Euronext's consolidated financial statements prepared in accordance with GAAP and to better reflect period-over-period comparisons, NYSE Euronext uses non-GAAP financial measures of performance, financial position, or cash flows that either exclude or include amounts that are not normally excluded or included in the most directly comparable measure, calculated and presented

in  
accordance  
with  
GAAP.  
Non-GAAP  
financial  
measures  
do  
not  
replace  
and  
are  
not  
superior  
to  
the  
presentation  
of  
GAAP  
financial  
results,  
but  
are  
provided  
to  
(i)  
present  
the  
effects  
of  
certain  
merger  
expenses,  
exit  
costs  
and  
other  
special  
items,  
and  
(ii)  
improve  
overall  
understanding  
of  
NYSE  
Euronext's  
current  
financial  
performance

and  
its  
prospects  
for  
the  
future.  
Specifically,  
NYSE  
Euronext  
believes  
the  
non-GAAP  
financial  
results  
provide  
useful  
information  
to  
both  
management  
and  
investors  
regarding  
certain  
additional  
financial  
and  
business  
trends  
relating  
to  
financial  
condition  
and  
operating  
results.  
In  
addition,  
management  
uses  
these  
measures  
for  
reviewing  
financial  
results  
and  
evaluating  
financial  
performance.

The non-GAAP adjustments for all periods presented are based upon information and assumptions available as of the date of this release. See NYSE Euronext's earnings release dated April 28, 2011 for a reconciliation of non-GAAP financial measures to GAAP measures.
