**NEXSTAR BROADCASTING GROUP, INC.**

*Overview*

We are a television broadcasting and digital media company focused exclusively on the acquisition, development and operation of television stations and interactive community websites in small to medium-sized markets in the United States, primarily markets that rank from 35 to 150 out of the 210 generally recognized television markets, as reported by A.C. Nielsen Company. As of September 30, 2012, we owned, operated, programmed or provided sales and other services to 55 television stations and 11 digital multicast channels, including those owned by Mission Broadcasting, Inc. ( Mission ), in 32 markets in the states of Illinois, Indiana, Maryland, Missouri, Montana, Texas, Pennsylvania, Louisiana, Arkansas, Alabama, New York, Florida, Wisconsin and Michigan. In 20 of the 32 markets that we serve, we own, operate, program or provide sales and other services to more than one station. We refer to these markets as duopoly markets. The stations we own or provide services to are affiliates of NBC (12 stations), CBS (11 stations), ABC (11 stations), FOX (11 stations), MyNetworkTV (5 stations and one digital multicast channel), The CW (2 stations) and Bounce TV (10 digital multicast channels) and three of our stations are independent.

On July 18, 2012, NBI and Mission each entered into an asset purchase agreement with Newport Television LLC and Newport Television License LLC (collectively, Newport ) to acquire twelve television stations and associated digital sub-channels in eight markets and Newport s Inergize Digital Media operations (collectively, the Newport Assets ) for total consideration of \$285.5 million in cash. NBI will acquire ten stations in Salt Lake City, Utah, Memphis, Tennessee, Syracuse, New York, Binghamton, New York, Elmira, New York, Watertown, New York and Jackson, Tennessee, as well as Newport s Inergize Digital Media operations and Mission will acquire two stations in Little Rock, Arkansas. Our stations, including the Newport Assets, reach approximately 12.9 million viewers or 11.3% of all U.S. television households. On November 5, 2012, NBI entered into an asset purchase agreement for the purchase of three additional stations from Newport and entered into a definitive agreement with Smith Media, LLC and its affiliates to acquire two additional stations, each of which is subject to FCC approval and other customary conditions. Assuming completion of the proposed acquisition of three additional stations from Newport Television LLC and two stations from Smith Media, LLC, we will own, operate, program or provide sales and other services to 71 television stations and related digital multicast signals reaching 41 markets or approximately 12.3% of all U.S. television households.

We believe that medium-sized markets offer significant advantages over large-sized markets, most of which result from a lower level of competition. First, because there are fewer well-capitalized acquirers with a medium-market focus, we have been successful in purchasing stations on more favorable terms than acquirers of large market stations. Second, in the majority of our markets only five or fewer local commercial television stations exist. As a result, we achieve lower programming costs than stations in larger markets because the supply of quality programming exceeds the demand.

We seek to grow our revenue and broadcast cash flow by increasing the audience and revenue shares of the stations we own, operate, program or provide sales and other services to, as well as through our growing portfolio of Internet-based products and services. We strive to increase the audience share of the stations by creating a strong local broadcasting presence based on highly rated local news, local sports coverage and active community sponsorship. We seek to improve revenue share by employing and supporting a high-quality local sales force that leverages the stations strong local brand and community presence with local advertisers. We further improve broadcast cash flow by maintaining strict control over operating and programming costs. The benefits achieved through these initiatives are magnified in our duopoly markets by broadcasting the programming of multiple networks, capitalizing on multiple sales forces and achieving an increased level of operational efficiency.

Our principal offices are at 5215 North O Connor Blvd., Suite 1400, Irving, Texas 75039. Our telephone number is (972) 373-8800 and our website is <http://www.nexstar.tv>. The information found on our website is not part of this prospectus.

*Our Relationship With Mission*

Through various local service agreements with Mission, we currently provide sales, programming and other services to 17 television stations that are owned and operated by Mission. Mission is 100% owned by independent third parties. We do not own Mission or any of its television stations. In compliance with Federal Communications Commission ( FCC ) regulations for both us and Mission, Mission maintains complete responsibility for and control over programming, finances, personnel and operations of its stations. However, we are deemed under GAAP to have a controlling financial interest in Mission because of (i) the local service agreements Nexstar has with the Mission stations, (ii) Nexstar s guarantee of the obligations incurred under Mission s senior secured credit

facility, (iii) Nexstar having power over significant activities affecting Mission's economic performance, including budgeting for advertising revenue, advertising and hiring and firing of sales force personnel, (iv) purchase options granted by Mission that permit Nexstar to acquire the assets and assume the liabilities of each Mission station, subject to FCC consent and (v) an option granted by Mission's Shareholders that permits Nexstar to purchase any or all of Mission's stock, subject to FCC consent. Therefore, Mission is consolidated into our financial statements.

Nexstar Broadcasting, Inc. is a corporation formed in Delaware and is an indirect wholly-owned subsidiary of Nexstar Broadcasting Group, Inc. The principal executive office of NBI is 5215 North O'Connor Blvd., Suite 1400, Irving, Texas 75039. The telephone number of NBI is (972) 373-8800.

### **RISK FACTORS**

Our business is subject to significant risks. You should consider the specific risks described in our Annual Report on Form 10-K for the year ended December 31, 2011, filed with the SEC on March 15, 2012, as amended on Form 10-K/A, filed with the SEC on March 16, 2012, the risk factors described under the caption "Risk Factors" in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, before making an investment decision. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. See "Where You Can Find More Information" on page ii of this prospectus.

### **USE OF PROCEEDS**

Unless we state otherwise in the accompanying prospectus supplement, we intend to use the net proceeds from the sale of any securities offered by us and NBI under this prospectus and any related prospectus supplement for general corporate purposes. These purposes may include financing of acquisitions and capital expenditures, additions to working capital and repayment or redemption of existing indebtedness.

Unless otherwise indicated in any applicable prospectus supplement, we will not receive any proceeds from the sale of shares of our Class A common stock by any selling stockholder named in such prospectus supplement. All of the shares of Class A common stock offered by the selling stockholders pursuant to this prospectus will be sold by the selling stockholders for their own account. We may, however, bear a portion of the expenses of the offering of Class A common stock by the selling stockholders, except that the selling stockholders will pay any applicable underwriting fees, discounts or commissions and certain transfer taxes.

### **RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS**

The following table sets forth the combined ratio of earnings to fixed charges and preferred dividends for NBI and Mission for each of the periods indicated. You should read this table in conjunction with the consolidated financial statements and notes incorporated by reference in this prospectus.

**Table of Contents**

The ratio of earnings to fixed charges and preferred dividends was computed by dividing earnings from continuing operations before income taxes and fixed charges by fixed charges. Fixed charges consist of interest expense, including the amortization of debt discounts and financing costs, and a portion of rent expense deemed representative of the interest factor.

	Nine Months Ended		Year Ended December 31,			
	September 30, 2012	2011	2010	2009	2008	2007
Ratio of earnings to fixed charges	1.66		1.22			
Deficiency to cover fixed charges (in thousands)(1)	\$	\$ 3,955	\$	\$ 24,256	\$ 72,599	\$ 474

(1) Coverage deficiency represents the amount by which earnings were insufficient to cover fixed charges. Dividends paid on preferred securities issued would be included as fixed charges and therefore impact the ratio of earnings to combined fixed charges and preferred dividends. As of the date of this prospectus, we have not issued any shares of our preferred stock.

See "Incorporation of Certain Information by Reference" for more information.

The following table sets forth the amount of our common stock beneficially owned by ABRY as of October 31, 2012, and the maximum number of shares of Class A common stock that may be offered by ABRY hereby. The shares that may be sold by ABRY were acquired by ABRY between 1996 and 2003 pursuant to various investments in common membership interests of Nexstar Broadcasting Group, L.L.C. and another entity that was controlled by ABRY that was ultimately acquired by Nexstar Broadcasting Group, L.L.C. prior to our initial public offering, which we refer to collectively as our predecessor. In connection with our initial public offering, all of ABRY's common membership interests in our predecessor were converted into shares of Class A common stock and Class B common stock. These transactions were exempt from the registration provisions of the Securities Act. Five of our current directors, Messrs. Brooks, Grossman, Stone, Yosef-Or and Yudkoff, hold positions at ABRY. Mr. Yosef-Or is a Principal at ABRY; Mr. Stone is a Partner of ABRY; Messrs. Brooks and Grossman each serve as a Managing Partner of ABRY. Mr. Yudkoff is a Founder of ABRY. Because ABRY may offer all or some of the shares pursuant to this offering, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares, we cannot estimate the number of shares that will be held by ABRY after completion of this offering. For purposes of this table, however, we have assumed that, after completion of this offering, none of the shares covered by this prospectus will be held by ABRY.

Beneficial ownership is determined in accordance with the rules of the SEC, and includes voting or investment power with respect to shares of our Class A and Class B common stock. Generally, a person beneficially owns shares if the person has or shares with others the right to vote those shares or to dispose of them, or if the person has the right to acquire voting or disposition rights within 60 days. The percentages in the table are based on 15,608,131 shares of our Class A common stock and 13,411,588 shares of our Class B common stock outstanding as of October 31, 2012. The following table may be expanded or supplemented in prospectus supplements as new information becomes available to us. All information contained in the table is based upon information provided to us by ABRY, and we have not independently verified this information.

The address of ABRY is 111 Huntington Avenue, 29th Floor, Boston, Massachusetts 02199. The registration of these shares does not necessarily mean that the funds advised by ABRY will sell all or any portion of the shares covered by this prospectus.
- (2) Each share of Class B common stock is convertible into one share of Class A common stock at any time at the option of the holder. In addition, each share of Class B common stock shall convert automatically into one share of Class A common stock (i) upon any transfer of such share of Class B common stock to any one other than ABRY, an affiliate of ABRY or Mr. Sook, our chief executive officer, or (ii) if the Class B common stock represents less than 10% of the total common stock outstanding of the Company. The information set forth in the table with respect to Class A common stock does not reflect the shares of Class A common stock that are issuable upon conversion of the shares of Class B common stock listed in the table. In the event that ABRY sells the maximum number of shares offered by it pursuant to this prospectus, then all shares of Class B common stock, including shares of Class B common stock not owned by ABRY, will automatically convert into shares of Class A common stock, and following such sale, we will have no shares of Class B common stock outstanding.
- (3) ABRY will convert, effective immediately prior to such sale, that same number of shares of Class B common stock into an equivalent number of shares of Class A common stock.

*Stockholders Agreement*

ABRY and certain of the Company's current and former senior management stockholders are party to a stockholders agreement that governs certain relationships among, and contains certain rights and obligations of, such stockholders.

## Edgar Filing: NEXSTAR BROADCASTING INC - Form S-3/A

The stockholders agreement provides that ABRY and the Chief Executive Officer of the Company, Perry A. Sook, must vote their securities so that (i) the authorized number of directors on the board of directors of the Company is nine and (ii) five representatives designated by ABRY as well as Mr. Sook shall be elected to the board of directors of the Company. From and after the date that ABRY and its affiliates hold less than 25%, but greater than 20% of the aggregate voting securities of the Company, ABRY is only entitled to designate three representatives to the board of directors of the Company. Such voting obligations will terminate when ABRY and its affiliates own less than 20% of the voting power of the Company held by such persons on the date of entry into the stockholders agreement.

The stockholders agreement also gives the parties certain rights with respect to registration under the Securities Act of shares of the Company's securities held by them and certain customary indemnification rights. These registration rights include demand registration rights requiring the Company to register their shares under the Securities Act. In addition, in the event the Company proposes to register any shares of common stock under the Securities Act, whether in connection with a primary or secondary offering, the stockholders party to the stockholders agreement may request that the Company affect a registration of their shares under the Securities Act.

### *Directors and Officers*

We indemnify each of our current directors and executive officers to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Except as otherwise provided by law, and subject to any voting rights granted to holders of any outstanding preferred stock, amendments to our amended and restated certificate of incorporation generally must be approved by at least a majority of the combined voting power of all Class A common stock and Class B common stock voting together as a single class. However, amendments to our amended and restated certificate of incorporation that would alter or change the powers, preferences or special rights of the Class A common stock or the Class B common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class.

The holders of Class C stock have no voting rights but otherwise generally have the same rights as the holders of Class A common stock and Class B common stock.

**Conversion Rights**

Our Class B common stock and Class C common stock are convertible as follows, subject to obtaining any necessary approvals of the FCC:

upon transfer to anyone other than ABRY, an affiliate of ABRY or Perry A. Sook, our Chief Executive Officer, the Class B common stock will automatically convert into Class A common stock on a one-for-one basis; and

## **Table of Contents**

Class C common stock may be paid only as follows: (1) shares of Class A common stock may be paid only to holders of Class A common stock, shares of Class B common stock may be paid only to holders of Class B common stock and shares of Class C common stock may be paid only to holders of Class C common stock; and (2) shares shall be paid proportionally with respect to each outstanding share of Class A common stock, Class B common stock and Class C common stock.

### **Other Rights**

On our liquidation, dissolution or winding up, after payment in full of the amounts required to be paid to holders of preferred stock, if any, all holders of common stock, regardless of class, are entitled to share ratably in any assets available for distribution to holders of shares of common stock. No shares of either class of common stock are subject to redemption and upon completion of the reorganization, all the outstanding shares of Class A common stock, Class B common stock and Class C common stock will be legally issued, fully paid and nonassessable.

### **Anti-Takeover Effects of Delaware Law, Our Amended and Restated Certificate of Incorporation and our Amended and Restated By-laws**

The following is a summary of certain provisions of Delaware law, our amended and restated certificate of incorporation and our amended and restated by-laws that may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders.

#### *Authorized But Unissued Shares*

The authorized but unissued shares of common stock and preferred stock will be available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

#### *Delaware Business Combination Statute*

We are organized under Delaware law. Some provisions of Delaware law may delay or prevent a transaction which would cause a change in our control.

We are subject to Section 203 of the Delaware General Corporation Law, an anti-takeover law. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless (with some exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an interested stockholder is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status, did own) 15% or more of a corporation's voting stock. As permitted by Section 203, we have elected not to be governed by Section 203 with respect to ABRY and any entity controlled by ABRY, and therefore, unless our amended and restated certificate of incorporation is amended, neither ABRY nor any such entity shall be deemed to be an interested stockholder. The existence of this provision could have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for our common stock.

### **Transfer Agent and Registrar**

The transfer agent and registrar of our Class A common stock is American Stock Transfer & Trust Company.

### **Listing**

Our Class A common stock is listed on The NASDAQ Global Market under the symbol NXST.

Underwriters may sell the securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We and NBI will provide in the applicable prospectus supplement information regarding any underwriting discounts or other compensation paid to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers. We may elect to list any series of debt securities or preferred stock on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of, or the trading market for, any offered securities.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of bids or purchases made for the purpose of preventing a decline in the market price of the securities while an offering is in progress. The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. Underwriters may engage in over-allotment. If any underwriters create a short position in the securities in an offering in which they sell more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

Underwriters, dealers or agents that participate in the offer of securities, or their affiliates or associates, may have engaged or engage in transactions with and perform services for, us or our affiliates in the ordinary course of business for which they may have received or receive customary fees and reimbursement of expenses.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate offering price of the securities offered.

**NOTES TO COMBINED FINANCIAL STATEMENTS**

**December 31, 2011, 2010 and 2009**

**NOTE A SIGNIFICANT ACCOUNTING POLICIES**

***1. Basis of presentation and nature of business***

Newport Television LLC (a wholly owned subsidiary of Newport Television Holdings LLC, which is a wholly owned subsidiary of Newport TV Holdco LLC, hereafter referred to as Newport) owns and operates television stations across the United States of America. Newport is a party to a shared services agreement and a joint sales agreement providing certain sales, operational, and administrative services to High Plains Broadcasting, Inc. and its subsidiaries (High Plains). High Plains is a variable interest entity which is consolidated into the Newport financial statements.

On July 18, 2012, Nexstar Broadcasting, Inc. (Nexstar) and Mission Broadcasting, Inc. (Mission) entered into asset purchase agreements to purchase substantially all of the assets (excluding working capital) of 22 television stations owned by Newport and High Plains, including 10 stations distributed as digital multicast stations, Newport's New York Hub service center and Inergize Digital for \$285.5 million (the

Transactions). The 22 television stations are located in the following markets: Binghamton, New York; Elmira, New York; Jackson, Tennessee; Little Rock, Arkansas; Memphis, Tennessee; Salt Lake City, Utah; Syracuse, New York; and Watertown, New York (The Combined Group). The Nexstar transaction includes the assets of these markets except for Little Rock, Arkansas, which is to be sold to Mission, an independently-owned variable interest entity included in the consolidated financial statements of Nexstar. The transactions are expected to close upon receipt of regulatory approval.

These combined financial statements represent the 22 stations, including 10 stations distributed as digital multicast stations, Newport's New York Hub service center and Inergize Digital which are all included in the Transactions. These stations are affiliated with four major networks, including five ABC stations, two NBC stations, two FOX station, and four CW stations. These stations reach approximately 3.0 million homes weekly and cover 2.6% of the television households in the United States. These stations operate in demographic market areas as defined by AC Nielsen ranging in rank from 33rd to 177th.

A significant source of programming for ABC, NBC, FOX, and CW affiliated television stations are their respective networks, which produce and distribute programming in exchange for commitments to air the programming at specified times and for commercial announcement time during the programming. Another source of programming is provided to each station by selecting and purchasing syndicated television programs. The stations compete with other television stations within each market for these programming rights. The majority of the stations produce local news programming.

The accompanying financial statements and related notes present the combined financial position, results of operations and cash flows of The Combined Group and reflect allocations of the cost of certain services provided by Newport for treasury, payroll, human resources, employee benefit services, legal and related services, and information systems and related information technology services. Management believes the allocation methodologies are reasonable. All credit facilities are recorded by Newport and High Plains at the corporate level and as such, interest and financing activity costs have not been allocated to The Combined Group. Substantially all of the assets of The Combined Group serve as collateral to secure the aforementioned credit facilities.

***2. Principles of combination***

The combined financial statements have been derived from the financial statements and accounting records of Newport and High Plains and combine the accounts of the operations previously described. All material intercompany accounts and transactions have been eliminated.

**Table of Contents****The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009****3. Allowance for doubtful accounts**

The Combined Group evaluates the collectability of its accounts receivable based on a combination of factors. In circumstances where it is aware of a specific customer's inability to meet its financial obligations, it records a specific reserve to reduce the amounts recorded to what it believes will be collected. For all other customers, it recognizes reserves for bad debts based on historical experience of bad debts as a percent of revenues, adjusted for relative improvements or deteriorations in the aging and changes in current economic conditions.

**4. Property and equipment**

Property and equipment are stated at cost. Depreciation is computed using the straight-line method at rates that, in the opinion of management, are adequate to allocate the cost of such assets over their estimated useful lives, which are as follows:

Buildings and improvements	10 - 39 years
Towers, transmitters and studio equipment	7 - 20 years
Furniture and other equipment	3 - 20 years
Leasehold improvements	Shorter of economic life or lease term assuming renewal periods, if appropriate

For assets associated with a lease or contract, the assets are depreciated over the shorter of the economic life or the lease or contract term, assuming renewal periods, if appropriate. Expenditures for maintenance and repairs are charged to operations as incurred, whereas expenditures for renewal and betterments are capitalized. The Combined Group tests for possible impairment of property and equipment whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner that the asset is intended to be used, indicate that the carrying amount of the asset may not be recoverable. If indicators exist, The Combined Group compares the estimated undiscounted future cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the estimated undiscounted future cash flow amount, an impairment charge is recorded in depreciation and amortization expense in the statement of operations for amounts necessary to reduce the carrying value of the asset to fair value. The impairment loss calculations require management to apply judgment in estimating future cash flows.

**5. Intangible Assets**

The Combined Group classifies intangible assets as definite-lived, indefinite-lived or as goodwill. Definite-lived intangibles are amortized over the estimated lives of the relationships. The Combined Group periodically reviews the appropriateness of the amortization periods related to its definite-lived assets. Indefinite-lived intangibles include broadcast FCC licenses. The excess cost over fair value of net assets acquired is classified as goodwill. FCC licenses and goodwill are not subject to amortization, but are tested for impairment at least annually.

The Combined Group tests for possible impairment of definite-lived intangible assets whenever events or changes in circumstances, such as a reduction in operating cash flow or a dramatic change in the manner that the asset is intended to be used indicate that the carrying amount of the asset may not be recoverable.

If indicators exist, The Combined Group compares the estimated future undiscounted cash flows related to the asset to the carrying value of the asset. If the carrying value is greater than the undiscounted cash flow amount, an impairment charge is recorded in an amount necessary to reduce the carrying value of the asset to fair value.

**The Combined Group**

**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2011, 2010 and 2009**

The Combined Group performs its annual impairment test for its FCC licenses using a direct valuation technique, which is an acceptable industry approach. Certain assumptions are used under The Combined Group's direct valuation technique, including market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up cost and losses incurred during the build-up period, the risk adjusted discount rate and terminal values.

The impairment test for goodwill utilizes a two-step fair value approach. The first step of the goodwill impairment test is used to identify potential impairment by comparing the fair value of the reporting unit to its carrying amount. The Combined Group has determined that each market constitutes a reporting unit. The fair value of a reporting unit is determined using a combination of a comparable transaction analysis and a discounted cash flows analysis that excludes network compensation payments. If the fair value of the reporting unit exceeds its carrying amount, goodwill is not considered impaired. If the carrying amount of the reporting unit exceeds its fair value, the second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. The second step of the goodwill impairment test compares the implied fair value of the reporting unit's goodwill with the carrying amount of that goodwill. The implied fair value of goodwill is determined by performing an assumed purchase price allocation, using the reporting unit fair value (as determined in the first step) as the purchase price. If the carrying amount of goodwill exceeds the implied fair value, an impairment loss is recognized in an amount equal to that excess.

The Combined Group utilizes an independent third party valuation firm to assist in the development of these assumptions and determination of the fair value of its intangible assets.

***6. Program rights***

Program rights represent the right to air various forms of first-run and existing second-run programming. Program rights and the corresponding contractual obligations are recorded when the license period begins and the programs are available for use. Program rights are carried at the lower of unamortized cost or estimated net realizable value on a program-by-program basis. Program rights and the corresponding contractual obligations are classified as current or long-term based on estimated usage and payment terms, respectively. Costs of first-run and existing second-run programming are generally amortized on a straight-line basis over the term of the license period.

***7. Nonconsolidated affiliates***

In general, investments in which The Combined Group owns 20 percent to 50 percent of the common stock or otherwise exercises significant influence over the investee are accounted for under the equity method. The Combined Group reviews the value of equity method investments and records impairment charges in the statements of operations for any decline in value that is determined to be other-than-temporary. These are classified as other assets in the accompanying balance sheet.

***8. Assets and Liabilities Measured at Fair Value***

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, US Generally Accepted Accounting Principles establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

**Table of Contents**

**The Combined Group**

**NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)**

**December 31, 2011, 2010 and 2009**

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that The Combined Group has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability that are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Combined Group's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The Combined Group performs an annual impairment test, on October 1, on intangible assets and, if necessary, writes certain intangible assets down to fair value if changes in economic conditions indicate the assets are impaired. These impairments are based primarily on unobservable (Level 3) inputs.

***9. Income taxes***

The Combined Group files its income tax returns as part of the respective owners' returns.

As a limited liability company, Newport is taxed as a partnership under the Internal Revenue Code and applicable state statutes. Income or loss flows through to the members to be taxed on their applicable tax returns; accordingly, the financial statements do not include any provision for federal or state pass-through income taxes. Certain states in which The Combined Group operates will assess tax on an income or gross receipts basis, regardless of entity type. The state taxes related to The Combined Group are reflected in these combined financial statements.

High Plains, a corporation, accounts for deferred income tax assets and liabilities based on the temporary differences between the financial accounting and tax basis of assets and liabilities. Deferred tax assets and liabilities are determined at the end of each period using the current enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. The financial statements reflect the income tax expense associated with High Plains, as if a stand-alone tax return was filed.

***10. Revenue recognition***

The Combined Group's revenue is primarily derived from the sale of advertising. Advertising revenue is recognized over the period in which the commercials are aired. Advertising revenue is reported net of agency and national sales representative commissions, which are calculated based on a stated percentage applied to gross billing revenue. Payments received in advance of being earned are recorded as deferred income.

Retransmission consent revenue is recognized based on the number of subscribers over the life of the agreement.

Ingenize Digital revenue is generated pursuant to contracts with its customers. Contracted monthly fees for website hosting and website content management is recognized in the month of service. Revenue generated through website development and other related projects is recognized upon completion of the project based upon the contracted rate. Advertising revenue is recognized when advertising is broadcast based upon the contracted rate.

**Table of Contents****The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009****11. Barter and trade transactions**

Barter and trade transactions represent the exchange of airtime for merchandise or services. These transactions are generally recorded at the fair market value of the airtime, or the fair market value of the merchandise or services received. Revenue is recognized on barter and trade transactions when the advertisements are broadcast. Expenses are recorded ratably over the period the merchandise or service received is utilized.

Barter and trade revenue and expenses included in operations for the years ended December 31, were as follows:

(in thousands)	Revenues	Expenses
2011	\$ 4,108	\$ 4,035
2010	4,579	4,289
2009	5,134	5,023

**12. Advertising expense**

The Combined Group records advertising expense as it is incurred. Advertising expense for the years ended December 31, 2011, 2010, and 2009 was \$134,000, \$33,000, and \$70,000, respectively.

**13. Use of estimates**

The preparation of these financial statements requires management to make estimates, judgments, and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Combined Group bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates.

**14. Subsequent Events**

The Combined Group evaluated and disclosed subsequent events, if any, through October 15, 2012, which represents the date as of which the financial statements were available to be issued.

**NOTE B INTANGIBLE ASSETS AND GOODWILL****1. Definite-lived intangibles**

The Combined Group classifies intangible assets as definite-lived, indefinite-lived or as goodwill. Definite-lived intangibles include network affiliation agreements which represent the value assigned to an acquired television station's relationship with a national television network. These intangible assets are amortized over the estimated lives of the relationships. The Combined Group periodically reviews the appropriateness of the amortization periods related to its definite-lived assets.

The following tables reflect the gross carrying amount and accumulated amortization of definite-lived intangibles:

**2. Indefinite-lived Intangibles**

The Combined Group's indefinite-lived intangible assets consist of FCC broadcast licenses. FCC broadcast licenses are granted to television stations for up to eight years under the Telecommunications Act of 1996. The Act requires the FCC to renew a broadcast license if it finds that the station has served the public interest, convenience and necessity; there have been no serious violations of either the Communications Act of 1934 or the FCC's rules and regulations by the licensee; and there have been no other serious violations which taken together constitute a pattern of abuse. The licenses may be renewed indefinitely at little or no cost.

The Combined Group does not amortize its FCC broadcast licenses, but rather tests them for impairment at least annually using a direct method. During 2011 and 2010, The Combined Group performed this analysis as of October 1 and did not recognize any FCC license impairment. During 2009, The Combined Group performed this analysis as of October 1 and recognized FCC license impairment of \$7.3 million in the

statement of operations.

**3. Goodwill**

During 2011, The Combined Group tested goodwill impairment as of October 1, 2011. As a result, The Combined Group did not recognize any goodwill impairment. The Combined Group's accumulated goodwill impairment loss was \$0.8 million at December 31, 2011. The key assumptions used to determine the fair value of

the reporting units at October 1, 2011 include the following: (a) discount rate of 10.0%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 1.0% to 4.5%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

During 2010, The Combined Group tested goodwill impairment as of October 1, 2010. As a result, The Combined Group did not recognize any goodwill impairment. The Combined Group's accumulated goodwill impairment loss was \$0.8 million at December 31, 2010. The key assumptions used to determine the fair value of the reporting units at October 1, 2010 include the following: (a) discount rate of 10.5%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 2.0% to 3.5%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

During 2009, The Combined Group tested goodwill impairment as of October 1, 2009. As a result, The Combined Group recognized \$0.8 million of goodwill impairment due to the continued decline in the advertising market experienced during the first three quarters of 2009. The key assumptions used to determine the fair value of the reporting units at October 1, 2009 include the following: (a) discount rate of 11.0%; (b) long term market growth rates of 1.5% to 4.0%; (c) annual expense growth rates of 2.0% to 3.0%; (d) effective combined federal and state tax rates of 34.0% to 40.6%.

**NOTE C COMMITMENTS AND CONTINGENCIES**

The Combined Group has long-term operating leases for office space, certain broadcasting facilities and equipment. The leases expire at various dates, generally during the next ten years, and have varying options to renew and cancel. Some of the lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for the payment of utilities and maintenance by The Combined Group. In addition, The Combined Group has commitments relating to programming rights.

As of December 31, 2011, The Combined Group's future minimum rental commitments under non-cancelable operating lease agreements and future programming rights not yet reflected in the balance sheet, both with terms in excess of one year, consist of the following:

(In thousands)	Payments Due for Year Ended December 31,						Total
	2012	2013	2014	2015	2016	Thereafter	
Program rights payments	\$ 870	\$ 2,504	\$ 1,965	\$ 971	\$ 938	\$ 2,392	\$ 9,640

Rental expense for operating leases for each of the years ended December 31, 2011, 2010, and 2009 was approximately \$0.7 million, \$0.7 million, and \$0.9 million, respectively.

There are no pending legal proceedings that The Combined Group anticipates will have a material adverse effect on its financial statements.

**NOTE D RELATED PARTY AND OTHER TRANSACTIONS**

Newport provides certain day-to-day management services to The Combined Group. In addition to the day-to-day management of the stations, these services include treasury, payroll, human resources, employee

benefit services, legal and related services, and information systems and related information technology services. As part of the treasury services, day-to-day net cash is swept to Newport's bank accounts. The net cash flow generated by The Combined Group is reflected as net distributions to owners in the accompanying financial statements. The costs of these services are prorated to all stations based on the station's broadcast cash flow and are reflected as corporate expense allocation in the accompanying financial statements. Management believes the allocation methodology is reasonable. Total corporate costs allocated to The Combined Group for the years ended December 31, 2011, 2010, and 2009, were \$3.3 million, \$3.6 million, and \$5.4 million, respectively. For the years ended December 31, 2011, 2010, and 2009, the corporate costs allocated to The Combined Group includes \$0.6 million, \$0.6 million and \$0.3 million, respectively, of noncash compensation expense for restricted units issued to certain members of the corporate management team.

Inergize Digital (a division of Newport) provides website hosting, website development, website content management, website related advertising support and certain sales support services to all Newport stations, including those in The Combined Group. Inergize Digital revenues recognized in the combined statements of operations from Newport stations not included in The Combined Group for the years ended December 2011, 2010, and 2009 were \$3.5 million, \$3.2 million, and \$2.6 million, respectively.

The New York Hub (a division of Newport) provides certain engineering, programming, master control, accounting, and traffic support services to the all stations located in New York in The Combined Group, as well as other Newport stations located in New York. New York Hub revenues recognized in the combined statements of operations from Newport stations not included in The Combined Group for the years ended December 31, 2011, 2010, and 2009 were \$1.1 million, \$1.2 million, and \$1.2 million, respectively.

Newport has a management agreement with its equity partner which owns the majority of the equity interests of Newport. Under this management agreement, Newport is to pay its equity partner an annual management fee based on EBITDA, as defined in the agreement. This expense of \$2.1 million, \$1.9 million, and \$1.2 million for the years ended December 31, 2011, 2010, and 2009, respectively, has not been allocated to the financials of The Combined Group.

The Combined Group's employees are eligible to participate in the Newport 401(k) Plan, a defined contribution plan (the "Plan"). Newport suspended any company match in 2009 and The Combined Group did not recognize any expense related to the Plan during 2011, 2010, and 2009.

Newport is currently self-insured up to certain stop-loss thresholds for health and welfare benefit plans and obtains insurance from various third parties for general liability, property, and casualty insurance. Newport charges The Combined Group premiums based on one or more of the following: number of employees, historical claims, estimates of future claims, administrative costs, and applicable third party insurance premiums. The insurance premiums charged to The Combined Group for the years ended December 2011, 2010, and 2009 were \$2.4 million, \$2.6 million, and \$2.2 million, respectively.

**NOTE E INCOME TAXES**

The income taxes presented in the combined financial statements represent the taxes on High Plains's stations as if a stand-alone tax return was filed plus any income taxes in the state of Tennessee. Income tax expense for the years ended December 31, 2011 and 2010 was \$0.3 million and \$0.1 million, respectively. There was no income tax expense in 2009. Deferred tax assets associated with High Plains and Tennessee are recorded at the Newport and High Plains level.

**Table of Contents****The Combined Group****NOTES TO COMBINED FINANCIAL STATEMENTS (Continued)****December 31, 2011, 2010 and 2009**

The Combined Group evaluates its uncertain tax positions annually. Accordingly, a liability is recognized when it is more likely than not that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimates and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position or for all uncertain tax positions in the aggregate could differ from the amount recognized.

The Combined Group is subject to income taxes in the U.S. federal jurisdiction and various state jurisdictions. Tax regulations within each jurisdiction are subject to the interpretation of the related tax laws and regulations and require significant judgment to apply. Newport and High Plains are subject to U.S. federal, state and local tax examinations by tax authorities for its 2009-2011 returns.

The Combined Group is not currently under examination. The Combined Group does not expect any material changes to its unrecognized tax benefits within the next 12 months. The Combined Group recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense for all periods presented.

**NOTE F FAIR VALUE MEASUREMENTS**

Due to their short maturity, the carrying amounts of accounts receivable, accounts payable and accrued liabilities approximated their fair values at December 31, 2011, 2010, and 2009.

The following table summarizes the valuation of assets, upon which impairment was recorded, at fair value on a nonrecurring basis in the combined balance sheets at December 31, 2009:

**Item 15. Indemnification of Directors and Officers.**

We are incorporated under the laws of the State of Delaware. Section 102(b)(7) of the General Corporation Law of the State of Delaware (the DGCL ) allows a corporation to provide in its certificate of incorporation that a director of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the director breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our amended and restated certificate of incorporation provides for this limitation of liability.

Section 145 of the DGCL ( Section 145 ) provides that a Delaware corporation may indemnify any person who was, is or is threatened to be made, party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was illegal. A Delaware corporation may indemnify any persons who are, were or are a party to any threatened, pending or completed action or suit by or in the right of the corporation by reasons of the fact that such person is or was a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation s best interests, provided that no indemnification is permitted without judicial approval if the officer, director, employee or agent is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise,

against any liability asserted against him and incurred by him in any such capacity, or arising out of his or her status as such, whether or not the corporation would otherwise have the power to indemnify him under Section 145.

Article Fifth of our amended and restated certificate of incorporation provides for the indemnification of directors and officers to the fullest extent permissible under Delaware law.

Article Fifth of our amended and restated certificate of incorporation also provides for the indemnification of officers, directors and third parties acting on our behalf if such person acted in good faith and in a manner reasonably believed to be in and not opposed to our best interest, and, with respect to any criminal action or proceeding, the indemnified party had no reason to believe his or her conduct was unlawful.

The indemnification rights set forth above are not exclusive of any other right that an indemnified person may have or hereafter acquire under any statute, provision of our amended and restated certificate of incorporation, our amended and restated bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

In addition, a proposed form of purchase agreement or underwriting agreement filed as an exhibit in connection with an underwritten offering of the securities offered hereunder may provide for indemnification to our directors and officers by the underwriters against certain liabilities.

  - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
  - (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (8) That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (9) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
