**NORTH AMERICAN ENERGY PARTNERS IN FINAL STAGES OF
NEGOTIATING SIGNIFICANT PIPELINE CONTRACT**

ACHESON, AB, Canada (February 14, 2007) North American Energy Partners Inc. (NAEPI) (TSX: NOA) (NYSE: NOA) is pleased to announce that we have now entered the final stages of negotiation with Kinder Morgan Canada for the supply of pipeline construction services for the TMX Anchor Loop project. The project, with an approximate value of \$170M, starts near Hinton, Alberta and runs for 160 km through Jasper National Park and terminates just outside of Mount Robson Provincial Park.

The project will employ over 300 people through two construction seasons and is slated to begin in August 2007. NAEPI is currently working with Kinder Morgan Canada to develop execution strategies, risk analysis and project budget targets.

NAEPI's President & CEO, Rod Ruston, states, we appreciate being invited to participate in the project at these beginning stages. We believe that Kinder Morgan Canada is taking positive steps to mitigate their risks and those of their Contractor through the joint development of risk mitigation strategies and project control systems with transparent daily reporting. We also recognize the environmental sensitivity associated with the project and we will continue to work with Kinder Morgan Canada and the various stakeholders and aboriginal groups to ensure a successful project.

We anticipate reaching the final agreement stage in mid-March 2007.

North American Energy Partners Inc. (TSX: NOA) (NYSE: NOA) is one of the largest providers of mining and site preparation, piling and pipeline installation services in western Canada. For more than 50 years, we have provided services to large oil, natural gas and resource companies, with a principal focus on the Canadian oil sands. We maintain one of the largest independently owned equipment fleets in the region.
