PROXY STATEMENT

These proxy materials and the enclosed proxy card are being mailed in connection with the solicitation of proxies by the Board of Directors of i2 Technologies, Inc., a Delaware corporation, for the 2006 Annual Meeting of Stockholders to be held on Wednesday, May 31, 2006 at 10:00 a.m. (Central Time), and at any adjournment or postponement thereof, at the Center of Excellence at One i2 Place, 11701 Luna Road, Dallas, Texas 75234. These proxy materials are expected to be first mailed to stockholders of record beginning on or about May 1, 2006.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at this meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. The proposals are described in more detail in this proxy statement.

VOTING RIGHTS AND SOLICITATION

The cost of soliciting proxies will be paid by us and may include reimbursement paid to brokerage firms and others for their expense in forwarding solicitation materials as well as the expense of preparing, assembling, photocopying and mailing this proxy statement. Solicitation will be made primarily through the use of the mail; however, our regular employees may, without additional remuneration, solicit proxies personally by telephone or Internet e-mail.

A copy of our 2005 annual report to stockholders on Form 10-K has been mailed concurrently with the mailing of the Notice of Annual Meeting of Stockholders and this proxy statement to all stockholders entitled to notice of, and to vote at, this meeting. The annual report is not incorporated into this proxy statement and is not considered proxy solicitation material.

We have fixed April 3, 2006 as the record date for determining those stockholders who are entitled to notice of, and to vote at, this meeting. Only holders of record of our common stock, par value \$0.00025 per share, and our 2.5% Series B Convertible Preferred Stock at the close of business on the record date will be entitled to vote at the Annual Meeting or any adjournment or postponement thereof. At the close of business on the record date, 20,702,869 shares of our common stock were outstanding and 103,999 shares of our Series B preferred stock were outstanding. All of our outstanding shares of Series B preferred stock were held of record by R² Investments, LDC, an affiliate of Q Investments.

The holders of our common stock and our Series B preferred stock will vote together as a single class on each of the proposals described in this proxy statement. Each share of our common stock is entitled to one vote. Each share of our Series B preferred stock is entitled to 43.1965 votes (that number equal to the number of shares of common stock into which one share of Series B preferred stock could have been converted on the record date). Accordingly, the holder of our Series B preferred stock is entitled to 4,492,393 votes in the aggregate, or approximately 17.8% of all votes eligible to be cast at the Annual Meeting.

As of April 3, 2006, our directors and executive officers beneficially owned an aggregate of approximately 5,663,352 shares of our common stock, not including shares of common stock issuable upon exercise of outstanding stock options, constituting approximately 27.4% of the shares of common stock outstanding as of such date and approximately 22.5% of all votes eligible to be cast at the Annual Meeting. It is expected that such directors and executive officers will vote or direct the vote of all shares of our common stock held or owned by such persons, or over which such persons have voting control, in favor of the proposals described in this proxy statement. It also is expected that R² Investments, LDC, an affiliate of Q Investments, will vote its shares of Series B preferred stock and the shares of common stock that it holds, constituting approximately 22.9% of all

votes eligible to be cast at the Annual Meeting, in favor of the proposals. The total cumulative voting power of R² Investments, LDC and our directors and executive officers is nearly sufficient to assure the approval of the proposals. See Principal Stockholders.

The presence, in person or by proxy, of the holders of a majority of the voting power of the shares of our outstanding common stock and our Series B preferred stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Cumulative voting is not permitted in the election of directors. If a choice as to the matters coming before the Annual Meeting has been specified by a stockholder on the proxy, the shares will be voted accordingly. If no choice is specified on the returned proxy, the shares will be voted in favor of the approval of the proposals described in the Notice of Annual Meeting and in this proxy statement and in the discretion of the persons named in the proxy as proxy appointees as to any other matter that may properly come before the Annual Meeting. The inspector of election appointed for the Annual Meeting will tabulate the votes, separately calculating affirmative and negative votes, abstentions and broker non-votes (i.e., the submission of a proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter).

A stockholder executing a proxy pursuant to this solicitation may revoke his or her proxy at any time prior to its use:

by delivering to the Secretary of i2 a signed notice of revocation or a later-dated, signed proxy; or

by attending the meeting and voting in person.

Attendance at the meeting does not in itself constitute the revocation of a proxy. In addition, if your shares are held in the name of your broker, bank or other nominee, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware and our Restated Certificate of Incorporation and Amended and Restated Bylaws, our business, property and affairs are managed under the direction of the Board of Directors. Although our directors are not involved in our day-to-day operating details, they are kept informed of our business through oral or written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by our officers at meetings of the Board of Directors and committees of the Board of Directors.

Meetings of the Board of Directors

Our Board of Directors met 12 times during 2005. During 2005, each incumbent director attended at least 75% of the total number of meetings of our Board of Directors held during the period for which he has been a director and the total number of meetings held by all committees of our Board of Directors on which he has served.

Director Independence

The Board of Directors has determined that the following directors are independent under the listing standards of The Nasdaq Stock Market, on which our common stock is listed: Messrs. Bradley, Cash, Clemmer, Crandall, Waterhouse and Wilson.

Committees of the Board of Directors

The Board of Directors has established four standing committees:

Audit Committee. We have a standing Audit Committee currently composed of Messrs. Crandall (Chairman), Bradley, Cash, Clemmer, Waterhouse and Wilson. The current members of the Audit Committee are independent as defined by the listing standards of The Nasdaq Stock Market, on which our common stock is listed, and as that term is used in Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board of Directors has determined that Mr. Crandall qualifies as an audit committee financial expert, as that term is defined by applicable Securities and Exchange Commission regulations, and has designated Mr. Crandall as the Audit Committee's financial expert.

The Audit Committee, which until February 27, 2005 included Mr. McGrath and prior to April 21, 2005 excluded Messrs. Bradley, Waterhouse and Wilson, met five times in 2005. The Audit Committee has a charter that was approved by our Board of Directors. The oversight functions of the Audit Committee include, among other things:

appointing our independent auditor;

reviewing the external audit plan and the results of the auditing engagement;

reviewing the internal audit plan and the results of the internal audits;

ensuring that management has maintained the reliability and integrity of our accounting policies and our financial reporting and disclosure practices;

reviewing the independence and performance of our internal audit function and independent registered public accounting firm; and

reviewing the adequacy of our system of internal control and compliance with all applicable laws, regulations and corporate policies. Please see page 27 of this proxy statement for the Report of the Audit Committee.

Compensation Committee. We have a standing Compensation Committee currently composed of Messrs. Cash (Chairman), Bradley, Clemmer, Crandall, Waterhouse and Wilson. Each is independent as defined by the listing standards of The Nasdaq Stock Market, on which our common stock is listed.

The Compensation Committee, which until February 27, 2005 included Mr. McGrath and prior to April 21, 2005 excluded Messrs. Bradley, Waterhouse and Wilson, met eight times in 2005. The Compensation Committee administers our stock plans. The Compensation Committee has the responsibility for establishing the compensation payable to our Chief Executive Officer and is responsible for establishing compensation payable to our other executive officers based on recommendations made by the Chief Executive Officer. The Compensation Committee also is responsible for the overall administration of our employee benefit plans, including our employee stock purchase plans.

Please see page 22 of this proxy statement for the Compensation Committee's Report on Executive Compensation.

Options Committee. We have a standing Options Committee composed of Mr. McGrath, who succeeded Mr. Sidhu as the sole member of the Options Committee effective April 18, 2005. The Options Committee has separate but concurrent authority with the Compensation Committee and the Board of Directors to make discretionary option grants from time to time under the 1995 Stock Option/Stock Issuance Plan, or 1995 Plan, and the 2001 Non-Officer Stock Option/Stock Issuance Plan, or 2001 Plan, to eligible employees that are not subject to Section 16 of the Exchange Act.

The Options Committee has the power and authority, with certain limited exceptions, to:

select the eligible individuals who are to receive option grants under the 1995 and 2001 Plans;

determine the number of shares of common stock subject to each such award (subject to the periodic corporate pool of shares authorized by the Compensation Committee and a limitation of 8,000 shares per individual each calendar year);

determine the exercise schedule in effect for each such option issuance; and

determine the maximum term for which each option may remain outstanding.

Special Committee. We also have a standing Special Committee, currently composed of Messrs. Crandall (Chairman), Bradley, Cash, Clemmer, Waterhouse and Wilson that was formed by the Board of Directors in February 2004. The Special Committee was created primarily for the purpose of (i) evaluating, negotiating, authorizing and approving the terms and conditions of the settlement of class action and derivative lawsuits against the company in 2004, including the terms and conditions pursuant to which shares of our common stock would be sold to Mr. Sidhu and a former executive of the company to fund a portion of such settlement, and (ii) evaluating and recommending to the Board of Directors the authorization and approval of the sale of Series B preferred stock to R² Investments, LDC in 2004. The Special Committee met two times in 2005 for the purpose of evaluating and recommending to the Board of Directors the authorization and approval of the sale of shares of our common stock to R² Investments, LDC and the sale of our subsidiary Trade Service Corporation.

Compensation Committee Interlocks and Insider Participation.

At different times during 2005, our Compensation Committee included Messrs. Cash, Bradley, Clemmer, Crandall, McGrath, Waterhouse and Wilson. None of the members of the Compensation Committee during 2005 was an officer or employee, or former officer or employee, of the company or any of our subsidiaries during 2005, except for Mr. McGrath who became our Chief Executive Officer and President on February 27, 2005 and concurrently resigned from the Compensation Committee. No member of the Compensation Committee during 2005 had a relationship requiring disclosure by us under any paragraph of Item 404 of Regulation S-K, except for Mr. McGrath whose relationship is described under Executive Compensation and Other Matters Certain Transactions with Management. Furthermore, no member of the Compensation Committee during 2005 had a relationship requiring disclosure by us under Item 402(j)(3) of Regulation S-K.

Director Compensation

Our current compensation package for our non-employee directors is as follows:

\$25,000 annual cash retainer for serving on the Board of Directors.

\$4,000 fee for each of the standard quarterly and annual operating plan meetings of the Board of Directors, Audit and Compensation Committees attended.

\$1,500 fee for special meetings of the Board of Directors or Audit or Compensation Committee attended.

\$5,000 annual cash retainer for serving on the Audit Committee of the Board of Directors.

\$2,500 annual cash retainer for serving on the Compensation Committee of the Board of Directors.

Edgar Filing: TORTOISE PIPELINE & ENERGY FUND, INC. - Form 4

\$50,000 annual cash retainer for serving as the Chair of the Audit Committee of the Board of Directors.

\$10,000 annual cash retainer for serving as the Chair of the Compensation Committee of the Board of Directors.

Attendance fee for each meeting of the Special Committee as agreed on a project-by-project basis.

Initial and annual grants of stock options priced at fair market value on the terms set forth in the Automatic Option Grant Program of our 1995 Plan. Additional grants of stock options may be awarded

under the Discretionary Option Grant Program of our 1995 Plan and are typically awarded as part of initial grants. Directors who are also employees are not paid any fees or additional compensation for services as members of our Board of Directors or any committee of our Board of Directors. Directors are reimbursed for out-of-pocket expenses incurred in attending meetings of our Board of Directors and committees on which they serve.

Under the Automatic Option Grant Program of our 1995 Plan, each person who becomes a non-employee Board member automatically is granted at that time an option for 6,000 shares of common stock. In addition, on the date of each annual stockholders meeting, each individual who continues to serve as a non-employee Board member after such meeting will automatically be granted an option to purchase 4,250 shares of common stock under the 1995 Plan, provided such individual has served as a non-employee Board member for at least six months. Each option will have an exercise price per share equal to 100% of the fair market value per share of our common stock on the option grant date and a maximum term of ten years measured from the option grant date. Each option will be immediately exercisable for all the option shares, but we may repurchase, at the exercise price paid per share, all unvested shares held at the cessation of the director's Board service. Each option grant will vest, and our repurchase rights will lapse, in three equal annual installments, with the first such installment vesting one year from the option grant date.

Under the Discretionary Grant Program of our 1995 Plan, our Board of Directors will determine which eligible individuals receive option grants, the time or times when those grants are to be made, the number of shares subject to each such grant, the vesting schedule (if any) to be in effect for the option grant and the maximum term for which any granted option is to remain outstanding. Each granted option will have an exercise price determined by the Board of Directors but shall in no event be less than 100% of the fair market value of the shares on the grant date. No granted option will have a term in excess of ten years, and the option will generally become exercisable in one or more installments over a specified period of service measured from the vesting commencement date. However, one or more options may be structured so that they will be immediately exercisable for any or all of the option shares. Shares acquired under such options will be subject to repurchase by us, at the exercise price paid per share, if the optionee ceases service with our company prior to vesting in those shares.

Option grants to non-employee directors during 2005 are detailed in the following table. The exercise price per share for all grants was equal to the fair market value per share of common stock on the grant date. Options granted prior to May 19, 2005 under the Automatic Option Grant Program are immediately exercisable and vest in four equal annual installments; options granted under the Automatic Option Grant Program on or after May 19, 2005 are immediately exercisable and vest in three equal annual installments. Grants issued from the Discretionary Option Grant Program are not exercisable until they vest. Each of these options will vest 1% upon grant of the option, 24% upon completion of the first year of service measured from the vesting commencement date and pro rata monthly over the 36-month period thereafter.

We maintain directors' and officers' liability insurance and our Amended and Restated Bylaws provide for mandatory indemnification of directors to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with all of our directors. In addition, our Restated Certificate of Incorporation limits the liability of our directors to us and our stockholders for breaches of the directors' fiduciary duties to the fullest extent permitted by Delaware law.

Communication with the Board of Directors

Stockholders may communicate with the Board of Directors by sending a letter to i2 Technologies, Inc. Board of Directors, c/o Office of the General Counsel, One i2 Place, 11701 Luna Road, Dallas, Texas 75234. The Office of the General Counsel will review the correspondence and forward it to the Chair of the appropriate committee or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to i2 or its business, or is similarly inappropriate. The Office of the General Counsel has the authority to discard or disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications.

We have a policy of inviting the attendance of directors at annual meetings of stockholders. Our Chairman, Mr. Sidhu, attended the 2005 annual meeting of stockholders.

Submission of Director Nominations

We do not have a standing Nominating Committee or any other committee performing similar functions, and these matters are considered at meetings of the full Board of Directors. At this point, we believe that it is important for the entire Board to participate in nomination and evaluation functions.

Stockholders may propose nominees for consideration by the Board of Directors by submitting the names, appropriate biographical information and qualifications in writing to: Robert C. Donohoo, Corporate Secretary, i2 Technologies, Inc., One i2 Place, 11701 Luna Road, Dallas, Texas 75234. In order to be considered for inclusion in the proxy statement and form of proxy for the annual meeting of stockholders to be held in 2007, the name of the proposed nominee and the supporting documentation must be received by our company not less than 120 days nor more than 150 days before the first anniversary of the date of this proxy statement.

Director nomination proposals must be in writing and must include (a) the name and address of the nominating stockholder, and the name and address of the person or persons to be nominated, (b) a representation that the nominating stockholder is a holder of record of stock of our company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (c) a description of all arrangements or understandings between the nominating stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the nominating stockholder, (d) the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected, and (e) any information regarding the nominee that is required under Regulation 14A of the Exchange Act to be included in a proxy statement relating to the election of directors. Candidates recommended by our stockholders are evaluated on the same basis as other candidates (other than directors standing for re-election) recommended by our directors, executive officers, third party search firms or other sources.

The minimum qualifications, skills, and attributes that the Board of Directors looks for in nominees may include the following: (a) integrity, competence and judgment essential to effective decision making, (b) ability and willingness to commit the necessary time and energy to prepare for, attend and participate in meetings of the Board and one or more of its standing committees, (c) freedom from other outside involvements that would materially interfere with the individual's responsibilities as a director of our company, (d) background and experience that complements or supplements the background and experience of other Board members, (e) freedom from interests that would present the appearance of being adverse to, or in conflict with, the interests of our company, and (f) a proven record of accomplishment through demonstrated leadership in business, technology, education, government service, finance, manufacturing or other relevant experiences that would tend to enhance Board effectiveness. The ability of a nominee to devote the time and effort necessary to fulfill his or her responsibilities to the company will also be taken into account.

The evaluation process may include a comprehensive background and reference check, a series of personal interviews by, at a minimum, the Chairman of the Board, and a thorough review by the Board of the nominee's qualifications and other relevant characteristics, taking into consideration the criteria set forth above.

Director nominees will be recommended for the Board's selection by a majority of the independent directors in accordance with the listing standards of The Nasdaq Stock Market. If the Board of Directors accepts a recommendation for a director nominee, the form of our proxy solicited will include the name of the director nominee.

Code of Business Conduct and Ethics

In June 2003, we adopted a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics applies to, among others, our Chief Executive Officer and Chief Financial Officer, who is also our principal accounting officer. The full text of the Code of Business Conduct and Ethics is available at our investor relations web site, <http://www.i2.com/investor>. We intend to disclose any amendment to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to our Chief Executive Officer or Chief Financial Officer on our investor relations web site.

PROPOSAL 1**ELECTION OF THREE CLASS III DIRECTORS**

Our Restated Certificate of Incorporation and Amended and Restated Bylaws provide that our Board of Directors shall be divided into three classes as nearly equal in size as is practicable, designated as Class I, Class II and Class III directors, with each class serving staggered three-year terms. We currently have the following eight directors serving on our Board:

Class I Directors
Stephen P. Bradley
Richard L. Clemmer

Class II Directors
Harvey B. Cash
Michael E. McGrath
Lloyd G. Waterhouse

Class III Directors
Sanjiv S. Sidhu, Chairman
Robert L. Crandall
Jackson L. Wilson, Jr.

The term of office of our Class III directors expires at the Annual Meeting, the term of office of our Class I directors expires at the 2007 annual meeting of stockholders and the term of office of our Class II directors expires at the 2008 annual meeting of stockholders. Directors to replace those of a class whose terms expire at a given annual meeting are elected to hold office until the third succeeding annual meeting, and until their respective successors have been duly elected and qualified.

Pursuant to the Certificate of Designations for our Series B preferred stock, the holders of the Series B preferred stock, voting separately as a single class to the exclusion of all other classes of our capital stock, currently have the exclusive right to elect two directors to serve on our Board. R² Investments, LDC, the holder of all of our outstanding Series B preferred stock, has informed the company that it does not presently intend to elect any directors to replace the two individuals previously elected by it who resigned from our Board on December 16, 2005.

Board of Directors Nominees; Required Vote

Three Class III directors, Sanjiv S. Sidhu, Robert L. Crandall and Jackson L. Wilson, Jr., have been nominated by our Board of Directors for election at the Annual Meeting to hold office until the 2009 annual meeting of stockholders, and until their respective successors are duly elected and qualified. The holders of our common stock are entitled to vote together with the holders of our Series B preferred stock with respect to the election of Messrs. Sidhu, Crandall and Wilson.

Name	Age	Position
Sanjiv S. Sidhu	48	Director
Robert L. Crandall	68	Director
Jackson L. Wilson, Jr.	58	Director

For a description of the business experience of Messrs. Sidhu, Crandall and Wilson, see Executive Compensation and Other Matters Directors and Executive Officers.

Unless otherwise instructed, the persons named in the accompanying proxy card will vote the proxies received by them for Messrs. Sidhu, Crandall and Wilson. If any of Messrs. Sidhu, Crandall or Wilson is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for the nominee who is designated by the present Board of Directors to fill the vacancy. It is not expected that any of the nominees will be unable or will decline to serve as a director.

A plurality of the votes cast by the holders of our common stock and our Series B preferred stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors, voting together as a single class, is required for the election of a director. Abstentions and broker non-votes have no effect on the determination of plurality, except to the extent that they affect the total votes received by any particular nominee. Plurality means that the nominees receiving the greatest number of votes cast by the holders

of outstanding shares of our voting stock present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal will be elected to our Board of Directors even if they receive less than a majority of such votes.

Your Board of Directors unanimously recommends a vote FOR Sanjiv S. Sidhu, Robert L. Crandall and Jackson L. Wilson, Jr. and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

PROPOSAL 2

APPROVAL OF THE ISSUANCE OF A NUMBER OF SHARES OF OUR COMMON STOCK SUFFICIENT TO FULLY PROVIDE FOR THE CONVERSION OF OUR 5% SENIOR CONVERTIBLE NOTES DUE 2015 AND THE EXERCISE OF CERTAIN WARRANTS

In November 2005, the company entered into a Purchase Agreement with certain qualified institutional buyers (the Purchase Agreement) pursuant to which we issued and sold to the investors \$75 million in aggregate principal amount of our 5% senior convertible notes due 2015 and warrants to purchase up to approximately 485,000 shares of our common stock, par value \$.00025 per share. Pursuant to the Purchase Agreement, we also granted the investors an option to purchase up to an additional \$11.25 million in aggregate principal amount of the convertible notes. The option was fully exercised by the investors, and the additional \$11.25 million in aggregate principal amount of the convertible notes was issued and sold to the investors. The net proceeds from the sale of the convertible notes and the warrants have been and will be used to repay or repurchase outstanding indebtedness or for working capital and other corporate purposes of the company.

In accordance with the Marketplace Rules of The Nasdaq Stock Market, we are seeking stockholder approval of the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants from time to time as such convertible notes and warrants are presented for conversion or exercise, including without limitation the issuance of all such shares in excess of the Conversion Shares Cap and Exercise Shares Cap referred to below. We are required to seek stockholder approval of the issuance of these shares because they could potentially constitute 20% or more of the number of outstanding shares of our common stock at the time we entered into the Purchase Agreement.

Absent stockholder approval of the issuance of shares of our common stock, as further explained below (i) upon the conversion of the convertible notes, the company could be required to settle part of the portion, if any, of its conversion obligation that would otherwise be satisfied in shares of our common stock by making cash payments, and (ii) upon the exercise of the warrants, the company could be required to settle part of its exercise obligation with respect to the warrants by making cash payments. Moreover, if we fail to obtain such stockholder approval at the Annual Meeting, the terms of the Indenture dated as of November 23, 2005 between the company and JPMorgan Chase Bank, National Association, as trustee (the Indenture) will require us to use our reasonable best efforts to obtain such approval at each succeeding meeting of the company s stockholders until such time as we shall have obtained approval for the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants. Accordingly, our Board of Directors believes that stockholder approval of this proposal is important at this time.

Summary of the Convertible Notes and the Warrants

Set forth below is a summary of the material terms of the convertible notes and the warrants. For additional information regarding the convertible notes and the warrants, please refer to the full text of the Purchase Agreement, the Indenture, the Registration Rights Agreement dated as of November 23, 2005 by and among the company and the parties set forth on Schedule I thereto (the Registration Rights Agreement), the form of 5% senior convertible notes due 2015 and the form of warrants, which are attached as exhibits to the company s Current Report on Form 8-K filed with the Securities and Exchange Commission (the SEC) on November 29, 2005.

Rank of, Maturity of and Interest on the Convertible Notes, and Term of the Warrants

The convertible notes constitute senior obligations of the company and rank equally with any of our present and future senior obligations. The convertible notes are effectively junior to any of our secured obligations to the extent of the value of the assets securing such obligations. Pursuant to the Indenture, the convertible notes will mature on November 15, 2015 and bear interest at a rate of 5% per annum payable semiannually on May 15 and November 15 beginning May 15, 2006.

The term of the warrants is ten years.

Conversion of the Convertible Notes and Exercise of the Warrants

The convertible notes are convertible, subject to certain conditions, into cash and shares, if any, of our common stock at an initial conversion price of \$15.4675 per share of our common stock (which is equivalent to a conversion rate of approximately 64.6517 shares of our common stock per \$1,000 principal amount of the convertible notes). The conversion price is subject to adjustment. Upon conversion, we will satisfy our conversion obligation with respect to the principal amount of the convertible notes to be converted in cash, with any remaining amount to be satisfied in shares of our common stock. At this time, up to 5,576,208 shares of our common stock could be issued upon conversion of the convertible notes. An indeterminate number of additional shares of our common stock may be issued from time to time upon conversion of the convertible notes, as this amount may be adjusted as a result of any conversion price adjustments referred to below. See Summary of the Convertible Notes and the Warrants Conversion and Exercise Price Adjustments.

Prior to May 15, 2010, holders of the convertible notes may convert their convertible notes (i) if the convertible notes have been called for redemption, (ii) if the average of the trading prices for the convertible notes during any five consecutive trading-day period is less than 98% of the average of the conversion values for the convertible notes (the product of the last reported sale price of our common stock and the conversion rate) during that period, (iii) upon certain distributions to all holders of our common stock, or (iv) upon the occurrence of specified corporate transactions constituting a fundamental change. A fundamental change means the occurrence of a change of control or termination of trading (such terms are defined in the Indenture).

In addition, at any time after May 15, 2008 and prior to the close of business on May 15, 2010, holders of the convertible notes may surrender their convertible notes for conversion during any fiscal quarter if the closing sale price of our common stock is equal to or greater than 150% of the conversion price then in effect for at least 20 trading days in the 30 consecutive trading day period ending on the last trading day of the immediately preceding fiscal quarter.

On or after May 15, 2010 and on or prior to the close of business on the business day immediately prior to the stated maturity date, the convertible notes are convertible any time at the option of the holder.

Following a fundamental change that occurs prior to November 15, 2010, a holder of convertible notes who elects to convert in connection with such fundamental change will be entitled to receive an additional make whole premium equal to the approximate lost option time value plus accrued but unpaid interest, if any, up to but excluding the conversion date.

The warrants are exercisable at an initial exercise price of \$15.4675 per share of our common stock. The exercise price is subject to adjustment. At this time, an aggregate of 484,889 shares of our common stock are issuable upon exercise of the warrants. An indeterminate number of additional shares of our common stock may be issued from time to time upon exercise of the warrants, as this amount may be adjusted as a result of any exercise price adjustments referred to below. See Summary of the Convertible Notes and the Warrants Conversion and Exercise Price Adjustments.

Conversion and Exercise Price Adjustments

The conversion price of the convertible notes and the exercise price of the warrants will be adjusted:

- (1) upon the issuance of shares of our common stock as a dividend or distribution on our common stock;
- (2) upon the subdivision or combination of our outstanding common stock;
- (3) upon the issuance to all or substantially all holders of our common stock of rights, options or warrants entitling them for a period of not more than 60 days to subscribe for or purchase our common stock, or securities convertible into or exercisable or exchangeable for our common stock, at a price per share or a conversion, exercise or exchange price per share less than the current market price per share on the record date for the issuance;
- (4) upon the distribution to all or substantially all holders of our common stock of shares of our capital stock, evidences of indebtedness or other non-cash assets, or rights, options or warrants to subscribe for or purchase any of our securities (excluding dividends, distributions and rights, options or warrants referred to in clause (1) or (3) above, dividends or distributions exclusively in cash referred to in clause (5) below and the distribution of rights to all holders of common stock pursuant to a shareholder rights plan);
- (5) upon the occurrence of any dividends or distributions consisting exclusively of cash to all or substantially all holders of our common stock;
- (6) upon the purchase of our common stock pursuant to a tender offer made by us or any of our subsidiaries at a price per share in excess of the current market price per share on the last date tenders may be made pursuant to the tender offer; and
- (7) upon the issuance, prior to June 3, 2006, of shares of our common stock, or securities convertible into our common stock, at a price per share or a conversion price per share less than \$13.45 (provided that, in addition to certain other limitations, no adjustment shall be required (i) in respect of the first \$25 million of our common stock, or securities convertible into our common stock, issued after November 23, 2005 at a price per share or a conversion price per share less than \$13.45, or (ii) unless a similar adjustment to the conversion price of our Series B Preferred Stock is required to be made under applicable provisions of the Certificate of Designations of the Series B Preferred Stock).

Current market price means, with respect to any date of determination, the average of the closing sale prices of our common stock for the ten consecutive trading days ending on the date of determination.

We are permitted to reduce the conversion price of the convertible notes by any amount for a period of at least 20 days if our Board of Directors determines that such reduction would be in our best interest. We are required to give at least 15 days prior notice of any such reduction in the conversion price. We may also reduce the conversion price to avoid or diminish income tax to holders of our common stock in connection with a dividend or distribution of stock or similar event.

At this time, up to 5,576,208 shares of our common stock could be issued upon conversion of the convertible notes and an aggregate of 484,889 shares of our common stock are issuable upon exercise of the warrants. An indeterminate number of additional shares of our common stock may be issued from time to time upon conversion of the convertible notes and exercise of the warrants, as these amounts may be adjusted as a result of any conversion and exercise price adjustments referred to above.

Conversion Shares Cap and Exercise Shares Cap

Until stockholder approval is obtained, the company may not issue or deliver (i) more than 41.96 shares of our common stock (subject to appropriate adjustment for any stock splits, stock dividends and similar events) for

each \$1,000 principal amount of convertible notes upon conversion thereof and/or as payment of a make whole premium with respect to such \$1,000 principal amount of convertible notes (the Conversion Shares Cap) or (ii) more than 500,000 shares of our common stock (subject to appropriate adjustments for any stock splits, stock dividends and similar events) upon exercise of the warrants (the Exercise Shares Cap). Accordingly, the total number of shares of our common stock deliverable upon the conversion of the convertible notes and the exercise of the warrants is limited to approximately 4,100,000 shares absent receipt of stockholder approval of the issuance of additional shares. To the extent that more shares of our common stock would otherwise be issuable upon the conversion of the convertible notes or the exercise of warrants, we will be required to settle such conversions or exercises in cash by paying the value of our common stock into which the convertible notes would otherwise be convertible or the warrants would otherwise be exercisable.

Redemption of the Convertible Notes

Prior to May 20, 2008, the convertible notes will not be redeemable at our option. On or after May 20, 2008, we may redeem the convertible notes at any time or from time to time in whole or in part, for cash at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest to but excluding the redemption date, so long as (i) the last reported sale price of our common stock has exceeded 175% of the conversion price then in effect for at least 20 trading days in the 30 consecutive trading days ending on the trading day prior to the date upon which we deliver to the holders the notice of redemption and (ii) on the date that we deliver a redemption notice through the date of redemption, the common stock issuable upon conversion of the convertible notes is either (1) covered by a registration statement covering resales thereof that is effective and available for use and is expected to remain effective and available for use for the 30 days following the date of such redemption notice or (2) eligible to be resold by non-affiliates pursuant to Rule 144(k) under the Securities Act of 1933, as amended (the Securities Act).

Repurchase of the Convertible Notes

Holders of the convertible notes have the right to require us to repurchase all or any portion of the convertible notes on November 15, 2010 at a purchase price equal to 100% of the principal amount of the convertible notes to be repurchased plus any accrued and unpaid interest to but excluding such repurchase date.

If we redeem our Series B Preferred Stock, we must also offer to repurchase the convertible notes for cash at a purchase price equal to 100% of the principal amount of the convertible notes plus accrued and unpaid interest to but excluding the repurchase date; provided, that if we redeem less than all of the outstanding shares of our Series B Preferred Stock, we will be obligated to repurchase only a proportionate amount of the convertible notes.

Upon the occurrence of a fundamental change, each holder of the convertible notes will have the right to require us to repurchase for cash any or all of its convertible notes at a purchase price of 100% of the principal amount plus any accrued and unpaid interest to but excluding such repurchase date.

Certain Covenants Contained in the Convertible Notes

The Indenture contains certain customary affirmative and negative covenants which, among other matters, obligate us to make all payments under the convertible notes promptly, contain various reporting and information delivery obligations, and require us to preserve the company's corporate existence. As noted previously, those covenants also require us to seek stockholder approval of this proposal at the Annual Meeting and at each succeeding meeting of the company's stockholders until such time as we shall have obtained approval for the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants.

In addition, the Indenture contains a covenant that restricts the ability of the company and its subsidiaries to incur additional indebtedness. Such covenant specifies that the company shall not, and that the company shall not permit any subsidiary to, directly or indirectly, incur or guarantee or assume any indebtedness other than

permitted indebtedness. Permitted indebtedness is defined in the Indenture to include, among others, the following categories of indebtedness: (i) all indebtedness outstanding on November 23, 2005, (ii) indebtedness under the convertible notes, (iii) indebtedness under the company's \$15.0 million letter of credit line, (iv) between \$25.0 million and \$50.0 million of additional senior secured indebtedness (the maximum permitted amount to be determined by application of a formula contained in the Indenture) and (v) at least \$100.0 million of additional subordinated indebtedness (the maximum permitted amount to be determined by application of a formula contained in the Indenture).

Events of Default Under Convertible Notes

The trustee or the holders of at least 25% in aggregate principal amount of the convertible notes then outstanding may declare the principal amount of the convertible notes, together with all accrued and unpaid interest, any premium, including any make-whole premium and liquidated damages, if any, to be immediately due and payable upon the occurrence of an event of default, including our: (i) failure to pay the principal of or the premium, including any make-whole premium, on any convertible note when due at maturity, or failure to pay the redemption or repurchase price when due; (ii) failure to pay interest on the convertible notes; (iii) failure to provide notice of a fundamental change when required; (iv) failure to convert the convertible notes into cash or shares of our common stock, if any, upon exercise of a holder's conversion right; (v) failure to perform or observe any other covenant required by the convertible notes; (vi) default under other indebtedness in an aggregate outstanding principal amount in excess of \$25.0 million, which default (A) is caused by failure to pay principal or interest when due or (B) results in acceleration of such indebtedness; (vii) failure to pay final judgments in excess of \$20.0 million; or (viii) bankruptcy, insolvency, dissolution or liquidation.

Registration Rights

Pursuant to the Registration Rights Agreement we entered into in connection with the sale of the convertible notes and the warrants, we agreed to file with the SEC a shelf registration statement covering resales of the shares of our common stock issuable upon the conversion of the convertible notes and the exercise of the warrants. We agreed to use our reasonable best efforts to cause the shelf registration statement to become effective within 270 days after the date of original issuance of the convertible notes and the warrants and to remain effective until the earliest of (1) the date on which all such common stock held by non-affiliates of the company is eligible to be sold to the public pursuant to Rule 144(k) under the Securities Act or any successor provision thereof, (2) the date when each of the shares of our common stock covered by the shelf registration statement has been effectively registered under the Securities Act and disposed of in accordance with the shelf registration statement, (3) the date on which all such common stock has been resold pursuant to Rule 144 under the Securities Act, (4) the date on which all the convertible notes, the warrants and the underlying common stock cease to be outstanding and (5) the date that is the three-year anniversary of the issue date. If the registration statement has not been declared effective within 270 days or if, thereafter, we fail to maintain the effectiveness of the registration statement, we will be required to pay additional interest at the rate of 0.50% per annum to holders of the convertible notes and the warrants for the first 90 days and an additional 0.50% per annum thereafter.

Stockholder Approval Requirement

In accordance with the Marketplace Rules of The Nasdaq Stock Market, we are seeking stockholder approval of the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants from time to time as such convertible notes and warrants are presented for conversion or exercise, including without limitation the issuance of all such shares in excess of the Conversion Shares Cap and Exercise Shares Cap. The Marketplace Rules are applicable to us because our common stock is listed on The Nasdaq National Market.

Rule 4350(i)(1)(D) of the Marketplace Rules of The Nasdaq Stock Market requires stockholder approval of the issuance of securities in a transaction other than a public offering involving the potential issuance of 20% or more of the common stock outstanding before the issuance for less than the greater of the book or market value

of the stock. The shares of our common stock which are issuable upon the conversion of the convertible notes and the exercise of the warrants could potentially constitute 20% or more of the number of outstanding shares of our common stock at the time we entered into the Purchase Agreement. Accordingly, the total number of shares of our common stock deliverable upon the conversion of the convertible notes and the exercise of the warrants is limited to approximately 4,100,000 shares absent receipt of stockholder approval of the issuance of additional shares.

Stockholder approval of this proposal is required to enable the company to satisfy the entire portion, if any, of its conversion obligation with respect to the convertible notes that is to be satisfied in shares of our common stock, and all of its exercise obligation with respect to the warrants, by issuing shares of our common stock rather than by making cash payments.

Factors Affecting Rights of Current Stockholders

At this time, up to 5,576,208 shares of our common stock (equal to 26.9% of our currently outstanding shares) could be issued upon conversion of the convertible notes and an aggregate of 484,889 shares of our common stock (equal to 2.3% of our currently outstanding shares) are issuable upon exercise of the warrants. An indeterminate number of additional shares of our common stock may be issued from time to time upon conversion of the convertible notes and exercise of the warrants, as these amounts may be adjusted as a result of stock splits, stock dividends or distributions and other anti-dilution adjustments.

The total number of shares of our common stock deliverable upon the conversion of the convertible notes and the exercise of the warrants is limited to approximately 4,100,000 shares absent receipt of stockholder approval of the issuance of additional shares. The issuance of additional shares of our common stock upon the conversion of the convertible notes and the exercise of the warrants will dilute the ownership interests of existing stockholders. The table below illustrates the possible impact of the conversion of the convertible notes and the exercise of the warrants on the total number of shares of our common stock outstanding.

	Shares of Common Stock Issuable Upon Conversion of	Shares of Common Stock Issuable Upon Exercise of	Total Shares of Common Stock Outstanding Following Conversion of Convertible Notes and Exercise of
Shares of Common Stock Outstanding	Convertible Notes	Warrants	Warrants
20,702,869 ⁽¹⁾	5,576,208 ⁽²⁾	484,889 ⁽³⁾	26,763,966

(1) Represents the number of shares of our common stock outstanding at the close of business on April 3, 2006.

(2) An indeterminate number of additional shares of our common stock may be issued from time to time upon conversion of the convertible notes, as this amount may be adjusted as a result of stock splits, stock dividends or distributions and other anti-dilution adjustments. See Summary of the Convertible Notes and the Warrants Conversion and Exercise Price Adjustments. However, until stockholder approval is obtained the Conversion Shares Cap restricts the company from issuing or delivering more than 3,619,050 shares of our common stock (subject to appropriate adjustments for any stock splits, stock dividends and similar events).

(3) An indeterminate number of additional shares of our common stock may be issued from time to time upon exercise of the warrants, as this amount may be adjusted as a result of stock splits, stock dividends or distributions and other anti-dilution adjustments. See Summary of the Convertible Notes and the Warrants Conversion and Exercise Price Adjustments. However, until stockholder approval is obtained the Exercise Shares Cap restricts the company from issuing or delivering more than 500,000 shares of our common stock (subject to appropriate adjustments for any stock splits, stock dividends and similar events).

Edgar Filing: TORTOISE PIPELINE & ENERGY FUND, INC. - Form 4

In addition, as described above all shares of our common stock issuable upon the conversion of the convertible notes and the exercise of the warrants will be entitled to certain registration rights. Consequently, if such shares are registered, they will be freely transferable without restriction under the Securities Act. Such free

transferability could materially and adversely impact the market price of our common stock if a sufficient number of shares are sold into the market.

Consequences if Stockholder Approval is Not Obtained

If the stockholders of the company do not grant their approval, then (i) upon the conversion of the convertible notes, the company could be required to settle part of the portion, if any, of its conversion obligation that would otherwise be satisfied in shares of our common stock by making cash payments, and (ii) upon the exercise of the warrants, the company could be required to settle part of its exercise obligation with respect to the warrants by making cash payments. Moreover, if we fail to obtain such stockholder approval at the Annual Meeting, the terms of the Indenture will require us to use our reasonable best efforts to obtain such approval at each succeeding meeting of the company's stockholders until such time as we shall have obtained approval for the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants.

Vote Required

The affirmative vote of a majority of the votes cast by our outstanding voting shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required for approval of the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants.

Your Board of Directors unanimously recommends a vote FOR the approval of the issuance of a number of shares of our common stock sufficient to fully provide for the conversion of the convertible notes and the exercise of the warrants from time to time as such convertible notes and warrants are presented for conversion or exercise, including without limitation the issuance of all such shares in excess of the Conversion Shares Cap and Exercise Shares Cap, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon. The Board believes that it is in our best interests to approve such issuances of shares of our common stock at this time.

- (1) Beneficial ownership is calculated in accordance with Rule 13d-3(d)(1) under the Exchange Act. Percentage of beneficial ownership of our common stock is based on 20,702,839 shares of our common stock outstanding as of April 3, 2006. In computing the number of shares of our common stock beneficially owned by a person and the percentage ownership of that person, shares of our common stock that may be acquired upon the exercise of options or the conversion of Series B preferred stock held by that person that are currently exercisable or convertible or will become exercisable or convertible within 60 days following April 3, 2006 are deemed outstanding. However, these shares are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated in the footnotes to this table, the persons and entities named in the table have sole voting and sole investment power with respect to all shares beneficially owned, subject to community property laws where applicable. Unless otherwise indicated in the footnotes to this table, the address for each person named in this table is 11701 Luna Road, Dallas, Texas 75234.

Lloyd G. Waterhouse	54	Director
Jackson L. Wilson, Jr.	58	Director

Mr. McGrath has served as a director since August 2004 and subsequently became our Chief Executive Officer and President in February 2005. In 1976, Mr. McGrath co-founded Pittiglio Rabin Todd & McGrath (PRTM), a leading management consulting firm to technology-based companies. He spent 28 years with PRTM in various positions, retiring as Chairman and Chief Executive Officer of PRTM's Atlantic Region in July 2004. Mr. McGrath is also a director of two privately-held companies.

Dr. Chatterjee joined us in January 2000 as Chief Operating Officer and subsequently became Executive Vice President and then President, Solutions Operations. From January 1976 until joining us, Dr. Chatterjee served in several key executive officer positions with Texas Instruments, most recently as Senior Vice President and Chief Information Officer. Mr. Wilson is Chairman of the Board of Avanade Inc., a private joint venture between Accenture and Microsoft Corporation (technology integration on the Microsoft platform).

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The executive officers serve at the discretion of our Board of Directors.

The company has an employment agreement with Mr. McGrath dated as of February 27, 2005 and amended on October 25, 2005 and February 1, 2006. The employment agreement provides for Mr. McGrath to serve as our Chief Executive Officer and President for an initial term expiring December 31, 2007, renewable for successive one-year terms by mutual agreement of the company and Mr. McGrath. The employment agreement may be terminated by Mr. McGrath or us on thirty days notice to the other party. It is expected that Mr. McGrath will assume Mr. Sidhu's role as Chairman of the Board if and when someone is recruited to succeed Mr. McGrath as our Chief Executive Officer and President.

Under the employment agreement, Mr. McGrath receives a salary equivalent to \$600,000 per annum. Mr. McGrath may also receive an incentive bonus, which will only be payable at the discretion of the Compensation Committee of the Board. Mr. McGrath intends to keep his residence in Maine and commutes to our headquarters in Dallas, Texas. We have agreed to provide weekly private jet transportation for Mr. McGrath to and from his residence in Maine, to pay reasonable housing expenses for Mr. McGrath in Dallas, Texas (not to exceed \$5,000 per month) and to pay rental car expenses during Mr. McGrath's employment term (not to exceed \$1,200 per month). We have also agreed to gross-up the taxable portion of any rental car expenses.

Pursuant to the terms of the employment agreement, Mr. McGrath initially received a restricted stock grant of 50,000 shares of our common stock, an option to purchase 230,000 shares of our common stock at an exercise price of \$9.01 and an additional option to purchase 190,000 shares of our common stock at an exercise price of \$7.60. These grants were made under the 1995 Plan and are now fully vested. In addition, the Compensation Committee of the Board subsequently granted Mr. McGrath an option to purchase 480,000 shares of our common stock at an exercise price of \$13.82. This grant was also made under the 1995 Plan, and the option shares for the grant will become vested and exercisable in five installments (provided that Mr. McGrath is still employed by the company as Chief Executive Officer on such installment vesting dates), with (i) the first installment of 100,000 shares vesting on May 31, 2006, (ii) the second installment of 100,000 shares vesting on August 31, 2006, (iii) the third installment of 100,000 shares vesting on November 31, 2006, (iv) the fourth installment of 100,000 shares vesting on February 28, 2007 and (v) the fifth installment of 80,000 shares vesting on May 31, 2007. If a successor Chief Executive Officer is hired by the company during the employment term and Mr. McGrath becomes Chairman of the Board of the company, the company and Mr. McGrath have agreed to negotiate in

good faith a reduction in the number of unvested option shares that will continue to vest in accordance with the foregoing vesting schedule. In addition, in the event that a corporate transaction (as defined in the 1995 Plan) occurs, all unvested option shares that would have vested in the 180 days following such corporate transaction will accelerate and become immediately exercisable.

Ms. Wardak entered into a letter agreement with the company, dated February 11, 2003 and amended on March 22, 2004, providing that her monthly base salary would be \$12,500 and her annual variable compensation, which can be earned by her meeting certain individual and business unit goals and achieving company performance targets, would be up to 35% of her annualized base salary. In addition, the letter agreement provides that if Ms. Wardak's employment is terminated other than for cause or as a result of voluntary resignation, she will be entitled to receive her monthly salary for six months following the termination of her employment. Under the terms of the letter agreement if a corporate transaction (as defined in the 1995 Plan) occurs whereby the company is acquired by another company and Ms. Wardak's employment terminates as a result of an involuntary termination (as defined in the 1995 Plan) within 12 months of such corporate transaction, all unvested option shares granted to Ms. Wardak on or after December 1, 2003 that would have vested in the 12 months following her termination of employment will accelerate and become immediately exercisable.

Certain provisions of the 1995 Plan may have the effect of discouraging, delaying or preventing a change in control of us or unsolicited acquisition proposals. The Plan Administrator under the 1995 Plan may structure one or more outstanding options granted to our executive officers so that these options immediately accelerate in the event the executive officers are terminated involuntarily within a designated period (not to exceed 18 months) following the effective date of any change in control. All options granted under the 1995 Plan prior to January 16, 2001 provide for immediate acceleration in the event the optionee is involuntarily terminated within 18 months following the effective date of any change of control.

We have entered into indemnification agreements with all of our executive officers. We maintain directors' and officers' liability insurance and our Amended and Restated Bylaws provide for mandatory indemnification of officers to the fullest extent permitted by Delaware law.

- (1) Generally, options vest over a four-year period. Additionally, some options may be exercised prior to vesting subject to our right to repurchase at cost any unvested shares purchased prior to vesting in the event of the optionee's termination of employment. In 2005, none of the options granted to the named officers was exercisable prior to vesting. Each option expires on the earlier of ten years from the date of grant or within a specified period following termination of the optionee's employment with us.
- (2) The exercise price may be paid in cash or shares of our common stock valued at fair market value on the exercise date or through a special same-day sale procedure through a broker of their choice.
- (3) Options were granted on February 27, May 17, May 19, July 26 and October 25, 2005.
- (4) Under the rules promulgated by the SEC, these stock valuations represent the hypothetical gain, or option spread, that would exist for these options based on assumed 5% or 10% stock price appreciation from the date of grant until the end of the options' ten-year term. The 5% or 10% assumed annual rate of appreciation is specified in the SEC rules. These assumptions are not intended to forecast future appreciation of our stock price. There can be no assurance that the potential realizable values shown in this table will be achieved. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock.

Aggregate Option Exercises in 2005 and December 31, 2005 Option Values

The following table sets forth certain information concerning options exercised during 2005 and option holdings at December 31, 2005 with respect to each of the executive officers named in the Summary Compensation Table above. No stock appreciation rights were exercised during 2005 and none were outstanding at December 31, 2005.

- (1) Exercisable refers to those options which were both exercisable and vested, while Unexercisable refers to those options which were unvested.
- (2) Value is determined by subtracting the exercise price from the fair market value of our common stock at December 30, 2005 (\$14.11 per share), based upon the closing sales price of our common stock on The Nasdaq Stock Market on such date.

Report on Executive Compensation

The Compensation Committee serves under a charter adopted by the Board of Directors and is composed entirely of non-employee directors. The primary functions of the Compensation Committee include:

Setting the compensation of the Chief Executive Officer.

Reviewing the strategic approach to compensation for key executives, including their total annual compensation targets and payouts.

Approving the annual equity pool, including equity grants for officers and certain other employees.

Compensation Philosophy and Objectives

As a company, our primary objective is to maximize our long-term value for our stockholders. Accomplishing this objective requires developing and marketing products and services that provide solutions for our customers. The primary goal of the Compensation Committee is to align executive compensation with our short-term and long-term business objectives. To accomplish this goal, we must develop compensation practices that allow us to attract and retain the people needed to define, create and market innovative products and services.

The Committee applies the following philosophical framework to executive compensation:

Provide a competitive total compensation package that considers compensation practices of selected peer companies in the software industry and other companies we compete with for executive-level individuals.

Edgar Filing: TORTOISE PIPELINE & ENERGY FUND, INC. - Form 4

Design total compensation on principles that will lead to pay for performance. Performance above expectations should be recognized with a higher level of compensation, while performance below expectations should be addressed with a lower payout.

Tie a significant portion of each executive's total compensation to the overall performance of the company; considering targets for financial results and objectives related to corporate policy deployment.

Align the financial interests of each executive with those of our stockholders through long-term, equity-based incentives. Our executive compensation program includes the following key elements:

Base Salary

Variable Cash Incentives

Equity-Based Incentives

Benefits

Each executive officer's compensation package is designed to provide an appropriately weighted mix of these elements, which cumulatively provide a level of total compensation roughly equivalent to that paid by a selected group of peer companies within the software industry.

Base Salary

Base salary and base salary adjustments for executive officers are determined by qualitative and quantitative factors relating to corporate and individual performance, and are evaluated in relation to salaries paid to executive officers at peer companies within the software industry.

Variable Cash Incentives

Annual cash incentive bonus programs are maintained to reward executive officers for attaining defined performance goals, including company-wide performance targets, business unit performance, and individual goals.

Mr. Sidhu, our Chief Executive Officer and President until February 27, 2005, received a \$1,000 bonus, but elected not to receive any further cash incentive compensation for his services during 2005. Mr. McGrath, our Chief Executive Officer and President since February 27, 2005, received a discretionary bonus approved by the Compensation Committee of the Board in the amount of \$600,000 for achievement during 2005. Overall cash incentive payouts for other key executives were on average higher in 2005 compared to 2004, reflecting the overall performance of the executive team and the company's ability to achieve its financial targets.

Equity-based Incentives

We utilize our 1995 Plan to further align the interests of stockholders and management by creating common incentives related to the ownership by management of a substantial economic interest in the long-term appreciation of our stock. Generally, options under the 1995 Plan are granted with exercise prices set at the fair market value of the underlying stock on the date of grant, have a term of ten years, and are subject to vesting over four years. In determining the size of an option to be granted to an executive officer, the Compensation Committee takes into account the executive officer's position and level of responsibility, the executive officer's existing stock and unvested option holdings, the potential reward to the executive officer if the stock price appreciates in the public market and the competitiveness of the executive officer's overall compensation arrangements, including stock options, although outstanding performance by an individual also may be taken into consideration. Equity grants may be made to new executives upon commencement of employment, and on occasion, to executives in connection with a significant change in job responsibility. Executives may also receive other equity instruments under the 1995 Plan, including share rights awards.

The 1995 Plan was adopted by our Board of Directors and approved by our stockholders in 1995. Amendments to the 1995 Plan were approved by our stockholders in 2004 and 2005. The 1995 Plan is administered by the Compensation Committee. Our Compensation Committee, when determining the size of annual grants to executive officers in 2005, focused on competitive peer data, experience and subjective information. They concluded that the stock and option holdings of many of the executives were below the levels needed to provide the appropriate retention value. In 2005, these awards were designed to provide equity incentives to retain executive officers in light of significant changes to our business during that year.

Benefits

Benefits offered to our executive officers serve as a safety net of protection against the financial catastrophes that can result from illness, disability or death. Benefits offered to our executive officers are substantially the same as those offered to all of our other employees. In 2005, Mr. McGrath elected not to participate in our medical or dental plans for which he received a cash credit of \$900.

We maintain a tax-qualified deferred compensation plan, or 401(k) Savings Plan, for the benefit of all of our eligible full-time employees. Under the 401(k) Savings Plan, participants may elect to contribute, through salary reductions, up to 25% of their annual compensation subject to a statutory maximum. We do not currently provide additional matching contributions under the 401(k) Savings Plan, but may do so in the future. The 401(k) Savings Plan is designed to qualify under Section 401 of the Internal Revenue Code of 1986, as amended, so that contributions by employees or by us to the 401(k) Savings Plan, and income earned on such contributions, are not taxable to employees until withdrawn from the 401(k) Savings Plan, and so that contributions by us, if any, will be deductible by us when made. The trustee under the 401(k) Savings Plan, at the direction of each plan participant, currently invests the assets of the 401(k) Savings Plan in fourteen investment options, which exclude i2 stock.

Compliance with the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a limit on tax deductions for annual compensation, other than performance-based compensation, in excess of \$1,000,000 paid by a corporation to its chief executive officer and the other four most highly-compensated executive officers of a corporation. We have not established a policy with regard to Section 162(m) of the Code. The Board of Directors and Compensation Committee will continue to assess the impact of Section 162(m) of the Code on its compensation practices and determine what further action, if any, is appropriate.

CEO Compensation

Until February 27, 2005, Sanjiv Sidhu, our Chairman, was also our Chief Executive Officer. At his request, Mr. Sidhu's base salary from 2001 forward was reduced to cover only costs associated with certain employee benefits. Similarly, at Mr. Sidhu's request, the Compensation Committee did not grant any stock options or other equity compensation to Mr. Sidhu in during such period.

Mr. Sidhu later recommended to the Board, and the Board agreed, that the roles of Chairman and Chief Executive Officer should be separated, which led to an executive search and on February 27, 2005, Michael E. McGrath was appointed our Chief Executive Officer and President. Mr. Sidhu retained the title of Chairman.

An independent compensation consultant, retained by the Compensation Committee of the Board, reviewed the compensation package to be delivered to our new Chief Executive Officer. Based on this and the other executive compensation surveys, effective February 27, 2005, the Compensation Committee set Mr. McGrath's base salary at \$600,000, with a discretionary bonus amount to be determined by the Board at the end of 2005. In 2005, Mr. McGrath received \$502,308 in salary and on January 24, 2006, the Compensation Committee approved payment of a \$600,000 bonus to Mr. McGrath to reflect a performance level above expectations set for 2005.

Further, after consideration of the survey data referenced above, the Compensation Committee awarded Mr. McGrath stock options to purchase 420,000 shares of our common stock and a restricted stock grant for 50,000 shares of our common stock.

Mr. McGrath also received perquisites of (i) \$52,970 of income imputed to Mr. McGrath in connection with his use of a private aircraft for commuting purposes; (ii) \$49,865 of income imputed to Mr. McGrath in connection with his temporary housing arrangements while in Dallas; and (iii) a payment of \$56,622 to pay the taxes on the income imputed to him and for other perquisites.

On October 25, 2005, the Board granted Mr. McGrath an option to purchase 480,000 shares of our common stock in connection with his agreement to extend his term of employment as Chief Executive Officer and President through December 31, 2007.

Stock Performance Graph

The graph depicted below shows a comparison of cumulative total stockholder returns for i2 common stock, The Nasdaq Stock Market (U.S. Companies) Index and The Nasdaq Computer and Data Processing Services Group Index. The graph assumes that \$100 was invested in i2 common stock on December 29, 2000 and in each index, and that all dividends were reinvested. No cash dividends have been declared on shares of i2 common stock. The graph covers the period from December 29, 2000, the last trading day before our 2001 fiscal year, to December 30, 2005, the last trading day before our 2006 fiscal year. The data for the graph was provided to us by Research Data Group, Inc. The comparisons in the graph are required by regulations of the SEC and are not intended to forecast or to be indicative of the possible future performance of our common stock.

Certain Transactions with Management

Since January 1, 2005, there have been no transactions (except as noted in the next succeeding paragraphs), between i2 or any of our subsidiaries and any executive officer, director, 5% beneficial owner of our common stock, or member of the immediate family of the foregoing persons, in which one of the foregoing individuals or entities had an interest of more than \$60,000.

In June 1998, Michael E. McGrath, our current Chief Executive Officer, President and Director, founded Integrated Development Enterprise, Inc. or IDE, a private company based in Concord, Massachusetts providing integrated software solutions for development chain management. He has served as Chairman of IDE since October 1998. Prior to our hiring of Mr. McGrath as our Chief Executive Officer and President on February 27, 2005, Mr. McGrath had been bound by the terms of an agreement with IDE pursuant to which he was committed to provide approximately fifty-two days of service per year to IDE, through January 31, 2007. As consideration for the release of Mr. McGrath from that commitment, we entered into a preferred stock purchase agreement with IDE, dated as of February 28, 2005, pursuant to which we agreed to purchase up to \$1,000,000 of convertible preferred stock of IDE. Q Funding III, L.P., an affiliate of Q Investments and R² Investments, LDC, the holder of all of our outstanding shares of Series B preferred stock, also committed to purchase up to \$1,000,000 of IDE convertible preferred stock, on identical terms, pursuant to the terms of the same preferred stock purchase agreement. During 2005, both we and Q Funding purchased the preferred stock that each of us committed to acquire. Mr. McGrath was released from his service obligation to IDE upon execution and delivery of the preferred stock purchase agreement. Mr. McGrath will continue as chairman of IDE. Mr. McGrath and members of his family hold less than 10% of the common stock of IDE on a fully-diluted basis. At December 31, 2005, we evaluated the fair market value of the investment in IDE and determined the investment was impaired and the impairment was other-than temporary. Accordingly we recorded an impairment charge to reduce the carrying value of the investment to zero. The impairment charge is reflected in other expense, net in our income statement.

On October 4, 2005, we entered into an agreement with IDE to license and implement their Phase Management and Portfolio Management solutions. We expect to pay IDE approximately \$0.4 million under this agreement.

On June 28, 2005, we sold 1,923,077 shares of our common stock to R² Investments, LDC, an affiliate of Q Investments, the holder of all of our outstanding shares of Series B preferred stock. The stock was sold at a price of \$7.80 per share, the closing price on June 23, 2005 when our Board of Directors approved the transaction. We received approximately \$15.0 million of net proceeds from this sale.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who beneficially own more than 10% of our common stock, to file reports of ownership and changes in ownership with the SEC. Executive officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of the forms furnished to us or written representations from the reporting persons that no reports were required, we believe that, during and with respect to 2005, all of our executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements, except that a late Form 4 was filed on behalf of Michael E. McGrath, our Chief Executive Officer and President, on February 2, 2006 to report stock options that he acquired on October 25, 2005.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended December 31, 2005, included in our Annual Report on Form 10-K for that year.

Pursuant to a written charter adopted by the Board of Directors, the Audit Committee oversees i2 s financial reporting process on behalf of the Board of Directors. The Audit Committee s duties and responsibilities are more fully described in its charter, which was attached as Exhibit A to our proxy statement for our 2005 Annual Meeting. Management is responsible for i2 s financial reporting process, including the systems of internal accounting and financial controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. i2 s independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on those financial statements based on their audit.

The Audit Committee met five times in 2005. The oversight functions of the Audit Committee include, among other things, (i) appointing our independent registered public accounting firm; (ii) reviewing the external audit plan and the results of the auditing engagement; (iii) reviewing the internal audit plan and the results of the internal audits; (iv) ensuring that management has maintained the reliability and integrity of our accounting policies and our financial reporting and disclosure practices; (v) reviewing the independence and performance of our internal and external auditors; and (vi) reviewing the adequacy of our system of internal control and compliance with all applicable laws, regulations and corporate policies.

We have met and held discussions with management and Deloitte & Touche LLP. We reviewed and discussed with our management i2 s audited financial statements for the year ended December 31, 2005. In addition, we discussed with Deloitte & Touche LLP the matters required by Statement on Auditing Standards No. 61, Communications with Audit Committees. Also, we have received the written disclosures from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, and have discussed with Deloitte & Touche LLP its independence from i2.

Based upon the aforementioned discussions and disclosures, we recommended to the Board of Directors that the audited financial statements be included in i2 s Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC.

Audit Committee:

Robert L. Crandall, Chairman
Stephen P. Bradley
Harvey B. Cash
Richard L. Clemmer
Lloyd G. Waterhouse
Jackson L. Wilson, Jr.

The preceding Report of the Audit Committee, and references in this proxy statement to the independence of the Audit Committee, shall not be deemed incorporated by reference into any of our previous filings under the Securities Act or the Exchange Act which might incorporate filings made by us under those Acts, nor will such report or references be incorporated by reference into any future filings made by us under those Acts, except to the extent that we specifically incorporate this information by reference.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Upon recommendation of the Audit Committee, our Board of Directors appointed Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2006. Deloitte & Touche LLP has served as our independent registered public accounting firm since May 2002.

In addition to performing the audit of our consolidated financial statements, Deloitte & Touche LLP provided various other services during 2005 and 2004. The aggregate fees billed for 2005 and 2004 for each of the following categories of services are set forth below:

	2005	2004
Audit fees (including reviews of Quarterly Reports)	\$ 2,627,227	\$ 3,257,534
Audit-related fees (1)	25,875	194,229
Tax fees (2)	89,000	741,959
All other fees (3)	8,581	4,790
	\$ 2,750,683	\$ 4,198,512

(1) Relates to the filing of a registration statement on Form S-3 and the amendment to a previously-filed annual report on Form 10-K.

(2) Includes services related to tax compliance and other tax-related consultations.

(3) Includes fees for immigration consultations and other miscellaneous accounting consultations.

During 2005 and 2004, we did not engage Deloitte & Touche LLP to provide any professional services related to financial information systems design and implementation.

It is the practice of the Audit Committee to pre-approve all services rendered to us by our independent registered public accounting firm in accordance with applicable legal requirements.

Representatives of Deloitte & Touche LLP will be attending the 2006 Annual Meeting and will be available to respond to questions. We do not anticipate that such representatives will make a statement at the meeting, but they will have the opportunity to make a statement if they desire to do so.

STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, any stockholder proposals to be considered by us for inclusion in our proxy statement and form of proxy card for our 2007 annual meeting of stockholders, expected to be held in May 2007, must be received by us at our offices in Dallas, Texas, addressed to our Secretary, not later than December 26, 2006 (120 days prior to the first anniversary of this proxy statement). The SEC rules set forth standards as to what stockholder proposals are required to be included in a proxy statement. In addition, our Amended and Restated Bylaws establish an advance notice procedure with regard to stockholder proposals, including stockholder proposals not included in our proxy statement, to be brought before an annual meeting of stockholders. In general, notice must be received by our corporate secretary not less than 120 days nor more than 150 days prior to the first anniversary of the date of this proxy statement and must contain specified information concerning the matters to be brought before the meeting and concerning the stockholder making the proposal. Therefore, to be presented at next year's annual meeting, stockholder proposals, whether or not submitted for consideration for inclusion in our proxy statement, must be received on or after November 26, 2006 but no later than December 26, 2006. Stockholder proposals must comply with applicable Delaware law, certain rules and regulations promulgated by the SEC and the procedures set forth in our Amended and Restated Bylaws.

OTHER MATTERS

Our Board of Directors is not aware of any matter to be presented for action at this meeting other than the matters set forth in this proxy statement. Should any other matter requiring a vote of the stockholders arise, the persons named as proxies on the enclosed proxy card will vote the shares represented thereby in accordance with their best judgment of our interest. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy card, unless marked to the contrary.

By Order of the Board of Directors,

Robert C. Donohoo
