SUMMARY OF PROCEDURES

How Proxies Will Be Solicited. The Board of Directors of Columbia Sportswear Company, an Oregon corporation, is soliciting proxies to be used at the annual meeting of shareholders to be held at 3:00 p.m., Pacific Time, on Tuesday, May 24, 2005, at Columbia's headquarters, located at 14375 NW Science Park Drive, Portland, Oregon 97229 for the purposes set forth in the accompanying Notice of Annual Meeting. This proxy statement, the form of proxy and our 2004 Annual Report will be mailed to shareholders on or about April 20, 2005, at our cost. The proxy statement and Annual Report are also available on our website at www.columbia.com and the website of the Securities and Exchange Commission at www.sec.gov. We will request fiduciaries, custodians, brokerage houses and similar parties to forward copies of proxy materials to beneficial owners of the Company's stock and we will reimburse these parties for their reasonable and customary charges for distribution expenses. Proxies will be solicited by use of the mail and the Internet, and our directors, officers and employees may also solicit proxies by telephone, fax or personal contact. No additional compensation will be paid for these services. We have retained W.F. Doring & Co. to assist in the solicitation of proxies from nominees and brokers at an estimated fee of \$3,500 plus related out-of-pocket expenses.

Householding of Proxy Materials. The Securities and Exchange Commission has adopted rules that permit companies and intermediaries to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as "householding," may result in more convenience for security holders and cost savings for companies. A number of brokers with accountholders who are Company shareholders will be householding our proxy materials. If you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or write to us at Columbia Sportswear Company, Attention: Investor Relations, 14375 NW Science Park Drive, Portland, Oregon 97229. If you currently receive multiple copies of the proxy statement and would like to request householding of your communications, please contact your broker.

Who Can Vote. Only shareholders of record at the close of business on March 21, 2005, (the "record date") are entitled to notice of and to vote at the annual meeting or any adjournments of the annual meeting. At the close of business on March 21, 2005, 40,240,304 shares of the Company's Common Stock, the only authorized voting security of the Company, were issued and outstanding.

How You Can Vote. Mark your proxy, sign and date it, and return it in the enclosed postage-paid envelope. To ensure your vote is counted, we must receive your proxy before or at the annual meeting. All of your shares that have been properly voted and not revoked will be voted at the annual meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by your proxy will be voted as recommended by the Board of Directors.

How You Can Revoke Your Proxy or Change Your Vote. You can revoke your proxy at any time before it is voted at the annual meeting by:

Sending written notice of revocation bearing a later date than the date of the proxy to the Secretary;

Table of Contents

Submitting to the Secretary a later-dated proxy relating to the same shares; or

Any written notice revoking a proxy should be sent to Columbia Sportswear Company, Attention: Peter J. Bragdon, 14375 NW Science Park Drive, Portland, Oregon 97229, or hand-delivered to Mr. Bragdon at or before the vote at the annual meeting.

CORPORATE GOVERNANCE

Corporate Governance Guidelines and Independence. The Company's Board of Directors has adopted a Nominating and Corporate Governance Committee Charter that is available for review on our website at www.columbia.com. Under the Company's Nominating and Corporate Governance Committee Charter, which adopts the standards for independence under the NASDAQ National Market listing standards and the Securities and Exchange Commission rules, a majority of the members of the Board of Directors must be independent as determined by the Board of Directors. The Board of Directors has determined that Messrs. Albers, Babson, George, Klenz and Stanton are independent and, accordingly, a majority of our Board of Directors is independent. In addition, all members of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent.

The Company has also adopted a Code of Business Conduct and Ethics that applies to the Company's Chief Executive Officer, Chief Financial Officer, Controller, and all other Company directors, officers and employees. A copy of our Code of Business Conduct and Ethics is available on our website at www.columbia.com.

Communications with Board. Any shareholder who desires to communicate with the Board of Directors, individually or as a group, may do so by writing to the intended member or members of the Board of Directors, c/o Corporate Secretary, Columbia Sportswear Company, 14375 NW Science Park Drive, Portland, Oregon 97229. Communications should be sent by overnight or certified mail, return receipt requested. All communications will be compiled by the Secretary and submitted to the individual director to whom it is addressed.

Communications with the Board of Directors regarding recommendations of individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors must be made in accordance with the Director Nomination Policy described below.

Director Compensation. Each director who is not an employee of the Company receives the following compensation for his or her services as director:

annual compensation of \$30,000;

\$2,000 per Board meeting attended;

\$1,000 per committee meeting attended as a member;

\$2,000 per Compensation Committee or Nominating and Corporate Governance Committee meeting attended as the chairman;

\$4,000 per Audit Committee meeting attended as the chairman;

an annual option to acquire 5,250 shares of Common Stock;

Edgar Filing: COLUMBIA SPORTSWEAR CO - Form DEF 14A

an annual \$2,500 Columbia Sportswear merchandise allowance; and

reasonable out-of-pocket expenses incurred in attending meetings.

Directors are given the opportunity to receive an option grant in lieu of the annual cash compensation. In 2004, three of the six non-employee directors elected to receive an option to acquire 1,130 shares of Common Stock in lieu of the annual \$30,000 cash compensation. All option grants to directors have an exercise price equal to the fair market value of the Company's Common Stock at the time of the grant, vest ratably over thirty-six months beginning the first month following the date of grant, and expire ten years from the date the option was granted. Directors who are employees of the Company receive no separate compensation for their service as directors.

Board Meetings. The Board of Directors met six times in 2004. Four executive sessions of the Board of Directors were held in 2004. Except for Mr. Stanton and Ms. Bany, each director attended at least 75 percent of the total number of meetings of the Board of Directors and of any committee on which he or she served in 2004.

Table of Contents

The Company does not maintain a formal policy regarding director attendance at annual shareholder meetings; however, the Company encourages directors to attend the annual meeting of shareholders. Four directors attended the Company's 2004 annual meeting of shareholders.

Board Committees. The Board of Directors has designated three standing committees. The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee each operate under a written charter that is available for review on our website at www.columbia.com. The current membership of each committee and its principal functions, as well as the number of times it met during fiscal year 2004, are described below.

Audit Committee. The Audit Committee is composed of Messrs. George, Klenz, and Stanton. The Board of Directors has determined that each member of the Audit Committee meets all applicable independence and financial literacy requirements. The Board has also determined that Mr. George is an audit committee financial expert as defined in regulations adopted by the Securities and Exchange Commission. A description of the functions performed by the Audit Committee and Audit Committee activity is set forth below in Report of the Audit Committee. The Audit Committee met four times in 2004.

Compensation Committee. The Compensation Committee is composed of Messrs. Albers, Babson and Klenz. The Compensation Committee determines compensation for the Company's executive officers and administers the Company's 1997 Stock Incentive Plan, the 1999 Employee Stock Purchase Plan, and the Executive Incentive Compensation Plan. For additional information about the Compensation Committee, see Compensation Committee Report on Executive Compensation, set forth below. The Compensation Committee met six times in 2004.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is composed of Messrs. Babson, Albers, and George. All members of the Nominating and Corporate Governance Committee have been determined to be independent by the Board of Directors in accordance with the NASDAQ National Market listing standards. The Nominating and Corporate Governance Committee develops and recommends corporate governance guidelines and standards for business conduct and ethics, identifies individuals qualified to become Board members, and makes recommendations regarding nominations for director. The Nominating and Corporate Governance Committee will consider individuals recommended by shareholders for nomination as director in accordance with the procedures described under Director Nomination Policy below. The Nominating and Corporate Governance Committee also oversees the annual self-evaluations of the Board and its committees and makes recommendations concerning the size, structure, composition and membership of the Board of Directors and its committees. The Nominating and Corporate Governance Committee met four times in 2004.

Director Nomination Policy. Shareholders may recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors by submitting a written recommendation to the Nominating and Corporate Governance Committee c/o Corporate Secretary, Columbia Sportswear Company, 14375 NW Science Park Drive, Portland, Oregon 97229. Communications should be sent by overnight or certified mail, return receipt requested. Submissions must include sufficient biographical information concerning the recommended individual, including age, five-year employment history with employer names and a description of the employer's business, whether the individual can read and understand financial statements, and board memberships, if any, for the Nominating and Corporate Governance Committee to consider. The submission must be accompanied by a written consent of the individual to stand for election if nominated by the Board and to serve if elected by the shareholders. Recommendations received by December 31, 2005 will be considered for nomination at the 2006 Annual Meeting of Shareholders. Recommendations received after December 31, 2005 will be considered for nomination at the 2007 Annual Meeting of Shareholders.

Following the identification of the director candidates, the Nominating and Corporate Governance Committee meets to discuss and consider each candidate's qualifications and determines by majority vote the

Table of Contents

candidate(s) who the Nominating and Corporate Governance Committee believes would best serve the Company. In evaluating director candidates, the Nominating and Corporate Governance Committee considers a variety of factors, including the composition of the Board as a whole, the characteristics (including independence, diversity, age, skills and experience) of each candidate, and the performance and continued tenure of incumbent Board members. The Committee believes that candidates for director should possess high ethical character, business experience with high accomplishment in his or her respective field, the ability to read and understand financial statements, relevant expertise and experience, and the ability to exercise sound business judgment. They must also be over 21 years of age. In addition, the Committee believes at least one member of the Board should meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board should meet the definition of independent director under the NASDAQ National Market listing standards. The Committee also believes key members of the Company's management should participate as members of the Board.

Certain Relationships and Related Transactions. B2 Flight LLC, a limited liability company wholly owned by Timothy P. Boyle and his wife, leases its Hawker aircraft to the Company for business use at a price comparable to commercial airfare for each business traveler. In addition, the Company contracts with Global Aviation, Inc., an unrelated party, for flight crew services; the fee that the Company pays to Global Aviation, Inc. partially offsets the minimum monthly fee that B2 Flight LLC owes to Global Aviation, Inc. for its own flight crew services. In 2004, the Company paid B2 Flight LLC \$119,489 for use of the aircraft, and paid Global Aviation, Inc. \$60,300 for flight crew services. The Company believes that these transactions were on terms as fair to the Company as those that would have been available in arm's-length negotiations.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors, and persons who own more than 10% of the Common Stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors, and beneficial owners of more than 10% of the Common Stock are required to furnish the Company copies of all section 16(a) reports they file. Based solely on a review of reports received by the Company and on written representations from reporting persons regarding compliance, the Company believes that all section 16(a) transactions were reported on a timely basis, except that one report of a gift of shares was filed late by Mr. Stanton.

Table of Contents**REPORT OF THE AUDIT COMMITTEE ¹**

The Audit Committee's role is to provide governance, guidance, and oversight regarding financial information provided by the Company to the public or governmental bodies, the Company's systems of internal controls, and the Company's auditing, accounting, and financial reporting processes in general. The Audit Committee regularly meets with management and the Company's independent auditors, Deloitte & Touche LLP, to discuss, among other things, the preparation of financial statements, including key accounting and reporting issues. In considering the nature of the services provided by Deloitte & Touche LLP, the Audit Committee determined that these services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte & Touche LLP and Company management to determine whether or not they are permitted under the rules and regulations concerning auditor independence promulgated by the Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy. All of the services performed by Deloitte & Touche LLP in 2004 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax, and other services (collectively, the Disclosure Categories) that the independent auditors may perform. The policy requires that, prior to the beginning of each fiscal year following adoption of the policy, a description of the services (the Service List) expected to be performed by the independent auditors in each of the Disclosure Categories in the following fiscal year be presented to the Audit Committee for approval. Services provided by the independent auditors during the following year that were included in the Service List were pre-approved following the policies and procedures of the Audit Committee.

Any requests for audit, audit-related, tax, and other services not contemplated on the Service List must be submitted to the Audit Committee for specific pre-approval and cannot commence until approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings; however, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman updates the Audit Committee at the next regularly scheduled meeting of any services for which he granted specific pre-approval.

Based on the Audit Committee's review and the meetings, discussions and reports described above, and subject to the limitations of the Audit Committee's role and responsibilities referred to above and in the Audit Committee charter, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements for the year ended December 31, 2004, be included in the Company's Annual Report on Form 10-K.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee makes recommendations to the Board of Directors regarding compensation for the executive officers of the Company, and administers the executive compensation plans, the Company's Employee Stock Purchase Plan and the Company's stock incentive plan, from which stock options are granted periodically to executive officers and other employees of the Company.

Compensation Principles and Philosophy

The Compensation Committee believes that leadership and motivation of the Company's executives are critical to the long-term success of the Company. In support of this philosophy, the Company has adopted an executive compensation policy in which the primary objectives are to provide a total compensation package that:

will allow it to attract and retain key executive officers who are primarily responsible for the long-term success of the Company;

takes into consideration the compensation practices of comparable companies with whom the Company competes for executive talent; and

will motivate executives to maximize shareholder returns by achieving both short- and long-term Company goals.

The Compensation Committee maintains the philosophy that compensation of the Company's executives should be directly linked to the financial performance of the Company as well as to each executive's individual contribution. In determining competitive compensation levels, the Compensation Committee has engaged independent compensation consultants to analyze all components of executive compensation, including base salaries, stock options, perquisites, and other personal benefits, for executive officers at comparable companies. In the process of reviewing each component of the total compensation package, separately and in the aggregate, the Compensation Committee considered the relationships between various levels of executive compensation within the Company, including in particular the relative difference between the Chief Executive Officer's compensation and the compensation of the Company's other executive officers. The Company's executive salaries increased an average of 3.3 percent from 2003 to 2004, falling slightly above the 50th percentile of comparable companies.

The Compensation Committee continues to place emphasis on aligning compensation with Company performance by maintaining the proportion of executive pay that is at risk, offering increased rewards for strong Company and individual performance and reduced returns if performance expectations are not met.

The total compensation package includes a base salary, bonuses, periodic stock option grants, as well as a 401(k) plan with a Company match, and a Company profit sharing plan.

Compensation Elements

Edgar Filing: COLUMBIA SPORTSWEAR CO - Form DEF 14A

The Company's executive compensation program consists of several elements, all determined by individual performance and Company profitability, except for stock option grants that are intended to correlate compensation to stock price performance.

Base Salary Compensation

Base salaries for the Chief Executive Officer and other select executive officers have been established by reviewing a number of factors, including responsibilities, experience, demonstrated performance and potential for future contributions. The Compensation Committee also takes into account competitive factors, including the level of salaries associated with similar positions at businesses that compete with the Company.

Table of Contents

Annual Incentive Compensation

In 1999, the Board of Directors and shareholders approved the Executive Incentive Compensation Plan. The Executive Incentive Compensation Plan was re-approved by shareholders at the 2004 annual meeting of shareholders. Under the Executive Incentive Compensation Plan, the Compensation Committee establishes Company performance goals, which may include Company revenues or earnings or other Company benchmarks, within 90 days of the beginning of the calendar year. Cash bonuses for eligible executive officers are determined by the extent to which the Company attains the established goals and by an assessment of each executive officer's performance during the year. In each case, the target bonus will be a percentage of the executive's base salary. Bonuses may exceed the target by a predetermined amount if Company performance goals are exceeded and if the executive's performance meets or exceeds the Compensation Committee's expectations. An executive may also receive no bonus for the year if less than a predetermined percentage of a Company performance goal is met or if the executive's performance does not meet the Compensation Committee's expectations. Although the Executive Incentive Compensation Plan requires that Company performance goals and target bonuses be established in the first quarter of the year in order to comply with Section 162(m) of the Internal Revenue Code, the Compensation Committee may exercise discretion by reducing bonuses from a preset amount. For example, if Company performance would result in a maximum bonus, but individual performance does not meet the Compensation Committee's standards, the Compensation Committee could exercise discretion by reducing the bonus amount. Under the Executive Incentive Compensation Plan, the Compensation Committee established a performance goal for the Company for 2004 based on pre-tax income. The Company exceeded its performance goals for fiscal 2004 and each Executive Officer received a cash bonus.

Stock Options

Options provide executives with the opportunity to buy and maintain an equity interest in the Company and to share in the appreciation of the value of the stock. They also provide a long-term incentive for the executive to remain with the Company and promote shareholder returns. The Company has made periodic stock option grants under the 1997 Stock Incentive Plan to most executive officers. The Company to date has not granted stock options to Timothy P. Boyle or Gertrude Boyle, each of whom has a substantial ownership interest in the Company, which provides a long-term performance incentive.

The Compensation Committee grants annual stock option awards to selected executives and other select employees. The number of shares in each award will depend on factors such as the level of base pay and individual performance. Stock options are awarded with an exercise price equal to the fair market value of the Company's Common Stock at the time of the grant. Options granted in 2004 expire ten years after the option was granted and vest over a period of four years. The options only have value to the recipients if the price of the Company's stock appreciates after the options are granted.

Other Benefits

The Company has a 401(k) profit-sharing plan, which covers substantially all employees in the United States with more than ninety days of service. The Company has historically made discretionary matching and non-matching contributions, with the non-matching contributions made in the form of profit sharing. All contributions to the plan are determined by the Board of Directors. In addition, executive officers, other than Timothy P. Boyle and Gertrude Boyle, are eligible to participate in the Company's 1999 Employee Stock Purchase Plan.

Other benefits that are offered to key executives are largely those that are offered to the general employee population, with some variation. In general, these variations are designed to provide key executives a safety net of protection against the financial catastrophes that can result from illness or disability.

Table of Contents

Chief Executive Officer Compensation

The Compensation Committee determined the compensation for the Chief Executive Officer based on a number of factors. Mr. Boyle's base salary was determined after a review of his experience, performance and an evaluation of comparable positions at other companies. Under the Executive Incentive Compensation Plan total compensation for Mr. Boyle is tied to the overall financial performance of the Company. For 2004, Mr. Boyle was eligible to receive as a bonus between 30 percent and 220 percent of his base salary, depending on the Company achieving between 85 and 130 percent of predetermined financial goals. The Company exceeded 100 percent of the financial goals, and Mr. Boyle received a bonus of \$903,700, or 129 percent of his annual base salary. Mr. Boyle's 2005 base salary is \$720,000, an increase of \$20,000 from 2004, and was established by the Compensation Committee after a review of a commissioned survey of executive salaries across related industries as well as in the same geographic region. In 2005, Mr. Boyle is again eligible for a performance-based bonus of between 30 percent and 220 percent of his base salary, depending on his performance and on the Company achieving between 85 percent and 130 percent of pre-set financial goals. If the Company's performance is below 85 percent of the financial goals, Mr. Boyle will receive no bonus under the Executive Incentive Compensation Plan. Because of Mr. Boyle's substantial ownership interest in the Company, the Compensation Committee believes he has an effective long-term incentive tied directly to shareholder return.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits to \$1,000,000 per person the amount that the Company can deduct for compensation paid to the Company's Chief Executive Officer and four highest compensated officers (other than the Chief Executive Officer) in any year. Depending on individual and Company performance, total compensation for some of these executives may be greater than \$1,000,000. The limit on deductibility, however, does not apply to performance-based compensation that meets specified requirements. The Company's current policy is generally to grant stock options that meet those requirements so that option compensation recognized by an optionee will be fully deductible by the Company. Similarly, the Executive Incentive Compensation Plan is intended to provide for fully deductible performance-based compensation.
