Mailed December 26, 2005

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD JANUARY 30, 2006

This Proxy Statement is furnished on December 26, 2005, in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of RGC Resources, Inc. (Resources or the Company) to be held on Monday, January 30, 2006, at 9:00 a.m., Eastern Standard Time, at the Clarion Hotel, 3315 Ordway Drive, Roanoke, Virginia 24017, and any adjournments thereof.

Proxies in the form enclosed herewith are solicited by management at the direction of the Company's Board of Directors. If the enclosed proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with its terms. Any proxy given pursuant to this solicitation may be revoked at any time prior to the vote of the shareholders. An opportunity will be given to shareholders attending the meeting to withdraw their proxies and to vote their shares in person.

The Company's Annual Report to Shareholders for the year ended September 30, 2005 is being sent to all shareholders concurrently with this Proxy Statement. The Annual Report is not to be considered a part of the proxy solicitation material.

Voting Securities

The close of business on November 21, 2005 has been fixed as the record date for the determination of shareholders of the Company entitled to notice of and to vote at the Annual Meeting of Shareholders. At the close of the record date, there were 2,105,539 shares of common stock outstanding and each such share is entitled to one vote. To the Company's knowledge, no person is the beneficial owner of more than five percent of the issued and outstanding common stock of the Company.

A majority of votes entitled to be cast on matters to be considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for purposes of establishing a quorum. Abstentions and shares held of record by a broker or its nominee (Broker Shares) that are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. Conversely, Broker Shares that are not voted on any matter will not be included in determining whether a quorum is present. If a quorum is established, directors will be elected by a plurality of the votes cast by shares entitled to vote at the Annual Meeting. Votes that are withheld and Broker Shares that are not voted in the election of directors will not be included in determining the number of votes cast.

The Company will appoint one or more inspectors to act as a Committee on Credentials at the Annual Meeting and to make a written report thereof. The inspectors will ascertain the number of shares outstanding and the voting power of each, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties as required by law. As a matter of policy, proxies, ballots and voting tabulations that identify individual shareholders are kept private by the Company. Such documents are

Edgar Filing: RGC RESOURCES INC - Form DEF 14A

available for examination only by the inspectors of election and certain personnel associated with processing proxy cards and tabulating votes. The vote of any shareholder is not disclosed except as may be necessary to meet legal requirements.

PROPOSAL 1 ELECTION OF DIRECTORS OF RESOURCES

The Company's Board of Directors is divided into three classes (A, B, and C) with staggered three-year terms. The current term of office of the Class C directors expires at the 2006 Annual Meeting. The terms of the Class A and Class B directors will expire in 2007 and 2008, respectively. Each of the Company's current directors and nominees for election as directors are independent, as determined under applicable rules adopted by the Securities and Exchange Commission (the "Commission") and the NASDAQ Stock Market, Inc., except John B. Williamson, III.

There are three management nominees for Class C directors: Frank T. Ellett, Maryellen F. Goodlatte, and George W. Logan. All three nominees are currently serving on the Board and are all standing for reelection.

Unless authorization is withheld, the persons named as proxies will vote for the election of the nominees named below. Each nominee has agreed to serve if elected. In the event any nominee unexpectedly is unable to serve, the proxies will be voted for such other persons as the Board may designate. The present principal occupation and employment during the past five years and the office, if any, held with the Company are set forth opposite the name of each nominee and director. Proxies cannot be voted for a greater number of persons than the number of nominees:

Your Board of Directors recommends a vote FOR each of the nominees for Class C Director.

PROPOSAL 2 RATIFICATION OF BROWN EDWARDS & COMPANY, L.L.P AS

INDEPENDENT AUDITORS

Upon recommendation of the Audit Committee, the Board of Directors has appointed Brown Edwards & Company, L.L.P. (Brown Edwards) as independent public accountants to audit the financial statements of the Company and its subsidiaries for the year ending September 30, 2006. This appointment is subject to ratification by the shareholders. A representative of Brown Edwards is expected to attend the meeting with the opportunity to make a statement and/or respond to appropriate questions from shareholders. Brown Edwards served as internal auditors of the Company during fiscal year 2005.

In the event shareholders do not ratify the selection of Brown Edwards as independent auditors, the Audit Committee and the Board of Directors would review their future selection of auditors.

On November 16, 2005, the Audit Committee of the Board of Directors of the Company engaged Brown Edwards as the Company's new independent accountants to replace Deloitte & Touche LLP (Deloitte & Touche). In August 2005, the Audit Committee decided to solicit proposals from independent accounting firms, including Deloitte & Touche, for the audit of its annual financial statements beginning with the fiscal year ending September 30, 2006. After reviewing these proposals, the Audit Committee voted to dismiss Deloitte & Touche after the completion of the September 30, 2005 audit and to engage Brown Edwards as the Company's new independent accountants beginning with the first quarter for the fiscal year beginning October 1, 2005, and ending September 30, 2006.

The reports of Deloitte & Touche on the consolidated financial statements of the Company for the fiscal years ended September 30, 2005 and 2004 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In addition, during the fiscal years ended September 30, 2005 and 2004 and the period from October 1, 2005 through November 16, 2005, there have been no disagreements, as that term is defined in Item 304 of Regulation S-K and its related instructions, with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference thereto in its report on our consolidated financial statements. During the same period, there have been no reportable events, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

During the last two fiscal years, as well as during the interim period from October 1, 2005 through November 16, 2005, the Company has not consulted with Brown Edwards regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304 and its related instructions, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Your Board of Directors recommends a vote FOR the ratification of Brown Edwards as independent auditors.

Retirement Plan

Resources has in effect a noncontributory Retirement Plan. The costs of benefits under the Plan, which are borne by Resources, are computed actuarially and defrayed by earnings from the Plan's investments and/or Resources' annual contributions. The Plan generally provides for the monthly payment, at normal retirement age 65, of the greater of (a) the participant's accrued benefit as of December 31, 1988 under the formula then in effect or (b) the sum of one-twelfth of (1) plus (2) minus (3) as follows:

- (1) 1.2% of the participant's average compensation for his highest consecutive sixty months of service multiplied by years of credited service up to thirty years,
- (2) 0.65% of the participant's average compensation for his highest consecutive sixty months of service in excess of covered compensation (generally defined as the average of Social Security wage bases over a participant's assumed working lifetime) multiplied by years of credited service up to thirty years, and
- (3) the participant's balance, if any, from the Company's former profit sharing plan.

Early retirement with reduced monthly benefits is available at age 55 after ten years' service. Provisions also are made for vesting of benefits after five years of service and for disability and death benefits. All employees who have completed one year of service to the Company and are

Edgar Filing: RGC RESOURCES INC - Form DEF 14A

credited with at least 1,000 hours of service in a Plan year are eligible to participate in the Plan. At age 65, for Plan purposes, Mr. Williamson will have 28 credited years of service, Mr. D Orazio will have 32 credited years of service, Mr. Lyon will have 39 credited years of service and Ms. Moore will have 23 credited years of service.

The compensation covered by the Plan includes the total of all amounts paid to a participant by the Company for personal services reported on the participant's federal income tax withholding statement (Form W-2), up to certain statutory limits. For plan years beginning January 1, 2005 and 2006, these earnings are limited to \$210,000 and \$220,000, respectively.

⁽¹⁾ The benefit amounts assume the employee is retiring at normal retirement age (age 65). The benefit amounts listed in the table are computed as a straight life annuity. No offset to pension benefits due to the Profit-Sharing Plan (which has been converted into the 401(k) Plan) is reflected. Benefits are not reduced by Social Security.

Securities Authorized for Issuance Under Equity Compensation Plans

The Company has three equity compensation plans.

Restricted Stock Plan for Outside Directors

The Board of Directors of the Company implemented the Restricted Stock Plan for Outside Directors effective January 27, 1997. This Plan is applicable to not more than 50,000 shares of RGC Resources' common stock.

Under this Plan, a minimum of 40 percent of the monthly retainer fee paid to each non-employee director of RGC Resources is paid in shares of common stock (Restricted Stock). The number of shares of Restricted Stock is calculated each month based on the closing sales price of Resources' common stock on the NASDAQ National Market on the first business day of the month. Beginning in fiscal 1998, a participant can, subject to approval of the Board, elect to receive up to 100% of his retainer fee for the fiscal year in Restricted Stock. Such election cannot be revoked or amended during the fiscal year.

The shares of Restricted Stock of Resources issued under this Plan will vest only in the case of a participant's death, disability, retirement (including not standing for reelection to the Board), or in the event of a change in control of Resources. There is no option to take cash in lieu of stock upon vesting of shares under this Plan. The Restricted Stock may not be sold, transferred, assigned or pledged by the participant until the shares have vested under the terms of this Plan. At the time the Restricted Stock vests, a certificate for vested shares will be delivered to the participant or the participant's beneficiary.

The shares of Restricted Stock will be forfeited to Resources by a participant's voluntary resignation during his term on the Board or removal for cause as a director.

Key Employee Stock Option Plan of RGC Resources, Inc.

The Company has a Key Employee Stock Option Plan, which is intended to provide the Company's executive officers and other key employees with long-term (ten-year) incentives and rewards tied to the price of Resources' common stock.

This Plan requires each option's exercise price per share to equal the fair value of the Company's common stock as of the date of the grant. Under the terms of this Plan, the options become exercisable six months from the grant date and expire ten years subsequent to the grant date. All options outstanding at September 30, 2005 were fully vested and exercisable.

RGC Resources, Inc. Stock Bonus Plan

The Stock Bonus Plan is administered by the Compensation Committee of RGC Resources, which considers recommendations from the Company's President. The Company's bonus award proposals are subject to approval of the Board of Directors. Under the Stock Bonus Plan, executive officers are encouraged to own a position in the Company's common stock equal to at least 50% of the value of their annual salary. To promote this policy, this Plan provides that all officers with stock ownership positions below 50% of the value of their annual salaries must, unless approved by the Committee, receive no less than 50% of any performance bonus in the form of Company common stock. Bonus amounts, if any, for a fiscal year will generally be determined in the January following that fiscal year end. The Company is authorized to grant up to 50,000 shares of its common stock under the Stock Bonus Plan.

Change-in-Control Arrangements

On March 1, 2001, the Company and Mr. John B. Williamson, III entered into a Change in Control Agreement that provides certain benefits to him in the event of a Change in Control. For purposes of this agreement, a Change in Control occurs when (i) any person or entity becomes the beneficial owner of at least 50% of the combined voting power of the Company's voting securities; (ii) any person or entity becomes the beneficial owner of at least 50% of the voting securities of the surviving entity following a merger, recapitalization, reorganization, consolidation or sale of assets by the Company; or (iii) the Company is liquidated or sells substantially all of its assets. In the event that Mr. Williamson's employment with the Company is terminated within three years of the date of a Change in Control, unless the termination is (a) because of his death or disability, (b) for Cause (as defined in the agreement) or (c) by him other than for Good Reason (as defined in the agreement), then he will receive a severance payment (the Severance Payment) equal to 2.0 times his average annual compensation over the prior five tax years. The Severance Payment will be reduced to the extent necessary to avoid certain federal excise taxes. Also in such event, the Company will continue his life insurance, medical, health and accident and disability plans, programs or arrangements until the earlier of two years after the date of the Change in Control, his death, or his full-time employment. The agreement does not require Mr. Williamson to seek employment to mitigate any payments or benefits provided thereunder. The Company also entered into identical Change in Control Agreements with Mr. John S. D. Orazio on March 1, 2001 and with Mr. Howard T. Lyon and Ms. Dale P. Moore on May 1, 2005, except that the Severance Payment equal to 1.5 times his or her applicable average annual compensation and payable only if his or her employment is terminated within 24 months of a Change in Control.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee (the Committee), which is made up of five members of the Board of Directors who are not officers or employees of Resources, is responsible for setting and administering the policies that govern the annual compensation paid to the executive officers of the Company, including the Chief Executive Officer.

The Committee recommends, for approval by the Board of Directors, the annual salaries of executive officers. Salaries are based on the respective positions held by the executive officers, including their accomplishments, level of responsibility and experience and the relationship of such salaries to the salaries of other Company managers and employees. In this regard, the Committee reviews the Chief Executive Officer's recommendations on compensation of the other executive officers and information concerning executive compensation at other companies in the American Gas Association. Such other companies are included in (but do not solely comprise) both of the peer indices reflected in the Performance Graph on page 10. The Committee also considers overall corporate performance, customer service and satisfaction, relationships with regulatory agencies and the ability to manage and maintain a competent work force in preparing its compensation recommendations.

Pursuant to the Company's Stock Bonus Plan, the Committee approved the payment of bonuses in fiscal 2005 to the CEO and other executive officers of the Company for their performance levels during the fiscal year 2004. The Stock Bonus Plan is intended to allow the Board of Directors to compensate individual or collective performance that has resulted in enhanced shareholder value or returns and to encourage increased ownership of Company common stock by officers and management. The Stock Bonus Plan is administered by the Committee, which considers recommendations from the Company's President. The Company's bonus award proposals are subject to approval of the Board of Directors. Under the Stock Bonus Plan, executive officers are encouraged to own a position in the Company's common stock of at least 50% of the value of their annual salary. To promote

this policy, the Plan provides that all officers with stock ownership positions below 50% of the value of their annual salaries must, unless approved by the Committee, receive no less than 50% of any performance bonus in the form of Company common stock. Bonus amounts, if any, for a fiscal year will generally be determined following that fiscal year end. Bonus award determinations under the Stock Bonus Plan for performance in the 2004 fiscal year were based on the earnings of the Company, combined with an analysis of the individual contributions of each officer.

The Company has a Key Employee Stock Option Plan, which is intended to provide the Company's executive officers with long-term (ten-year) incentives and rewards tied to the price of Resources' common stock. The Committee believes that stock options will assist the Company in attracting, maintaining and motivating officers and other key employees of the Company, upon whose judgment, initiative and efforts the Company depends, by providing such persons with the opportunity to acquire an equity interest in Resources. Stock options are used to provide executive officers additional incentive to use their best efforts and superior performances to promote the best interest of Resources and the shareholders.

The Company currently does not structure compensation so as to be fully deductible under Section 162(m) of the Internal Revenue Code, however, the Committee does not anticipate the Company paying compensation at a level where any amounts would not be fully deductible under such Section 162(m).

In making its recommendation regarding the 2005 compensation of the Chief Executive Officer, the Committee considered all of the criteria above. Specific consideration also was given to the Chief Executive Officer's efforts toward cost containment, the Company's earnings and customer growth in the preceding fiscal year. During 2005, Mr. Williamson received a bonus of \$62,000 for his performance during the fiscal year 2004, \$31,000 of which he invested in Company common stock. The amount of the bonus was determined based on the Company's earnings during fiscal 2004, which were at record levels and his management team's performance with regard to their corporate objectives.

TRANSACTIONS WITH MANAGEMENT

Resources and its subsidiaries purchased beeper, Internet and telephone services in the amount of \$76,099 from NTELOS, Inc. in fiscal 2005. J. Allen Layman, a director of the Company, is the former Chairman of the Board and President of NTELOS, Inc., as well as a substantial shareholder. John B. Williamson, III, Chairman, President, and CEO of RGC Resources, Inc. was a director of NTELOS, Inc from 2001 to 2005. It is anticipated that Resources and its subsidiaries will purchase beeper, Internet and telephone services from NTELOS, Inc. in fiscal 2006. Resources also sold natural gas through its unregulated energy marketing company in the amount of \$1,816,191 to Carilion, a not for profit medical institution, for which Nancy Agee, the Chief Operating Officer of Carilion, also serves as a director of Resources. The Company believes these transactions were entered into on terms equivalent to normal business terms. It is anticipated that Resources will provide similar natural gas service through its energy marketing subsidiary in fiscal 2006.

REMUNERATION OF DIRECTORS

Effective, February 1, 2005, directors receive \$12,000 per year. In addition, Directors receive fees for attending meetings of Resources Board of Directors and of Committees of the Board. The chair of the Audit Committee receives an additional \$3,000 annually, and the chairs of the other committees receive an additional \$1,000 annually. Mr. Williamson is not compensated for attendance at Board and Committee meetings and does not receive \$12,000 per year for service as a Board member. The schedule of fees paid to directors for each such meeting attended effective February 1, 2005 is as follows:

Board of Directors	\$ 800
Governance & Nominating Committee	\$ 800
Audit Committee	\$ 800
Compensation Committee	\$ 800

However, the fee for any committee meeting held the same day as a Board meeting is \$500.

Restricted Stock Plan for Outside Directors

The Board of Directors of the Company implemented the Restricted Stock Plan for Outside Directors effective January 27, 1997. The Plan is applicable to not more than 50,000 shares of Resources common stock. Under the Plan, a minimum of 40% of the monthly retainer fee paid to each non-employee director of Resources is paid in shares of common stock (Restricted Stock). The number of shares of Restricted Stock is calculated each month based on the closing sales price of Resources common stock on the NASDAQ National Market on the first day of the month, if the first day of the month is a trading day, or if not, the first trading day prior to the first day of the month. Beginning in fiscal 1998, a participant can, subject to approval of the Board, elect to receive up to 100% of his retainer fee for the fiscal year in Restricted Stock. Such election cannot be revoked or amended during the fiscal year.

The shares of Restricted Stock of Resources issued under the Plan will vest only in the case of a participant's death, disability, retirement (including not standing for reelection to the Board), or in the event of a change in control of Resources. There is no option to take cash in lieu of stock upon vesting of shares under the Plan. The Restricted Stock may not be sold, transferred, assigned or pledged by the participant until the shares have vested under the terms of the Plan. At the time the Restricted Stock vests, a certificate for vested shares will be delivered to the participant or the participant's beneficiary.

The shares of Restricted Stock will be forfeited to Resources by a participant's voluntary resignation during his term on the Board or removal for cause as a director. Subject to the terms of the Plan, a participant, as owner of the Restricted Stock, has all rights of a shareholder, including but not limited to, voting rights, the right to receive cash or stock dividends, and the right to participate in any capital adjustment of Resources. Resources requires that all dividends or other distributions paid on shares of Restricted Stock be automatically sequestered and reinvested on an immediate or deferred basis in additional Restricted Stock.

All directors, except Mr. Williamson (who does not qualify as an outside director), participated in the Plan in fiscal 2005. The directors received a total of 3,366,044 shares of Restricted Stock in fiscal 2005, valued at \$89,065.52. (This value was calculated using the closing price of \$26.46 per share of Company's common stock on September 30, 2005).

BOARD OF DIRECTORS AND COMMITTEES

Audit Committee

The Audit Committee of the Board of Directors, composed of Messrs. Boxley, Ellett, Logan, Smith, and Smoot, meets a minimum of four times annually with Resources' chief financial officer, the independent auditors, and certain appropriate officers of Resources. The basic functions of this Committee include reviewing significant financial information, reviewing accounting procedures and internal controls and recommending the selection of independent auditors. The Audit Committee met four times during the 2005 fiscal year. The Board of Directors has determined that George W. Logan is an audit committee financial expert and is independent, as determined under applicable rules adopted by the Securities and Exchange Commission.

Report of the Audit Committee

The Audit Committee of the RGC Resources, Inc. Board of Directors (the Committee) is composed of five independent directors and operates under a written charter adopted by the Board of Directors. Each member of the Committee is independent under the applicable rules of the NASDAQ Stock Market.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants of the Company, Deloitte & Touche LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated audited financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), which includes, among other things:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of these estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

The independent accountants also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence from RGC Resources, Inc. and its management.

Based on the Committee's discussion with management and the independent accountants and the Committee's review of the representation of management regarding the audited financial statements and of the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2005, for filing with the Securities and Exchange Commission.

The Audit Committee has reviewed the provision of non-audit services, which includes corporate income tax return preparation and consent on Form S-2, and determined that the auditor's performance of these services are comparable with the independence from RGC Resources Inc.

Governance & Nominating Committee

The Governance & Nominating Committee (Committee) of the Board of Directors, which is composed of Maryellen F. Goodlatte, Chair, Nancy H. Agee, J. Allen Layman, and George W. Logan, each of whom is an independent director, and has as its primary purpose the oversight of a broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board members, recommending nominees for Board election, and recommending to the Board governance principles applicable to Resources. The Committee has a charter, which is available at www.rgcreources.com. The Committee also provides assistance to the Board and the Chairman in the areas of Committee selection and rotation practices, evaluation of the overall effectiveness of the Board, and consideration of developments in corporate governance practices. Thus, in the absence of nominations by the Board of Directors, this Committee may nominate persons as management's nominees for election to the Board of Directors by the shareholders at Resources' annual meeting. This Committee met twice during fiscal year 2005 and made the recommendation that Frank T. Ellett, Maryellen F. Goodlatte, and George W. Logan be nominated for shareholder approval for reelection to the Board of Directors and to serve a three year term beginning with the Annual Meeting in 2006 and continuing until 2009.

The Governance and Nominating Committee, in consultation with the Chairman of the Board and the CEO, is responsible for identifying individuals qualified to become board members and to recommend to the board the individuals for nomination as members of the Board. In evaluating current members and new candidates, the Nominating and Corporate Governance Committee considers the needs of the Board and the Company in light of the current mix of skills and attributes of Directors. In addition to requiring that Directors possess integrity and character, the Committee's evaluation includes an assessment of various factors including, education, business experience, financial and accounting expertise, age, diversity, reputation, civic involvement, judgement, and knowledge of matters impacting public utilities. The Governance and Nominating Committee also takes into consideration the ability of an individual to devote adequate time to board and committee matters and whether the individual will satisfy the Nasdaq requirements for director independence. When considering current board members for nomination for reelection, the Committee also considers board contributions and performance as well as meeting attendance.

The Governance and Nominating Committee, in addition to consulting with the Chairman of the Board and the CEO, may seek the input of others, including members of the Board and management, to identify director candidates. In addition, the Committee may use the services of consultants or a search firm, although it has not done so in the past. The Governance and nominating Committee will consider recommendations by shareholders or qualified director candidates for possible nomination. Shareholders who wish to recommend qualified director candidates should write to the Company's Corporate Secretary at P.O. Box 13007, Roanoke, VA 24030. Recommendations should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. In addition, the recommendation must identify the recommending shareholder as a shareholder of the Company, and indicate the number of shares owned and whether the shares are held of record or through a bank, broker, or other nominee. If the shares are held by a bank, broker, or other nominee, the recommendation must also be accompanied by an account statement or other acceptable identifying documentation dated within 30 days of the date of the recommendation.

Compensation Committee

The Compensation Committee of the Board of Directors is composed of S. Frank Smith, Chair, Nancy H. Agee, Abney S. Boxley, III, Frank T. Ellett, and J. Allen Layman. This Committee meets as necessary to consider and make recommendations to the Board of Directors concerning the salaries of certain executive officers and management employees of the Company. This Committee met one time during the 2005 fiscal year. The report of the Compensation Committee was previously presented.

Meetings of the Board and Committees

The Board of Directors met nine times during the 2005 fiscal year. All incumbent members of the Board attended at least 75 percent of the total number of Board meetings and at least 75% of the total number of committee meetings for committees on which each served in fiscal year 2005. Directors are expected to attend annual meetings of shareholders. In 2005, all Directors attended the annual meeting.

Shareholder Communications to the Board

Shareholders may communicate with Directors individually or as a group. Any shareholder that desires to communicate with one or more Director may send a letter to the Board of Directors, c/o Dale P. Moore, Corporate Secretary, P.O. Box 13007, Roanoke, VA 24030. All communications will be forwarded to the appropriate Director or Directors specified in the communication as soon as practicable. Communications addressed to the Board generally will be considered to have been addressed to all Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on its review of the copies of such forms furnished to us and written representations from certain reporting persons that no other reports are required, the Company believes that in fiscal 2005, two reports relating to one transaction for J. Allen Layman and one transaction for Dale P. Moore were filed late.

Management does not know of any matters to be presented at the Annual Meeting of Shareholders other than the election of directors. However, if any other matters properly come before the meeting, proxies received pursuant to this solicitation will be voted thereon in the discretion of the proxyholder.
