**Item 3.02 Unregistered Sales of Equity Securities.**

On June 26, 2013 and July 1, 2013, certain employees of the Company exercised options to acquire an aggregate of 2,873,571 shares of the Company's common stock, par value \$0.01 per share (the Common Stock), for tax-planning purposes. The options were issued under the Company's 2010 Equity Incentive Plan at a weighted average strike price of approximately \$2.28 per share. The exercise of the foregoing stock options was accomplished via a cashless exercise, whereby the option holders surrendered the right to receive an aggregate of 793,488 shares of Common Stock in order to cover the exercise price and the statutory tax liability associated with such exercise. The Company issued an aggregate of 2,080,083 shares of Common Stock as a result of the cashless exercise of the foregoing stock options. No shares were sold by the employees in connection with this transaction. The shares of Common Stock issued remain subject to lock-up agreements entered into by each employee in connection with the Company's initial public offering.

The issuance of the Common Stock upon exercise of the options was exempt from registration under the Securities Act of 1933, as amended (the Securities Act) pursuant to Section 4(a)(2) of the Securities Act or Rule 701 promulgated thereunder, as a transaction by an issuer not involving a public offering. With respect to such option exercises, no general solicitation was made by the Company or any person acting on its behalf; the employees agreed that the securities would be held for investment and would be subject to other standard restrictions applicable to a private placement of securities under applicable state and federal securities laws; and appropriate legends were affixed to the stock certificates issued in connection with such option exercises.
