banking Officer, the Chief Credit Officer, Chief Financial Officer and the Executive Vice President in charge of Human Resources have a required minimum ownership of 21,010 shares.

The Board has also approved stock ownership guidelines that call for directors to achieve a stock ownership position of at least 7,003 shares by the year 2002 or within five years of joining the Board.

At year-end 2004 all directors and executive officers that had been with the organization for five years or more had exceeded the ownership guidelines.

Chief Executive Officer Compensation

Ms. Melanie J. Dressel serves as President and Chief Executive Officer of Columbia Bank and has served as President and Chief Executive Officer of Columbia since February 2003. In evaluating the compensation of Ms. Dressel for services rendered in 2004, the Committee considered both quantitative and qualitative factors.

In looking at quantitative factors, the Committee reviewed Columbia's 2004 financial results. Specifically, the Committee considered net income, earnings per share and other significant factors as follows:

Columbia successfully completed the acquisition of Bank of Astoria in Oregon;

Columbia was successful in its expansion of King County operations with the significant expansion of the Seattle Commercial Lending Team;

average total assets and total deposits grew by 13% and 14% respectively;

average core deposits grew by 22%;

Net income and diluted earnings per share grew by 15% and 11% respectively;

In addition to these quantitative accomplishments, the Committee also considered certain qualitative accomplishments by Ms. Dressel in 2004. Specifically, the Committee recognized her leadership in strategically positioning Columbia as a recognized competitor in the banking industry and in Columbia's market area, which helped to improve the Company's earnings and stock appreciation by 15% and 21%, respectively, over 2003.

Policy With Respect to \$1 Million Deduction Limit

It is not anticipated that the limitations on deductibility, under Internal Revenue Code Section 162(m), of compensation to any one executive that exceeds \$1,000,000 in a single year will apply to Columbia or its subsidiaries in the foreseeable future. In the event that such limitations would apply, the Committee will analyze the circumstances presented and act in a manner that, in its judgment, is in the best interests of Columbia. This may or may not involve actions to preserve deductibility.

Table of Contents**Conclusion**

The Committee believes that for 2004 the compensation terms for Ms. Dressel, as well as for the other executive officers, were relatively conservative. Columbia has determined that a conservative approach to compensation of its top executives continues to be appropriate, despite continuing improvement in performance.

Stock Performance Graph

The following graph shows a five-year comparison of the total return to shareholders of Columbia's common stock, the Nasdaq U.S. Stock Index (which is a broad nationally recognized index of stock performance by companies traded on the Nasdaq National Market and the Nasdaq Small Cap Market) and the Columbia Peer Group (comprised of banks with assets of \$1 billion to \$5 billion, all of which are located in the western United States). The definition of total return includes appreciation in market value of the stock as well as the actual cash and stock dividends paid to shareholders. The graph assumes that the value of the investment in Columbia's common stock, the Nasdaq and the Columbia Peer Group was \$100 on December 31, 1999, and that all dividends were reinvested.

- (1) In accordance with applicable rules of the SEC, values are calculated by subtracting the exercise price from the fair market value of the underlying stock. For purposes of this table, fair market value is deemed to be \$24.99, the closing sale price of Columbia's common stock reported on the Nasdaq National Market on December 31, 2004, the last trading day of 2004. For purposes of the foregoing table, stock options with an exercise price less than that amount are considered to be "in-the-money" and are considered to have a value equal to the difference between this amount and the exercise price of the stock option multiplied by the number of shares covered by the stock option.

Other Employee Benefits

401(k) Plan. Columbia maintains a defined contribution plan, in the form of a 401(k) Plan, that allows employees to contribute up to 75% of their compensation each year. The 401(k) Plan is administered by an outside firm. Investment of employee contributions to the 401(k) Plan are directed by the employee into several investment options, one of which is Columbia's Common Stock. Columbia currently makes matching contributions to the extent of 50% of employees' contributions up to 3% of each employee's total compensation and is authorized to make a discretionary contribution as determined by the Committee each year. Columbia contributed approximately \$463,266 in matching funds to the 401(k) Plan during 2004 and made a discretionary contribution of approximately \$1,024,357 for the year 2004.

Employee Stock Purchase Plan. Columbia also maintains an Employee Stock Purchase Plan (the "ESPP") that was adopted in 1995 and amended in January 2000. The ESPP allows eligible employees to purchase shares of Columbia common stock at 90% of the lower of the market price at either the beginning or the end of each six-month offering period by means of payroll deductions.

Incentive Bonus Plan. Columbia has in place a discretionary Incentive Bonus Plan for the benefit of certain employees. Contributions by Columbia are based upon year-end results of operations for Columbia and attainment of goals by individuals. The size of the bonus pool is based upon an assessment of Columbia's performance as compared to both budgeted and prior fiscal year performance and the extent to which Columbia achieved its overall goals. Once the bonus pool is determined, the Chief Executive Officer or other executive officers, as appropriate, make bonus recommendations to the Personnel and Compensation Committee, within the limits of the pool, based upon an evaluation of individual performance and contribution to Columbia's overall performance. In 2004, Columbia contributed \$750,000 to the Plan.

Supplemental Executive Retirement Plan and Split Dollar Benefit. In 2001, Columbia implemented a supplemental executive retirement plan (the SERP) for certain executive officers of Columbia (the Executives) to provide retirement benefits to those officers. The SERP is unsecured and unfunded and there are no plan assets. Columbia has purchased single premium Bank Owned Life Insurance (BOLI policies) on the lives of the Executives and other officers and intends to use income from the BOLI policies to offset SERP benefit expenses.

Table of Contents

The SERP provides the Executives with lifetime retirement benefits generally targeted to be the lesser of a fixed initial amount or 60% of the Executive's respective final full year of total compensation (as shown on the Form W-2). The SERP includes a number of restrictions on payment, including a requirement, subject to exception, that the Executive remain employed by Columbia until age 65 (62 in the event of a change in control). The SERP includes a number of potential adjustments to the date on which retirement payments are initiated and to the amount of the Executive's benefit. These potential adjustments include provisions for early retirement at a reduced benefit amount, a 2% annual inflation adjustment to benefit payments, an Applicable Percentage schedule, from 0% to 100%, analogous to a five to ten year vesting schedule, that provides for a reduction in some benefit payments based on the Executive's tenure. Executives terminated pursuant to a change in control of Columbia, or disabled under any circumstances will be entitled to an Applicable Percentage of 100%, regardless of tenure. Other potential SERP adjustments include an elimination of benefits if the Executive violates non-competition requirements or is terminated for cause or resigns voluntarily before achieving an Applicable Percentage of 100%. The retirement benefits are funded from accruals to a benefit accounting during the participant's employment. The amount of the accrual is determined annually.

Associated with the SERP benefit is a death benefit for each Executive's designated beneficiaries. Beneficiaries designated by an Executive are entitled to a split dollar share of the death proceeds from the life insurance policies on each Executive, which vary depending on the Executive's age at death, employment status with Columbia at the time of death, and eligibility to receive SERP payments.

Deferred Compensation Plan. In February 2004, the Board of Directors adopted a Deferred Compensation Plan known as the 401 Plus Plan (DCP) for certain directors, a select group of senior management and key employees, as designated by resolution of the Board of Directors. The DCP generally provides for the deferral of certain taxable income earned by participants in the DCP. Non-employee directors may elect to have any portion, up to 100% of his or her director's fees deferred. Designated officers or key employees may elect to defer annually under the DCP up to 50% of his or her salary to be earned in the calendar year, and up to 100% of any cash bonuses.

Restricted Stock. In the past, Columbia has granted restricted stock awards to executives in order to reward the executives for prior service to Columbia and to provide incentives for such executives to continue to serve Columbia in the future. The awards provided for the immediate issuance of shares of Columbia common stock to the executive, with such shares held in escrow until the executive met certain conditions, vesting over a specified period. All restricted stock awards were fully vested effective January 28, 2003. The Board, as recommended by the Compensation Committee has determined that, subject to shareholder approval, all future stock award grants should be made under the Company's Plan. As set forth below, the shareholders are being asked to amend the Plan to, among other things, provide for the grant of such restricted stock awards.

Executive Employment and Severance Agreements

Ms. Dressel serves as President and Chief Executive Officer of Columbia and Columbia Bank pursuant to an employment agreement entered into effective August 1, 2004. The term of the employment agreement with Ms. Dressel is a rolling three year term that provides for termination by either party through a notice of non-renewal submitted at least 60 days prior to the anniversary of the agreement. The employment agreement with Ms. Dressel established her minimum annual salary at \$275,000.

Ms. Dressel's employment agreement provides that if her employment is terminated without cause or if she resigns for good reason, then she will receive salary and benefits for the greater of two years or the balance of the contract term, and all forfeiture provisions regarding any outstanding restricted stock or other compensation agreements will lapse. The employment agreement also provides for certain benefits and payments if Ms. Dressel's employment is terminated in connection with a change in control (as defined in the agreement). In such event, in addition to the continued benefits and payment of base salary described above (as well as the lapsing of

Table of Contents

any forfeiture provisions), Ms. Dressel will receive an amount equal to two times any incentive payment she received during the year preceding her termination, and all of her stock options will fully vest. If these provisions of the employment agreement result in Ms. Dressel being taxed under Section 4999 of the Internal Revenue Code (relating to golden parachute payments), Columbia must reimburse her for the amount of such tax (exclusive of any additional tax imposed as a result of such reimbursement).

Columbia has also entered into Severance Agreements with Mark W. Nelson, Executive Vice President and Chief Banking Officer, Andrew McDonald, Executive Vice President and Chief Credit Officer, Gary R. Schminkey, Executive Vice President and Chief Financial Officer and Evans Q. Whitney, Executive Vice President. The severance agreements contain provisions, similar to those contained in the employment agreement discussed above that require payments in the event of termination of employment related to a change in control. Under the terms of the agreements, following termination arising out of a change in control situation, the executives are entitled to (i) receive their base salary (with the exception of Mr. Whitney whose agreement also provides for two times incentive compensation) for varying terms of up to three years; (ii) accelerate the vesting of options; and (iii) removal of restrictions on any restricted stock or other restricted securities, subject to Federal securities laws. These agreements also contain a covenant that they will not compete with Columbia in the State of Washington for up to three years (with the exception of Mr. Whitney whose agreement limits Mr. Whitney from competing in counties where Columbia does business for a period of two years) after the commencement of severance benefit payments. The terms of the severance agreements become operable only in certain circumstances involving a change in control.

PROPOSAL NO. 2: AMENDMENT TO 2000 AMENDED AND RESTATED STOCK OPTION PLAN

General

Columbia has historically maintained a stock option plan for the benefit of employees and directors of the Company. The Plan was originally adopted in 1988, and subsequently amended.

The Board believes that stock-based incentives are essential to attract and retain the services of individuals who are likely to make significant contributions to Columbia's success, to encourage ownership of Columbia's common stock by employees and directors, and to promote Columbia's success by providing both rewards for exceptional performance and long-term incentives for future contributions. Given that Columbia's compensation levels are relatively moderate, the Board believes that stock-based compensation is an important element to maintain and attract the best people to help grow the Company and its earnings.

Columbia's Plan currently provides for the grant of incentive stock options and nonqualified stock options. Columbia's stock option program was designed to promote excellent performance over an employee's career through compensation that increases with the Company's long-term performance. Stock options have been used as incentive compensation for both executives and directors and restricted stock awards have been used as incentive compensation for executives. In order to formalize the use of restricted stock awards, the Board proposes, subject to shareholder approval, to amend the Plan to provide for the grant of restricted stock, stock appreciation rights and restricted stock units (alternative equity awards) to create a broad-based plan under which awards may be granted to all employees and directors. The Board also proposes to amend the Plan to clarify that the exercise price of outstanding options may not be adjusted or otherwise repriced (except in connection with a change in the capital structure of the Company). The addition of alternative equity awards will provide the Board with additional flexibility as it considers the potential impact of recent changes in accounting rules for stock options. The Board further believes that the number of shares of common stock currently available for issuance will be insufficient to achieve the purposes of the Plan unless additional shares are authorized.

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

The Plan currently authorizes the issuance of up to 831,784 shares of common stock (or 5.33% of outstanding shares at January 31, 2005), pursuant to the grant of stock options (as adjusted for stock options and stock splits). Of those shares, 696,518 are granted but unexercised options and only 135,266 remain available for

Table of Contents

future grant. Accordingly, the Board is proposing to increase the number of shares available under the Plan by 350,000 shares, from 135,266 to 485,266, increasing the percentage ratio of the amount of authorized shares available under the Amended Plan to 7.58% of outstanding. The Board believes this is well below many of the Company's peer banks. The Board recommends that shareholders approve the amendments to the Plan in order to allow Columbia to continue to offer stock options and, if approved, the alternative equity awards presented below, to employees and directors as part of its overall compensation package. The material features of the Plan, and the features of each alternative equity award are summarized below. A copy of the full text of the proposed plan, to be renamed the Amended and Restated Stock Option and Equity Compensation Plan (Amended Plan) is attached as Appendix A.

Material Terms of the Plan and Proposed Amended Plan

The current Plan provides for the issuance of options that qualify as incentive stock options, within the meaning of Section 422 of the Internal Revenue Code of 1986, and nonqualified stock options. The proposed Amended Plan will also permit the issuance of restricted shares, stock appreciation rights and restricted stock units. Under the Amended Plan, an Award will mean the grant of a stock option, restricted share, stock appreciation right or restricted stock unit.

If approved, the Amended Plan will be effective for a period of 10 years and will (i) increase the number of shares available under the Amended Plan (not including shares subject to granted but unexercised options) to 485,266; (ii) allow for the grant of restricted stock, stock appreciation rights and restricted stock units; and (iii) add a section that prohibits the repricing of options. Any shares subject to an Award that are forfeited will be returned and made available for further grant under the Amended Plan.

Administration of Plan

The Plan and if approved, the Amended Plan is administered by the Personnel and Compensation Committee.

Restricted Stock Award

A Restricted Stock Award means a share of common stock issued to an employee or director under the Amended Plan that is subject to restrictions and conditions. The Restricted Stock Award will be evidenced by a written agreement that shall contain terms and conditions consistent with those of the Amended Plan. No cash or other consideration need be paid for shares of common stock subject to an award, other than in the form of services performed under terms and conditions determined by the Committee. Certificates representing the award may be held in escrow. Shares of common stock that are part of an award will vest upon satisfying such conditions as the Committee may determine, including, for example, completing a specified number of years of service or attaining performance goals. For example, the Committee may determine that such shares will vest over a period of four years from the date of grant (with 25% vesting on the first anniversary of the grant and 25% on each subsequent anniversary), provided the grantee is employed by the Company on each of such anniversary dates. The Committee may also determine that none of such shares will vest until the grantee has been employed by the Company for four years, at which time 100% of such shares will vest. The Committee may determine to use a shorter or longer vesting period than four years. An Employee holding a Restricted Stock Award (both vested and unvested) will have the rights of a shareholder (including voting, dividend and liquidation rights) with respect to the shares subject to the award.

Restricted Stock Unit

A Restricted Stock Unit means the right to receive a payment in cash or common stock in an amount equal to the fair market value of the common stock on the date of exercise of the right to receive payments under the Restricted Stock Unit. A Restricted Stock Unit will be evidenced by a written agreement that shall contain terms and conditions consistent with those of the Amended Plan. No cash or other consideration need be paid for shares

Table of Contents

of common stock subject to an award, other than in the form of services performed under terms and conditions determined by the Committee. Restricted Stock Units will vest upon satisfying such conditions as the Committee may determine, including, for example, completing a specified number of years of service or attaining performance goals similar to those described in the section under Restricted Stock Award. An employee or director holding a Restricted Stock Unit will have none of the rights of a shareholder (including the payment of cash dividends) until such time as shares, if any, are actually issued. Upon termination of employment, any unvested portion of a Restricted Stock Unit will be forfeited.

Stock Appreciation Right

A Stock Appreciation Right means the right to receive payment in cash or common stock in an amount equal to the excess of the fair market value of the common stock on the date of exercise of the right to receive payments under the Stock Appreciation Right and the fair market value of the common stock at the time of grant. The Stock Appreciation Right will be evidenced by a written agreement that shall contain terms and conditions consistent with those of the Amended Plan. No cash or other consideration need be paid for shares of common stock subject to an award, other than in the form of services performed under terms and conditions determined by the Committee. Stock Appreciation Rights will vest upon satisfying such conditions as the Committee may determine, including, for example, completing a specified number of years of service or attaining performance goals similar to those described in the section under Restricted Shares. An employee or director holding a Stock Appreciation Right will have none of the rights of a shareholder (including the payment of cash dividends) until such time as shares, if any, are actually issued. Upon termination of employment, any unvested portion of a Stock Appreciation Right will be forfeited.

Terms and Conditions of Options

All options granted under the Plan provide that the option exercise price is equal to the fair market value of the shares subject to the option at the time of grant and expire at such time as determined by the Committee; provided, however, that incentive stock options will expire no later than 10 years from the date of grant. The option exercise price is payable in cash or other consideration, including Company common stock. The Plan has an unlimited duration; provided, however, that the Board of Directors has the authority to terminate the Plan at any time and incentive stock options may not be granted more than 10 years after the earlier of the date the Plan is adopted or approved by the shareholders. The Plan may be amended by the Board of Directors without shareholder approval, except that no such amendment may (i) increase the number of shares that may be issued pursuant to the Plan, or (ii) modify the Plan in a manner that would require shareholder approval under any applicable laws or regulations. All granted but unexercised options under the existing Plan will remain outstanding for their respective terms.

Tax Consequences

Incentive Stock Options. Holders of incentive stock options incur no federal income tax (other than potential alternative minimum tax) on the grant or exercise of such options. When stock received upon exercise of an incentive stock option is sold at a gain, the holder incurs tax at capital gain rates, provided the stock is treated in its hands as a capital asset. The Company will generally not be entitled to a deduction for any amount relating to stock issued under an incentive stock option. The exercise price of incentive stock options may be no less than the fair market value of the common stock of Columbia at the time of grant.

Although there is no limit on the aggregate fair market value of stock that can be subject to an incentive stock option, to the extent the fair market value of stock (measured at the date of grant) with respect to which the option becomes exercisable for the first time during a calendar year exceeds \$100,000, then the option shall be treated as a nonqualified stock option to the extent of the excess. For example, if an option that otherwise qualifies as an incentive stock option is granted in the current calendar year to acquire 20,000 shares at an exercise price of \$10 per

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

share (the fair market value of the stock at the time the option is granted) and the option can be exercised to acquire all 20,000 shares in the current calendar year, then the option will be treated as an

Table of Contents

incentive stock option with respect to 10,000 shares and a nonqualified stock option with respect to the remaining 10,000 shares. On the other hand, if the option is granted in the current calendar year, but it provides that it can be exercised to acquire 10,000 shares in the current calendar year and 10,000 shares in the following calendar year, then the option will be treated as an incentive stock option with respect to all 20,000 shares, even if the grantee chooses to not exercise any part of the option in the current calendar year and instead waits until the following calendar year to exercise the option to acquire 20,000 shares.

Nonqualified Stock Options. The holder of a nonqualified stock option recognizes income subject to federal income tax on the date of exercise of such option. The holder is taxed on the excess of (i) the fair market value of the stock (measured on the date of exercise) acquired upon exercise of the option over (ii) the option exercise price. The income is taxable at ordinary income rates and the Company is entitled to a deduction for the amount included by the holder in income. The exercise price of nonqualified options granted under the Plan may be no less than the fair market value of the common stock of Columbia at the time of grant.

Restricted Stock Awards. A grantee of Restricted Stock will generally not be subject to federal income tax with respect to the stock at the time of grant if the stock is subject to a substantial risk of forfeiture. Instead, the grantee is subject to federal income tax with respect to such stock in the taxable year in which the stock is transferable or is no longer subject to such substantial risk of forfeiture, whichever is applicable. The amount that the grantee must include in gross income with respect to the restricted stock is the excess of the fair market value of the stock at the time it is transferable or no longer subject to a substantial risk of forfeiture, whichever is applicable, over the amount (if any) that was paid for the stock. In lieu of the foregoing, a grantee of restricted stock can make a special election under Section 83(b) of the U.S. Internal Revenue Code to include in gross income, for the taxable year in which the stock is granted, the excess of the fair market value of the stock at the time of grant over the amount (if any) paid for the stock. The Company is entitled to a deduction for the amount included by the grantee in income.

Restricted Stock Units. The grant of a Restricted Stock Unit will result in no income to the grantee or deduction for the Company until such time as payments are actually made to the grantee under the Restricted Stock Unit. At the time the Company makes such payment, the grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares, if any, plus cash transferred to the grantee. Income tax withholding would be required.

Stock Appreciation Rights. The grant of a Stock Appreciation Right will result in no income to the grantee or deduction for the Company until such time as payments are actually made to the grantee under the Stock Appreciation Right. At the time the Company makes such payment, the grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares, if any, plus cash transferred to the grantee. Income tax withholding would be required.

Repricing of Stock Options

The Plan is currently silent with respect to the repricing of stock options. The Board, subject to shareholder approval, proposes to add a section to the Amended Plan that prohibits the repricing of stock options unless approved by the shareholders or in connection with a change in the capital structure of the Company, such as a stock split or stock dividend, subdivision or consolidation, or other increase or decrease in the number of shares effected without receipt of consideration by the Company.

PROPOSAL NO. 3: AMENDMENT TO ARTICLES OF INCORPORATION

General

The Company's Board of Directors has unanimously decided to present to the shareholders a proposal to amend the Company's Articles of Incorporation (Articles) to (i) eliminate the director nomination provision in the Articles, thereby deleting Section 10.1 of the Company's Articles of Incorporation; and (ii) make certain technical clean-up changes to the Articles.

As a result of the Sarbanes Act and the amended Nasdaq rules governing the Company, in 2004 the Board of Directors adopted and approved director nomination procedures allowing shareholders to submit a director nominee for consideration by the Company's Nominating Committee. These procedures mirror the advance notice procedures required by the Federal securities law with respect to shareholder proposals.

In an effort to maintain compliance with the various regulations governing the Company, and in light of the adoption of the Sarbanes Act and amended Nasdaq rules, the Board and management have determined it prudent to amend the Company's Articles to delete the director nomination provision in the Articles.

Current Nomination Provision. The nomination procedure currently in the Articles is an archaic provision that was originally designed for a non-public bank. Under this current provision a shareholder must provide written notice to the Company not less than 14 nor more than 50 days prior to the shareholder meeting to nominate a director for election to the Board. Under this time frame, the only way that a shareholder could nominate a director would be at the annual meeting.

Proposed Nomination Provision. Under the proposed nomination procedures, the notice would be extended to 120 days from the first anniversary of the date that the Proxy Statement for the preceding year's annual meeting was first sent to shareholders. This provision is consistent with those adopted by numerous public companies, including financial institutions, in response to Nasdaq's amended rules. The shareholder nomination deadlines are set forth in the current Proxy Statement under the section entitled *How do I nominate someone to be a director?* This extended notice provision would provide sufficient time for the Nominating Committee to consider a shareholder nominee.

The Board believes that, concurrently with amending the provision of the Company's Articles discussed above, certain technical clean-up changes should be made at this time. In particular, the Board proposes to delete certain provisions in the Company's Articles that, while required at the time the Company was formed, are no longer necessary. The Board proposes to delete the following provisions: (i) Article 8 regarding the Company's initial registered agent and (ii) Article 14 regarding the incorporator of the Company. None of these proposed changes will have any impact on your rights as a shareholder of the Company. A copy of the proposed Amended and Restated Articles are attached as *Appendix B*.

If the proposed Article amendment is approved, the Company intends to add the previously adopted director nomination provision to its Bylaws. A copy of the proposed director nomination provision is attached for your review as *Appendix C*. The Bylaw amendment does not require shareholder approval, however, the Company is required to file the Amended and Restated Bylaws in its reports with the SEC.

Voting to Amend the Articles

The affirmative vote of a *majority of those shares entitled to vote* is required to amend the Articles. Brokers do not have discretion to cast a vote FOR the amendment to the Articles without your direction. **Therefore, if your shares are in street name and you do not instruct your broker how to vote, your shares will not be voted.** A broker non-vote has the same effect as a vote against.

The Board of Directors unanimously recommends a vote FOR the proposed amendments to the Plan and to the Articles of Incorporation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Columbia's directors and executive officers to send reports of their ownership of Columbia's stock to the Securities and Exchange Commission. Columbia believes that all Section 16(a) filing requirements that apply to its directors and executive officers were complied with for the fiscal year ending December 31, 2004. In making this disclosure, Columbia has relied solely on written representations of its directors and executive officers, and copies of the reports that they have filed with the SEC.

INTEREST OF MANAGEMENT IN CERTAIN TRANSACTIONS

During 2004 certain directors and executive officers of Columbia and Columbia Bank, and their associates, were customers of Columbia Bank, and it is anticipated that such individuals will continue to be customers of Columbia Bank in the future. All transactions between Columbia Bank and its executive officers and directors, and their associates, were made in the ordinary course of business on substantially the same terms,

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and, in the opinion of management, did not involve more than the normal risk of collect ability or present other unfavorable features.

The firm of Deloitte & Touche LLP (Deloitte) performed the audit of the consolidated financial statements of Columbia and its subsidiaries for the year ended December 31, 2004. Shareholders are not required to take action on the selection of the public accountants. A representative of Deloitte is expected to be present at the Annual Meeting to make a statement, if desired, and to be available to respond to appropriate questions.

Fees Paid to Independent Auditors

The following table sets forth the aggregate fees charged to the Company by Deloitte, for audit services rendered in connection with the audited consolidated financial statements and reports for the 2004 and 2003 fiscal years and for other services rendered during the 2004 and 2003 fiscal years.

Audit-Related Fees. Consists of fees relating to examination of management's assertion regarding the effectiveness of internal control (FDICIA).

Tax Fees. Consists of fees relating to consultation regarding B&O tax refunds and vesting of unregistered stock during fiscal year 2004.

All Other Fees. There were no fees for services not included above for the fiscal years ended 2004 and 2003.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement Sarbanes-Oxley, as well as the American Institute of Certified Public Accountants.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The services performed by Deloitte in 2004 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee at its February 25, 2004 meeting. This policy describes the permitted audit, audit-related, tax, and other services (collectively, the Disclosure Categories) that Deloitte may perform. The policy requires that prior to the beginning of each fiscal year, a description of the services (the Service List) expected to be performed by Deloitte in each of the Disclosure Categories in the following fiscal year be presented to the Audit Committee for approval.

Services provided by Deloitte during the following year that are included in the Service List were pre-approved following the policies and procedures of the Audit Committee.

Table of Contents

Any requests for audit, audit-related, tax, and other services not contemplated on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

In addition, although not required by the rules and regulations of the SEC, the Audit Committee generally requests a range of fees associated with each proposed service on the Service List and any services that were not originally included on the Service List. Providing a range of fees for a service incorporates appropriate oversight and control of the independent auditor relationship, while permitting the Company to receive immediate assistance from Deloitte when time is of the essence.

The Audit Committee reviews the status of services and fees incurred year-to-date against the original Service List and the forecast of remaining services and fees for the fiscal year.

The policy contains a de minimis provision that operates to provide retroactive approval for permissible non-audit services under certain circumstances. The provision allows for the pre-approval requirement to be waived if all of the following criteria are met:

1. The service is not an audit, review or other attest service;
2. The aggregate amount of all such services provided under this provision does not exceed the lesser of \$12,650 or five percent of total fees paid to the independent auditor in a given fiscal year;
3. Such services were not identified at the time of the engagement to be non-audit services;
4. Such services are promptly brought to the attention of the Audit Committee and approved by the Audit Committee or its designee;
and
5. The service and fee are specifically disclosed in the Proxy Statement as meeting the de minimis requirements.

AUDIT COMMITTEE REPORT

The Audit Committee consists of the directors listed below. The Board of Directors has determined that the membership of the Audit Committee meets the independence requirements as defined under the Nasdaq listing standards. During 2002 and early 2003, the SEC issued rules under Sarbanes-Oxley governing the role and membership standards of audit committees.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee is responsible for overseeing Columbia's financial reporting processes on behalf of the Board of Directors.

With respect to fiscal 2004 the Audit Committee has:

- (1) reviewed and discussed the audited financial statements with management, and management represented to the Audit Committee that Columbia's consolidated financial statements were prepared in accordance with generally accepted accounting principles;
- (2) discussed with the independent accountants the matters required to be discussed by SAS 61 (Communication with Audit Committees);
- (3) discussed with the Columbia's internal and independent accountants the overall scope and plans for their respective audits;
- (4) met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of Columbia's internal controls, and the overall quality of Columbia's financial reporting; and
- (5) received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No.1 (Independence Discussion with Audit Committee) and has discussed with representatives of Deloitte LLP that firm's independence.

Based on the review and discussions referred to in items (1) through (5) above, the Audit Committee has recommended to Columbia's Board of Directors that the audited financial statements be included in Columbia's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

The Plan was subsequently amended and approved by the shareholders on July 19, 1993, April 23, 1997 and April 25, 2000. The Plan is now being amended and restated, subject to shareholder approval, for the purpose of (1) permitting the issuance of restricted stock, restricted stock units and stock appreciation rights under the Plan, (2) increasing the number of shares available for issuance under the Plan by 350,000 shares of Common Stock to 485,266 shares of Common Stock, plus up to 100,000 shares of Common Stock that are reacquired by the Employer (defined below) in the open market or in private transactions, (3) clarifying that the Plan is intended to be a broad-based plan that permits awards of options, restricted stock, restricted stock units and stock appreciation rights to all employees, and (4) imposing restrictions on re-pricing outstanding options. In all other respects, the Plan remains unchanged and as adopted by the board of directors and approved by the shareholders on April 25, 2000.

The Plan is hereby renamed the Amended and Restated Stock Option and Equity Compensation Plan.

The Committee may, but is not required to, impose conditions to the Vesting of Restricted Stock Units, such as completion of a specified number of years of service with Employer or any of its Subsidiaries, and/or attainment of performance goals that shall be set forth in the related Restricted Stock Unit Agreement. The Fair Market Value of Restricted Stock Units shall not be increased or otherwise adjusted because of cash dividends or other distributions paid at any time to Shareholders.

3. Stock Subject to Plan.

a. *General.* Subject to adjustments as provided in Section 10, the maximum number of shares of Common Stock that may be subject to Awards, and to be issued, under the Plan shall be equal to the sum of: (i) 485,266, and (ii) up to 100,000 shares of Common Stock, to the extent authorized by the Board, which are reacquired by the Employer in the open market or in private transactions after the effective date of this Plan. For purposes of the foregoing sentence, shares of Common Stock that are or were made subject to an Award of Restricted Stock Units or of Stock Appreciation Rights shall be treated as issued (even if no shares of Common Stock are actually issued with respect to such Award), unless and until the Grantee has forfeited rights in such Award by failing to satisfy any condition to Vesting. The aggregate number of shares of Common Stock that may be issued under Incentive Stock Options shall equal the maximum number of shares of Common Stock that may be subject to Awards described in the first sentence of this Section 3.a, reduced, however, by the number of shares of Common Stock that have been made subject to other types of Awards.

b. *Forfeited and Cancelled Shares.* To the extent any shares of Common Stock subject to an Option are not issued, because the Option is forfeited or cancelled, or the shares are not issued because the Grantee or beneficiary settles the Option in cash, or the Option is used to satisfy applicable tax withholding obligations, such shares shall not be deemed to have been issued for purposes of determining the maximum number of shares available to be made subject to an Award. If the exercise price of any Option granted under the Plan is satisfied by tendering shares to the Employer (by either actual delivery or by attestation), only the number of shares issued net of the shares tendered shall be deemed issued for purposes of determining the maximum number of shares available to be made subject to an Award. If shares of Restricted Stock are forfeited by a Grantee prior to Vesting, such shares shall again be available to be made subject to an Award. If a Grantee fails to satisfy the conditions to Vesting of Restricted Stock Units or Stock Appreciation Rights, then the number of shares of Common Stock that are subject to such Restricted Stock Units or Stock Appreciation Rights shall again be available to be made subject to an Award.

c. Notwithstanding any contrary provisions of the Plan, not more than 50,000 shares of Common Stock (adjusted as required under Section 10) in the aggregate may be made subject to Awards of every type granted to a single Grantee in any one fiscal year of the Employer.

4. Administration of the Plan.

a. *The Committee.* The authority to control and manage the operation and administration of the Plan shall be vested in a committee (the Committee) in accordance with this Section 4. The Committee shall be selected by the Board and shall consist of two or more members of the Board. If the Committee does not exist or the Board, for any reason determined by it, desires to directly exercise its powers under this Plan, then the Board may take any action under the Plan that would otherwise be the responsibility of the Committee. Once appointed, the Committee shall continue to serve until otherwise directed by the Board. From time to time, and at any time, the Board may increase the size of the Committee and appoint additional members, remove members (with or without cause), appoint individuals in substitution therefor, and fill vacancies however caused. The Committee shall select one of its members as chairman, and shall hold meetings at such times and places as the chairman or a majority of the Committee may determine.

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

b. *Allocation and Delegation of Responsibilities.* Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may allocate all or a portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and

powers to any person or persons selected by it. The Committee may revoke any such allocation or delegation at any time.

c. *Report of Grants.* At least annually, the Committee shall present a written report to the Board setting forth the following information relating to Awards granted since the date of the last such report: the date or dates of each such Award; the type of each such Award; the number of shares subject to each such Award; and the exercise price for shares of Common Stock subject to each Option and Fair Market Value, on the date of grant, of Common Stock subject to Awards of shares of Restricted Stock, Restricted Stock Units and Stock Appreciation Rights.

d. *Powers of the Committee.* Subject to the terms and conditions explicitly set forth in the Plan, the Committee shall have the authority and discretion:

(1) to determine the persons to whom Awards are to be granted, the times of grant, and the number of shares subject to each Award;

(2) to determine the exercise price for shares of Common Stock to be issued pursuant to the exercise of an Option; the purchase price, if any, of Restricted Stock; and the Fair Market Value of Common Stock used to determine the amount required to be paid under a Restricted Stock Unit or Stock Appreciation Right;

(3) to determine all other terms and conditions (which need not be identical between or among Grantees) of each Award;

(4) to modify or amend the terms of any Award previously granted, or to grant substitute Options, subject to the provisions of Sections 6.l, 6.m and 12;

(5) to cancel or suspend Awards, subject to the restrictions imposed by Section 12;

(6) to interpret the Plan;

(7) to authorize any person or persons to execute and deliver Option Agreements, Restricted Stock Agreements, Restricted Stock Units Agreements and Stock Appreciation Rights Agreements, or to take any other actions deemed by the Committee to be necessary or appropriate, to effectuate the grant of Awards;

(8) to waive any conditions to Vesting; and

(9) to make all other determinations, and take all other actions that the Committee deems necessary or appropriate, to administer the Plan in accordance with its terms and conditions.

All decisions, determinations and interpretations of the Committee relating to the Plan and Awards shall be final and binding upon all persons, including all Grantees and any other persons interested in any Awards, unless otherwise expressly determined by a vote of a majority of the entire Board. No member of the Committee or the Board shall be liable to any person for any action or determination made in good faith with respect to the Plan or any Awards.

e. *Section 16(b) Compliance and Bifurcation of Plan.* It is the intention of the Employer that the Plan comply in all respects with Rule 16b-3 under the Exchange Act, and the Plan shall be construed in favor of its so complying. If any Plan provision is determined to not comply with such Rule 16b-3, the provision shall be deemed null and void. Notwithstanding anything in this Plan to the contrary, the Board, in its absolute discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan with respect to participants who are officers and directors subject to Section 16(b) of the Exchange Act, without so restricting, limiting, or conditioning the use of such provisions of the Plan with respect to other participants.

5. Eligibility.

a. *General.* All Employees and Directors are eligible to be selected by the Committee to receive an Award. Awards may be granted only to Employees and Directors selected by the Committee from time to time, and at any time, in its sole discretion; provided, however, that Directors who are not also Employees may not be granted Incentive Stock Options. The granting of Awards shall be entirely discretionary with the Committee; and the adoption of the Plan shall not confer upon any person any right to receive an Award.

b. *No Right to Grant or to Employment.* Neither the adoption of the Plan, nor the granting of an Award shall confer upon any Employee or Director any right to continue employment with, or to continue to serve as a Director of, the Employer or any Subsidiary; or to interfere in any way with the right of the Employee or Director, or the right of the Employer or any Subsidiary, to terminate the employment relationship or the Director relationship at any time.

6. Terms and Conditions of Options.

a. *General.* All Options granted under the Plan must be authorized by the Committee and shall be subject to such terms and conditions, not inconsistent with this Plan, as the Committee shall, in its sole discretion, prescribe. The terms and conditions of all Options shall be set forth in an Option Agreement. Unless waived or modified by the Committee, all Options shall be subject to the terms and conditions set forth in this Section 6. It is intended that Options granted under this Plan may be either Incentive Stock Options or Nonqualified Stock Options.

b. *Type of Option; Number of Shares; Annual Limitation.* Each Option Agreement shall state whether the Option is an Incentive Stock Option or a Nonqualified Stock Option and the number of shares subject to the Option. Subject to Section 3.c, any number of Options may be granted to a single eligible person from time to time, and at any time, except that in the case of Incentive Stock Options, the aggregate Fair Market Value (determined as of the date each Option is granted) of all shares of Common Stock with respect to which Incentive Stock Options become exercisable for the first time by the Grantee in any one calendar year (under all incentive stock option plans of the Employer and all of its Subsidiaries taken together) shall not exceed \$100,000.

c. *Option Price and Consideration.* The exercise price for shares of Common Stock subject to an Option shall be established by the Committee or shall be determined by a method established by the Committee at the time the Option is granted. The exercise price shall not be less than 100% of the Fair Market Value of a share of Common Stock as of the date of grant of the Option. In the case of an Incentive Stock Option granted to an Employee who, immediately before the grant of such Incentive Stock Option, is a Shareholder-Employee, the Incentive Stock Option exercise price shall be at least 110% of the Fair Market Value of the Common Stock as of the date of grant of the Incentive Stock Option.

d. *Term of Option.* No Incentive Stock Option granted under the Plan shall in any event be exercisable after the expiration of ten (10) years from the date such Option is granted, except that the term of an Incentive Stock Option granted to an Employee who, immediately before such Incentive Stock Option is granted, is a Shareholder-Employee shall be for not more than five (5) years from the date such Option is granted. Subject to the foregoing and other applicable provisions of the Plan, the Committee shall determine the term of each Option in its sole discretion.

e. *Manner of Exercise.* An Option shall be exercisable in accordance with such terms and conditions, and during such periods, as may be established by the Committee. The payment of the exercise price of an Option shall be subject to the following:

(1) subject to the following provisions of this Section 6.e, the full exercise price for shares of Common Stock purchased upon the exercise of any Option shall be paid at the time of such exercise (except that, in the case of an exercise arrangement approved by the Committee and described in paragraph (3) below, payment may be made as soon as practicable after the exercise);

A-6

Table of Contents

(2) the exercise price shall be payable in cash or other consideration of comparable value deemed acceptable by the Committee (including tendering, by either actual delivery of shares or by attestation, shares of Common Stock acceptable to the Committee and valued at Fair Market Value as of the date of exercise), or in any combination thereof, as determined by the Committee; and

(3) the Committee may permit a Grantee to elect to pay the exercise price upon the exercise of an Option by irrevocably authorizing a third party to sell shares of Common Stock (or a portion of the shares of Common Stock sufficient to pay the exercise price) acquired upon exercise of the Option and remit to the Employer the sale proceeds therefrom sufficient to pay the entire exercise price and any tax withholding resulting from such exercise.

Shares of Common Stock delivered pursuant to the exercise of an Option shall be subject to such conditions, restrictions and contingencies as the Committee may establish.

f. *Death of Grantee.* In the event of the death of a Grantee who at the time of his death was an Employee and who maintained Continuous Status as an Employee since the date of grant of the Option, the Option shall terminate on the earlier of (i) one year after the date of death of the Grantee or at such later date as the Committee may set, in its sole discretion; or (ii) the expiration date of the Option provided in the Option Agreement, except that if the expiration date of an Option should occur during the 90-day period immediately following the Grantee's death, such Option shall terminate at the end of such 90-day period. The Option shall be exercisable at any time prior to such termination by the Grantee's estate, or by any person or persons who acquire the right to exercise the Option by bequest, inheritance or otherwise by reason of the death of the Grantee.

g. *Disability of Grantee.* If a Grantee's status as an Employee is terminated at any time during the Option period by reason of a Disability and if said Grantee maintained Continuous Status as an Employee at all times between the date of grant of the Option and the termination of his status as an Employee, his Option shall terminate on the earlier of (i) one year after the date of termination of his status as an Employee, or (ii) the expiration date of the Option provided in his Option Agreement.

h. *Termination of Status as an Employee, Other Than Due to Death or Disability.* If a Grantee's status as an Employee is terminated for any reason other than death or Disability, and other than by reason of fraud or willful misconduct, any Options granted to the Grantee shall terminate on the earlier of (i) the same day of the third month after the date of termination of his status as an Employee, or (ii) the expiration date of the Option provided in his Option Agreement. If an Optionee's status as an Employee is terminated at any time by reason of fraud or willful misconduct, then any Options granted to him shall terminate immediately on the termination of his status as an Employee.

i. *Non-Transferability of Options.* No Option granted under the Plan may be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution. During the lifetime of a Grantee, only the Grantee may exercise such Option.

j. *Date of Grant of Option.* The date of grant of an Option shall, for all purposes, be the date on which the Employer completes corporate action constituting an offer of Common Stock for sale to an individual under the terms and conditions of this Plan. Said date of grant shall be specified in the Option Agreement.

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

k. *Conditions To Issuance of Shares.* Shares of Common Stock shall not be issued with respect to an Option granted under the Plan, unless the exercise of such Option and the issuance and delivery of shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the Common Stock may then be listed. Issuance of shares of Common Stock is further subject to the approval of counsel for the Employer with respect to such compliance.

l. *Merger, Sale of Assets, Etc.* Except as otherwise provided in the Option Agreement, in the event of the merger or other reorganization of the Employer with and into any other corporation with the Employer

not surviving (other than a reorganization where the ownership of the surviving company is substantially the same as that of the Employer immediately before the reorganization), or in the event of a proposed sale of all or substantially all of the assets of the Employer, or in the event of a proposed dissolution or liquidation of the Employer, (i) all outstanding and unexercised Options shall become exercisable immediately upon the date of the closing of such transaction or at such earlier date as the Committee may fix, and (ii) such Options, to the extent not exercised on or before the closing, shall either be assumed by the successor corporation of the transactions described above, or its parent, or be replaced with a comparable award for the purchase of shares of the capital stock of the successor corporation, except that if such Options are not so assumed or replaced, then the Committee may, in the exercise of its sole discretion, terminate all outstanding Options as of a date fixed by the Committee, which may be sooner than the originally stated Option term. The Committee shall notify each Grantee of such action in writing not less than sixty (60) days prior to the termination date fixed by the Committee, and each Grantee shall have the right to exercise his Option prior to said termination date.

m. *Substitute Stock Options.* In connection with the acquisition or proposed acquisition by the Employer or any Subsidiary, whether by merger, acquisition of stock or assets, or other reorganization transaction, of a business any employees of which have been granted incentive stock options, as such term is defined in Code Section 422, the Committee is authorized to issue, in substitution of any such unexercised stock option, a new Option under this Plan that confers upon the Grantee substantially the same benefits as the old option; provided, however, that the issuance of any new Option for an old incentive stock option shall satisfy the requirements of Code Section 424(a).

n. *Tax Compliance.* The Employer, in its sole discretion, may take any actions reasonably believed by it to be required to comply with any local, state, or federal tax laws relating to the reporting or withholding of taxes attributable to the grant or exercise of any Option or the disposition of any shares of Common Stock issued upon exercise of an Option, including, but not limited to, (i) withholding from any person exercising an Option a number of shares of Common Stock having a Fair Market Value as of the date of such withholding equal to the amount required to be withheld by the Employer under applicable tax laws, and (ii) withholding, or causing to be withheld, from any form of compensation or other amount due a Grantee or holder of shares of Common Stock issued upon exercise of an Option any amount required to be withheld under applicable tax laws.

o. *Other Provisions.* Option Agreements executed under the Plan may contain such other provisions as the Committee shall deem advisable, provided in the case of Incentive Stock Options that the provisions are not inconsistent with the provisions of Code Section 422 or with any of the other terms and conditions of this Plan.

p. *Director Options.* Notwithstanding the terms and conditions set forth above in this Section 6, (i) a Director who is not also an Employee shall not be granted an Incentive Stock Option, and (ii) Nonqualified Stock Options granted to a Director who ceases to be a member of the Board or the board of directors of any Subsidiary shall be exercisable on such terms and conditions as the Committee shall determine.

7. Restricted Stock.

a. *General.* An Award of Restricted Stock under the Plan must be authorized by the Committee, which shall determine all terms and conditions relating to each Award (including, without limitation, who is to be a Grantee, the number of shares of Restricted Stock subject to the Award, conditions to Vesting, and restrictions to which shares of Restricted Stock shall be subject). Such terms and conditions shall be consistent with this Plan.

b. *Restricted Stock Agreement.* All purchases of shares of Restricted Stock shall be evidenced by a Restricted Stock Agreement. A person who is granted an Award of Restricted Stock shall be issued such shares only if, within five (5) days (or such other period of time as may be determined

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

by the Committee) after the Employer makes such grant, such person duly executes and delivers to the Employer a Restricted Stock Agreement. If such person does not do so within such period of time, then without the need for action

on the part of any person, such person shall have no further right to acquire shares of Restricted Stock, unless the Committee determines otherwise.

c. *Purchase Price.* Grantees shall not be required to pay cash or other consideration for shares of Restricted Stock granted hereunder, other than in the form of services performed under such terms and conditions as the Committee may determine.

d. *Escrow of Restricted Stock.* The Employer shall make such arrangements to hold shares of Restricted Stock in escrow as it deems necessary or appropriate. Until such time as the Employer reacquires the shares so held, the Grantee thereof shall have, subject to any restrictions and conditions contained in the Plan or the related Restricted Stock Agreement, all the rights of a shareholder (including voting, dividend and liquidation rights) with respect to the Restricted Stock.

e. *Restrictions and Performance Goals.* Shares of Restricted Stock shall be subject to such restrictions and conditions, if any, as the Committee may impose. Such restrictions and conditions may include, without limitation, an obligation on the part of the Grantee to resell to the Employer, at a price determined by the Committee (including, for example, at the lower of the price, if any, paid by the Grantee for the shares of Restricted Stock or the Fair Market Value of the shares of Restricted Stock on the date of repurchase), or to forfeit to the Employer shares of Restricted Stock, if the Grantee fails to satisfy conditions imposed by the Committee, such as completion of a specified number of years of service with the Employer or any of its Subsidiaries, and/or attainment of performance goals that are set forth in the Restricted Stock Agreement entered into by the Grantee in connection with the grant of the Restricted Stock Award. Prior to issuing Restricted Stock, the Committee shall: (i) determine the nature, length and starting date of any period that the Grantee must maintain Continuous Status as an Employee before shares of Restricted Stock shall Vest; and (ii) select the factors to be used to measure performance goals, if any.

f. *Vesting.* Shares of Restricted Stock shall Vest upon the first to occur of the following events: (i) termination of all restrictions and satisfaction of all conditions to Vesting imposed on such shares by the Committee (including, without limitation, attaining any performance goals that are set forth in the related Restricted Stock Agreement); (ii) death of the Grantee, or (iii) Disability of the Grantee.

g. *Termination of Employment Prior to Vesting of Restricted Stock.* Immediately after a Grantee first ceases to maintain Continuous Status as an Employee, other than because of death or Disability, shares of Restricted Stock granted to such Grantee that have not Vested prior to such time may no longer Vest, and Grantee shall forfeit all rights (and the Employer shall have no further obligations) with respect to such shares of Restricted Stock.

h. *Conditions To Issuance of Shares.* Shares of Restricted Stock shall not be issued under the Plan, unless the issuance and delivery of such shares shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which such shares may then be listed, and shall be further subject to the approval of counsel for the Employer with respect to such compliance.

i. *Tax Compliance.* The Employer, in its sole discretion, may take actions reasonably believed by it to be required to comply with any local, state, or federal tax laws relating to the reporting or withholding of taxes attributable to the issuance of shares of Restricted Stock; including, but not limited to, withholding (or causing to be withheld) from any form of compensation or other amount due a Grantee any amount required to be withheld by the Employer under applicable tax laws.

j. *Non-Transferability of Restricted Stock.* Shares of Restricted Stock may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution, prior to the time such shares Vest.

k. *Merger, Sale of Assets, Etc.* Except as otherwise provided in the Restricted Stock Agreement, in the event of a merger or other reorganization of the Employer with and into any other corporation with the

Employer not surviving (other than a reorganization where the ownership of the surviving company is substantially the same as that of the Employer immediately before the reorganization), or in the event of a proposed sale of all or substantially all of the assets of the Employer, or in the event of a proposed dissolution or liquidation of the Employer, the Committee may, in its sole discretion, elect to (i) waive all conditions to, and accelerate, Vesting of Restricted Stock (such waiver and acceleration to be effective as of the date of closing of such transaction or at such earlier date as the Committee may fix), or (ii) if the successor corporation in the transaction (or its parent) so agrees, replace the shares of Common Stock subject to each Award of Restricted Stock with shares of such successor corporation (or its parent) that, in the aggregate, are equal in value on the date of replacement to the shares that are replaced, in which event the terms, conditions, restrictions and contingencies otherwise applicable to the shares that are replaced shall continue to apply to the shares of the successor corporation (or its parent) received in substitution, as if the shares of the successor corporation (or its parent) were the shares that are replaced.

1. *Other Provisions.* Restricted Stock Agreements executed under this Plan may contain such other provisions as the Committee shall deem advisable that are not inconsistent with the Plan.

8. Restricted Stock Units

a. *General.* An Award of Restricted Stock Units under the Plan must be authorized by the Committee, which shall determine all terms and conditions relating to each Award (including, without limitation, who is to be a Grantee, the number of shares of Common Stock subject to the Award, conditions to Vesting and restrictions to which Restricted Stock Units shall be subject). Such terms and conditions shall be consistent with this Plan.

b. *Restricted Stock Unit Agreement.* All Awards of Restricted Stock Units shall be evidenced by a Restricted Stock Unit Agreement. A person who is granted an Award of Restricted Stock Units shall have no rights under the Award unless, within five (5) days (or such other period of time as may be determined by the Committee) after the Employer grants such Award, such person duly executes and delivers to the Employer a Restricted Stock Unit Agreement. If such person does not do so within such period of time, then without the need for action on the part of any person, such person shall have no further rights under the Award, unless the Committee determines otherwise.

c. *Purchase Price.* Grantees shall not be required to pay cash or other consideration for Restricted Stock Units granted hereunder, other than in the form of services performed under such terms and conditions as the Committee may determine.

d. *No Rights as a Shareholder.* The Grantee of an Award of Restricted Stock Units shall have none of the rights of a shareholder with respect to Restricted Stock Units, until and unless shares of Common Stock are actually issued with respect to the Restricted Stock Units.

e. *Restrictions and Performance Goals.* Restricted Stock Units shall be subject to such restrictions and conditions, if any, as the Committee may impose. Such restrictions and conditions may include forfeiture of rights under the Restricted Stock Units upon Grantee's failure to satisfy conditions imposed by the Committee, such as completion of a specified number of years of service with the Employer or any Subsidiary and/or attainment of performance goals that are set forth in the Restricted Stock Unit Agreement entered into by Grantee in connection with the grant of the Restricted Stock Unit. Prior to granting an Award of Restricted Stock Units, the Committee shall: (i) determine the nature, length and starting date of any period that the Grantee must maintain Continuous Status as an Employee before the Restricted Stock Units shall Vest; and/or (ii) select the factors to be used to measure performance goals, if any.

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

f. *Vesting*. Restricted Stock Units shall Vest upon the first to occur of the following events: (i) termination of all restrictions and satisfaction of all conditions to Vesting imposed on such Restricted Stock Units by the Committee (including, without limitation, attaining any performance goals that are set forth in the related Restricted Stock Unit Agreement); (ii) death of the Grantee, or (iii) Disability of the Grantee.

g. *Termination of Employment Prior to Vesting of Restricted Stock.* Immediately after a Grantee first ceases to maintain Continuous Status as an Employee, other than because of death or Disability, Restricted Stock Units granted to such Grantee that have not Vested prior to such time may no longer Vest, and Grantee shall forfeit all rights (and the Employer shall have no further obligations) with respect to such Restricted Stock Units.

h. *Conditions To Issuance of Common Stock With Respect to Restricted Stock Units.* No shares of Common Stock shall be issued with respect to Restricted Stock Units, unless the issuance and delivery of such shares shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which such shares may then be listed, and shall be further subject to the approval of counsel for the Employer with respect to such compliance.

i. *Tax Compliance.* The Employer, in its sole discretion, may take actions reasonably believed by it to be required to comply with any local, state, or federal tax laws relating to the reporting or withholding of taxes attributable to Restricted Stock Units; including, but not limited to, withholding (or causing to be withheld) from any form of compensation or other amount due a Grantee any amount required to be withheld by the Employer under applicable tax laws.

j. *Non-Transferability of Restricted Stock Units.* No rights under a Restricted Stock Unit may be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution.

k. *Payment.* Notwithstanding any contrary provisions of the Plan, any Restricted Stock Units that become Vested shall be settled by payment of amounts owned to the Grantee on or before the later of (i) the date that is two and one-half (2 ½) months after the end of the Grantee's first taxable year in which such amounts are no longer subject to a substantial risk of forfeiture, or (ii) the date that is two and one-half (2 ½) months after the end of the first taxable year of the person for whom the Grantee performed services in which such amounts are no longer subject to a substantial risk of forfeiture.

l. *Merger, Sale of Assets, Etc.* Except as otherwise provided in the Restricted Stock Unit Agreement, in the event of a merger or other reorganization of the Employer with and into any other corporation with the Employer not surviving (other than a reorganization where the ownership of the surviving company is substantially the same as that of the Employer immediately before the reorganization), or in the event of a proposed sale of all or substantially all of the assets of the Employer, or in the event of a proposed dissolution or liquidation of the Employer, the Committee may, in its sole discretion, elect to (i) waive all conditions to, and accelerate, Vesting of Restricted Stock Units (such waiver and acceleration to be effective as of the date of closing of such transaction or at such earlier date as the Committee may fix), or (ii) if the successor corporation in the transaction (or its parent) so agrees, replace the Restricted Stock Units with rights that are substantially similar to those represented by the Restricted Stock Units.

m. *Other Provisions.* Restricted Stock Unit Agreements executed under this Plan may contain such other provisions as the Committee shall deem advisable that are not inconsistent with the Plan.

9. Stock Appreciation Rights

Edgar Filing: COLUMBIA BANKING SYSTEM INC - Form PRE 14A

a. *General.* An Award of Stock Appreciation Rights under the Plan must be authorized by the Committee, which shall determine all terms and conditions relating to each Award (including, without limitation, who is to be a Grantee, the number of shares of Common Stock subject to the Award, conditions to Vesting and restrictions to which Stock Appreciation Rights shall be subject). Such terms and conditions shall be consistent with this Plan.

b. *Stock Appreciations Right Agreement.* All Awards of Stock Appreciation Rights shall be evidenced by a Stock Appreciation Rights Agreement. A person who is granted an Award of Stock Appreciation Rights shall have no rights under the Award unless, within five (5) days (or such other period of time as may be determined by the Committee) after the Employer grants such Award, such person duly executes and

delivers to the Employer a Stock Appreciation Rights Agreement. If such person does not do so within such period of time, then without the need for action on the part of any person, such person shall have no further rights under the Award, unless the Committee determines otherwise.

c. *Purchase Price.* Grantees shall not be required to pay cash or other consideration for Stock Appreciation Rights granted hereunder, other than in the form of services performed under such terms and conditions as the Committee may determine.

d. *No Rights as a Shareholder.* The Grantee of an Award of Stock Appreciation Rights shall have none of the rights of a shareholder with respect to Stock Appreciation Rights, until and unless shares of Common Stock are actually issued with respect to the Stock Appreciation Rights.

e. *Restrictions and Performance Goals.* Stock Appreciation Rights shall be subject to such restrictions and conditions, if any, as the Committee may impose. Such restrictions and conditions may include forfeiture of rights under the Stock Appreciation Rights upon Grantee's failure to satisfy conditions imposed by the Committee, such as completion of a specified number of years of service with the Employer or any Subsidiary and/or attainment of performance goals that are set forth in the Stock Appreciation Rights Agreement entered into by Grantee in connection with the grant of the Stock Appreciation Right. Prior to granting an Award of Stock Appreciation Rights, the Committee shall: (i) determine the nature, length and starting date of any period that the Grantee must maintain Continuous Status as an Employee before the Stock Appreciation Rights shall Vest; and/or (ii) select the factors to be used to measure performance goals, if any.

f. *Vesting.* Stock Appreciation Rights shall Vest upon the first to occur of the following events: (i) termination of all restrictions and satisfaction of all conditions to Vesting imposed on such Stock Appreciation Rights by the Committee (including, without limitation, attaining any performance goals that are set forth in the related Stock Appreciation Rights Agreement); (ii) death of the Grantee, or (iii) Disability of the Grantee.

g. *Termination of Employment Prior to Vesting of Restricted Stock.* Immediately after a Grantee first ceases to maintain Continuous Status as an Employee, other than because of death or Disability, Stock Appreciation Rights granted to such Grantee that have not Vested prior to such time may no longer Vest, and Grantee shall forfeit all rights (and the Employer shall have no further obligations) with respect to such Stock Appreciation Rights.

h. *Conditions To Issuance of Common Stock With Respect to Stock Appreciation Rights.* No shares of Common Stock shall be issued with respect to Stock Appreciation Rights, unless the issuance and delivery of such shares shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which such shares may then be listed, and shall be further subject to the approval of counsel for the Employer with respect to such compliance.

i. *Tax Compliance.* The Employer, in its sole discretion, may take actions reasonably believed by it to be required to comply with any local, state, or federal tax laws relating to the reporting or withholding of taxes attributable to Stock Appreciation Rights; including, but not limited to, withholding (or causing to be withheld) from any form of compensation or other amount due a Grantee any amount required to be withheld by the Employer under applicable tax laws.

j. *Non-Transferability of Stock Appreciation Rights.* No rights under a Stock Appreciation Right may be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner, other than by will or by the laws of descent or distribution.

k. *Payment.* Notwithstanding any contrary provisions of the Plan, any Stock Appreciation Right that become Vested shall be settled by payment of amounts owned to the Grantee on or before the later of (i) the date that is two and one-half (2 ½) months after the end of the Grantee's first taxable year in which such amounts are no longer subject to a substantial risk of forfeiture, or (ii) the date that is two and one-half (2 ½)

months after the end of the first taxable year of the person for whom the Grantee performed services in which such amounts are no longer subject to a substantial risk of forfeiture.

l. *Merger, Sale of Assets, Etc.* Except as otherwise provided in the Stock Appreciation Rights Agreement, in the event of a merger or other reorganization of the Employer with and into any other corporation with the Employer not surviving (other than a reorganization where the ownership of the surviving company is substantially the same as that of the Employer immediately before the reorganization), or in the event of a proposed sale of all or substantially all of the assets of the Employer, or in the event of a proposed dissolution or liquidation of the Employer, the Committee may, in its sole discretion, elect to (i) waive all conditions to, and accelerate, Vesting of Stock Appreciation Rights (such waiver and acceleration to be effective as of the date of closing of such transaction or at such earlier date as the Committee may fix), or (ii) if the successor corporation in the transaction (or its parent) so agrees, replace the Stock Appreciation Rights with rights that are substantially similar to those represented by the Stock Appreciation Rights.

m. *Other Provisions.* Stock Appreciation Rights Agreements executed under this Plan may contain such other provisions as the Committee shall deem advisable that are not inconsistent with the Plan.

10. Adjustments Upon Changes in Capitalization.

Subject to any required action by the shareholders of the Employer, the number of shares of Common Stock subject to Awards, the number of shares of Common Stock available for grants under additional Awards, the exercise price for shares of Common Stock specified in each outstanding Option, and the value of Common Stock used to determine amounts required to be paid under Restricted Stock Units and Stock Appreciation rights shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split or other subdivision or consolidation of shares, the payment of any stock dividend (but only on the Common Stock) or any other increase or decrease in the number of such shares of Common Stock effected without receipt of consideration by the Employer; provided, however, that conversion of any convertible securities of the Employer shall not be deemed to have been effected without receipt of consideration. The Committee shall make such adjustments and its determination in that respect shall be final, binding and conclusive. No Incentive Stock Option shall be adjusted by the Committee pursuant to this Section 10 in a manner that causes the Incentive Stock Option to fail to continue to qualify as an incentive stock option within the meaning of Code Section 422. Except as otherwise expressly provided in this Section 10, no Grantee shall have any rights by reason of any stock split or other subdivision or consolidation of shares, any payment of a stock dividend, or any other increase or decrease in the number of such shares of Common Stock. Except as otherwise expressly provided in this Section 10, any issuance by the Employer of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect the number of shares or price of Common Stock subject to any Award, and no adjustments in Awards shall be made by reason thereof. The grant of an Award shall not affect in any way the right or power of the Employer to adjust, reclassify, reorganize or change its capital or business structure.

11. Term of the Plan.

The Plan shall become effective on the earlier of the date it is (i) adopted by the Board; or (ii) approved by the shareholders. Revisions and amendments to the Plan requiring the approval of shareholders of the Employer, as described in Section 12, shall be effective when approved by the shareholders. Subject to Section 12, the Plan shall be unlimited in duration. In the event the Plan is terminated as provided in Section 12, it shall remain in effect with respect to any Awards granted under it that are outstanding at the time of such termination. Notwithstanding the foregoing provisions of this Section 11, to the extent required by the Code, no Incentive Stock Option may be granted under the Plan on a date that is more than ten (10) years from the date the Plan (or amendment increasing shares available under the Plan) is adopted or, if earlier, the date the Plan (or amendment increasing shares available under the Plan) is approved by shareholders.

Table of Contents

12. Amendment or Early Termination of the Plan.

a. *Amendment or Early Termination.* The Board may terminate the Plan at any time. The Board may amend the Plan from time to time, and at any time, in such respect as the Board may deem advisable, except that, without proper approval of the shareholders of the Employer, no such revision or amendment shall:

(1) increase the number of shares of Common Stock subject to the Plan, other than in connection with an adjustment under Section 10; or

(2) modify the Plan in a manner that would require shareholder approval under any applicable laws or regulations.

b. *Modification and Amendment of Awards.* Subject to the requirements of Code Section 422 with respect to Incentive Stock Options, and to the terms and conditions of this Plan, the Board or Committee may modify or amend outstanding Awards granted under the Plan. The modification or amendment of outstanding Awards shall not, without the consent of the Grantee, impair or diminish any of his rights or any of the obligations of the Employer under such Award. Except as otherwise provided in this Plan, no outstanding Award shall be terminated without the consent of the Grantee. Unless the Grantee otherwise agrees, any changes or adjustments made to outstanding Incentive Stock Options granted under this Plan shall be prospective only and shall be made in a manner that will not constitute a modification, as defined in Code Section 424(h), and will not cause such Incentive Stock Options to fail to qualify as incentive stock options under Code Section 422.

c. *Re-pricing.* The exercise price of outstanding Options may not be changed, except (i) with the approval of shareholders of the Employer, or (ii) as may be required under Section 10 because of an increase or decrease in the number of issued shares of Common Stock resulting from a stock split or other subdivision or consolidation of shares, the payment of any stock dividend (but only on the Common Stock) or any other increase or decrease in the number of such shares of Common Stock effected without receipt of consideration by the Employer.

13. Nature of Awards.

All Awards represent unfunded and unsecured obligations of the Employer. Any bookkeeping entries maintained by the Employer with respect to Awards are merely for the convenience of the Employer. The Employer is not required to segregate any assets that may at any time represent an Award. No Grantee or other person shall have any rights or interests in any particular assets of the Employer by reason of an Award. A Grantee is a mere general unsecured creditor of the Employer with respect to an Award.

14. Construction of Certain Terms.

The term Section or Sections, as used herein, shall mean a Section or Sections of this Plan, unless otherwise required by the context. The masculine form of words shall include the feminine, and vice-versa, as required by the context.
