Dear Ashland Inc. Shareholder:

On behalf of your Board of Directors and management, I am pleased to invite you to attend the 2013 Annual Meeting of Shareholders of Ashland Inc. The meeting will be held on Thursday, January 31, 2013, at 10:30 a.m. (EST), at the Metropolitan Club, 50 E. RiverCenter Boulevard, Covington, Kentucky.

The attached Notice of Annual Meeting and Proxy Statement describe the business to be conducted at the meeting. We have elected, where possible, to provide access to our proxy materials over the Internet under the Securities and Exchange Commission's notice and access rules. We believe that providing our proxy materials over the Internet reduces the environmental impact of our Annual Meeting without limiting our shareholders' access to important information about Ashland.

Whether or not you plan to attend the meeting, we encourage you to vote promptly.

We appreciate your continued confidence in Ashland, and we look forward to seeing you at the meeting.

Sincerely,

James J. O'Brien

If your shares are held in the name of a broker, bank or other nominee, you will need to bring a proxy or letter from that nominee that confirms you are the beneficial owner of those shares.

Q: Why did I receive the Notice of Internet Availability of Proxy Materials in the mail instead of a full set of proxy materials?

- A:** In accordance with rules adopted by the Securities and Exchange Commission (the SEC), we may furnish proxy materials, including this Notice of Annual Meeting of Shareholders and Proxy Statement, together with our 2012 Annual Report to Shareholders, by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they have specifically requested them. Instead, a Notice of Internet Availability of Proxy Materials (Notice) will be mailed to shareholders starting on or around December 12, 2012.

Q: How do I access the proxy materials?

Edgar Filing: ASHLAND INC. - Form DEF 14A

Table of Contents

Q: What shares are included in the proxy card?

A: Your proxy card represents all shares of Ashland Common Stock that are registered in your name and any shares you hold in the Employee Savings Plan, the LESOP, the Union Plan or the ISP Plan. Additionally, your proxy card includes shares you hold in the dividend reinvestment plan (the **DRP**) administered by Wells Fargo Bank, National Association (**Wells Fargo**) for investors in Ashland Common Stock. If your shares are held through a broker, bank or other nominee, you will receive either a voting instruction form or a proxy card from the broker, bank or other nominee instructing you how to vote your shares.

Q: How do I vote if I am a registered holder or I own shares through a broker, bank or other nominee?

A: If you are a registered shareholder as of the Record Date, you can vote (i) by attending the Annual Meeting, (ii) by following the instructions on the Notice or proxy card for voting by telephone or Internet or (iii) by signing, dating and mailing in your proxy card. If you hold shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the meeting, you must first obtain a proxy issued in your name from the institution that holds your shares.

All shares represented by validly executed proxies will be voted at the Annual Meeting, and such shares will be voted in accordance with the instructions provided. If no voting specification is made on your returned proxy card, James J. O'Brien or Peter J. Ganz, as individuals named on the proxy card, will vote (i) **FOR** the election of the four director nominees, (ii) **FOR** the ratification of PwC, (iii) **FOR** the approval of an amendment to the 2011 Incentive Plan to increase the aggregate number of shares of common stock authorized for issuance under the plan by 2,000,000 shares and to make certain other amendments included therein, (iv) **FOR** the non-binding advisory resolution approving the compensation paid to Ashland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion and (v) **AGAINST** the shareholder proposal recommending that the Board of Directors take action to declassify the Board.

Q: How do I vote my shares in the DRP?

A: Shares of Ashland Common Stock credited to your account in the DRP will be voted by Wells Fargo, the plan sponsor and administrator, in accordance with your voting instructions.

Q: How will the Trustee of the Employee Savings Plan, the LESOP, the Union Plan and the ISP Plan vote?

A: Each participant in the Employee Savings Plan, the LESOP, the Union Plan or the ISP Plan will instruct the Trustee how to vote the shares of Ashland Common Stock credited to the participant's account in each plan. This instruction also applies to a proportionate number of those shares of Ashland Common Stock allocated to participants' accounts for which voting instructions are not timely received by the Trustee. These shares are collectively referred to as non-directed shares. Each participant who gives the Trustee such an instruction acts as a named fiduciary for the applicable plan under the Employee Retirement Income Security Act of 1974, as amended (**ERISA**). Your vote must be received by our proxy tabulator, Corporate Election Services (**CES**), before 6:00 a.m. (EST) on Tuesday, January 29, 2013.

Q: Can a plan participant vote the non-directed shares differently from shares credited to his or her account?

A: Yes, provided that you are a participant in the Employee Savings Plan or the LESOP. Any participant in the Employee Savings Plan or the LESOP Plan who wishes to vote the non-directed shares differently from the shares credited to his or her account or who wishes not to

Edgar Filing: ASHLAND INC. - Form DEF 14A

vote the non-directed shares at all may do so by requesting a separate voting instruction card from CES at Corporate Election Services, P.O. Box 1150,

Table of Contents

Pittsburgh, PA 15230. Participants in the Union Plan and the ISP Plan, however, cannot direct that the non-directed shares be voted differently from the shares in their accounts.

Q: Can I change my vote once I vote by mail, by telephone or over the Internet?

A: Yes. You have the right to change or revoke your proxy (1) at any time before the Annual Meeting by (a) notifying Ashland's Secretary in writing, (b) returning a later-dated proxy card or (c) entering a later-dated telephone or Internet vote; or (2) by voting in person at the Annual Meeting. However, any changes or revocations of voting instructions to the Trustee of the Employee Savings Plan, the LESOP, the Union Plan or the ISP Plan must be received by our proxy tabulator, CES, before 6:00 a.m. (EST) on Tuesday, January 29, 2013.

Q: Who will count the vote?

A: Representatives of CES will tabulate the votes and will act as the inspector of election.

Q: Is my vote confidential?

A: Yes. Your vote is confidential.

Q: What constitutes a quorum?

A: As of the Record Date, 78,907,050 shares of Ashland Common Stock were outstanding. A majority of the outstanding shares present in person or by proxy is required to constitute a quorum to transact business at the Annual Meeting. If you vote in person, by telephone, over the Internet or by returning a properly executed proxy card, you will be considered a part of that quorum.

Abstentions and broker non-votes (i.e., when a broker does not have authority to vote on a specific issue) will be treated as present for the purpose of determining a quorum but as unvoted shares for the purpose of determining the approval of any matter submitted to the shareholders for a vote.

Q: What vote is required for approval of each matter to be considered at the Annual Meeting?

- A:** (1) *Election of directors* Under Article XII of Ashland's Articles of Incorporation, as amended, the affirmative vote of a majority of votes cast with respect to each director nominee is required for the nominee to be elected. A majority of votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee.
- (2) *Ratification of independent registered public accountants* The appointment of PwC will be deemed ratified if votes cast in its favor exceed votes cast against it.
- (3) *Approval of an amendment to the 2011 Incentive Plan to increase the aggregate number of shares of common stock authorized for issuance under the plan by 2,000,000 shares and to make certain other amendments included therein* The amendment to the 2011 Incentive Plan will be approved if the votes cast in its favor exceed votes cast against it.
- (4) *Non-binding advisory resolution approving the compensation paid to Ashland's named executive officers* The non-binding advisory resolution approving the compensation paid to Ashland's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, will

Edgar Filing: ASHLAND INC. - Form DEF 14A

be approved if the votes cast in its favor exceed votes cast against it.

- (5) *Shareholder proposal to recommend that the Board of Directors take action to declassify the Board* The shareholder proposal recommending that the Board of Directors take action to declassify the Board will be approved if the votes cast in its favor exceed votes cast against it. However, it is important to note that shareholder approval of the proposal would not by itself declassify the Board, but would serve as a recommendation to the Board to authorize an amendment to Ashland's governance documents.

Q: How will broker non-votes be treated?

A: Ashland will treat broker non-votes as present to determine whether or not there is a quorum at the Annual Meeting, but they will not be treated as entitled to vote on the matters, if any, for which the broker indicates it does not have discretionary authority. This means that broker non-votes will not have any effect on whether a matter proposed at the Annual Meeting passes.

Q: Where can I find the voting results of the meeting?

A: We intend to announce preliminary voting results at the Annual Meeting. We will report the final results on a Current Report on Form 8-K filed with the SEC no later than February 6, 2013. You can obtain a copy of the Form 8-K by logging on to our website at <http://investor.ashland.com>, by calling the SEC at 1-800-SEC-0330 for the location of the nearest public reference room or through the SEC's EDGAR system at <http://www.sec.gov>.

ELECTION OF DIRECTORS

Item 1

Board of Directors

The Board of Directors is currently made up of eleven directors, divided into three classes. The four individuals nominated for election as Class III directors at the Annual Meeting are Brendan M. Cummins, Mark C. Rohr, Janice J. Teal and Michael J. Ward. The nominees to Class III will be elected to serve a three-year term until the 2016 Annual Meeting. The Governance and Nominating Committee (G&N Committee) has confirmed that all four nominees will be available to serve as directors upon election and recommends that shareholders vote for them at the Annual Meeting.

Under Article XII of Ashland's Articles of Incorporation, as amended, in an uncontested election the affirmative vote of a majority of votes cast with respect to a director nominee is required for the nominee to be elected. Therefore, the number of votes cast for a nominee must exceed those cast against a nominee for the nominee to be elected to the Board of Directors.

Pursuant to the Board of Directors' resignation policy in Ashland's Corporate Governance Guidelines (published on Ashland's website (<http://investor.ashland.com>)), any nominee who is serving as a director at the time of an uncontested election who fails to receive a greater number of votes for his or her election than votes against his or her election will tender his or her resignation for consideration by the Board of Directors within ten days following the certification of the shareholder vote. The Board will decide, through a process managed by the G&N Committee, whether to accept the resignation within 90 days following the date of the shareholder meeting. The Company will then promptly disclose the Board's decision and reasons therefor. As a condition to his or her nomination, each person nominated by the G&N Committee must agree in advance to abide by the policy. Messrs. Cummins, Rohr and Ward and Dr. Teal, the four nominees to Class III, have each agreed to abide by the policy.

If no voting specification is made on a properly returned or voted proxy card, James J. O'Brien or Peter J. Ganz (proxies named on the proxy card) will vote FOR the four nominees named in this proxy statement. If any of the nominees should be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies may vote for a replacement nominee recommended by the Board of Directors, or the Board may reduce the number of directors to be elected at the Annual Meeting. At this time, the Board knows of no reason why any of the nominees would not be able to serve as a director if elected.

The Board of Directors recommends a vote FOR Brendan M. Cummins, Mark C. Rohr, Janice J. Teal and Michael J. Ward for election as Class III directors at the 2013 Annual Meeting.

Table of Contents

Annual Retainer

Ashland's non-employee director compensation program provides: (a) an annual retainer of \$90,000 for each director; (b) an additional annual retainer of \$20,000 for the Lead Independent Director; (c) an additional annual retainer of \$15,000 for the Chair of the Audit Committee and \$9,000 for Audit Committee members; and (d) an additional annual retainer of \$10,000 for other Committee Chairs.

Non-employee directors may elect to receive part or all of each retainer in cash or in shares of Ashland Common Stock. They may also elect to have a portion or all retainers deferred and paid through the Directors' Deferral Plan. The directors who make an election to defer retainers may have the deferred amounts held as common stock units (share equivalents) in the hypothetical Ashland Common Stock fund or invested under the other available investment options under the plan. The payout of the deferred retainers occurs upon termination of service by a director. Directors may elect to have the payout in a single lump sum or in installments not to exceed 15 years. For deferrals before January 1, 2005, upon a change in control of Ashland (as defined in the Directors' Deferral Plan), amounts in the directors' deferral accounts will be automatically distributed as a lump sum in cash to the director. For deferrals on and after January 1, 2005, distributions for such deferrals will be made pursuant to each director's election and valued at the time of the distribution.

Restricted Shares/Units

Upon election to the Board of Directors, each new director (other than Mr. Cummins, who is a non-U.S. resident) received 1,000 restricted shares of Ashland Common Stock. In lieu of 1,000 restricted shares of Ashland Common Stock, Mr. Cummins received 1,000 restricted stock units. The restricted shares and Mr. Cummins's restricted stock units may not be sold, assigned, transferred or otherwise encumbered until the earliest to occur of: (i) retirement from the Board of Directors; (ii) death or disability of the director; (iii) a 50% change in the beneficial ownership of Ashland; or (iv) voluntary early retirement to enter governmental service. The G&N Committee has discretion to limit a director's forfeiture of these shares or restricted stock units if the non-employee director leaves the Board of Directors for reasons other than those listed above.

Each non-employee director (other than Mr. Cummins) also receives an annual award of deferred restricted stock units in the Directors' Deferral Plan with a grant date value of \$100,000 (pro-rated as applicable for less than a full-year of service). The restricted stock units vest one year after date of grant or upon the date of the next annual shareholder meeting, if earlier. Dividends on restricted stock units are reinvested in additional restricted stock units. Upon a change in control of Ashland, the restricted stock units immediately vest. A director may elect before the restricted stock units vest to have his or her vested units paid in shares of Ashland Common Stock or in cash after the director terminates from service.

Mr. Cummins, as a non-U.S. resident, is not eligible to participate in the Directors' Deferral Plan. Therefore, he received a pro-rata annual award of restricted stock units directly, which will vest on the same basis as his restricted stock units described in the preceding paragraph. His annual award will continue to be granted directly (and not through deferral).

Stock Ownership Guidelines for Directors

The Board of Directors considers Ashland Common Stock ownership by directors to be of utmost importance. The Board believes that such ownership enhances the commitment of directors to Ashland's future and aligns their interests with those of Ashland's other shareholders. The Board has therefore established minimum stock ownership guidelines for non-employee directors which require each director to own the lesser of (i) 12,500 shares or units of Ashland Common Stock, or (ii) Ashland Common Stock having a value of at least five times his or her base annual cash retainer of \$90,000. Each newly elected director has five years from the year elected to reach this ownership level. All of Ashland's current directors have attained the minimum stock ownership levels based on holdings as of October 31, 2012, except for Mr. Cummins and Dr. Teal, each of whom joined the Board in 2012 and will not be required to meet the minimum stock ownership guidelines until 2017.

CORPORATE GOVERNANCE

Governance Principles

Ashland is committed to adhering to sound corporate governance practices. The documents described below are published on Ashland's website (<http://investor.ashland.com>). These documents are also available for free in print to any shareholder who requests them. Among the corporate governance practices followed by Ashland are the following:

Ashland has adopted Corporate Governance Guidelines. These guidelines provide the framework for the Board of Directors governance of Ashland and include a general description of the Board's purpose, director qualification standards, retirement and resignation policies and other responsibilities. The Corporate Governance Guidelines require that at least two-thirds of Ashland's directors be independent, as defined by Ashland's Director Independence Standards (the Standards), which incorporate the independence requirements of the SEC's rules and the listing standards of the NYSE.

Ashland also requires compliance with its code of business conduct which applies to all of Ashland's directors and employees, including the principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. The code of business conduct promotes honest and ethical conduct, compliance with applicable laws, rules and regulations, prompt reporting of violations of the code and full, fair, accurate, timely and understandable disclosure in reports filed with the SEC. Ashland intends to post any amendments or waivers of the code (to the extent applicable to Ashland's directors and executive officers) on Ashland's website or in a Current Report on Form 8-K.

Each of Ashland's Board Committees has adopted a charter defining its respective purposes and responsibilities.

Only independent directors, as defined in the Standards, may serve on the Audit Committee, G&N Committee, Personnel and Compensation Committee (the P&C Committee) and Environmental, Health and Safety Committee (the EH&S Committee) of the Board.

The Board, and each Committee of the Board, has the authority to engage independent consultants and advisors.

Board Leadership Structure

Ashland combines the roles of Chairman of the Board and Chief Executive Officer, which is balanced through the appointment of a Lead Independent Director. The Board believes that combining the positions of Chairman and Chief Executive Officer provides clarity of leadership and is in the best interests of Ashland and its shareholders at this time. The Board believes that the use of a Lead Independent Director provides appropriate independent oversight of management. Independent oversight has been further assured by having only one member of management on the Board. The non-management directors regularly meet alone in executive session at Board meetings.

The Lead Independent Director is an independent director selected annually by the G&N Committee. Mr. Perry is currently the Lead Independent Director. In addition to the duties of all Board members, the Lead Independent Director:

Coordinates with the Chairman of the Board to determine the appropriate schedule of meetings;

Places any item he or she determines is appropriate on the Board's agenda;

Edgar Filing: ASHLAND INC. - Form DEF 14A

Directs that specific materials be included in Board mailings and works with the G&N Committee, as appropriate, to assess the quality, quantity and timeliness of the flow of information from management to the Board;

Table of Contents

Coordinates and develops the agenda for, and moderates executive sessions of, the Board's independent directors and acts as principal liaison between the independent directors and the Chairman of the Board and Chief Executive Officer on sensitive matters; and

Works with the G&N Committee to recommend the membership of the various Board Committees and Committee Chairs.

Oversight of Ashland's Executive Compensation Program

The P&C Committee is responsible for the approval and administration of compensation programs for executive officers and certain other employees of Ashland. The P&C Committee is composed of independent directors. In making compensation decisions, the P&C Committee considers, among other things: Ashland's compensation philosophy, its financial and operating performance, the individual performance of executives, compensation policies and practices for Ashland employees generally, and practices and executive compensation levels of peer and similarly-sized general industry companies.

The P&C Committee's primary responsibilities are to:

Ensure that the Company's executive compensation programs are appropriately competitive, support organizational objectives and shareholder interests, and emphasize the pay for performance linkage;

Review, evaluate and approve on an annual basis, the goals and objectives of the Chief Executive Officer. The P&C Committee annually evaluates the Chief Executive Officer's performance in light of these established goals and objectives, and based on these evaluations after an executive session, the P&C Committee sets the Chief Executive Officer's annual compensation, including base salary, annual incentives and long-term incentives;

Review and approve compensation of all key senior executives and elected corporate officers; and

Approve any employment agreements, consulting arrangements, severance or retirement arrangements, change in control agreements, and/or any special or supplemental benefits or provisions covering any current or former executive officer of Ashland.

For further information about the responsibilities of the P&C Committee, see Committees and Meetings of the Board of Directors Personnel and Compensation Committee on page 31.

The P&C Committee may form and delegate authority to subcommittees with regard to any of the above responsibilities.

In determining and administering the executive compensation programs, the P&C Committee takes into consideration:

Personnel and Compensation Committee Interlocks and Insider Participation

The members of the P&C Committee for fiscal 2012 were Barry W. Perry (Chair), Kathleen Ligocki, Vada O. Manager, George A. Schaefer, Jr. (from January 26, 2012), Janice J. Teal (from September 19, 2012) and Michael J. Ward. There were no impermissible interlocks or inside directors on the P&C Committee. Theodore M. Solso served as Chair of the P&C Committee until his retirement from the Board on January 26, 2012.

Board's Role of Risk Oversight

The Board of Directors has oversight responsibility with respect to Ashland's risk management processes. This includes working with management to determine and assess the Company's philosophy and strategy towards risk management and mitigation. Management is responsible for the day-to-day management of risk, and they report periodically to the Board and to specific Committees on current and emerging risks and the Company's approach to avoiding and mitigating risk exposure. The Board reviews in detail the Company's most significant risks and whether management is responding consistently within the Company's overall risk management and mitigation strategy.

While the Board maintains the ultimate oversight responsibility for risk management, each of the various Committees of the Board has been assigned responsibility for risk management oversight of specific areas. In particular, the Audit Committee maintains responsibility for overseeing risks related to Ashland's financial reporting, audit process, internal controls over financial reporting and disclosure controls and procedures. The Audit Committee also has oversight responsibility related to Ashland's key financial risks. The EH&S Committee assists the Board in fulfilling its oversight responsibility with respect to environmental, health, safety and business continuity risks. In setting compensation, the P&C Committee monitors and evaluates the compensation and benefits structure of the Company, including providing guidance on philosophy and policy matters and excessive risk-taking. Finally, the G&N Committee conducts an annual review of nominees to the Board and is charged with developing and recommending to the Board corporate governance principles and policies and Board Committee structure, leadership and membership.

Director Independence and Certain Relationships

The Board of Directors has adopted the Standards to assist in its determination of director independence. To qualify as independent under these Standards, the Board must affirmatively determine that a director has no material relationship with Ashland, other than as a director.

Pursuant to the Standards, the Board of Directors undertook a review of director independence in November 2012. During this review, the Board considered relationships and transactions between, on the one hand, each director, any member of his or her immediate family, and his or her affiliates, and on the other hand, Ashland and its subsidiaries and affiliates. As provided for in the Standards, the purpose of the review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of the review, the Board of Directors affirmatively determined that Messrs. Cummins, Hale, Manager, Perry, Rohr, Schaefer, Turner and Ward, Ms. Ligocki and Dr. Teal are each independent of Ashland and its affiliates. Mr. O'Brien, Ashland's Chief Executive Officer, is the only director determined not to be independent of Ashland.

In the normal course of business, Ashland had transactions with other corporations where certain directors are executive officers. None of the transactions were material in amount as to Ashland and none were reportable under federal securities laws. Ashland's Board of Directors has concluded that the following relationships

Table of Contents

between Ashland and the director-affiliated entities are not material pursuant to the Standards, and the G&N Committee has determined that the transactions are not Related Person Transactions, as defined in the Related Person Transaction Policy:

Mark C. Rohr, a director of Ashland, became the Chairman and Chief Executive Officer of Celanese Corporation (Celanese) in April 2012. During fiscal 2012, Ashland paid Celanese approximately \$15.3 million and Celanese paid Ashland approximately \$28 million for certain products and/or services. In addition, Ashland sold its polyvinyl acetate homopolymer and copolymer (PVAc) business to Celanese in January 2012. Annual sales of the PVAc business were approximately \$45 million and total net assets related to this business totaled \$20 million as of the date of sale. In connection with this transaction, certain products are being temporarily toll manufactured by Ashland for Celanese.

Mark C. Rohr also served as the Executive Chairman of the Board (through February 1, 2012) and Chief Executive Officer (through August 31, 2011) of Albemarle Corporation (Albemarle). During fiscal 2012, Ashland paid Albemarle approximately \$3.8 million and Albemarle paid Ashland approximately \$3.9 million for certain products and/or services.

Michael J. Ward, a director of Ashland, is Chairman of the Board and Chief Executive Officer of CSX Corporation (CSX). During fiscal 2012, Ashland paid CSX approximately \$2.0 million for transportation services. CSX did not purchase any products and/or services from Ashland.

Related Person Transaction Policy

Federal securities laws require Ashland to describe any transaction since the beginning of the last fiscal year, or any currently proposed transaction, in which Ashland was or is to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest. Related persons are directors and executive officers, nominees for director and any immediate family members of directors, executive officers or nominees for director. Ashland is also required to describe its policies and procedures for the review, approval or ratification of any Related Person Transaction.

Pursuant to Ashland's written Related Person Transaction Policy (the Policy), the G&N Committee is responsible for reviewing the material facts of all transactions that could potentially be transactions with related persons. The Policy covers any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, (2) Ashland is a participant, and (3) any related person has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). Transactions between Ashland and any firm, corporation or entity in which a related person is an executive officer or general partner, or in which any related persons collectively hold more than 10% of the ownership interests, are also subject to review under the Policy.

Under the Policy, Ashland's directors and executive officers are required to identify annually potential transactions with related persons or their firms that meet the criteria set forth in the Policy, and management is required to forward all such disclosures to the G&N Committee. The G&N Committee reviews each disclosed transaction. The G&N Committee has discretion to approve, disapprove or otherwise act if a transaction is deemed to be a Related Person Transaction subject to the Policy. Only disinterested members of the G&N Committee may participate in the determinations made with regard to a particular transaction. If it is impractical to convene a meeting of the G&N Committee, the Chairman of the G&N Committee is authorized to make a determination and promptly report such determination in writing to the other G&N Committee members. All determinations made under the Policy are required to be reported to the full Board of Directors.

Table of Contents

Under the Policy and consistent with SEC regulations, certain transactions are not Related Person Transactions, even if such transactions exceed \$120,000 in a fiscal year. Those exceptions are:

Compensation to a director or executive officer which is or will be disclosed in Ashland's proxy statement;

Compensation to an executive officer which is approved by the P&C Committee and would have been disclosed in Ashland's proxy statement if the executive officer was a named executive officer;

A transaction in which the rates or charges involved are determined by competitive bids, or which involves common, contract carrier or public utility services at rates or charges fixed in conformity with law or governmental authority;

A transaction that involves services as a bank depository of funds, transfer agent, registrar, indenture trustee or similar services; and

A transaction in which the related person's interest arises solely from the ownership of Ashland stock and all shareholders receive the same benefit on a pro rata basis.

Communication with Directors

The Board of Directors has established a process by which shareholders and other interested parties may communicate with the Board. Persons interested in communicating with the Board, or with a specific member or Committee of the Board, may do so by writing to the Lead Independent Director in care of the General Counsel of Ashland, 50 E. RiverCenter Boulevard, P.O. Box 391, Covington, Kentucky 41012-0391. Communications directed to the Lead Independent Director will be reviewed by the General Counsel and distributed to the Lead Independent Director as well as to other individual directors, as appropriate, depending on the subject matter and facts and circumstances outlined in the correspondence. Communications that are not related to the duties and responsibilities of the Board, or are otherwise inappropriate, will not be forwarded to the Lead Independent Director, although all communications directed to the Board will be available to any director upon request.

Attendance at Annual Meeting

Ashland has a policy and practice of strongly encouraging all directors to attend the Annual Meeting. All of Ashland's then current directors, except for Messrs. Hale and Turner, were present at the Annual Meeting held on January 26, 2012.

Executive Sessions of Directors

The non-employee directors meet in executive session at each regularly scheduled meeting of the Board, and at other times as they may determine appropriate. The Audit and P&C Committees of the Board meet in executive session during every regular Committee meeting. Other Board Committees meet in executive session at the discretion of the Committee members.

Shareholder Recommendations for Directors

The G&N Committee considers director candidates recommended by other directors, employees and shareholders, and is authorized, at its discretion, to engage a professional search firm to identify and suggest director candidates. Written suggestions for director candidates should be sent via registered, certified or express mail to the Secretary of Ashland at 50 E. RiverCenter Boulevard, P.O. Box 391, Covington, Kentucky 41012-0391. Such suggestions should be received no later than September 1, 2013, to be considered by the G&N Committee for inclusion as a director nominee for the 2013 Annual Meeting. Suggestions for director candidates should include all information required by Ashland's By-laws, and any other relevant information, as to the proposed candidate. The G&N Committee selects each director nominee based on the nominee's skills,

Table of Contents

achievements and experience. The G&N Committee will review all director candidates in accordance with its charter and Ashland's Corporate Governance Guidelines, and it will identify qualified individuals consistent with criteria approved by the Board of Directors. The G&N Committee shall select individuals as director nominees who exhibit the highest personal and professional integrity, who have demonstrated exceptional ability and judgment and who shall be most effective in serving the interests of Ashland's shareholders. Additionally, the G&N Committee shall seek director candidates who exhibit the following personal and professional qualifications: (1) significant experience in either the chemical or consumer marketing industries; (2) product or process innovation experience; (3) international business expertise; (4) diverse experience in policy-making in business, government, education and/or technology, or in areas that are relevant to Ashland's global business and strategy; (5) an inquisitive and objective nature, practical wisdom and mature judgment; and (6) the ability to work with Ashland's existing directors and management. Individuals recommended by shareholders in accordance with these procedures will be evaluated by the G&N Committee in the same manner as individuals who are recommended through other means.

Shareholder Nominations of Directors

In order for a shareholder to nominate a director at an annual meeting who is not otherwise nominated by the G&N Committee, Ashland's By-laws require that the shareholder must give written notice (as specified below) to the Secretary of Ashland not later than ninety days in advance of the annual meeting (provided that if the annual meeting of shareholders is held earlier than the last Thursday in January, such notice must be given within ten days after the first public disclosure of the date of the annual meeting). Public disclosure may include a public filing with the SEC. The notice must contain the following information:

The name and address of the shareholder who intends to make the nomination and the name and address of the person(s) to be nominated;

A representation that the shareholder is a shareholder of record of Ashland Common Stock entitled to vote at such meeting and that the shareholder intends to appear in person or by proxy to make the nomination(s) specified in the notice;

A description of all arrangements or understandings between the shareholder and each nominee and any other person(s) pursuant to which the nomination(s) are to be made by the shareholder. The other person(s) must be named in the notice;

Information about each nominee that would be required in a proxy statement, according to the rules of the SEC, had the nominee been proposed by the Board of Directors;

The consent of each nominee to serve as a director if so elected; and

A representation as to whether or not the shareholder will solicit proxies in support of his or her nominee(s). The chairman of any meeting of shareholders to elect directors and the Board of Directors may refuse to acknowledge any nomination that is not made in compliance with the procedure described above or if the shareholder fails to comply with the representations set forth in the notice.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the overall executive compensation policies and practices at Ashland and specifically analyzes the total compensation for the following named executive officers:

James J. O'Brien, Chairman of the Board and Chief Executive Officer;

Lamar M. Chambers, Senior Vice President and Chief Financial Officer;

Peter J. Ganz, Senior Vice President, General Counsel and Secretary;

John E. Panichella, Senior Vice President and Group Operating Officer, President of Ashland Specialty Ingredients; and

Theodore L. Harris, Senior Vice President, President of Global Supply Chain, and President of Ashland Performance Materials.

Executive Summary

Ashland's executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive Ashland's strategic direction and achieve annual and long-term performance goals necessary to create shareholder value. The program seeks to align executive compensation with shareholder value on an annual and long-term basis through a combination of the following types of compensation: base pay, annual incentive compensation awards and long-term incentive compensation awards which are comprised primarily of SARs and Long-Term Incentive Plan Awards (LTIPs).

Fiscal 2012 Highlights

During the past several years, Ashland's focus has been on transforming its business into a leading, global specialty chemicals company and positioning itself for long-term sustainable growth. Ashland's acquisition of International Specialty Products Inc. (ISP) in August 2011, together with the sale of the Distribution business in March 2011, completed this transformation and positioned the Company in fiscal 2012 to focus on earnings expansion.

Ashland's highlights for fiscal 2012 include, among other things, the following:

Significantly increased earnings. Ashland significantly increased its earnings in fiscal 2012 as compared to the prior year. This increase was driven by strong earnings growth in the Specialty Ingredients, Performance Materials and Consumer Markets commercial units. See Results of Operations Consolidated Review and Business Segment Review within Management's Discussion and Analysis, Financial Condition and Results of Operations in the 2012 Form 10-K for further information.

Significant cost reductions. Ashland achieved approximately \$75 million in savings through its cost reduction program. These savings were realized more quickly than expected and contributed to EBITDA growth for the fiscal year.

Completion of the commercial integration of ISP. Ashland completed the commercial integration of ISP, and the Company now has a unified channel to market. Back office integration continues and is expected to be completed in the summer of 2013.

Improved capital structure. Ashland paid down nearly \$250 million in debt during fiscal 2012, and the Company improved its leverage ratio to 2.6 times as compared to 3.3 times as of September 30, 2011. Ashland also refinanced approximately 88% of its 9.125% bonds and implemented a \$350 million accounts receivable securitization program to pay down the relatively higher interest term loan B notes.

Table of Contents

The latter two transactions are expected to save Ashland approximately \$40 million in fiscal 2013 book interest.

Key Executive Compensation Objectives

Ashland aligns executive compensation and shareholder value by providing appropriate and competitive incentives to achieve annual and long-term performance goals. Indicative of this alignment is the mix of at-risk compensation (annual incentive, SARs and LTIP awards) for the Chief Executive Officer and the other named executive officers. For the Chief Executive Officer, the target of Total Direct Compensation (as defined on page 39) that is at risk is 84%. Specifically, the Chief Executive Officer's target Total Direct Compensation is allocated as follows: (i) 64% to long-term incentives (SAR and LTIP awards), (ii) 20% to annual incentives and (iii) 16% to base salary. For the other named executive officers, their target Total Direct Compensation that is at risk is an average of 70%. Specifically, their target Total Direct Compensation is allocated as follows: (i) 44% to long-term incentives, (ii) 26% to annual incentives and (iii) 30% to base salary.

The performance measures for the incentive compensation plans are as follows:

Incentive Compensation Plan. The two primary financial performance measures used in determining the incentive compensation payments are Operating Income and Working Capital Efficiency (as each is defined on page 41). These performance measures are company-wide and/or specific to the business segment to which an executive is assigned and are also used in the incentive compensation program and the variable pay program in which all employees participate. These performance measures help ensure that the cash compensation of all employees, including the named executive officers, are aligned with key Company objectives. Safety performance may modify the incentive compensation payment.

Long-Term Incentive Plan. The LTIP has two performance measures, Return on Investment (ROI) and Total Shareholder Return (TSR) (as each is defined on page 45). For all executives, including the named executive officers, these performance measures apply at the Ashland level but not at the business segment levels. This ensures the proper alignment between long-term executive compensation and shareholder value.

Ashland also has several governance practices in place to align executive compensation with shareholder interests and mitigate risks in its plans. These practices include: stock ownership guidelines, limited perquisites, use of tally sheets and a clawback policy.

The P&C Committee considered the shareholder vote on the non-binding resolution approving Ashland's executive compensation program voted on at the 2012 Annual Meeting of Shareholders. Because a substantial majority (97%) of votes cast approved the compensation program described in the Company's proxy statement for the 2012 Annual Meeting of Shareholders, the P&C Committee continued to apply the same principles in determining the amounts and types of executive compensation.

Compensation Decisions for Fiscal 2012

Base Pay. Ashland utilizes merit increase guidelines based on the individual's performance and his position relative to the salary range midpoint to formulate merit increase recommendations. The Chief Executive Officer and all of the named executive officers are subject to the same merit increase guidelines as all other employees. For fiscal 2012, these guidelines provided for increases between 0% and 8.0%. The P&C Committee approved a base pay increase for Mr. O'Brien of 2.5%.

Incentive Compensation Plan. The fiscal 2012 target incentive opportunities for all named executive officers, including the Chief Executive Officer, remained the same as fiscal 2011. The maximum incentive payout also remained the same at 150% of the target incentive opportunity. The P&C

Table of Contents

Committee established performance targets for two performance measures at the beginning of the fiscal year. Based on Ashland's performance in fiscal 2012 compared to the performance goals established at the beginning of the fiscal year, the P&C Committee approved incentive compensation payouts at 91.2% of incentive opportunity for Messrs. O'Brien, Chambers and Ganz. For Messrs. Panichella and Harris, the payout was 139.1% and 103.9% of incentive opportunity, respectively.

Long-Term Incentive Plan Payment. The LTIP plan payment for the performance period of fiscal 2009 through fiscal 2011 was approved by the P&C Committee in December 2011. This LTIP performance plan paid out at a weighted score of 119.7% of the target number granted, with the ROI portion scoring at 45.5% and the TSR portion scoring at 193.8%.

Long-Term Incentive Grants. The P&C Committee typically grants SAR and LTIP awards in November of each fiscal year. SARs are valued on a Black-Scholes methodology based on the average closing stock price for the 20 business days ending on September 30 of the prior fiscal year-end. LTIP awards are valued based on the average closing stock price for the 20 business days ending on September 30 of the prior fiscal year-end. For the Chief Executive Officer, total long-term incentive grant target values have an allocation of 50% to SARs and 50% to LTIPs. For fiscal 2012, the grant value targets for SARs and LTIPs for the Chief Executive Officer and the other named executive officers, except for Mr. Chambers, remained the same as fiscal 2011. For Mr. Chambers, the grant value target was increased to 225% of base pay, from 175% of base pay, to align his total direct compensation with market competitive practices.

Principles and Objectives of Ashland's Executive Compensation Program

Ashland's executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive Ashland's strategic direction and achieve annual and long-term performance goals necessary to create shareholder value. The program is designed to reflect the individual executive's contribution and the performance of Ashland. The core principles of Ashland's approach to executive compensation design and evaluation are as follows:

Programs should create alignment between the interests of the executives and the shareholders by ensuring that compensation opportunities for executives are linked to building long-term shareholder value through the achievement of the financial and strategic objectives of Ashland.

Programs should provide competitive, market-driven compensation to attract and retain executive talent for the long-term.

Compensation should generally be targeted at the median of the market when compared to the compensation of individuals in similar-sized organizations in the chemical industry as well as in the general industry.

The concept of opportunity is important. Individuals should have the opportunity to do well when Ashland does well and total compensation should vary in relation to the Company's performance.

There should be a balance between fixed and variable compensation, with variable compensation constituting a larger portion of an executive's total compensation the more senior the executive. The targeted pay mix for an executive should also be aligned with market competitive practices.

Programs should promote ownership of Ashland stock to align the interests of management and shareholders.

Incentive compensation should not promote unreasonable or excessive risk taking that could threaten the short or long-term value of Ashland.

Edgar Filing: ASHLAND INC. - Form DEF 14A

The P&C Committee is responsible for the approval and administration of compensation programs for executive officers and certain other employees of Ashland. The P&C Committee frequently reviews Ashland's

compensation practices, and its decisions take into consideration, among other things, Ashland's compensation philosophy, its financial and operating performance, individual performance, and practices and compensation levels of peer companies. See Oversight of Ashland's Executive Compensation Program on page 24 for a more detailed discussion of the P&C Committee's role in the executive compensation process.

Management also plays an important role in the process of setting compensation for executives, other than the Chief Executive Officer. The Chief Executive Officer (and in certain instances the other members of the Executive Committee), in consultation with the P&C Committee's independent executive compensation consultant and the Chief Human Resources and Communications Officer, develops compensation recommendations for the P&C Committee's consideration including:

Business performance targets and objectives that are tied to Ashland's annual and long-term incentive plans;

Plan design changes based on competitive analysis of executive pay practices;

Individual performance evaluations;

Recommendation of base salary and target bonus opportunities;

The mix of restricted stock, SARs and LTIP grants;

Recommendation of adjustments to the reported financial results for purposes of determining annual and long-term incentive payments; and

Recommendation of adjustments to awards.

The Chief Executive Officer takes various factors into consideration when making individual compensation recommendations including: the relative importance of the executive's position within the organization; the individual tenure and experience of the executive; and the executive's individual performance and contributions to Ashland's financial and operating results.

Independent Executive Compensation Consultant's Role

The P&C Committee directly engages Deloitte to serve as the outside advisor on executive compensation matters and to review Ashland's executive compensation program. The assessment consists of reviews of:

The competitiveness of compensation provided to Ashland's key executives;

Ashland's peer group for pay and performance comparisons;

Ashland's executive stock ownership guidelines;

Ashland's executive change in control agreements for key executives;

Ashland's incentive compensation programs for risk;

The degree of difficulty of the performance targets under the incentive compensation plan; and

The alignment of pay for performance by analyzing the targets to actual compensation.

Deloitte's engagement includes the following on-going work on behalf of the P&C Committee: review of competitive pay practices for outside board members; as needed, reviews of other components of Ashland's compensation programs including: benefits, perquisites, deferred compensation plans, severance policies and change in control provisions; updates regarding trends in executive and outside board compensation practices; and updates regarding changes in regulatory and legislative developments. Deloitte's aggregate fees for executive and director compensation services in fiscal 2012 were \$81,000.

Table of Contents

In addition to the compensation services provided by Deloitte to the P&C Committee, Deloitte affiliates provided certain services to Ashland at the request of management consisting of (i) tax services and other tax-related services; and (ii) actuarial services. Ashland paid \$9.8 million to Deloitte in fiscal 2012 for these other services. The P&C Committee believes that, given the nature and scope of these projects, these additional services did not raise a conflict of interest and did not impair Deloitte’s ability to provide independent advice to the P&C Committee concerning executive compensation matters. In making this determination, the P&C Committee considered, among other things, the following factors: (i) the types of non-compensation services provided by Deloitte, (ii) the amount of fees for such non-compensation services, noting in particular that such fees are negligible when considered in the context of Deloitte’s total revenues for the period, (iii) Deloitte’s policies and procedures concerning conflicts of interest, (iv) Deloitte representatives who advise the P&C Committee do not provide any non-compensation related services to Ashland, (v) there are no other business or personal relationships between Ashland management or members of the P&C Committee, on the one hand, and any Deloitte representatives who provide compensation services to Ashland, on the other hand, and (vi) neither Deloitte nor any of the Deloitte representatives who provide compensation services to Ashland own any common stock or other securities of Ashland.

Factors Considered In Determining Executive Compensation

Competitive Benchmarking

The P&C Committee annually reviews competitive compensation information in order to evaluate if executive pay levels are market competitive and consistent with the Company’s stated compensation philosophy. Competitive compensation information is comprised of both industry-specific and general industry company data because Ashland competes for executive talent among a broad array of companies, both within and outside of the chemical industry. The competitive data is size-adjusted based on revenues and a statistical regression analysis that is consistent with the corporate or business segment responsibilities for each executive.

Competitive pay data has been gathered from the following published survey sources:

Survey Source	Primary Scope	Secondary Scope
Towers Watson 2011 Top Management Survey	Chemical Companies	Non-Durable Goods Manufacturing Companies
Mercer Executive Compensation Survey	Non-Durable Goods Manufacturing Companies	All Companies

Industry specific competitive pay data has been gathered utilizing the specialty chemical companies participating in the Towers Watson 2011 Top Management Survey. The data was size-adjusted based on revenues and a statistical regression analysis was used. The specific companies used in the peer group are set forth below:

Individual Performance Evaluation: Chief Executive Officer

The P&C Committee evaluates the Chief Executive Officer's performance based on Ashland's financial performance, the accomplishment of Ashland's long-term strategic objectives and the accomplishment of annual objectives. The P&C Committee then reviews its determination with the other independent members of the Board. The Chief Executive Officer reviews the status of performance against objectives with the Board at mid-year and again after the end of the fiscal year. The Chief Executive Officer's individual performance against objectives is used for compensation purposes by the P&C Committee primarily in consideration of a merit adjusted, base salary increase.

Individual performance goals for the Chief Executive Officer for fiscal 2012 included the following:

Achieve top-quartile performance in Responsible Care;

Achieve operating plan and working capital targets;

Accelerate growth in emerging markets; and

Win new business through innovation.

For fiscal 2012, employees eligible for incentive compensation participate in an individual performance pool designed to recognize outstanding individual performance. Mr. O'Brien is not eligible to participate in the individual performance pool component of the incentive compensation plan. As a result, the determination of Mr. O'Brien's 2012 annual incentive payment was based entirely on predetermined financial measures. The annual incentive compensation plan is explained in further detail on page 41.

Individual Performance Evaluations: Named Executive Officers other than the Chief Executive Officer

At the beginning of each fiscal year, each named executive officer (excluding the Chief Executive Officer) and certain other officers jointly set their annual, individual performance objectives with the Chief Executive Officer. Performance against objectives is reviewed throughout the year on a quarterly basis. At the end of the fiscal year, the Chief Executive Officer conducts a final review with each of his direct reports, including each named executive officer, and rates their performance using a scale of Greatly Exceeds Expectations to Does Not Meet Expectations. The Chief Executive Officer then submits to the P&C Committee a performance assessment and compensation recommendation for each of the named executive officers as well as for most other executive officers. The performance evaluations are based on factors such as achievement of Company and individual objectives as well as contributions to the financial performance of Ashland. Individual performance of the named executive officers is used by the Chief Executive Officer and P&C Committee in consideration of individual merit base salary increases. In addition, individual performance is used in consideration of awards under the individual performance pool of the incentive compensation plan. No named executive officer received an individual performance pool award for fiscal 2012.

Individual performance goals for the other named executive officers include the achievement of sales, operating income and working capital efficiency objectives compared to targeted goals. They also include specific goals related to: cost reduction, planned expansion into designated markets and geographical areas, organizational effectiveness, operational excellence, process improvement and safety.

Tally Sheets

In January 2012, the P&C Committee reviewed the compensation tally sheet for Mr. O'Brien. The P&C Committee primarily uses the tally sheet information as an overview of total compensation including the value of benefits and perquisites paid, the value of equity holdings at the end of the fiscal year, an inventory of SARs and stock options, restricted shares and performance units, and as an analysis of the realized value of equity awards earned, vested or exercised in the past two fiscal years. In addition, the P&C Committee reviews a summary of

Table of Contents

severance benefits that would be paid upon termination of employment under various scenarios to determine the appropriateness of such benefits. The scenarios included in the review are: termination without cause or for good reason after a change in control; termination by Ashland without cause in the absence of a change of control; and voluntary termination. The tally sheet analysis provides the P&C Committee with a comprehensive overview of the executive compensation components and serves as background information for future compensation decisions. Based on the review of the tally sheets conducted in January 2012, the P&C Committee concluded that Ashland's executive compensation program was working as intended and that no significant changes were needed.

Pay Mix

Base salary represents 16% of the Chief Executive Officer's target compensation and approximately 30% of other named executive officers target compensation. On average, at least 70% of annual compensation for Ashland's named executive officers varies each year based primarily upon Ashland's financial performance because this portion of compensation is at risk. The following charts show the fiscal 2012 Total Direct Compensation* mix (based on targeted compensation).

* Total Direct Compensation represents the sum of base salary + target annual incentive + target long-term incentive. The base salary is the only fixed compensation component. At-risk compensation is equal to the sum of target annual incentive + target long-term incentive. For fiscal 2012, base salaries, annual incentive targets and long-term incentives were generally targeted at the market median.

Table of Contents

Annual Cash Compensation

Annual cash compensation consists of market competitive base salary and annual incentive compensation.

Base Salary

Base salaries are the foundation for the compensation programs provided to named executive officers, as annual incentive payments, long-term incentive grants and most employee benefits are linked to base salary. Base salary is designed to compensate executives for services rendered during the fiscal year and for their sustained performance. Base salaries are targeted at the 50th percentile of salaries for individuals having similar jobs in similarly-sized companies in the specialty chemical and general industries. Competitive salary ranges are established for executive positions (including each named executive officer) with the midpoint of the salary range representing the approximate median level of base pay in the competitive market for each position.

Ashland believes that base salary is within the range of competitive practice if it is 20% above or below the desired target. Based on the P&C Committee's review of an analysis conducted by the compensation consultant, the P&C Committee concluded that all named executive officers fall within this range.

Base salary increases are a reflection of individual performance and of an individual's pay relative to the salary range midpoint for his or her position. The merit increase process (merit guideline) that is used for most employees, including the named executive officers, provides for greater increases to the highest-performing employees, up to a maximum of 120% of the salary range midpoint. The merit guideline also provides for greater increases to employees who are below their salary range midpoint and are meeting acceptable performance levels. For 2012, the merit guideline provided for increases between 0% and 8.0%, depending on an individual's performance and their position relative to the salary range midpoint for their job.

The Chief Executive Officer uses the merit guideline as the basis for his salary increase recommendations for named executive officers (excluding himself) and other corporate officers. The Chief Executive Officer has the discretion to adjust merit increase recommendations from the guideline suggested amount based upon such factors as internal equity and individual performance. The P&C Committee reviews the market data provided by Deloitte and the individual performance evaluations and merit increase recommendations submitted by the Chief Executive Officer to approve salary increases for the named executive officers and other corporate officers.

The same merit guidelines are used by the P&C Committee when evaluating the merit increase for the Chief Executive Officer. After reviewing the merit guideline, the competitive market data and the Chief Executive Officer's individual performance relative to pre-established objectives (including a review of the Chief Executive Officer's self assessment), the P&C Committee, in executive session without management present, develops a recommended salary increase for the Chief Executive Officer. Final compensation actions for the Chief Executive Officer are approved by the independent Board members.

After consideration, the P&C Committee rated Mr. O'Brien's performance as exceeding expectations under Ashland's performance management system for fiscal year 2011. The P&C Committee used the merit guideline to establish a recommended salary increase for Mr. O'Brien. The combination of Mr. O'Brien's performance evaluation with his pay level relative to the established salary range midpoint, resulted in a guideline recommended increase of approximately 2.5% and an actual base salary increase of \$29,140. Using the same methodology, the base salary increases for all other named executive officers were as follows: Mr. Chambers (8.0%), Mr. Ganz (2.5%), Mr. Panichella (4.5%) and Mr. Harris (3.0%). The salary increases became effective in April 2012.

Table of Contents

In September 2012, Mr. Panichella was promoted to Group Operating Officer and assumed additional responsibility for the Ashland Water Technologies business. He received a base pay increase of 14% in connection with this promotion. The resulting base pay aligns his compensation to the market median of comparable positions.

Annual Incentive Compensation

The annual cash incentive is designed to compensate executives for the achievement of annual, primarily short-term performance goals. The named executive officers and approximately 175 additional senior employees participated in the fiscal 2012 incentive compensation plan. The plan provides an opportunity for each participant to earn a targeted percentage of base salary based on achievement of company-wide or business unit performance targets. The target annual incentive opportunity is higher for the Chief Executive Officer relative to the other named executive officers based upon market competitive data. The table below reflects the targeted annual incentive opportunity:

Named Executive Officer	Annual Incentive Target as a Percentage of Base Salary	Target Annual Incentive
Mr. O'Brien	120%	\$ 1,433,230
Mr. Chambers	90%	\$ 494,550
Mr. Ganz	75%	\$ 345,938
Mr. Panichella	75%	\$ 329,175
Mr. Harris	75%	\$ 324,450

In November 2011, the P&C Committee reviewed and approved measures and target performance levels for the fiscal 2012 incentive compensation. The approved performance measures were Operating Income and Working Capital Efficiency. The Operating Income measurement is an indication of the profitability of Ashland and each business unit. Operating Income may be adjusted for key items. The Working Capital Efficiency measurement focused on three key cash flow drivers, which were accounts receivable, inventory and accounts payable, and was measured as a percentage of sales. This measurement was chosen because Working Capital Efficiency, like Operating Income, was viewed as a critical measure of Ashland's ability to optimize cash flow and value given the economic environment. The P&C Committee believes the use of both of these measures helps balance management decision-making on both profit growth and working capital management. The P&C Committee also believes that these objectives represent measures that are important to Ashland's shareholders. The weighting and business unit focus of the measures for each named executive officer is as follows:

Messrs. O'Brien, Chambers and Ganz	90% weight on Ashland's Operating Income * performance 10% weight on Ashland's Working Capital Efficiency ** performance
Mr. Panichella	20% weight on Ashland's Operating Income performance 70% weight on Ashland Specialty Ingredients Operating Income performance 10% weight on Ashland Specialty Ingredients Working Capital Efficiency performance
Mr. Harris	55% weight on Ashland's Operating Income performance 35% weight on Ashland Performance Materials Operating Income performance 10% weight on Ashland Performance Materials Working Capital Efficiency performance

* Operating Income is generally net operating income under generally accepted accounting principles adjusted for certain key items.

** Working Capital Efficiency is defined as (accounts receivable + inventory - accounts payable)/sales measured on a thirteen month average basis.

Table of Contents

For each of the measures previously listed, the P&C Committee established a minimum (hurdle), target and maximum performance level. For fiscal 2012, the target annual incentive opportunity for each of the named executive officers was positioned at approximately the 50th percentile in order to drive financial performance and align compensation with market competitive practices. To assess the rigors of the goals under the annual incentive plan, the P&C Committee compared Ashland's 2012 performance targets to actual fiscal 2011 results, to the fiscal 2012 operating plan and to EBITDA goals. Based on this review, the P&C Committee confirmed that Ashland's targeted level of performance required high levels of performance in order to achieve target-level incentive award payouts.

Consistent with past practice and based on a core set of principles and adjustment criteria established at the beginning of the performance period, the P&C Committee adjusted the results on which fiscal 2012 operating income incentives were determined to account for the effect of pension actuarial loss, restructuring severance costs and integration expenses. These adjustments are consistent with established policy. The adjustments were intended to ensure that award payments represent the underlying performance of the business and are not artificially inflated or deflated due to such items. Adjustments are reviewed thoroughly as soon as practical after they are identified. No adjustments were made to Working Capital Efficiency.

On an adjusted basis, Operating Income performance for fiscal 2012 relative to target was as follows:

Operating Income Performance and Incentive Compensation Scores**FY2012 Adjusted**

(\$, Thousands)

Operating Unit	Hurdle (20% Payout)	Target (100% Payout)	Maximum (155.5% Payout)	Adjusted Operating Income	Operating Income Component Percent of Target Award Earned

Ashland Inc.	\$ 701,361	\$ 932,229	\$ 1,116,924	\$ 936,703	101.3%

For fiscal 2012, the Working Capital Efficiency measure was limited to a 100% payout. The 100% payout level is the targeted performance level and maximum payout of the component. Working Capital Efficiency performance for fiscal 2012 relative to target was as follows:

Working Capital Efficiency (WCE) Performance and Incentive Compensation Scores**FY2012**

To reflect the importance of safety matters within Ashland, a safety modifier either added or deducted up to 10 percentage points based on a combination of the Operating Unit's Total Recordable Rate (TRR) and safety activity based performance by the executive. The safety modifier may not increase the incentive paid above 150% of target. The safety modifier adjusted the incentive compensation earned as follows:

Named Executive Officer	Positive 10 Percentage Points		Negative 10 Percentage		Safety Modifier Earned
	added if TRR was less than	No adjustment if TRR is between	Points added if TRR was more than	TRR Achieved	
Mr. O'Brien	0.90	0.91 to 1.29	1.30	1.15	0 pts.
Mr. Chambers	0.90	0.91 to 1.29	1.30	1.15	0 pts.
Mr. Ganz	0.90	0.91 to 1.29	1.30	1.15	0 pts.
Mr. Panichella	0.74	0.75 to 0.94	0.95	0.71	+10 pts.
Mr. Harris	0.90	0.91 to 1.29	1.30	1.15	0 pts.

Based on these results, the annual incentives earned for fiscal 2012 performance were as follows:

Named Executive Officer	Annual Incentive Target as a Percentage of		Target Annual Incentive	Percent of Target Annual Incentive Earned	Actual Annual Incentive Paid
	Base Salary	Annual Incentive			
Mr. O'Brien	120%	\$ 1,433,230		91.2%	\$ 1,306,678
Mr. Chambers	90%	\$ 494,550		91.2%	\$ 450,882
Mr. Ganz	75%	\$ 345,938		91.2%	\$ 315,392
Mr. Panichella*	75%	\$ 329,175		139.1%	\$ 457,313
Mr. Harris	75%	\$ 324,450		103.9%	\$ 337,023

* In addition, Mr. Panichella received a retention bonus of \$120,000 pursuant to a three-year employment agreement entered into in connection with Ashland's acquisition of Hercules Incorporated in November 2008.

The actual payout levels for the annual incentive compensation plan vary from year to year as represented in the chart below that reflects the Ashland Inc. weighted scores for the last five years:

Incentive Compensation (Fiscal Year)	Weighted Score as a % of Target (100% Payout)
2012	91.2%
2011	72.1%
2010	135.5%
2009	93.8%
2008	33.3%

Long-Term Incentive Compensation

Ashland's long-term incentive compensation is designed to reward key employees for achieving and exceeding long-term goals and driving shareholder return. It is also designed to foster stock ownership among executives. The performance measures used in Ashland's long-term plan are different than those used in the annual incentive program. This is an intentional design element. The P&C Committee believes that shareholders' interests are best served by balancing the focus of executives' decisions between short-term and longer-term measures. Long-term incentive compensation is comprised primarily of two elements: SARs and LTIP awards. Restricted stock is also a component of long-term compensation, but it is granted on a very selective basis rather than annually.

Edgar Filing: ASHLAND INC. - Form DEF 14A

An overall long-term incentive target opportunity is established based on competitive data, current base salaries and pay band or position. For fiscal 2012, the long-term incentive targets for each of the named executive officers were generally positioned at the median of competitive practice. The target long-term incentive

Table of Contents

opportunity is expressed as a percentage of base salary or midpoint of the assigned pay band. Mr. O'Brien's total long-term incentive target relative to that of the other named executive officers is a reflection of the competitive market data for similarly situated executives. The total long-term incentive target guidelines for Ashland's named executive officers for fiscal 2012 are as follows:

Named Executive Officer	Total Long-Term Incentive Target as a % of Salary
Mr. O'Brien	400%
Mr. Chambers	225%
Mr. Ganz	150%
Messrs. Panichella and Harris	135%

The total Long-Term Incentive Target as a percentage of salary is allocated 50% to SARs and 50% to LTIP awards for all executives that participate in both programs. Targets are typically established by the P&C Committee at its November meeting. Ashland's process for establishing the grant date well in advance provides assurance that grant timing is not being manipulated for employee gain.

LTIP Performance Units

The LTIP for certain key employees is a long-term incentive tied to Ashland's overall financial and total shareholder return performance. It is designed to encourage and reward executives for achieving long-term financial performance that meets or exceeds the relative financial performance of peers.

Awards under the LTIP are granted annually, with each award covering a three-year performance cycle. The number of units awarded is based on a targeted percentage of the employee's base salary or midpoint of the assigned pay band and valued by the average of the closing prices of Ashland Common Stock for the last twenty business days of the prior fiscal year. Awards under the LTIP are not adjusted for, nor entitled to receive, cash dividends during the performance period.

2012-2014 LTIP Performance Units Awards

The following calculation showing how Mr. O'Brien's target fiscal 2012-2014 LTIP grant was determined is illustrative of the overall grant determination process:

Mr. O'Brien's base salary as of October 1, 2011:	\$ 1,165,225
LTIP target as a percent of salary:	200%
Target fiscal 2012-2014 LTIP value:	\$ 2,330,450
Target fiscal 2012-2014 grant: $\$2,330,450 / \$48.15^* = 48,400$ performance units (rounded up to the nearest hundred units)	

* Average of closing prices of Ashland Common Stock for the twenty business days ended September 30, 2011. The twenty business day average is used to reduce stock volatility and better represents the Company's stock price.

Actual grants under the fiscal 2012-2014 LTIP for Ashland's named executive officers were as follows:

Named Executive Officer	LTIP Target as a % of Salary	Number of LTIP Units Granted
Mr. O'Brien	200.0%	48,400
Mr. Chambers	112.5%	11,900
Mr. Ganz	75.0%	7,100
Mr. Panichella	67.5%	5,900
Mr. Harris	67.5%	5,900

In November 2011, the P&C Committee reviewed and approved measures and target performance levels for the fiscal 2012-2014 LTIP. The performance period for this LTIP began on October 1, 2011 and ends on September 30, 2014. For all participants, including the named executive officers, the performance measures are Ashland's return on investment (ROI) and Ashland's total shareholder return (TSR) performance. Each of the performance measures in the LTIP is weighted equally and evaluated separately. In choosing these measures, the P&C Committee considered the performance measures used in the other components of Ashland's executive compensation programs. ROI and TSR are believed to represent an appropriate balance to the shorter-term operating income and working capital efficiency measures used in the annual incentive plan. By balancing the performance measures used, the overall program design encourages management to focus on the overall performance of Ashland and on value creation for Ashland's shareholders.

Return on Investment (ROI) is a measurement of the effective use of capital, and it is generally determined by dividing net income (excluding certain key items) over a specified period by the average equity and debt outstanding over such period. Ashland's ROI measurement was changed from a relative performance measure to an absolute performance measure beginning with the 2012-2014 LTIP. The transformation of Ashland into a leading specialty chemical company significantly increased the company's goodwill and intangible assets as compared to other peer companies. Accordingly, the P&C Committee determined that measuring ROI performance based on internally established goals is a more appropriate method to measure return on investment and to recognize and reward performance.

Total Shareholder Return (TSR) is a measure of shareholder value creation, and it is defined as the change in Ashland's stock price plus aggregate dividend payments over the performance period divided by the stock price at the beginning of the performance period. Ashland's TSR performance is measured against the entire S&P MidCap 400 and the S&P 500 Materials Group (the Performance Peer Group). Ashland believes that the use of these indices better represents shareholder interests and reduces the volatility of the TSR calculation. The use of these indices applies to the fiscal 2012-2014 LTIP grant. Ashland must achieve median performance relative to the Performance Peer Group for eligible executives to earn a target award for the TSR portion of the award. Prior LTIP grants that have not yet vested continue to use their established performance peer groups.

Each of the performance measures in the LTIP is weighted equally and evaluated separately. The performance hurdle is the minimum performance that must be achieved to earn a payout under the stated objectives. For the fiscal 2012-2014 LTIP, the TSR hurdle was set at the 35th percentile. If Ashland's performance is below the 35th percentile, no award is earned. To earn the target award, Ashland's TSR performance must be at the 50th percentile (median) relative to the Performance Peer Group. The performance maximum represents a level of performance that is at the 90th percentile or above, relative to the respective Performance Peer Group. The P&C Committee has established similar internal hurdle, target and maximum performance goals for the ROI portion of the LTIP awards. If the maximum performance is achieved for both

Table of Contents

ROI and TSR, the award earned is 200% of the award opportunity at target. The following chart illustrates these award percentages based on performance levels:

Performance Level	Percent of Target Award Earned
Hurdle	25%
Target	100%
Maximum	200%

In the event performance falls between hurdle and target or target and maximum, the LTIPs are calculated on a linear basis. The earned amount of the LTIP award is paid in Ashland Common Stock.

2010-2012 LTIP Performance Unit Award Results and Payment

The fiscal 2010-2012 LTIP was paid in November 2012 for the performance period of October 1, 2009 to September 30, 2012. The following chart illustrates these award levels and the corresponding relative TSR and ROI performance required:

Performance Level	Percentile Performance Relative to Performance Peer Group	Percent of Target Award Earned
Hurdle	35 th percentile	25%
Target	50 th percentile	100%
Maximum	90 th percentile	200%

For this performance period, relative TSR performance was at the 58th percentile of the applicable performance peer group, which resulted in a payout of 119.4% for the TSR performance.

When calculating Ashland's ROI performance for the 2010-2012 performance period, and the relative performance of each company in the applicable performance peer group, the P&C Committee considered and adjusted ROI to exclude the value of goodwill and intangible assets. Without this adjustment, Ashland's relative performance would have been at the 21st percentile of the applicable performance peer group, resulting in no payout for the ROI performance. With this adjustment, ROI performance was at the 74th percentile of the applicable performance peer group, which would have resulted in a payout of 157% for the ROI portion of the LTIP, except that the P&C Committee determined to cap the resulting ROI payout at 100%. The weighted average payout for the 2010-2012 LTIP was 111.75%.

The P&C Committee determined that it was appropriate to make this adjustment to the ROI score to reflect the following two significant corporate transactions that contributed to the transformation of Ashland into a specialty chemical company during the 2010-2012 performance period:

The sale of the Ashland Distribution commercial unit in March 2011. This unit historically had contributed a meaningful proportion of Ashland's overall ROI.

The acquisition of ISP in August 2011. This transaction significantly increased Ashland's goodwill and its intangible assets relative to the applicable performance peer group and, therefore, had the effect of decreasing Ashland's overall ROI.

Although the sale of the Ashland Distribution commercial unit and the subsequent acquisition of ISP had the effect of reducing the ROI for the 2010-2012 performance period, the P&C Committee believes that these two transactions have been, and will continue to be, in the best interests of Ashland's shareholders. The P&C Committee also did not believe it was appropriate for Ashland's executive officers, including the named executive officers, to receive a reduced LTIP award for engaging in these important transactions. Therefore, in an

Table of Contents

effort to strengthen retention incentives for executive officers, and to reward their leadership and efforts in completing Ashland's transformation and enhancing shareholder value, the P&C Committee authorized the ROI adjustments described above, subject to a cap at the target payout level. The P&C Committee believes these adjustments are consistent with the intent of the LTIP Plan.

The chart below provides the actual payout amounts:

Named Executive Officer	Number of LTIP Units Granted	LTIP Award as a % of Target	Number of Shares Paid
Mr. O'Brien	54,200	111.75%	60,569
Mr. Chambers	7,300	111.75%	8,158
Mr. Ganz*			
Mr. Panichella	4,400	111.75%	4,917
Mr. Harris	4,400	111.75%	4,917

* Mr. Ganz was not eligible for the 2010-2012 LTIP because he was not an Ashland employee at the time of grant.

The LTIP is a performance-based plan. As such, the actual payout levels vary from year to year as represented in the chart below reflecting the LTIP weighted scores for the last five years:

LTIP Plan Year	Date of Payment	Weighted Score as a % of Target (100% Payout)
2010-2012	November, 2012	111.75%
2009-2011	December, 2011	119.65%
2008-2010	December, 2010	15.75%
2007-2009	February, 2010	26.0%
2006-2008*	February, 2009*	25.8%*

* Messrs. O'Brien and Chambers declined payment of the fiscal 2006-2008 LTIP award due to the 2009 global economic recession. SARs

Ashland's SARs program is a long-term incentive plan designed to link executive compensation with increased shareholder value over time. The grants of SARs typically occur annually in November.

The methodology for determining the number of SARs to be awarded utilizes a variable approach based on a target value determined as a percentage of an individual's actual base salary or midpoint of the assigned pay band. The actual number of SARs granted is then determined by taking the target value for each participant and dividing by the Black-Scholes value using the average of the closing prices of Ashland Common Stock for the last twenty business days of the prior fiscal year as determined by the Black-Scholes method.

The following calculation showing how Mr. O'Brien's target fiscal 2012 SAR grant was determined is illustrative of the overall grant determination process:

Mr. O'Brien's base salary as of October 1, 2011:	\$ 1,165,225
x Target SAR value as a percent of salary:	200%
= Target fiscal 2012 SAR value:	\$ 2,330,450

Target SAR grant: $\$2,330,450 / \$25.66^* = 90,900$ SARs (rounded up to the nearest hundred units)

Actual grants for fiscal 2012 for Ashland's named executive officers were as follows:

Named Executive Officer	SARs Target as a % of Salary	Number of SARs Granted
Mr. O'Brien	200.0%	90,900
Mr. Chambers	112.5%	22,400
Mr. Ganz	75.0%	13,200
Mr. Panichella	67.5%	11,100
Mr. Harris	67.5%	11,100

All SARs are granted with an exercise price equal to the closing price of Ashland Common Stock on the NYSE on the date of grant and are not re-valued if the stock price declines below the exercise price. SARs expire on the tenth anniversary plus one month from the date of grant. SARs vest over a three-year period as follows: 50% vest on the first anniversary of the grant date; an additional 25% vest on the second anniversary of the grant date; and the final 25% vest on the third anniversary of the grant date.

Restricted Shares

There were no grants of restricted shares to any named executive officer in fiscal 2012.

Stock Ownership Guidelines

Equity compensation encourages executives to have a shareholder's perspective in managing Ashland. Consistent with this philosophy, the P&C Committee has established stock ownership guidelines for Ashland's executive officers and designated key employees. Employees are subject to the stock ownership requirements if they are eligible to participate in Ashland's LTIP. Under these guidelines, each employee has five years from the date he or she becomes subject to a particular guideline to reach the minimum levels of Ashland Common Stock ownership identified by the P&C Committee. The current ownership guidelines are the lesser of the following two metrics:

	Dollar Value of Ashland Common Stock	or	Number of Shares of Ashland Common Stock
Mr. O'Brien	5x salary		125,000
Mr. Chambers	3x salary		30,000
Messrs. Ganz, Panichella and Harris	3x salary		25,000
Range for other LTIP participants	1-3x salary		3,500-25,000

Ashland Common Stock ownership includes the following: shares held in Ashland's 401(k) plan and LESOP; equivalent shares held in the non-qualified deferred compensation plan; unvested restricted stock that will vest within five years of the ownership guidelines date; and shares held by employees outside of Ashland plans.

The P&C Committee reviews progress towards achieving the ownership guidelines for the covered employees on an annual basis. Based upon the 2012 review, all of the named executive officers, except Mr. Ganz, have met their stock ownership requirements. Mr. Ganz joined Ashland in 2011, and in accordance with the stock ownership guidelines, he has until 2016 to meet the ownership requirements.

Risk Assessment

The Company's compensation program is designed to motivate and reward employees and executive officers for their performance during the fiscal year and over the long-term and for taking appropriate business risks. The P&C Committee asked its compensation consultant to conduct a risk assessment of the Company's incentive compensation plans in May 2012.

Table of Contents

Based on its review of the risk assessment, a review of the Company's internal controls and the risk mitigating components of the Company's compensation programs, the P&C Committee determined that the Company's compensation programs do not encourage executives or other employees to take inappropriate risks that are reasonably likely to have a material adverse effect on the Company.

Executive Compensation Recovery Clawback Policy

Ashland has an Executive Compensation Recovery Policy (Clawback Policy) effective for plan years beginning on or after October 1, 2009 for executive officers. This policy further strengthens the risk mitigation program by defining the economic consequences that misconduct has on the executive officer's incentive-related compensation. In the event of a financial restatement due to fraudulent activity or intentional misconduct as determined by the Board of Directors, the culpable executive officer will reimburse Ashland for incentive-related compensation paid to him or her. In addition, the Board of Directors has the discretion to determine whether any of the named executive officers will be required to repay incentive-related compensation, whether or not such named executive officer was involved in the fraudulent activity or misconduct. Ashland has a period of three years after the payment or award is made to seek reimbursement.

Retirement Benefits

The combination of tax-qualified and non-qualified retirement plans are designed to assist the named executive officers in building savings for retirement over the term of their employment.

The Company's pension and 401(k) plans are tax-qualified vehicles to provide retirement benefits to the named executive officers and their families. The benefits in these plans are available to most U.S.-based employees. The benefits are funded through trusts and are separate from the assets of Ashland and by law are protected from Ashland's creditors.

The benefits that may be provided under the tax-qualified plans are limited by the Internal Revenue Code of 1986, as amended (the Code). These plans, standing alone, do not provide sufficient retirement income to the named executive officers when compared to their pay as an active employee. To make up for this gap in potential replacement income in retirement, Ashland offers the named executive officers non-qualified retirement plans that complement each other and the tax-qualified plans. A detailed description of the non-qualified plans for the applicable named executive officers is included in the Pension Benefits section of this proxy statement.

The 401(k) plan contributions are also limited by law, which means their potential Ashland matching contributions are also limited. The Ashland match that could not be made to the 401(k) plan will be paid to the named executive officers (as well as any affected employee) as additional compensation.

Ashland also has employee deferral plans that allow the named executive officers to annually make a separate deferral election so that the named executive officers can save amounts from their own pay in addition to amounts they are allowed to save in the savings plans.

Health and Welfare Benefits

The health of all employees is important to Ashland as is the need to provide for financial security to the families of employees who may become ill, disabled or die during active employment. To these ends, Ashland provides a wide variety of health and welfare benefit plans to a majority of its active U.S. workforce. These same plans are offered to the named executive officers for the same reasons as they are offered to the majority of the rest of the active workforce. These plans include medical, dental, vision, life, accidental death and dismemberment, business travel and accident coverage and long-term care insurance. These benefits are targeted at median competitive levels.

Table of Contents

Executive Perquisites

The only perquisites Ashland provides to the named executive officers and other selected executives are financial planning (including tax preparation) and home security systems and monitoring. Mr. O'Brien participated in the financial planning and home security programs during fiscal 2012. The other named executive officers participated in only the financial planning program.

The P&C Committee reviews the perquisites provided to executive officers as part of their overall review of executive compensation. The P&C Committee has determined the perquisites to be within the appropriate range of compensation practices.

Severance Pay Plan

The named executive officers are covered by the Severance Pay Plan that provides benefits in the event of a covered termination in absence of a change in control. A covered termination is the direct result of the permanent closing of a facility, job discontinuance or other termination action of Ashland's initiative as determined by Ashland. The plan excludes certain terminations such as, but not limited to, termination for cause and voluntary resignation.

A detailed description of this plan is included in the "Potential Payments upon Termination or Change in Control" section of this proxy statement.

Change in Control Agreements

Each named executive officer has a change in control agreement that sets forth the economic consequences and entitlements for termination without cause or for good reason after a change in control. The primary purpose of these protections is to align executive and shareholder interests by enabling the executives to assess possible corporate transactions without regard to the affect such transactions could have on their employment. Change in Control agreements entered into after July 2009 do not include a "gross-up" for excise and related taxes.

A detailed description of these agreements is included in the "Potential Payments upon Termination or Change in Control" section of this proxy statement.

Deductibility of Compensation

Ashland attempts to maximize the tax deductibility of the compensation paid to its executives. However, tax rules may limit the tax deductibility of certain types of non-performance based compensation paid to the named executive officers. As a result of these rules, it is expected that approximately \$320,000 of named executive officer compensation paid in fiscal 2012 will be nondeductible.

Ashland considers the tax deductibility of compensation awarded to the named executive officers, and weighs the benefits of: (1) awarding compensation that may be nondeductible against (2) contingencies required by the tax laws. The P&C Committee believes that in certain circumstances the benefit of awarding nondeductible compensation exceeds the benefit of awarding deductible compensation that is subject to contingencies derived from the tax laws.

In addition, Ashland considers various other tax rules governing named executive officer compensation, including (but not limited to) tax rules relating to fringe benefits, qualified and non-qualified deferred compensation and compensation triggered by a change in control.

- (2) The values in column (e) represent the aggregate grant date fair value of LTIP awards computed in accordance with FASB ASC Topic 718. The assumptions made when calculating the amounts for column (e) are found in Note P to the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2012 (the 2012 Form 10-K). For LTIP awards, the grant date fair value is based on the probable outcome of performance conditions. The grant date fair values of fiscal 2012-2014 LTIP awards assuming the maximum level of performance are as follows: Mr. O'Brien, \$6,123,568; Mr. Chambers, \$1,505,588; Mr. Ganz, \$898,292; Mr. Panichella, \$746,468 and Mr. Harris, \$746,468.
- (3) The values in column (f) represent the aggregate grant date fair value of SAR awards computed in accordance with FASB ASC Topic 718. The assumptions made when calculating the amounts for column (f) are found in Note P to the Notes to Consolidated Financial Statements included in the 2012 Form 10-K.

- (4) The values in column (g) represent the amounts earned with respect to fiscal 2012 performance that were paid in December 2012 for annual incentive awards under the 2011 Incentive Plan.
- (5) Ashland's non-qualified deferred compensation arrangements do not provide above-market or preferential earnings; therefore, the amounts in column (h) represent only the one-year change between September 30, 2011 and September 30, 2012 in the present value of accrued benefits under Ashland's qualified and non-qualified defined benefit plans. These plans are more fully discussed in the narrative to the Pension Benefits table in this proxy statement. For fiscal 2011, Mr. O'Brien's change in pension value was a negative amount. The present values at September 30, 2011 and September 30, 2012 were calculated based on the earliest age that a participant could receive an unreduced benefit (see the discussion under the Pension Benefits table in this proxy statement regarding the earliest retirement age under the various plans).
- (6) Amounts reported in column (i) for fiscal 2012 are composed of the following items:

	J. J. O'Brien	L. M. Chambers	P. J. Ganz	J. E. Panichella	T. L. Harris
Ashland 401(k) Plan Match (a)	\$ 13,920	\$ 13,920	\$ 1,517	\$ 13,920	\$ 32,420

Total	\$ 68,586	\$ 27,117	\$ 7,600	\$ 27,413	\$ 52,587

- (a) The amounts in this row represent the contributions by Ashland to the accounts of each of the named executive officers in the Ashland 401(k) Plan.
- (b) The amounts in this row represent payments by Ashland for the named executive officers that would have been made as matching contributions to the Ashland 401(k) Plan, but for the limitations placed on such contributions under the Code.
- (c) The amounts in this row represent the value of life insurance premiums paid on behalf of the named executive officers.
- (d) In accordance with SEC rules, disclosure of perquisites and other personal benefits is omitted if the aggregate amount of such compensation for an executive officer is less than \$10,000 for the given year. If the total amount exceeds \$10,000, each perquisite must be identified by type, and if the amount of a perquisite exceeds the greater of \$25,000 or 10% of total perquisites, its value must be disclosed. The amounts in this row represent the amount of aggregate incremental cost to Ashland with respect to any tax and financial planning services and monitoring of home security systems, none of which exceeded the greater of \$25,000 or 10% of total perquisites as a category for any named executive officer.

- (1) The dollar amounts in these columns represent the potential annual incentive payouts under the 2011 Incentive Plan for fiscal 2012. The actual dollar amounts earned were paid in December 2012 and are included in column (g) in the fiscal 2012 row of the Summary Compensation Table.
- (2) The amounts in these columns represent potential payments under LTIP awards for the fiscal 2012-2014 performance period under the 2011 Incentive Plan. Payments, if any, under these awards will be made in shares of Ashland Common Stock on a one-for-one basis at the end of the three-year performance period.
- (3) The amounts in column (j) represent the number of shares of Ashland Common Stock that may be issued to named executive officers on exercise of SARs granted under the 2011 Incentive Plan in fiscal 2012. All SARs were granted at an exercise price of \$55.56 per share, the closing price of Ashland Common Stock as reported on the NYSE on December 2, 2011, the date of grant.
- (4) The dollar amounts in column (l) are calculated in accordance with FASB ASC Topic 718 and assume (i) payment of LTIP awards at target calculated using a Monte-Carlo simulation valuation (\$53.71 per unit for the ROI portion and \$72.81 per unit for the TSR portion); and (ii) valuation of all SARs using the Black-Scholes valuation model (\$23.88 per SAR). For further information on the Black-Scholes model and related stock price assumptions utilized during fiscal 2012, see Note P to the Notes to Consolidated Financial Statements in the

2012 Form 10-K.

Annual Incentive Compensation

Incentive compensation for executives is awarded annually, contingent upon meeting applicable targets. After the beginning of each fiscal year, performance hurdle, target and maximum objectives are established for

Table of Contents

the upcoming year. Awards for the Chief Executive Officer and certain other executive officers are based upon overall Ashland performance as well as the performance of Ashland's business segments. Awards for other executives and employees are based upon the performance of Ashland's divisions. Awards for division employees are based primarily on division performance.

The performance hurdle, target and maximum objectives for fiscal 2012 included measures of Operating Income and Working Capital Efficiency, as well as a safety modifier. The Compensation Discussion and Analysis section in this proxy statement discusses the fiscal 2012 performance goals as well as other aspects of this program.

Long-Term Incentive Program

LTIP awards are available to certain key employees. LTIP awards are long-term incentives tied to Ashland's return on investment (ROI) and total shareholder return (TSR) over the performance period. Awards are granted annually, with each award covering a three-year performance period.

After the beginning of the performance period, performance hurdle, target and maximum objectives are established for the performance period. The initial number of performance units awarded is based on the employee's salary or midpoint of salary band depending on salary band. The Compensation Discussion and Analysis section in this proxy statement discusses fiscal 2012-2014 LTIP awards.

Stock Appreciation Rights, Stock Options and Restricted Stock

Ashland's employee SARs and stock option program is a long-term plan designed to link executive compensation with increased shareholder value over time. In determining the amount of SARs or stock options to be granted annually to key employees, a target number of shares for each employee grade level is established. All SARs and stock options are granted with an exercise price equal to the fair market value of Ashland Common Stock on the date of grant. Vesting of SARs and stock options occurs over a period of three years, as more fully described in footnote (1) of the Outstanding Equity Awards at Fiscal Year-End table in this proxy statement. For accelerated vesting events, see the SARs/Stock Options, Incentive Compensation, Restricted Stock and LTIPs subsection of the Potential Payments upon Termination or Change in Control section in this proxy statement. SARs and stock options are not re-valued if the stock price declines below the grant price.

These programs are described in more detail in the Compensation Discussion and Analysis section in this proxy statement.

- (1) The numbers in columns (b) and (c) relate to SARs which vest over a three-year period measured from the date of grant. Fifty percent vest after the first year and 25% vest in each of the remaining two years.

- (2) The numbers in column (g) and the dollar values in column (h) represent the number of shares earned for the fiscal 2010-2012 LTIP performance period (which is payable in stock) and/or unvested shares of restricted Ashland Common Stock. The number of shares of Ashland Common Stock earned for the fiscal 2010-2012 LTIP awards was determined by the P&C Committee in November 2012 and became vested when paid in November 2012. For Messrs. O'Brien and Chambers, the amounts reported in columns (g) and (h) relate solely to the LTIP award for the fiscal 2010-2012 performance period. For Mr. Ganz, the amounts reported in columns (g) and (h) relate solely to 15,000 shares of restricted Ashland Common Stock granted on July 13, 2011 that will vest 100% on July 13, 2015 and 236 shares earned from dividends on the restricted Ashland Common Stock. For

Table of Contents

Mr. Panichella, the amounts reported in columns (g) and (h) represent 4,917 shares of Ashland Common Stock earned under the LTIP for the fiscal 2010-2012 performance period and 50,000 shares of restricted Ashland Common Stock granted on November 20, 2008 which vested 100% on November 20, 2012. For Mr. Harris, the amounts reported in columns (g) and (h) represent 4,917 shares of Ashland Common Stock earned under the LTIP for the fiscal 2010-2012 performance period, 20,000 shares of restricted Ashland Common Stock granted on November 20, 2008 which vested 100% on November 20, 2012 and 1,250 shares of restricted Ashland Common Stock granted on July 15, 2009 which will vest 100% on July 15, 2013. The dollar values in column (h) are calculated using the closing price of Ashland Common Stock of \$71.60 as reported on the NYSE on September 28, 2012.

- (3) The numbers in column (i) represent the estimated units granted through September 30, 2012 under the LTIP for the fiscal 2011-2013 and the fiscal 2012-2014 performance periods. The estimated number is computed assuming that the target performance goals are achieved. The dollar amounts in column (j) correspond to the units identified in column (i). The dollar value is computed by converting the units to shares of Ashland Common Stock on a one-for-one basis. The number of shares is then multiplied by the closing price of Ashland Common Stock of \$71.60 as reported on the NYSE on September 28, 2012. Payment, if any, under LTIP awards will be in Ashland Common Stock for the fiscal 2011-2013 and the fiscal 2012-2014 performance periods.
- (4) These numbers relate to SARs granted on December 2, 2011 that vest over the three-year period referenced in footnote (1) above.
- (5) These numbers relate to SARs granted on November 17, 2010 that vest over the three-year period referenced in footnote (1) above.
- (6) These numbers relate to SARs granted on November 18, 2009 that vest over the three-year period referenced in footnote (1) above.

Table of Contents**Option Exercises and Stock Vested**

The following table sets forth certain information regarding the value realized by each named executive officer during fiscal 2012 upon the exercise of SARs/stock options and the vesting of restricted stock and LTIP awards.

T. L. Harris	16,062	933,299	11,421	650,838

- (1) The amounts in column (b) represent the total number of SARs exercised or the gross number of shares acquired on exercise of options. The amounts in column (c) represent the value realized on exercise.
- (2) For Messrs. O Brien and Panichella, the amounts in column (d) represent only the shares of Ashland Common Stock received in settlement of the fiscal 2009-2011 LTIP award. The dollar amounts in column (e) represent the value of the fiscal 2009-2011 LTIP award (computed by multiplying the number of shares awarded by \$55.56, the closing price of Ashland Common Stock as reported on the NYSE on December 2, 2011, the date the P&C Committee approved the payment). The weighted score for the 2009-2011 LTIP was 119.65%. For Mr. Chambers, the amount in column (d) includes 9,000 shares of restricted Ashland Common Stock which vested on May 14, 2012, and 12,923 shares of Ashland Common Stock received in settlement of the fiscal 2009-2011 LTIP award. The dollar amount in column (e) includes \$589,770 for the restricted shares which vested on May 14, 2012 based on the closing price of \$65.53 of Ashland Common Stock as reported on the NYSE on that date, and \$718,002 for the fiscal 2009-2011 LTIP award (computed as described above).
- For Mr. Harris, the amount in column (d) includes 1,250 shares of restricted Ashland Common Stock which vested on July 15, 2012, and 10,171 shares of Ashland Common Stock received in settlement of the fiscal 2009-2011 LTIP award. The dollar amount in column (e) includes \$85,737 for the restricted shares which vested on July 15, 2012 based on the closing price of \$68.59 of Ashland Common Stock as reported on the NYSE on that date, and \$565,101 for the fiscal 2009-2011 LTIP award (computed as described above).

Table of Contents**Pension Benefits**

The following table shows the actuarial present value of the named executive officers (other than Peter J. Ganz) accumulated benefits under each of Ashland's qualified and non-qualified pension plans, calculated as of September 30, 2012. Mr. Ganz is not eligible to participate in the Pension Plan, the Excess Plans or the SERP (as defined in footnote 1). Mr. Ganz joined Ashland in July 2011, and these plans were closed to new participants on January 1, 2011.

- (1) The Ashland Hercules Pension Plan (the Pension Plan) is a tax-qualified plan under §401(a) of the Code. The Ashland Inc. Excess Benefit Pension Plan (the Ashland Excess Plan) and the Hercules Inc. Employee Pension Restoration Plan (the Hercules Excess Plan) and together with the Ashland Excess Plan, the Excess Plans) are non-qualified plans that are coordinated with the tax-qualified plan. The Ashland Inc. Supplemental Early Retirement Plan for Certain Employees (the SERP) is a non-qualified plan. The material terms of each of these plans are described in the narrative below.

Table of Contents

- (2) The maximum number of years of credited service under the SERP is 20 years. The number of years of service for the SERP is measured from the date of hire. The number of years of service under the Pension Plan and the Excess Plans is measured from the date the named executive officer began participating in the Pension Plan.

Assumptions

The present values of the accumulated benefits were calculated as of September 30, 2012 based on the earliest age a participant could receive an unreduced benefit. For Messrs. O'Brien, Chambers and Panichella, age 62 is the earliest age that an unreduced benefit is available under the qualified Pension Plan and the applicable non-qualified Excess Plan because their benefits are calculated under the traditional annuity pension formula. For Mr. Harris, age 55 is the earliest age he may receive unreduced benefits under the qualified Pension Plan and the non-qualified Ashland Excess Plan because his qualified Pension Plan benefits are calculated under the cash balance pension formula. Messrs. O'Brien and Chambers are currently eligible to receive a reduced benefit because they are 55 or older. The programs were closed to new participants on January 1, 2011.

Messrs. O'Brien and Chambers have a benefit in Ashland's qualified LESOP. The LESOP was completely allocated on March 31, 1996 and no additional benefits are accruing. The LESOP and the qualified Pension Plan are in a floor-offset arrangement. The value of the shares allocated to a participant's LESOP offset account reduces the value of the participant's Pension Plan benefit. A participant may elect to transfer his or her LESOP offset account to the Pension Plan at the time of his or her termination in order to receive an unreduced Pension Plan benefit. The calculations in the Pension Benefits table assume that the named executive officers with a LESOP benefit elect to transfer their LESOP offset accounts to the Pension Plan.

The SERP provides an umbrella (or gross) benefit that is subject to certain reductions. The amount in the Pension Benefits table for the SERP benefit for applicable named executive officer is the net benefit under that plan, after applicable reductions. The reductions referred to in this paragraph are described in the Ashland Inc. Supplemental Early Retirement Plan for Certain Employees (SERP) section below.

Under the SERP, the earliest age a named executive officer could receive an unreduced benefit is the earlier of age 55 or when the sum of the named executive officer's age and service equals at least 80, provided that the officer has at least 20 years of service under the plan. Messrs. O'Brien and Chambers are the only named executive officers that have at least 20 years of service.

The valuation method and all material assumptions applied in quantifying the present value of the accumulated benefit are incorporated by reference from Note M to the Notes to Consolidated Financial Statements in the 2012 Form 10-K.

Ashland Hercules Pension Plan (Pension Plan)

The Pension Plan is a tax-qualified defined benefit pension plan under Code §401(a). The Pension Plan provides retirement income for eligible participants. Beginning in January 2011, the Pension Plan was closed to new participants and to additional credits in the retirement growth account.

The Pension Plan has two benefit formulas—a traditional formula, referred to as the annuity benefit, and a cash balance formula, referred to as the retirement growth account. The traditional formula produces an annuity benefit at retirement based on a percentage of final average compensation multiplied by years of plan service (see the description in the Traditional Benefit/Annuity Formula section below). The cash balance formula produces a hypothetical account balance based on the sum of contribution credits and interest on those contribution credits (see the description in the Retirement Growth Account Benefit/Cash Balance Formula below). In general, participants who were actively employed on June 30, 2003 with at least 10 years of service remained in the

Table of Contents

annuity benefit formula. All other participants moved to the retirement growth account formula. The formula under which a participant's benefit is computed is a matter of plan design and not participant election.

If a participant has a benefit payable from the LESOP, then the participant's LESOP offset account reduces the amount payable to the participant, regardless of the formula under which the participant's benefit is paid. At termination from employment, the participant may elect to transfer the LESOP offset account to the Pension Plan and receive an unreduced Pension Plan benefit.

Years of service in addition to what is actually incurred under the Pension Plan cannot be granted. However, in the case of an acquisition, prior service with the acquired business is often counted for purposes of vesting and eligibility, but not for purposes of benefit accrual under the annuity benefit formula. These same rules apply equally to the Excess Plans.

Traditional Benefit/Annuity Formula

Under this formula, for certain highly compensated employees, compensation only includes base compensation, up to the maximum allowed under Code §401(a)(17). For all other participants, compensation includes bonus amounts. This applies to both the annuity formula and the cash balance formula. The final average compensation formula is the average for a 48 consecutive month period producing the highest average for the last 120 months of credited service. For participants who were employees of Hercules prior to the acquisition, the final average compensation is the average for the 60 consecutive month period producing the highest average for the last 120 months of credited service.

The annual annuity benefit formula is:

$$(1.08\% \times \text{final average compensation up to } \$10,700) + (1.5\% \times \text{final average compensation exceeding } \$10,700) \\ \times \\ (\text{years of credited service, which means years as a participant in the plan up to a maximum of 35 years})$$

For participants who were employees of Hercules prior to the acquisition, the annual annuity benefit formula is:

$$(1.2\% \times \text{final average compensation up to } \$53,400) + (1.6\% \times \text{final average compensation exceeding } \$53,400) \\ \times \\ (\text{years of credited service})$$

The normal form of benefit payment under the annuity benefit is a single life annuity. However, as required by federal law, the normal form of benefit for a married participant is a joint and survivor annuity, unless the spouse consents to a different benefit distribution. A participant may also elect a non-spousal joint and survivor annuity or a 10-year term certain annuity. All payment forms are actuarially equivalent.

The normal retirement age is 65, but an unreduced benefit is paid for retirement at age 62. A participant may retire early once the participant is either at least age 55 or when the sum of the participant's age and service equals at least 80.

Retirement Growth Account Benefit/Cash Balance Formula

Under this formula, contribution credits are accumulated in a notional account. Interest credits are allocated to each participant's account monthly. The interest rate is from a minimum of 4.0% to a maximum of 7.0% and is set at the beginning of each plan year. The interest rate for fiscal 2012 was 4.0%.

Table of Contents

The accrued benefit under this formula is the balance in the retirement growth account. The benefit is payable in the same forms that apply to the annuity benefit formula or may be paid as a single lump sum.

The normal retirement age under the retirement growth account formula is also age 65. The earliest that a participant can receive an unreduced benefit is at age 55 with at least five years of service.

Non-Qualified Excess Benefit Pension Plans (Excess Plans) and Non-Qualified Defined Contribution Plan

The Excess Plans are unfunded, non-qualified plans of deferred compensation providing a benefit payable, based on the applicable named executive officer's pension plan eligibility, equal to the difference between the benefit under the Pension Plan in the absence of the Code limits (the gross benefit) and the actual benefit that would be payable under the Pension Plan.

The Excess Plans cover employees (i) who are eligible for the Pension Plan and whose benefit under the Pension Plan is limited because of either Code §401(a)(17) or §415(b) and (ii) who are not terminated for cause as defined in the Excess Plans. For purposes of computing the Excess Plans' benefits, a participant's compensation is defined the same as it is for the Pension Plan. However, the limits on the compensation under the Pension Plan that are imposed by the Code do not apply under the Excess Plans.

The benefit under the Excess Plans is payable in a lump sum and may be transferred to the Employees' Deferral Plan. A benefit payable to a named executive officer and certain other highly compensated participants cannot be paid for six months following separation from service. All named executive officers, except Mr. Ganz, participate in an Excess Plan.

Mr. Ganz participates in the Non-Qualified Defined Contribution plan (the NQDC Plan). The NQDC Plan provides a contribution equivalent to the company match on annual incentive compensation not permitted in the qualified 401(k) plan. The account balance may be invested in the mutual funds available in the Employees' Deferral Plan (described on page 64). The benefit payable under the NQDC Plan will be made in installments or as a lump sum based on distribution elections. Named executive officers and certain other highly compensated participants cannot begin to receive distributions for six months following separation from service.

Ashland Inc. Supplemental Early Retirement Plan for Certain Employees (SERP)

The SERP is an unfunded, non-qualified plan of deferred compensation and covers a select group of highly compensated employees. Beginning January 1, 2011, the eligibility for this program was restricted to only highly compensated employees participating in the Pension Plan on December 31, 2010. Employees who would have otherwise been eligible to participate in the SERP will now participate only in the NQDC Plan.

The SERP benefit formula covering the applicable named executive officers and certain other highly compensated participants provides a benefit of 25% of final average compensation multiplied by the participant's years of service up to 20 years. For this purpose, the final average compensation formula is total compensation (base plus incentive compensation) for the 48 months out of the 96 months before retirement that produces the highest average.

The applicable named executive officers may retire on the earlier of age 55 with three years of service or when the sum of the executive's age and service equals at least 80. The benefit produced by the above described formula is subject to proportionate reduction for each year of service credited to the participant that is less than 20 years of service. Additionally, the benefit is reduced by the sum of the following:

The participant's qualified Pension Plan benefit (assuming the LESOP offset account is transferred to the Pension Plan);

Table of Contents

The participant's Excess Plans benefit; and

50% of any shares of Ashland Common Stock that could not be allocated to the participant's account in the LESOP due to Code limits. Messrs. O'Brien and Chambers are eligible to retire and commence their SERP benefits. SERP benefits become vested upon attaining three years of service. Messrs. Panichella and Harris are vested in the SERP, but they are not retirement eligible.

The SERP benefit is payable in a lump sum and may be transferred to the Employees' Deferral Plan. Distributions to the applicable named executive officers and certain other highly compensated participants cannot begin until six months after separation from service.

The SERP contains a non-compete provision. Any executive who, within a period of five years after his or her termination of employment, accepts a consulting or employment engagement that is in direct and substantial conflict with the business of Ashland will be deemed to have breached the SERP provisions. A breach in the SERP provisions requires the executive to reimburse Ashland for any distributed benefits and to forfeit benefits that have not yet been paid under the plan.

Ordinarily, years of service in addition to what is actually incurred are not granted. However, in the case of an acquisition, prior service with the acquired business is counted for purposes of vesting but not for calculating benefits under the SERP.

- (1) The contributions for Mr. Chambers in column (b) relate to payment of fiscal 2011 incentive compensation paid in December 2011, which was included in prior Summary Compensation Tables, and for compensation paid in December 2011 related to the 2009-2011 LTIP payment. The contributions for Mr. Harris included in column (b) are also included in column (c) of the Summary Compensation Table in this proxy statement.
- (2) Aggregate earnings are comprised of interest, dividends, capital gains and appreciation/depreciation of investment results. These earnings are not included in the Summary Compensation Table in this proxy statement.

Ashland Inc. Employees Deferral Plan

The Employees Deferral Plan is an unfunded, non-qualified deferred compensation plan for a select group of highly compensated employees. Participants may elect to have up to 50% of base pay and up to 100% of their incentive compensation and/or LTIP awards contributed to the plan. Elections to defer compensation must be made before the period for which the service relating to the particular kind of compensation is incurred.

Participants elect how to invest their account balances from among a diverse set of mutual fund offerings and a hypothetical Ashland Common Stock fund. No guaranteed interest or earnings are available and there are no above market rates of return on investments in the plan. Beginning October 1, 2000, investments in Ashland Common Stock units must remain so invested and must be distributed as Ashland Common Stock. In all other events, participants may freely elect to change their investments. Withdrawals are allowed for an unforeseeable emergency (single sum payment sufficient to meet the emergency), disability (lump sum payment), upon separation from employment (payable as lump sum or installments per election) and at a specified time (paid as single sum). In addition, for pre-2005 contributions, participants may elect to have withdrawals paid in a lump sum (subject to a penalty of up to 10%).

Table of Contents**Potential Payments upon Termination or Change in Control**

The following table summarizes the estimated amounts payable to each named executive officer in the event of a termination from employment or change in control as of September 30, 2012. A narrative description follows the table. Different termination events are identified in columns (b)-(g). Column (a) enumerates the types of potential payments for each named executive officer. As applicable, each payment or benefit is estimated across the table under the appropriate column or columns.

These estimates are based on the assumption that the various triggering events occur on September 30, 2012, the last day of the 2012 fiscal year. Other material assumptions used in calculating the estimated compensation and benefits under each triggering event are noted below. The actual amounts that would be paid to a named executive officer upon certain terminations of employment or upon a change in control can only be determined at the time an actual triggering event occurs.

(1) A change in control without termination results in unvested SARs becoming immediately vested. See the Outstanding Equity Awards at Fiscal Year-End table in this proxy statement for the number of SARs outstanding for each named executive officer.

- (2) The LTIP amounts identified in all of the columns except for column (g) are based on the actual results for the fiscal 2010-2012 performance period and pro-rata payments of the LTIPs for the fiscal 2011-2013 and fiscal 2012-2014 performance periods at their respective targets. If one of the events represented by columns (b), (c) or (e) occurred, the pro-rata payments would be based on actual results, rather than target. However,

Table of Contents

pursuant to the executive change in control agreement, in the event of a change in control without termination as of September 30, 2012 as reported in column (f), the calculation would be based on the actual results for the fiscal 2010-2012 performance period and the pro-rata target payment for the fiscal 2011-2013 and fiscal 2012-2014 performance periods. The amount identified in column (g) of this table for each named executive officer represents the LTIP units that are outstanding being paid at target, reduced by the amount the executive would receive as a result of a change in control identified in column (f).

- (3) The amounts identified in the Incentive Compensation row of columns (b), (c) and (e) represent a payment of the fiscal 2012 annual incentive compensation based on actual results for the entire performance period pursuant to the change in control agreement. A change in control results in the payment of the annual incentive compensation based on target goals through the date of the change in control, and the annual incentive compensation remains outstanding subject to appropriate adjustments to reflect the transaction. The amounts identified in the Incentive Compensation row of column (f) reflect this payment, based on actual results for the fiscal year.
- (4) Section 280G of the Code applies if there is a change in control of Ashland, compensation is paid to a named executive officer as a result of the change in control (parachute payments), and the present value of the parachute payments is 300% or more of the executive's base amount, which equals the average W-2 income for the five-calendar-year period immediately preceding the change in control (e.g., 2008-2012 if the change in control occurs in 2013). If Section 280G applies, then the named executive officer is subject to an excise tax equal to 20% of the amount of the parachute payments in excess of the base amount (the excess parachute payments), in addition to income and employment taxes. Moreover, Ashland is denied a federal income tax deduction for the excess parachute payments. The amounts in the 280G Excise Tax Gross-Up row of columns (f) and (g) reflect a tax gross-up for the excise and related taxes, as required under the terms of the executive change in control agreements described below. The amounts are merely estimates based on the following assumptions: (i) an excise tax rate of 20% and a combined federal, state and local income and employment tax rate of 43%, (ii) a discount rate of 0.25%, and (iii) no amounts were allocated to the non-solicitation or non-competition covenants contained in the executive change in control agreements.
- (5) The present value of each applicable named executive officer's total retirement benefits as of September 30, 2012 (absent a change in control) is in the Pension Benefits table to this proxy statement. The account balances for each named executive officer as of September 30, 2012 in the Employees' Deferral Plan are identified in the Non-Qualified Deferred Compensation table to this proxy statement.

A change in control results in an additional three years of age and service being credited to the calculation of each named executive officer's benefit under the SERP. The present value of this incremental additional benefit is identified in the Present Value of Retirement Benefits row of this table in column (f) for the applicable named executive officer. Messrs. O'Brien, Chambers and Panichella gain no incremental additional benefit under the SERP. Mr. Harris gains a benefit from the additional age and service because (1) he has less than the 20 years necessary for a full SERP benefit, therefore, the additional service brings him closer to a full SERP benefit; (2) the change in control makes it possible that he will be eligible for immediate retirement in the event of termination without cause or for good reason, thereby eliminating any discount; and (3) the additional age and service does not apply to the calculation of the Pension Plan and Excess Plans benefits. Mr. Ganz is not eligible to participate in the Pension Plan, the Excess Plans or the SERP.

- (6) For purposes of column (c), it is assumed that the named executive officer incurred a disabling event on September 30, 2012. The amounts in the Welfare Benefit row for column (c) represent the present value of the disability payments available under a supplemental Long Term Disability Plan for the incremental benefit above what would be payable under the generally available Long Term Disability Plan. No pre-retirement mortality assumption applies and the interest rate used is 8.01%. Subject to coordination with other income received while disabled, the Long Term Disability Plan provides a benefit equal to 60% of base compensation. The compensation covered by the plan is limited in 2012 to \$10,000 per month. If the

Table of Contents

named executive officer died, his beneficiaries would receive the same accelerated vesting of the LTIP award as the named executive officer would in the event of disability. The named executive officers also participate in a group variable universal life plan (GVUL) that is available to certain highly compensated employees. In the event of death, the executive receives the same benefits as identified with regard to disability in addition to the face amount of the policy plus their own invested amounts. For Messrs. O'Brien, Chambers, Ganz, Panichella and Harris, respectively, the death benefits as of September 30, 2012 would be: \$1,000,000, \$1,049,500, \$500,000, \$500,000 and \$2,230,400, respectively.

- (7) Ashland does not maintain any plans or arrangements that would provide additional or enhanced benefits to the named executive officers solely as a result of a voluntary termination.
- (8) The requirements for retirement and receiving benefits under the retirement plans are described under the Pension Benefits table to this proxy statement.
- (9) Under the Employees' Deferral Plan, in an event of a change in control, the named executive officers will receive an automatic lump sum distribution of the benefit for deferrals made before January 1, 2005. Deferrals made on or after January 1, 2005 will not be automatically distributed upon a change in control, but rather will be distributed pursuant to each employee's election and valued at the time of the distribution. To the extent that an executive's account is invested in hypothetical shares of Ashland Common Stock, those shares would be valued at the highest price for which Ashland Common Stock closed during the 30 days preceding the change in control.

Severance Pay Plan

The named executive officers are covered by the Severance Pay Plan that provides benefits in the event of a covered termination from employment in absence of a change in control. A termination for which benefits under the plan will be considered include those directly resulting from the permanent closing of a facility, job discontinuance, or other termination at Ashland's initiative for which Ashland elects to provide benefits. Certain terminations are excluded from coverage by the Severance Pay Plan (for example, refusal to sign a severance agreement and release; discharge for less than effective performance, absenteeism or misconduct; or voluntary resignation).

In order for any executive to receive benefits and compensation payable under the Severance Pay Plan, the executive must agree to a general release of liability which relates to the period of employment or termination. In addition, the executive must agree to refrain from engaging in competitive activity against Ashland and refrain from soliciting persons working for Ashland, soliciting customers of Ashland or otherwise interfering with Ashland's business for a period of 24 months following the termination. The executive must also agree not to disclose Ashland's confidential information.

The benefit payable under the Severance Pay Plan to the Chief Executive Officer is 104 weeks of base pay and for all other named executive officers is 78 weeks of base pay. Payments will be made as payroll continuation in bi-weekly increments if the executive is retirement eligible (or would be at the end of the payroll continuation period). If the executive is not retirement eligible or paying the benefit as payroll continuation will not make the executive retirement eligible, the benefit is paid as a lump sum. Payment of such amounts may be subject to a six-month deferral in order to comply with §409A of the Code.

Any executive who receives payroll continuation may also remain in the medical, dental, vision, group life and pension plans for the executive's benefit continuation period. The benefit continuation period in that case is two weeks for each completed year of service, with a maximum of 52 weeks. Any executive who receives a lump sum severance benefit will be eligible to elect COBRA continuation of coverage at active employee rates for a period of three months.

Executive Change in Control Agreements

The named executive officers and certain other executives have change in control agreements with Ashland. These agreements describe the payments and benefits to which an executive is entitled if terminated after a change in control of Ashland.

If within two years after a change in control (see the Definitions section below) an executive's employment is terminated without cause or the executive terminates employment for good reason (see the Definitions section below), the executive is entitled to the following:

For the Chief Executive Officer, payment of three times the sum of his highest annual base compensation and highest target percentage annual incentive compensation in respect of the prior three fiscal years preceding the fiscal year in which the termination occurs in a lump sum paid in the seventh month following termination;

For the other named executive officers, payment of two times the sum of his highest annual base compensation and highest target percentage annual incentive compensation in respect of the prior three fiscal years preceding the fiscal year in which the termination occurs in a lump sum paid in the seventh month following termination;

Continued participation in Ashland's medical, dental and group life plans through December 31 of the second calendar year following the calendar year in which the executive was terminated;

Full payment at target in cash of any LTIP awards existing at the executive's termination (less any amounts already paid under the LTIP plan because of the change in control);

Payment in cash of all prior existing incentive compensation not already paid and pro-rata payment of any incentive compensation for the fiscal year in which the executive terminates at target level;

Outplacement services and financial planning services for one year after termination;

Payment of all unused, earned and accrued vacation in a lump sum in the seventh month following termination; and

Immediate vesting of all outstanding restricted stock, stock options and SARs.

As a condition to receiving the benefits and compensation payable under the agreement, each executive has agreed for a period of 24 months following the termination, absent prior written consent of Ashland's General Counsel, to refrain from engaging in competitive activity against Ashland; and to refrain from soliciting persons working for Ashland, soliciting customers of Ashland or otherwise interfering with Ashland's business relationships. Pursuant to the agreement, each executive has also agreed not to disclose confidential information. If an executive breaches the agreement, Ashland has the right to recover benefits that have been paid to the executive. Finally, an executive may recover legal fees and expenses incurred as a result of Ashland's unsuccessful legal challenge to the agreement or the executive's interpretation of the agreement.

In addition, each agreement with a named executive officer entered into prior to August 2009 provides a gross-up for excise and related taxes in the event (and to the extent) the severance compensation and other payments or distributions to a named executive officer, whether pursuant to an employment agreement, stock option, SAR, restricted stock, LTIP award or otherwise would constitute excess parachute payments, as defined in Section 280G of the Code. In the event the aggregate parachute value of all severance and other change in control payments to the named executive officer does not exceed the greater of (i) the maximum amount that may be paid under Section 280G of the Code without the imposition of an excise tax plus \$50,000; or (ii) 110% of such maximum amount, the named executive officer's payments under the agreement will be reduced to the extent necessary to avoid imposition of the excise tax on excess parachute payments.

Table of Contents

Change in control agreements entered into with executives after July 2009 do not include a provision for the gross-up of excise and related taxes.

Definitions

Cause is any of the following:

Willfully failing to substantially perform duties after a written demand for such performance (except in the case of disability);

Willfully engaging in gross misconduct demonstrably injurious to Ashland after a written request to cease such misconduct; or

Conviction or plea of *nolo contendere* for a felony involving moral turpitude.

To be terminated for cause, the Board of Directors must pass a resolution by three quarters vote finding that the termination is for cause.

Good reason includes any of the following that occurs after a change in control:

Adverse change in position, duties or responsibilities;

Reduction to base salary;

Failure to continue incentive plans, whether cash or equity, or any other plan or arrangement to receive Ashland securities; or

Material breach of the executive change in control agreement or a failure to assume such agreement.

Change in control is a complex definition, but may be summarized to include any of the following:

The consolidation or merger of Ashland into an unrelated entity in which the former Ashland shareholders own less than 50% of the outstanding shares of the new entity, except for a merger under which the shareholders before the merger have substantially the same proportionate ownership of shares in the entity immediately after the merger;

The sale, lease, exchange or other transfer of 80% or more of Ashland's assets;

A shareholder approved liquidation or dissolution;

The acquisition of 25% or more of the outstanding shares of Ashland by an unrelated person without approval of the Board; or

Changes to Ashland's Board during two consecutive years that result in a majority of the Board changing from its membership at the start of such two consecutive year period, unless two-thirds of the remaining Directors at the start of such two consecutive year period voted to approve such changes.

Table of Contents**SARs/Stock Options, Incentive Compensation, Restricted Stock and LTIPs**

The following table summarizes what may happen to SARs, stock options, incentive compensation, restricted stock and LTIP grants upon termination from employment; death; disability or retirement; or in the event of a change in control.

	Termination from Employment*	Death, Disability or Retirement*	Change in Control
SARs/Stock Options	Termination within one year of grant results in forfeiture; otherwise lesser of 30 days or the exercise period within which to exercise the vested SARs/stock options	May exercise during the remainder of the exercise period	Immediately vest
Incentive Compensation	In general, termination before payment results in forfeiture. Pro-rata payment based on actual achievement for entire performance period if terminated prior to a change in control without cause	Pro-rata payment based on actual achievement for entire performance period	Accelerate the performance period and pay based on actual achievement through the date of the change in control
Restricted Stock	Termination before vesting results in forfeiture	Occurrence of event before payment results in forfeiture	Immediately vest
LTIP	In general, termination before payment results in forfeiture. Pro-rata payment based on actual achievement for entire performance period if terminated prior to a change in control without cause	Pro-rata payment based on actual achievement for entire performance period	Accelerate the performance period and pay based on actual achievement for the period through the date of the change in control

* P&C Committee has discretion to accelerate vesting of these benefits.

For purposes of the above table, the term change in control is defined in the applicable plan and has substantially the same meaning as it does in the executive change in control agreements.

SERP, Excess Plans, Qualified Pension Plan and Employees Deferral Plan

For payments and benefits under the SERP, the Excess Plans and the qualified Pension Plan, except in the event of a change in control, see the Pension Benefits table and the narrative thereunder in this proxy statement. For payments and benefits under the Employees Deferral Plan, except in the event of a change in control, see the Non-Qualified Deferred Compensation table and the narrative thereunder in this proxy statement.

Table of Contents

The SERP contains a non-compete provision. Any executive who, within a period of five years after his or her termination of employment, accepts a consulting or employment engagement that is in direct and substantial conflict with the business of Ashland will be deemed to have breached the SERP provisions. A breach of the SERP provisions requires the executive to reimburse Ashland for any distributed benefits and to forfeit benefits that have not yet been paid under the plan.

After a Change in Control

The term "change in control" is defined in the applicable plan and has substantially the same meaning as it does in the executive change in control agreements.

The occurrence of a change in control under the SERP for the applicable named executive officers has the following consequences:

Accelerates vesting;

Nullifies the non-compete;

Distributes benefits upon a participant's termination from employment without cause or resignation for good reason; and

Adds three years to age and service computation.

For the qualified Pension Plan and the Excess Plans, no enhanced benefit results from a change in control. Under the Employees' Deferral Plan, a change in control results in an automatic lump sum distribution of the benefit for deferrals made before January 1, 2005. Deferrals made on and after January 1, 2005 will not be automatically distributed upon a change in control, but rather will be distributed pursuant to each employee's election and valued at the time of the distribution.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of five independent directors and operates under a written charter adopted by the Board of Directors. At its November 2012 meeting, the Board determined that all current Audit Committee members Messrs. Cummins, Manager, Rohr and Schaefer, and Ms. Ligocki are independent as defined by SEC rules, the listing standards of the New York Stock Exchange, which apply to Ashland, and Ashland's Standards. The Board also determined that each member of the Audit Committee is an audit committee financial expert as defined by SEC rules.

The Audit Committee assists in fulfilling the oversight responsibilities of the Board relating to the integrity of the Company's financial statements and financial reporting process, the integrity of the Company's systems of internal accounting and financial controls, the performance of the Company's internal audit function and independent auditors, the independent auditors' qualifications, independence and audit of the Company's financial statements, the Company's risk management policies and processes, the Company's financial affairs, and legal and regulatory compliance requirements. During fiscal 2012, the Audit Committee met eleven times, including teleconferences to discuss and review Ashland's quarterly financial performance, associated news releases and quarterly reports on Form 10-Q.

The Company's management has primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. The independent auditors are responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on management's assessment of the effectiveness of the Company's internal control over financial reporting.

PricewaterhouseCoopers LLP (PwC), an independent registered public accounting firm, was engaged to audit Ashland's consolidated financial statements for fiscal 2012 and to issue an opinion on whether such statements present fairly, in all material respects, Ashland's consolidated financial position, results of operations and cash flows in conformity with U.S. generally accepted accounting principles. PwC was also engaged to audit and to issue an opinion on the effectiveness of Ashland's internal control over financial reporting. Prior to any engagement of PwC by Ashland, the engagement was approved in accordance with established policies and procedures. The Audit Committee reviewed and discussed with management and PwC the audited financial statements, management's assessment of the effectiveness of Ashland's internal control over financial reporting and PwC's evaluation of Ashland's internal control over financial reporting. The Audit Committee further reviewed PwC's judgment as to the quality and acceptability of Ashland's accounting principles, financial reporting process and controls and such other matters as are required to be discussed with the Audit Committee under the standards of the Public Company Accounting Oversight Board (United States) (the PCAOB). In addition, the Audit Committee received and reviewed PwC's independence from management and Ashland including the matters in the written disclosures required by the PCAOB.

In addition, the Audit Committee has adopted strict guidelines on the use of the independent registered public accounting firm to provide non-audit services. The Audit Committee must pre-approve any non-audit services performed by the independent registered public accounting firm. In fiscal 2012, approval was sought and granted to PwC to perform certain non-audit related services. The Audit Committee has considered whether the provision of audit-related and other non-audit services by PwC is compatible with maintaining PwC's independence and has concluded that PwC's independence is not compromised by providing such services.

The Audit Committee recognizes that circumstances may arise that require the engagement of independent auditors to perform work beyond the scope of and not contemplated in the original pre-approval for audit related services in a fiscal year. In these instances, specific pre-approval of the additional services and the budget therefore is required of management or the Audit Committee Chair prior to the engagement of the independent auditors for those services and subsequently by the Audit Committee at its next meeting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that Ashland's consolidated financial statements be accepted for inclusion in its Annual Report on Form 10-K for the year ended September 30, 2012, for filing with the SEC.

The Audit Committee report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other filing under the Securities Act of 1933, or the Securities Exchange Act of 1934, except to the extent that Ashland specifically incorporates the audit committee report by reference therein.

APPROVAL OF AN AMENDMENT TO THE 2011 ASHLAND INC. INCENTIVE PLAN TO INCREASE THE AGGREGATE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE PLAN BY 2,000,000 SHARES AND TO MAKE CERTAIN OTHER AMENDMENTS INCLUDED THEREIN

Item 3

Overview and Proposed Amendment. Ashland currently provides equity-based awards pursuant to the 2011 Ashland Inc. Incentive Plan (the 2011 Incentive Plan). The 2011 Incentive Plan is intended to promote the interests of Ashland and its shareholders by offering both annual and long-term incentives to those employees who will be largely responsible for the long-term profitable growth of Ashland. In addition, the Board of Directors believes that the 2011 Incentive Plan encourages those employees to remain with Ashland and encourages qualified persons to seek and accept employment with Ashland. The 2011 Incentive Plan also provides an incentive for qualified persons, who are not officers or employees of Ashland, to serve on the Board of Directors of Ashland and to continue to work for the best interests of Ashland. To achieve this purpose, the 2011 Incentive Plan allows the flexibility to grant or award stock options, stock appreciation rights, restricted stock, restricted stock units, incentive awards, performance unit or LTIP awards and merit awards. As of September 30, 2012, there were 1,061,366 shares of common stock available for future grants under the 2011 Incentive Plan.

The Board believes that Ashland's ability to attract, retain and motivate quality officers, employees and directors is vital to its success. The Board also believes that the interests of Ashland and its shareholders will be advanced if it can continue to offer such officers, employees and directors the opportunity to acquire or increase their proprietary interests in Ashland by receiving awards under the 2011 Incentive Plan.

Accordingly, in November 2012 the P&C Committee and the Board of Directors approved an amendment to the 2011 Incentive Plan (the Amendment), subject to shareholder approval, to increase the number of shares of common stock available for issuance under the 2011 Incentive Plan and to make certain other amendments in connection therewith. Specifically, the Amendment would provide for the following changes to the 2011 Incentive Plan (initially capitalized terms are defined in the 2011 Incentive Plan):

The number of shares of common stock available for issuance under the 2011 Incentive Plan would be increased by 2,000,000 shares to 4,000,000 shares total.

For purposes of counting the number of shares available to be issued under the 2011 Incentive Plan, full value awards (i.e., awards settled in stock other than Options and Stock Appreciation Rights) that are granted on or after the 2013 Annual Meeting will be counted against the share reserve on a 2.2 for 1 basis.

Dividends and dividend equivalents for Restricted Stock, Restricted Stock Unit Awards, Incentive Awards, Performance Unit Awards and Merit Awards that vest based on Performance Goals will be accumulated until those Awards are earned, and such dividends and dividend equivalents will not be paid if the Performance Goals are not satisfied.

No Awards may be granted under the 2011 Incentive Plan after the tenth anniversary of the date the Board of Directors voted to amend the plan (November 14, 2022), or an earlier date as determined by the Board.

This summary of the Amendment is qualified in its entirety by reference to the full text of the Amendment attached as Appendix A to this proxy statement.

The Amendment will be approved if the votes cast in its favor exceed the votes cast against it. Abstentions are not counted as votes cast either for or against the proposal.

If no voting specification is made on a properly returned or voted proxy card, James J. O'Brien or Peter J. Ganz (proxies named on the proxy card) will vote FOR the approval of the Amendment.

Table of Contents

The Board of Directors recommends a vote FOR the approval of the Amendment to the 2011 Ashland Inc. Incentive Plan.

Summary of 2011 Incentive Plan. The 2011 Incentive Plan was approved by Ashland's shareholders at its 2011 Annual Meeting. The principal features of the 2011 Incentive Plan, as amended by the Amendment, are summarized below. This summary is qualified in its entirety by reference to the 2011 Incentive Plan attached hereto as Appendix B and the Amendment.

Eligibility, Awards, Performance Goals and Administration. The 2011 Incentive Plan authorizes the grant of equity-based awards (Awards) to officers and employees in the form of: stock options (Options or Option Awards), stock appreciation rights (SARs or SAR Awards), restricted stock (Restricted Stock or Restricted Stock Awards), restricted stock units (RSUs or Restricted Stock Unit Awards), incentive awards (Incentive Awards), performance unit or LTIP awards (Performance Unit Awards) and merit awards (Merit Awards). Directors may also be granted Awards, provided that they may not be granted Incentive Stock Options (ISOs), Incentive Awards, Performance Awards or Merit Awards.

Awards under the 2011 Incentive Plan may only be granted to regular, full-time or part-time employees of the Company or any of its subsidiaries (Participants) and directors who are not employees (Outside Directors, and together with Participants referred to herein from time to time as Recipients). All non-employee directors and approximately 320 employees will continue to be eligible to participate in the 2011 Incentive Plan.

Certain Awards are based on the attainment of Performance Goals, which means performance goals as may be established in writing by the P&C Committee. Such goals may be absolute in their terms or measured against or in relation to other companies comparably or otherwise situated. Such Performance Goals may be particular to a Participant or the subsidiary, division or other unit of the Company in which the Participant works and/or may be based on the performance of the Company generally. The Performance Goals applicable to any Award that is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code shall be based on one or more of the following criteria: earnings, stock price, return on equity, return on investment, total return to shareholders, economic profit, debt rating, operating income, cash flows, cost targets, return on assets or margins.

The P&C Committee has the exclusive authority to administer the 2011 Incentive Plan for Participants. The G&N Committee has the exclusive authority to administer the 2011 Incentive Plan for Outside Directors. (The P&C Committee and the G&N Committee are collectively referred to from time to time as the Committees).

Shares Subject to the 2011 Incentive Plan. Subject to shareholder approval of the Amendment, there will be reserved for issuance under the 2011 Incentive Plan an aggregate of 4,000,000 shares of Ashland Common Stock, any or all of which may be delivered with respect to SARs, ISOs or non-qualified stock option awards (NQSOs). For purposes of counting the number of shares available to be issued under the 2011 Incentive Plan, full value awards (i.e., awards settled in stock other than Options and Stock Appreciation Rights) that are granted on or after the 2013 Annual Meeting will be counted against the share reserve on a 2.2 for 1 basis. The following limits apply with respect to Awards that are intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code: (i) the maximum aggregate number of shares of Ashland Common Stock that may be subject to Options or SARs granted in any calendar year to any one Participant will be 250,000 shares; and (ii) the maximum aggregate number of Restricted Stock Awards and shares of Ashland Common Stock issuable or deliverable under Restricted Stock Unit Awards granted in any calendar year to any one Participant will be 50,000 shares. The 2011 Incentive Plan provides for appropriate adjustments in the number of shares available in the event of changes in capitalization, including stock dividends and splits, or in the event of any distribution to common shareholders other than normal cash distributions.

Table of Contents

In the event that any Award is paid solely in cash, no shares will be deducted from the number of shares available for issuance under the 2011 Incentive Plan by reason of such Award. Shares of Ashland Common Stock subject to Awards that are forfeited, terminated, canceled or settled without the delivery of Ashland Common Stock under the 2011 Incentive Plan will again be available for Awards under the 2011 Incentive Plan, provided however, that the aggregate number of shares of Ashland Common Stock that may be issued under the 2011 Incentive Plan shall not be increased by: (i) shares of Ashland Common Stock tendered in full or partial payment of the exercise price of an Option, (ii) shares of Ashland Common Stock withheld by the Company or any subsidiary to satisfy a tax withholding obligation and (iii) shares of Ashland Common Stock that are repurchased by the Company with Option proceeds. Moreover, all shares of Ashland Common Stock covered by a SAR, to the extent that it is exercised and settled in shares, and whether or not shares are actually issued or delivered to the Recipient upon exercise of the SAR, shall be considered issued or delivered pursuant to the 2011 Incentive Plan.

2011 Incentive Plan Awards Generally.

A. Restricted Stock and Restricted Stock Unit Awards. Recipients may receive one or more Restricted Stock Awards or RSU Awards as the Committees may from time to time determine. Except as otherwise provided in an Award agreement (Award Agreement), upon a termination of employment or pursuant to a change in control, a Restricted Stock Award or RSU Award granted to a Participant shall have a minimum restricted period (the Restricted Period) of (i) one year in the case of restrictions that lapse based on the achievement of Performance Goals; and (ii) three years in the case of restrictions that lapse based solely on the passage of time, which period may, at the discretion of the P&C Committee, lapse on a pro-rated, graded or cliff basis; provided that in the P&C Committee's sole discretion, no more than five percent (5%) of the shares of Ashland Common Stock available for issuance as Restricted Stock Awards or pursuant to RSU Awards may have a Restricted Period of less than one year. The Restricted Period for each Restricted Stock Award or RSU Award to an Outside Director shall be set forth in the applicable Award Agreement; provided that in the G&N Committee's sole discretion, no more than five percent (5%) of the shares of Ashland Common Stock available for issuance as Restricted Stock Awards or pursuant to RSU Awards under the 2011 Incentive Plan may have a Restricted Period of less than one year. Upon a change in control, there shall be an acceleration of any Restricted Period relating to any Restricted Stock Award or any RSU Award, and such Awards shall be free of all other restrictions for the full number of awarded shares or RSUs less such number as may have been previously acquired.

Holders of Restricted Stock are entitled to all rights incident to ownership of Ashland Common Stock with respect to his or her Restricted Stock, including, but not limited to, the right to vote such shares of Restricted Stock and to receive dividends thereon when, as and if paid, as set forth in the applicable Award Agreement or as determined by the Committees, in their discretion; provided that dividends paid on Restricted Stock that vests based on the achievement of Performance Goals will be accumulated and paid only to the extent the Performance Goals are achieved. Each such grant of Restricted Stock may be made without additional consideration or in consideration of payment by such Recipient that is less than the fair market value per share of Ashland Common Stock at the date of grant. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered during a Restricted Period.

A Recipient who receives an RSU Award shall not have any rights as a shareholder with respect to the shares of Ashland Common Stock subject to such RSUs until such time, if any, that shares of Ashland Common Stock are delivered to a Recipient pursuant to the terms of the applicable Award Agreement. A Recipient of an RSU Award shall have such rights, if any, to dividend equivalents as are set forth in the applicable Award Agreement or as determined by the Committees, in their discretion; provided that dividends paid on dividend equivalents and RSUs that vest based on the achievement of Performance Goals will be accumulated and paid only to the extent the Performance Goals are achieved. Payment of earned Restricted Stock Units (and dividend equivalents, if applicable) may be made in one or more installments and may be made wholly in cash, wholly in shares of Ashland Common Stock or a combination thereof as determined by the Committees.

Table of Contents

Except as otherwise provided in the Agreement or as determined by the Committees, in the event that a Restricted Stock Award or RSU Award has been made to a Recipient whose employment or service as a director is subsequently terminated for any reason prior to the lapse of all restrictions thereon, such Restricted Stock or RSU shall be forfeited in its entirety by such Recipient.

B. Incentive Awards. Any Participant may receive one or more Incentive Awards, as the P&C Committee may from time to time determine. No later than 120 days (90 days for those Participants subject to the limitations of Code Section 162(m)) after the commencement of each performance period, the P&C Committee shall establish in writing one or more Performance Goals that must be reached by a Participant in order to receive an Incentive Award for such performance period. Except with respect to Participants subject to the limitations of Code Section 162(m), the P&C Committee shall have the discretion to later revise the Performance Goals and the amount to be paid out upon the attainment of such goals for any reason including the reflection of promotions, transfers or other changes in a Participant's employment so long as such changes are consistent with the Performance Goals established for other Participants in the same or similar positions. Performance Goals established for Participants subject to Code Section 162(m) may only be adjusted to reduce or eliminate the amount of compensation otherwise payable upon attainment of the Performance Goals.

The target Incentive Award shall be a fixed percentage of a Participant's base salary paid during the year. The maximum aggregate compensation that can be paid pursuant to an Incentive Award granted in any calendar year to any one Participant shall be three million five hundred thousand dollars (\$3,500,000) or a number of shares of Ashland Common Stock having an aggregate fair market value not in excess of such amount. Payment of Incentive Awards shall be made on a date or dates fixed by the P&C Committee. Payments may be made in one or more installments and may be made wholly in cash, wholly in shares of Ashland Common Stock or a combination thereof as determined by the P&C Committee.

Upon a change in control, there shall be an acceleration of any performance period relating to any Incentive Award, and payment of any Incentive Award shall be made in cash within 30 days after such change in control (and in no event later than the fifteenth day of the third month of the last day of the Company's fiscal year in which the change in control occurs) based upon achievement of the Performance Goals applicable to such Award up to the date of the change in control. Further, the Company's obligation with respect to such Incentive Award shall be assumed, or new obligations substituted therefor, by the acquiring or surviving corporation after such change in control. Prior to the date of such change in control, the P&C Committee, in its sole judgment, may make adjustments to any Incentive Award as may be appropriate to reflect such change in control; provided that, unless otherwise determined by the P&C Committee, any such adjustment that is made with respect to an Incentive Award that is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code shall be made at such times and in such manner as will not cause such Incentive Award to fail to qualify under the performance-based exception.

Unless otherwise determined and directed by the P&C Committee, an Incentive Award shall terminate if the Participant does not remain continuously employed and in good standing with the Company or any of its subsidiaries until the date of payment of such Incentive Award. Unless otherwise determined and directed by the P&C Committee, in the event a Participant's employment is terminated because of death, disability or retirement, the Participant (or his or her beneficiaries or estate) shall receive the prorated portion of the payment of an Incentive Award for which the Participant would have otherwise been eligible based upon the portion of the performance period during which he or she was so employed so long as the Performance Goals are subsequently achieved.

C. Performance Unit Awards. Any Participant may receive one or more Performance Unit Awards, as the P&C Committee shall from time to time determine. The Performance Goals and performance period applicable to a Performance Unit Award shall be set forth in writing by the P&C Committee no later than 120 days (90 days for those Participants subject to the limitations imposed by Section 162(m) of the Code) after the commencement of the performance period. Except with respect to Participants subject to the limitations of Section 162(m) of the

Table of Contents

Code, the P&C Committee shall have the discretion to later revise the Performance Goals and the amount to be paid out upon the attainment of such goals for any reason including the reflection of promotions, transfers or other changes in a Participant's employment so long as such changes are consistent with the Performance Goals established for other Participants in the same or similar positions. Goals established for Participants subject to Section 162(m) of the Code may only be adjusted to reduce or eliminate the amount of compensation otherwise payable upon attainment of the Performance Goals.

Each Performance Unit Award shall be established in dollars or shares of Ashland Common Stock, or a combination of both, as determined by the P&C Committee. The maximum aggregate compensation that can be paid pursuant to any Performance Unit Awards granted in any calendar year to any one Participant shall be six million dollars (\$6,000,000) or a number of shares of Ashland Common Stock having an aggregate fair market value not in excess of such amount. In determining the amount of any Performance Unit Award made, in whole or in part, in shares of Ashland Common Stock, the value shall be based on the fair market value on the first day of the performance period or on such other date as the Board or the P&C Committee shall determine.

The amount of payment with respect to Performance Unit Awards shall be determined by the P&C Committee and shall be based on the original amount of such Performance Unit Award (including any dividend equivalents with respect thereto) adjusted to reflect the attainment of the Performance Goals during the performance period. Payment may be made in one or more installments and may be made wholly in cash, wholly in shares of Ashland Common Stock or a combination thereof as determined by the P&C Committee.

Upon a change in control, there shall be an acceleration of any performance period relating to any Performance Unit Award, and payment of any Performance Unit Award shall be made in cash within 30 days after such change in control (or such other time as required in order to comply with Section 409A of the Code and as set forth in the Award Agreement) based upon achievement of the Performance Goals applicable to such Performance Unit Award up to the date of the change in control. If such Performance Unit Award was established in shares of Ashland Common Stock, the amount of cash to be paid to a Participant with respect to the Performance Unit Award shall be determined by multiplying (x) the number of shares of Ashland Common Stock relating to such Performance Unit Award, by (y) the fair market value of the Ashland Common Stock on the date of the change in control. Further, the Company's obligation with respect to such Performance Unit Award shall be assumed, or new obligations substituted therefor, by the acquiring or surviving corporation after such change in control. Prior to the date of such change in control, the P&C Committee, in its sole judgment, may make adjustments to any Performance Unit Award as may be appropriate to reflect such change in control; provided that, unless otherwise determined by the P&C Committee, any such adjustment that is made with respect to a Performance Unit Award that is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code shall be made at such times and in such manner as will not cause such Performance Unit Award to fail to qualify under the performance-based exception.

Unless otherwise determined and directed by the P&C Committee, a Performance Unit Award (including any dividend equivalents with respect thereto) shall terminate for all purposes if the Participant does not remain continuously employed and in good standing with the Company or any of its subsidiaries until payment of such Performance Unit Award. Unless otherwise determined and directed by the P&C Committee, a Participant (or his or her beneficiaries or estate) whose employment was terminated because of death, disability or retirement will receive a prorated portion of the payment of his or her Performance Unit Award (including any dividend equivalents with respect thereto) based upon the portion of the performance period during which he or she was so employed so long as the Performance Goals are subsequently achieved.

D. Merit Awards. Any Participant may receive a Merit Award for such reasons and in such amounts as the P&C Committee may from time to time determine.

E. Option and SAR Awards. Any Recipient may receive one or more Option or SAR Awards, as the Committees shall from time to time determine. Any Option may be granted as an ISO or as a NQSO as

Table of Contents

designated by the Committees at the time of the grant of such Option; provided that only Participants may be granted ISOs. Every ISO shall provide for a fixed expiration date of not later than ten years from the date such ISO is granted. Every NQSO and SAR shall provide for a fixed expiration date of not later than ten years and one month from the date such NQSO or SAR is granted.

The exercise price of Ashland Common Stock issued pursuant to each Option or SAR shall be fixed by the Committees at the time of the grant; provided, however, that such exercise price shall in no event ever be less than 100% of the fair market value of the Ashland Common Stock on the date such Option or SAR is granted subject to adjustment upon changes in capitalization. The Committees may, in their sole discretion, provide for Options or SARs granted to be exercisable in whole or in part; provided, however, that no Option or SAR shall be exercisable prior to the first anniversary of the date of its grant, except as provided in the event of a change in control or as the Committees otherwise determine in accordance with the 2011 Incentive Plan.

Except as otherwise provided in the 2011 Incentive Plan, the exercise price for the Ashland Common Stock issuable pursuant to an Option shall be paid in full when the Option is exercised. Subject to such rules as the Committees may impose, the exercise price may be paid in whole or in part: (i) in cash; (ii) by tendering (either by actual delivery or attestation) unencumbered shares of Ashland Common Stock previously acquired by the Recipient exercising such Option having an aggregate fair market value at the time of exercise equal to the total exercise price; (iii) by a combination of such methods of payment; or (iv) by such other consideration as shall constitute lawful consideration for the issuance of Ashland Common Stock and approved by the Committees (including, without limitation, effecting a cashless exercise of the Option with a broker).

A SAR shall entitle the holder thereof, upon exercise, to surrender the SAR and receive in exchange therefore an amount equal to (A) the excess, if any, of (1) the fair market value of a share of Ashland Common Stock at the time the SAR is exercised over (2) the exercise price specified in such SAR, (B) multiplied by the number of shares of Ashland Common Stock covered by such SAR, or portion thereof, which is so surrendered. Such amount shall be paid to the holder in shares of Ashland Common Stock the number of which shall be determined by dividing such amount by the fair market value of the Ashland Common Stock at the time the holder makes an effective exercise of the right to receive such amount; provided that the exercise of any SAR may be settled wholly in cash or a combination of cash and shares of Ashland Common Stock as set forth in the Award Agreement or as determined by the Committees.

The Committees may, in their sole discretion, provide for Options or SARs granted under the 2011 Incentive Plan to be exercisable in whole or in part; provided, however, that no Option or SAR shall be exercisable prior to the first anniversary of the date of its grant, except as provided in the 2011 Incentive Plan, or as the Committees otherwise determine in accordance with the 2011 Incentive Plan, and in no case may an Option or SAR be exercised at any time for fewer than 50 shares (or the total remaining shares covered by the Option or SAR if fewer than 50 shares) during the term of the Option or SAR. The specified number of shares of Ashland Common Stock will be issued after receipt by the Company of (i) notice from the holder thereof of the exercise of an Option or SAR, and (ii) with respect to Options, payment to the Company of the exercise price for the number of shares with respect to which the Option is exercised. Each such notice and payment shall be delivered or mailed to the Company at such place and in such manner as the Company may designate from time to time.

Upon a change in control, any Option Award or SAR Award shall become immediately exercisable for the full number of awarded shares or any part thereof, less such numbers as may have been theretofore acquired under the Option Award or SAR Award from and after the date of such change in control, unless otherwise provided in the Award Agreement.

Amendment and Termination. The Committees may amend, alter or terminate the 2011 Incentive Plan at any time without the prior approval of the Board; provided, however, that: (i) the Committees may not, without approval by the Board, materially increase the benefits provided to Recipients under the 2011 Incentive Plan; (ii) any amendment with respect to Restricted Stock Awards or RSU Awards granted to Outside Directors must

be approved by the full Board; and (iii) no alteration or amendment that requires shareholder approval in order for the 2011 Incentive Plan to continue to comply with the NYSE rules or any rule promulgated by the Securities and Exchange Commission or any other securities exchange on which shares of Ashland Common Stock are listed or any other applicable laws shall be effective unless such amendment shall be approved by the requisite vote of shareholders of the Company entitled to vote thereon within the time period required under such applicable listing standard or rule.

Prohibition on Re-Pricing. Except for adjustments made to changes in capitalization or in the event of any distribution to common shareholders other than normal cash distributions, the Board or the Committees will not, without the further approval of the shareholders of the Company, authorize the amendment of any outstanding Option or SAR to reduce the exercise price, and no Option or SAR will be cancelled and replaced with Awards having a lower exercise price or for another Award except as provided in the event of a change in control.

Furthermore, no Option or SAR will provide for the payment, at the time of exercise, of a cash bonus or grant or sale of another Award without further approval of the shareholders of the Company.

Forfeiture. Unless the Award Agreement specifies otherwise, the Committees may, in their discretion, require a Recipient to forfeit all unexercised, unearned, unvested or unpaid Awards if:

- (1) the Recipient, without written consent of the Company, engages directly or indirectly in any manner or capacity as principal, agent, partner, officer, director, employee or otherwise in any business or activity competitive with the business conducted by the Company or any of its subsidiaries, as determined by the Committees;
- (2) the Recipient performs any act or engages in any activity that is detrimental to the best interests of the Company or any of its subsidiaries, as determined by the Committees; or
- (3) the Recipient breaches any agreement or covenant with, or obligation or duty to, the Company or any subsidiary, including without limitation, any non-competition agreement, non-solicitation agreement, confidentiality or non-disclosure agreement, or assignment of inventions or ownership of works agreement, as determined by the Committees.

Federal Income Tax Considerations. The following discussion summarizes the federal income tax consequences with respect to compensation granted under the 2011 Incentive Plan as well as certain tax considerations with respect to Ashland's ability to deduct payments made in connection with the 2011 Incentive Plan. This discussion is based upon interpretations of the Code in effect on December 5, 2012 and the regulations promulgated thereunder as of such date. This summary is not intended to be a complete statement of applicable law, nor does it address state, local or foreign tax considerations.

Options. For federal income tax purposes, no income is recognized by a Recipient upon grant of a NQSO under the 2011 Incentive Plan. Upon exercise of a NQSO, generally an amount equal to the excess of the fair market value of the shares acquired on the date of exercise of such Option over the exercise price is taxable to the Recipient as ordinary income and is generally deductible to Ashland. The Recipient's basis for capital gains purposes in the shares acquired is equal to the sum of the exercise price and the amount taxable as ordinary income. Gain or loss on a subsequent disposition of shares acquired pursuant to a NQSO will be treated as capital gain or loss for the Recipient.

For federal income tax purposes, ISO holders will generally incur no income upon grant of an ISO or upon exercise of such options. The excess of fair market value of a share at the time of exercise and the per share exercise price of the ISO will, however, constitute a tax preference item for purposes of the alternative minimum tax at the time of exercise. If the Participant holds shares acquired upon exercise of the ISO beyond the later of (1) two years following the date the option was granted and (2) one year after the ISO is exercised, the Participant generally will recognize no compensation income with respect to the Option, and the difference

Table of Contents

between the amount realized upon the disposition of the shares and the Participant's basis in the shares (usually, the exercise price) generally will be treated as capital gain or loss, as the case may be. Assuming both the holding periods are satisfied, no deduction will be allowable to Ashland for federal income tax purposes in connection with the grant or exercise of the ISO or the subsequent disposition of the shares. If, within two years of the date of grant or one year from the date of exercise, the Participant disposes of shares acquired upon exercise of an ISO (a disqualifying disposition), then in most cases the lesser of (1) any excess of the fair market value of the shares at the time of exercise of the Option over the amount paid for the shares and (2) the excess of the amount realized on the disposition of the shares over the Participant's tax basis in the shares (generally, the exercise price) will be treated as compensation income to the Participant and will be taxed as ordinary income to the Participant in the year of the disposition, and such amount generally will be deductible by Ashland for federal income tax purposes. The difference between the amount realized by the Participant as the result of a disqualifying disposition and the sum of (1) the Participant's tax basis in the shares immediately prior to their disposition (generally, the exercise price) and (2) the amount of ordinary income recognized by the Participant in connection with the disqualifying disposition, will generally be treated as capital gain or loss.

Limitation on Ashland's Deduction. Under Section 162(m) of the Code, Ashland's tax deduction for all compensation paid to Ashland's Chief Executive Officer and certain other highly paid executive officers of Ashland in any one tax year is limited to \$1,000,000 per officer. Compensation that qualifies as performance-based compensation is exempt from this deduction limitation. The determination of whether compensation is performance-based is dependent upon a number of factors, including shareholder approval of the benefit plan pursuant to which compensation is paid and material revisions thereto. Although Ashland has structured the 2011 Incentive Plan to satisfy the performance-based criteria with respect to the grant of various performance-based awards and performance unit awards, there is no assurance that all awards granted under the 2011 Incentive Plan will satisfy such requirements.

Change in Control. If, as of the result of a change in control, the exercisability or vesting of an Award is accelerated, the restrictions or forfeiture provisions of an Award lapse, or the Performance Goals related to an Award are deemed to have been satisfied, all or a portion of the value of the Award may be taken into account for purposes of determining whether a Recipient is subject to an excise tax equal to 20% of the amount of the excess parachute payment under Section 4999 of the Code and Ashland may be denied a tax deduction.

Compliance with Section 409A of the Internal Revenue Code. Awards granted under the 2011 Incentive Plan shall be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code. To the extent that the Committees determine that any Award granted under the 2011 Incentive Plan is subject to Section 409A of the Code, the Award Agreement shall incorporate the terms and conditions necessary to avoid the imposition of an additional tax under Section 409A of the Code upon a Recipient. Notwithstanding any other provision of the 2011 Incentive Plan or any Award Agreement (unless the Award Agreement provides otherwise): (i) an Award shall not be granted, deferred, accelerated, extended, paid out, settled, substituted or modified under the 2011 Incentive Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Recipient; and (ii) if an Award is subject to Section 409A of the Code, and if the Recipient holding the Award is a specified employee (as defined in Section 409A of the Code, with such classification to be determined in accordance with the methodology established by the Company), no distribution or payment of any amount under the Award shall be made before a date that is six months following the date of such Recipient's separation from service (as defined in Section 409A of the Code) or, if earlier, the date of the Recipient's death. Although the Company intends to administer the 2011 Incentive Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the 2011 Incentive Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local or non-United States law. Any reference to Section 409A will also include any proposed temporary or final regulations, or any other guidance, promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service.

New Plan Benefits. Because Awards under the 2011 Incentive Plan, as amended, are granted at the discretion of the P&C Committee or G&N Committee, it is not possible for Ashland to determine the amount of Awards that may be granted to the executives named in the Summary Compensation Table of this proxy statement or to any of the other 2011 Incentive Plan Recipients if the Amendment is approved by the shareholders.

Duration. No Awards may be granted under the 2011 Incentive Plan after the tenth anniversary of the date the Board of Directors voted to amend the plan (November 14, 2022), or an earlier date determined by the Board.

The closing price of Ashland Common Stock on the NYSE as of September 30, 2012 was \$71.60 per share.

Because these plans are not equity compensation plans as defined by the rules of the NYSE, neither plan required approval by Ashland's shareholders.
- (5) This figure includes 399,697 shares available for issuance under the Deferred Compensation Plan for Employees (2005) and 325,163 shares available for issuance under the Deferred Compensation Plan for Non-Employee Directors (2005). **NON-BINDING ADVISORY RESOLUTION APPROVING THE COMPENSATION PAID
TO ASHLAND'S NAMED EXECUTIVE OFFICERS**

Item 4

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the Dodd-Frank Act), the shareholders of Ashland are entitled to vote at the Annual Meeting upon a resolution approving the compensation paid to Ashland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

In January 2011, the Board of Directors approved a resolution providing that the executive compensation vote described in this Item 4 shall be submitted to the shareholders annually.

Accordingly, the shareholders are being asked to vote upon, and the Board has approved, the following non-binding advisory resolution:

RESOLVED, that the compensation paid to Ashland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Pursuant to the Dodd-Frank Act, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on Ashland or the Board of Directors. Although the vote is non-binding, the P&C Committee and the Board value the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the Compensation Discussion and Analysis section of this proxy statement, Ashland's executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive Ashland's strategic direction and achieve annual and long-term performance goals necessary to create shareholder value. The program seeks to align executive compensation with shareholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. The annual incentive payout is based on company-wide and/or business segment operating income and working capital efficiency, and it is limited to 150% of the target opportunity. In addition, long-term incentive awards are comprised of (i) SARs, which are designed to link executive compensation with increased shareholder value over time, and (ii) LTIPs, which are based on Ashland's Return on Investment (ROI) relative to an internal goal and Total Shareholder Return (TSR) relative to its Performance Peer Group. Further indicative of the alignment between executive compensation and shareholder value is the mix of at-risk compensation for the Chief Executive Officer and the other named executive officers. Specifically, the target of Total Direct Compensation that is at-risk is 84% for the Chief Executive Officer and is 70% on average for the other named executive officers.

Ashland also has several governance programs in place to align executive compensation with shareholder interests and mitigate risks in its plans. These programs include: stock ownership guidelines, limited perquisites, use of tally sheets and a clawback policy.

During the past several years, Ashland's focus has been on transforming its business into a leading, global specialty chemicals company and positioning itself for long-term sustainable growth. Ashland's acquisition of ISP in August 2011, together with the sale of the Distribution business in March 2011, completed this transformation and positioned the Company in fiscal 2012 to focus on earnings expansion. In fiscal 2012, Ashland significantly increased its earnings, achieved approximately \$75 million in savings through its cost reduction program, completed the commercial integration of ISP and improved its capital structure. Please see Compensation Discussion and Analysis Executive Summary for further information about Ashland's fiscal 2012 highlights.

Table of Contents

The non-binding advisory resolution regarding the compensation of the named executive officers described in this Item 4 shall be approved if the votes cast in favor of the resolution exceed the votes cast against the resolution. Abstentions will not be counted as either votes cast for or against the resolution.

If no voting specification is made on a properly returned or voted proxy card, James J. O'Brien or Peter J. Ganz (proxies named on the proxy card) will vote FOR the approval of the compensation of the named executive officers as disclosed in this proxy statement and described in this Item 4.

The Board has adopted a policy providing for annual say-on-pay advisory votes. Unless the Board modifies this policy, the next say-on-pay advisory vote will be held at Ashland's 2014 Annual Meeting.

The Board of Directors recommends a vote FOR a non-binding advisory resolution approving the compensation paid to Ashland's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

SHAREHOLDER PROPOSAL TO REPEAL CLASSIFIED BOARD

Item 5

RESOLVED, that shareholders of Ashland Inc. urge the Board of Directors to take all necessary steps (other than any steps that must be taken by shareholders) to eliminate the classification of the Board of Directors and to require that all directors elected at or after the annual meeting held in 2014 be elected on an annual basis. Implementation of this proposal should not prevent any director elected prior to the annual meeting held in 2014 from completing the term for which such director was elected.

SUPPORTING STATEMENT

This resolution was submitted on behalf of the Pension Reserves Investment Trust Fund by its trustee, the Pension Reserves Investment Management Board. The Shareholder Rights Project represented and advised the Pension Reserves Investment Management Board in connection with this resolution.

The resolution urges the board of directors to facilitate a declassification of the board. Such a change would enable shareholders to register their views on the performance of all directors at each annual meeting. Having directors stand for elections annually makes directors more accountable to shareholders, and could thereby contribute to improving performance and increasing firm value.

According to data from FactSet Research Systems, the number of S&P 500 companies with classified boards declined by more than 60% since 2000, and the average percentage of votes cast in favor of shareholder proposals to declassify the boards of S&P 500 companies during 2010 and 2011 exceeded 75%.

The significant shareholder support for declassification proposals is consistent with empirical studies reporting that:

Classified boards are associated with lower firm valuation (Bebchuk and Cohen, 2005; confirmed by Faleye (2007) and Frakes (2007));

Takeover targets with classified boards are associated with lower gains to shareholders (Bebchuk, Coates, and Subramanian, 2002);

Firms with classified boards are more likely to be associated with value-decreasing acquisition decisions (Masulis, Wang, and Xie, 2007); and

Classified boards are associated with lower sensitivity of compensation to performance and lower sensitivity of CEO turnover to firm performance (Faleye, 2007).

Although one study (Bates, Becher and Lemmon, 2008) reports that classified boards are associated with higher takeover premiums, this study also reports that classified boards are associated with a lower likelihood of an acquisition and that classified boards are associated with lower firm valuation.

Please vote for this proposal to make directors more accountable to shareholders.

BOARD OF DIRECTORS STATEMENT IN OPPOSITION

FOR THE REASONS STATED BELOW, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THE PROPOSAL.

The Board of Directors unanimously recommends a vote AGAINST the above proposal as being not in the best interests of Ashland's shareholders and opposes the proposal for the following reasons. Signed proxies will be voted against this proposal, unless shareholders specify a different choice in their proxies.

Table of Contents

The Board welcomes and values the input of its shareholders. Listening and responding to shareholders is important in fulfilling the Board's duties of care and loyalty and its obligations to act in the best interests of Ashland and its shareholders. The Board believes that the classified board serves Ashland and its shareholders well by fostering a strong, stable, independent Board of Directors capable of continuing to guide Ashland in its goal of being the best specialty chemical company in the world. The Board is aware of and considered the recent prevalence of shareholder proposals generally urging the abandonment of the classified board system, the arguments for and against a classified board system and the support proposals to declassify often receive. With all these factors in mind, the Board and the G&N Committee have considered the most effective structure for the Board and continues to believe that the current classified board structure continues to be in the best interests of Ashland and its shareholders for many reasons, including the following:

Accountability to Shareholders

Stability, Experience and Focus on Long-Term Shareholder Value

Enhancement of Board Independence

Protecting Shareholder Value

Accountability to Shareholders

A classified board promotes accountability to shareholders. The Board believes that the classified board structure under Ashland's Third Restated Articles of Incorporation, as amended, and its By-laws (collectively, "governance documents") is appropriate and necessary and does not compromise the directors' accountability to shareholders. At each Annual Meeting, Ashland's shareholders have the opportunity to evaluate and elect three or four members of the Board of Directors (depending on which class is up for election). Because all Directors are required to uphold their fiduciary duties to Ashland and its shareholders regardless of term, Directors elected to three-year terms are equally accountable to shareholders as Directors elected annually. Additionally, the governance documents promote director accountability to shareholders by providing that in an uncontested election, the affirmative vote of a majority of votes cast with respect to a director nominee is required for the nominee to be elected. Therefore, the number of votes cast for a nominee must exceed those cast against a nominee to be elected to the Board. Ashland's Corporate Governance Guidelines further provide that in uncontested elections any director nominee who fails to receive a greater number of votes cast for election than votes cast against is required to tender his or her resignation to the Board. The Board, through a process managed by the G&N Committee, decides whether or not to accept the resignation. The Company will then promptly publicly disclose the Board's decision and reasons therefore. This practice provides shareholders a meaningful role in the election of the Company's Directors, ensures public disclosure of the Board's decisions and acts as a vehicle for holding the Company's Directors accountable for their actions or failure to act. In these ways, the Board believes Ashland's classified board remains accountable at all times to Ashland's shareholders.

Stability, Experience and Focus on Long-Term Shareholder Value

A classified board structure provides and promotes stability, enhances long-term planning, and ensures, at any given time, that a majority of Ashland's Directors have substantial knowledge of Ashland's business and strategy combined with their overall knowledge of Ashland's industry and macro economic trends. The Board believes that experienced Directors are a valuable resource and, with their knowledge about Ashland's business and affairs, are better positioned to make decisions that are best for Ashland and its shareholders. Without a classified board structure, the replacement of all Directors in a single year is possible, which could lead to a significant disruption in the affairs of Ashland. The Board believes that a classified board also benefits Ashland and its shareholders because it helps attract and retain highly qualified director candidates who are willing to make long-term commitments of the time and resources necessary to understand Ashland, its operations and its competitive environment. This commitment is critical to achieve Ashland's strategic goals and one best fulfilled by a stable and staggered Board.

Table of Contents

Ashland's step-by-step transformation over the past decade from primarily a refining and marketing business into a leading, global specialty chemical company demonstrates the benefits of a stable board that is focused on long-term planning and shareholder value. With the Board's leadership and support, Ashland has successfully developed and executed a multi-year, multi-step strategy to dispose of three legacy businesses (Marathon Ashland Petroleum Joint Venture (2005), Ashland Paving and Construction (2006) and Ashland Distribution (2011)) and to acquire two new significant specialty chemical businesses (Hercules Incorporated (2008) and International Specialty Products Inc. (2011)). Today, Ashland's shareholders have been rewarded by the Board's long-term vision and commitment. Ashland is a significantly more predictable company with more than 80% of its earnings coming from its higher margin, more stable specialty chemical businesses. The Board believes this transformation has been a significant factor in the 16% increase in Ashland's share price over the past five years (October 2007 to September 2012), which is 24% more than the broader S&P 500.

Enhancement of Board Independence

Pursuant to Ashland's Corporate Governance Guidelines, at least two-thirds of Ashland's Board of Directors must be independent. Currently, ten of Ashland's eleven Directors are independent. The Board believes that electing directors to three-year terms further enhances the independence of non-management directors from management by providing them with a longer term of office. The longer term also provides a certain amount of autonomy from special interest groups who may have an agenda contrary to Ashland's long-term goals and objectives and those of a majority of shareholders. As a result, Ashland's independent Directors are able to make decisions that are in the best interests of Ashland and its shareholders.

Protecting Shareholder Value

The Board believes that a classified board structure is key to protecting shareholder value and protecting Ashland against hostile takeover attempts. Ashland's classified board structure protects Ashland's shareholders by encouraging persons or firms making unsolicited takeover bids to negotiate directly with the Board, and better positions the Board to negotiate effectively on behalf of shareholders to realize the greatest possible shareholder value. The classified board structure is designed to safeguard against a hostile purchaser replacing a majority of Ashland's Directors with its own nominees at a single annual meeting, thereby gaining control of Ashland and its assets without paying fair market value to Ashland's shareholders. The Board believes a classified board does not preclude a takeover, but rather provides the Board the time and flexibility necessary to be in the best position to evaluate the adequacy and fairness of proposed offer(s), consider alternative methods of maximizing shareholder value, protect all shareholders against abusive tactics during a takeover process, and, as appropriate, negotiate the best possible return for all shareholders, without the threat of imminent removal of a majority of Board members. In contrast to studies cited by proponents of the proposal, the Board's view is supported by studies suggesting that classified boards may improve the relative bargaining power of managers and the board, as well as the shareholders who are the ultimate beneficiaries of such leverage, in any hostile takeover bid. See Bates, Becker and Lemmon. Board classification and managerial entrenchment: Evidence from the market for corporate control. *Journal of Financial Economics*, Vol. 87, pp 656-677, 2008.

As noted above, the Board has a fiduciary duty under the law to act in a manner that it believes to be in the best interests of Ashland and its shareholders. Elimination of the classified board structure would make it more difficult for Ashland's independent, shareholder-elected Board to preserve and maximize value for all shareholders in the event of an unsolicited takeover bid.

Procedural Matters

It is important to note that shareholder approval of this proposal would not by itself declassify the Board. Under the governance documents, to change the class structure of the Board, the Board must first authorize an amendment to Ashland's governance documents. Shareholders would then have to approve such amendment with an affirmative vote of not less than eighty percent of the outstanding shares of Ashland stock entitled to vote.

Table of Contents

After careful consideration of this proposal, the Board has determined that retention of a classified board structure remains in the long-term best interests of Ashland and its shareholders. The Board believes that the substantial benefits of a classified board structure do not come at the expense of director accountability. On the contrary, the structure is designed to protect the interests of all shareholders.

For these reasons, the Board of Directors recommends a vote AGAINST the proposal.

Proxy Solicitation Costs

Ashland is soliciting the proxies to which this proxy statement relates. All costs of soliciting proxies, including the cost of preparing and mailing the Notice and the proxy statement and any accompanying material, will be borne by Ashland. Expenses associated with this solicitation may also include charges and expenses of banks, brokerage houses and other custodians, nominees or fiduciaries for forwarding proxies and proxy materials to beneficial owners of shares. Solicitations may be made by mail, telephone, facsimile, electronic means and personal interview, and by officers and employees of Ashland, who will not be additionally compensated for such activity. Ashland has arranged for the services of Georgeson Shareholder Communications Inc. (Georgeson) to assist in the solicitation of proxies. Georgeson's fees will be paid by Ashland and are estimated to be \$15,000, excluding out-of-pocket expenses.

Shareholder Proposals for the 2014 Annual Meeting

Shareholders interested in presenting a proposal for consideration at the 2014 Annual Meeting may do so by following the procedures prescribed in SEC Rule 14a-8 of the Securities Exchange Act of 1934, as amended, and Ashland's By-laws. To be eligible for inclusion in the proxy statement for the 2014 Annual Meeting, shareholder proposals must be received by Ashland's Secretary no later than August 14, 2013.

Ashland's By-laws provide that for business to be properly brought before an annual meeting by a shareholder, the shareholder must give written notice (as specified below) to the Secretary of Ashland not later than ninety days in advance of the annual meeting (provided that if the annual meeting of shareholders is held earlier than the last Thursday in January, such notice must be given within ten days after the first public disclosure of the date of the annual meeting) (such applicable notice deadline, the By-law Notice Deadline). The first public disclosure of that date may be a public filing with the SEC. Such notice must set forth as to each matter the shareholder proposes to bring before the annual meeting:

A brief description of the business desired to be brought before the meeting and the reasons for conducting such business at the meeting and, in the event that such business includes a proposal to amend either the Articles of Incorporation or By-laws of Ashland, the language of the proposed amendment;

The name and address of the shareholder proposing such business;

A representation that the shareholder is a holder of record of Ashland Common Stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such business;

Any material interest of the shareholder in such business; and

A representation as to whether or not the shareholder will solicit proxies in support of the proposal.

The By-laws further provide that no business shall be conducted at any annual meeting except in accordance with the foregoing procedures and that the chair of any such meeting may refuse to permit any business to be brought before an annual meeting that is not made in compliance with the procedures described above or if the shareholder fails to comply with the representations set forth in the notice.

For any shareholder proposal that is not submitted for inclusion in next year's proxy statement pursuant to SEC Rule 14a-8, but is instead sought to be considered as timely and presented directly at the 2014 Annual Meeting, SEC rules permit management to vote proxies in its discretion if: (1) Ashland receives written notice of the proposal before the By-law Notice Deadline, and Ashland advises shareholders in the 2014 Annual Meeting Proxy Statement about the nature of the matter and how management intends to vote on such matter; or (2) Ashland does not receive notice of the proposal prior to the By-law Notice Deadline.

Except as otherwise provided in an Agreement upon a termination of employment or pursuant to Section 12 in the event of a Change in Control, a Restricted Stock Award or RSU Award granted to a Participant shall have a minimum Restricted Period of (i) one year in the case of restrictions that lapse based on the achievement of Performance Goals; and (ii) three years in the case of restrictions that lapse based solely on the passage of time, which period may, at the discretion of the P&C Committee, lapse on a pro-rated, graded, or cliff basis (as specified in the Agreement); provided that in the Committees' sole discretion, no more than five percent (5%) of the shares of Common Stock available for issuance as Restricted Stock Awards or pursuant to RSU Awards under the Plan may have a Restricted Period of less than one (1) year.

(C) *Certain Restricted Stock Award Provisions.*

(1) Shareholder Rights; Restrictions on Transferability. Upon the granting of a Restricted Stock Award, a Recipient shall be entitled to all rights incident to ownership of Common Stock of the Company with respect to his or her Restricted Stock, including, but not limited to, the right to vote such shares of Restricted Stock and to receive dividends thereon when, as and if paid in cash, shares of Restricted Stock or Dividend Equivalents, as set forth in the applicable Agreement or as determined by the Committees, in their discretion. Each such grant of Restricted Stock may be made without additional consideration or in consideration of a payment by such Recipient that is less than the Fair Market Value per share of Common Stock at the date of grant. Subject to Section 16(B) hereof, Restricted Stock may not be sold, assigned, transferred, pledged, or otherwise encumbered during a Restricted Period.

(2) Certificates; Dividends on Restricted Stock. During the Restricted Period, certificates representing the Restricted Stock shall be registered in the Recipient's name and bear a restrictive legend to the effect that ownership of such Restricted Stock, and the enjoyment of all rights appurtenant thereto are subject to the restrictions, terms, and conditions provided in this Plan and the applicable Agreement. Such certificates shall be deposited by the Recipient with the Company, together with stock powers or other instruments of assignment, each endorsed in blank, which will permit transfer to the Company of all or any portion of the Restricted Stock which shall be forfeited in accordance with this Plan and the applicable Agreement. (i) the Recipient will not be entitled to delivery of the stock certificates representing such Restricted Stock until the restrictions applicable thereto shall have expired; (ii) the Company will retain custody of all shares of Restricted Stock issued as a dividend or otherwise with respect to an Award of Restricted Stock (and such issued shares of Restricted Stock shall be subject to the same restrictions, terms and conditions as are applicable to the awarded Restricted Stock) until such time, if ever, as such shares of Restricted Stock shall have become vested, and Restricted Stock shall not bear interest or be segregated in separate accounts; (iii) subject to Section 16(B) hereof, the Recipient may not sell, assign, transfer, pledge, exchange, encumber, or dispose of any Restricted Stock during the Restricted Period; and (iv) unless otherwise determined and directed by the Committees, a breach of any restrictions, terms, or conditions provided in this Plan, the applicable Agreement or established by the Committees with respect to any Restricted Stock will cause a forfeiture of such awarded Restricted Stock (including any Restricted Stock issued as a dividend or otherwise) with respect thereto.

(D) *Certain Restricted Stock Unit (RSU) Award Provisions.*

(1) **General.** Each grant of Restricted Stock Units shall constitute an agreement by the Company to issue or deliver shares of Common Stock or cash to the Recipient following the end of the applicable Restricted Period in consideration of the performance of services. Each such grant of Restricted Stock Units may be made without additional consideration or in consideration of a payment by such Recipient that is less than the Fair Market Value per share of Common Stock at the date of grant.

(2) **No Shareholder Rights: Dividend Equivalents.** A Recipient who receives an RSU Award shall not have any rights as a shareholder with respect to the shares of Common Stock subject to such RSUs until such time, if any, that shares of Common Stock are delivered to a Recipient pursuant to the terms of the applicable Agreement. A Recipient who receives an RSU Award shall have such rights, if any, to Dividend Equivalents as shall be set forth in the applicable Agreement or as determined by the Committees, in their discretion.

(3) **Payment.** Unless otherwise determined by the Committees, each Agreement shall set forth the payment date for the RSU Award, which date shall not be earlier than the end of the applicable Restricted Period. Payment of earned Restricted Stock Units (and Dividend Equivalents, if applicable) may be made in one or more installments and may be made wholly in cash, wholly in shares of Common Stock or a combination thereof as determined by the Committees.

SECTION 7. INCENTIVE AWARDS

(A) *Grant.* Any Participant may receive one or more Incentive Awards, as the P&C Committee shall from time to time determine.

(B) *Terms and Conditions.*

(1) **Performance Goals.** No later than 120 days (90 days for those Participants subject to the limitations of Code Section 162(m)) after the commencement of each Performance Period, the P&C Committee shall establish in writing one or more Performance Goals that must be reached by a Participant in order to receive an Incentive Award for such Performance Period. Except with respect to Participants subject to the limitations of Code Section 162(m), the P&C Committee shall have the discretion to later revise the Performance Goals and the amount to be paid out upon the attainment of such goals for any reason including the reflection of promotions, transfers or other changes in a Participant's employment so long as such changes are consistent with the Performance Goals established for other Participants in the same or similar positions. Performance Goals established for Participants subject to Code Section 162(m) may only be adjusted to reduce or eliminate the amount of compensation otherwise payable upon attainment of the Performance Goals.

(2) **Award Limits.** The target Incentive Award shall be a fixed percentage of the Participant's base salary paid during the year. The maximum aggregate compensation that can be paid pursuant to an Incentive

Table of Contents

Award granted in any calendar year to any one Participant shall be three million five hundred thousand dollars (\$3,500,000) or a number of shares of Common Stock having an aggregate Fair Market Value not in excess of such amount.

(C) *Payment.* Payment of Incentive Awards shall be made on a date or dates fixed by the P&C Committee. Payment may be made in one or more installments and may be made wholly in cash, wholly in shares of Common Stock or a combination thereof as determined by the P&C Committee. Payments shall in all events be made no later than the fifteenth day of the third month following the later of (i) the end of the tax year of the Participant in which the Performance Period ends and (ii) the end of the tax year of the Company in which the Performance Period ends.

If payment of an Incentive Award shall be made all or partially in shares of Common Stock, the number of shares of Common Stock to be delivered to a Participant on any payment date shall be determined by dividing (x) the original dollar amount to be paid on the payment date (or the part thereof determined by the P&C Committee to be delivered in shares of such Incentive Award) by (y) the Fair Market Value on the date the Board approves the P&C Committee's decision to pay an Incentive Award or such other date as the Board shall determine.

(D) *Termination.* Unless otherwise determined and directed by the P&C Committee, an Incentive Award shall terminate if the Participant does not remain continuously employed and in good standing with the Company or any of its Subsidiaries until the date of payment of such Incentive Award. Unless otherwise determined and directed by the P&C Committee, in the event a Participant's employment is terminated because of death, Disability or Retirement, the Participant (or his or her Beneficiaries or estate) shall receive the prorated portion of the payment of an Incentive Award for which the Participant would have otherwise been eligible based upon the portion of the Performance Period during which he or she was so employed so long as the Performance Goals are subsequently achieved.

SECTION 8. PERFORMANCE UNIT AWARDS

(A) *Grant.* Any Participant may receive one or more Performance Unit Awards, as the P&C Committee shall from time to time determine.

(B) *Terms and Conditions.*

(1) Performance Goals. The Performance Goals and Performance Period applicable to a Performance Unit Award shall be set forth in writing by the P&C Committee no later than 120 days (90 days for those Participants subject to the limitations imposed by Section 162(m) of the Code) after the commencement of the Performance Period. Except with respect to Participants subject to the limitations of Section 162(m) of the Code, the P&C Committee shall have the discretion to later revise the Performance Goals and the amount to be paid out upon the attainment of such goals for any reason including the reflection of promotions, transfers or other changes in a Participant's employment so long as such changes are consistent with the Performance Goals established for other Participants in the same or similar positions. Goals established for Participants subject to Section 162(m) of the Code may only be adjusted to reduce or eliminate the amount of compensation otherwise payable upon attainment of the Performance Goals.

(2) Award Limits. Each Performance Unit Award shall be established in dollars or shares of Common Stock, or a combination of both, as determined by the P&C Committee. The maximum aggregate compensation that can be paid pursuant to any Performance Unit Awards granted in any calendar year to any one Participant shall be six million dollars (\$6,000,000) or a number of shares of Common Stock having an aggregate Fair Market Value not in excess of such amount. In determining the amount of any Performance Unit Award made, in whole or in part, in shares of Common Stock, the value thereof shall be based on the Fair Market Value on the first day of the Performance Period or on such other date as the Board shall determine.

Table of Contents

(C) Payment.

(1) **General.** Payment with respect to Performance Unit Awards will be made to Participants on a date or dates fixed by the P&C Committee. The amount of such payment shall be determined by the P&C Committee and shall be based on the original amount of such Performance Unit Award (including any Dividend Equivalents with respect thereto) adjusted to reflect the attainment of the Performance Goals during the Performance Period. Payment may be made in one or more installments and may be made wholly in cash, wholly in shares of Common Stock or a combination thereof as determined by the P&C Committee. Except as otherwise provided in the Agreement, payments shall be made no later than the fifteenth day of the third month following the later of (i) the end of the tax year of the Participant in which the Performance Period ends and (ii) the end of the tax year of the Company in which the Performance Period ends. Any payment may be subject to such restrictions and conditions as the P&C Committee may determine.

(2) **Payment in Common Stock.** If payment of a Performance Unit Award established in dollars is to be made in shares of Common Stock or partly in such shares, the number of shares of Common Stock to be delivered to a Participant on any payment date shall be determined by dividing (x) the amount payable by (y) the Fair Market Value of the Common Stock on the date the Board approves the P&C Committee's decision to pay the Performance Unit Award or on such other date as the Board shall determine.

(3) **Payment in Cash.** If payment of a Performance Unit Award established in shares of Common Stock is to be made in cash or partly in cash, the amount of cash to be paid to a Participant on any payment date shall be determined by multiplying (x) the number of shares of Common Stock to be paid in cash on such payment date with respect to such Performance Unit Award, by (y) the Fair Market Value of the Common Stock on the date the Board approves the P&C Committee's decision to pay the Performance Unit Award or on such other date as the Board shall determine.

(D) **Termination.** Unless otherwise determined and directed by the P&C Committee, a Performance Unit Award (including any Dividend Equivalents with respect thereto) shall terminate for all purposes if the Participant does not remain continuously employed and in good standing with the Company or any of its Subsidiaries until payment of such Performance Unit Award. Unless otherwise determined and directed by the P&C Committee, a Participant (or his or her Beneficiaries or estate) whose employment was terminated because of death, Disability or Retirement will receive a prorated portion of the payment of his or her Performance Unit Award (including any Dividend Equivalents with respect thereto) based upon the portion of the Performance Period during which he or she was so employed so long as the Performance Goals are subsequently achieved.

SECTION 9. MERIT AWARDS

Any Participant may receive a Merit Award under this Plan for such reasons and in such amounts as the P&C Committee may from time to time determine.

SECTION 10. OPTION AND SAR AWARDS

(A) **Grant.** Any Recipient may receive one or more Option or SAR Awards, as the Committees shall from time to time determine.

(B) Designation and Price.

(1) Any Option granted under this Plan may be granted as an Incentive Stock Option or as a Nonqualified Stock Option as shall be designated by the Committees at the time of the grant of such Option. Only Participants may be granted ISOs. Each Option and SAR shall, at the discretion of the Company and as directed by the Committees, be evidenced by an Agreement, which Agreement shall specify the designation of

Table of Contents

the Option as an ISO or a NQSO, as the case may be, and shall contain such terms and conditions as the Committees, in their sole discretion, may determine in accordance with this Plan.

(2) Every ISO shall provide for a fixed expiration date of not later than ten years from the date such ISO is granted. Every NQSO and SAR shall provide for a fixed expiration date of not later than ten years and one month from the date such NQSO or SAR is granted.

(3) The Exercise Price of Common Stock issued pursuant to each Option or SAR shall be fixed by the Committees at the time of the granting of the Option or SAR; provided, however, that such Exercise Price shall in no event ever be less than 100% of the Fair Market Value of the Common Stock on the date such Option or SAR is granted, subject to adjustment as provided in Section 14.

(C) *Exercise.* The Committees may, in their sole discretion, provide for Options or SARs granted under this Plan to be exercisable in whole or in part; provided, however, that no Option or SAR shall be exercisable prior to the first anniversary of the date of its grant, except as provided in Section 12 hereof or as the Committees otherwise determine in accordance with this Plan, and in no case may an Option or SAR be exercised at any time for fewer than 50 shares (or the total remaining shares covered by the Option or SAR if fewer than 50 shares) during the term of the Option or SAR. The specified number of shares of Common Stock will be issued after receipt by the Company of (i) notice from the holder thereof of the exercise of an Option or SAR, and (ii) with respect to Options, payment to the Company (as provided in subsection (D) of this Section) of the Exercise Price for the number of shares with respect to which the Option is exercised. Each such notice and payment shall be delivered or mailed to the Company at such place and in such manner as the Company may designate from time to time.

(D) *Payment.*

(1) Options. Except as otherwise provided in this Section 10, the Exercise Price for the Common Stock issuable pursuant to an Option shall be paid in full when the Option is exercised. Subject to such rules as the Committees may impose, the Exercise Price may be paid in whole or in part: (i) in cash; (ii) by tendering (either by actual delivery or attestation) unencumbered shares of Common Stock previously acquired by the Recipient exercising such Option having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price; (iii) by a combination of such methods of payment; or (iv) by such other consideration as shall constitute lawful consideration for the issuance of Common Stock and approved by the Committees (including, without limitation, effecting a cashless exercise of the Option with a broker).

(2) Stock Appreciation Rights. A SAR shall entitle the holder thereof, upon exercise, to surrender the SAR and receive in exchange therefore an amount equal to (A) the excess, if any, of (1) the Fair Market Value of a share of Common Stock at the time the SAR is exercised over (2) the Exercise Price specified in such SAR, (B) multiplied by the number of shares of Common Stock covered by such SAR, or portion thereof, which is so surrendered. Such amount shall be paid to the holder in shares of Common Stock the number of which shall be determined by dividing such amount by the Fair Market Value of the Common Stock at the time the holder makes an effective exercise of the right to receive such amount; provided that the exercise of any SAR may be settled wholly in cash or a combination of cash and shares of Common Stock as set forth in the Agreement or as determined by the Committees.

(E) *Expiration or Termination of Awards.*

(1) Participants.

(a) Except as otherwise provided in the Agreement or as determined by the P&C Committee, and subject to the provisions of Section 12(D) hereof, every Option and SAR granted to a Participant shall provide that it may not be exercised in whole or in part for a period of one year after the date of granting such Option or

SAR (unless otherwise determined by the P&C Committee) and if the employment of the Participant shall terminate prior to the end of such one year period (or such other period determined by the P&C Committee), the Option or SAR granted to such Participant shall immediately terminate.

(b) Except as otherwise provided in the Agreement or as determined by the P&C Committee, in the event the Participant dies (i) while employed, (ii) during the periods in which Options or SARs may be exercised by a Participant determined to be Disabled, or (iii) after Retirement, such Option or SAR shall be exercisable, at any time or from time to time, prior to the fixed termination date set forth in the Option or SAR, by the Beneficiaries of the decedent for the number of shares which the Participant could have acquired under the Option or SAR immediately prior to the Participant's death.

(c) Except as otherwise provided in the Agreement or as determined by the P&C Committee, in the event the employment of any Participant shall cease by reason of Disability, as determined by the P&C Committee at any time during the term of the Option or SAR, such Option or SAR shall be exercisable, at any time or from time to time, prior to the fixed termination date set forth in the Option or SAR, by such Participant or his or her Personal Representative for the number of shares which the Participant could have acquired under the Option or SAR immediately prior to the Participant's Disability. The determination by the P&C Committee of any question involving Disability of a Participant shall be conclusive and binding.

(d) Except as otherwise provided in the Agreement or as determined by the P&C Committee, in the event the employment of any Participant shall cease by reason of Retirement, such Option or SAR shall be exercisable, at any time or from time to time, prior to the fixed termination date set forth in the Option or SAR, for the number of shares which the Participant could have acquired under the Option or SAR immediately prior to such Retirement.

(e) Notwithstanding any provision of this Plan to the contrary, any Option or SAR may, in the discretion of the P&C Committee or as provided in the relevant Agreement, become exercisable, at any time or from time to time, prior to the fixed termination date set forth in the Option or SAR, for the full number of awarded shares or any part thereof, less such number as may have been theretofore acquired under the Option or SAR from and after the time the Participant ceases to be an Employee as a result of the sale or other disposition by the Company or any of its Subsidiaries of assets or property (including shares of any Subsidiary) in respect of which such Participant had theretofore been employed or as a result of which such Participant's continued employment is no longer required.

(f) Except as provided in subsections (b), (c), (d) and (e) of this Section 10(E)(1) and Section 12(D) and Section 16(H) hereof, every Option and SAR shall terminate on the earlier to occur of the fixed termination date set forth in the Option or SAR or thirty (30) days after cessation of the Participant's employment for any cause in respect of the number of shares of Common Stock which the Participant could have acquired under the Option or SAR immediately prior to such cessation of employment; provided, however, that no Option or SAR may be exercised after the fixed termination date set forth in the Option or SAR.

(2) Outside Directors.

(a) Except as otherwise provided in the Agreement or as determined by the G&N Committee, and subject to the provisions of Section 12(D) hereof, every Option and SAR granted to an Outside Director shall provide that it may not be exercised in whole or in part for a period of one year after the date of granting such Option or SAR (unless otherwise determined by the G&N Committee) and if the service of the Outside Director shall terminate prior to the end of such one year period (or such other period determined by the G&N Committee), the Option or SAR granted to such Participant shall immediately terminate.

(b) Except as otherwise provided in the Agreement or as determined by the G&N Committee, in the event the service of any Outside Director as a director of the Company ceases by reason of Retirement, death

or Disability, then any unexercised Options or SARs granted to such Outside Director shall be exercisable, at any time or from time to time, prior to the fixed termination date set forth in the Option or SAR, by such Outside Director, his or her Personal Representative or his or her Beneficiaries for the number of shares which the Outside Director could have acquired under the Option or SAR immediately prior to the Outside Director's Retirement, death or Disability, as applicable. The determination by the G&N Committee of any question involving Disability of an Outside Director shall be conclusive and binding.

SECTION 11. CONTINUED EMPLOYMENT

Nothing in this Plan, or in any Award granted pursuant to this Plan, shall confer on any individual any right to continue in the employment of, or service to, the Company or any of its Subsidiaries or interfere in any way with the right of the Company or any of its Subsidiaries to terminate the Participant's employment at any time.

SECTION 12. CHANGE IN CONTROL

(A) *Restricted Stock and RSU Awards.* Upon a Change in Control, there shall be an acceleration of any Restricted Period relating to any Restricted Stock Award or any RSU Award and such Awards shall be free of all other restrictions for the full number of awarded shares or RSUs less such number as may have been theretofore acquired under the Restricted Stock Award or RSU Award.

(B) *Incentive Awards.* Upon a Change in Control, there shall be an acceleration of any Performance Period relating to any Incentive Award, and payment of any Incentive Award shall be made in cash within 30 days after such Change in Control (and in no event later than the fifteenth day of the third month of the last day of the Company's fiscal year in which the Change in Control occurs) based upon achievement of the Performance Goals applicable to such Award up to the date of the Change in Control. Further, the Company's obligation with respect to such Incentive Award shall be assumed, or new obligations substituted therefor, by the acquiring or surviving corporation after such Change in Control. In addition, prior to the date of such Change in Control, the P&C Committee, in its sole judgment, may make adjustments to any Incentive Award as may be appropriate to reflect such Change in Control; provided that, unless otherwise determined by the P&C Committee, any such adjustment that is made with respect to an Incentive Award that is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code shall be made at such times and in such manner as will not cause such Incentive Award to fail to qualify under the performance-based exception.

(C) *Performance Unit Awards.* Upon a Change in Control, there shall be an acceleration of any Performance Period relating to any Performance Unit Award, and payment of any Performance Unit Award shall be made in cash within 30 days after such Change in Control (or such other time as required in order to comply with Section 409A of the Code and as set forth in the Agreement) based upon achievement of the Performance Goals applicable to such Performance Unit Award up to the date of the Change in Control. If such Performance Unit Award was established in shares of Common Stock, the amount of cash to be paid to a Participant with respect to the Performance Unit Award shall be determined by multiplying (x) the number of shares of Common Stock relating to such Performance Unit Award, by (y) the Fair Market Value of the Common Stock on the date of the Change in Control. Further, the Company's obligation with respect to such Performance Unit Award shall be assumed, or new obligations substituted therefor, by the acquiring or surviving corporation after such Change in Control. In addition, prior to the date of such Change in Control, the P&C Committee, in its sole judgment, may make adjustments to any Performance Unit Award as may be appropriate to reflect such Change in Control; provided that, unless otherwise determined by the P&C Committee, any such adjustment that is made with respect to a Performance Unit Award that is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) of the Code shall be made at such times and in such manner as will not cause such Performance Unit Award to fail to qualify under the performance-based exception.

Table of Contents

(D) *Option and SAR Awards.* Upon a Change in Control, any Option Award or SAR Award shall become immediately exercisable for the full number of awarded shares or any part thereof, less such numbers as may have been theretofore acquired under the Option Award or SAR Award from and after the date of such Change in Control, unless otherwise provided in the Agreement.

(E) *Cash-out of Awards.* In connection with a Change in Control, the Committees may, in their sole discretion, either by the terms of the Agreement applicable to any Award or by resolution adopted prior to the occurrence of the Change in Control, provide that any outstanding Award (or a portion thereof) shall, upon the occurrence of such Change in Control, be cancelled in exchange for a payment in cash in an amount based on the Fair Market Value of the shares of Common Stock subject to the Award (less any Exercise Price), which amount may be zero (0) if applicable.

SECTION 13. WITHHOLDING TAXES

Federal, state or local law may require the withholding of taxes applicable to gains resulting from the payment or vesting of an Award. Unless otherwise prohibited by the P&C Committee, the Company may permit or require (subject to such conditions or procedures as may be established by the Committees) any such tax withholding obligation of a Participant to be satisfied by any of the following means, or by a combination of such means: (i) a cash payment from Participant; (ii) withholding from the shares of Common Stock otherwise issuable to the Participant pursuant to the vesting or exercise of an Award a number of shares of Common Stock having a Fair Market Value, as of the Tax Date, which will satisfy the minimum amount of the withholding tax obligation; or (iii) having the Participant deliver to the Company a number of shares of Common Stock having a Fair Market Value as of the Tax Date which will satisfy the minimum amount of the withholding tax obligation arising from the vesting or exercise of an Award. If the payment specified in clause (i) or (iii) of the preceding sentence is not paid by a Participant, the P&C Committee may refuse to issue Common Stock under this Plan.

SECTION 14. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION

In the event of any change in the outstanding Common Stock of the Company by reason of any stock split, stock dividend, recapitalization, merger, consolidation, reorganization, combination, or exchange of shares, split-up, split-off, spin-off, liquidation or other similar change in capitalization, or any distribution to common stockholders other than normal cash dividends, the number or kind of shares that may be issued under this Plan pursuant to Section 3 hereof and the number or kind of shares subject to, or the price per share under any outstanding Award shall be automatically adjusted so that the proportionate interest of the Recipient shall be maintained as before the occurrence of such event. Such adjustment shall be conclusive and binding for all purposes hereof. Notwithstanding the foregoing, the Committees shall not make any adjustment pursuant to this Section 14 that would (i) cause any Option intended to qualify as an ISO to fail to so qualify; (ii) cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A; or (iii) cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A.

SECTION 15. AMENDMENT AND TERMINATION

The Committees may amend, alter or terminate this Plan at any time without the prior approval of the Board; provided, however, that: (i) the Committees may not, without approval by the Board, materially increase the benefits provided to Recipients under this Plan; (ii) any amendment with respect to Restricted Stock Awards or RSU Awards granted to Outside Directors must be approved by the full Board; and (iii) no alteration or amendment that requires shareholder approval in order for the Plan to continue to comply with the New York Stock Exchange rules or any rule promulgated by the Securities and Exchange Commission or any other securities exchange on which shares of Common Stock are listed or any other applicable laws shall be effective unless such amendment shall be approved by the requisite vote of shareholders of the Company entitled to vote thereon within the time period required under such applicable listing standard or rule.

Table of Contents

Except for adjustments made pursuant to Section 14 hereof, the Board or the Committees will not, without the further approval of the shareholders of the Company, authorize the amendment of any outstanding Option or SAR to reduce the Exercise Price. No Option or SAR will be cancelled and replaced with Awards having a lower Exercise Price or for another Award, or for cash without further approval of the shareholders of the Company, except as provided in Sections 12 or 14 hereof. Furthermore, no Option or SAR will provide for the payment, at the time of exercise, of a cash bonus or grant or sale of another Award without further approval of the shareholders of the Company. This Section 15 is intended to prohibit the repricing of underwater Options or SARs without shareholder approval and will not be construed to prohibit the adjustments provided for in Sections 12 or 14 hereof.

Termination of this Plan shall not affect any Awards made hereunder which are outstanding on the date of termination and such Awards shall continue to be subject to the terms of this Plan notwithstanding its termination.

SECTION 16. MISCELLANEOUS PROVISIONS

(A) *Rights to Awards.* No Recipient or other Person shall have any claim or right to be granted an Award under this Plan.

(B) *Assignment and Transfer.* A Recipient's rights and interests under this Plan (including any Awards granted hereunder) may not be assigned or transferred in whole or in part, either directly or by operation of law or otherwise (except in the event of a Recipient's death, by will or the laws of descent and distribution), including, but not by way of limitation, execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner, and no such rights or interests of any Recipient in this Plan shall be subject to any obligation or liability of such individual; provided, however, that a Recipient's rights and interests under this Plan (including any Awards granted hereunder) may, subject to the discretion and direction of the Committees, be made transferable by such Recipient during his or her lifetime. Except as specified in Section 6 hereof, the holder of an Award shall have none of the rights of a shareholder until the shares subject thereto shall have been registered in the name of the person receiving or person or persons exercising the Award on the transfer books of the Company.

(C) *Compliance with Legal and Exchange Requirements.* The Plan, the granting and exercising of Awards hereunder, the issuance of Common Stock and other interests hereunder, and the other obligations of the Company under the Plan and any Agreement pursuant to the Plan, shall be subject to all applicable federal and state laws, rules, and regulations, and to such approvals by any regulatory or governmental agency as may be required. The Company or the Committees, in their respective discretion, may postpone the granting and exercising of Awards, the issuance or delivery of Common Stock under any Award or any other action permitted under the Plan to permit the Company, with reasonable diligence, to complete such stock exchange listing or registration or qualification of such Common Stock or other required action under any federal or state law, rule, or regulation and may require any Recipient to make such representations and furnish such information as the Committees may consider appropriate in connection with the issuance or delivery of Common Stock in compliance with applicable laws, rules, and regulations. The Company shall not be obligated by virtue of any provision of the Plan to recognize the exercise of any Award or to otherwise sell or issue Common Stock in violation of any such laws, rules, or regulations; and any postponement of the exercise or settlement of any Award under this provision shall not extend the term of such Awards, and neither the Company nor any of its Subsidiaries, directors or officers shall have any obligations or liability to any Recipient with respect to any Award (or Common Stock issuable thereunder) that shall lapse because of such postponement.

(D) *Ratification and Consent.* By accepting any Award under this Plan, each Recipient and each Personal Representative or Beneficiary claiming under or through him or her shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under this Plan by the Company or any of its Subsidiaries, the Board, or the Committees.

Table of Contents

(E) *Additional Compensation.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is required.

(F) *Grant Date.* Each Recipient shall be deemed to have been granted any Award on the date the Committees took action to grant such Award under this Plan or such date as the Committees in their sole discretion shall determine at the time such grant is authorized. The grant date shall not be earlier than the date of the resolution and action therein by the Committees.

(G) *Fractional Shares.* No fractional shares shall be issued or delivered pursuant to this Plan or any Award. The Committees shall determine whether cash, other Awards, or other property shall be issued or paid in lieu of fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(H) *Forfeiture Provision.* Unless the Agreement specifies otherwise, the Committees may, in their discretion, require a Recipient to forfeit all unexercised, unearned, unvested or unpaid Awards if:

(1) the Recipient, without written consent of the Company, engages directly or indirectly in any manner or capacity as principal, agent, partner, officer, director, employee or otherwise in any business or activity competitive with the business conducted by the Company or any of its Subsidiaries, as determined by the Committees;

(2) the Recipient performs any act or engages in any activity that is detrimental to the best interests of the Company or any of its Subsidiaries, as determined by the Committees; or

(3) the Recipient breaches any agreement or covenant with, or obligation or duty to, the Company or any Subsidiary, including without limitation, any non-competition agreement, non-solicitation agreement, confidentiality or non-disclosure agreement, or assignment of inventions or ownership of works agreement, as determined by the Committees.

(I) *Severability.* The validity, legality, or enforceability of the Plan will not be affected even if one or more of the provisions of this Plan shall be held to be invalid, illegal, or unenforceable in any respect.

(J) *Section 409A.* Awards granted under the Plan shall be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code. To the extent that the Committees determine that any award granted under the Plan is subject to Section 409A of the Code, the Agreement shall incorporate the terms and conditions necessary to avoid the imposition of an additional tax under Section 409A of the Code upon a Recipient. Notwithstanding any other provision of the Plan or any Agreement (unless the Agreement provides otherwise with specific reference to this Section): (i) an Award shall not be granted, deferred, accelerated, extended, paid out, settled, substituted or modified under the Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Recipient; and (ii) if an Award is subject to Section 409A of the Code, and if the Recipient holding the Award is a specified employee (as defined in Section 409A of the Code, with such classification to be determined in accordance with the methodology established by the Company), no distribution or payment of any amount under the Award shall be made before a date that is six (6) months following the date of such Recipient's separation from service (as defined in Section 409A of the Code) or, if earlier, the date of the Recipient's death. Although the Company intends to administer the Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local, or non-United States law. The Company shall not be liable to any Recipient for any tax, interest, or penalties a Recipient might owe as a result of the grant, holding, vesting, exercise, or payment of any Award under the Plan.

(K) *Awards to Participants Outside the United States.* Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in other countries in which the Company and its Subsidiaries operate

Table of Contents

or have Employees, the P&C Committee, in its sole discretion, shall have the power and authority to: (i) determine which Subsidiaries shall be covered by this Plan; (ii) determine which Employees outside the United States are eligible to participate in this Plan; (iii) modify the terms and conditions of any Award granted to Employees outside the United States to comply with applicable foreign laws; (iv) modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable; and (v) take any action, before or after an Award is made, that it deems necessary or advisable to obtain approval or comply with any local government regulatory exemptions, approvals or requirements.

Notwithstanding the above, the P&C Committee may not take any actions hereunder, and no Awards shall be granted that would violate any applicable law.

All elections and deferrals permitted under this provision shall comply with Section 409A of the Code, including setting forth the time and manner of the election (including a compliant time and form of payment), the date on which the election is irrevocable, and whether the election can be changed until the date it is irrevocable.
