INFORMATION REGARDING THE ANNUAL MEETING

Proxy Statement; Date, Time and Place of Annual Meeting

We are furnishing this proxy statement in connection with the solicitation of proxies by our Board of Directors for use at our 2013 annual meeting of stockholders (the annual meeting) to be held on May 10, 2013, at 9:00 a.m., local time, at our offices, 3280 Peachtree Road, N.W., Atlanta, Georgia 30305, in the boardroom located on the 23rd floor, or at any adjournment or postponement of that meeting. At the annual meeting, stockholders will be asked to consider and vote on the items of business listed and described in this proxy statement. This proxy statement and the accompanying proxy card are first being distributed to our stockholders and made available on the Internet on or about April 12, 2013.

Record Date; Quorum; Outstanding Common Stock Entitled to Vote

All holders of record of our Class A common stock and our Class C common stock as of April 5, 2013 (the Record Date) are entitled to receive notice of, and to vote at, the annual meeting. If your shares are held in street name through a bank, broker or other nominee, you must obtain a proxy card from your bank, broker or other nominee in order to be able to vote your shares at the annual meeting. As of the Record Date, there were 159,653,875 shares of our Class A common stock outstanding and 644,871 shares of our Class C common stock outstanding. Each share of Class A common stock outstanding is entitled to one vote for each of the seven director nominees and one vote on each other matter to be acted on at the annual meeting, and each share of Class C common stock is entitled to ten votes for each of the seven director nominees and ten votes on each other matter to be acted on at the annual meeting. As a result of the Record Date, there were shares representing 166,102,585 votes outstanding. The presence, in person or by proxy, of holders of a majority of the voting power represented by outstanding shares of our Class A common stock and our Class C common stock, voting together as a single class, is required to constitute a quorum for the transaction of business at the annual meeting.

Abstentions and broker non-votes will be treated as present for purposes of determining a quorum. A broker non-vote occurs when a registered holder (such as a bank, broker or other nominee) holding shares in street name for a beneficial owner does not vote on a particular proposal because the registered holder does not have discretionary voting power for that particular proposal and has not received voting instructions from the beneficial owner. Banks, brokers or other nominees that have not received voting instructions from their clients cannot vote on their clients behalf on the election of directors, the approval, on an advisory basis, of the compensation paid to our named executive officers (sometimes referred to as the advisory vote on executive compensation or the say-on-pay vote) or the advisory vote on the frequency of the advisory vote on executive compensation (sometimes referred to as the say-when-on-pay vote), but may (but are not required to) vote their clients shares on the proposal to ratify the appointment of our independent registered public accounting firm.

If a quorum is not present at the scheduled time of the annual meeting, the chairman of the meeting may adjourn or postpone the annual meeting until a quorum is present. The time and place of the adjourned or postponed annual meeting will be announced at the time the adjournment is taken, and, unless such adjournment or postponement is for more than 30 days, no other notice will be given. An adjournment or postponement will have no effect on the business that may be conducted at the annual meeting.

Voting Rights; Vote Required for Approval

Each share of Class A common stock outstanding is entitled to one vote for each of the seven director nominees and one vote on each other matter to be acted on at the annual meeting, and each share of Class C common stock is entitled to ten votes for each of the seven director nominees and ten votes on each other matter to be acted on at the annual meeting. Cumulative voting for director nominees is not allowed.

The affirmative vote of a majority of the votes entitled to be cast and represented at the annual meeting is required to elect each director nominee, to approve the advisory vote on executive compensation, to approve the frequency of the advisory vote on executive compensation and to ratify the appointment of our independent registered public accounting firm for 2013. Votes withheld from the election of directors and abstentions with

Table of Contents

respect to the approval of the advisory vote on executive compensation, the frequency of the advisory vote on executive compensation and the ratification of the appointment of our independent registered public accounting firm for 2013 will have the same effect as a vote against such director or such proposal, but broker non-votes are not considered to be votes cast and will have no effect on the outcome of the vote on the election of directors.

Voting and Revocation of Proxies

A proxy is a legal designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written or electronic document, that document is also called a proxy, a proxy card or a form of proxy. A proxy card for you to use in voting at the annual meeting accompanies this proxy statement. You may also vote by telephone or via the Internet as follows:

by telephone: call toll free 1-800-652-VOTE (8683) and follow the instructions provided by the recorded message; or

via the Internet: visit www.envisionreports.com/CMLS and follow the steps outlined on the secure website.

All properly executed proxies that are received prior to, or at, the annual meeting and not revoked (and all shares properly voted by telephone or via the Internet) will be voted in the manner specified. If you execute and return a proxy card, and do not specify otherwise, the shares represented by your proxy will be voted **FOR** each of the director nominees, **FOR** the advisory approval of executive compensation, for **ONE YEAR** as the preferred frequency for the advisory vote on executive compensation and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013.

If you have given a proxy or voted by telephone or via the Internet pursuant to this solicitation, you may nonetheless revoke that proxy or vote by attending the annual meeting and voting in person. In addition, you may revoke any proxy you give before the annual meeting by voting by telephone or via the Internet at a later date (in which case only the last vote will be counted) prior to 1:00 a.m. Central Time on May 10, 2013, by delivering a written statement revoking the proxy or vote, by delivering a duly executed proxy bearing a later date to Richard S. Denning, Corporate Secretary, at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305, so that it is received prior to the annual meeting, or at the annual meeting itself prior to the closing of the polls. If you have executed and delivered a proxy to us or voted by telephone or via the Internet, your attendance at the annual meeting will not, by itself, constitute a revocation of your proxy.

Solicitation of Proxies and Householding

We will bear the cost of the solicitation of proxies. We will solicit proxies initially by mail. Further solicitation may be made by our directors, officers and employees personally, by telephone, facsimile, e-mail or otherwise, but they will not be compensated specifically for these services. Upon request, we will reimburse brokers, dealers, banks or similar entities acting as nominees for their reasonable expenses incurred in forwarding copies of the proxy materials to the beneficial owners of the shares of common stock they hold of record.

From time to time, we may and, if you hold your shares in street name, your bank, broker or other nominee may, participate in the practice of householding proxy soliciting material. This means that if you reside in the same household as other stockholders of record or beneficial owners of our common stock, you may not receive your own copy of our proxy materials, even though each stockholder receives his or her own proxy card. If your household received one set of proxy materials and you are a stockholder of record who would like to receive additional copies of our proxy materials, you may request a duplicate set by contacting our Corporate Secretary at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305 or at the following telephone number: (404) 949-0700. If you share an address with other stockholders of record and your household received multiple sets of proxy materials, and you would like for your household to receive a single copy of our proxy materials, you may make such a request by contacting our Corporate Secretary at our principal

Table of Contents

executive offices listed above. If you hold your shares in street name, please contact your bank, broker or other nominee directly to request a duplicate set of proxy materials or to reduce the number of copies of our proxy materials that are sent to your household.

Other Matters

Except for the votes on the proposals described in this proxy statement, no other matter is expected to come before the annual meeting. If any other business properly comes before the annual meeting, the persons named as proxies will vote in their discretion to the extent permitted by law.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

As described below, the size of our board of directors (the Board of Directors or the Board) is currently set at seven members. All seven of the director nominees are currently directors. Pursuant to our Third Amended and Restated Certificate of Incorporation (the Charter) and our Amended and Restated By-laws (the By-laws), directors are elected or appointed to a term which expires at the next successive annual meeting of stockholders and when their successors are elected and qualified. Each director nominee was elected by our stockholders at our 2012 annual meeting of stockholders, except for Alexis Glick, who was appointed to the Board in February 2013 following the retirement from our Board of Directors of Eric P. Robison, who had served as a member of the Board of Directors since 1999.

The director nominees have all been nominated for election by our Board of Directors, upon the recommendation of a majority of our independent directors. If elected, each of the director nominees will serve until the 2014 annual meeting of stockholders or until each is succeeded by another qualified director who has been elected. Our Board of Directors has no reason to believe that any of these individuals will be unable or unwilling to serve as directors. If for any reason any of these individuals becomes unable or unwilling to serve before the annual meeting, it is expected that the persons named in the proxy will vote for the election of such other persons as our Board of Directors may recommend.

Pursuant to a stockholders' agreement (the Stockholders Agreement) entered into in September 2011 in connection with completing our acquisition of Citadel Broadcasting Corporation (Citadel) by us and BA Capital Company, L.P. (BA Capital) and Banc of America Capital Investors SBIC, L.P. (BACI) (together, the BofA Stockholders), Blackstone FC Communications Partners L.P. (Blackstone), Lewis W. Dickey, Jr., John W. Dickey, David W. Dickey, Michael W. Dickey, Lewis W. Dickey, Sr. and DBBC, L.L.C. (collectively, the Dickeyes), Crestview Radio Investors, LLC (Crestview), MIHI LLC and UBS Securities LLC, the size of the Board of Directors is set at seven members. The Stockholders Agreement provides that Crestview has the right to designate two individuals for nomination to the Board of Directors, and each of the Dickeyes, the BofA Stockholders and Blackstone has the right to designate one individual for nomination to the Board of Directors. The Stockholders Agreement also provides that the other two positions on the Board of Directors will be filled by individuals selected and nominated by the Board of Directors, each of whom must meet applicable independence criteria. Further, the parties to the Stockholders Agreement (other than the Company) have agreed to support the director nominees who are designated by the relevant stockholders and are presented to the Company's stockholders for approval at stockholder meetings. Each stockholder party's respective director nomination rights under the Stockholders Agreement will generally survive for so long as that stockholder continues to own a specified percentage of the Company's stock, subject to certain exceptions. Messrs. Marcus and Reimers are Crestview's designees to our Board of Directors, Mr. Tolley is Blackstone's designee to our Board of Directors, Mr. Sheridan is the BofA Stockholders' designee to our Board of Directors, and Mr. Lewis W. Dickey, Jr., our Chairman, President and Chief Executive Officer, is the Dickeyes' designee to our Board of Directors. Mr. Everett and Ms. Glick have been selected and nominated by our Board of Directors and each has been determined to meet the applicable independence criteria.

Detailed information about each of the director nominees is provided below.

In addition, Mr. Everett's management experience as a chief executive officer of a public policy institute focused on political and economic matters provides a valuable perspective to our Board of Directors and enables Mr. Everett to offer value in the oversight of the Company through his service on the Audit Committee.

Alexis Glick, age 41, was appointed to the Board of Directors in February 2013. Ms. Glick is currently the chief executive officer of GENYOUth Foundation, a non-profit organization dedicated to fighting childhood obesity, a position she has held since February 2011. Prior to joining Fox Business News in 2006, she was a correspondent and anchor for both NBC and CNBC. Ms. Glick's experience in branding, media and finance makes her a valuable member of our Board of Directors, and allows her to bring a unique perspective to the Compensation Committee. Her experience with various aspects of a large media company as well as her financial background and management roles with Morgan Stanley, Fox Business News and the GENYOUth Foundation enhance Ms. Glick's value as a member of the Board of Directors and the Compensation Committee.

Jeffrey A. Marcus, age 66, has served as one of our directors since September 2011. significant insight into a number of functional areas critical to Cumulus. Mr. Marcus has also served as a member of several boards of directors, which allows him to leverage his experience for the further benefit of the Company.

Arthur J. Reimers, age 58, has served as one of our directors since September 2011. Mr. Reimers has acted as an independent investor and business consultant since 2001. Prior to 2001, Mr. Reimers served in various positions with increasing seniority at Goldman, Sachs & Co., an investment banking firm, from 1981 to 2001, including as Managing Director from 1998 until his retirement in 2001. Mr. Reimers serves on the boards of directors of FBR Capital Markets Corporation and Rotech Healthcare Inc.

Mr. Reimers brings significant financial acumen and an understanding of risk and capital-related matters as a result of his professional experience, which are critical to our success and important to the Board of Directors and to his service on our Audit Committee. In addition, Mr. Reimers brings significant experience serving on the boards of other public company, including as a lead director, which allows us to benefit from his insight into process and procedural oversight and appropriate levels of interaction between the Board of Directors and management.

Robert H. Sheridan, III, age 50, has served as one of our directors since July 1998. He was a Director of NationsBank Capital Investors, the predecessor of BAMLCP, from January 1996 to January 1998.

Recommendation of the Board of Directors

Your Board of Directors unanimously recommends a vote FOR each of the director nominees.

Table of Contents

INFORMATION ABOUT THE BOARD OF DIRECTORS

The Board of Directors is elected by our stockholders to oversee our business and affairs and to assure that the long-term interests of our stockholders are being served. Our business is conducted by our employees, managers and officers under the direction of the Chief Executive Officer and the oversight of the Board of Directors.

The Board of Directors held six meetings during 2012. Each director attended at least 75% of the meetings of the Board of Directors and the committees on which he served, during the period that he served. We do not have a formal policy regarding attendance by directors at our annual meetings of stockholders, but we encourage all incumbent directors, as well as all director nominees, to attend the annual meeting. All director nominees who were members of our Board of Directors in 2012 attended last year's annual meeting of stockholders.

Director Independence

Our Board of Directors has reviewed the standards of independence for directors established by applicable laws and regulations, including the current listing standards of the NASDAQ Marketplace Rules, and has reviewed and evaluated the relationships of the directors with us and our management. Based upon this review and evaluation, our Board of Directors has determined that none of the current non-employee members of the Board of Directors has a relationship with us or our management that would interfere with such director's exercise of independent judgment, and that each non-employee member of the Board of Directors—Messrs. Everett, Marcus, Reimers, Sheridan and Tolley, and Ms. Glick—is an independent director. Mr. Robison, who retired from the Board of Directors on February 12, 2013, was also an independent director. The independent directors meet periodically in executive sessions.

Board of Directors Leadership Structure

Lewis W. Dickey, Jr. serves as our Chairman, President and Chief Executive Officer. Our Board of Directors believes that Mr. L. Dickey, Jr.'s service as both Chairman of the Board of Directors and Chief Executive Officer is in our and our stockholders' best interests. He has extensive experience in radio broadcasting, is viewed as a leader in the industry and possesses detailed and in-depth knowledge of the issues, opportunities and challenges that we face. Our Board of Directors believes that he is, therefore, best positioned to guide the Board of Directors to ensure that our directors' time and attention are focused on the most critical matters. His combined role enables decisive leadership and clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and suppliers, as well as to the investment community and the capital markets, particularly given the challenging economic conditions and changes that occur from time to time within the industry.

In connection with the significant growth of, and changes in, our Company beginning in 2011 resulting primarily from our completion of the acquisition of Citadel and related refinancing transactions, and pursuant to the terms of the Stockholders' Agreement, we created the position of lead director at that time. The Board of Directors continues to believe that this was appropriate in order to allow Mr. L. Dickey, Jr. to continue to focus on managing the Company's business, to provide additional structure for our independent directors' role in the oversight of the Company, and to demonstrate the effective, independent leadership on the Board of Directors.

Pursuant to the Stockholders' Agreement, for so long as Crestview remains the Company's largest stockholder, it retains the right to select one of its designees to our Board of Directors, who must qualify as an independent director and be a member of our Board of Directors, to serve as lead director. Pursuant thereto, Mr. Marcus was appointed as lead director effective September 16, 2011. The lead director's responsibilities include, among others:

providing oversight of corporate governance matters;

serving as liaison between the independent directors and the Chairman and as consensus builder for the Board of Directors;

Table of Contents

assisting the Chairman in guiding the Board of Directors in its strategic focus;

reviewing and participating in developing Board of Directors meeting agendas;

overseeing and managing any potential conflict of interest issues;

coordinating communication and integration across committees; and

presiding over executive sessions of the independent directors.

We believe that the foregoing structure and responsibilities, when combined with the Company's other governance policies and procedures, provide appropriate opportunities for oversight, discussion and evaluation of decisions and direction from the Board of Directors.

Committees of the Board of Directors

The Board of Directors has an Audit Committee and a Compensation Committee.

The Audit Committee. The purpose of the Audit Committee is to assist our Board of Directors in fulfilling its oversight responsibilities with respect to: (i) our accounting, reporting and financial practices, including the integrity of our financial statements; (ii) our compliance with legal and regulatory requirements; (iii) the independent auditors' qualifications and independence; and (iv) the performance of the independent auditors and our own internal audit function. The Audit Committee is responsible for overseeing our accounting and financial reporting processes and the audits of our financial statements on behalf of our Board of Directors. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm (including resolution of any disagreements between our management and our independent registered public accounting firm regarding financial reporting), and our independent registered public accounting firm reports directly to the Audit Committee.

The Audit Committee met five times in 2012. The members of the Audit Committee during 2012 were David M. Tolley (Chairman), Ralph B. Everett, Arthur J. Reimers and Robert H. Sheridan, III. Our Board of Directors has determined that each Audit Committee member is independent, as such term is defined under the rules of the Securities and Exchange Commission (the "SEC") and the NASDAQ Marketplace Rules applicable to audit committee members, and meets the financial literacy requirements of the NASDAQ Marketplace Rules. None of the aforementioned members has participated in the preparation of our or our subsidiaries' financial statements at any time during the past three years. In addition, our Board of Directors has determined that each of Messrs. Tolley, Reimers and Sheridan (1) is an audit committee financial expert, as such term is defined under the rules of the SEC, and (2) meets the NASDAQ Marketplace Rules' professional experience requirements. In making such determination, the Board of Directors took into consideration, among other things, the express provision in Item 407(d) of SEC Regulation S-K that the determination that a person has the attributes of an audit committee financial expert shall not impose any greater responsibility or liability on that person than the responsibility and liability imposed on such person as a member of the Audit Committee and the Board of Directors, nor shall it affect the duties and obligations of other Audit Committee members or the Board of Directors.

The Audit Committee operates pursuant to a written charter, which is reviewed on an annual basis and complies with the applicable provisions of the Sarbanes-Oxley Act of 2002, the related rules of the SEC and the NASDAQ Marketplace Rules. A copy of our Audit Committee charter is available on our corporate website, at www.cumulus.com.

The Compensation Committee. The Compensation Committee oversees the determination of all matters relating to employee compensation and benefits and specifically reviews and approves salaries, bonuses and equity-based compensation for our executive officers.

Table of Contents

The Compensation Committee does not currently operate pursuant to a formal written charter, but specifically, our Board of Directors has delegated to the Compensation Committee the following areas of responsibilities:

performance evaluation, compensation and development of our executive officers;

establishment of performance objectives under the Company's short- and long-term incentive compensation arrangements and determination of the attainment of such performance objectives; and

oversight and administration of benefit plans.

The Compensation Committee generally consults with management in addressing executive compensation matters. Subject to applicable parameters in various employment agreements entered into with our executive officers, our Chief Executive Officer, based on the performance evaluations of the other executive officers, recommends to the Compensation Committee compensation for those executive officers. The executive officers, including our Chief Financial Officer, also provide recommendations to the Compensation Committee from time to time regarding key business drivers included in compensation program design, especially incentive programs, which may include defining related measures and explaining the mutual influence on or by other business drivers and the accounting and tax treatment relating to certain awards. Our Chief Executive Officer also provides regular updates to the Compensation Committee regarding current and anticipated performance outcomes, including the impact on executive compensation. The Compensation Committee has the authority to retain compensation consultants from time to time as it deems appropriate. For additional information about the Compensation Committee's process and its role, as well as the role of executive officers, in determining executive compensation, see Executive Compensation Compensation Discussion and Analysis.

The Compensation Committee met two times in 2012. The members of the Compensation Committee during 2012 were Jeffrey A. Marcus (Chairman), Eric P. Robison and David M. Tolley. In connection with Mr. Robison's retirement from the Board of Directors in February 2013, Ms. Glick was appointed to the Compensation Committee in his place. All of the members of the Compensation Committee are (and prior to his retirement Mr. Robison was) independent, as such term is defined under the NASDAQ Marketplace Rules.

Risk Oversight

Our Board of Directors as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant Board committee, which reports on its deliberations to the full Board of Directors (except for those risks that require risk oversight solely by independent directors) as further described below. The Board of Directors believes that this structure for risk oversight is appropriate and, as only independent directors serve on the Board of Directors standing committees, the independent directors have full access to all available information for risks that may affect us.

The Audit Committee is specifically charged with reviewing and discussing risk management (primarily financial and internal control risk), and receives regular reports from management (including legal and financial representatives), independent auditors, internal audit and outside legal counsel on risks related to, among other things, our financial controls and reporting, covenant compliance under our various financing and other agreements and cost of capital. The Compensation Committee considers risks related to compensation and makes recommendations to the Board of Directors with respect to whether the Company's compensation policies and programs are properly aligned to discourage inappropriate risk-taking, and is regularly advised by management (including legal and financial representatives) and outside legal counsel. In addition, the Company's management, including the Company's General Counsel, regularly communicates with the Board of Directors to discuss important risks that merit its review and oversight, including regulatory risk and risks stemming from periodic litigation or other legal matters in which we are involved. Finally, our Board of Directors believes that our leadership structure of a combined Chairman and Chief Executive Officer, along with a separate lead director, allows for appropriate identification and assessment of issues that should be brought to the Board of Directors attention.

Director Nomination Process

Our Board of Directors does not have a standing nominating committee. Historically, due to the size of our Board of Directors and the historically low turnover of its members, we did not believe it was necessary to establish a separate nominating committee or to adopt a charter to govern the nomination process. In light of the contractual rights and obligations set forth in the Stockholders Agreement governing the designation of a majority of the nominees to our Board of Directors, we do not currently foresee the need to establish a separate nominating committee or to adopt a written charter to govern the nomination process. Similarly, we do not have a formal process for identifying and evaluating nominees for director. Generally, director candidates have been first identified by evaluating the current members of our Board of Directors. If a member whose term is expiring at the next succeeding annual meeting of stockholders no longer wishes to continue in service, or if our Board of Directors decides not to re-nominate such member, our Board of Directors would then determine, consistent with the terms of the Stockholders Agreement, whether to commence a search for qualified individuals meeting the criteria discussed below. To date, we have not engaged third parties to identify or evaluate, or assist in identifying or evaluating, potential director nominees.

In accordance with Board policy and the NASDAQ Marketplace Rules, director nominees (including Messrs. Dickey, Marcus, Reimers, Sheridan and Tolley, who are designated for nomination pursuant to the terms of the Stockholders Agreement) must either be (1) recommended by a majority of the independent directors for selection by our Board of Directors or (2) discussed by the full Board of Directors and approved for nomination by the affirmative vote of a majority of our Board of Directors, including the affirmative vote of a majority of the independent directors.

Historically, we have not had a formal policy with regard to the consideration of director candidates recommended by our stockholders. To date, our Board of Directors has not received any recommendations from stockholders requesting that it consider a candidate for inclusion among our Board of Directors slate of nominees in our proxy statement, other than pursuant to the Stockholders Agreement, and certain predecessor agreements. The absence of such a policy does not mean, however, that a recommendation would not have been considered had one been received, or will not be considered if one is received in the future. Our Board of Directors from time to time may give consideration to the circumstances in which the adoption of a formal policy would be appropriate.

Our Board of Directors evaluates all candidates based upon, among other factors, a candidate's financial literacy, knowledge of our industry and other relevant background experience, status as a stakeholder, independence (for purposes of compliance with the rules of the SEC and the NASDAQ Marketplace Rules), and willingness, ability and availability for service. Other than the foregoing, there are no stated minimum criteria for director nominees, although our Board of Directors may also consider such other factors as it may deem are in the best interests of us and our stockholders. The Board of Directors considers diversity as it deems appropriate in this context (without having a formal diversity policy), given our current needs and the current needs of the Board of Directors to maintain a balance of knowledge, experience and capability. When considering diversity, the Board of Directors considers diversity as one factor, of no greater or lesser importance than other factors, and considers diversity in a broad context of race, gender, age, business experience, skills, international experience, education, other board experience and other relevant factors.

Our By-laws provide for stockholder nominations to our Board of Directors, subject to certain procedural requirements. To nominate a director to our Board of Directors, a stockholder must give timely notice of the nomination in writing to our Corporate Secretary not later than 90 days prior to the anniversary date of the annual meeting of stockholders in the preceding year. All such notices must include (i) the stockholder's name and address, (ii) a representation that the stockholder is one of our stockholders, and will remain so through the record date for the upcoming annual meeting of stockholders, (iii) the class and number of shares of our common stock that the stockholder holds (beneficially and of record), and (iv) a representation that the stockholder intends to appear in person or by proxy at the upcoming annual meeting of stockholders to make the nomination. The

stockholder must also provide information on his or her prospective nominee, including such person's name, address and principal occupation or employment, a description of all arrangements or understandings between the stockholder, his or her prospective nominee and any other persons (to be named), the written consent of the prospective nominee and such other information as would be required to be included in a proxy statement soliciting proxies for the election of director nominees.

STOCKHOLDER COMMUNICATION WITH THE BOARD OF DIRECTORS

Any matter intended for our Board of Directors, or for any individual member or members of our Board of Directors, should be directed to Richard S. Denning, Corporate Secretary, at our principal executive offices, 3280 Peachtree Road, N.W., Suite 2300, Atlanta, Georgia 30305, with a request to forward the same to the intended recipient. In the alternative, stockholders may direct correspondence to our Board of Directors to the attention of the chairman of the Audit Committee of the Board of Directors, in care of Richard S. Denning, Corporate Secretary, at our principal executive offices. All such communications will be forwarded unopened.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, our directors and executive officers, and any persons who beneficially own more than 10% of our common stock, are required to file initial reports of ownership and reports of changes in ownership with the SEC. Based upon our review of copies of such reports for our 2012 fiscal year and written representations from our directors and executive officers, we believe that our directors and executive officers, and beneficial owners of more than 10% of our common stock, timely complied with all applicable filing requirements for our 2012 fiscal year, except for one filing for each of Mr. L. Dickey, Jr., John W. Dickey, our Executive Vice President and Co-Chief Operating Officer, Jonathan G. Pinch, our Executive Vice President and Co-Chief Operating Officer, and Richard S. Denning, our Senior Vice President, Secretary and General Counsel, each relating to a single tax withholding transaction involving vesting of restricted stock that was inadvertently filed late due to an administrative error.

The Company, however, is not required to convert any share of Class B common stock if the Company reasonably and in good faith determines that such conversion would result in a violation of the Communications Act, the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or the rules and regulations promulgated under either such Act.

Compensation Discussion and Analysis

This compensation discussion and analysis provides an overview of our compensation philosophy, objectives, policies and programs, the elements of compensation that we provide, and the material factors that we considered in making the decisions to pay such compensation. Following this analysis, we have provided a series of tables containing specific information about the compensation earned, or paid, in 2012 to the following individuals, whom we refer to as our named executive officers:

Lewis W. Dickey, Jr., our Chairman, President and Chief Executive Officer;

Joseph P. Hannan, our Senior Vice President, Treasurer and Chief Financial Officer;

Jonathan (John) G. Pinch, our Executive Vice President and Co-Chief Operating Officer;

John W. Dickey, our Executive Vice President and Co-Chief Operating Officer; and

Richard S. Denning, our Senior Vice President, Secretary and General Counsel.

The discussion below is intended to help you understand the information provided in those tables and put that information in context within our overall compensation program.

Role of the Compensation Committee

The Compensation Committee is responsible for overseeing all aspects of our executive compensation, including designing, implementing and evaluating the operation of the Company's Compensation programs in accordance with its philosophy. The Compensation Committee reviews and approves, or recommends to the Board of Directors for approval, all compensation for our executive officers, including grants of equity awards, and any changes in compensation program design and implementation. Additional information about the Compensation Committee, including its composition, responsibilities and operations, can be found in Information About the Board of Directors Committees of the Board of Directors The Compensation Committee.

Executive Compensation Philosophy

We seek to design and implement an overall compensation program with the following three primary related objectives:

providing a total compensation package that allows us to compete effectively in attracting, rewarding and retaining executive leadership talent;

rewarding executives for meaningful performance that contributes to enhanced long-term stockholder value and our general long-term financial health; and

aligning the interests of our executives with those of our stockholders.

In accordance with these goals, we generally seek to provide a material portion of each executive officer's compensation in the form of at-risk incentive awards, including awards that measure individual performance and our success as a Company in achieving our business strategy and

Edgar Filing: CUMULUS MEDIA INC - Form DEF 14A

objectives. With respect to Company performance, we typically focus primarily on the performance and results of our broadcasting operations and the cash flow generated by our business, as these metrics have traditionally been indicators of financial success and value creators for our Company and in our industry.

To implement the foregoing, the Compensation Committee has certain flexibility to determine the types and amounts of fixed and incentive-based cash compensation, as well as equity-based compensation opportunities each year, based on an analysis of relevant factors including historical and expected individual responsibilities and contributions, Company performance and internal and external pay equity considerations.

Compensation Program Elements and Their Purpose

As described above, the compensation program for our executive officers consists primarily of the following integrated components: base salary, annual incentive awards and long-term incentive opportunities. The program also contains elements relating to retirement, severance and other employee benefits.

Base Salary. Base salary is the fixed portion of an executive officer's annual compensation and is intended to recognize fundamental market value for the skills and experience of the individual relative to the responsibilities of his position with us. Changes to base salary are generally intended to reflect, among other things, the officer's performance as measured through functional progress, career and skill development and mastery of position competency requirements. Base salary is the fundamental element of the total compensation package to which most other elements relate.

The Compensation Committee seeks to set base salaries at levels that it considers fair, after considering a variety of factors, including the scope and complexity of the officer's position; the officer's expertise; the officer's experience relative to his position and responsibilities; the officer's contributions and importance to us; the officer's historical compensation; the salary ranges for persons in comparable positions at comparable companies (to the extent available); the competitiveness of the market for the officer's services; and the recommendations of our Chief Executive Officer (except in the case of his own performance). Subject to limitations in applicable employment agreements, determinations as to appropriate base salaries of our named executive officers are generally not made by applying a particular formula or using designated benchmarks.

Annual Incentive Compensation. Unlike base salary, which is fixed, annual incentive compensation is intended to vary as a direct reflection of Company and individual performance, usually over a twelve-month period. The incentive opportunity is typically expressed as a percentage of base salary and paid in the form of a cash bonus, although the Compensation Committee has discretion to grant or pay incentive awards, in whole or in part, in the form of equity awards and has done so in the past. In addition to annual incentive compensation awards, the Compensation Committee has the authority to make discretionary bonus awards, including awards based on Company or individual performance, at any time.

Long-Term Incentives. Long-term incentive awards, which have historically been made in the form of grants of either options that are exercisable for shares of our common stock or awards of restricted shares of our common stock that are subject to time or performance-based vesting requirements, are granted with the intent to reward performance over a multi-year period with links to continued service, long-term stockholder value and performance criteria. This long-term incentive opportunity is generally designed and implemented to maintain a desired balance between short- and long-term compensation, as further discussed below. The realized compensation from these incentives will vary as a reflection of stock price or other financial performance over time.

Employee Retirement/Health and Welfare Benefit Plans. These benefits are intended to provide competitive levels of medical, retirement and income protection, such as life and disability insurance coverage, for the executives and their families. Our executive officers generally are eligible to participate in the same programs pertaining to medical coverage (active employee and retiree), life insurance, disability and retirement offered to all of our eligible employees. In addition, our executive officers are eligible to participate in an executive life insurance program. We believe that our benefits and retirement programs are comparable to those offered by other similar companies in the broadcasting industry and, as a result, are appropriate to ensure that our compensation package for our executive officers remains competitive.

Severance and Other Termination Payments. Each executive officer currently employed by us is party to an employment agreement entered into in November 2011, under which he may receive severance benefits upon his termination of employment in various circumstances, including in connection with a change in control. The severance-related arrangements are described in more detail under Potential Payments upon Termination or

Table of Contents

Change in Control. We believe that our severance arrangements, including the amount of the severance benefit, are comparable to those offered by similar companies in the broadcasting industry and, as a result, are appropriate to ensure that compensation for our executive officers remains competitive.

Executive Perquisites. We do not believe it is appropriate to provide our executive officers with substantial perquisites beyond their stated compensation, but we do offer certain perquisites we believe are reasonable and necessary to compete for executive talent. We do not provide perquisites such as country club memberships or financial planning costs, but have historically provided a car allowance to certain of our executive officers.

Compensation Levels Among Executive Officers. There are no policy differences with respect to the compensation of individual executive officers even though the level of compensation may differ based on scope of responsibilities and performance. Any compensation disparity between our Chief Executive Officer and our other executive officers is primarily due to the Chief Executive Officer having significantly greater responsibilities for strategic leadership, management and oversight of a large enterprise and the corresponding market factors reflecting this difference. From an operations oversight perspective, we have divided responsibility for our radio markets in half, and Mr. J. Dickey and Mr. Pinch, who each serve as Executive Vice President and Co-Chief Operating Officer, are each responsible for one-half of our operating markets. Mr. J. Dickey also has responsibility for overseeing our radio networks and programming, market promotion and engineering across all markets. Consequently, Mr. J. Dickey's base salary and incentive awards reflect the multiple categories of responsibilities that he holds. Mr. Hannan was named Senior Vice President, Treasurer and Chief Financial Officer in March 2010, after having served as Interim Chief Financial Officer since July 2009, and his compensation has increased as he has taken on increased responsibilities in that role. In 2011, Mr. Denning was designated as an executive officer in light of his increased responsibilities and his promotion to Senior Vice President, Secretary and General Counsel.

Compensation Framework

The Role of Executive Officers in Determining Executive Compensation

The Compensation Committee generally consults with members of management in connection with addressing executive compensation matters. Our Chief Executive Officer evaluates the performance of the other executive officers and develops recommendations regarding their compensation, including proposed compensation levels for individual executive officers within the constructs of their respective employment agreements, using internal and external resources. These resources may include compensation surveys, external data and reports from third parties or publicly available information. Recommendations from our Chief Executive Officer generally take into account the various elements of our compensation program including design, compliance and competitive strategy as well as consideration of the individual executive officer's performance and compensation level. The Compensation Committee reviews and discusses these recommendations and determines whether to accept, reject or revise the proposals.

Our Chief Executive Officer, and other management personnel, from time to time assist the Compensation Committee in understanding, and provide recommendations regarding, key business factors that are relevant to our compensation philosophy. This may include defining related measures and explaining the mutual influence on or by various business elements and the accounting and tax treatment relating to certain awards. Our Chief Executive Officer also provides updates to the Compensation Committee regarding current and anticipated performance outcomes and their anticipated impact on executive compensation.

Our internal and external legal counsel assist in ensuring that appropriate plan documentation and approvals are received in order to keep executive pay programs in compliance with applicable laws and stock exchange listing requirements. Our legal counsel also advises the Compensation Committee and our Board of Directors on compliance with appropriate corporate governance standards and requirements.

Table of Contents

When Long-term Grants are Made

The Compensation Committee typically evaluates and, if appropriate, grants long-term incentive awards annually, usually in the first quarter of the fiscal year. The meeting date is scheduled in advance and without regard to potential stock price movement. In addition, the Compensation Committee retains the discretion to make additional grants, or amendments to previous grants, of incentive awards from time to time throughout each year in light of business or other applicable developments.

Discretion to Modify Awards

As previously noted, annual incentive awards are typically based on our performance and that of each individual named executive officer over the most recently completed fiscal year. The Compensation Committee reserves the right to adjust Company or individual goals during the course of the year in order to reflect changes in our business.

Under our equity incentive plans, the Compensation Committee has certain discretion to adjust or modify the terms of an award, including awards that might otherwise be forfeited. The Compensation Committee generally does not have the authority to unilaterally rescind an award. Each award defines the terms under which it would be forfeited according to the terms of the applicable equity incentive plan.

Allocating Between Long-Term and Annual Compensation

We seek to execute on an executive compensation program that is balanced in terms of each element of pay relative to competitive practices, with an appropriate incentive emphasis placed on long-term results. The overall program is intended to balance business objectives for executive pay for performance, retention, competitive market practices and stockholder interests. Each year, in light of a number of considerations including recent and expected business developments, individual and Company performance, historical compensation and other relevant metrics, we seek to ensure an appropriate percentage of the annual total direct compensation target opportunity is subject to performance risk for our executive officers. The Compensation Committee allocates total compensation between short- and long-term incentives based upon, among other things, input of compensation consultants and other advisors from time to time, and various analyses of general compensation practices at similar companies, as well as, its view of how best to maintain key personnel.

Stockholder Input on Executive Compensation Matters

In accordance with applicable law and as described in more detail in Proposal 2 below, we are providing at our annual meeting an opportunity for our stockholders to have an advisory vote on executive compensation (the say-on-pay vote). Although this vote will not be binding on the Compensation Committee, the Board of Directors or the Company, we expect to consider and evaluate the results of this vote when designing and implementing our compensation policies and programs in the future.

In addition to such consideration as will be given to the results of the say-on-pay vote, at various times throughout the year the Compensation Committee considers any input it may receive from stockholders and other stakeholders, and more general developments in executive compensation principles, in the development and implementation of the Company's executive compensation philosophy, policies and programs. For additional information on the say-on-pay vote with respect to the compensation paid to our executive officers in 2012, see Proposal No. 2: Advisory Vote on Executive Compensation below.

Compensation Consultants

The Compensation Committee has the authority to retain compensation consultants from time to time as it deems appropriate. In 2011, and in connection with the significant transformation of the Company in terms of

size, scope of operations, and capital structure, and the related increase in executive responsibilities in connection with its acquisition of Citadel Broadcasting Corporation (Citadel), the Company engaged Meridian Compensation Partners, LLC (Meridian) to advise the Company on various executive compensation matters, including the need to develop an appropriate compensation program for Cumulus after completion of the strategic transactions in 2011. Matters on which Meridian assisted the Compensation Committee included the development of a new equity incentive plan, the design and sizing of equity awards that were made under that new plan in September 2011, certain elements of the executive officer employment agreements entered into in November 2011, and a new non-employee director compensation program that was implemented as of January 1, 2012. The program design and implementation approved and adopted by the Compensation Committee in 2011 also underlined a number of compensation related decisions made in 2012 for our executive officers.

As a part of its engagement, Meridian reviewed data from the following group of peer companies:

Belo Corp.	Nexstar Broadcasting Group, Inc.
Beasley Broadcast Group	Radio One, Inc.
Citadel Broadcasting Corporation	Saga Communications, Inc.
Emmis Communications Corporation	Salem Communications Corporation
Entercom Communications Corp.	Sinclair Broadcast Group, Inc.
Entravision Communications Corporation	Spanish Broadcasting System, Inc.
Gray Television, Inc.	Westwood One, Inc.
Lin TV Corp.	

The Compensation Committee used data provided by Meridian on various of these companies in its own evaluation and analysis of compensation types, levels and amounts to be paid to the Company s executive officers and to nonemployee directors.

Meridian does not have a relationship with, nor did it provide any services to, the Company or the Compensation Committee other than in connection with the engagement as described above.

Compensation Decisions for 2012

Base Salary. As described above, we entered into new employment agreements with each of our named executive officers in November 2011, which superseded the terms of the prior employment agreements in their entirety. Pursuant to these new employment agreements, the terms of which were developed by the Compensation Committee, with assistance from Meridian, the named executive officers were entitled to receive the following base salaries, effective September 16, 2011 (which was the date that we completed the Citadel acquisition and a series of related financing transactions): Mr. L. Dickey (\$1,450,000), Mr. Hannan (\$550,000), Mr. J. Dickey (\$875,000), Mr. Pinch (\$775,000), and Mr. Denning (\$500,000). These salaries, which are subject to annual increases at the discretion of the Board of Directors, were established in light of the significant increase in each of the named executive officer s responsibilities, particularly for Mr. Hannan as he took on much greater functional responsibilities as Chief Financial Officer, and as appropriate compensation for executive officers of a larger company.

In light of the base salary adjustments that took effect in September 2011, the Compensation Committee did not make any additional increases to base salary for the named executive officers for 2012.

Table of Contents

Annual Incentive Compensation Award Opportunity. Each named executive officer's employment agreement provides that he will be eligible for an annual cash bonus based upon achievement of annual performance goals for the Company and/or the individual as determined by the Compensation Committee each year. These agreements also provide that the annual cash award opportunity will be calculated as a percentage of each executive's base salary as follows:

Name	Target (as a % of base salary) Award Opportunity	Maximum Award Opportunity
Lewis W. Dickey, Jr.	100%	150%
Joseph P. Hannan	50%	75%
John G. Pinch	75%	100%
John W. Dickey	75%	100%
Richard S. Denning	40%	60%

The employment agreements also provide that, beginning in 2012, the Compensation Committee may adjust the target and maximum award opportunities for an executive officer in any year.

In February 2012, the Compensation Committee established certain objectives and criteria applicable to the annual incentive compensation award opportunities for the named executive officers. The Compensation Committee selected such criteria for each named executive officer based on each individual's functional areas of responsibility within the Company, and the Compensation Committee's perceived importance of the objectives to the overall success of the Company. The Compensation Committee also determined at that time that the payment of annual incentive compensation in 2012 above the target award opportunity level would be at the discretion of the Compensation Committee based on its assessment of factors relevant to each individual's performance. The Compensation Committee determined that each named executive officer would be entitled to receive the applicable target bonus opportunity if Cumulus achieved budgeted revenue and EBITDA goals, and satisfied other objectives related to managing costs, achieving success in obtaining synergies and in successfully integrating the acquired businesses. In addition, the Compensation Committee determined that the named executive officers would be entitled to additional amounts, up to the maximum bonus opportunity, based upon the Compensation Committee's determination, in its discretion, of the individual's contributions to the Company's strategic, business and operating performance during the year.

Based upon the foregoing, and after evaluating Company and individual performance in 2012 in light of all applicable factors, including the specific contributions that each individual made to the Company's operations, integration of the acquired businesses, financial position, performance and strategic development in an economic and industry environment that continued to face challenges in 2012, and after taking into account the discretion afforded to the Compensation Committee in the payment of annual cash incentive compensation, the Compensation Committee approved the following payments to the named executive officers as annual incentive awards for 2012 performance:

Name	Actual Bonus Amount	Actual Bonus as a Percentage of Target Award Opportunity	Actual Bonus as a Percentage of Maximum Award Opportunity
Lewis W. Dickey, Jr.	\$ 725,000	50%	33%
Joseph P. Hannan	\$ 137,500	50%	33%
John G. Pinch	\$ 290,625	50%	38%
John W. Dickey	\$ 328,125	50%	38%
Richard S. Denning	\$ 100,000	50%	33%

Long-Term Incentive Awards. As described above, the Compensation Committee considers the grant of equity incentive awards on an annual basis, or more frequently if circumstances warrant, as an important component of our overall compensation philosophy to reward performance over a multi-year period with links to continued service and long-term stockholder value creation.

Table of Contents

As with determinations of base salary and annual short-term incentives, determinations as to appropriate long-term incentives of our named executive officers historically have not depended upon the application of a particular formula or the use of designated benchmarks.

As previously disclosed, in connection with the significant corporate transactions undertaken by the Company in 2011, including the Citadel acquisition and related financing transactions, and in light of the significant additional responsibility of the named executive officers as a result thereof, the Compensation Committee believed it was appropriate to grant to the named executive officers an additional equity incentive award in September 2011. This award was made in connection with the closing of those transactions in the form of stock options with exercise prices in excess of then-current market value, requiring the named executive offices to create significant value in the form of stock price appreciation in order to achieve value from this award.

In light of the level and timing of the various equity incentive awards made in 2011, the Compensation Committee did not make grants of equity incentive awards to the named executive officers in or for 2012.

Impact of Restated Earnings on Previously Paid or Awarded Compensation

We have not had to restate earnings in a manner that would impact incentive award payments. If restatements are necessary in the future, the Compensation Committee and the Board of Directors will consider the facts and circumstances relating to the cause and impact of the restatement, as well as the requirements under Section 304 of the Sarbanes-Oxley Act of 2002, in determining whether any payments based upon the financial results were made unjustly and the materiality and probability of recovering such payments.

Accounting and Tax Impact on Direct Compensation

For executive officers, all compensation is subject to federal, state and local taxes as ordinary income or capital gains as various tax jurisdictions provide. Section 162(m) of the U.S. tax code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any of our executive officers. However, the U.S. tax code also provides that qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. To maintain flexibility in compensating our executive officers, however, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes that such payments are appropriate. Accordingly, certain components of the compensation program for our executive officers are designed to be qualifying performance-based compensation under Section 162(m) of the tax code, while others are not.

We do not expect accounting treatment of various forms of equity awards under GAAP to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of compensation.

Summary of Compensation and Benefit Plan Risk

Our compensation and benefits policies and practices include a number of features designed to address potential risks while rewarding employees for achieving long-term financial and strategic objectives through prudent business judgment and appropriate risk taking. These include a balanced mix of compensation components and prudent performance goals discussed above. The Compensation Committee considers potential risks when reviewing and approving compensation programs. After assessing compensation related risks for our employees, the Compensation Committee determined that the Company's compensation and benefit policies and practices are not likely to have a material adverse effect on the Company and that the plans currently in place or contemplated are appropriately balanced between retention and incentive to enable the Company to retain its

management team and provide the executive officers with appropriate incentives focused on meeting the objectives, developed by management and the Board of Directors, designed to create long-term stockholder value.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and these discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

2012 Option Exercises and Stock Vested

The following table provides the number of shares of Class A common stock acquired upon vesting of stock awards in 2012 and the value realized for each named executive officer. No stock options were exercised during 2012.

Potential Payments upon Termination or Change in Control

The following analyses reflect the amount of compensation that would be payable to each of the named executive officers in the event of termination of their employment under the following scenarios: resignation for good reason, termination without cause, termination for cause, resignation without good reason (voluntary resignation), termination in connection with a change in control, and termination due to death or disability. The analyses assume that the date of termination was December 31, 2012, and the dollar value of any equity is calculated using a per share price of \$2.67, which was the reported closing price of our Class A common stock on December 31, 2012. In addition, the analyses assume the sale, on that date, of all restricted shares and shares of Class A common stock issuable upon exercise of unvested options whose vesting is accelerated as a result of termination.

All potential payments to the executive officers upon termination of their employment or upon a change in control are governed by the terms of their respective employment agreements as described below, or the equity incentive plan pursuant to which various equity incentive awards were issued. For additional information regarding the employment agreements, see Employment Agreements.

Each agreement provides that in the event the Company terminates the relevant named executive officer's employment without cause (including the Company notifying the executive of the Company's intent to not renew such agreement) or if the executive terminates his employment for good reason during the term of the agreement, the executive will be entitled to the following:

an amount equal to a multiple (the severance multiplier) of the sum of the executive's respective annual base salary and target bonus award opportunity then in effect. The severance multiplier is 2.0 for Mr. L. Dickey, Jr. and 1.0 for the other named executives;

a lump-sum payment equal to the pro rata amount of the annual bonus the executive would have received if he had remained employed by the Company through the last day of the calendar year, based on actual performance through the applicable performance period;

Table of Contents

immediate vesting of 50% of any unvested equity awards, with the remaining 50% of such awards being forfeited, provided, however, that if such termination occurs during the six-month period immediately preceding a change in control (as defined in the agreements), then 100% of any unvested equity awards will become fully vested on the consummation of the change in control; and

continued participation by the executive and his dependents in the Company's medical, dental, vision and hospitalization plans for 18 months for the other named executives.

In the event that the Company terminates the executive's employment without cause or the executive terminates his employment for good reason within a specified period following a change in control, the executive will be entitled to the same payments and benefits as described above, except the severance multiplier will be 3.0 for Mr. L. Dickey, Jr. and 2.0 for the other named executives, and 100% of the executive's equity awards will vest immediately. The specified period is 18 months in the case of Mr. L. Dickey, Jr. and nine months in the case of the other named executives.

Each agreement further provides that if the executive is terminated with cause, the executive terminates his employment without good reason or the executive's employment is terminated due to death or disability, then the Company is only obligated to pay the executive any base salary, bonus payments for any completed fiscal year and unreimbursed expenses that were accrued, but unpaid, through the date of termination.

In the event of a termination by the Company without cause or a termination by the relevant executive for good reason, the Company will not be obligated to pay to the executive any amounts other than those in the immediately preceding paragraph unless such executive executes in favor of the Company a general release of any claims against the Company.

In addition, payments and benefits under each of the employment agreements in event of a termination by the Company without cause or a termination by the relevant executive for good reason (other than terminations within one year following a change in control) are subject to compliance by the terminated executive with the 18-month non-competition and non-solicitation covenants in each of the agreements. Payments and benefits under each of the employment agreements are also subject to compliance by the terminated executive with the confidentiality covenants in each of the agreements.

According to each executive's employment agreement:

good reason means, in each case without the executive's consent, (i) a material diminution in his authority, duties or responsibilities or an adverse change in his reporting responsibilities; (ii) a material reduction in his base salary; (iii) the relocation of his principal place of employment to a location more than thirty (30) miles from the city of Atlanta, Georgia; or (iv) a material breach of the employment agreement by the Company;

cause means (i) the conviction of the executive of a felony under the laws of the United States or any state thereof, whether or not appeal is taken; (ii) the conviction of the executive for a violation of criminal law involving the Company and its business; (iii) the willful misconduct of the executive, or the willful or continued failure by the executive (except as a result of disability or illness) to substantially perform his duties under the agreement, in either case which has a material adverse effect on the Company; or (iv) the willful fraud or material dishonesty of the executive in connection with his performance of duties to the Company; and

change in control means the date that: (i) any one person, or more than one person acting as a group, acquires ownership of stock of the Company that, together with stock of the Company held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company; provided, if any one person, or more than one person acting as a group, is considered to own more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company, the acquisition of additional stock by the same person or persons is

Table of Contents

not considered to cause a change in control ; (ii) any one person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or persons) ownership of the Company's stock possessing thirty percent (30%) or more of the total voting power of the stock of the Company; (iii) a majority of members of the Board of Directors is replaced during any twelve-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board of Directors before the date of the appointment or election; or (iv) any one person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all of the assets of the Company immediately before such acquisition or acquisitions.

In addition to payments made pursuant to the employment agreements, in the case of termination as a result of death or disability, the named executive officers are entitled to accelerated vesting of unvested stock option awards granted to the executive officers in 2012 under their stock option award agreements.

Lewis W. Dickey, Jr. The following analysis describes the potential payments upon termination of employment for Mr. L. Dickey, Jr. Unless otherwise specified, all cash payments are lump-sum payments.

Assuming a termination had occurred on December 31, 2012, Mr. L. Dickey, Jr. would have been entitled to receive:

for resignation for good reason or termination without cause (other than during the eighteen-month period following a change in control), a total of \$6,905,510, which consists of: \$5,800,000 (representing a severance payment of two times the sum of his base salary and target bonus as in effect immediately prior to the date of termination), plus \$725,000 (representing a lump sum cash payment for his annual bonus), plus in the case of termination without cause other than during the six-month period preceding a change in control only, \$373,800 (representing the proceeds from the sale at \$2.67 per share of 50% of his unvested equity awards as of the date of termination, excluding any underwater stock options), plus \$7,110 (the value of 18 months continued coverage under our employee benefit plans);

Director Compensation

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our Board of Directors. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as directors as well as the expertise and knowledge required. In 2011, the Compensation Committee, together with its compensation consultant, developed a new non-employee director compensation program that took effect January 1, 2012.

Table of Contents

Effective January 1, 2012, non-employee directors receive a fee of \$75,000 annually. Further, each non-employee director receives an additional fee of \$25,000 annually for service on each committee of which he or she is a member. Also, the Chairman of the Audit Committee receives an additional fee of \$25,000 annually, the Chairman of the Compensation Committee receives an additional fee of \$15,000 annually, and the lead director receives an additional fee of \$30,000 annually. Each non-employee director is also reimbursed for expenses actually incurred in attending in-person meetings of the Board of Directors and any committees. In addition, each non-employee director receives \$100,000 in restricted stock awards per year, which vest on the first anniversary of the grant date.

Employment Agreements

On November 29, 2011, we entered into new employment agreements with each of our named executive officers. Each of the agreements has an initial term through November 29, 2014 and contains a provision for automatic extensions of one-year periods thereafter, unless terminated in advance by either party in accordance with the terms of the agreement. Pursuant to the agreements, each executive was entitled to receive the following annual base salary, subject to increase from time to time by the Board of Directors: Mr. L. Dickey, Jr. (\$1,450,000), Mr. Hannan (\$550,000), Mr. Pinch (\$775,000), Mr. J. Dickey (\$875,000) and Mr. Denning (\$500,000).

The agreements also provide that each executive will be eligible for an annual cash bonus based upon achievement of annual performance goals for the Company and/or the individual determined by the Compensation Committee each year. The annual cash bonus will be calculated as a percentage of the executive's base salary, with the target and maximum award opportunities available to the executive: Mr. L. Dickey, Jr. (Target 100%, Maximum 150%), Mr. Hannan (Target 50%, Maximum 75%), Mr. Pinch (Target 75%, Maximum 100%), Mr. J. Dickey (Target 75%, Maximum 100%) and Mr. Denning (Target 40%, Maximum 60%).

Notwithstanding these target and maximum award opportunities, beginning in 2012 the Compensation Committee may adjust the target and maximum award opportunities for any executive for each year.

These agreements cancel and supersede the previous employment agreements with Messrs. L. Dickey, Jr., Pinch, J. Dickey and Denning.

The employment agreements also provide for payments to the executive officers upon termination of their employment. For more information about the terms of these payments see Potential Payments upon Termination or Change in Control.

Compensation Committee Interlocks and Insider Participation

During 2012, Messrs. Marcus, Robison and Tolley, none of whom is one of our officers or employees, were members of the Compensation Committee of our Board of Directors, which determines, or makes recommendations with respect to, compensation matters for our executive officers. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest. The Audit Committee has been delegated the authority to review and approve all related party transactions involving directors or executive officers of the Company. Generally, a related person transaction is a transaction in which we are a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest. Related persons include our executive officers, directors and holders of more than 5% of our common stock, and any person of their immediate family members.

Under our related transaction policy, when management becomes aware of a related person transaction, management reports the transaction to the Audit Committee and requests approval or ratification of the transaction. Generally, the Audit Committee will approve only related party transactions that are on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party. The Audit Committee will report to the full Board of Directors all related person transactions presented to it.

Pursuant to a management agreement entered into in 2010, we provide certain back office shared services, including finance, accounting, use of corporate headquarters, legal, human resources and other services to DM Luxury in exchange for an annual management fee equal to the greater of \$0.5 million and 5.0% of DM Luxury's adjusted EBITDA on an annual basis, which fee is payable upon the expiration of the agreement or upon the earlier occurrence of other specified events. PROPOSAL NO. 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) provides stockholders with the right to vote to approve, on an advisory, nonbinding, basis, the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC. This advisory vote is commonly referred to as the say-on-pay vote.

As described in Executive Compensation Compensation Discussion and Analysis, our philosophy with respect to executive compensation is to implement certain core compensation principles, namely, alignment of management s interests with our stockholders interests and encouraging and rewarding meaningful performance that contributes to enhanced long-term stockholder value and our general long-term financial health. Our compensation programs are designed in a consistent manner, and seek to ensure we can effectively attract and retain executive leadership, reward meaningful performance that enhances stockholders value and our financial strength, and align the interests of executives with other stockholders. In the course of implementing our compensation programs for 2012, the Compensation Committee, with input from management, determined what it considered appropriate levels and types of performance-based incentives to motivate our named executive officers to achieve short-term and long-term business goals, after reviewing historical compensation levels, data and analyses regarding the compensation at our peer companies and the Company s business expectations for 2012. We believe that our executive compensation philosophy and programs are appropriate to ensure management s interests are aligned with our stockholders interests to support long-term value creation. Please read Executive Compensation Compensation Discussion and Analysis, including the accompanying compensation tables and related narrative, of this proxy statement for additional details about our executive compensation philosophy and programs, including information about the fiscal year 2012 compensation of our named executive officers.

The say-on-pay vote gives you as a stockholder the opportunity to express your views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation philosophy, objectives, policies and practices described in this proxy statement. In accordance with the Dodd-Frank Act and applicable SEC rules and regulations, this is the first year that Cumulus stockholders have the opportunity to cast a say-on-pay vote. The Compensation Committee, which administers our executive compensation program, values the opinions expressed by stockholders and will consider the outcome of these votes in making its decisions on executive compensation in the future. Accordingly, the Board of Directors recommends that stockholders approve the following advisory resolution:

RESOLVED, that the stockholders of Cumulus approve, on an advisory basis, the compensation of the Company s named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and accompanying footnotes and narratives disclosed in this proxy statement.

Because this vote is advisory, it will not be binding on the Compensation Committee, the Board or the Company. However, it will provide information to our management and Compensation Committee regarding investor sentiment about our executive compensation philosophy, objectives, policies and practices, which management and the Compensation Committee will be able to consider when determining executive compensation for the remainder of fiscal 2013 and beyond.

Recommendation of the Board of Directors

Your Board of Directors unanimously recommends a vote FOR the advisory approval of the compensation of the Company s named executive officers as disclosed in this proxy statement.

PROPOSAL NO. 3: ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also provides stockholders with the right to vote at the 2013 annual meeting, on an advisory, nonbinding, basis, on the frequency with which the Company should include an advisory vote on executive compensation, similar to that in Proposal 2, at future annual meetings of stockholders. This advisory vote is commonly referred to as the say-when-on-pay vote. Stockholders may vote for a say-on-pay vote to occur every year, every two years or every three years, or may abstain from voting on the frequency of the say-on-pay vote.

Section 14A of the Exchange Act requires that we conduct a stockholder advisory vote of this nature at least once every six years. This proposal provides our stockholders with the opportunity to cast an advisory vote indicating their preference on how often the Company should include a say-on-pay proposal in its proxy materials for future stockholder meetings.

We believe that by providing for a say-on-pay vote every year, stockholders will have the opportunity annually to express their views on the compensation of our named executive officers. An annual vote provides stockholders with the ability to evaluate our executive compensation program each year. An annual vote also complements our goal of creating and implementing a compensation philosophy, objectives, programs and practices that enhance stockholder value, and can maximize accountability and communication.

You may cast your vote on a preferred frequency on which the Company is to hold an advisory stockholder vote to approve the compensation of the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC by selecting your preference of every year, every two years or every three years, or by abstaining from voting.

Although the say-when-on-pay vote is nonbinding, the Board of Directors and the Compensation Committee will consider the results of the say-when-on-pay vote, among other factors, in determining the frequency of future say-on-pay votes. The Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the non-binding option recommended by our stockholders.

Recommendation of the Board of Directors

Your Board of Directors unanimously recommends a vote for ONE YEAR as the preferred frequency for an advisory vote on executive compensation, as disclosed in this proxy statement.
