ELECTION OF DIRECTORS

(Proposal 1 on the Proxy Card)

The Company recommends that the shareholders elect as directors the seven director-nominees named below to a term expiring in 2008. The Company's Amended and Restated Articles of Incorporation provide that the number of directors which shall constitute the entire board shall be fixed from time to time by resolutions adopted by the board, but shall not be less than six nor more than twenty-five persons. The board has fixed the number of directors at twenty-two. Directors are elected for three year terms in three classes consisting of an equal number of directors in each class as is practicable.

Proxies cannot be voted for a number of directors greater than seven.

If, prior to the voting at the annual meeting, any person to be elected a director is unable to serve or for good cause cannot serve, the shares represented by all valid proxies may be voted for the election of such substitute as the members of the Board of Directors may recommend. Company management knows of no reason why any person would be unable to serve as a director.

Assuming a quorum is present at the meeting, a plurality of the votes cast will be sufficient to elect the directors. On the proxy card, voting for directors is Proposal 1.

The following table provides certain biographical information about the director-nominees to be elected for terms expiring in 2008 and the remaining directors whose terms expire in 2007 and 2006. Executive officers serve at the discretion of the Board of Directors.

[The remainder of this page intentionally left blank]

Committees

The Compensation Committee consists of Daniel M. Scarbrough, chairman, and R. J. Billingsley, Jr., James D. Campbell, Charles S. Isler, III, James R. Owen, Jr. and George W. Skipper, III. This committee will evaluate the performance of the chief executive officer as well as other management personnel, regarding the adequacy of compensation and benefit plans, and make recommendations to the board regarding the foregoing. In 2004, the Compensation Committee engaged an outside national consulting firm specializing in corporate compensation and benefits to evaluate and make recommendations regarding the Company's total compensation and benefits for executive officers of the Company and its subsidiaries. This committee met four times in 2004. All directors, with the exception of director Billingsley, who serve as members of the Company's Compensation Committee attended 75% or more of the committee meetings held during 2004.

The Company does not have a separate standing nominating committee. It has been the view of the Board of Directors, that without circumstances justifying such action, it is in the best interest of the Company not to delegate these responsibilities to a standing board committee. While the Company has not developed any written policies and procedures with regard to shareholder nominations, the Board of Directors will consider recommendations for director nominees from shareholders. With respect to the minimum qualifications for director candidates, the Board of Directors will consider individuals who have demonstrated integrity, are respected within their industry and communities, active in civic affairs and interested in contributing to the growth and success of the Company. Shareholder nominations for directors should be submitted to the Chairman of the Board in sufficient time prior to the meeting at which a vote is expected to be held so the Board of Directors will have a reasonable time to consider the candidate for inclusion in the voting.

Except as may be otherwise required by law and as set forth under Proposals of Shareholders, the Company has no formal process for shareholders to send communications to the Board of Directors. However, the board does not discourage such communications, and the Company's proxy statement and annual report on Form 10-KSB have references to the Company's address, telephone number and names of executive officers and directors. Accordingly, the board believes no formal policy on this matter is necessary.

There is an Audit Committee of the Board of Directors presently consisting of Patrick Willingham, chairman, and Gordon Barnhill, Julian Brackin, Rick A. Phillips, Daniel M. Scarbrough, Jerry F. Sowell, Jr., J. Douglas Warren, and Royce T. Winborne. Except for Mr. Sowell, each member of the audit committee is a non-employee, outside director, and is independent under the provisions of the Sarbanes-Oxley Act of 2002 and within the meaning of Rules 4200(a)(15) and 4350(d)(2) of the National Association of Securities Dealers. Mr. Willingham, is an audit committee financial expert as defined under regulations of the Securities and Exchange Commission. Mr. Jerry F. Sowell, Jr., age 46, who is not a director of the Company, is a director and chairman of the Audit Committee for Vision Florida and is a practicing certified public accountant with the accounting firm of Segers, Sowell, Stewart and Johnson, PA. The audit committee's

responsibilities are to assist the Board of Directors in fulfilling its responsibilities relating to the Company's internal controls and corporate accounting and reporting practices. A report of the audit committee is contained below at Audit Committee Report . The audit committee met three times during 2004. All directors, with the exception of directors Barnhill, Brackin, Scarbrough and Sowell, who serve as members of the Company's Audit Committee attended 75% or more of the Audit Committee meeting held during 2004.

The Board of Directors has adopted a written charter for the Audit Committee and that charter is included as Appendix A to this proxy statement.

In addition, all directors and executive officers, as disclosed in the "Security Ownership of Management" section of this proxy statement, failed to file timely reports on Form 4 with regard to stock options granted on January 31, 2005 under the Company's Incentive Stock Option Plan and Director Stock Option Plan. The plans call for certain amounts payable at retirement, death or disability. The estimated present value of the deferred compensation is being accrued over the expected service period. Accrued deferred compensation of \$84,000 at December 31, 2004 is included in other liabilities. Aggregate compensation expense under the plans was \$84,000 for 2004 and is included in salary and benefit expenses.

Vision Alabama has also entered into an arrangement with one of its executive officers whereby future salary increases are being deferred and earning interest at a rate indexed to the Wall Street Prime rate. This arrangement calls for amounts to be payable once the executive reaches his sixtieth (60th) birthday or ceases to serve as an executive officer of the bank, whichever occurs later. However, no payments under this arrangement will extend beyond the executive's seventy-fifth (75th) birthday. Accrued deferred amounts of \$41,000 and \$13,000 at December 31, 2004 and 2003, respectively are included in other liabilities. AMENDMENT TO THE AMENDED AND RESTATED

INCENTIVE STOCK OPTION PLAN

(Proposal 2 on the Proxy Card)

The Board of Directors unanimously recommends approval of the amendment to the Company's Amended and Restated Incentive Stock Option Plan.

The Board of Directors has approved and recommends to shareholders an increase in the shares of common stock available under this plan from 450,000 shares to 500,000 shares.

The Board of Directors of Vision Bancshares adopted an Incentive Stock Option Plan on March 29, 2000. The directors believe an incentive program is important asset in attracting and retaining qualified personnel and motivating their efforts on behalf of Vision Alabama and Vision Florida and their interests.

The following discussion outlines some of the essential features of this plan, but is qualified in its entirety by reference to the full text of the plan which was filed as Exhibit 10.1 to the Company's Registration Statement on Form SB-2 (File Number 333-88073) dated September 29, 1999 and will be available at the meeting.

All key employees of Vision Alabama and Vision Florida are eligible to participate in this plan. The selection of participants is entirely within the discretion of the stock option plan committee which is comprised of at least two or more members of the Board of Directors of Vision Bancshares. The committee has the exclusive right, subject to the provisions of the plan, to interpret its provisions and to prescribe, amend and rescind rules and regulations for the plan's administration.

This plan currently provides for the issuance of up to 450,000 shares pursuant to stock options. Because Vision Bancshares and its subsidiary banks have grown and the number of employees covered by this plan has increased significantly since its adoption and future increases are anticipated, the board believes it is appropriate to increase the number of shares available under this plan to 500,000 shares.

For incentive stock options qualified as such under section 422(a) of the Internal Revenue Code of 1986, the aggregate value of the shares for which an employee may be granted options in any year cannot exceed \$100,000, measured by the fair market value at the date of grant, plus any unused carry over of this annual limitation. The price of the option cannot be less than 100% of the fair market value of the shares on the date the option is granted, except as to persons who hold more than 10% of the voting power of Vision Bancshares, in which case the option price cannot be less than 110% of fair market value.

No option may be exercised more than ten years after it is granted. An option becomes exercisable, subject to the foregoing limitation, any time after it is granted unless vesting requirements are imposed with the grant. An option must be exercised within 90 days of retirement, and within 90 days of other termination from Vision Bancshares, Vision Alabama or Vision Florida. All vesting requirements on options may be waived if there is a change of control, or potential change of control of Vision Bancshares.

As of April 15, 2005, options granted by the committee to those individuals considered executive officers of the Company were as follows: i) Mr. J. Daniel Sizemore, Chairman and CEO of the Company, a total of 191,000 shares subject to option, of which 90,000 shares are exercisable at \$5.00 per share, 85,000 shares are exercisable at \$7.50 per share, 8,000 shares are exercisable at \$9.00 per share and 8,000 shares are exercisable at \$13.88 per share; ii) Mr. William E. Blackmon, Chief Financial Officer of the Company, a total of 25,000 shares subject to option, of which 15,000 are exercisable at \$7.50 per share, 5,000 shares are exercisable at \$9.00 per share and 5,000 shares are exercisable at \$13.88 per share; iii) Mr. Robert S. McKean, President of Vision Alabama a total of 50,000 shares subject to option, of which 10,000 shares are exercisable at \$5.00 per share, 30,000 shares are exercisable at \$7.50 per share, 5,000 shares are exercisable at \$9.00 per share and 5,000 shares are exercisable at \$13.88 per share; and iv) Mr. Joey W. Ginn, President of Vision Florida, a total of 40,000 shares subject to option, of which 30,000 shares are exercisable at \$7.50 per share, 5,000 shares are exercisable at \$9.00 per share and 5,000 shares are exercisable at \$13.88 per share. The committee has also granted options, as of April 15, 2005, to other officers of Vision Alabama and Vision Florida totaling 144,000 shares. Of these shares subject to option, 20,000 shares are exercisable at \$5.00 per share, 54,000 shares are exercisable at \$7.50 per share, 20,000 shares are exercisable at \$7.88 per share, 19,000 shares are exercisable at \$9.00 per share and 31,000 shares are exercisable at \$13.88 per share. All numbers have been adjusted for the stock split for the shareholders of record as of April 15, 2005.

The plan also provides that notwithstanding any other provision in the plan or any agreement under the plan, Vision Bancshares' s primary regulator shall at any time have the right to require any holder of options to exercise such options or forfeit options not exercised if Vision Bancshares' s capital falls below minimum capital required by Vision Bancshares' s primary regulator.

AMENDMENT TO THE AMENDED AND RESTATED

EMPLOYEE STOCK PURCHASE PLAN

(Proposal 3 on the Proxy Card)

The Board of Directors unanimously recommends approval of amendment to the Company's Amended and Restated Employee Stock Purchase Plan.

The Board of Directors has approved and recommends to shareholders an increase in the shares of common stock available under this plan from 30,000 shares to 45,000 shares.

The Board of Directors of Vision Bancshares adopted an Employee Stock Purchase Plan on March 29, 2000. The directors believe that it is important to provide employees with an opportunity to participate in the ownership of the Company. The directors also believe the Employee Stock Purchase Plan is a valuable incentive in attracting and retaining qualified personnel and motivating their efforts on behalf of Vision Alabama and Vision Florida and their interests.

The following discussion outlines some of the essential features of this plan, but is qualified in its entirety by reference to the full text of the plan which was filed as Exhibit 10.3 to the Company's Registration Statement on Form SB-2 (File Number 333-88073) dated September 29, 1999 and will be available at the meeting.

Generally, employees of Vision Alabama and Vision Florida who have been employed on a full time basis for at least three months are eligible to participate in this plan. The plan is administered by a committee which is comprised of at least two members selected by the Board of Directors of Vision Bancshares. The committee has full authority, subject to the provisions of the plan, to make and interpret such equitable rules and regulations deemed advisable for the plan's administration.

This plan currently provides for the issuance of up to 30,000 shares pursuant to the Employee Stock Purchase Plan. Because the number of employees covered by this plan has increased significantly since its adoption and future increases are anticipated, the board believes it is appropriate to increase the number of shares available under this plan to 45,000 shares.

Under this plan, eligible employees have the opportunity to subscribe to purchase shares in a series of offerings occurring at six-month intervals. Each offering period is for fifteen days. To subscribe to purchase shares, an employee must sign a subscription agreement specifying the number of shares he or she will purchase. Eligible employees are permitted to subscribe for a minimum of 10 shares and a maximum of 50 shares during any one offering period. An employee may subscribe to purchase stock in more than one offering period.

The purchase price per share of stock offered under this plan is 85% of the then fair market value of the stock on the date offered as determined by the Board of Directors. Each employee who

subscribes to purchase shares during an offering period may pay the full purchase price in cash or may pay through payroll deductions in equal regular installments, at least monthly, over a period of up to 12 calendar months.

For employee stock purchase plans qualified as such under section 423 of the Internal Revenue Code of 1986, no employee is permitted to subscribe for any shares under the plan, if immediately after subscribing the employee owns 5% or more of the total combined voting power or value of all classes of shares of stock of the Company as determined under the rules of Section 424(d) of the Internal Revenue Code of 1986. In addition, no employee may subscribe to purchase shares under the Employee Stock Purchase Plan if doing so would permit the employee to purchase shares under all stock purchase plans of the Company to accrue at a rate which exceeds \$25,000 of the fair market value of such shares (determined at the time the subscription agreement is entered into) for each calendar year in which such right to subscribe is outstanding at any time.

As of April 15, 2005, 1,500 shares were issued under this plan at a purchase price of \$4.25 per share, 8,060 shares were issued under this plan at a purchase price of \$6.38 per share, 4,020 shares were issued under this plan at a purchase price of \$6.50 per share, 3,300 shares were issued under the plan at a purchased price of \$7.50 per share, 1,930 shares were issued under the plan at a purchase price of \$8.05 per share and 1,330 shares were issued under the plan at a purchase price of \$10.05. The total subscription liability under this plan as of April 15, 2005 for all covered employees totaled 100 shares at a purchase price of \$7.50, 2,330 shares at a purchase price of \$8.05 per share and 3,840 shares at a purchase price of \$10.05 per share. All numbers have been adjusted for the stock split for the shareholders of record as of April 15, 2005.
