Item 1.01 Entry into a Material Definitive Agreement.

As previously announced, on May 15, 2014, the holding company for Genworth Financial, Inc. s (Genworth Financial) Australian mortgage insurance business, Genworth Mortgage Insurance Australia Limited (Genworth Australia), priced the initial public offering (the Offer) of its ordinary shares. On that date, Genworth Financial, Genworth Holdings, Inc. and the joint lead managers of the Offer agreed that 220,000,000 of Genworth Australia s ordinary shares would be issued (subject to customary closing conditions) at an initial public offering price of AUD\$2.65 per ordinary share, and 20,000,000 of those ordinary shares were designated as over-allocation shares that may be reacquired by Genworth Financial entities as a result of market stabilization activities prior to June 18, 2014. We cannot predict whether any over-allocation shares will be reacquired by the Genworth Financial entities. The Offer was conducted pursuant to the terms of the Offer Management Agreement entered into among Genworth Australia, Genworth Financial, Genworth Financial Mortgage Insurance Pty Limited, Genworth Financial Mortgage Indemnity Limited, and the joint lead managers named therein. The Offer closed on May 21, 2014. Following completion of the Offering, Genworth Financial beneficially owns approximately 66% of the ordinary shares of Genworth Australia. If all of the over-allocation shares are reacquired, Genworth Financial will beneficially own approximately 69% of the ordinary shares of Genworth Australia.

The net proceeds of the Offer will be used by Genworth Australia to repay certain intercompany funding arrangements with subsidiaries of Genworth Financial and those funds will then be distributed to Genworth. The gross proceeds of the Offer (before payment of fees and expenses) are approximately \$535 million, based on an assumed exchange rate of 0.92 for the Australian dollar, and assuming no ordinary shares that have been designated as over-allocation shares are reacquired by Genworth Financial entities as a result of market stabilization activities. If all 20,000,000 ordinary shares that have been designated as over-allocation shares are reacquired by Genworth Financial entities as a result of market stabilization activities, the gross proceeds of the Offer (before payment of fees and expenses) are projected to be approximately \$485 million, based on the same factors noted above. Fees and expenses in connection with the Offer are currently estimated at approximately \$30 million, using the same assumed exchange rate.

Concurrently with the completion of the Offer, Genworth Australia, Genworth Financial and certain subsidiaries of Genworth Financial entered into a shareholder agreement (the Shareholder Agreement). The principal provisions of the Shareholder Agreement are discussed below.

Director designations and appointments

Genworth Financial and its subsidiaries (other than Genworth Australia and its subsidiaries) (together, the Genworth Financial Group) will be entitled to designate a specified number of directors to the board of directors of Genworth Australia (the Board), rounded to the nearest whole number, determined by the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia, as set forth in the table below.

If the number of directors the Genworth Financial Group is entitled to designate decreases because of a reduction in the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia, the number of directors that the Genworth Financial Group is entitled to designate will not subsequently increase even if the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia subsequently exceeds a greater designation threshold (unless such subsequent increase occurs within 90 days after the date on which the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia decreased below the relevant threshold).

Beneficial Ownership Designation Threshold	Number of Directors
Greater than or equal to 50%	5/9
Less than 50% but not less than 40%	4/9
Less than 40% but not less than 30%	3/9
Less than 30% but not less than 20%	2/9
Less than 20% but not less than 10%	1/9
Less than 10%	None

The Board must, subject to approval of the designees by the relevant committee of the Board acting reasonably, appoint those designees as directors.

If the members of the Genworth Financial Group beneficially hold 33% or more of the ordinary shares of Genworth Australia, Genworth Financial will be entitled to designate one member to each committee of the Board. However, once the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia decreases to below that threshold, the Genworth Financial Group will no longer be entitled to designate a member to any of the committees of the Board (unless the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia increases to above that threshold within 90 days after the date on which the beneficial ownership in aggregate of Genworth Financial in the ordinary shares of Genworth Australia decreased below the threshold).

Rights and obligations at various levels of beneficial ownership in aggregate of members of the Genworth Financial Group

If members of the Genworth Financial Group maintain specified levels of beneficial ownership in aggregate in the ordinary shares of Genworth Australia, Genworth Financial will have the rights and Genworth Australia will have the obligations as set forth in the table below.

However, in respect of the rights and obligations set forth in the table below under the heading Special approval rights of Genworth Financial, once the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia decreases below the relevant threshold such that Genworth Financial is no longer entitled to certain rights and Genworth Australia is no longer required to undertake certain obligations, a subsequent increase in the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia will not result in the recommencement of those rights and obligations (unless such subsequent increase occurs within 90 days after the date on which the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia decreased below the relevant threshold).

If Genworth Financial does so, Genworth Australia must provide all co-operation and assistance reasonably required by Genworth Financial to facilitate a sell-down or a holding restructuring, including providing certain information and granting access to its premises and records reasonably required for that transaction, and the support of Genworth Australia's senior executives in marketing any sell-down. Termination

The Shareholder Agreement terminates on the first date on which the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia is less than 10%.

Non-competition

Until the first date on which the beneficial ownership in aggregate of members of the Genworth Financial Group in the ordinary shares of Genworth Australia is less than 50% (Restricted Period), Genworth Australia must not directly or indirectly engage in any line of business (other than the mortgage insurance business in Australia and New Zealand) in a jurisdiction where Genworth Financial or its affiliates, as of the date of the master agreement governing the contractual framework for the reduction by Genworth Financial of its beneficial ownership of Genworth Australia, is licensed to conduct or hold an interest of greater than 20% in a joint venture that is licensed to conduct (or in each case has one or more local employees dedicated to), such lines of business. On this basis, the jurisdictions from which Genworth Australia is restrained during the Restricted Period are Austria, Belgium, Bermuda, Brazil, Canada, China, Colombia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Guernsey, Hungary, India, Ireland, Italy, Latvia, Lithuania, Luxembourg, Mexico, Netherlands, Norway, Peru, Poland, Portugal, Slovakia, South Korea, Spain, Sweden, Switzerland, Turkey, the UK and the United States.

During the Restricted Period, Genworth Financial must not engage in any mortgage insurance business in Australia or New Zealand currently carried on by Genworth Australia or its affiliates (other than as a result of its holding in Genworth Australia). This restriction does not apply after the Restricted Period.

Either Genworth Financial or Genworth Australia may acquire a business that would compete with a business line of the other if:

That competitive business comprises less than 15% of the total assets and revenues of the business to be acquired; and

The non-acquiring party is given a right of first refusal, to acquire that competitive business. If the non-acquiring party does not exercise its right of first refusal, then the acquiring party may complete the acquisition provided that it complies with certain obligations to keep the competitive business separate, including by divesting the competitive business within two years and by separating management and information.

If a party is acquired during the Restricted Period, it remains subject to the non-competition restrictions. However, the purchaser of a party will not be required to comply with such restrictions.
