PROXY STATEMENT

January 11, 2012

Annual Meeting of Stockholders

February 29, 2012

SOLICITATION AND VOTING RIGHTS

The accompanying proxy is solicited by the Board of Directors of Powell Industries, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders of the Company to be held on Wednesday, February 29, 2012 at 11:00 a.m., Houston time, at the principal executive offices of the Company at 8550 Mosley Road, in Houston, Texas 77075, or at any adjournment thereof.

This Proxy Statement, proxy and the accompanying Notice of Annual Meeting, Annual Report to Stockholders and Form 10-K for year ended September 30, 2011, including consolidated financial statements, will be mailed to stockholders on or about January 11, 2012. The Board of Directors of the Company has fixed January 4, 2012, as the record date for determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. As of January 4, 2012, there were 11,766,981 shares of the Company's Common Stock, par value \$.01 per share (Common Stock), outstanding. Each holder of Common Stock will be entitled to one vote for each share owned, except as noted below.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum at the meeting. Brokers holding shares of record for their customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. When brokers complete proxy forms, they generally vote on those matters as to which they are entitled to vote. On those matters as to which brokers are not entitled to vote without instructions from their customers and have not received such instructions, brokers generally indicate on their proxies that they lack voting authority as to those matters. As to those matters, such indications are called broker non-votes.

The vote of a plurality of the shares entitled to vote and represented at a meeting at which a quorum is present is required for the election of directors. The persons receiving the greatest number of votes cast at the meeting to fill the directorships with terms to expire in 2015 will be elected as directors of the Company, class of 2015. Thus, abstentions and broker non-votes will have no effect on the election of directors. As to the say-on-pay proposal, the vote of a majority of the shares entitled to vote and represented at a meeting at which a quorum is present is required. As to any other matters which may come before the meeting, broker non-votes will have the effect of negative votes as to any such other matters for which the broker is entitled to vote and no effect on those matters for which the broker is not entitled to vote. The holders of shares represented by proxies reflecting abstentions or broker non-votes will not be considered present at the meeting and thus will not count toward a quorum.

The shares represented by each valid proxy received by the Company on the form solicited by the Board of Directors will be voted in accordance with instructions specified on the proxy. A stockholder giving a duly executed proxy may revoke it before it is exercised by filing with or transmitting to the Secretary of the Company an instrument or transmission revoking it, or a duly executed proxy bearing a later date.

Table of Contents

In addition to the solicitation of proxies by use of this Proxy Statement, directors, officers and employees of the Company may solicit the return of proxies by mail, personal interview, telephone or the Internet. Officers and employees of the Company will not receive additional compensation for their solicitation efforts, but they will be reimbursed for any out-of-pocket expenses incurred. Brokerage houses and other custodians, nominees and fiduciaries will be requested, in connection with the stock registered in their names, to forward solicitation materials to the beneficial owners of such stock.

All costs of preparing, printing, assembling and mailing the Notice of Annual Meeting of Stockholders, this Proxy Statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation, will be borne by the Company.

Delivery of One Proxy Statement and Annual Report to a Single Household to Reduce Duplicate Mailings

Each year in connection with the annual meeting of stockholders, the Company is required to send to each stockholder of record a proxy statement and annual report, and to arrange for a proxy statement and annual report to be sent to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because some stockholders hold shares of Common Stock in multiple accounts, this process results in duplicate mailings of proxy statements and annual reports to stockholders who share the same address. Stockholders may avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single proxy statement or annual report, you may contact the Company by mail at 8550 Mosley Road, Houston, Texas 77075 or by telephone at (713) 947-4422.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single proxy statement or annual report if there are other stockholders of the Company who share an address with you. If you currently receive more than one proxy statement or annual report at your household, and would like to receive only one copy of each in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single proxy statement and annual report but later decide that you would prefer to receive a separate copy of the proxy statement or annual report, as applicable, for each stockholder sharing your address, then please notify the Company or your nominee, as applicable, and the Company or they will promptly deliver such additional proxy statements or annual reports. If you wish to receive a separate copy of the proxy statement or annual report for each stockholder sharing your address in the future, you may contact the Company by mail at 8550 Mosley Road, Houston, Texas 77075 or by telephone at (713) 947-4422.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The terms of four directors are scheduled to expire at the 2012 Annual Meeting or until their successors are duly elected and qualified under the Company's bylaws. The terms of the remaining directors continue after the Annual Meeting. The Nominating and Governance Committee has nominated James F. Clark, Scott E. Rozzell, Stephen W. Seale, Jr. and Robert C. Tranchon for election as directors with terms scheduled to expire in fiscal

2015 or until their successors are duly elected and qualified. Messrs. Clark, Rozzell, Seale and Tranchon currently serve as directors of the Company with terms scheduled to expire at the 2012 annual meeting or until their successors are duly elected and qualified. Although the Board of Directors does not contemplate that any nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the persons named in the enclosed form of proxy will vote in accordance with their best judgment for a substitute nominee.

PROPOSAL NO. 2

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

The Board of Directors is providing the stockholders with the opportunity to endorse or not endorse the Company's executive compensation (commonly known as "say-on-pay") through consideration of the following non-binding advisory resolution:

Resolved, that the stockholders approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement.

Because your vote is advisory, it will not be binding on the Board. However, the Compensation Committee will consider the outcome of the vote when making decisions regarding future executive compensation arrangements.

RECOMMENDATION OF THE BOARD

The Board of Directors recommends a vote **FOR** the advisory approval of the Company's executive compensation. Unless otherwise indicated on your proxy, your shares will be voted **FOR** the advisory approval of the Company's executive compensation.

Table of Contents**BOARD OF DIRECTORS**

The following table sets forth for each nominee and for each director whose term of office continues after the Annual Meeting, his name, age, principal occupation and employment for the past five years, offices held with the Company, the date he first became a director, and the date of expiration of his current term as director.

⁽¹⁾ None of the corporations listed (other than the Company) is an affiliate of the Company.

⁽²⁾ Mr. Rozzell was appointed to the Board of Directors effective September 13, 2011.

⁽³⁾ Mr. Powell also served as Chief Executive Officer of the Company until his retirement on September 30, 2008 at which time Mr. McDonald succeeded Mr. Powell as President and Chief Executive Officer of the Company. Upon Mr. McDonald's resignation, effective September 14, 2011, Mr. Powell was appointed President and Chief Executive Officer until the Board appoints an outside party to assume these positions.

Board Structure, Committee Composition and Meetings

As of the date of this Proxy Statement, the Board of Directors (Board) was comprised of nine members, divided into three classes.

The Board is comprised of a majority of independent directors. The Board has determined that Ms. Bonnie V. Hancock and Messrs. Joseph L. Becherer, Eugene L. Butler, James F. Clark, Christopher E. Cragg, Scott E. Rozzell, Stephen W. Seale, Jr., and Robert C. Tranchon are Independent Directors as such term is defined by Listing Rule 5605(a)(2) of The NASDAQ Stock Market, and that the current members of the audit committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, or the Exchange Act. The Board based its determinations of independence primarily on a review of the responses the directors provided to questions regarding employment and compensation history, affiliations and family and other relationships.

Five meetings of the Board were held during the year ended September 30, 2011. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate of (1) the total number of meetings of the Board and (2) the total number of meetings held by all committees of the Board during the period that such director served on such committees.

Table of Contents

It is the Company's policy that directors attend the Annual Meeting of Stockholders. At the Annual Meeting of Stockholders on February 23, 2011, all of the Company's directors at that date were present. Stockholders may communicate with directors of the Company by writing to them at the Company's headquarters. Communications addressed to the Board of Directors will be reviewed by the Secretary of the Company and directed to the members of the Board for their consideration.

Committees, Memberships and Meetings

The Board has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee. The Board may also establish other committees from time to time as necessary to facilitate the management of the business and affairs of the Company and to comply with the corporate governance rules of The NASDAQ Stock Market.

Audit Committee

The Audit Committee assists the Board in overseeing matters relating to the Company's accounting and financial reporting practices, the adequacy of its internal controls and the quality and integrity of its financial statements. It is the Board's agent in overseeing the integrity of financial reports of the Company and its subsidiaries, and the adequacy of disclosures to stockholders. The Audit Committee is the focal point for communication between other directors, the Company's independent registered public accounting firm, internal auditors and management as their duties relate to financial accounting, reporting, and controls. The Audit Committee Charter does not permit the Audit Committee to delegate its authority. The Audit Committee held five meetings during the year ended September 30, 2011. All meetings of the Audit Committee were separate and apart from meetings of the full Board of Directors during fiscal 2011.

The Audit Committee is comprised of Eugene L. Butler, Christopher E. Cragg, Stephen W. Seale, Jr. and Robert C. Tranchon. The Board of Directors has determined that each of Messrs. Butler and Cragg qualify as an audit committee financial expert, as defined in Item 401(h) of Regulation S-K promulgated under the Exchange Act, and that each is an independent director. A copy of the Audit Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled "Investor Relations."

Compensation Committee

The Compensation Committee provides oversight on behalf of the full Board on development and administration of the Company's executive compensation program and each benefit plan in which officers and directors are eligible to participate. The Compensation Committee regularly reviews the Company's compensation practices, including the methodologies for setting the total compensation for senior management and officers. The Compensation Committee makes recommendations to the Board for compensation paid to the Chief Executive Officer and for director compensation. The Compensation Committee also strives to make the Company's compensation competitive by comparing the Company's practices and compensation levels against the results of surveys of related-industry companies. The Compensation Committee has the flexibility to exercise its independent judgment when establishing compensation policies, especially when rewarding individual performance.

The Compensation Committee has the authority to directly engage independent consultants. On a regular basis, consultants have been used to provide advice and ongoing recommendations regarding executive compensation. The Compensation Committee has retained Hewitt Associates LLC ("Hewitt") to provide

Table of Contents

market information and analyses regarding named executive officers' total compensation including base salary, short-term incentive compensation and long-term incentive compensation. The Hewitt analysis and reports also included director compensation.

The Compensation Committee is comprised of Joseph L. Becherer, Christopher E. Cragg, Bonnie V. Hancock and Stephen W. Seale, Jr. The Compensation Committee held five meetings during the year ended September 30, 2011. The Compensation Committee also performs an annual self-evaluation and the most recent evaluation determined that the Committee met all expectations of the Compensation Committee Charter. A copy of the Compensation Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled "Investor Relations."

Nominating and Governance Committee

The Nominating and Governance Committee proposes a slate of directors for election by the Company's stockholders at each annual meeting and recommends candidates for appointment to the Board to fill any vacancy on the Board. The Nominating and Governance Committee is also responsible for establishing director qualifications and the selection criteria for new directors. The Nominating and Governance Committee recommends to the Board a slate of directors to serve on each standing committee of the Board and recommends one member of each standing committee to serve as chairman of the committee. The Nominating and Governance Committee is also responsible to review and monitor the adherence to the Corporate Governance Guidelines adopted by the Board.

The Nominating and Governance Committee is comprised of Eugene L. Butler, James F. Clark, Scott E. Rozzell and Robert C. Tranchon. During the year ended September 30, 2011, the Committee held three meetings. In December 2011, the Nominating and Governance Committee met and discussed the current director candidates, and recommended to the Board the reelection of the four candidates nominated above. A copy of the Nominating and Governance Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled "Investor Relations."

Director Compensation

The Company uses a combination of cash and equity based compensation in the form of restricted stock to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by the Company of members of the Board. Only directors who are not employees of the Company or any of its subsidiaries or affiliates, are entitled to receive a fee, plus reimbursement of out-of-pocket expenses for their services as directors. Mr. Powell, who is also our employee beginning September 14, 2011, did not receive any additional compensation for serving as a President and Chief Executive Officer during the year ended September 30, 2011. The Compensation Committee utilizes Hewitt for market data and analysis of director compensation as part of the Committee's annual review of director compensation.

Table of Contents

Effective February 24, 2011, compensation for non-employee directors was comprised of the following components:

		Cash Compensation	Common Stock
Quarterly Retainer:		\$ 3,750	
Board Meeting Fees:		\$ 2,000	
(For each meeting attended)			
Committee Chairman Meeting Fees:	Audit	\$ 3,000	
(For each meeting attended)	Compensation	\$ 2,000	
	Nominating and Governance	\$ 1,250	
Committee Member Meeting Fees:	Audit	\$ 1,500	
(For each meeting attended)	Compensation	\$ 1,000	
	Nominating and Governance	\$ 800	
Annual Restricted Stock Award:			2,000

In addition to the above, the Company reimburses expenses related to attendance at meetings to non-employee directors.

The stockholders voted at the April 15, 2005 meeting to approve the Non-Employee Director Restricted Stock Plan. The total number of shares of Common Stock reserved under the plan is 150,000 shares. The plan is administered by the Compensation Committee. Eligibility to participate in the plan is limited to those individuals who are members of the Board of the Company and who are not employees of the Company or any affiliate of the Company. In accordance with the terms of the Plan, each non-employee director receives 2,000 restricted shares of the Company's Common Stock annually in June. In June 2011, each non-employee director was issued 2,000 such shares in accordance with the Non-Employee Director Restricted Stock Plan.

Table of Contents**DIRECTOR COMPENSATION FOR FISCAL 2011**

The table below summarizes the compensation paid by the Company to non-employee directors for the year ended September 30, 2011.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)⁽¹⁾⁽²⁾	All Other Compensation (\$)⁽³⁾	Total (\$)
Joseph L. Becherer	27,000	65,280		92,280
Eugene L. Butler	38,900	65,280		104,180
James F. Clark	25,400	65,280		90,680
Christopher E. Cragg	35,600	65,280		100,880
Bonnie V. Hancock	27,000	65,280		92,280
Thomas W. Powell ⁽³⁾	23,000	65,280	150,000	238,280
Scott E. Rozzell ⁽⁴⁾	2,000	50,835		52,835
Stephen W. Seale, Jr.	33,600	65,280		98,880
Robert C. Tranchon	33,350	65,280		98,630

⁽¹⁾ The amounts in this column reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended September 30, 2011, in accordance with ASC Topic 718 of awards, including awards granted in years prior to September 30, 2011, pursuant to the Company's long-term incentive compensation plan. The grant date fair values of the stock awards granted are equivalent to the average of the high and low stock price on the date of grant.

⁽²⁾ All of the referenced stock awards relate to the annual issuance of 2,000 shares of restricted stock to each of our directors, which vest in two equal installments on the first and second anniversaries of the date of grant. Excepting grants to newly appointed directors, following any two years of service, each of our directors would hold 3,000 shares of unvested restricted stock (2,000 unvested shares from the most recent issuance and 1,000 unvested shares from the prior year's issuance).

⁽³⁾ Thomas W. Powell is also covered by the Company's Executive Benefit Plan. Pursuant to Mr. Powell's Executive Benefit Agreement executed under such Plan, following normal retirement after age 65 and having completed at least ten years of continuous employment, he is entitled to salary continuation payments of \$150,000 per year for five years and then \$75,000 per year for ten years. A key man insurance policy for \$1 million was purchased at the time this became effective, the ultimate proceeds of which are intended to offset a portion of the cost of this benefit. While Mr. Powell was appointed President and Chief Executive Officer on September 14, 2011, he did not receive any additional compensation for serving in such role from September 14, 2011 through September 30, 2011. He began receiving compensation as President and Chief Executive Officer beginning October 1, 2011.

⁽⁴⁾ Mr. Rozzell was appointed to the Board effective September 13, 2011. Upon his appointment, Mr. Rozzell was granted a stock award for 1,500 shares of our common stock which represents a pro rata portion of the June 2011 award in accordance with the Non-Employee Director Restricted Stock Plan.

Table of Contents

CORPORATE GOVERNANCE

The Company has established Corporate Governance Guidelines, which may be found on the Governance page of the Company's website, www.powellind.com. The Corporate Governance Guidelines include the definition of independence used by the Company to determine whether its directors and nominees for directors are independent, which are the same qualifications prescribed under the Marketplace Rules of The NASDAQ Stock Market. Pursuant to the Company's Corporate Governance Guidelines, the Company's non-management directors are required to meet in separate sessions without management on a regularly scheduled basis four times a year. Generally, these meetings occur as an executive session without the management director in attendance in conjunction with regularly scheduled meetings of the Board throughout the year. Because the Chairman of the Board was formerly a member of management and since September 14, 2011 has been serving again as President and Chief Executive Officer, the separate non-management sessions are presided over by an independent director elected by a majority of the non-management directors.

Board Leadership Structure

The Chairman of the Board is elected by the Board of Directors on an annual basis. Mr. Powell, the Company's Chief Executive Officer, currently serves as Chairman. The Board has determined that Mr. Powell should continue to serve in the role of Chairman based on various factors. First, as the Company's long-time Chief Executive Officer and Chairman and, since September 14, 2011 as the current Chief Executive Officer, Mr. Powell's leadership and vision for the Company have been instrumental in its development, including his extensive knowledge and experience of the electrical manufacturing business derived from his decades of experience as CEO. Second, Mr. Powell is uniquely qualified to be the Company's Chairman because he has years of experience in that role. Third, Mr. Powell has the confidence of the Board, the Company and its stockholders to continue to implement the Company's business plan. Fourth, Mr. Powell is serving as Chief Executive Officer on an interim basis.

Board's Role in Risk Oversight

The Board utilizes the Company's Enterprise Risk Management (ERM) process to assist in fulfilling its oversight of the Company's risks. Management, which is responsible for day-to-day risk management, conducts a risk assessment of the Company's business annually and more often on an as-needed basis. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental aspect of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in approving the Company's business strategy as promoted by management is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

The Company conducts an annual risk assessment, which is facilitated by the Company's ERM team in collaboration with the Company's internal auditors. The results of the risk assessment are reviewed with the full Board. The centerpiece of the assessment is a discussion of the Company's key risks, which includes the

Table of Contents

potential magnitude of each risk, likelihood of each risk and the speed with which the risk could impact the Company. As part of the process of analyzing each risk, management identifies the senior executive responsible for managing the risk, the risk's potential impact and management's initiatives to manage the risk.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial and enterprise risk exposures, including internal controls, and discusses with management and the Company's independent auditor the Company's policies with respect to risk assessment and risk management. The Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to the Company's compliance with applicable laws and regulations and with conflict of interest issues that may arise. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Governance Committee considers risks related to corporate governance.

Review, Approval or Ratification of Transactions with Related Persons

The Company reviews any transaction between the Company or a subsidiary of the Company and any of our directors, executive officers or any of their immediate family members or any nominee for director or a holder of more than 5% of any class of our voting securities and the amount of the transaction exceeds \$120,000. The Company's Code of Business Conduct and Ethics requires disclosure by directors of any situation that involves, or may reasonably be inferred to involve, a conflict between a director's personal interests and the interests of the Company. The Company's practice when such matters have been disclosed has been to refer the matter for consideration and final determination by the Audit Committee or the independent directors of the Board, or both, which have considered the fairness of the transaction to the Company, as well as other factors bearing upon its appropriateness. In all such matters, any director having a conflicting interest abstains from voting on the matters.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, including its executive officers and directors. A copy of the Company's Code of Business Conduct and Ethics may be obtained at the Investor Relations section of the Company's website, www.powellind.com, or by written request addressed to the Secretary, Powell Industries, Inc., 8550 Mosley Road, Houston, Texas 77075. The Company intends to satisfy the requirements under Item 5.05 of Form 8-K regarding disclosure of amendments to, or waivers from, provisions of its code of ethics that apply to the Chief Executive Officer, Chief Financial Officer or Controller by posting such information on the Company's website.

Communications with the Board of Directors

The Board of Directors, comprised of a majority of independent directors, has unanimously approved a process for stockholders, or other interested persons, to communicate with the Board of Directors. This process is located on the Governance page of the Company's website, www.powellind.com. The relevant document is titled "Procedures for Communication with Directors."

In addition, stockholders, or other interested persons, wishing to communicate with the Board of Directors for anonymous complaints about accounting, internal accounting control and auditing issues may call the Company's toll-free governance hotline at 1-877-888-0002. The Audit Committee monitors these calls.

Table of Contents

All calls are documented, and those reports that are deemed to be substantive will be passed on to the Board. Stockholders, or other interested persons, calling the hotline should provide a sufficiently detailed description of the nature of the matter that the person wishes to communicate with the Board, as well as a name, telephone number, email address, or other contact information so that the Company can either respond to the communication or obtain additional information about the matter.

Nomination Process

The Nominating and Governance Committee will consider written recommendations from stockholders for nominees for director. Any such nominations should be submitted to the Nominating and Governance Committee c/o the Secretary, Powell Industries, Inc., 8550 Mosley Road, Houston, TX 77075 and should be accompanied by the following information:

all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected);

the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's Common Stock which are owned beneficially and of record by such stockholder(s); and

appropriate biographical information and a statement as to the qualifications of the nominee.

The written recommendation should be submitted in the time frame described under the caption "Stockholder Proposals" below.

Nominees for director are selected on the basis of a number of qualifications including their independence, knowledge, judgment, character, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. The Nominating and Governance Committee initiates the process for identifying and evaluating nominees to the Board of Directors by preparing a slate of candidates who meet the criteria for selection as a nominee and have specific qualities or skills being sought based on input from members of the Board. When formulating its recommendations for potential Board nominees, the Nominating and Governance Committee seeks and considers advice and recommendations from management, other members of the Board and may seek or consider advice and recommendations from consultants, outside counsel, accountants, or other advisors as the Nominating and Governance Committee or the Board may deem appropriate.

The Nominating and Governance Committee evaluates the candidates by reviewing their biographical information and qualifications, with qualified nominees being interviewed by at least one member of the Committee. Members of the Board also have an opportunity to interview qualified nominees. The Nominating and Governance Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board that a nominee be nominated to fill a directorship with an expiring term. Candidates recommended by the Nominating and Governance Committee to fill a directorship with an expiring term are presented to the Board for selection as nominees to be presented for the approval of the stockholders. The Nominating and Governance Committee anticipates that a similar process will be used to evaluate nominees recommended by stockholders, but has not previously received a stockholder recommendation for a nominee for director. The Nominating and Governance Committee typically is responsible for recommending new members to the Board to fill the unexpired term of a directorship vacated during the term or new directorships created by any increase in the size of the Board.

Table of Contents

As provided in the Company's Bylaws, the Board is authorized to nominate and elect a new director when a vacancy occurs between annual meetings of stockholders. In the event of a vacancy on the Board between annual meetings of the Company's stockholders, the Board may request that the Nominating and Governance Committee identify, review and recommend qualified candidates for Board membership for Board consideration to fill such vacancies.

The Board is permitted by the Bylaws to fill existing or newly created directorship slots by a majority vote of the directors then in office. After following the procedures required for nominating directors, the Nominating and Governance Committee recommended to the Board that Scott E. Rozzell be appointed to fill a newly created directorship. The Board approved the appointment of Mr. Rozzell to be effective September 13, 2011 for a term to end at the next annual meeting of stockholders.

Board membership criteria, which are disclosed in the Company's Corporate Governance Guidelines on the Governance page of the Company's website, www.powellind.com, are determined by the Board with input from the Nominating and Governance Committee. The Board is responsible for periodically determining the appropriate skills, perspectives, experiences, and characteristics required of Board candidates, taking into account the Company's needs and current make-up of the Board. This assessment should include appropriate knowledge, experience, and skills in areas deemed critical to understanding the Company and its business, the candidate's commitments to the boards of other companies, and personal characteristics, such as integrity and judgment. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a director and that he or she devotes the time necessary to discharge his or her duties as a director. It is the Board's opinion that the qualification guidelines included in the Company's Corporate Governance Guidelines are currently appropriate, but it may change these guidelines as the Company's and Board's needs warrant. In September 2011, the Board approved a resolution raising from 70 to 75 the age after which an independent director will not stand for reelection at the end of such director's then current term.

Practices for Considering Diversity

The minimum criteria for selection of members to serve on our Board of Directors ensures that the Nominating and Governance Committee selects director nominees taking into consideration that the Board will benefit from having directors that represent a diversity of experience and backgrounds. Director nominees are selected so that the Board represents a diversity of experience in areas needed to foster the Company's business success, including experience in the energy industry, finance, consulting, international affairs, public service, governance and regulatory compliance. Each year the Board of Directors and each committee participates in a self-assessment or evaluation of the effectiveness of the Board and its committees as a group. These evaluations assess the diversity of talents, expertise, and occupational and personal backgrounds of the Board members.

Director Qualifications

When identifying director nominees, the Nominating and Governance Committee will consider the following:

The person's reputation, integrity and independence;

The person's skills and business, government or other professional experience and acumen, bearing in mind the composition of the Board and the current state of the Company and the electrical distribution and energy industries generally at the time of determination;

Table of Contents

The number of other public companies for which the person serves as a director and the availability of the person's time and commitment to the Company; and

The person's knowledge of areas and businesses in which the Company operates.

The Nominating and Governance Committee and the Board believe the above mentioned attributes, along with the leadership skills and other experience of its Board members described below, provide the Company with the perspectives and judgment necessary to guide the Company's strategies and monitor their execution.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board has responsibility for establishing, implementing and continually monitoring adherence to the Company's compensation philosophy. The Compensation Committee ensures that the total compensation paid to the Company's executive team is fair, reasonable and competitive. Given the strong positive response from the Company's stockholders on the advisory vote relating to the Company's compensation paid to executives at the annual meeting held in 2011, the Compensation Committee will continue to analyze and recommend executive compensation consistent with its past practices.

Executive Total Compensation Philosophy

The Company's philosophy regarding the executive compensation program for our named executive officers has been to design a compensation package that provides competitive base salary levels and compensation incentives that 1) attract and retain individuals of outstanding ability in these key positions, 2) recognize corporate performance relative to established goals and the performance of the Company, and 3) support both the short-term and long-term strategic goals of the Company. The Compensation Committee believes this approach closely links the compensation of the Company's executives to the execution of the Company's strategy and the accomplishment of the Company goals that are intended to be in alignment with stockholder objectives.

Compensation Program Objectives

Attract, motivate, reward and retain key executive talent required to achieve corporate strategic objectives;

Reinforce the relationship between strong individual performance of executives and business results;

Align the interests of executives with the long-term interest of stockholders; and

Design a compensation program that neither promotes overly conservative actions or excessive risk taking.

The compensation program is based upon the principles of paying officers competitively and designing incentive compensation programs which support achievement of both short and long term objectives which are intended to enhance stockholder value. We believe that our compensation philosophy and program is designed to contribute to the achievement of the Company's objectives.

Compensation Benchmarking Relative to Market

Based on the foregoing objectives, the Compensation Committee has structured the Company's elements of compensation, both cash and non-cash, to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. In furtherance of this, the Compensation Committee has the authority under its charter to periodically engage an outside human resources consulting firm to conduct a review of its total compensation program for the Chief Executive Officer as well as for other executive officers. The human resources consulting firm provides the Compensation Committee with relevant market data and alternatives to consider when making compensation decisions for the Chief Executive Officer and on the recommendations being made by the Company's Chief Executive Officer for executives other than the Chief Executive Officer.

Table of Contents

In 2010, the Compensation Committee engaged Hewitt to provide advisory services to the Compensation Committee, including but not limited to, an executive compensation review for fiscal 2011. The Compensation Committee did not direct Hewitt to perform its services in any particular manner or under any particular method. All of the decisions with respect to the Company's executive compensation, however, are made by the Compensation Committee with review by the full Board of Directors. The Compensation Committee evaluates the compensation consultant annually and has the final authority to hire and terminate the compensation consultants. In fiscal 2010, Hewitt performed no other services for the Company other than those described above for the Compensation Committee.

In making compensation decisions, the Compensation Committee compares total compensation, as well as, elements comprising compensation against a group of publicly-traded companies as set forth in the next paragraph. This group of companies, which is periodically reviewed and updated by the Compensation Committee, consists of companies against which the Compensation Committee believes the Company competes for talent and for stockholder investment.

The 2010 Hewitt study utilized two independent benchmarking methods for determining total compensation. The first method identified a Proxy Peer Group consisting of 11 companies based on selection criteria including revenues, assets, market capitalization and scope of operations. The data source included proxy statements, 8-K filings, and Form 4 filings. These 11 companies are identified below as the Proxy Peer Group.

The second method involved a Diversified Peer Group consisting of 78 companies in the general electrical, industrial and manufacturing fields with generally comparable positions and operations to the Company. The data source with this method utilized Hewitt's Total Compensation Measurement Data Base. The 78 companies are also identified below as the Diversified Peer Group.

The results of the 2010 Hewitt study provided guidance to the Compensation Committee to develop the Company's compensation program as well as the various elements and their proportion to total compensation. The Proxy Peer Group information was determined to be the most applicable for determining the targeted total compensation for executive officers.

Fiscal 2011 Executive Compensation Elements

The Company's executive compensation program is comprised of the following elements:

Base Salary;

Short-term Cash Incentive Plan;

Table of Contents

Long-term Compensation Plan, or LTCP; and

Benefits and Certain Perquisites.

These elements form the basis of total compensation for executive officers. The Compensation Committee targeted the 50th percentile of the Proxy Peer Group as a basis for determining total compensation.

Base Salary. The Company pays base salary to executive officers in order to compensate them for day-to-day services rendered to the Company over the course of each year. Salaries for executive officers are reviewed annually by the Compensation Committee. In determining individual salaries, the Compensation Committee considers the scope of the executive's job responsibilities, unique skill sets and experience, individual contributions, market conditions, current compensation as compared to the results of surveys of related-industry companies conducted by compensation consultants hired by the Compensation Committee, as well as the specific actions and strategic activities of such executive officer for the prior year. In particular, the Compensation Committee reviews the Chief Executive Officer's job performance for the prior year, from both a quantitative aspect and a qualitative aspect as noted below under Compensation Decisions for 2011, although the Compensation Committee does not attribute any level of compensation to any particular financial measure.

The Chief Executive Officer provides the Compensation Committee with input regarding the performance of the other executive officers and makes compensation recommendations with respect to these individuals.

Short-term Cash Incentive Compensation. The Company utilizes cash incentive pay in order to incentivize the achievement of specific operating results each year and to encourage achievement of annual goals. The methodology for determining annual cash incentive pay is identical for each of our named executive officers. The Compensation Committee determines Company objectives on an annual basis. For fiscal 2011, the Compensation Committee considered the Company's performance based on earnings per fully diluted share and on working capital turns for short-term cash incentive compensation determinations. The Compensation Committee reviews the recommended cash incentive compensation potential of each executive officer and may revise, upward or downward, the threshold, target and maximum, or overachievement, percentages of base salary that can be awarded based on the objectives initially set.

The table below sets forth the short-term cash incentive compensation for each named executive officer.

Short-term Cash Incentive Compensation

Named Executive Officer	Threshold ⁽¹⁾ (Percent of base Salary)	Target (Percent of base Salary)	Maximum, or Overachievement ⁽²⁾ (Percent of base Salary)
Thomas W. Powell ⁽³⁾	0%	0%	0%
Don R. Madison	40%	80%	120%
Milburn E. Honeycutt	25%	50%	75%
Patrick L. McDonald	50%	100%	150%

Notes: ⁽¹⁾ Threshold is comprised of 50% attainment of targeted fully diluted earnings per share and a threshold Company working capital turn objective. Fully diluted earnings per share objective is weighted at 70% and working capital turns is weighted at 30%.

Table of Contents

(2) The maximum, or overachievement, percentage is a combination of 150% attainment of targeted fully diluted earnings per share and a .25 turn achievement above the working capital objective.

(3) Mr. Powell served as President and Chief Operating Officer of the Company beginning September 14, 2011. During the period of September 14, 2011 through September 30, 2011, the end of Company's fiscal year, Mr. Powell did not receive any additional compensation apart from his compensation as Chairman of the Board.

Long-term Compensation Plan. It is the Company's opinion that the interests of stockholders are best served when a portion of employee compensation is tied to equity ownership. Pursuant to the Company's incentive compensation plan, as amended, the Compensation Committee is authorized to grant stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards and other equity-based awards. Historically, the Company has used either stock options or restricted stock awards as a means to incentivize long-term employment and performance and to align individual compensation with the objective of building long-term stockholder value.

The Compensation Committee's practice is to make all annual compensation decisions, including approval of equity awards to named executive officers, at its regularly scheduled September meeting. These awards subsequently become effective upon the Board of Director's approval of the Company's annual operating plan, which occurs in a Board meeting that immediately follows the Compensation Committee's meeting on the same or the following day.

The Compensation Committee exercises discretion in determining the number and type of equity awards to be given to our named executive officers as long-term incentive compensation. In exercising its discretion, the Compensation Committee considers a number of factors, including individual responsibilities, competitive market data, stock price performance, and individual and Company performance. We do not place any particular objective weight on each of the factors listed. The Compensation Committee considers all of the listed factors together and makes a subjective determination based on all of them taken together along with peer group data provided by the Committee's compensation consultant. Based on the peer group survey and the corresponding job responsibilities of participants, the Committee establishes targeted equity incentive compensation which is defined as a percentage of the executive's salary as of October 1 of that year (eligible salary). Subject to the express provisions of the incentive compensation plan and directions from the Board, the Compensation Committee is authorized, among other things, (i) to select the executives to whom equity awards will be granted; (ii) to determine the type, size and terms and conditions of equity awards, including vesting provisions and whether such equity awards will be time or performance based; and (iii) to establish the terms for treatment of equity awards upon a termination of employment.

In September 2010, the Compensation Committee determined to use two vehicles of long term compensation for each of our named executive officers. All officers participate in long-term performance-vesting restricted stock unit awards and in time-vesting restricted stock awards.

With respect to the special time-based award granted to our former CEO in 2009, the 2009 Hewitt Study which the Compensation Committee used for guidance indicated the former CEO's total compensation was below market. The Committee also recognized the need for a retention element in the former CEO's compensation plan. On October 1, 2009, the Compensation Committee made a determination to provide special compensation to the former CEO in the form of a time-vesting, restricted stock award consisting of 10,000 shares of common stock. The Compensation Committee determined the number of shares after several

Table of Contents

discussions about the former CEO's performance, the former CEO's total compensation relative to market, and the benefits to the Company of an expanded retention element to the former CEO's overall compensation package.

Vesting of performance-based restricted stock unit awards given executive officers is dependent on 1) such officer's continued service for three years following the award and 2) the Company achieving specified relative earnings per share performance objectives over such three-year cycle. Accordingly, vesting of performance-based restricted stock units awarded in October 2010 occurs at the end of fiscal 2013.

The time-vesting restricted stock awards granted to the executive officers vest at a rate of 33% per year upon the anniversary date of grant, October 1, 2010. Accordingly, the awards will be fully vested on October 1, 2013.

The table below sets forth long-term performance-vesting compensation for each named executive officer.

Long-term Performance Vesting Compensation

Named Executive Officer	Threshold earnings per share (Percent of base Salary)	Target earnings per share⁽¹⁾ (Percent of base Salary)	Maximum (Overachievement) earnings per share⁽²⁾ (Percent of base Salary)
Thomas W. Powell ⁽³⁾	0%	0%	0%
Don R. Madison	30%	60%	90%
Milburn E. Honeycutt	20%	40%	60%
Patrick L. McDonald	50%	100%	150%

Notes: ⁽¹⁾ The threshold is 80% of target earnings per share.

⁽²⁾ The maximum, or overachievement, percentage is 150% of the target earnings per share.

⁽³⁾ Mr. Powell served as President and Chief Operating Officer of the Company beginning September 14, 2011. During the period of September 14, 2011 through September 30, 2011, the end of Company's fiscal year, Mr. Powell did not receive any additional compensation apart from his compensation as Chairman of the Board.

The operational features of the Long-term Performance-Vesting Compensation award can be summarized as follows:

Each performance cycle lasts three years and a new performance cycle commences each year resulting in overlapping performance cycles;

Plan participants receive a performance contingent grant of restricted shares at the start of each performance cycle. The number of restricted shares is based upon salary and the share price on the date of grant and represents the target number of shares that may be ultimately earned. The Committee uses these objective factors to determine the number of shares to grant. The Committee uses a percentage of eligible salary on the award date to quantify the targeted equity compensation. The eligible salary on the award date of the participant is multiplied by the percentage of eligible salary previously established by the Committee and then divided by the Company's stock price on the award date to determine the number of targeted shares to be granted for the three year performance period beginning the first day of the new fiscal year;

Table of Contents

The actual number of shares earned will increase or decrease by a factor of 0-150% of the number of certain performance contingent restricted stock shares initially granted depending on the achievement of performance goals established at the start of the performance cycle; and

The ultimate value of awards depends on the number of shares earned and the share price at the end of the performance cycle. In summary, the Company's Long-term Compensation Plan provides for the following key factors:

Aligns the interest of management with the long-term interests of stockholders;

Allows award payments directly linked to the long-term company performance; and

It is an effective means of attracting and retaining key talent.

Perquisites and Benefits: The Company provides its named executive officers with a very limited number of perquisites that in the Company's and the Compensation Committee's opinions are reasonable and consistent with its overall compensation program, and necessary to remain competitive. The Compensation Committee periodically reviews the levels of perquisites provided to the named executive officers. Costs associated with perquisites provided by the Company are included in the footnote to the Summary Compensation Table for Fiscal 2011, 2010 and 2009 appearing on page 27 of this proxy.

401(k) Plan. Powell Industries, Inc. 401(k) Plan is a tax-qualified retirement savings plan in which most U.S. employees, including the named executive officers, are eligible to participate. Key elements of the plan include: participants may elect to make contributions on a pre-tax basis, contributions are limited by the tax code, the Company matches 100 percent of the first 4 percent of pay that is contributed to the savings plan, and all employee contributions vest immediately.

Deferred Employees Compensation Plan. The named executive officers are eligible to participate in the Powell Industries, Inc. Deferred Compensation Plan, which is a non-qualified, unfunded retirement savings plan. This plan provides the opportunity to increase deferrals of base salary and to elect deferrals of incentive compensation awards. Key elements of the plan include: participants can contribute up to 50 percent of their base salary and 100 percent of their short-term cash incentive compensation awards. Base salary and short-term cash incentive compensation deferrals are eligible for an employer matching contribution and all employee contributions vest immediately.

Change in Control. In addition to change in control provisions found in the Company's compensation and defined benefit plans which apply to all participants in those plans, the Company has an executive severance plan in which all named executive officers participate. However, the Board may terminate this executive severance plan in its sole discretion at any time.

In the event of a change in control, each named executive officer will receive their maximum payout factors for both long-term compensation and short-term cash incentive compensation. Additionally, all unvested stock options, SARs, restricted stock and restricted stock units vest immediately. Stock options and SARs remain exercisable over the normal life of the grant. Change in control is defined as when one or more of the following occur:

Any acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a "Person") of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of 35% or more of either (A) the then outstanding shares of common stock of the

Table of Contents

Company (the Outstanding Common Stock) or (B) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of the Board of Directors of the Company (the Outstanding Voting Securities);

The merger or consolidation of the Company with any other entity if any person or group of persons (as defined in Rule 13d-5), together with his or its affiliates, is the beneficial owner, directly or indirectly, of 35% or more of the surviving entity's then outstanding securities entitled generally to vote for the election of the surviving entity's directors;

Continuing Directors no longer constitute a majority of the Board; the term Continuing Director means any individual who is a member of the Board on the date hereof or was nominated for election as a director by, or whose nomination as a director was approved by, the Board with the affirmative vote of a majority of directors who were members of the Board on the date hereof; or

The Company transfers substantially all of its assets to another corporation which is a less than 80% owned subsidiary of the Company. The Company does not have any special severance agreements or packages (such as golden parachutes) under which payments are to be made to any named executive officer. Potential payments to named executive officers may, however, be available under the terms of existing compensation and benefit programs in the case of 1) termination (including voluntary separation, termination for cause or long-service separation) or 2) a change in control of the Company.

Terms of Potential Payments – Termination

The terms of potential payments to named executive officers in each of the following termination scenarios under existing compensation and benefit programs follows:

Voluntary Separation (resignation)

Termination for Cause (termination)

Long Service Separation or disability (retirement)

Short-term cash incentive compensation. In the event of retirement, executive officers would be eligible to receive the full or prorated amount otherwise payable to them for the current plan year under their applicable short-term cash incentive compensation. In the case of termination or resignation, executive officers would forfeit all short-term cash incentive compensation. Potential amounts and assumptions regarding the short-term cash incentive compensation are included in the Potential Payments upon Termination or Change of Control at Fiscal Year-End table on page 31.

Long-term performance-vesting awards. In the event of retirement, executive officers would be eligible to receive full or prorated amounts otherwise payable to them under the long-term compensation plan. The executive officers' eligibility and award amount would be determined at the conclusion of the performance period, depending on the achievement of the established performance criteria. Potential amounts and assumptions regarding the long-term incentive compensation are included in the Potential Payments upon Termination or Change of Control at Fiscal Year-End table on page 31. These terms are applicable to all employees covered by the long-term plan.

Table of Contents

Long-term time-vesting award. In the event of separation, all time vesting awards will fully vest and become payable to the officer except that in the event of termination for cause or a voluntary termination the officer will forfeit all unvested shares. Potential amounts and assumptions regarding the long-term incentive compensation are included in the Potential Payments upon Termination or Change of Control at Fiscal Year-End table on page 31.

Deferred compensation. The Nonqualified Deferred Compensation during Fiscal 2011 on page 30 describes unfunded, non-qualified deferred compensation plans that permit the deferral of salary, bonus and short-term cash incentive compensation awards by named executive officers. These plans provide for matching contributions by the Company. Named executive officers are eligible to receive the amount in their deferred compensation account following termination under any termination scenario unless the named executive elects to further defer payment as permitted by the plans. The Nonqualified Deferred Compensation column of the Potential Payments upon Termination or Change of Control at Fiscal Year-End table on page 31 assumes the executive officer terminated employment at September 30, 2011 with no further deferral of payments.

Severance pay. Other than in accordance with the terms of existing compensation and benefit programs discussed above, no special severance payments will be made to any named executive officers including in the event of a change of control.

Terms of Potential Payments Change in Control

Change in control provisions within our long and short-term compensation programs provide for accelerated vesting and do not provide for extra payments. For purposes of short-term cash incentive compensation and long-term performance-vesting awards, acceleration means that the participant would receive the maximum payout available to such participant in the case of a change of control. All long-term time-vesting awards would fully vest and become payable to the officer. These change in control provisions are designed so that employees are neither harmed nor given a windfall in the event of termination of employment without cause or for good reason within 12 months following a change in control. The provisions are intended to ensure that executives evaluate business opportunities in the best interests of stockholders. The terms are applicable to all employees covered by these plans and there are no payments made for voluntary separation, resignation and termination for cause.

Summary of Overall Compensation Objectives

Consistent with the Company's compensation philosophy and objectives discussed above, it is the Compensation Committee's opinion that its use of the three primary elements of compensation described above provides competitive salaries, cash incentive compensation to encourage short-term performance and establishes long-term equity opportunities. The Company also adds value to the compensation package of its named executive officers through perquisites in the form of automobile allowance and contributions to the Company's 401(k) Plan. Total compensation structure is intended to be in alignment with the interests of stockholders.

How the Company Determines Changes in Compensation for Executives

Performance Evaluation: Chief Executive Officer. The Board evaluates the Chief Executive Officer's performance based on:

The Company's financial performance;

The accomplishment of long-term strategic objectives;

Table of Contents

The development of the Company's top management team;

Specific objectives assigned to the Chief Executive Officer; and

Leadership accomplishments.

The Compensation Committee considers the performance of the Chief Executive Officer compared to objectives along with information provided by the compensation consultant and the general economic environment when making recommendations to the Board regarding the Chief Executive Officer's compensation based on the market comparison and performance assessment. The Board has the authority to exercise its discretion regarding the Chief Executive Officer's compensation. The Board, excluding the Chief Executive Officer who is not present during these discussions, makes final decisions regarding the Chief Executive Officer's compensation.

Performance Evaluations: Named Executive Officers other than the Chief Executive Officer. Each year the Chief Executive Officer submits a performance assessment and compensation recommendation for each of the other named executive officers to the Compensation Committee. The Chief Executive Officer also participates in the discussions with the Compensation Committee prior to their approval of compensation for such officers. The performance evaluation is based on factors such as:

Achievement of individual and the Company's objectives;

Contribution to the Company's performance; and

Leadership accomplishments.

The Compensation Committee also reviews the information provided by the compensation consultant and either approves or adjusts the Chief Executive Officer's recommendation. The committee has the authority to exercise discretion regarding individual performance awards.

Compensation Decisions in 2011

Base Salary. Based on the Hewitt salary survey, the Compensation Committee increased the salary of Mr. McDonald from \$430,000 to \$585,000. Mr. Honeycutt's salary was increased by the Compensation Committee from \$195,000 to \$200,850 based on the recommendation of Mr. McDonald which was supported by the salary survey provided by Hewitt. These increases in base salary were effective October 1, 2010.

Short-term Cash Incentive Compensation Decisions. No changes were made in the design of the Company's short-term cash incentive program for fiscal 2011.

The table below sets forth short-term cash incentive actual performance compared to fiscal 2011 targets for each named executive officer:

Metric	Actual Performance ⁽¹⁾	Target Performance	Metric Performance	Metric Weighting	Weighted Performance
EPS ⁽²⁾	\$ 0.18	\$ 2.15	8%	70%	0%
WCT	7.5	8.2	50%	30%	15%
Total				100%	15%

Table of Contents

(1) Actual performance for Short Term Compensation performance measurement excludes \$4.4 million or \$0.38 per share charge to record a foreign deferred tax asset valuation allowance.

(2) Threshold performance is 50% of target performance.

Long Term Compensation Decisions. For fiscal 2011, the Compensation Committee introduced a second vehicle of long term compensation for all named executive officers. In addition to performance-vesting restricted stock units, the Compensation Committee has also included time-vesting restricted stock awards.

The table below sets forth performance-vesting restricted stock units actual performance compared to three year targets for the period ended September 30, 2011 for each named executive officer:

Metric	Actual Performance ⁽¹⁾	Target Performance	Metric Performance
EPS ⁽²⁾	\$ 6.08	\$ 8.60	71%

(1) Actual performance for Long Term Compensation performance measurement excludes \$8.4 million or \$0.71 per share charge to record a foreign deferred tax asset valuation allowance.

(2) Threshold performance is 80% of target performance.

All compensation paid to or earned by the named executive officers in fiscal 2011 is disclosed in the Summary Compensation Table for Fiscal 2011, 2010 and 2009 on page 27 of this proxy.

Separation Agreement with Patrick L. McDonald. Mr. McDonald resigned as President and Chief Executive Officer of Powell and as a member of the Board effective September 14, 2011. In connection with Mr. McDonald's resignation, the Company and Mr. McDonald entered into a Severance Agreement and Release (the "Separation Agreement") that provided Mr. McDonald would receive a cash separation benefit of \$2,390,000 in consideration for McDonald entering into an agreement that provided restrictive covenants including non-competition and non-solicitation of customers and employees. The Separation Agreement also provided for accelerated vesting of certain of McDonald's outstanding equity awards, as well as payment of COBRA premiums for continuing medical coverage.

Discretionary Cash Awards in fiscal 2011. Mr. Madison and Mr. Honeycutt were awarded a one-time cash award of \$85,000 and \$35,000, respectively, by the Compensation Committee at its regularly scheduled meeting held on December 5, 2011. These awards were in recognition of their respective contribution and additional responsibilities assumed following Mr. McDonald's resignation.

Deductibility of Compensation

The goal of the Compensation Committee is to comply with the requirements of Internal Revenue Code Section 162(m), to the extent possible, with respect to long-term and short-term incentive programs to avoid losing the deduction for compensation in excess of \$1,000,000 paid to any named executive officer. The Company has generally structured performance-based compensation plans with the objective that amounts paid under those plans are tax deductible and the plans must be approved by the Company's stockholders. However, the committee may elect to provide compensation outside those requirements when necessary to achieve its compensation objectives.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed the Company's audited financial statements as of and for the year ended September 30, 2011, and discussed them with management and the Company's independent registered public accounting firm. Based on such review and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended September 30, 2011 for filing with the Commission. The Audit Committee also reviewed with management and the Company's independent registered public accounting firm the interim financial information included in the Company's quarterly reports on Form 10-Q for the fiscal quarters ended December 31, March 31 and June 30, 2011 and amended quarterly reports on Form 10-Q/A for the fiscal quarters ended March 31 and June 30, 2011 prior to their being filed with the Commission.

With and without management present, the Audit Committee discussed and reviewed the results of the Company's independent registered public accounting firm's examination of the Company's September 30, 2011 financial statements. The discussion included matters related to the conduct of the audit, such as the selection of and changes in significant accounting policies, the methods used to account for significant or unusual transactions, the effect of significant accounting policies in controversial or emerging areas, the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates, significant adjustments arising from the audit, the basis for management's accounting estimates and the disclosures in the financial statements.

The Audit Committee discussed and reviewed with the Company's independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, Communication with Audit Committees.

Table of Contents

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the Company's independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee also discussed with the Company's independent registered public accounting firm any relationships that may impact their objectivity and independence and satisfied itself as to their independence.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Table of Contents**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

PricewaterhouseCoopers LLP has served as the Company's independent registered public accounting firm for the year ended September 30, 2011. It is anticipated that the Audit Committee will appoint PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2012. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Stockholders. They will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

The Audit Committee approved all services rendered by the Company's independent registered public accounting firm during the years ended September 30, 2011 and September 30, 2010.

The Audit Committee has adopted the following procedure for pre-approving audit services and other services to be provided by the Company's independent auditors: specific services are pre-approved from time to time by the Committee or by the Committee Chairman on its behalf. As to any services approved by the Committee Chairman, the approval is reported to the Committee at the following meeting of the Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater-than ten percent stockholders are required by the regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the Company's review of the copies of such forms received by it, or written representations from certain reporting persons that no Form 5 reports were required for those persons, the Company believes that all filing requirements applicable to its officers and directors and greater-than ten percent beneficial owners during the year ended September 30, 2011 were in compliance.

OTHER MATTERS

As of the date of this statement, the Board of Directors has no knowledge of any business which will be presented for consideration at the meeting other than the election of three directors of the Company. Should any other matters be properly presented, it is intended that the enclosed proxy will be voted in accordance with the best judgment of the persons voting the matter.

ANNUAL REPORT

An Annual Report to Stockholders and an Annual Report on Form 10-K covering the fiscal year of the Company ended September 30, 2011 are enclosed herewith. These reports do not form any part of the material for solicitation of proxies.

STOCKHOLDER PROPOSALS

Proposals of stockholders to be presented at the Annual Meeting of Stockholders to be held in 2013 must be received at the office of the Secretary of the Company no later than September 13, 2012 in order to be included in the Company's proxy statement and form of proxy relating to that meeting.

Pursuant to the Company's bylaws, a stockholder that intends to present business at the 2012 Annual Meeting and has not submitted such proposal by the date set forth above must notify the Secretary of the Company by November 30, 2012. If such notice is received after November 30, 2012, then the notice will be considered untimely, and the Company is not required to present such business at the 2013 Annual Meeting.

All proposals must comply with applicable SEC regulations and the Company's Bylaws as amended to date.

By Order of the Board of Directors
