On March 20, 2012, The Industrial Development Authority of the County of Apache (Authority) issued and sold in a public offering for the benefit of Tucson Electric Power Company (TEP) \$177,000,000 aggregate principal amount of tax-exempt pollution control revenue bonds (Bonds). The Bonds bear interest at a fixed rate of 4.50%, payable semi-annually on March 1 and September 1 of each year, commencing September 1, 2012, and mature on March 1, 2030.

The Bonds were issued under an Indenture of Trust, dated as of March 1, 2012 (Indenture), between the Authority and U.S. Bank Trust National Association, as Trustee (Trustee). The Bonds are payable solely from payments to be made by TEP pursuant to a Loan Agreement, dated as of March 1, 2012, between TEP and the Authority (Loan Agreement), pursuant to which the Authority has loaned the proceeds of the Bonds to TEP. Pursuant to the Loan Agreement, TEP is obligated to make payments in such amounts and at such times as will be sufficient to pay, when due, the principal of, and premium, if any, and interest on the Bonds. TEP's obligations under the Loan Agreement are unsecured.

The proceeds of the sale of the Bonds, together with funds provided by TEP, will be applied to partially redeem three outstanding series of tax-exempt bonds in an aggregate principal amount of \$183,535,000. The bonds to be redeemed have interest rates of 5.85% and 5.875% and have maturity dates ranging from 2026 to 2033.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the complete text of the Indenture and Loan Agreement.
