Sunstone Hotel Investors, Inc.

Common Stock

This prospectus supplement no. 1 supplements and amends the prospectus dated November 20, 2008 relating to the resale from time to time of shares of our common stock that we may issue to holders named in the prospectus and in this prospectus supplement upon exchange of the 4.60% Exchangeable Senior Notes due 2027, or the notes, issued by Sunstone Hotel Partnership, LLC, our operating partnership.

This prospectus supplement should be read in conjunction with and accompanied by, and is qualified by reference to, the prospectus dated November 20, 2008, except to the extent that the information presented herein supersedes any information contained in that document. This prospectus supplement is not complete without, and may not be delivered or utilized except in connection with, the prospectus dated November 20, 2008, including any amendments or supplements thereto.

Our common stock currently trades on the New York Stock Exchange under the symbol SHO. On March 23, 2009, the last reported sale price of our common stock was \$2.95 per share. Shares of our common stock are subject to ownership and transfer limitations that must be applied to maintain our status as a real estate investment trust.

See the information under the heading Risk Factors beginning on page 7 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008, which information is incorporated by reference into this prospectus supplement, for a discussion of factors you should carefully consider before deciding to invest in shares of our common stock.

Neither the Securities and Exchange Commission, or the SEC, nor any other state or federal regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. SELLING STOCKHOLDERS

The information appearing in the table below with respect to the selling stockholders named therein supplements the information with respect to such selling stockholders in the table appearing under the heading "Name of Selling Stockholder" in the prospectus dated November 20, 2008.

The following table sets forth information, as of March 4, 2009, with respect to the selling stockholder and the number of common shares that would become beneficially owned by such selling stockholder should we issue shares of common stock to such selling stockholder, which shares may be offered pursuant to this prospectus supplement upon the exchange of the notes to such selling stockholder. The information in the table is based on information provided by or on behalf of the selling stockholder. The selling stockholder may offer all, some or none of the shares of common stock which we may issue upon the exchange of the notes. In addition, the selling stockholder identified below may have sold, transferred or otherwise disposed of all or a portion of its notes or common stock since the date on which it provided the information regarding its notes in transactions exempt from the registration requirements of the Securities Act of 1933, as amended, or the Securities Act.

The number of shares of our common stock issuable upon the exchange of the notes shown in the table below assumes exchange of the full amount of notes held by the selling stockholder at the exchange rate of 29.8137 shares of our common stock per \$1,000 principal amount of notes and a cash payment in lieu of any fractional share, even though, pursuant to the terms of the notes, upon exchange of the notes, we will deliver, at our option, either cash, shares of our common stock or a combination of cash and shares of our common stock. The actual exchange rate with respect to the notes is subject to adjustment in certain events and was adjusted from the aforementioned rate to 32.9179 as of December 20, 2008 as a result of a dividend on our common stock. If needed, we intend to file a post-effective amendment to our Registration Statement on Form S-3 of which the prospectus and this prospectus supplement form a part with respect to the additional shares of common stock that have become issuable with respect to the notes (including those held by the selling stockholder named below) as a result of such adjustment. Accordingly, the number of shares of our common stock issued upon the exchange of the notes may increase or decrease from time to time. The number of shares of our common stock owned by the selling stockholder or any future transferee from such holder assumes that it does not beneficially own any shares of our common stock other than the shares of our common stock that we may issue to it upon the exchange of the notes.

Based upon information provided by the selling stockholder, neither the selling stockholder listed in the table below nor any of its affiliates, officers, directors or principal equity holders has held any positions or office or has had any material relationship with us within the past three years.
