**EMERSON RADIO CORP. AND SUBSIDIARIES**

**NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**NOTE 1 BACKGROUND AND BASIS OF PRESENTATION**

The consolidated financial statements include the accounts of Emerson Radio Corp. ( Emerson , consolidated the Company ), and its subsidiaries. The Company designs, sources, imports and markets a variety of houseware and consumer electronic products, and licenses the Company s trademarks for a variety of products domestically and internationally.

The unaudited interim consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary to present a fair statement of the Company s consolidated financial position as of September 30, 2012 and the results of operations for the three and six month periods ended September 30, 2012 and September 30, 2011. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. The preparation of the unaudited interim consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes; actual results could materially differ from those estimates. The unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and accordingly do not include all of the disclosures normally made in the Company s annual consolidated financial statements. Accordingly, these unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended March 31, 2012 ( fiscal 2012 ), included in the Company s annual report on Form 10-K, as amended, for fiscal 2012.

The results of operations for the three and six month periods ended September 30, 2012 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the full year ended March 31, 2013 ( fiscal 2013 ).

Certain reclassifications may have been made to conform the prior year s financial statements to the current presentation.

Unless otherwise disclosed in the notes to these financial statements, the estimated fair value of the financial assets and liabilities approximates the carrying value.

Subsequent events have been evaluated through November 19, 2012.

**Stock-Based Compensation**

The Company measures compensation cost for stock-based compensation arrangements based on grant date fair value. The computed fair value is expensed ratably over the requisite vesting period as required by ASC Topic 718 Compensation Stock Compensation . All outstanding stock based compensation arrangements issued by the Company were fully vested as of November 30, 2009. Consequently, the Company recorded no compensation costs during either of the three or six month periods ended September 30, 2012 and September 30, 2011.

**Sales Allowance and Marketing Support Expenses**

Sales allowances, marketing support programs, promotions and other volume-based incentives which are provided to retailers and distributors are accounted for on an accrual basis as a reduction to net revenues in the period in which the related sales are recognized in accordance with ASC topic 605, Revenue Recognition , subtopic 50 Customer Payments and Incentives and Securities and Exchange Commission Staff Accounting Bulletins 101 Revenue Recognition in Financial Statements, and 104 Revenue Recognition, corrected copy ( SAB s 101 and 104 ).

At the time of sale, the Company reduces recognized gross revenue by allowances to cover, in addition to estimated sales returns as required by ASC topic 605, Revenue Recognition , subtopic 15 Products , (i) sales incentives offered to customers that meet the criteria for accrual under ASC topic 605, subtopic 50 and (ii) under SAB s 101 and 104, an estimated amount to recognize additional non-offered deductions it anticipates and can reasonably estimate will be taken by customers which it does not expect to recover. Accruals for the estimated amount of future non-offered deductions are required to be made as contra-revenue items because that percentage of shipped revenue fails to meet the collectability criteria within SAB 104 s and 101 s four revenue recognition criteria, all of which are required to be met in order to recognize revenue.

## Edgar Filing: EMERSON RADIO CORP - Form 10-Q

If additional marketing support programs, promotions and other volume-based incentives are required to promote the Company's products subsequent to the initial sale, then additional reserves may be required and are accrued for when such support is offered.

### NOTE 6 INCOME TAXES

The Company has no U.S. federal net operating loss carry forwards and some U.S. state net operating loss carry forwards included in net deferred tax assets that are available to offset future taxable income and can be carried forward for 20 years. Although realization is not assured, management believes it is more likely than not that all of the net deferred tax assets will be realized through tax planning strategies available in future periods and through future profitable operating results. The amount of the deferred tax asset considered realizable could be reduced or eliminated if certain tax planning strategies are not successfully executed or estimates of future taxable income during the carry forward period are reduced. If management determines that the Company would not be able to realize all or part of the net deferred tax asset in the future, an adjustment to the deferred tax asset would be charged to income in the period such determination was made.

**Table of Contents**

The Company's effective tax rate differs from the federal statutory rate primarily due to expenses that are not deductible for federal income tax purposes, income and losses incurred in foreign jurisdictions and taxed at locally applicable tax rates, and state income taxes.

The Company is subject to examination and assessment by tax authorities in numerous jurisdictions. A summary of the Company's open tax years is as follows as of September 30, 2012:

<b>Jurisdiction</b>	<b>Open tax years</b>
U.S. federal	2008-2011
States	2007-2011

Based on the outcome of tax examinations or due to the expiration of statutes of limitations, it is reasonably possible that the unrecognized tax benefits related to uncertain tax positions taken in previously filed returns may be different from the liabilities that have been recorded for these unrecognized tax benefits. As a result, the Company may be subject to additional tax expense.

**Taxability of March 2010 Dividend**

As previously disclosed, on March 2, 2010, the Board of Directors of the Company (the Board) declared an extraordinary dividend of \$1.10 per common share, which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the stock-for-debt exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the Internal Revenue Service (the IRS) which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by its shareholders resulting from the dividend paid by the Company.

**NOTE 7 RELATED PARTY TRANSACTIONS**

From time to time, Emerson engages in business transactions with its controlling shareholder, The Grande Holdings Limited (Provisional Liquidators Appointed) (Grande), and one or more of Grande's direct and indirect subsidiaries. Set forth below is a summary of such transactions.

***Controlling Shareholder***

Grande has, together with S&T International Distribution Limited (S&T), a subsidiary of Grande, Grande N.A.K.S. Ltd. and Christopher Ho (Chairman of Grande's and Emerson's Boards of Directors) (together with Grande, the Reporting Persons) filed, on July 5, 2012, a Schedule 13D/A with the Securities and Exchange Commission (SEC) stating that, as of the filing date, the Reporting Persons (except Christopher Ho) had the shared power to vote and direct the disposition of 15,243,283 shares, or approximately 56.2%, of the outstanding common stock of Emerson, subject only to the rights granted to Deutsche Bank AG (Deutsche Bank) pursuant to a security agreement entered into between S&T and Deutsche Bank on January 20, 2010 in which S&T granted a security interest in an aggregate of 3,780,600 shares in Emerson common stock (the Pledged Shares) owned by S&T but pledged to Deutsche Bank for the purposes of securing obligations owing from Grande to Deutsche Bank (the Secured Obligations).

The aforementioned Schedule 13D/A also states that, as of the filing date, the Reporting Persons are aware only of the sale of 391,199 of the Pledged Shares by Deutsche Bank and that they have not yet been able to verify whether, or to what extent, Deutsche Bank has taken any other actions in respect of the Pledged Shares. The Reporting Persons also are of the view that the Secured Obligations have already been settled and, therefore, S&T reportedly is seeking clarification of the basis on which Deutsche Bank has claimed beneficial ownership of the remaining 3,380,079 shares out of the remaining 3,389,401 Pledged Shares. On February 11, 2011, Deutsche Bank filed a Schedule 13G with the SEC stating that it had sole voting and sole dispositive power over the Pledged Shares, which represent approximately 12.5% of the Company's outstanding common stock. On January 9, 2012, Deutsche Bank filed with the SEC a Form 4 Statement of Changes in Beneficial Ownership stating that, after sales by it of certain of the Pledged Shares, it

**Table of Contents**

beneficially owned 3,380,079 shares of Emerson's common stock, and on February 10, 2012, Deutsche Bank filed with the SEC a Schedule 13G stating that it was the beneficial owner with sole voting and sole dispositive power of such shares. As a result of the foregoing, there are competing claims to 3,380,079 shares of Emerson's common stock. Until further clarification is obtained, Emerson is unable to determine the beneficial ownership of such shares.

On May 31, 2011, upon application of a major creditor, the High Court of Hong Kong appointed Fok Hei Yu (who is also known by the anglicized name Vincent Fok), a current director, and Roderick John Sutton, both of FTI Consulting (Hong Kong) Limited ( "FTI" ), as Joint and Several Provisional Liquidators over Grande. Accordingly, as of May 31, 2011, the directors of Grande no longer have the ability to exercise control over Grande or the power to direct the voting and disposition of the 15,243,283 shares claimed to be owned by Grande. Instead, Mr. Fok, as a Provisional Liquidator over Grande, has such power.

***Related Party Transactions***

**Rented Office Space in Hong Kong**

The Company is billed for service charges from Brighton Marketing Limited, a subsidiary of Grande, and The Grande Properties Management Limited, a related party of Grande, in connection with the Company's rented office space in Hong Kong. These charges totaled approximately \$12,000 for the three month period ended September 30, 2012 and approximately \$15,000 for the three month period ended September 30, 2011. For the six month periods ended September 30, 2012 and September 30, 2011, these charges totaled approximately \$24,000 and \$54,000, respectively. Emerson owed Brighton Marketing Limited \$0 at September 30, 2012 and approximately \$1,000 at September 30, 2011 pertaining to these charges.

Beginning July 3, 2012, the Company entered into a rental agreement with Lafe Strategic Services Limited ( "Lafe" ), which is a related party of Grande, whereby the Company is leasing out excess space within its rented office space in Hong Kong to Lafe. The rental agreement is on a month-by-month basis, cancellable by either the Company or Lafe on one month's written notice. During the three month period ended September 30, 2012, the Company earned rental income of approximately \$9,000 and owed Lafe an amount of approximately \$6,000 for a security deposit paid to the Company by Lafe at the inception of the agreement.

**Consulting Services Provided to Emerson by one of its Directors**

During the three months ended September 30, 2012 and September 30, 2011, Emerson paid consulting fees of approximately \$31,000 and \$11,000, respectively, to Mr. Eduard Will, a director of Emerson, for work performed by Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 9 Legal Proceedings Kayne Litigation and merger and acquisition research. In addition, during each of the three months ended September 30, 2012 and September 30, 2011, Emerson paid expense reimbursements and advances, in the aggregate, of nil to Mr. Will, related to this consulting work and his service as a director of Emerson.

During the six months ended September 30, 2012 and September 30, 2011, Emerson paid consulting fees of approximately \$62,000 and \$14,000, respectively, to Mr. Eduard Will, a director of Emerson, for work performed by Mr. Will related to strategy for the Kayne Litigation as more fully described in Note 9 Legal Proceedings Kayne Litigation, merger and acquisition research, as well as work related to the strategy for a shareholder derivative lawsuit that the Company settled in January 2011. In addition, during the six months ended September 30, 2012 and September 30, 2011, Emerson paid expense reimbursements and advances, in the aggregate, of nil and approximately \$18,000, respectively, to Mr. Will, related to this consulting work and his service as a director of Emerson.

At September 30, 2012, the Company owed Mr. Will \$0 and at September 30, 2011, Mr. Will owed the Company approximately \$8,000 in the form of unused travel advances previously paid to him for which the travel had not yet occurred.

**Dividend-Related Issues with S&T**

On March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share, which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the stock-for-debt exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the Internal Revenue Service (the "IRS") which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the

IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination.

**Table of Contents**

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend funds allocated to the tax liability associated with such dividend. As previously disclosed, on April 7, 2010, upon a request made to the Company by S&T, the Company entered into an agreement with S&T (the Agreement), whereby the Company returned to S&T on April 7, 2010 that portion of the funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believes is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset in part by the calling by the Company on S&T of the indemnification provisions of the Agreement.

Per the terms of the Agreement, Emerson invoiced S&T in June 2010 approximately \$42,000 for reimbursement of legal fees incurred by Emerson with regard to the Agreement and approximately \$33,000 as a transaction fee for having entered into the Agreement. In January 2011, Emerson agreed, upon the request of S&T, to waive approximately \$5,000 of the legal charges that had been invoiced to S&T in June 2010. S&T paid the full amount owed to Emerson of approximately \$70,000 in February 2011.

In March 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the Amended Agreement), remains in effect as of today. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify Emerson under the terms of the Amended Agreement, the Company may be liable to pay such additional taxes which would have a material adverse effect on the Company's financial condition and operations.

**Other**

During the three months ended September 30, 2012 and September 30, 2011, Emerson invoiced Vigers Appraisal & Consulting Ltd. (Vigers), a related party of Grande, approximately \$1,000 and \$1,000, respectively, for usage of telephone and data lines maintained by Emerson. During the six months ended September 30, 2012 and September 30, 2011, Emerson invoiced Vigers approximately \$2,000 and \$2,000, respectively, for usage of telephone and data lines maintained by Emerson. Vigers owed Emerson approximately \$1,000 at both September 30, 2012 and September 30, 2011 related to this activity.

**NOTE 8 BORROWINGS***Short-term Borrowings*

A like amount of cash, which was posted by the Company as collateral against these outstanding letters of credit, at September 30, 2012, has been classified by the Company as Restricted Cash on the balance sheet.

*Long-term Borrowings*

At September 30, 2012 and March 31, 2012, borrowings under long-term facilities consisted of the following (in thousands):

**NOTE 9 LEGAL PROCEEDINGS**

*Kayne Litigation* On July 7, 2011, the Company was served with an amended complaint (the Complaint ) filed in the United States District Court for the Central District of California alleging, among other things, that the Company, certain of its present and former directors and other entities or individuals now or previously associated with Grande, intentionally interfered with the ability of the plaintiffs to collect on a judgment (now approximately \$47 million) they had against Grande by engaging in transactions (such as the dividend paid to all shareholders in March 2010) which transferred assets out of the United States. The Complaint also asserts

claims under the civil RICO statute and for alter ego liability. In the Company's opinion, the claims appear to be devoid of merit. Accordingly, on September 27, 2011, Emerson moved to dismiss the action for failure to state a claim (the Motion). On or about February 27, 2012, the Court dismissed the intentional interference claim and portions of the Civil RICO claim with leave to re-plead, but denied the Motion to dismiss the alter ego claim. On March 19, 2012, the plaintiffs filed a Second Amended Complaint setting forth the same claims as the Complaint. On April 20, 2012, the Company moved to dismiss the re-pleaded intentional interference and RICO claims, and oral arguments on this motion were held on June 18, 2012. On September 6, 2012, the Court dismissed the RICO claim, but granted the plaintiffs leave to re-plead. On September 17, 2012, the plaintiffs filed a Third Amended Complaint setting forth the same claims as the Complaint. The Company's response to the Third Amended Complaint was due and filed on October 4, 2012, which again included a motion to dismiss the alter ego claim. In the interim, the parties have exchanged document discovery requests and responses. Plaintiffs and certain co-defendants have produced documents. This action has been scheduled for an April 23, 2013 trial date. Emerson is defending the action vigorously.

Except for the litigation matter described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

**NOTE 10 MARKETABLE SECURITIES**

As of June 30, 2012 and March 31, 2012, the Company had no marketable securities.

During Fiscal 2012, the Company sold for cash proceeds in May 2011 its last remaining student loan auction rate security for \$4.7 million and realized a gain of \$0.8 million as a result.

**NOTE 11 TRADEMARKS**

During the three months ended September 30, 2012, upon completion of an analysis which showed the absence of future expected cash flows, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus, the Company recorded in September 2012 an impairment charge of \$1.3 million to write off this trademark. The Company does not anticipate any future material adverse financial impacts arising from this impairment.

**NOTE 12 SHORT TERM INVESTMENTS**

During the three months ended September 30, 2012, the Company invested \$25.0 million in certificates of deposit with durations in excess of three months. \$5.0 million of the certificates mature on December 31, 2012 and \$20.0 million of the certificates mature on February 19, 2013.

**Net product sales** Net product sales for the second quarter of fiscal 2013 were \$32.3 million as compared to \$40.2 million for the second quarter of fiscal 2012, a decrease of \$7.9 million or 19.7%. For the six month period of fiscal 2013, net product sales were \$77.2 million as compared to \$90.3 million for the six month period of fiscal 2012, a decrease of \$13.1 million or 14.6%. The Company's sales during the six month periods of fiscal 2013 and fiscal 2012 were highly concentrated among the Company's two largest customers, as to which gross product sales comprised approximately 94.9% and 91.1%, respectively, of the Company's total gross product sales. Net product sales may be periodically impacted by adjustments made to the Company's sales allowance and marketing support accrual to record unanticipated customer deductions from accounts receivable or to reduce the accrual by any amounts which were accrued in the past but not taken by customers through deductions from accounts receivable within a certain time period. In the aggregate, these adjustments had the effect of increasing net product sales and operating income by approximately \$0.3 million and \$0.3 million for the second quarters of fiscal 2013 and fiscal 2012, respectively, and approximately \$0.5 million and \$0.5 million for the six month periods of fiscal 2013 and fiscal 2012, respectively. The Company confronts increasing pricing pressure which is a trend that management expects to continue.

Net product sales are comprised primarily of the sales of houseware and audio products which bear the Emerson® brand name. The major elements which contributed to the overall decrease in net product sales were as follows:

- i) Houseware product net sales decreased \$5.9 million, or 15.9%, to \$31.3 million in the second quarter of fiscal 2013 as compared to \$37.2 million in the second quarter of fiscal 2012, principally driven by a decrease in sales of compact refrigerators, microwave ovens, wine coolers, toaster ovens and coffee makers. For the six month period of fiscal 2013, houseware products net sales were \$75.1 million, a decrease of \$9.5 million or 11.2%, from \$84.6 million for the six month period of fiscal 2012, principally driven by a decrease in sales of compact refrigerators, microwave ovens, wine coolers, toaster ovens and coffee makers; and
- ii) Audio product net sales were \$1.0 million in the second quarter of fiscal 2013 as compared to \$2.9 million in the second quarter of fiscal 2012, a decrease of \$1.9 million, or 67.5%, resulting from decreased sales of the Company's portable audio and clock radio product offerings. For the six month period of fiscal 2013, audio product net sales were \$2.1 million, a decrease of \$3.6 million, or

## Edgar Filing: EMERSON RADIO CORP - Form 10-Q

64.1%, from \$5.7 million in the six month period of fiscal 2012, resulting from decreased net sales of the Company's portable audio and clock radio product offerings.

As reported by the Company in a Form 8-K filed with the SEC on October 19, 2012, the Company has been informed by its customer Wal-Mart, which accounted for approximately 48% of the Company's net revenues during the year ended March 31, 2012 (Fiscal 2012), that, commencing with the Spring of 2013, it will discontinue purchasing from Emerson two microwave oven products currently sold by the Company to Wal-Mart. During Fiscal 2012, these two microwave oven products comprised, in the aggregate, approximately \$48.4 million, or 31%, of the Company's net product sales. Currently, it is anticipated that Emerson will continue shipping these products throughout the remainder of Fiscal 2013 (the year ending March 31, 2013), with sales of such products declining in the fourth quarter of Fiscal 2013. Emerson anticipates that the full impact of Wal-Mart's decision will be realized by the Company in Fiscal 2014, which begins on April 1, 2013. As repeatedly disclosed by the Company, the complete loss of, or significant reduction in, business with either of the Company's key customers will have a material adverse effect on the Company's business and results of operations. Accordingly, Wal-Mart's decision will have a material adverse effect on the Company's business and results of operations. The Company intends to immediately commence a process to consider various strategic alternatives, including a complete analysis of its current and prospective product lines. There can be no assurance that the Company will be able to increase sales of such products at levels sufficient to offset the adverse impact of Wal-Mart's decision, if at all.

**Licensing revenue** Licensing revenue in the second quarter of fiscal 2013 was \$2.4 million compared to \$1.2 million in the second quarter of fiscal 2012, an increase of \$1.2 million or 107.2%. Licensing revenue for the six month period of fiscal 2013 was \$3.6 million as compared to \$2.6 million for the six month period of fiscal 2012, an increase of \$1.0 million or 37.2%. The increase in year-over-year licensing revenue for both the second quarter and six month periods of fiscal 2013 was due to approximately \$1.3 million of higher year-over-year licensing revenue earned from the Company's largest licensee, Funai Corporation, Inc. ( Funai ), because Funai met its annual minimum royalty payment obligation during the second quarter of the Company's fiscal year 2013, as compared to the prior year, when Funai met its annual minimum royalty payment obligation during the third quarter of the Company's fiscal year 2012, partly offset by lower aggregate year-over-year licensing revenues earned by the Company from its other active licensees due to a lower year-over-year number of licensees.

The Company's largest license agreement is with Funai, which accounted for approximately 92% and 89% of the Company's total licensing revenue for the second quarter and six month period of fiscal 2013, respectively, and which expires December 31, 2012 unless renewed. The agreement provides that Funai will manufacture, market, sell and distribute specified products bearing the Emerson® trademark to customers in the U.S. and Canadian markets. Under the terms of the agreement, the Company receives non-refundable minimum annual royalty payments of \$3.75 million each calendar year and a license fee on sales of product subject to the agreement in excess of the minimum annual royalties. The Company and Funai continue to negotiate a renewal of such license; however there is no assurance that a renewal will be consummated on terms acceptable to the Company, if at all.

**Net revenues** As a result of the foregoing factors, the Company's net revenues were \$34.7 million in the second quarter of fiscal 2013 as compared to \$41.4 million in the second quarter of fiscal 2012, a decrease of \$6.7 million, or 16.1%, and \$80.7 million in the six month period of fiscal 2013 as compared to \$92.9 million in the six month period of fiscal 2012, a decrease of \$12.2 million, or 13.1%.

**Cost of Sales** In absolute terms, cost of sales decreased \$7.9 million, or 21.4%, to \$29.1 million in the second quarter of fiscal 2013 as compared to \$37.0 million in the second quarter of fiscal 2012. Cost of sales, as a percentage of net revenues was 83.8% in the second quarter of fiscal 2013 as compared to 89.4% in the second quarter of fiscal 2012. Cost of sales, as a percentage of net product sales was 90.1% in the second quarter of fiscal 2013 as compared to 92.0% in the second quarter of fiscal 2012. The decrease in absolute terms for the second quarter of fiscal 2013 as compared to the second quarter of fiscal 2012 was primarily related to the reduced net product sales and lower year-over-year cost of sales as a percentage of sales. The improved margins for the quarter ended September 30, 2012 are not anticipated to continue for the remainder of fiscal 2013 and are not indicative of results expected to be achieved in subsequent quarters.

In absolute terms, cost of sales decreased \$14.3 million, or 17.3%, to \$68.3 million in the six month period of fiscal 2013 as compared to \$82.6 million in the six month period of fiscal 2012. Cost of sales, as a percentage of net revenues was 84.6% in the six month period of fiscal 2013 as compared to 88.9% in the six month period of fiscal 2012. Cost of sales, as a percentage of net product sales was 88.5% in the six month period of fiscal 2013 as compared to 91.5% in the six month period of fiscal 2012. The decrease in absolute terms for the six month period of fiscal 2013 as compared to the six month period of fiscal 2012 was primarily related to the reduced net product sales and lower year-over-year cost of sales as a percentage of sales, partially offset by the impact of an inventory valuation reserve reduction that occurred in the six month period of fiscal 2012 that did not repeat in the six month period of fiscal 2013. The improved margins for the six month period ended September 30, 2012 are not anticipated to continue for the remainder of fiscal 2013 and are not indicative of results expected to be achieved in subsequent quarters.

The Company purchases the products it sells from a limited number of factory suppliers. For the second quarter of fiscal 2013 and fiscal 2012, 84% and 66%, respectively, of such purchases were from the Company's largest two suppliers. For the six month period of fiscal 2013 and fiscal 2012, 76% and 79%, respectively, of such purchases were from the Company's largest two suppliers.

**Other Operating Costs and Expenses** As a percentage of net revenues, other operating costs and expenses were 1.1% in the second quarter of fiscal 2013 and 0.7% in the second quarter of fiscal 2012. In absolute terms, other operating costs and expenses increased \$0.1 million, or 27.5%, to \$0.4 million for the second quarter of fiscal 2013 as compared to \$0.3 million in the second quarter of fiscal 2012 as a result of higher warranty and returns processing costs. For the six month period of fiscal 2013, other operating costs were 1.0% of net revenues as compared to 0.7% of net revenues for the six month period of fiscal 2012. In absolute terms, other operating costs and expenses increased \$0.1 million, or 15.1%, to \$0.8 million for the six month period of fiscal 2013 as compared to \$0.7 million for the six month period of fiscal 2012 also resulting from higher warranty and returns processing costs.

**Table of Contents**

**Selling, General and Administrative Expenses ( S,G&A )** S,G&A, as a percentage of net revenues, was 5.0% in the second quarter of fiscal 2013 as compared to 5.8% in the second quarter of fiscal 2012. S,G&A, in absolute terms, decreased \$0.7 million, or 27.0%, to \$1.7 million for the second quarter of fiscal 2013 as compared to \$2.4 million for the second quarter of fiscal 2012. The decrease in S,G&A in absolute terms between the second quarter of fiscal 2013 and second quarter of fiscal 2012 was primarily due to lower compensation and consulting costs, and lower legal fees. For the six month period of fiscal 2013, S,G&A was 4.6% of net revenues as compared to 4.4% for the six month period of fiscal 2012. In absolute terms, S,G&A decreased \$0.4 million, or 8.0%, to \$3.7 million for the six month period of fiscal 2013 as compared to \$4.1 million in the six month period of fiscal 2012. The decrease in S,G&A in absolute terms between the six month periods of fiscal 2013 and fiscal 2012 was primarily due to lower compensation and consulting costs.

**Impairment of trademark** During the three months ended September 30, 2012, upon completion of an analysis which showed the absence of future expected cash flows, the Company determined that the value of one of its non-strategic trademarks was fully impaired. Thus, the Company recorded in September 2012 an impairment charge of \$1.3 million to write off this trademark. The Company does not anticipate any future material adverse financial impacts arising from this impairment.

**Interest income (expense), net** Interest income, net, was \$67,000 in the second quarter of fiscal 2013 as compared to interest expense of \$1,000 in the second quarter of fiscal 2012, an increase of \$68,000. Interest income, net, was \$98,000 in the six month period of fiscal 2013 as compared to \$30,000 in the six month period of fiscal 2012, an increase of \$68,000.

**Realized Gain on Sale of Marketable Security** Realized gain on sale of marketable security was nil in both the second quarter and six month period of fiscal 2013 and nil in the second quarter of fiscal 2012 and \$828,000 in the six month period of fiscal 2012. The realized gain resulted from the sale in May 2011 of the Company's last remaining auction rate security (see Note 10 Marketable Securities ).

**Provision (benefit) for Income Taxes** In the second quarter and six month period of fiscal 2013, the Company recorded income tax expense of \$0.3 million and \$0.9 million, respectively, as compared to a benefit of \$71,000 and income tax expense of \$1.3 million, respectively, in the second quarter and six month period of fiscal 2012.

**Net income** As a result of the foregoing factors, the Company realized net income of \$1.9 million in the second quarter of fiscal 2013 as compared to \$1.8 million in the second quarter of fiscal 2012, an increase of \$0.1 million, or 10.4%. For the six month period of fiscal 2013, the Company realized net income of \$5.8 million as compared to \$5.1 million in the six month period of fiscal 2012, an increase of \$0.7 million, or 13.5%.

**Liquidity and Capital Resources****General**

As of September 30, 2012, the Company had cash and cash equivalents of approximately \$27.5 million, as compared to approximately \$31.9 million at September 30, 2011. Working capital increased to \$71.6 million at September 30, 2012 as compared to \$55.9 million at September 30, 2011. The decrease in cash and cash equivalents of approximately \$4.4 million was primarily due to an increase in short term investments, an increase in prepaid expenses and a decrease in accounts payable during the twelve months ended September 30, 2012, partly offset by the net income generated by the Company, a decrease in inventory and the sale of the Company's former headquarters building in December 2011.

Cash flow provided by operating activities was \$7.4 million for the six months ended September 30, 2012, resulting primarily from increases in accounts payable and the net income generated during the period, partially offset by increases in accounts receivable, prepaid expenses and inventory.

Net cash used by investing activities was \$24.9 million for the six months ended September 30, 2012, primarily due to a short term investment in certificates of deposit, partially offset by a reduction in restricted cash.

Net cash used by financing activities was \$20,000 for the six months ended September 30, 2012, resulting from payments made on the Company's capital lease and rental obligations.

### **Other Events and Circumstances Pertaining to Liquidity**

#### **Provisional Liquidation of the Company's controlling shareholder**

On May 31, 2011, upon application of a major creditor, the High Court of Hong Kong appointed Provisional Liquidators over Grande, which is the Company's controlling stockholder. Following the appointment of the Provisional Liquidators over Grande, certain major factory suppliers, including Midea, which is the Company's largest factory supplier, have significantly reduced the maximum amount of open credit lines available to the Company. The Company relies on its cash on hand and cash generated by ongoing operations to manage its business.

#### **Taxability of March 2010 Dividend**

As previously disclosed, on March 2, 2010, the Board declared an extraordinary dividend of \$1.10 per common share, which was paid on March 24, 2010. In connection with the Company's determination as to the taxability of the dividend, the Board relied upon information and research provided to it by the Company's tax advisors and, in reliance on the stock-for-debt exception in the Internal Revenue Code Sections 108(e)(8) and (e)(10), concluded that 4.9% of such dividend paid was taxable to the recipients.

In August 2012, the Company received a Form 886-A from the Internal Revenue Service (the "IRS") which challenges the Company's conclusions and determines that the Company does not qualify for the above-referenced exception. Accordingly, the IRS has concluded that 100% of the dividend paid was taxable to the recipients. The Company is defending its position and calculations and is contesting the position asserted by the IRS. The Company prepared and, on October 25, 2012, delivered its rebuttal to the IRS contesting the IRS determination.

In the event that the Company is not successful in establishing with the IRS that the Company's calculations were correct, then the shareholders who received the dividend likely will be subject to and liable for an assessment of additional taxes due. Moreover, the Company may be contingently liable for taxes due by its shareholders resulting from the dividend paid by the Company.

Initially, the Company withheld from the dividend funds allocated to the tax liability associated with such dividend. As previously disclosed, on April 7, 2010, upon a request made to the Company by its foreign controlling shareholder, S&T, the Company entered into an agreement with S&T (the "Agreement"), whereby the Company returned to S&T on April 7, 2010 that portion of the funds withheld for taxes from the dividend paid on March 24, 2010 to S&T, which the Company believes is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. The Agreement includes provisions pursuant to which S&T agreed to indemnify the Company for any liability imposed on it as a result of the Company's agreement not to withhold such funds for S&T's possible tax liability and a pledge of stock as collateral. The Company continues to assert that such dividend is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. In addition, the Company also continues to assert that this transaction results in an off-balance sheet arrangement and a possible contingent tax liability of the Company, which, if recognized, would be offset in part by the calling by the Company on S&T of the indemnification provisions of the Agreement.

In March 2011, upon the request of S&T to the Company, the Company and S&T agreed that the collateral pledged as a part of the Agreement would no longer be required and such collateral was returned by the Company to S&T in March 2011 and the Agreement was amended and restated to remove the collateral requirement but retain the indemnification provisions. The Agreement, as amended (the "Amended Agreement"), remains in effect as of today. In the event that (i) the Company is not successful in establishing with the IRS that the Company's calculations were correct and (ii) S&T is unable or unwilling to pay the additional taxes due or indemnify Emerson under the terms of the Amended Agreement, the Company may be liable to pay such additional taxes which would have a material adverse effect on the Company's financial condition and operations.

### **Credit Arrangements**

*Letters of Credit* The Company utilizes Hang Seng Bank to issue letters of credit on behalf of the Company, as needed, on a 100% cash collateralized basis. At September 30, 2012, the Company had outstanding letters of credit totaling \$118,000. A like amount of cash, which was posted by the Company as collateral against these outstanding letters of credit, at September 30, 2012, has been classified by the Company as Restricted Cash on the balance sheet.

### **Short-term Liquidity**

During the three and six months ended September 30, 2012, products representing approximately 48% and 54% of net sales, respectively, were imported directly to the Company's customers. The direct importation of product by the Company to its customers significantly benefits the Company's liquidity because this inventory does not need to be financed by the Company.

The Company's principal existing sources of cash are generated from operations. The Company believes that its existing cash balance and sources of cash will be sufficient to support existing operations over the next 12 months.

#### *(a) Disclosure controls and procedures*

The Company maintains disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) that are designed to ensure that information required to be disclosed in its Exchange Act reports are recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to management, including the Company's principal executive officer and

principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. Due to the inherent limitations of control systems, not all misstatements may be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons; by collusion of two or more people, or by management override of the control. Our controls and procedures can only provide reasonable, not absolute, assurance that the above objectives have been met.

**Table of Contents**

The Company's management concluded that disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of September 30, 2012, are effective to reasonably ensure that information required to be disclosed in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including the Company's principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

*(b) Changes in Internal Controls Over Financial Reporting*

There have been no changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended September 30, 2012 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II OTHER INFORMATION**

**Item 1. Legal Proceedings.**

*Kayne Litigation* On July 7, 2011, the Company was served with an amended complaint (the *Complaint*) filed in the United States District Court for the Central District of California alleging, among other things, that the Company, certain of its present and former directors and other entities or individuals now or previously associated with Grande, intentionally interfered with the ability of the plaintiffs to collect on a judgment (now approximately \$47 million) they had against Grande by engaging in transactions (such as the dividend paid to all shareholders in March 2010) which transferred assets out of the United States. The *Complaint* also asserts claims under the civil RICO statute and for alter ego liability. In the Company's opinion, the claims appear to be devoid of merit. Accordingly, on September 27, 2011, Emerson moved to dismiss the action for failure to state a claim (the *Motion*). On or about February 27, 2012, the Court dismissed the intentional interference claim and portions of the Civil RICO claim with leave to re-plead, but denied the *Motion* to dismiss the alter ego claim. On March 19, 2012, the plaintiffs filed a Second Amended *Complaint* setting forth the same claims as the *Complaint*. On April 20, 2012, the Company moved to dismiss the re-pleaded intentional interference and RICO claims, and oral arguments on this motion were held on June 18, 2012. On September 6, 2012, the Court dismissed the RICO claim, but granted the plaintiffs leave to re-plead. On September 17, 2012, the plaintiffs filed a Third Amended *Complaint* setting forth the same claims as the *Complaint*. The Company's response to the Third Amended *Complaint* was due and filed on October 4, 2012. In the interim, the parties have exchanged document discovery requests and responses. Plaintiffs and certain co-defendants have produced documents. This action has been scheduled for an April 23, 2013 trial date. Emerson is defending the action vigorously.

Except for the litigation matter described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.
