Litigation Relating to the Merger - Amended Action

As previously disclosed in the company's definitive merger proxy statement filed with the Securities and Exchange Commission (the "SEC") on January 15, 2014 (as amended or supplemented from time to time, the "proxy statement"), on December 19, 2013, Albert C. Banfe, Jr., a purported stockholder of the company filed a putative class action complaint against Performance Technologies, Incorporated ("PT"), members of PT's board of directors and management, Sonus Networks, Inc. ("Sonus") and Purple Acquisition Subsidiary, Inc. in connection with the proposed merger. On January 23, 2014, Mr. Banfe filed an amended complaint in the action captioned *Albert C. Banfe, Jr. v. Performance Technologies Services, Inc. et al.* Case No. 13/14391, which is pending in the Supreme Court of the State of New York, Monroe County (the "Banfe Action"). As amended, the complaint in the Banfe Action alleges that the defendants breached and/or aided and abetted the breach of their fiduciary duties to PT's stockholders, by seeking to sell PT through an allegedly unfair process and allegedly for an unfair price and on unfair terms. In addition, the complaint alleges that the preliminary proxy statement filed by PT with the SEC on December 31, 2013 contains material omissions. The complaint seeks, among other things, equitable relief that would enjoin the merger, damages, and attorney's fees and costs.

Memorandum of Understanding to Settle the Actions

On February 7, 2014, PT, the individual defendants, Sonus, and Purple Acquisition Subsidiary, Inc. entered into a memorandum of understanding ("MOU") to settle the Banfe Action and the previously disclosed actions titled, *Mordecai and Bradleigh Kolko v. Performance Technologies Inc. et al.*, Case No. 9171, pending in the Court of Chancery of the State of Delaware, where it was brought on December 18, 2013 (the "Kolko Action") and *John Solak v. Performance Technologies, Inc. et al.*, Case No. 9239, pending in the Court of Chancery of the State of Delaware, where it was brought on January 10, 2014 (the "Solak Action", and, together with the Kolko Action and the Banfe Action, the "Actions").

Pursuant to the MOU, PT, the individual defendants, Sonus and Purple Acquisition Subsidiary, Inc. agreed to resolve all disputed legal claims in all of the Actions and to make certain supplemental disclosures regarding the merger, as set forth herein.

The MOU is expected to be memorialized in a stipulation of settlement, which will be subject to customary terms and conditions, including court approval, and will include an agreement by the plaintiffs in the Actions, on behalf of their respective classes of PT stockholders, to provide a release of claims of PT stockholders against PT, Sonus, Purple Acquisition Subsidiary, Inc., and their respective officers and directors.

This additional disclosure should be read in conjunction with the proxy statement.

Pursuant to the MOU, certain disclosures in the proxy statement are supplemented as follows:

Disclosure is added to the proxy statement in *The Merger - Background of the Merger* on the following pages:

On page 24, the following sentence is added following the sentence beginning "During the intervening period, on May 18, 2012":

The closing per share sales price of our common stock on May 18, 2012 was \$1.98.

On page 25, the following sentence is added to be the last sentence in the paragraph beginning "On August 30, 2012, Mr. Slusser received":

The closing per share sales price of our common stock on August 30, 2012 was \$1.36.

On page 28, the following sentence is added to follow the sentence beginning On September 20, 2013, Mr. Castonguay submitted :

The closing per share sales price of our common stock on September 20, 2013 was \$3.24.

On page 29, the following sentence is added to be the last sentence in the paragraph beginning After considering these matters, our board determined that :

To our knowledge, Bowen has not been engaged by or provided services to, nor otherwise received fees from Sonus at any time during the two years preceding the date of the proxy statement.

On page 31, the following sentence is added to be the last sentence in the paragraph beginning In response to Mr. Slusser's email :

On November 8, 2013, the closing per share sales price of our common stock was \$2.81.

On page 34, in the last paragraph on that page, the sentence beginning Mr. Knauf inquired as to whether through the rest of that paragraph is amended and restated to read as follows:

Mr. Knauf inquired as to whether the revenue multiples that Craig-Hallum calculated for PT in its revenue multiples analyses had taken into account the impact of the non-recurring payments associated with last-time buy and build orders of the OEM products, since these non-recurring payments amounted to approximately \$5.9 million in revenue for the nine months ended September 30, 2013 and would result in additional non-recurring revenue in the fourth quarter of 2013. Craig-Hallum confirmed that these non-recurring revenues were included in its analyses, so the board concluded that without such non-recurring revenues, the transaction revenue multiple would be closer to the median to median-high range of the comparable company and precedent transaction multiples calculated by Craig-Hallum.

On page 43 of the proxy statement in *Opinion of Craig-Hallum Capital Group Summary of Financial Analysis Selected Publicly Traded Company Analysis*, the following table is inserted between the paragraphs beginning

Craig-Hallum obtained financial metrics and projections and Craig-Hallum next calculated the low, median and high values :

On page 45 of the proxy statement in *Opinion of Craig-Hallum Capital Group - Summary of Financial Analysis - Discounted Cash Flows Analysis*, the following footnote is added after the words as reported by PT to Craig-Hallum, in the penultimate sentence of the paragraph beginning, Craig-Hallum conducted an illustrative discounted cash flow analysis :

The amendments apply to all participants under the Plans and will allow participants who have reached the age of 60 and above to retire under the terms of the Plans, and thus will enable them to exercise their assumed options at any time within the one-year period following the date of their retirement. Prior to the amendment, participants ages 60 and 61 who retired would have been required to exercise their assumed options within thirty days of their retirement.
