## **SECTION 2. FINANCIAL INFORMATION.**

### **Item 2.05. Costs Associated with Exit or Disposal Activities.**

On September 11, 2013, International Paper Company (the Company) issued a press release announcing its plans to permanently close its paper mill in Courtland, Alabama. The mill will shut down in stages with a full closure expected to be complete by the end of the first quarter of 2014. The mill closure will reduce the Company's North American uncoated and coated freesheet paper production capacity by 950,000 tons, of which 765,000 is uncoated freesheet. The Company estimates that the mill closure will result in pre-tax noncash asset write-off and accelerated depreciation charges of approximately \$550 million and pre-tax cash severance and other shutdown charges of approximately \$125 million to be recorded during the remainder of 2013 and in 2014. The press release announcing the mill closure is attached as Exhibit 99.1 and is incorporated herein by reference into this Item 2.05.

Certain statements in this filing may be considered forward-looking statements. These statements reflect Company management's current views and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied in these statements. Factors which could cause actual results to differ include but are not limited to industry, global economic and other conditions that could affect the timing of the mill closure process. These and other factors that could cause or contribute to actual results differing materially from such forward-looking statements are discussed in greater detail in the Company's Securities and Exchange Commission filings. The Company undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
