**Trend Micro Announces Revision of Forecasts of Consolidated Financial Results for the
Second Quarter of Fiscal Year Ending December 31, 2005**

Tokyo, Japan July 14, 2005 - Trend Micro (TSE: 4704; Nasdaq: TMIC), a leader in network antivirus and Internet content security software and services, today announced that the forecast of financial results for the second quarter of the fiscal year ending December 31, 2005, which were announced on April 21, 2005, has been revised as set forth below:

1. Revision of forecast of financial results for the second quarter of FY2005 (U.S. GAAP) (April 1, 2005 to June 30, 2005)

	<u>Net Sales</u>	<u>Operating Income</u>	<u>Net Income</u>
	(in millions of yen)		
Forecast previously published (A)	17,500	7,000	4,200
Revision made (B)	17,000	5,500	3,500
Difference (B-A)	-500	-1,500	-700
Ratio of increase or decrease	-2.9%	-21.4%	-16.7%

2. Reason for Revision

The Company has considered the effect of the April 23rd virus pattern file incident on SGA and sales of the Company's products in Japan and has made downward revisions on its projections. The cost effect of this incident is 903 million yen as of the end of June.

As a result of this revision, compared to the previous forecast, there is a decrease of 2.9% in Net Sales and a decrease of 21.4% and 16.7% in Operating Income and Net Income, respectively.

Notice Regarding Forward Looking Statements

Certain statements that we make in this release are forward-looking statements. These forward-looking statements are based upon management's current assumptions and beliefs in light of the information currently available to it, but involve known and unknown risks and uncertainties.

Many important factors could cause our actual results to differ materially from those expressed in our forward-looking statements. These factors include:

Difficulties in addressing new virus and other computer security problems;

Timing of new product introductions and lack of market acceptance for our new products;

Edgar Filing: TREND MICRO INC - Form 6-K

The level of continuing demand for, and timing of sales of our existing products;

Rapid technological change within the anti-virus software industry;

Changes in customer needs for anti-virus software;

Existing products and new product introductions by our competitors and the pricing of those products;

Declining prices for our products and services;

The effect of future acquisitions on our financial condition and results of operations;

The effect of adverse economic trends on our principal markets;

The effect of foreign exchange fluctuations on our results of operations;

An increase in the incidence of product returns;
