INFORMATION TO BE INCLUDED IN THE REPORT

Item 1.01 Entry into a Material Definitive Agreement.

On June 16, 2008, we and our subsidiaries entered into a Credit and Security Agreement with Wells Fargo for a three year revolving line of credit and letters of credit collateralized by all of our assets and those of our subsidiaries. Under the facility we can borrow up to \$17 million (subject to a borrowing base which includes eligible receivables and eligible inventory), which, subject to the satisfaction of certain conditions, may be increased to \$20 million. The credit facility also includes a \$7.5 million letter of credit sub facility.

Concurrently with the execution of the Credit and Security Agreement, we made an initial borrowing thereunder in the amount of \$11.2 million, which we used to pay in full the outstanding balances owed to our then lender, Manufacturers & Traders Trust Company (M&T). We also terminated the underlying credit agreement, notes, security agreements and related instruments and documents, but left in force a Letter of Credit Reimbursement Agreement between M&T and us. In connection with the pay off of the M&T facility, we cash collateralized on a dollar-for-dollar basis four letters of credit previously issued by M&T which will remain outstanding until they expire or are drawn upon. These letters of credit are in the aggregate face amount of approximately \$3.1 million. We pledged the cash collateral account to M&T pursuant to a Pledge Account Agreement which we entered into with M&T.

In addition to the repayment of our loans from M&T, the proceeds of the Wells Fargo facility can be used for ongoing working capital needs.

The borrowings under the revolving line of credit bear interest at prime rate minus .25% or the applicable 30, 90, 180-day LIBOR plus 2.4%, subject to certain minimums, and .25% downward adjustment if a required net income amount is earned by the Company for fiscal 2008. Additionally, a monthly collateral management fee will be charged. We paid a closing fee of \$57,500 to Wells Fargo and will pay letter of credit fees to Wells Fargo in the amount of 1.0% per annum of the face amount of standby letters of credit issued and .75% per annum of the face amount of commercial letters of credit issued. A prepayment fee in an amount equal to the following percentages of the prepaid amount applies: 3.0% for the first year of the facility; 2.0% for the period between the end of the first year and the 18th month of the facility; and 1.0% thereafter.

The agreement includes various financial and other covenants with which we have to comply in order to maintain borrowing availability and avoid penalties, including an annual capital expenditure limitation and a minimum quarterly net income requirement. Other covenants include, but are not limited to, covenants limiting or restricting the Company's ability to incur indebtedness, incur liens, enter into mergers or consolidations, dispose of assets, make investments, pay dividends, enter into transactions with affiliates, or prepay certain indebtedness. The credit and security agreement also contains customary events of default including, but not limited to, payment defaults, covenant defaults, cross-defaults to other indebtedness, material judgment defaults, inaccuracy of representations and warranties, bankruptcy and insolvency events, defects in Wells Fargo's security interest, change in control events, material adverse change and certain officers being convicted of felonies. The occurrence of an event of default will increase the interest rate by 3.0% over the rate otherwise applicable and could result in the acceleration of all obligations of the Company to Wells Fargo with respect to indebtedness, whether under the Credit and Security Agreement or otherwise.

This summary of the Credit and Security Agreement and related instruments and documents executed pursuant thereto are qualified in their entirety by reference to the full text of thereof filed as exhibits herewith, all of which are incorporated by reference herein.
