that have been registered under the Securities Act of 1933 (the Securities Act)

We refer herein to the foregoing offer to exchange as the exchange offer. The terms of the exchange offer are summarized below and are more fully described in this prospectus. When we use the term notes in this prospectus, the term includes the Restricted Notes and the Exchange Notes unless otherwise indicated or the context otherwise requires.

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2014, unless we extend the exchange offer in our sole and absolute discretion.

Material Terms of the Exchange Offer

The only conditions to completing the exchange offer are that the exchange offer not violate applicable law or any applicable interpretation of the staff of the Securities and Exchange Commission, which we refer to as the SEC or the Commission; no action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer and no material adverse development shall have occurred in any existing action or proceeding with respect to us; and all governmental approvals shall have been obtained, which approvals we deem necessary for the consummation of the exchange offer.

We will exchange all outstanding Restricted Notes that are validly tendered and not withdrawn prior to the expiration or termination of the exchange offer for an equal principal amount of the applicable Exchange Notes.

You may withdraw tenders of Restricted Notes at any time prior to the expiration or termination of the exchange offer.

Restricted Notes may be tendered only in minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

The terms of the Exchange Notes are substantially identical in all material respects to those of the applicable outstanding Restricted Notes, except that transfer restrictions, registration rights and additional interest provisions relating to the Restricted Notes do not apply to the Exchange Notes. The Exchange Notes will be issued under the same indenture as the Restricted Notes.

We will not receive any proceeds from the exchange offer.

Results of the Exchange Offer

The Exchange Notes may be sold in the over-the-counter market, in negotiated transactions or through a combination of such methods. We do not plan to list the Exchange Notes or the Restricted Notes on a national market.

All outstanding Restricted Notes not tendered will continue to be subject to the restrictions on transfer set forth in the outstanding Restricted Notes in the indenture. In general, outstanding Restricted Notes may not be offered or sold, unless registered under the Securities Act of 1933, as amended (the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws.

Other than in connection with the exchange offer, we do not plan to register the outstanding Restricted Notes under the Securities Act.

Each broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Restricted Notes where such Restricted Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, for a period of up to 180 days after the expiration date of the exchange offer, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See Plan of Distribution on page 103.

Unless otherwise indicated or the context otherwise requires, references in this prospectus to Darling, Company, we, us and our means Darling Ingredients Inc. and all of our subsidiaries.

Darling Ingredients Inc.

Founded by the Swift meat packing interests and the Darling family in 1882, Darling Ingredients Inc. (Darling , and together with its subsidiaries, the Company or we, us or our) was incorporated in Delaware in 1962 under the name Darling-Delaware Company, Inc. On December 28, 1993, Darling changed its name from Darling-Delaware Company, Inc. to Darling International Inc. On May 6, 2014, Darling changed its name from Darling International Inc. to Darling Ingredients Inc.

The Company is a global developer and producer of sustainable natural ingredients from edible and inedible bio-nutrients, creating a wide range of ingredients and customized specialty solutions for customers in the pharmaceutical, food, pet food, feed, technical fuel, bioenergy and fertilizer industries. With operations on five continents, the Company collects and transforms all aspects of animal by-product streams into useable and specialty ingredients, such as gelatin, edible fats, feed-grade fats, animal proteins and meals, plasma, pet food ingredients, organic fertilizers, yellow grease, fuel feedstocks, green energy, natural casings and hides. The Company also recovers and converts used cooking oil and commercial bakery residuals into valuable feed and fuel ingredients. In addition, the Company provides grease trap services to food service establishments, environmental services to food processors and sells restaurant cooking oil delivery and collection equipment.

On January 7, 2014, the Company acquired the VION Ingredients business division (VION Ingredients) of VION Holding, N.V. (VION) by purchasing all of the shares of VION Ingredients International (Holding) B.V. and VION Ingredients Germany GmbH, and 60% of Best Hides GmbH (collectively, the VION Companies) pursuant to a Sale and Purchase Agreement dated October 5, 2013, as amended, between Darling and VION (the VION Acquisition). The VION Ingredients business is now conducted under the name Darling Ingredients International. In addition, on October 28, 2013, Darling completed the acquisition of substantially all of the assets of Rothsay (Rothsay), a division of Maple Leaf Foods, Inc. (MFI), a Canadian corporation, pursuant to an Acquisition Agreement between MFI and Darling dated August 23, 2013 (the Rothsay Acquisition). The Company s business is conducted through a global network of over 200 locations across five continents.

Commencing with the first quarter of 2014, the Company s business operations were reorganized into three new reportable operating segments: Feed Ingredients, Food Ingredients and Fuel Ingredients. This change was necessitated by the VION Acquisition and aligns the Company s operations based on the products and services offered to various end markets. All historical periods have been restated to conform to the new reportable operating segment structure; however, it should be noted that none of the Company s historic operations fall within the Food Ingredients operating segment and therefore, there is no comparable financial information for the Food Ingredients operating segment for prior periods.

Summary of the Terms of the Exchange Offer

On January 2, 2014, we completed the private offering of \$500,000,000 aggregate principal amount of our Restricted Notes. We refer to the issuance of the Restricted Notes in this prospectus as the original issuance.

At the time of the original issuance, we entered into a registration rights agreement with the initial purchasers of the Restricted Notes in which we agreed, among other things, to complete an exchange offer for the Restricted Notes. You are entitled to exchange your Restricted Notes in the exchange offer for Exchange Notes with substantially identical terms, except that the Exchange Notes will have been registered under the Securities Act and will not bear legends restricting their transfer or contain additional interest provisions. Unless you are a broker-dealer or unable to participate in the exchange offer, we believe that the Exchange Notes to be issued in the exchange offer may be resold by you without compliance with the registration and prospectus delivery requirements of the Securities Act. You should read the discussions under the headings **The Exchange Offer** and **Description of the Exchange Notes** for further information regarding the Exchange Notes.

Registration Rights Agreement

Under the registration rights agreement, we are obligated to offer to exchange the Restricted Notes for Exchange Notes with substantially identical terms. The exchange offer is intended to satisfy that obligation. After the exchange offer is complete, you will no longer be entitled to any exchange or registration rights with respect to your Restricted Notes.

The Exchange Offer

We are offering to exchange up to \$500,000,000 aggregate principal amount of 5.375% Senior Notes due 2022 for a like principal amount of the Restricted Notes to satisfy our obligations under the registration rights agreement.

If we fail to satisfy our registration obligations under the registration rights agreement, including, if required, our obligation to have an effective shelf registration statement for the Restricted Notes, we may be required to pay additional interest to the holders of the Restricted Notes, up to a maximum of 1.00% per year. See **The Exchange Offer Purpose and Effect**.

In order to be exchanged, Restricted Notes must be properly tendered and accepted. All Restricted Notes that are validly tendered and not validly withdrawn will be accepted and exchanged, subject to the conditions described herein

We will issue the Exchange Notes promptly after the expiration of the exchange offer.

Table of Contents

Resales of the Exchange Notes

We believe that the Exchange Notes to be issued in the exchange offer may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act if, but only if, you meet the following conditions:

the Exchange Notes to be issued to you in the exchange offer are acquired in the ordinary course of your business;

at the time of the commencement of the exchange offer, you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes to be issued to you in the exchange offer in violation of the Securities Act;

you are not our affiliate, as that term is defined in Rule 405 of the Securities Act;

you are not engaging in, and do not intend to engage in, a distribution of the Exchange Notes to be issued to you in the exchange offer;

if you are a participating broker-dealer that will receive Exchange Notes for your own account in exchange for the Restricted Notes that were acquired as a result of market-making or other trading activities, that you will deliver a prospectus in connection with any resale of the Exchange Notes; and

you are not acting on behalf of any persons or entities who could not truthfully make the foregoing representations.

Our belief is based on interpretations by the staff of the Commission, as set forth in no-action letters issued to third parties unrelated to us. The staff has not considered the exchange offer in the context of a no-action letter, and we cannot assure you that the staff would make a similar determination with respect to the exchange offer.

If you do not meet the above conditions, you may not participate in the exchange offer or sell, transfer or otherwise dispose of any Restricted Notes unless (i) they have been registered for resale by you under the Securities Act and you deliver a resale prospectus meeting the

requirements of the Securities Act or (ii) you sell, transfer or otherwise dispose of the Exchange Notes in accordance with an applicable exemption from the registration requirements of the Securities Act.

Each broker-dealer that receives Exchange Notes in the exchange offer for its own account in exchange for Restricted Notes that were acquired by that broker-dealer as a result of market-making activities or other trading activities must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any of its resales of those Exchange Notes. A broker-dealer may use this prospectus to offer to resell, resell or otherwise transfer those Exchange Notes. See Plan of Distribution. A broker-dealer may use this prospectus for an offer to resell or to otherwise transfer those Exchange Notes for a period of 180 days after the expiration of the exchange offer.

Table of Contents

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on, 2014, unless we decide to extend the exchange offer. We do not intend to extend the exchange offer, although we reserve the right to do so. If we determine to extend the exchange offer, we do not intend to extend it beyond, 2014.

Conditions to the Exchange Offer

The only conditions to completing the exchange offer are that:

the exchange offer does not violate applicable law or any applicable interpretation of the staff of the Commission;

no action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer, and no material adverse development shall have occurred in any existing action or proceeding with respect to us; and

Future domestic restricted subsidiaries of Darling Ingredients Inc. (other than any receivables entity) that guarantee or, in certain cases otherwise incur other indebtedness will also guarantee the Exchange Notes. See the section entitled Description of the Exchange Notes Certain Covenants Future Subsidiary Guarantors. The guarantees will be unsecured senior indebtedness of the Subsidiary Guarantors and will have the same ranking with respect to indebtedness of the Subsidiary Guarantors as the Exchange Notes will have with respect to our indebtedness. Under certain circumstances, Subsidiary Guarantors will be released from their guarantees without the consent of the holders of Exchange Notes. See the section entitled Description of the Exchange Notes Subsidiary Guarantees.
Ranking	The Exchange Notes will be our senior unsecured obligations and will rank: equal in right of payment to all of our existing and future senior indebtedness;

senior in right of payment to all of our existing and future subordinated indebtedness, if any.

As of March 29, 2014:

we had approximately \$2,392.9 million of indebtedness;

of our total indebtedness, we had approximately \$1,853.5 million of secured indebtedness under our Senior Secured Facilities (excluding an additional \$32.7 million represented by letters of credit under the Senior Secured Facilities) to which the Exchange Notes will be effectively subordinated;

we had undrawn commitments available for additional borrowings under the Senior Secured Facilities of up to \$748.3 million (after giving effect to \$32.7 million of outstanding letters of credit); and

Table of Contents

our non-guarantor subsidiaries had \$2,041.9 million of total liabilities (including trade payables but excluding intercompany liabilities), all of which are structurally senior to the Exchange Notes. Of the \$3,454.1 million of total liabilities, \$78.1 million were guaranteed by the Subsidiary Guarantors.

Optional Redemption

We may redeem some or all of the Exchange Notes at any time on or after January 15, 2017 at the redemption prices specified in this prospectus under Description of the Exchange Notes Optional Redemption. We may also redeem, at any time prior to January 15, 2017, some or all of the Exchange Notes pursuant to a make-whole provision as described in this prospectus under Description of the Exchange Notes Optional Redemption.

In addition, at any time and from time to time prior to January 15, 2017, we may redeem up to 40% of the aggregate principal amount of the Exchange Notes using the proceeds of one or more equity offerings at the redemption price set forth in this prospectus under Description of the Exchange Notes Optional Redemption.

Mandatory Offers to Purchase

The occurrence of a change of control will be a triggering event requiring us to offer to purchase from you all or a portion of your Exchange Notes at a price equal to 101% of their principal amount, together with accrued and unpaid interest, if any, to the date of purchase, as described in this prospectus under Description of the Exchange Notes Change of Control.

Certain asset dispositions will be triggering events that may require us to use the proceeds from those asset dispositions to make an offer to purchase the Exchange Notes at 100% of their principal amount, together with accrued and unpaid interest, if any, to the date of purchase, as described in this prospectus under Description of the Exchange Notes Certain Covenants Limitation on Sales of Assets and Subsidiary Stock

Covenants

We will issue the Exchange Notes under an indenture between us and U.S. Bank National Association, as trustee. The indenture includes covenants that limit our ability and each of our restricted subsidiaries ability to:

incur additional indebtedness or issue preferred stock;

pay dividends on or make other distributions or repurchase of our capital stock or make other restricted payments;

create restrictions on the payment of dividends or other amounts from our restricted subsidiaries;

make loans or investments;

enter into certain transactions with affiliates;

Table of Contents

create liens;

designate our subsidiaries as unrestricted subsidiaries; and

sell certain assets or merge with or into other companies or otherwise dispose of all or substantially all of our assets.

In addition, many of the covenants in the indenture that will govern the Exchange Notes will be suspended if the Exchange Notes are rated investment grade by both Standard & Poor's Ratings Services (Standard & Poor's) and Moody's Investors Service, Inc. (Moody's) and no default has occurred and is continuing. These covenants are subject to important exceptions and qualifications. See the section entitled "Description of the Exchange Notes—Certain Covenants—Effectiveness of Covenants" and "Risk Factors—Risks Related to the Exchange Notes." The covenants included in the indenture that will govern the Exchange Notes will be subject to significant qualifications and exceptions. In addition, many of the covenants in the indenture will not apply during any period in which the Exchange Notes are rated investment grade by both Moody's and Standard & Poor's.

No market

The Exchange Notes will be new issues of securities for which there is currently no public trading market. We do not intend to list the Exchange Notes on any national securities exchange or automated quotation system. We understand that the initial purchasers of the Restricted Notes currently intend to make a market in the Exchange Notes. However, they are not obligated to do so and may discontinue their market-making activities at any time without notice. As a result, we cannot assure you that an active trading market will develop for the Exchange Notes.

Risk Factors

Investing in the Exchange Notes involves substantial risks. You should consider carefully the information set forth in the section entitled "Risk Factors" beginning on page 12 and all other information contained in this prospectus before deciding to invest in the Exchange Notes.

Table of Contents

RISK FACTORS

Participation in the exchange offer and an investment in the Exchange Notes involves a high degree of risk. You should carefully consider the specific risks described below, and all of the information contained or incorporated by reference into this prospectus supplement and the accompanying prospectus, including the risk factors listed under Risk Factors in Item 1A of our Annual Report on Form 10-K for the year ended December 28, 2013, before making an investment decision. Each of these risks could adversely and materially affect our business, financial condition and operating results and are not the only ones facing our Company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business or operations. If any of those risks actually occurs, our business, financial condition and results of operations would suffer. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See Cautionary Note Regarding Forward-Looking Statements in this prospectus supplement. For more information, see the sections of this prospectus titled Where You Can Find More Information and Incorporation of Certain Documents by Reference.

Risks Related to the Exchange Notes

Our substantial level of indebtedness could adversely affect our financial condition and prevent us from fulfilling our obligations under the Exchange Notes.

As of March 29, 2014, our total indebtedness was approximately \$2,392.9 million, and we had undrawn commitments available for additional borrowings under our Senior Secured Facilities of up to \$748.3 million (after giving effect to \$32.7 million of outstanding letters of credit).

Our high level of indebtedness could have important consequences to you, as a holder of the Exchange Notes, including the following:

making it more difficult for us to satisfy our obligations with respect to the Exchange Notes, our other indebtedness and our contractual and commercial commitments;

limiting our ability to obtain additional financing to fund future working capital, capital expenditures, acquisitions or other general corporate requirements on commercially reasonable terms or at all;

requiring us to use a substantial portion of our cash flows from operations to pay principal and interest on our indebtedness instead of other purposes, thereby reducing the amount of our cash flows from operations available for working capital, capital expenditures, acquisitions and other general corporate purposes;

increasing our vulnerability to adverse economic, industry and business conditions;

exposing us to the risk of increased interest rates as certain of our borrowings are, and certain of our future borrowings, including borrowings under the Senior Secured Facilities, will be at variable rates of interest;

limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

placing us at a competitive disadvantage compared to other, less leveraged competitors; and

increasing our cost of borrowing.

In addition, the indenture that will govern the Exchange Notes and the credit agreement governing the Senior Secured Facilities contain restrictive covenants that will limit our ability to engage in activities that may be in our long-term best interest. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of all our indebtedness.

Table of Contents

Despite our existing level of indebtedness, we and our subsidiaries may still be able to incur substantially more indebtedness, which could further exacerbate the risks to our financial condition described above.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, including additional secured indebtedness under the Senior Secured Facilities. Although the indenture that will govern the Exchange Notes and the credit agreement governing the Senior Secured Facilities contain restrictions on our incurrence of additional indebtedness, these restrictions are subject to a number of significant qualifications and exceptions, and the additional indebtedness that could be incurred in compliance with these restrictions could be substantial. In addition, subject to certain conditions, we will be able to issue additional notes under the indenture that will govern the Exchange Notes. If we incur any additional indebtedness that ranks equally with the Exchange Notes, subject to collateral arrangements, the holders of that debt will be entitled to share ratably with you, as a holder of the Exchange Notes, in any proceeds distributed in connection with our insolvency, liquidation, reorganization, dissolution or other winding up. This may have the effect of reducing the amount of proceeds paid to you. To the extent that we or our subsidiaries incur additional indebtedness, the risks associated with our indebtedness, including our possible inability to service our indebtedness, including the Exchange Notes, could intensify.

We may not be able to generate sufficient cash to service all of our indebtedness, including the Exchange Notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations, including the Exchange Notes, depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and to certain financial, business, legislative, regulatory and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the Exchange Notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations and to meet our other cash needs, we could be forced to reduce or delay investments and capital expenditures or to dispose of material assets or operations, seek additional debt or equity capital or restructure or refinance our indebtedness, including the Exchange Notes. We may not be able to effect any such alternative measures, if necessary, on commercially reasonable terms or at all and, even if successful, such alternative actions may not allow us to meet our scheduled debt service obligations and our other cash needs. The credit agreement governing our Senior Secured Facilities and the indenture that will govern the Exchange Notes restrict, and the terms of any of our future debt agreements may also restrict, our ability to dispose of assets and use the proceeds from any such dispositions and may also restrict our ability to raise debt or equity capital to be used to repay other indebtedness when it becomes due. We may not be able to consummate those dispositions or to obtain proceeds in an amount sufficient to meet any debt service obligations then due. See the section entitled Description of the Exchange Notes.

If we cannot make scheduled payments under any of the agreements governing our debt, we would be in default under such agreement, which could allow lenders under any credit facilities to terminate their commitments to loan money and could allow the applicable lenders or other debt holders to declare all outstanding principal and interest of such debt to be immediately due and payable, and, in the case of secured debt, to foreclose against the assets securing such debt and apply the proceeds from such foreclosure to repay amounts owed to them. Any of these events would likely in turn trigger cross-acceleration or cross-default provisions in our other debt instruments, which would allow the creditors under those instruments to exercise similar rights. If any of these actions are taken, we could be forced into bankruptcy or liquidation, which could result in your losing your investment in the Exchange Notes.

Table of Contents***Our ability to repay the Exchange Notes depends in part on the performance of our subsidiaries, including our non-guarantor subsidiaries, and their ability to make payments or distributions.***

We conduct a significant portion of our operations through our subsidiaries. Accordingly, repayment of our indebtedness, including the Exchange Notes, is dependent, to a significant extent, on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the Exchange Notes, our subsidiaries do not have any obligation to pay amounts due on the Exchange Notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the Exchange Notes. Under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the credit agreement governing the Senior Secured Facilities, the indenture that will govern the Exchange Notes and the agreements governing certain of our other indebtedness limit the ability of certain of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain significant qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal, premium, if any, and interest payments on our indebtedness, including the Exchange Notes.

We may not be able to repurchase the Exchange Notes upon a change of control or an offer to repurchase the Exchange Notes in connection with an asset sale as required by the indenture.

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all outstanding Exchange Notes at 101% of their principal amount, plus accrued and unpaid interest to the purchase date. In addition, in connection with certain asset sales, we may be required to offer to repurchase Exchange Notes with all or a portion of the cash proceeds from such asset sales at a price equal to 100% of their principal amount, plus accrued and unpaid interest to the purchase date. Furthermore, under the credit agreement governing the Senior Secured Facilities a change of control (within the meaning of that agreement) will constitute an event of default that permits the lenders to accelerate the maturity of borrowings under the respective agreements and terminate their commitments to lend. The occurrence of a change of control or similar event may also constitute an event of default under any of our other future credit facilities or other debt instruments or we may be required, under such future debt instruments, to offer to repurchase the applicable debt upon the occurrence of a change of control or similar event. Moreover, due to the financial effect of such repurchase on us, the exercise by the holders of their right to require us to repurchase the Exchange Notes could cause a default under any other indebtedness we may have at the time, even if the change of control itself does not constitute a default under such indebtedness. Our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity, would be the source of funds for any purchase of the Exchange Notes pursuant to any such offer and the repayment of any other debt that may become payable (including, under the credit agreement governing the Senior Secured Facilities) or that we may be required to offer to repurchase upon a change of control, in connection with such an asset sale or for any other reason. We may not be able to repurchase the Exchange Notes upon a change of control because we may not have sufficient financial resources to purchase all of the Exchange Notes that are tendered upon a change of control or in connection with such asset sale and repay any other indebtedness of ours that becomes due or that we are required to repurchase. We may require additional financing from third parties to fund any such purchases or repayments, and we may be unable to obtain financing on satisfactory terms or at all.

Even if sufficient funds were otherwise available, the terms of the credit agreement governing the Senior Secured Facilities will, and the terms of any of our future indebtedness may, limit or prohibit our prepayment or repurchase of the Exchange Notes before their scheduled maturity. Consequently, if we are unable to prepay outstanding indebtedness under the Senior Secured Facilities and any such other future indebtedness containing similar restrictions or obtain requisite consents or waivers from the applicable lenders or other debt holders to make such repurchase, we

will be unable to fulfill our repurchase obligations if holders of Exchange Notes exercise their repurchase rights following a change of control, resulting in a default under the indenture that will govern the Exchange Notes. Any such default under the indenture may result in a cross-default under the credit agreement governing the Senior Secured Facilities or any other future debt agreement that could entitle the applicable lenders or other debt holders to demand immediate repayment of the indebtedness thereunder and, in the case of secured indebtedness, to foreclose against the assets securing such indebtedness and apply the proceeds from such foreclosure to repay amounts owed to them. Further, our ability to repurchase the Exchange Notes may be limited by law. In order to avoid the obligations to repurchase the Exchange Notes and events of default and potential breaches of the credit agreement governing the Senior Secured Facilities and any future debt agreement, we may have to avoid certain change of control transactions that would otherwise be beneficial to us.

Table of Contents

In addition, some important corporate events, such as leveraged recapitalizations, may not, under the indenture that will govern the Exchange Notes, constitute a change of control that would require us to repurchase the Exchange Notes, even though those corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the Exchange Notes. See the section entitled Description of the Exchange Notes Change of Control.

The definition of Change of Control includes a disposition of all or substantially all of the property and assets of us and our restricted subsidiaries taken as a whole to any person. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the property or assets of a person. As a result, it may be unclear as to whether a change of control has occurred and whether a holder of Exchange Notes may require us to make an offer to repurchase the Exchange Notes.

Our variable rate indebtedness subjects us to interest rate risk, which could cause our debt service obligations to increase significantly.

Borrowings under the Senior Secured Facilities will be at variable rates of interest and expose us to interest rate risk. If interest rates were to increase, our debt service obligations on our variable rate indebtedness would increase even though the amount borrowed remained the same, and our net income and cash flows, including cash available for servicing our indebtedness, will correspondingly decrease. Assuming all loans are fully drawn, each quarter point change in interest rates would result in a \$6.5 million change in annual interest expense on our indebtedness under the Senior Secured Facilities. In the future, we may enter into interest rate swaps that involve the exchange of floating for fixed rate interest payments in order to reduce interest rate volatility. However, we may not maintain interest rate swaps with respect to all of our variable rate indebtedness, and any swaps we enter into may not fully mitigate our interest rate risk.

The Exchange Notes will be unsecured and will be effectively subordinated to our and the Subsidiary Guarantors indebtedness under the Senior Secured Facilities and any other secured indebtedness to the extent of the value of the assets securing that indebtedness.

The Exchange Notes will not be secured by any of our or the Subsidiary Guarantors assets. As a result, the Exchange Notes and the guarantees will be effectively subordinated to our and the Subsidiary Guarantors secured indebtedness, including our and the Subsidiary Guarantors indebtedness under the Senior Secured Facilities, to the extent of the value of the assets that secure that indebtedness. As of March 29, 2014, we had:

approximately \$1,853.5 million of secured indebtedness, including secured indebtedness under the Senior Secured Facilities (excluding an additional \$32.7 million represented by letters of credit), to which the Exchange Notes would have been effectively subordinated; and

undrawn commitments available for additional borrowings under the Senior Secured Facilities of up to \$748.3 million (after giving effect to \$32.7 million of outstanding letters of credit that reduce availability), which could increase by at least \$600.0 million, subject to certain conditions.

The indenture that will govern the Exchange Notes will permit us, subject to specified limitations, to incur a substantial amount of additional secured debt.

The effect of this subordination is that upon a default in payment on, or the acceleration of, any of our or the Subsidiary Guarantors' secured indebtedness, or in the event of our or the Subsidiary Guarantors' bankruptcy, insolvency, liquidation, dissolution or reorganization, the proceeds from the sale of assets securing our secured indebtedness will be available to pay obligations on the Exchange Notes only after all such secured indebtedness has been paid in full. As a result, the holders of the Exchange Notes may receive less, ratably, than the holders of secured debt in the event of our or the Subsidiary Guarantors' bankruptcy, insolvency, liquidation, dissolution or reorganization.

Table of Contents

The Exchange Notes will be structurally subordinated to all indebtedness and other liabilities and all preferred equity of our existing and future subsidiaries that are not and do not become guarantors of the Exchange Notes.

The Exchange Notes will be guaranteed by each of our existing and subsequently acquired or organized U.S. subsidiaries that guarantee the Senior Secured Facilities or that, in the future, incur certain other indebtedness. See the sections entitled Description of the Exchange Notes Subsidiary Guarantees and Description of the Exchange Notes Certain Covenants Future Subsidiary Guarantors. Except for such guarantees of the Exchange Notes (Exchange Note Guarantees) by such Subsidiary Guarantors, our subsidiaries, including all of our non-U.S. subsidiaries, will have no obligation, contingent or otherwise, to pay amounts due under the Exchange Notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payment. The Exchange Notes will be structurally subordinated to all indebtedness and other liabilities and all preferred equity of any non-guarantor subsidiary such that in the event of insolvency, liquidation, reorganization, dissolution or other winding up of any subsidiary that is not a guarantor, all of that subsidiary's creditors (including trade creditors) and preferred equity holders would be entitled to payment in full out of that subsidiary's assets before we would be entitled to any payment.

In addition, the indenture that will govern the Exchange Notes will, subject to some limitations, permit these subsidiaries to incur additional indebtedness and will not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

For the twelve months ended December 28, 2013 and the three months ended March 29, 2014, our non-guarantor subsidiaries represented approximately 2.3% and 52.0%, respectively, of our net sales, approximately 0% and 0%, respectively, of our operating income and approximately 0.02% and 28.5%, respectively, of Adjusted EBITDA. As of March 29, 2014, our non-guarantor subsidiaries represented approximately 59.3% of our total assets and approximately 59.1% of our total liabilities, including trade payables but excluding intercompany liabilities. Of the \$3,454.1 million of total liabilities, \$78.1 million were guaranteed by the Subsidiary Guarantors.

In addition, our subsidiaries that provide, or will provide, Exchange Note guarantees will be automatically released from those Exchange Note guarantees upon the occurrence of certain events, including the following:

the designation of that Subsidiary Guarantor as an unrestricted subsidiary;

the release or discharge of any guarantee or indebtedness that resulted in the creation of the Exchange Note guarantee of the Exchange Notes by that Subsidiary Guarantor; or

the sale or other disposition, including the sale of substantially all the assets, of that Subsidiary Guarantor. If any note guarantee is released, no holder of the Exchange Notes will have a claim as a creditor against the applicable subsidiary, and the indebtedness and other liabilities, including trade payables and preferred equity, if any, whether secured or unsecured, of that subsidiary will be effectively senior to the claim of any holders of the Exchange Notes. See the section entitled Description of the Exchange Notes Subsidiary Guarantees.

We are permitted to create unrestricted subsidiaries, which will not provide guarantees of the Exchange Notes or be subject to any of the covenants in the indenture.

Our unrestricted subsidiaries will not provide guarantees of the Exchange Notes or be subject to the covenants under the indenture that will govern the Exchange Notes, even though we will be able to make certain investments in our unrestricted subsidiaries and guarantee certain of their obligations. As a result, our unrestricted subsidiaries will be able to engage in many of the activities that we and our restricted subsidiaries are prohibited or limited from doing under the terms of the indenture that will govern the Exchange Notes, such as selling, conveying or distributing assets, incurring additional debt, pledging assets, guaranteeing debt, paying dividends, making investments and entering into mergers or other business combinations, subject to any restrictive covenants in the financing documents, if any, of such unrestricted subsidiary. Any such activities by our unrestricted subsidiaries could be detrimental to our ability to make payments of principal, premium, if any, and interest when due and to

Table of Contents

comply with our other obligations under the Exchange Notes, and may reduce the amount of our assets that will be available to satisfy your claims should we default on the Exchange Notes. Our interests in the Joint Venture will be held through a subsidiary that is an unrestricted subsidiary. In the future, the Joint Venture may become an unrestricted subsidiary.

Restrictions imposed by the indenture that will govern the Exchange Notes, the credit agreement governing the Senior Secured Facilities and our other future debt agreements may limit our ability to finance future operations or capital needs or engage in other business activities that may be in our interest.

The indenture that will govern the Exchange Notes and the credit agreement governing the Senior Secured Facilities restrict, and future debt agreements may restrict, our and our restricted subsidiaries' ability to:

incur additional indebtedness;

guarantee indebtedness or other obligations;

pay dividends or make other distributions, repay subordinated indebtedness (if any), or make certain investments or other restricted payments;

create liens securing indebtedness;

merge, consolidate or sell or otherwise dispose of all or substantially all our and our restricted subsidiaries' assets;

sell or otherwise dispose of assets;

make changes to our capital structure;

engage in new lines of business unrelated to our current businesses; and

enter into transactions with affiliates.

These terms may negatively impact our ability to finance future operations, implement our business strategy, fund our capital needs or engage in other business activities that may be in our interest. In addition, the credit agreement governing the Senior Secured Facilities will require, and the agreements governing our future indebtedness may require, us to maintain compliance with specified financial ratios. Although we are currently in compliance with the financial ratios under the credit agreement and do not plan on engaging in transactions that may cause us not to be in compliance with the ratios, our ability to comply with these ratios may be affected by events beyond our control, including the risks described in the other risk factors and elsewhere in this prospectus.

A breach of any restrictive covenant or our inability to comply with any required financial ratio could result in a default under the applicable debt agreement. In the event that we default under any of these restrictive covenants, financial ratio covenants or other covenants, we would be required to seek waivers or amendments to the applicable debt agreements or to refinance the applicable indebtedness, and we cannot assure you that we would be able to do so on terms we deem acceptable, or at all. Any such default could allow lenders under any credit facilities to terminate their commitments to loan money and could allow the applicable lenders or other debt holders to declare all outstanding principal and interest of such debt to be immediately due and payable, and, in the case of secured debt, to foreclose against the assets securing such debt if we are unable to repay such debt and apply the proceeds from such foreclosure to repay amounts owed to them. Any of these events would likely in turn trigger cross-acceleration or cross-default provisions in our other debt instruments, which would allow the creditors under those instruments to exercise similar rights under the indenture or the credit agreement, the trustee under the indenture or the lenders under the credit agreement may elect to declare all borrowings outstanding, together with accrued and unpaid interest and other fees, to be immediately due and payable.

Table of Contents

Any future agreements relating to our indebtedness may include the covenants described above and other restrictive or financial covenants.

The covenants included in the indenture that will govern the Exchange Notes will be subject to significant qualifications and exceptions. In addition, many of the covenants in the indenture will not apply during any period in which the Exchange Notes are rated investment grade by both Moody's and Standard & Poor's.

The covenants included in the indenture that will govern the Exchange Notes will be subject to significant qualifications and exceptions. In particular, the covenants will permit us to incur substantial indebtedness, including secured indebtedness, pay significant dividends or make other significant distributions, make substantial investments, including investments in joint ventures and other entities that we do not control, and sell or otherwise dispose of valuable assets. See the section entitled "Description of the Exchange Notes—Certain Covenants" and the related definitions under the section entitled "Description of the Exchange Notes—Certain Definitions." Any of these and other actions that will not be restricted under the indenture governing the Exchange Notes could have a material adverse impact on our financial condition and results of operations and consequently your investment in the Exchange Notes.

In addition, many of the covenants in the indenture will not apply to us during any period in which the Exchange Notes are rated investment grade by both Moody's and Standard & Poor's, provided at such time no default or event of default has occurred and is continuing. The covenants that will not apply during such period include covenants that will restrict, among other things, our ability to incur or guarantee debt, to pay dividends or make other distributions or make other restricted payments, to sell or otherwise dispose of assets, to enter into affiliate transactions and to enter into certain other transactions. There can be no assurance that the Exchange Notes will ever be rated investment grade, or that if they are rated investment grade, they will maintain these ratings. However, suspension of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. To the extent the covenants are subsequently reinstated, any such actions taken while the covenants were suspended would not result in an event of default under the indenture. See the section entitled "Description of the Exchange Notes—Certain Covenants—Effectiveness of Covenants."

A lowering or withdrawal of the credit ratings assigned to our debt securities by rating agencies may increase our future borrowing costs, reduce our access to capital and reduce the liquidity or market value of the Exchange Notes.

Our debt, including the Exchange Notes, have been rated by nationally recognized statistical rating agencies and may in the future be rated by additional rating agencies. Our debt currently has a non-investment grade credit rating, and any credit rating assigned could be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes in our business, so warrant. Consequently, real or anticipated changes in our credit ratings, including any downgrade, suspension or withdrawal of a rating by a rating agency, could reduce the liquidity or market value of the Exchange Notes. Credit ratings are not recommendations to purchase, hold or sell the Exchange Notes. Additionally, credit ratings may not reflect the potential effect of risks relating to the structure or marketing of the Exchange Notes. Any downgrade by a rating agency could decrease earnings and may result in higher borrowing costs. Any future lowering of our ratings likely would make it more difficult or more expensive for us to obtain additional debt financing. If any credit rating initially assigned to the Exchange Notes is subsequently lowered or withdrawn for any reason, you may not be able to resell your Exchange Notes without a substantial discount.

Federal and state laws may permit a court to void the Exchange Notes and/or the Exchange Note guarantees as a fraudulent transfer or conveyance, subordinate claims in respect of the Exchange Notes and/or the Exchange Note guarantees and require you to return payments received. If that occurs, you may not receive any payments on the

Exchange Notes.

Federal and state creditor-protection related laws, including fraudulent transfer and conveyance statutes, may apply to the issuance of the Exchange Notes and the incurrence of the guarantees of the Exchange Notes. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the Exchange Notes or the Exchange Note guarantees could be voided as fraudulent transfers or conveyances if we or any of the Subsidiary Guarantors, as applicable, (i) issued the Exchange Notes or

Table of Contents

incurred the Exchange Note guarantees with the intent of hindering, delaying or defrauding creditors or (ii) received less than reasonably equivalent value or fair consideration in return for either issuing the Exchange Notes or incurring the Exchange Note guarantees and, in the case of (b) only, one of the following is also true at the time thereof:

we or any of the Subsidiary Guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the Exchange Notes or the incurrence of the Exchange Note guarantees;

the issuance of the Exchange Notes or the incurrence of the Exchange Note guarantees left us or any of the Subsidiary Guarantors, as applicable, with an unreasonably small amount of capital or assets to carry on business;

we or any of the Subsidiary Guarantors intended to, or believed that we or such Subsidiary Guarantor would, incur debts beyond our or the Subsidiary Guarantor's ability to pay as they mature; or

we or any of the Subsidiary Guarantors were a defendant in an action for money damages, or had a judgment for money damages docketed against us or the Subsidiary Guarantor if, in either case, the judgment is unsatisfied after final judgment.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is secured or satisfied. A court would likely find that we or a Subsidiary Guarantor did not receive reasonably equivalent value or fair consideration for the Exchange Notes or its guarantee, as applicable, to the extent that we or the Subsidiary Guarantor did not obtain a reasonably equivalent benefit directly or indirectly from the issuance of the Exchange Notes or the applicable guarantee.

We cannot be certain as to the standards a court would use to determine whether or not we or the Subsidiary Guarantors were insolvent at the relevant time. In general, however, a court would deem an entity insolvent if:

the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they became due.

If a court were to find that the issuance of the Exchange Notes or the incurrence of an Exchange Note guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the Exchange Notes or that Exchange Note guarantee (the effect being that holders of the Exchange Notes would cease to have a claim under the Exchange Notes or Exchange Note guarantees) or could require the holders of the Exchange Notes to repay any amounts received with respect to that guarantee. In the event of a finding that a fraudulent transfer or conveyance

occurred, you may not receive any repayment on the Exchange Notes. Further, the avoidance of the Exchange Notes or any Exchange Note guarantees could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of that debt.

Although the indenture that will govern the Exchange Notes will contain a provision intended to limit that Subsidiary Guarantor's liability under its guarantee to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer, this provision may not be effective to protect the Exchange Note guarantees from being avoided under fraudulent transfer laws, or may reduce that Subsidiary Guarantor's obligation to an amount that effectively makes its guarantee worthless. For example, in 2009, the U.S. Bankruptcy Court in the Southern District of Florida in *Official Committee of Unsecured Creditors of TOUSA, Inc. v. Citicorp N. Am., Inc.* found this kind of provision in that case to be ineffective, and held the guarantees to be fraudulent transfers and voided them in their entirety; this decision was affirmed by the Eleventh

Table of Contents

Circuit Court of Appeals on May 15, 2012. If the Exchange Note guarantees by the Subsidiary Guarantors were held to be unenforceable, the Exchange Notes would be effectively subordinated to all indebtedness and other liabilities of the Subsidiary Guarantors, including trade payables.

Finally, as a court of equity, the bankruptcy court may subordinate the claims in respect of the Exchange Notes to other claims against us under the principle of equitable subordination if the court determines that (i) the holder of Exchange Notes engaged in some type of inequitable conduct, (ii) the inequitable conduct resulted in injury to our other creditors or conferred an unfair advantage upon the holders of Exchange Notes and (iii) equitable subordination is not inconsistent with the provisions of the bankruptcy code.

A financial failure by us or any of our subsidiaries may result in the assets of any or all of those entities becoming subject to the claims of all creditors of those entities.

A financial failure by us or any of our subsidiaries could materially adversely affect payment of the Exchange Notes if a bankruptcy court were to substantively consolidate us and some or all of our subsidiaries. If a bankruptcy court substantively consolidated us and some or all of our subsidiaries, the assets of each entity would become subject to the claims of creditors of all entities. Such a ruling would expose holders of Exchange Notes not only to the usual impairments arising from bankruptcy, but also to potential dilution of the amount ultimately recoverable because of the larger creditor base. Furthermore, a restructuring of the Exchange Notes could occur through the cramdown provisions of the U.S. Bankruptcy Code. Under those provisions, the Exchange Notes could be restructured over your objections as to their interest rate, maturity and other general terms.

Because each Subsidiary Guarantor's liability under its Exchange Note guarantee may be reduced to zero, avoided or released under certain circumstances, you may not receive any payments from some or all of the Subsidiary Guarantors.

As noted above, each Exchange Note guarantee is limited to the maximum amount that the applicable Subsidiary Guarantor is permitted to guarantee under applicable law. As a result, a Subsidiary Guarantor's liability under its Exchange Note guarantee could be reduced to zero, depending upon the amount of other obligations of such Subsidiary Guarantor. Further, under the circumstances discussed more fully above, a court under federal or state fraudulent conveyance and transfer statutes could avoid the obligations under an Exchange Note guarantee or further subordinate it to all other obligations of the Subsidiary Guarantor. In addition, you will lose the benefit of a particular guarantee if it is released under certain circumstances described under the section entitled Description of the Exchange Notes Subsidiary Guarantees.

If an active trading market does not develop for the Exchange Notes, you may be unable to sell the Exchange Notes or to sell them at a price you deem sufficient.

The Exchange Notes will be new issues of securities for which there is currently no public trading market. We do not intend to list the Exchange Notes on any national securities exchange or automated quotation system. We understand that the initial purchasers of the Restricted Notes currently intend to make a market in the Exchange Notes. However, they are not obligated to do so and may discontinue their market-making activities at any time without notice. As a result, we cannot assure you that an active trading market will develop for the Exchange Notes. If no active trading market develops, the price at which you may be able to sell Exchange Notes, if at all, may be less than the price you pay for them. In addition, the liquidity of any trading market for the Exchange Notes, and the market price quoted for the Exchange Notes, may be adversely affected by changes in the overall market for those securities and by changes in our financial performance or prospects or in the prospects of companies in our industry generally. We cannot give you any assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their Exchange Notes; or

the price at which holders would be able to sell their Exchange Notes.

Table of Contents

Even if a trading market develops, the Exchange Notes may trade at higher or lower prices than the principal amount or purchase price depending on many factors, including:

prevailing interest rates;

the number of holders of the Exchange Notes;

the interest of securities dealers in making a market for such Exchange Notes;

the market for securities similar to the Exchange Notes; and

our financial performance.

In addition, we have the right, pursuant to the registration rights agreement, to suspend the use of the registration statement in certain circumstances. In the event of such a suspension you would not be able to sell the Exchange Notes under the registration statement.

Risks Related to the Exchange Offer

Your Restricted Notes will not be accepted for exchange if you fail to follow the exchange offer procedures.

We will not accept your Restricted Notes for exchange if you do not follow the exchange offer procedures. We will issue Exchange Notes as part of the exchange offer only after a timely receipt of your Restricted Notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you wish to tender your Restricted Notes, please allow sufficient time to ensure timely delivery. If we do not receive your Restricted Notes, letter of transmittal and other required documents by the time of expiration of the exchange offer, we will not accept your Restricted Notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of Restricted Notes for exchange. If there are defects or irregularities with respect to your tender of Restricted Notes, we will not accept your Restricted Notes for exchange.

If you do not exchange your Restricted Notes, there will be restrictions on your ability to resell your Restricted Notes.

Following the exchange offer, Restricted Notes that you do not tender, that we do not accept or that do not qualify to be registered in a shelf registration form will be subject to transfer restrictions. Absent registration, any untendered Restricted Notes may therefore only be offered or sold pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws or pursuant to an effective registration statement. If no such exemption is available, you will not be able to sell your Restricted Notes.

THE EXCHANGE OFFER

Purpose and Effect

We issued the Restricted Notes on January 2, 2014, in a transaction exempt from registration under the Securities Act. In connection with the original issuance, we entered into an indenture and a registration rights agreement. The registration rights agreement requires that we file a registration statement under the Securities Act with respect to the Exchange Notes to be issued in the exchange offer and, upon the effectiveness of the registration statement, offer you the opportunity to exchange your Restricted Notes for a like principal amount of Exchange Notes. Except as set forth below, these Exchange Notes will be issued without a restrictive legend or additional interest provisions and, we believe, may be reoffered and resold by you without registration under the Securities Act. After we complete the exchange offer, our obligations with respect to the registration of the Restricted Notes and the Exchange Notes will terminate. A copy of the registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus forms a part. Notwithstanding anything to the contrary set forth in this prospectus, the exchange offer is not being made to you, and you may not participate in the exchange offer, if (a) you are our affiliate within the meaning of Rule 405 of the Securities Act or (b) you are a broker-dealer that acquired Restricted Notes directly from us.

Based on interpretations by the staff of the Commission set forth in no-action letters issued to third parties unrelated to us, we believe that the Exchange Notes to be issued to you in the exchange offer may be offered for resale, resold and otherwise transferred by you, without compliance with the registration and prospectus delivery provisions of the Securities Act, unless you are a broker-dealer that receives Exchange Notes in exchange for Restricted Notes acquired by you as a result of market-making activities or other trading activities. This interpretation, however, is based on your representation to us that:

the Exchange Notes to be issued to you in the exchange offer are acquired in the ordinary course of your business;

at the time of the commencement of the exchange offer, you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes to be issued to you in the exchange offer in violation of the Securities Act;

you are not an affiliate (as defined in Rule 405 promulgated under the Securities Act) of us;

you are not engaging in, and do not intend to engage in, a distribution of the Exchange Notes to be issued to you in the exchange offer; and

you are not acting on behalf of any persons or entities who could not truthfully make the foregoing representations.

If you have any of the disqualifications described above or cannot make each of the representations set forth above, you may not rely on the interpretations by the staff of the Commission referred to above. Under those circumstances, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a

sale, transfer or other disposition of any notes unless you are able to utilize an applicable exemption from all of those requirements. In addition, each broker-dealer that receives Exchange Notes in the exchange offer for its own account in exchange for Restricted Notes that were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resales of those Exchange Notes. See Plan of Distribution.

If you will not receive freely tradable Exchange Notes in the exchange offer or are not eligible to participate in the exchange offer and the Restricted Notes held by you remain subject to the demand registration provisions of the registration rights agreement, you may elect to have your Restricted Notes registered in a shelf registration statement on an appropriate form pursuant to Rule 415 under the Securities Act. If we are obligated to file a shelf registration statement, we will be required to use our reasonable best efforts to keep the shelf registration statement effective for a period of two years from January 8, 2014 or such shorter period that will

Table of Contents

terminate when (a) all of the notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement, (b) we file a subsequent shelf registration statement or (c) there ceases to be any Restricted Notes. Other than as set forth in this paragraph, you will not have the right to require us to register your Restricted Notes under the Securities Act. See **Procedures for Tendering Restricted Notes** below.

In certain circumstances set forth in the registration rights agreement, including if the exchange offer is not consummated (or, if required, the shelf registration statement is not declared effective) on or before the date that is 270 days after January 8, 2014 (each, a **Target Registration Date**), the annual interest rate borne by the Restricted Notes will increase by 0.25% per annum, with respect to the first 90 days after the applicable Target Registration Date, and, if the exchange offer is not completed (or, if required, the shelf registration statement is not declared effective) prior to the end of each 90 day period thereafter, the interest rate borne by the Restricted Notes will increase by an additional 0.25% per annum up to a maximum increase for all such registration defaults of 1.00% per annum, in each case until the exchange offer is completed or the shelf registration statement is declared effective.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all Restricted Notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on,

2014. We will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal amount of Restricted Notes accepted in the exchange offer. You may tender some or all of your Restricted Notes pursuant to the exchange offer. However, Restricted Notes may be tendered only in minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

The form and terms of the Exchange Notes are substantially the same as the form and terms of the Restricted Notes, except that the Exchange Notes to be issued in the exchange offer have been registered under the Securities Act and will not bear legends restricting their transfer. The Exchange Notes will be issued pursuant to, and entitled to the benefits of, the indenture. The indenture also governs the Restricted Notes. Each series of Exchange Notes and Restricted Notes will be deemed a single issue of the respective series of notes under the indenture.

As of the date of this prospectus, \$500,000,000 aggregate principal amount of Restricted Notes are outstanding. This prospectus, together with the letter of transmittal, is being sent to all registered holders and to others believed to have beneficial interests in the Restricted Notes. You do not have any appraisal or dissenters' rights in connection with the exchange offer under the General Corporation Law of the State of Delaware or the indenture. We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the Commission promulgated under the Exchange Act.

We will be deemed to have accepted validly tendered Restricted Notes when, as and if we have given oral or written notice of our acceptance to the exchange agent. The exchange agent will act as our agent for the tendering holders for the purpose of receiving the Exchange Notes from us. Any Restricted Notes not accepted for exchange for any reason will be returned without expense to an account maintained with DTC promptly after the expiration or termination of the exchange offer.

You will not be required to pay brokerage commissions or fees or, except as set forth below under **Transfer Taxes**, transfer taxes with respect to the exchange of your Restricted Notes in the exchange offer. We will pay all charges and expenses, other than applicable taxes, in connection with the exchange offer. See **Fees and Expenses** below.

Expiration Date; Amendments

The exchange offer will expire at 5:00 p.m., New York City time, on, 2014 unless we determine, in our sole discretion, to extend the exchange offer, in which case, it will expire at the later date and time to which it is extended. We do not intend to extend the exchange offer, although we reserve the right to do so. If we extend or terminate the exchange offer, we will give

Table of Contents

oral or written notice of the extension to the exchange agent and give each registered holder notice by means of a press release or other public announcement of any extension prior to 9:00 a.m., New York City time, on the next business day after the scheduled expiration date. We will not extend the exchange offer past, 2014.

We also reserve the right, in our sole discretion,

- (1) to delay accepting any Restricted Notes, to the extent in a manner compliant with Rule 14e-1(c) of the Exchange Act, in the event the exchange offer is extended,
- (2) subject to applicable law and by complying with Rule 14e-1(d) under the Exchange Act to the extent that rule applies, to extend the exchange offer or, if any of the conditions set forth below under Conditions to the Exchange Offer have not been satisfied or waived, to terminate the exchange offer by giving oral or written notice of the delay or termination to the exchange agent, or
- (3) to amend the terms of the exchange offer in any manner, by complying with Rule 14e-1(d) under the Exchange Act to the extent that rule applies. If we make any material amendment to the terms of the exchange offer or waive any material condition, we will keep the exchange offer open for such period as is required after we notify you of such change or waiver. If we make a material change to the terms of the exchange offer, it may be necessary for us to provide you with an amendment to this prospectus reflecting that change. We may only delay, terminate or amend the offer prior to its expiration.

We acknowledge and undertake to comply with the provisions of Rule 14e-1(c) under the Exchange Act, which requires us to return the Restricted Notes surrendered for exchange promptly after the termination or withdrawal of the exchange offer. We will notify you as promptly as we can of any extension, termination or amendment.

Procedures for Tendering Restricted Notes

The Restricted Notes were issued as global notes in fully registered form without interest coupons. Beneficial interests in the global notes held by direct or indirect participants in DTC are shown on, and transfers of these interests are effected only through, records maintained in book-entry form by DTC with respect to its participants. You may only tender your Restricted Notes by book-entry transfer of the Restricted Notes into the exchange agent's account at DTC. The tender to us of Restricted Notes by you, as set forth below, and our acceptance of the Restricted Notes will constitute a binding agreement between us and you, upon the terms and subject to the conditions set forth in this prospectus. Except as set forth below, to tender Restricted Notes for exchange pursuant to the exchange offer, you must transmit to U.S. Bank National Association, as exchange agent, on or prior to the time of expiration either:

- (1) a written or facsimile copy of a properly completed and duly executed letter of transmittal for your Restricted Notes, including all other documents required by the letter of transmittal, to the exchange agent at the address set forth on the cover page of the letter of transmittal; or
- (2) a computer-generated message transmitted by means of DTC's Automated Tender Offer Program (ATOP) system and received by the exchange agent and forming a part of a confirmation of book-entry

transfer, in which you acknowledge and agree to be bound by the terms of the letter of transmittal for your notes.

In addition, the exchange agent must receive, on or prior to the expiration date:

- (1) a timely confirmation of book-entry transfer (a book-entry confirmation) of the Restricted Notes into the exchange agent s account at DTC; or
- (2) you must comply with the guaranteed delivery procedures described below.

Table of Contents

If you are a beneficial owner whose Restricted Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and wish to tender, you should promptly instruct the registered holder to tender on your behalf. Any registered holder that is a participant in DTC's book-entry transfer facility system may make book-entry delivery of the Restricted Notes by causing DTC to transfer the Restricted Notes into the exchange agent's account. If you wish to tender on your own behalf, you must, prior to completing and executing the letter of transmittal for your Restricted Notes and delivering your Restricted Notes, either make appropriate arrangements to register ownership of the Restricted Notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

Signatures on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible institution unless:

Restricted Notes tendered in the exchange offer are tendered either

by a registered holder who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal, or

for the account of an eligible institution; and

the box entitled "Special Registration Instructions" on the letter of transmittal has not been completed.

If signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, the guarantee must be by a financial institution, which includes most banks, savings and loan associations and brokerage houses, that is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Program or the Stock Exchanges Medallion Program.

If the letter of transmittal is signed by a person other than you, your Restricted Notes must be endorsed or accompanied by a properly completed bond power and signed by you as your name appears on those Restricted Notes.

If the letter of transmittal or any Restricted Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should so indicate when signing. Unless we waive this requirement, in this instance you must submit with the letter of transmittal proper evidence satisfactory to us of their authority to act on your behalf.

We, in our sole discretion, will make a final and binding determination on all questions as to the validity, form, eligibility (including time of receipt) and acceptance of Restricted Notes tendered for exchange. We reserve the absolute right to reject any and all tenders not properly tendered or to not accept any tender which acceptance might, in our judgment or our counsel's, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any individual tender before the expiration date (including the right to waive the ineligibility of any holder who seeks to tender Restricted Notes in the exchange offer). Our interpretation of the terms and conditions of the exchange offer as to any particular tender either before or after the expiration date will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Restricted Notes for exchange must be cured within a reasonable period of time, as we determine. We are not, nor is the exchange agent or any other person, under any duty to notify you of any defect or irregularity with respect to your tender of Restricted Notes for exchange, and no one shall be liable for failing to provide such notification.

By tendering Restricted Notes, you represent to us that: (i) the Exchange Notes to be issued to you in the exchange offer are acquired in the ordinary course of your business; (ii) at the time of the commencement of the exchange offer you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes to be issued to you in the exchange offer in violation of the Securities Act; (iii) you are not our affiliate, as defined in Rule 405 of the Securities Act; (iv) you are not engaging in, and do not intend to engage in, a distribution of the Exchange Notes to be issued to you in

Table of Contents

the exchange offer; (v) if you are a purchasing broker-dealer, that you will receive the Exchange Notes for your own account in exchange for the Restricted Notes that were acquired by you as a result of your market-making or other trading activities and that you will deliver a prospectus in connection with any resale of such Exchange Notes; and (vi) you are not acting on behalf of any persons or entities who could not truthfully make the foregoing representations. For further information regarding resales of the Exchange Notes by participating broker-dealers, see the discussion under the caption Plan of Distribution.

If any holder or other person is an affiliate of ours, as defined under Rule 405 of the Securities Act, or is engaged in, or intends to engage in, or has an arrangement or understanding with any person to participate in, a distribution of the Exchange Notes, that holder or other person cannot rely on the applicable interpretations of the staff of the Commission, may not tender its Restricted Notes in the exchange offer and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Restricted Notes, where the Restricted Notes were acquired by it as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the Exchange Notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. See Plan of Distribution.

Furthermore, any broker-dealer that acquired any of its Restricted Notes directly from us:

may not rely on the applicable interpretation of the staff of the Commission's position contained in Exxon Capital Holdings Corp., SEC no-action letter (April 13, 1988), Morgan, Stanley & Co. Inc., SEC no-action letter (June 5, 1991) and Shearman & Sterling, SEC no-action letter (July 2, 1993);

must also be named as a selling securityholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

By delivering an agent's message, a beneficial owner (whose Restricted Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee) or holder will be deemed to have irrevocably appointed the exchange agent as its agent and attorney-in-fact (with full knowledge that the exchange agent is also acting as an agent for us in connection with the exchange offer) with respect to the Restricted Notes, with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest subject only to the right of withdrawal described in this prospectus), to receive for our account all benefits and otherwise exercise all rights of beneficial ownership of such Restricted Notes, in accordance with the terms and conditions of the exchange offer.

Each beneficial owner or holder will also be deemed to have represented and warranted to us that it has authority to tender, exchange, sell, assign and transfer the Restricted Notes it tenders and that, when the same are accepted for exchange, we will acquire good, marketable and unencumbered title to such Restricted Notes, free and clear of all liens, restrictions, charges and encumbrances, and that the Restricted Notes tendered are not subject to any adverse claims or proxies. Each beneficial owner and holder, by tendering its Restricted Notes, also agrees that it will comply with its obligations under the registration rights agreement.

Acceptance of Restricted Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, after the expiration date, all Restricted Notes properly tendered and will issue the Exchange Notes promptly after the expiration date of the Restricted Notes. See Conditions to the Exchange Offer. For purposes of the exchange offer, we will be deemed to have accepted properly tendered Restricted Notes for exchange if and when we give oral (confirmed in writing) or written notice to the exchange agent.

Table of Contents

The holder of each Restricted Note accepted for exchange will receive the applicable Exchange Note in the amount equal to the surrendered Restricted Note. Holders of Exchange Notes on the relevant record date for the first interest payment date following the consummation of the exchange offer will receive interest accruing from the most recent date to which interest has been paid on the Restricted Notes or, if no interest has been paid, from the issue date of the Restricted Notes. Holders of Exchange Notes will not receive any payment in respect of accrued interest on Restricted Notes otherwise payable on any interest payment date, the record date for which occurs on or after the consummation of the exchange offer.

In all cases, issuance of Exchange Notes for Restricted Notes that are accepted for exchange will be made only after timely receipt by the exchange agent of an agent's message and a timely confirmation of book-entry transfer of the Restricted Notes into the exchange agent's account at DTC.

If any tendered Restricted Notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if Restricted Notes are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or non-exchanged Restricted Notes will be returned without expense to an account maintained with DTC promptly after the expiration or termination of the exchange offer.

Guaranteed Delivery Procedures

If you desire to tender your Restricted Notes and your Restricted Notes are not immediately available, time will not permit your Restricted Notes or other required documents to reach the exchange agent before the time of expiration or you cannot complete the procedure for book-entry on a timely basis, you may tender if:

you tender through an eligible financial institution;

on or prior to 5:00 p.m., New York City time, on the expiration date, the exchange agent receives from an eligible institution, a written or facsimile copy of a properly completed and duly executed letter of transmittal and notice of guaranteed delivery, substantially in the form provided by us; and

a book-entry confirmation, and all other documents required by the letter of transmittal, are received by the exchange agent within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery.

The notice of guaranteed delivery may be sent by facsimile transmission, mail or hand delivery. The notice of guaranteed delivery must set forth:

your name and address;

the amount of Restricted Notes you are tendering; and

a statement that your tender is being made by the notice of guaranteed delivery and that you guarantee that within three New York Stock Exchange trading days after the execution of the notice of guaranteed delivery, the eligible institution will deliver the following documents to the exchange agent:

a book-entry confirmation of tender;

a written or facsimile copy of the letter of transmittal, or a book-entry confirmation instead of the letter of transmittal; and

any other documents required by the letter of transmittal.

Table of Contents

Book-Entry Transfers

The exchange agent will make a request to establish an account for the Restricted Notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC's systems must make book-entry delivery of Restricted Notes by causing DTC to transfer those Restricted Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. This participant should transmit its acceptance to DTC on or prior to the expiration date. DTC will verify this acceptance, execute a book-entry transfer of the tendered Restricted Notes into the exchange agent's account at DTC and then send to the exchange agent confirmation of this book-entry transfer. The transmission of the Restricted Notes and agent's message to DTC and delivery by DTC to and receipt by the exchange agent of the related agent's message will be deemed to be a valid tender.

If one of the following situations occurs:

you cannot deliver a book-entry confirmation of book-entry delivery of your book-entry interests into the relevant account of the exchange agent at DTC; or

you cannot deliver all other documents required by the letter of transmittal to the exchange agent prior to the time of expiration,

then you must tender your book-entry interests according to the guaranteed delivery procedures discussed above.

Withdrawal Rights

For a withdrawal of a tender of Restricted Notes to be effective, the exchange agent must receive a valid withdrawal request through the Automated Tender Offer Program (ATOP) system from the tendering DTC participant before the expiration date. Any such request for withdrawal must include the VOI number of the tender to be withdrawn and the name of the ultimate beneficial owner of the related Restricted Notes in order that such notes may be withdrawn. Properly withdrawn Restricted Notes may be re-tendered by following the procedures described under "Procedures for Tendering Restricted Notes" above at any time on or before 5:00 p.m., New York City time, on the expiration date.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Any Restricted Notes so withdrawn will be deemed not to have been validly tendered for exchange. No Exchange Notes will be issued unless the Restricted Notes so withdrawn are validly re-tendered.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer and subject to our obligations under the registration rights agreement, we will not be required to accept for exchange, or to issue Exchange Notes in exchange for, any Restricted Notes and may terminate or amend the exchange offer, if at any time before the expiration of the exchange offer, any of the following events occur:

the exchange offer violates applicable law or any applicable interpretation of the staff of the Commission;

an action or proceeding has been instituted or threatened in any court or by any governmental agency that might materially impair our ability to proceed with the exchange offer and any material adverse development shall have occurred in any existing action or proceeding with respect to us; and

all governmental approvals have not been obtained, which approvals we deem necessary for the consummation of the exchange offer.

Table of Contents

These conditions are for our sole benefit and we may assert them regardless of the circumstances giving rise to them, subject to applicable law. We also may waive in whole or in part at any time and from time to time any particular condition in our sole discretion. If we waive a condition, we may be required in order to comply with applicable securities laws, to extend the expiration date of the exchange offer. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of these rights and these rights will be deemed ongoing rights that may be asserted at any time (in the case of any condition involving governmental approvals necessary to the consummation of the exchange offer) and from time to time prior to the time of expiration (in the case of all other conditions).

In addition, we will not accept for exchange any Restricted Notes tendered, and no Exchange Notes will be issued in exchange for any of those Restricted Notes, if at the time the Restricted Notes are tendered any stop order is threatened by the Commission or in effect with respect to the registration statement of which this prospectus is a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended (the Trust Indenture Act or TIA).

The exchange offer is not conditioned on any minimum principal amount of Restricted Notes being tendered for exchange.

Fees and Expenses

The principal solicitation is being made through DTC by U.S. Bank National Association, as exchange agent. We will pay the exchange agent customary fees for its services, reimburse the exchange agent for its reasonable out-of-pocket expenses incurred in connection with the provision of these services and pay other registration expenses, including registration and filing fees, fees and expenses of compliance with federal securities and state blue sky securities laws, printing expenses, messenger and delivery services and telephone, fees and disbursements to our counsel, application and filing fees and any fees and disbursements to our independent registered public accounting firm. We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer. We will pay the estimated cash expenses to be incurred in connection with the exchange offer.

Additional solicitation may be made by telephone, facsimile or in person by our and our affiliates' officers and regular employees and by persons so engaged by the exchange agent.

Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with the tender of Restricted Notes in the exchange offer unless you instruct us to register Exchange Notes in the name of, or request that Restricted Notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder. In those cases, you will be responsible for the payment of any applicable transfer tax.

Accounting Treatment

We will record the Exchange Notes at the same carrying value as the Restricted Notes, as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes as the terms of the Exchange Notes are substantially identical to those of the Restricted Notes. The expenses of the exchange offer will be amortized over the terms of the Exchange Notes.

Consequences of Failing to Exchange Restricted Notes

If you do not exchange your Restricted Notes for Exchange Notes in the exchange offer or qualify to elect to have your Restricted Notes registered in a shelf registration form, your Restricted Notes will continue to be subject to the provisions of the indenture regarding transfer and exchange of the Restricted Notes and the restrictions on transfer of the Restricted Notes imposed by the Securities Act and state securities law. These transfer restrictions are required because the Restricted Notes were issued under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Restricted Notes may not be offered or sold unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register the Restricted Notes under the Securities Act.

If you do not exchange your Restricted Notes for Exchange Notes in the exchange offer or qualify to elect to have your Restricted Notes registered in a shelf registration form, you will continue to be entitled to all the rights and limitations applicable to the Restricted Notes as set forth in the indenture, but we will not have any further obligation to you to provide for the exchange and registration of the Restricted Notes under the registration rights agreement other than as set forth above under Purpose and Effect. Therefore, the liquidity of the market for your Restricted Notes could be adversely affected upon completion of the exchange offer if you do not participate in the exchange offer.

Participating Broker-Dealers

Each broker-dealer that receives Exchange Notes for its own account in exchange for Restricted Notes, where such Restricted Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution.

Table of Contents**USE OF PROCEEDS**

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the exchange offer. Accordingly, the issuance of the Exchange Notes will not result in any increase in our outstanding indebtedness or change in our capitalization.

RATIO OF EARNINGS TO FIXED CHARGES

The following table contains our historical consolidated ratio of earnings to fixed charges for the periods indicated. You should read these ratios in connection with our consolidated financial statements, including the notes to those statements, incorporated by reference in this prospectus. As of the date of this prospectus, we have no shares of preferred stock outstanding, and consequently, our ratio of earnings to preferred share dividends and ratio of earnings to fixed charges would be identical.

Ratio of earnings to fixed charges	(1)	4.82	8.32	7.60	6.87	11.72

(1) Earnings for the three months ended March 29, 2014 were insufficient to cover fixed charges by \$96,363. For purposes of calculating the ratio of earnings to fixed charges, earnings represent the sum of income before income taxes and fixed charges minus capitalized interest and fixed charges consist of interest expense, capitalized interest, amortization of deferred financing costs, write-off of deferred financing costs and the portion of rental expense which management believes is representative of the interest component of rent expense.

2020 and thereafter	100.000%

Prior to January 15, 2017, the Company may on any one or more occasions redeem up to 40% of the original principal amount of the Notes (calculated after giving effect to any issuance of Additional Notes), upon not less than 30 nor more than 60 days notice, with the Net Cash Proceeds of one or more Equity Offerings at a redemption price of 105.375% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided* that

- (1) at least 50% of the original principal amount of the Notes (calculated after giving effect to any issuance of Additional Notes) remains outstanding after each such redemption; and
- (2) the redemption occurs within 90 days after the closing of such Equity Offering.

In addition, at any time prior to January 15, 2017, the Company may redeem the Notes, in whole but not in part, upon not less than 30 nor more than 60 days notice, at a redemption price equal to 100% of the principal amount thereof plus the Applicable Premium plus accrued and unpaid interest, if any, to, but excluding, the redemption date (subject

to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Applicable Premium means, with respect to a Note at any redemption date, the greater of (i) 1.0% of the principal amount of such Note and (ii) the excess, if any, of (A) the present value as of such redemption date of (1) the redemption price of such Note at January 15, 2017 (such redemption price being described above) plus (2) all required interest payments due on such Note through January 15, 2017 (excluding accrued but unpaid interest to the redemption date), computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points, over (B) the principal amount of such Note. The Trustee shall have no duty to calculate or verify the calculation of the Applicable Premium.

Table of Contents

Treasury Rate means the yield to maturity at the time of computation of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) which has become publicly available at least two Business Days prior to any redemption date or, in the case of a redemption in connection with a satisfaction and discharge or defeasance, at least two Business Days prior to the deposit of funds with the Trustee in accordance with the applicable provisions of the Indenture (or, if such Statistical Release is no longer published, any publicly available source or similar market data)), in each case most nearly equal to the period from such redemption date to January 15, 2017; *provided, however*, that if the period from such redemption date to January 15, 2017 is not equal to the constant maturity of a United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from such redemption date to January 15, 2017 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

If the optional redemption date is on or after an interest record date and on or before the related interest payment date, the accrued and unpaid interest, if any, will be paid on the optional redemption date to the Person in whose name the Note is registered at the close of business on such record date, and no additional interest will be payable to holders whose Notes will be subject to redemption by the Company. Unless the Company defaults on the payment of the redemption price, interest will cease to accrue on the Notes or the portions thereof called for redemption on the applicable redemption date.

In the case of any partial redemption, selection of the Notes for redemption will be made by the Trustee on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion will deem to be fair and appropriate; *provided* that the unredeemed portion of any Note redeemed in part must be equal to \$2,000 in principal amount or an integral multiple of \$1,000 in excess thereof. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original Note.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions **Change of Control** and **Certain Covenants Limitation on Sales of Assets and Subsidiary Stock**. The Company may acquire notes by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities law, so long as such acquisition does not otherwise violate the terms of the Indenture.

Ranking

The Notes will be general unsecured obligations of the Company that rank senior in right of payment to all existing and future Indebtedness that is expressly subordinated in right of payment to the Notes. The Notes will rank equally in right of payment with all existing and future liabilities of the Company that are not so subordinated. The Notes will be effectively subordinated to all of the Company's and the Subsidiary Guarantors' existing and future secured Indebtedness, including Indebtedness under the Senior Secured Credit Agreement, to the extent of the value of the assets securing such Indebtedness. The Notes will be structurally subordinated to all of the existing and future liabilities (including trade payables) of each of the subsidiaries of the Company that do not guarantee the Notes. In the event of the bankruptcy, liquidation, reorganization or other winding-up of the Company or the Subsidiary Guarantors or upon a default in payment with respect to, or the acceleration of, any Indebtedness under the Senior Secured Credit

Agreement or other secured Indebtedness, the assets of the Company and the Subsidiary Guarantors that secure such secured Indebtedness will be available to pay obligations on the Notes and the Subsidiary Guarantees only after all Indebtedness under the Senior Secured Credit Agreement and other secured Indebtedness has been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all the Notes and the Subsidiary Guarantees then outstanding.

Table of Contents

As of March 29, 2014:

we had approximately \$2,392.9 million of total Indebtedness (including the Notes), all of which ranked equally with the Notes;

of our total Indebtedness, we had approximately \$1,853.5 million of secured Indebtedness, including secured Indebtedness under the Senior Secured Credit Agreement (excluding an additional \$32.7 million represented by outstanding letters of credit under the Senior Secured Credit Agreement), to which the Notes would have been effectively subordinated to the extent of the value of the assets securing such Indebtedness;

we had commitments available to be borrowed under the Senior Secured Credit Agreement of up to \$748.3 million (after giving effect to \$32.7 million of outstanding letters of credit under the Senior Secured Credit Agreement), which could increase by at least an additional \$600.0 million, subject to certain conditions; and

our non-guarantor subsidiaries would have had approximately \$2,041.9 million of total liabilities (including trade payables but excluding intercompany liabilities), all of which would have been structurally senior to the Notes. Of the \$3,454.1 million of total liabilities, \$78.1 million is guaranteed by the Subsidiary Guarantors.

Although the Indenture limits the amount of Indebtedness that the Company and its Restricted Subsidiaries may incur, such Indebtedness may be substantial and a significant portion of such Indebtedness may be secured Indebtedness or structurally senior to the Notes.

Subsidiary Guarantees

The Subsidiary Guarantors will, jointly and severally, unconditionally guarantee on a senior unsecured basis the Company's obligations under the Notes and all obligations under the Indenture. In addition, such Subsidiary Guarantors will agree to pay any and all costs and expenses (limited, in the case of legal fees and expenses, to the fees and expenses of one primary counsel to each of the Trustee and the holders of the Notes, taken as a whole, and, in the case of an actual or perceived conflict of interest, to the fees and expenses of one additional counsel to each group of similarly situated holders of Notes, taken as a whole) reasonably incurred by the Trustee or the holders in enforcing any rights under the Subsidiary Guarantees. The obligations of the Subsidiary Guarantors under the Subsidiary Guarantees will rank equally in right of payment with other Indebtedness of such Subsidiary Guarantors, except to the extent such other Indebtedness is expressly subordinated to the obligations arising under the Subsidiary Guarantees.

As of March 29, 2014:

the Subsidiary Guarantors had no Indebtedness other than intercompany liabilities and guarantees under the Senior Secured Credit Agreement and the Indenture; and

the Subsidiary Guarantors had no Subordinated Obligations (other than intercompany obligations).

Although the Indenture will limit the amount of indebtedness that Restricted Subsidiaries may Incur, such indebtedness may be substantial.

For the twelve months ended December 28, 2013 and the three months ended March 29, 2014, our non-guarantor subsidiaries represented approximately 2.3% and 52.0%, respectively, of our net sales, approximately 0% and 0%, respectively, of our operating income and approximately 0.02% and 28.5%, respectively, of Adjusted EBITDA. As of March 29, 2014, our non-guarantor subsidiaries represented approximately 59.3% of our total assets and approximately 59.1% of our total liabilities, including trade payables but excluding intercompany liabilities. All of these liabilities were structurally senior to the Notes. Of the \$3,454.1 million of total liabilities, \$78.1 million was guaranteed by the Subsidiary Guarantors.

Table of Contents

The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law. If a Subsidiary Guarantee were rendered voidable, it could be subordinated by a court to all other Indebtedness (including Guarantees and other contingent liabilities) of the Subsidiary Guarantor, and, depending on the amount of such Indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero.

A Subsidiary Guarantor will be released from its obligations under its Subsidiary Guarantee upon the release or discharge of such Subsidiary Guarantor from its Guarantee of (a) if the Senior Secured Credit Agreement is outstanding, Indebtedness under the Senior Secured Credit Agreement (including, by reason of the termination of the Senior Secured Credit Agreement) and (b) if the Senior Secured Credit Agreement is not outstanding, any other Indebtedness that resulted in the obligation of such Subsidiary Guarantor to Guarantee the Notes if the aggregate amount of such other Indebtedness is not in excess of \$50.0 million following such release, *provided that*, in each case, such Subsidiary Guarantor would not then otherwise be required to Guarantee the Notes pursuant to the Indenture, and, in each case, except a release or discharge by or as a result of payment under such Guarantee under the Senior Secured Credit Agreement or such other Indebtedness, as applicable (it being understood that a release subject to contingent reinstatement shall constitute a release).

In the event a Subsidiary Guarantor is sold or disposed of (whether by merger, consolidation, the sale of its Capital Stock or the sale of all or substantially all of its assets) and whether or not the Subsidiary Guarantor is the surviving Person in such transaction to a Person which is not the Company or a Restricted Subsidiary of the Company (other than a Receivables Entity), such Subsidiary Guarantor will be released from its obligations under its Subsidiary Guarantee if:

- (1) the sale or other disposition is in compliance with the Indenture, including the covenants Certain Covenants Limitation on Sales of Assets and Subsidiary Stock (it being understood that only such portion of the Net Available Cash as is required to be applied on or before the date of such release in accordance with the terms of the Indenture needs to be applied in accordance therewith at such time) and Certain Covenants Merger and Consolidation ; and
- (2) (a) if the Senior Secured Credit Agreement is outstanding, such Subsidiary Guarantor is also released from its Guarantee granted in connection with the Senior Secured Credit Agreement and (b) if the Senior Secured Credit Agreement is not outstanding, all the obligations of such Subsidiary Guarantor under any agreements relating to any other Indebtedness of the Company or its Restricted Subsidiaries with an aggregate amount in excess of \$50.0 million terminate upon consummation of such transaction.

In addition, a Subsidiary Guarantor will be released from its obligations under the Indenture, its Subsidiary Guarantee and the Registration Rights Agreement (i) if the Company designates such Subsidiary as an Unrestricted Subsidiary and such designation complies with the other applicable provisions of the Indenture, (ii) in connection with any legal or covenant defeasance of the Notes or (iii) upon satisfaction and discharge of the Indenture, each in accordance with the terms of the Indenture.

Neither the Issuer nor any Subsidiary Guarantor shall be required to make a notation on the Notes to reflect any release, discharge or termination of such Guarantee.

Change of Control

If a Change of Control occurs, unless the Company has exercised its right to redeem all of the Notes as described under Optional Redemption, each holder will have the right to require the Company to repurchase all or any part (equal to \$1,000 or an integral multiple thereof) of such holder's Notes at a purchase price in cash equal to 101% of the principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Table of Contents

Within 30 days following any Change of Control, unless the Company has exercised its right to redeem all of the Notes as described under Optional Redemption, the Company will mail a notice (the Change of Control Offer) to each holder, with a copy to the Trustee, stating:

- (1) that a Change of Control has occurred and that such holder has the right to require the Company to purchase such holder's Notes at a purchase price in cash equal to 101% of the principal amount of such Notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the Change of Control Payment);
- (2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the Change of Control Payment Date); and
- (3) the procedures determined by the Company, consistent with the Indenture, that a holder must follow in order to have its Notes repurchased.

On the Change of Control Payment Date, the Company will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes (in integral multiples of \$1,000) properly tendered pursuant to the Change of Control Offer; *provided* that if, following repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately after such repurchase would be less than \$2,000, then the portion of such Note so repurchased shall be reduced so that the remaining principal amount of such Note outstanding immediately after such repurchase is \$2,000;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes so tendered; and
- (3) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Company.

A Change of Control Offer may be made in advance of a Change of Control, conditioned upon consummation of the Change of Control, if a definitive agreement is in effect at the time of making such Change of Control Offer that, when consummated in accordance with its terms, will result in a Change of Control; *provided* that such Change of Control Offer complies with all applicable securities laws or regulations.

The paying agent will promptly mail to each holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a principal amount of \$2,000 or integral multiples of \$1,000 in excess thereof.

If the Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest, if any, will be paid on the Change of Control Payment Date to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will

be payable to holders who tender pursuant to the Change of Control Offer.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the

Table of Contents

requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer; or (ii) notice of redemption to redeem the Notes in full has been given pursuant to the Indenture as described under the caption **Optional Redemption**, unless and until there is a default of the applicable redemption price.

The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described in the Indenture by virtue of the conflict.

The Company's ability to repurchase Notes pursuant to a Change of Control Offer may be limited by a number of factors. The occurrence of certain of the events that constitute a Change of Control would constitute a default under the Senior Secured Credit Agreement. In addition, certain events that may constitute a change of control under the Senior Secured Credit Agreement and cause a default under that agreement may not constitute a Change of Control under the Indenture. Future Indebtedness of the Company and its Subsidiaries may also contain prohibitions of certain events that would constitute a Change of Control or require such Indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the holders of their right to require the Company to repurchase the Notes could cause a default under such Indebtedness, including as the result of a failure to repurchase such Indebtedness when required, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. Finally, the Company's ability to pay cash to the holders upon a repurchase may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. See **Risk Factors** **Risks Related to the Exchange Notes** We may not be able to repurchase the Exchange Notes upon a change of control or an offer to repurchase the Exchange Notes in connection with an asset sale as required by the indenture.

Even if sufficient funds were otherwise available, the terms of the Senior Secured Credit Agreement will, and future Indebtedness may, prohibit the Company's prepayment or repurchase of Notes before their scheduled maturity. Consequently, if the Company is not able to prepay its obligations under the Senior Secured Credit Agreement and any such other Indebtedness containing similar restrictions or obtain requisite consents, as described above, the Company will be unable to fulfill its repurchase obligations if holders of Notes exercise their repurchase rights following a Change of Control, resulting in a default under the Indenture. A default under the Indenture may result in a cross-default under the Senior Secured Credit Agreement.

The Change of Control provisions described above may deter certain mergers, tender offers and other takeover attempts involving the Company by increasing the capital required to effectuate such transactions. The definition of **Change of Control** includes a disposition of all or substantially all of the property and assets of the Company and its Restricted Subsidiaries taken as a whole to any Person. Although there is a limited body of case law interpreting the phrase **substantially all**, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of **all or substantially all** of the property or assets of a Person. As a result, it may be unclear as to whether a Change of Control has occurred and whether a holder of Notes may require the Company to make an offer to repurchase the Notes as described above.

Prior to the occurrence of a Change of Control, the provisions under the Indenture relative to the Company's obligation to make an offer to repurchase the Notes as a result of such Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of the Notes.

Certain Covenants

Effectiveness of Covenants

Following the first day:

(a) the Notes have an Investment Grade Rating from both of the Ratings Agencies; and

Table of Contents

(b) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing causes (a) and (b) being collectively referred to as a Covenant Suspension Event);

the Company and its Restricted Subsidiaries will not be subject to the provisions of the Indenture summarized under:

Limitation on Indebtedness ;

Limitation on Restricted Payments ;

Limitation on Restrictions on Distributions from Restricted Subsidiaries ;

Limitation on Sales of Assets and Subsidiary Stock ;

Limitation on Affiliate Transactions ;

Clause (3) of the first paragraph of Merger and Consolidation ; or

Limitation on Lines of Business

(collectively, the Suspended Covenants). If at any time the Notes credit rating is downgraded from an Investment Grade Rating by any Rating Agency (such date, a Reversion Date), then the Suspended Covenants will thereafter be reinstated as if such covenant had never been suspended and be applicable pursuant to the terms of the Indenture (including in connection with performing any calculation or assessment to determine compliance with the terms of the Indenture), unless and until the Notes subsequently attain an Investment Grade Rating from both of the Rating Agencies and no Default is then in existence (in which event the Suspended Covenants shall no longer be in effect for such time that the Notes maintain an Investment Grade Rating from both Rating Agencies); *provided, however*, that no Default, Event of Default or breach of any kind shall be deemed to exist under the Indenture, the Notes or the Subsidiary Guarantees with respect to the Suspended Covenants based on, and none of the Company or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring after the Notes attain Investment Grade Rating and before any reinstatement of such Suspended Covenants as provided above, or any actions taken at any time pursuant to any contractual obligation arising prior to such reinstatement, regardless of whether such actions or events would have been permitted if the Suspended Covenants remained in effect during such period. The period of time between the occurrence of a Covenant Suspension Event and a Reversion Date is referred to as the Suspension Period.

During any Suspension Period, the Board of Directors of the Company may not designate any of the Company s Subsidiaries as Unrestricted Subsidiaries pursuant to the Indenture unless, so long as the Senior Secured Credit Agreement is outstanding, such Subsidiary is also designated as an unrestricted subsidiary under the Senior Secured Credit Agreement.

On a Reversion Date, all Indebtedness Incurred during the Suspension Period will be classified to have been Incurred pursuant to the first paragraph or clauses (1) through (27) of Limitation on Indebtedness (to the extent such

Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date and after giving effect to the Indebtedness Incurred prior to the Suspension Period and outstanding on the Reversion Date). To the extent such Indebtedness would not be permitted to be Incurred pursuant to such paragraph or clauses of Limitation on Indebtedness, such Indebtedness will be deemed to have been outstanding on the Acquisition Closing Date, so that it is classified as permitted under clause (4) of Limitation on Indebtedness. Calculations made after a Reversion Date of the amounts available to be made as Restricted Payments under Limitation on Restricted Payments will be made as though the covenants described under Limitation on Restricted Payments had been in effect since the Acquisition Closing Date and throughout any Suspension Period. Accordingly, Restricted Payments made during such Suspension Period will reduce the amount available to be made as Restricted Payments under clause (c) of the first paragraph of Limitation on Restricted Payments. However, no Default or Event of Default will be deemed to have occurred as a result of the Reversion Date occurring on the basis of any actions taken or the continuance of any circumstances resulting from actions taken or the performance of obligations under agreements entered into by the Company or any of the Restricted Subsidiaries during the Suspension Period relating to any Suspended Covenant (other than agreements to take actions after the Reversion Date that would not be permitted outside of the Suspension Period entered into in contemplation of the Reversion Date). Upon the occurrence of a Suspension Period, the amount of Excess Proceeds shall be reset at zero.

Table of Contents

There can be no assurance that the Notes will ever achieve or maintain an Investment Grade Rating.

The Trustee will be under no duty to monitor, inquire as to or ascertain compliance with the covenants in the Indenture.

Limitation on Indebtedness

The Company will not, and will not permit any of its Restricted Subsidiaries to, Incur any Indebtedness (including Acquired Indebtedness); *provided, however*, that the Company and any Restricted Subsidiary may Incur Indebtedness (including Acquired Indebtedness) if on the date thereof and after giving effect thereto on a *pro forma* basis (including a *pro forma* application of the proceeds therefrom) (1) the Consolidated Coverage Ratio for the Company and its Restricted Subsidiaries is at least 2.0 to 1.0 and (2) no Default or Event of Default will have occurred or be continuing or would occur as a consequence of Incurring the Indebtedness or transactions relating to such Incurrence; *provided further* that Non-Guarantor Restricted Subsidiaries may not Incur Indebtedness pursuant to this paragraph if, after giving *pro forma* effect to such Incurrence (including a *pro forma* application of the proceeds therefrom), the aggregate principal amount of Indebtedness Incurred by Non-Guarantor Restricted Subsidiaries pursuant to this paragraph and then outstanding would exceed the greater of (x) \$250.0 million and (y) 4.35% of Consolidated Total Assets.

The first paragraph of this covenant will not prohibit the Incurrence of the following Indebtedness:

(1) Indebtedness of the Company or any Restricted Subsidiary Incurred pursuant to a Credit Facility (including the issuance and creation of letters of credit, bank guarantees, bankers' acceptances and similar instruments thereunder) in an aggregate principal amount up to \$3,250.0 million at any one time outstanding;

(2) Guarantees by the Company or any Restricted Subsidiary of Indebtedness Incurred in accordance with the provisions of the Indenture; *provided* that in the event such Indebtedness that is being Guaranteed is a Subordinated Obligation, then the related Guarantee shall be subordinated in right of payment to the Notes or the Subsidiary Guarantee, as the case may be, to the same extent as the Indebtedness being Guaranteed;

(3) Indebtedness of the Company owing to and held by any Restricted Subsidiary (other than a Receivables Entity) or Indebtedness of a Restricted Subsidiary owing to and held by the Company or any Restricted Subsidiary (other than a Receivables Entity); *provided, however*,

(a) if the Company is the obligor on such Indebtedness and a Subsidiary Guarantor is not an obligee, such Indebtedness is subordinated in right of payment to the Notes (except (i) in respect of the intercompany current liabilities incurred in the ordinary course of business in connection with the cash management operations of the Company and its Restricted Subsidiaries or (ii) if not permitted by any applicable law or regulation or order of any relevant governmental authority);

(b) if a Subsidiary Guarantor is the obligor on such Indebtedness and the Company or a Subsidiary Guarantor is not an obligee, such Indebtedness is subordinated in right of payment to the Subsidiary Guarantees of such Subsidiary Guarantor (except (i) in respect of the intercompany current liabilities incurred in the ordinary course of business in connection with the cash management operations of the Company and its Restricted Subsidiaries or (ii) if not permitted by any applicable law or regulation or order of any relevant governmental authority); and

(c)(i) any subsequent issuance or transfer of Capital Stock or any other event which results in any such Indebtedness being beneficially held by a Person other than the Company or a Restricted Subsidiary (other than a Receivables

Entity) of the Company and (ii) any sale or other transfer of any such Indebtedness to a Person other than the Company or a Restricted Subsidiary (other than a Receivables Entity) of the Company and other than in connection with any pledge of such Indebtedness constituting a Permitted Lien shall be deemed, in each case, to constitute an Incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be.

Limitation on Sales of Assets and Subsidiary Stock

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Disposition unless:

(1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at least equal to the fair market value (such fair market value to be determined on the date of contractually agreeing to such Asset Disposition), as determined in good faith by the Company (including as to the value of all non-cash consideration), of the shares and assets subject to such Asset Disposition; and

(2) at least 75% of the consideration (excluding any consideration by way of relief from, or by any other person assuming responsibility for, any liabilities, contingent or otherwise, other than Indebtedness) from such Asset Disposition received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents.

Within 365 days of the later of the date of such Asset Disposition or the receipt of Net Available Cash from such Asset Disposition, an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company or such Restricted Subsidiary, as the case may be:

(a) *first*, to the extent the Company or any Restricted Subsidiary, as the case may be, elects (or is required by the terms of any Indebtedness) to prepay, repay or purchase Indebtedness of the Company (other than any Disqualified Stock or Subordinated Obligations) or Indebtedness of a Restricted Subsidiary (other than any Disqualified Stock) (in each case other than Indebtedness owed to the Company or an Affiliate of the Company); *provided, however*, that, in connection with any prepayment, repayment or purchase of Indebtedness (other than revolving Indebtedness) pursuant to this clause (a), the Company or such Restricted Subsidiary will retire such Indebtedness and will cause the related commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased; and

(b) *second*, to the extent of the balance of such Net Available Cash after application in accordance with clause (a), to the extent the Company or such Restricted Subsidiary elects, to invest in Additional Assets;

provided that pending the final application of any such Net Available Cash in accordance with clause (a) or clause (b) above, the Company and its Restricted Subsidiaries may temporarily reduce Indebtedness or otherwise invest such Net Available Cash in any manner not prohibited by the Indenture; *provided, further*, that in the case of clause (b), a binding commitment to invest in Additional Assets shall be treated as a permitted application of the Net Available Cash so long as the Company or a Restricted Subsidiary enters into such commitment within such 365-day period with the good faith expectation that such Net Available Cash will be applied to satisfy such commitment within 180 days of the end of such 365-day period (an *Acceptable Commitment*) and such Net Available Cash is actually applied in such manner within such time period (such period, the *Acceptable Commitment Period*), and in the event any *Acceptable Commitment* is later cancelled or terminated for any reason before the Net Available Cash is applied in connection therewith, the Company or such Restricted Subsidiary enters into another *Acceptable Commitment* (a *Second Commitment*) within the *Acceptable Commitment Period* and such Net Available Cash is actually applied in such manner within 180 days from the date of the *Second Commitment*, it being understood that if a *Second Commitment* is later cancelled or terminated for any reason before such Net Available Cash is applied, then such Net Available Cash shall constitute *Excess Proceeds*.

Any Net Available Cash from Asset Dispositions that are not applied or invested as provided in the preceding paragraph will be deemed to constitute *Excess Proceeds*. If the aggregate amount of *Excess Proceeds* exceeds \$50.0 million, the Company will be required to make an offer (*Asset Disposition Offer*) to all holders of Notes and to

the extent required by the terms of other Pari Passu Indebtedness, to all holders of other Pari Passu Indebtedness outstanding with similar provisions requiring the Company to make an offer to purchase such Pari Passu Indebtedness with the proceeds from any Asset Disposition (Pari Passu Notes), to purchase the maximum principal amount of Notes and any such Pari Passu Notes to which the Asset Disposition Offer applies that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount of the Notes and Pari Passu Notes plus accrued and unpaid interest to the date of purchase, in accordance with the

Table of Contents

procedures set forth in the Indenture or the agreements governing the Pari Passu Notes, as applicable, in each case in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. To the extent that the aggregate amount of Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for general corporate purposes, subject to the other covenants contained in the Indenture. If the aggregate principal amount of Notes surrendered by holders thereof and other Pari Passu Notes surrendered by holders or lenders, collectively, exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and Pari Passu Notes to be purchased on a pro rata basis on the basis of the aggregate principal amount of tendered Notes and Pari Passu Notes. Upon completion of such Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero. Notwithstanding anything to the contrary in the foregoing, the Company may commence an Asset Disposition Offer prior to the expiration of 365 days after the occurrence of an Asset Disposition or the receipt of Net Available Cash from such Asset Disposition; *provided* that such Asset Disposition Offer complies with all applicable securities laws and regulations.

The Asset Disposition Offer will remain open for a period of 20 Business Days following its commencement, except to the extent that a longer period is required by applicable law (the Asset Disposition Offer Period). No later than ten Business Days after the termination of the Asset Disposition Offer Period (the Asset Disposition Purchase Date), the Company will purchase the principal amount of Notes and Pari Passu Notes required to be purchased pursuant to this covenant (the Asset Disposition Offer Amount) or, if less than the Asset Disposition Offer Amount has been so validly tendered, all Notes and Pari Passu Notes validly tendered in response to the Asset Disposition Offer.

If the Asset Disposition Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest will be paid on the Asset Disposition Purchase Date to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will be payable to holders who tender Notes pursuant to the Asset Disposition Offer.

On or before the Asset Disposition Purchase Date, the Company will, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Asset Disposition Offer Amount of Notes and Pari Passu Notes or portions of Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to the Asset Disposition Offer, or if less than the Asset Disposition Offer Amount has been validly tendered and not properly withdrawn, all Notes and Pari Passu Notes so validly tendered and not properly withdrawn, in each case in integral multiples of \$1,000; *provided*, that if following a repurchase of a portion of a Note, the remaining principal amount of such Note outstanding immediately following such repurchase would be less than \$2,000, then the portion of such Note so repurchased shall be reduced to that the remaining principal amount of such Note outstanding immediately following such repurchase is \$2,000. The Company will deliver to the Trustee an Officers Certificate stating that such Notes or portions thereof were accepted for payment by the Company in accordance with the terms of this covenant and, in addition, the Company will deliver all certificates and notes required, if any, by the agreements governing the Pari Passu Notes. The Company or the Paying Agent, as the case may be, will promptly (but in any case not later than five Business Days after the termination of the Asset Disposition Offer Period) mail or deliver to each tendering holder of Notes or holder or lender of Pari Passu Notes, as the case may be, an amount equal to the purchase price of the Notes or Pari Passu Notes so validly tendered and not properly withdrawn by such holder or lender, as the case may be, and accepted by the Company for purchase, and the Company will promptly issue a new Note, and the Trustee, upon delivery of an Officers Certificate from the Company, will authenticate and mail or deliver such new Note to such holder, in a principal amount equal to any unpurchased portion of the Note surrendered; *provided* that each such new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof. In addition, the Company will take any and all other actions required by the agreements governing the Pari Passu Notes. Any Note not so accepted will be promptly mailed or delivered by the Company to the holder thereof. The Company will publicly announce the results of the Asset Disposition Offer on the Asset Disposition Purchase Date.

For the purposes of this covenant, the following will be deemed to be cash:

(1) the assumption by the transferee of Indebtedness of the Company or Indebtedness of a Restricted Subsidiary (other than Subordinated Obligations or Disqualified Stock) and the release of the Company or such Restricted Subsidiary from all liability on such Indebtedness in connection with such Asset Disposition (in which case the Company will, without further action, be deemed to have applied such deemed cash to Indebtedness in accordance with clause (3)(a) above);

Table of Contents

(2) securities, notes or other obligations received by the Company or any Restricted Subsidiary from the transferee that are converted by the Company or such Restricted Subsidiary into cash within 180 days following the closing of such Asset Disposition;

(3) any Designated Noncash Consideration received by the Company or any of its Restricted Subsidiaries in such Asset Disposition having an aggregate fair market value, taken together with all other Designated Noncash Consideration received pursuant to this clause (3) that is at that time outstanding, not to exceed the greater of (i) \$50.0 million and (ii) 0.85% of Consolidated Total Assets at the time of the receipt of such Designated Noncash Consideration (with the fair market value of each item of Designated Noncash Consideration being measured at the time received without giving effect to subsequent changes in value); and

(4) any Additional Assets.

The Company will comply, to the extent applicable, with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to the Indenture. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Indenture by virtue of any conflict.

Limitation on Affiliate Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or conduct any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of the Company (an Affiliate Transaction) involving aggregate payments or consideration in excess of \$10.0 million *unless*:

(1) the terms of such Affiliate Transaction are no less favorable to the Company or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable transaction at the time of such transaction in arm s-length dealings with a Person who is not such an Affiliate; and

(2) in the event such Affiliate Transaction involves an aggregate consideration in excess of \$25.0 million, the terms of such transaction have been approved by a majority of the members of the Board of Directors of the Company and by a majority of the disinterested members of such Board, if any (and such majority or majorities, as the case may be, determines that such Affiliate Transaction satisfies the criteria in clause (1) above).

The preceding paragraph will not apply to:

(1) any Restricted Payment permitted to be made pursuant to the covenant described under Limitation on Restricted Payments and the definition of Permitted Investments ;

(2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment agreements and other compensation arrangements, severance arrangements, options to purchase Capital Stock of the Company, restricted stock plans, long-term incentive plans, stock appreciation rights plans, participation plans or similar employee benefits plans and/or indemnity provided on behalf of officers and employees of the Company and its Restricted Subsidiaries;

(3) to the extent permitted by the terms of the Indenture, loans or advances to employees, officers or directors of the Company or any Restricted Subsidiary of the Company in the ordinary course of business;

(4)(a) any transaction between the Company and a Restricted Subsidiary or between Restricted Subsidiaries, and
(b) Guarantees issued by the Company or a Restricted Subsidiary for the benefit of the Company or a Restricted Subsidiary, as the case may be, in accordance with Limitation on Indebtedness ;

SEC Reports

Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, to the extent permitted by the Exchange Act, the Company will file with the SEC, and make available to the Trustee and the registered holders of the Notes, the annual reports and the information, documents

and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that are specified in Sections 13 and 15(d) of the Exchange Act with respect to U.S. issuers within the time periods specified therein or in the relevant forms. In the event that the Company is not permitted to file such reports, documents and information with the SEC pursuant to the Exchange Act, the Company will nevertheless make available such Exchange Act reports, documents and information to the Trustee and the holders of the Notes as if the Company were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within the time periods specified therein or in the relevant forms.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries and the Consolidated EBITDA of the Unrestricted Subsidiaries taken together exceeds 5% of the Consolidated EBITDA of the Company, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes to the financial statements and in Management's Discussion and Analysis of Results of Operations and Financial Condition, of the financial condition and results of operations of the Company and its Restricted Subsidiaries. Notwithstanding the foregoing, the Company shall comply with the separate financial information requirements for Guarantors and non-guarantor subsidiaries (including any Unrestricted Subsidiaries) contemplated by Rule 3-10 of Regulation S-X promulgated by the SEC.

In addition, the Company and the Subsidiary Guarantors have agreed that they will make available to the holders and to prospective investors, upon the request of such holders, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the Notes are not freely transferable under the Securities Act. For purposes of this covenant, the Company and the Subsidiary Guarantors will be deemed to have furnished the reports to the Trustee and the holders of Notes as required by this covenant if it has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

The filing requirements set forth above for the applicable period may be satisfied by the Company prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement and/or shelf registration statement, and any amendments thereto, with such financial information that satisfies Regulation S-X of the Securities Act; *provided* that this paragraph shall not supersede or in any manner suspend or delay the Company's reporting obligations set forth in the first three paragraphs of this covenant.

Merger and Consolidation

The Company will not consolidate with or merge with or into, or convey, transfer, lease or otherwise dispose of all or substantially all its property and assets in one or more related transactions to, any Person, *unless*:

(1) the resulting, surviving or transferee Person (the *Successor Company*) will be a corporation or a limited liability company, *provided* that in the case the Successor Company is a limited liability company there shall be a corporate co-issuer, in each case organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and the Successor Company (if not the Company) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company under the Notes and the Indenture and will expressly assume, by written agreement, all the obligations of the Company under the Registration Rights Agreement;

(2) immediately after giving *pro forma* effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

(3) immediately after giving *pro forma* effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Subsidiary of the Successor Company as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction), the Successor Company would be able to Incur at least an additional \$1.00 of Indebtedness pursuant to the first paragraph of the Limitation on Indebtedness covenant or the Consolidated Coverage Ratio for the Successor Company and its Restricted Subsidiaries would be greater than or equal to such ratio for the Company and its Restricted Subsidiaries immediately prior to such transaction;

Table of Contents

(4) each Subsidiary Guarantor (unless it is the other party to the transactions above, in which case clause (1) in the penultimate paragraph of this covenant shall apply) shall have by supplemental indenture confirmed that its Subsidiary Guarantee shall apply to such Person's obligations in respect of the Indenture and the Notes and shall have, by written agreement, confirmed that its obligations under the Registration Rights Agreement shall continue to be in effect; and

(5) the Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company, which properties and assets, if held by the Company instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

The predecessor Company will be released from its obligations under the Indenture and the Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, but in the case of a lease of all or substantially all its assets, the predecessor Company will not be released from the obligation to pay the principal of or interest on the Notes.

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances, there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the property or assets of a Person.

The foregoing clause (3) shall not apply to the merger of Darling Escrow Corporation with and into Darling on the Acquisition Closing Date. Notwithstanding the preceding clause (3), (x) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to the Company and (y) the Company may merge with an Affiliate incorporated solely for the purpose of reincorporating the Company in another jurisdiction to realize tax benefits, so long as the amount of Indebtedness of the Company and the Restricted Subsidiaries is not increased thereby; *provided* that, in the case of a Restricted Subsidiary that merges into the Company, the Company will not be required to comply with the preceding clauses (4) and (5).

In addition, the Company will not permit any Subsidiary Guarantor to consolidate with, merge with or into any Person and will not permit the conveyance, transfer, lease or other dispositions of all or substantially all of the property or assets of any Subsidiary Guarantor in one or more related transactions to any Person unless:

(1)(a) if such entity shall remain a Subsidiary Guarantor, the resulting, surviving or transferee Person (the Successor Guarantor) will be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia or any other jurisdiction in which the predecessor Subsidiary was organized; (b) immediately after giving *pro forma* effect to such transaction (and treating any Indebtedness that becomes an obligation of the resulting, surviving or transferee Person or any Restricted Subsidiary as a result of such transaction as having been Incurred by such Person or such Restricted Subsidiary at the time of such transaction), no Default of Event of Default shall have occurred and be continuing; (c) the Successor Guarantor, if other than such Subsidiary Guarantor, expressly assumes all the obligations of such Subsidiary Guarantor under the Indenture, the Notes and its Note Guarantee pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory to the Trustee and assumes by written agreement all the obligations of such Subsidiary Guarantor under the Registration Rights Agreement, and (d) the Company will have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation,

merger or transfer and such supplemental indenture (if any) comply with the Indenture; or

(2) the transaction is made in compliance with the covenant described under Limitation on Sales of Assets and Subsidiary Stock (it being understood that only such portion of the Net Available Cash as is required to be applied on the date of such transaction in accordance with the terms of the Indenture needs to be applied in accordance therewith at such time).

Table of Contents

Notwithstanding the foregoing paragraphs, any Subsidiary Guarantor may merge with or into or transfer all or part of its properties and assets to another Subsidiary Guarantor or the Company. Notwithstanding the foregoing paragraphs (and solely for the avoidance of doubt), any Restricted Subsidiary may (a) merge with or into or transfer all or substantially all of its properties and assets to another Restricted Subsidiary, a Subsidiary Guarantor or the Company or (b) dissolve, liquidate or wind up its affairs or merge with or into the Company or another Restricted Subsidiary if such dissolution, liquidation or winding-up or merger is in the best interest of the Company and is not materially disadvantageous to the holders of the Notes (in the good faith determination of the Company).

Future Subsidiary Guarantors

The Company will cause each Restricted Subsidiary (other than a Foreign Subsidiary or a Receivables Entity) created or acquired by the Company, which, (a) if the Senior Secured Credit Agreement is outstanding, Guarantees the Senior Secured Credit Agreement and (b) if the Senior Secured Credit Agreement is not outstanding, individually or in the aggregate, Incurs Indebtedness (other than Renewable Diesel Joint Venture Indebtedness, Indebtedness owed to the Company or another Subsidiary Guarantor, or Indebtedness consisting solely of Guarantees by a domestic Restricted Subsidiary of Indebtedness of a Foreign Subsidiary whose sole assets are the Capital Stock of or other Investments in the Foreign Subsidiary whose Indebtedness is being guaranteed) in excess of \$50.0 million, to execute and deliver to the Trustee within 20 Business Days a Subsidiary Guarantee pursuant to which such Subsidiary Guarantor will unconditionally Guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any and interest on the Notes on a senior basis.

The obligations of each Subsidiary Guarantor will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor (including, without limitation, any guarantees under the Senior Secured Credit Agreement) and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its Subsidiary Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Subsidiary Guarantor under its Subsidiary Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law.

Each Subsidiary Guarantee shall be released in accordance with the provisions of the Indenture described under Subsidiary Guarantees.

Limitation on Lines of Business

The Company will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Related Business.

Payments for Consent

Neither the Company nor any of its Subsidiaries will, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fees or otherwise, to any holder of any Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or amendment.

Each of the following is an Event of Default:

(1) default in any payment of interest on any Note when due, continued for 30 days;

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a payment default (after giving effect to any grace period provided in such Indebtedness) or the maturity of which has been so accelerated, aggregates \$100.0 million or more;

Table of Contents

Indebtedness will not constitute an Event of Default unless and until the Company or any of its Restricted Subsidiaries fails to make payments in respect of any Guarantee relating to such Indebtedness in accordance with its terms; *provided* that the provisions of this sentence shall not apply to any other Indebtedness of the Company or its Restricted Subsidiaries as to which a payment default or cross acceleration occurs as a result of a default in respect of the Renewable Diesel Joint Venture Indebtedness.

If an Event of Default (other than an Event of Default described in clause (6) above) occurs and is continuing, the Trustee by notice to the Company, or the holders of at least 25% in principal amount of the outstanding Notes by notice to the Company and the Trustee, may, and the Trustee at the request of such holders shall, declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all the Notes to be due and payable. Upon such a declaration, such principal, premium and accrued and unpaid interest will be due and payable immediately. In the event of a declaration of acceleration of the Notes because an Event of Default described in clause (5) under Events of Default has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically annulled if the default triggering such Event of Default pursuant to clause (5) shall be remedied or cured by the Company or a Restricted Subsidiary or waived by the holders of the relevant Indebtedness within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, except nonpayment of principal, premium or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived. If an Event of Default described in clause (6) above occurs and is continuing, the principal of, premium, if any, and accrued and unpaid interest on all the Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders. The holders of a majority in principal amount of the outstanding Notes may waive all past defaults (except with respect to nonpayment of principal, premium or interest of any Note held by a non-consenting holder) and rescind any such acceleration with respect to the Notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the Indenture relating to the duties of the Trustee, if an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the holders unless such holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee to pursue the remedy;
- (3) such holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction that, in the opinion of the Trustee, is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Indenture will provide that in the event an Event of Default has occurred and is continuing, the Trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Table of Contents

The Indenture will provide that if a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or interest on any Note, the Trustee may withhold notice if and so long as a committee of trust officers of the Trustee in good faith determines that withholding notice is in the interests of the holders. In addition, the Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company also is required to deliver to the Trustee, within 10 Business Days after receiving written notice or a responsible officer becoming aware thereof, written notice of any events which would constitute certain Defaults, their status and what action the Company is taking or proposing to take in respect thereof.

Amendments and Waivers

Except as provided in the next two succeeding paragraphs, the Indenture, the Notes and the Subsidiary Guarantees may be amended or supplemented with the consent of the holders of a majority in principal amount of the Notes then outstanding (including without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes) and, subject to certain exceptions, any past default or compliance with any provisions may be waived with the consent of the holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). However, without the consent of each holder of an outstanding Note affected, no amendment, supplement or waiver may, among other things:

- (1) reduce the amount of Notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the stated rate of or extend the stated time for payment of interest on any Note;
- (3) reduce the principal of or extend the Stated Maturity of any Note;
- (4) reduce the premium payable upon the redemption of any Note or change the time at which any Note may be redeemed as described above under **Optional Redemption**, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise;
- (5) waive or modify the Company's obligation to make an offer to repurchase the Notes, or reduce the premium payable upon the repurchase of any Note or change the time at which any Note may be repurchased as described above under **Change of Control**, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise unless such amendment, waiver or modification shall be in effect prior to the occurrence of a Change of Control;
- (6) make any Note payable in money other than that stated in the Note;
- (7) impair the right of any holder to receive payment of principal, premium, if any, and interest on such holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder's Notes;
- (8) make any change in the amendment provisions which require each holder's consent or in the waiver provisions;
- (9) modify the Subsidiary Guarantees in any manner adverse to the holders of the Notes; or

Notwithstanding the foregoing, without the consent of any holder, the Company, the Subsidiary Guarantors and the Trustee may amend the Indenture, the Notes and the Subsidiary Guarantees to:

- (1) cure any ambiguity, omission, defect or inconsistency;

Table of Contents

- (2) provide for the assumption by a successor entity of the obligations of the Company or any Subsidiary Guarantor under the Indenture;
- (3) provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f) (2) (B) of the Code);
- (4) provide for the issuance of Additional Notes;
- (5) add Guarantees with respect to the Notes or release a Subsidiary Guarantor from its obligations under its Subsidiary Guarantee or the Indenture in accordance with the applicable provisions of the Indenture;
- (6) secure the Notes or confirm and evidence the release, termination or discharge of any Subsidiary Guarantee of or Lien securing the Notes when such release, termination or discharge is permitted by, and made in accordance with, the Indenture;
- (7) add to the covenants of the Company for the benefit of the holders or surrender any right or power conferred upon the Company;
- (8) provide additional rights or benefits of the Holders of the Notes;
- (9) make any change that does not adversely affect, in any material respect, the rights of any holder;
- (10) comply with any requirement of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act;
- (11) provide for the appointment of a successor trustee; *provided* that the successor trustee is otherwise qualified and eligible to act as such under the terms of the Indenture;
- (12) provide for the issuance of exchange notes in an exchange offer pursuant to a Registration Rights Agreement which shall have terms substantially identical in all respects to the Notes (except that the transfer restrictions contained in the Notes shall be modified or eliminated as appropriate) and which shall be treated, together with any outstanding Notes, as a single class of securities; or
- (13) conform the text of the Indenture, the Notes or the Subsidiary Guarantees to any provision of this Description of the Exchange Notes to the extent that such provision in this Description of the Exchange Notes is intended to be a verbatim recitation of a provision of the Indenture, the Notes or the Subsidiary Guarantees.

The consent of the holders is not necessary under the Indenture to approve the particular form of any proposed amendment or supplement. It is sufficient if such consent approves the substance of the proposed amendment or supplement. A consent to any amendment, supplement or waiver under the Indenture by any holder of Notes given in connection with a tender of such holder's Notes will not be rendered invalid by such tender. After an amendment or supplement under the Indenture becomes effective, the Company is required to mail to the holders a notice briefly describing such amendment or supplement. However, the failure to give such notice to all the holders, or any defect in the notice will not impair or affect the validity of the amendment or supplement.

Defeasance

The Company at any time may terminate all its obligations under the Notes and the Indenture (legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes. If the Company exercises its legal defeasance option, the Subsidiary Guarantees in effect at such time will terminate.

Table of Contents

The Company at any time may terminate its obligations described under **Change of Control** and under the covenants described under **Certain Covenants** (other than **Merger and Consolidation**), the operation of the cross-default upon a payment default and cross acceleration provisions, the bankruptcy provisions with respect to **Significant Subsidiaries** and the judgment default provision and the **Subsidiary Guarantee** provision described under **Events of Default** above and the limitations contained in clause (3) under **Certain Covenants Merger and Consolidation** above (**covenant defeasance**). If the Company exercises its covenant defeasance option, the **Subsidiary Guarantees** in effect at such time will terminate.

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect to the Notes. If the Company exercises its covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4) (but only with respect to covenants that are terminated as a result of such defeasance), (5), (6) (with respect only to **Significant Subsidiaries**), (7) or (8) under **Events of Default** above or because of the failure of the Company to comply with clause (3) under **Certain Covenants Merger and Consolidation** above.

In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the **defeasance trust**) with the Trustee money or U.S. Government Obligations, or a combination thereof, for the payment of principal, premium, if any, and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel (subject to customary exceptions and exclusions) to the effect that holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred. In the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable U.S. federal income tax law.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when either:

(1) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Company, have been delivered to the Trustee for cancellation; or

(2) (a) all Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the giving of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company, and the Company or any **Subsidiary Guarantor** has irrevocably deposited or caused to be deposited with the Trustee, as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption, as the case may be;

(b) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a Default or an Event of Default resulting from borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a default under, any **Credit Facility** or any other material agreement or instrument to which the Company

or any Subsidiary Guarantor is a party or by which the Company or any Subsidiary Guarantor is bound;

(c) the Company has paid or caused to be paid all sums payable by it under the Indenture; and

Table of Contents

(d) the Company has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Company must deliver an Officers Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Company or any Subsidiary Guarantor, as such, shall have any liability for any obligations of the Company under the Notes, the Indenture or the Subsidiary Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee

U.S. Bank National Association is the Trustee under the Indenture and has been appointed by the Company as Registrar and Paying Agent with regard to the Notes.

Governing Law

The Indenture provides that it, the Notes and the Subsidiary Guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

Rules of Construction

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness or Liens, the making of any Investment, Permitted Investment or Restricted Payment or Asset Disposition or the entering into any Affiliate Transaction or any other transaction, event or circumstance, or any determination made under any other provision of the Indenture (any of the foregoing, a subject transaction), the U.S. dollar-equivalent principal amount of a subject transaction denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date of such subject transaction (which, in the case of revolving credit Indebtedness, shall be deemed to be date first committed, and, in all other cases shall be deemed to be the date Incurred, made or entered into or the date of the occurrence of such transaction, event or circumstance or the applicable date of determination); *provided* that if such Indebtedness is Incurred (and, if applicable, any associated Lien is granted) to refinance or replace other Indebtedness denominated in a foreign currency, and such refinancing or replacement would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing or replacement, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing or replacement Indebtedness (and, if applicable, any associated Lien) does not exceed the principal amount of such Indebtedness being refinanced or replaced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company may incur pursuant to this covenant shall not be deemed to be exceeded (and no Default or Event of Default shall be deemed to have occurred) solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

For purposes of determining compliance with any financial ratio in connection with any subject transaction (as defined above), such financial ratio shall only be calculated as of the time of such subject transaction. For purposes of determining the value of any Cash Equivalents in connection with any subject transaction, the value of such Cash Equivalents shall be determined as of the time of such subject transaction.

(4) if since the beginning of such period any Person (that subsequently became a Restricted Subsidiary or was merged with or into the Company or any Restricted Subsidiary since the beginning of such period) will have Incurred any Indebtedness or discharged any Indebtedness, made any disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (1), (2) or (3) above if made by the Company or a Restricted Subsidiary during such period, Consolidated EBITDA and Consolidated Interest Expense for such period will be calculated after giving *pro forma* effect thereto as if such transaction occurred on the first day of such period.

For purposes of this definition, whenever *pro forma* effect is to be given to any calculation under this definition, the *pro forma* calculations will be determined in good faith by a responsible financial or accounting officer of the Company (including *pro forma* expense and cost savings). If any Indebtedness bears a floating rate of interest and is being given *pro forma* effect, the interest expense on such Indebtedness will be calculated as if the rate in effect on the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness if such Interest Rate Agreement has a remaining term in excess of 12 months). MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax consequences to a holder who exchanges its Restricted Notes for Exchange Notes pursuant to the exchange offer. This summary is based upon existing U.S. federal income tax law, which is subject to change, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation which may be important to particular investors in light of their individual investment circumstances, such as original notes held by investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers, tax-exempt organizations (including private foundations) and partnerships and their partners), or to persons that hold the original notes as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes or that have a functional currency other than the U.S. dollar, all of whom may be subject to tax rules that differ significantly from those summarized below. In addition, this summary does not address any state, local, or non-U.S. tax considerations. Each holder is urged to consult his tax advisor regarding the U.S. federal, state, local, and non-U.S. income and other tax consequences of the ownership and disposition of the Exchange Notes.

An exchange of Restricted Notes for Exchange Notes pursuant to the exchange offer should not be a taxable event for U.S. federal income tax purposes. Consequently, a holder of Restricted Notes should not recognize gain or loss, for U.S. federal income tax purposes, as a result of exchanging Restricted Notes for Exchange Notes pursuant to the exchange offer. The holding period of the Exchange Notes should be the same as the holding period of the Restricted Notes and the tax basis in the Exchange Notes should be the same as the adjusted tax basis in the Restricted Notes as determined immediately before the exchange.

**Item 20. Indemnification of Directors and Officers.
Arkansas Corporation**

EV Acquisition, Inc. (EV) and Terra Renewal Services, Inc. (Terra) are each corporations organized under the laws of the State of Arkansas.

Section 4-27-850 of the Arkansas Business Corporation Act of 1987, as amended (the ABCA), permits a corporation, under specified circumstances, to indemnify its directors, officers, employees and agents against expenses (including attorneys fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties by reason of the fact that they are or were a director, officer, employee or agent if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors, officers, employees or agents in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they shall have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought shall determine upon application that the defendant directors, officers, employees or agents are fairly and reasonably entitled to indemnity for such expenses that the court deems proper despite such adjudication of liability.

Section 4-27-850 of the ABCA provides that, to the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding, or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys fees) actually and reasonably incurred by him or her. Section 4-27-850 of the ABCA provides that expenses incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the corporation under Section 4-27-850 of the ABCA. Section 4-27-850 of the ABCA also affords a corporation the power to obtain insurance on behalf of its directors officers, employees and agents against liabilities incurred by them in these capacities.

The Articles of Incorporation of EV permit indemnification of its directors and officers to the fullest extent legally permissible under the ABCA. Additionally, as permitted by Section 4-27-202 of the ABCA, the Articles of Incorporation of EV provide that its directors shall not be personally liable for monetary damages for breach of the directors fiduciary duty as directors to EV or its shareholders to the fullest extent permitted by the ABCA.

The respective Amended and Restated Bylaws of EV and Terra provide for mandatory indemnification of any person who was or is a director or officer of such corporation and permissible indemnification of any person who was or is an employee or other agent of such corporation to the fullest extent legally permissible under the ABCA. In addition, the respective Amended and Restated Bylaws of EV and Terra authorize the respective corporations to maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of such corporation, whether or not such

corporation would have the power to provide indemnification to such person.

The respective Amended and Restated Bylaws of EV and Terra provide that expenses incurred by a director or officer in defending any civil, criminal, administrative or investigative action, suit or proceeding by reason of the fact that he or she is or was a director or officer of such corporation shall be paid by such corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified for

such expenses by such corporation. The rights to indemnification and advancement of expenses under the respective Amended and Restated Bylaws of EV and Terra continue as to a person who has ceased to be a director, officer, employee or agent and inure to the benefit of such person's heirs, executors and administrators.

As discussed under Delaware Corporations, Darling has entered into indemnification agreements with certain of its officers and directors which provide for indemnification when acting in their capacity as officers and directors of EV and Terra.

Delaware Corporations

Darling, Darling Global Holdings Inc., Rousselot Inc., Rousselot Dubuque Inc. and Terra Holding Company are Delaware corporations.

Section 145 of the Delaware General Corporation Law (Section 145) permits indemnification of officers and directors of a corporation under certain conditions and subject to certain limitations. Section 145 also provides that a corporation has the power to maintain insurance on behalf of its officers and directors against any liability asserted against such person and incurred by him or her in such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability under the provisions of Section 145.

Darling's Certificate of Incorporation provides for mandatory indemnification of its directors and officers and permissible indemnification of employees and other agents to the maximum extent not prohibited by the Delaware General Corporation Law. The rights to indemnity thereunder continue as to a person who has ceased to be a director, officer, employee or agent and inure to the benefit of the heirs, executors and administrators of the person. The Certificate of Incorporation of Darling Global Holdings Inc. provides that the corporation shall indemnify its directors and officers to the full extent permitted by Section 145 of the Delaware General Corporation Law, and its bylaws further provide that it shall indemnify any person serving at its request as a director or officer of another corporation, partnership, joint venture, trust or other enterprise. The Certificates of Incorporation of Rousselot Inc. and Rousselot Dubuque Inc. each provide that the respective corporation shall, to the full extent permitted by Section 145 of the Delaware General Corporation Law, indemnify all persons whom they may indemnify pursuant thereto. The Certificate of Incorporation of Terra Holding Company provides that the corporation shall, to the extent permitted by Delaware General Corporation Law, indemnify and hold harmless its directors and officers, and any individual serving at the request of the corporation as a director, officer, employee, fiduciary or agent of another corporation or of a partnership, joint venture, trust or other enterprise, to the fullest extent it is empowered to do so under the Delaware General Corporation Law. In addition, the respective bylaws of Darling, Darling Global Holdings Inc., Rousselot Inc., Rousselot Dubuque Inc. and Terra Holding Company provide that expenses incurred by a director or executive officer in defending any civil, criminal, administrative or investigative action, suit or proceeding by reason of the fact that he or she is or was a director or officer of such corporation (or was serving at such corporation's request as a director or officer of another corporation) shall be paid by such corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by such corporation as authorized by the relevant section of the Delaware General Corporation Law.

As permitted by Section 102(b)(7) of the Delaware General Corporation Law, the Certificates of Incorporation of Darling, Darling Global Holdings Inc., Rousselot Inc. and Rousselot Dubuque Inc. each provide that, pursuant to Delaware law, the directors of each respective corporation shall not be personally liable for monetary damages for breach of the directors' fiduciary duty as directors to such corporation and its stockholders. These provisions in the Certificates of Incorporation do not eliminate the directors' fiduciary duty, and in appropriate circumstances equitable

remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to his or her respective corporation, for acts or omission not in good faith or involving intentional misconduct, for knowing violations of law, for any transactions from which the director derived an improper personal benefit, and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Section 174 of the Delaware General Corporation Law. The Certificate of Incorporation of Darling Global Holdings Inc. further specifies that the elimination and limitation of liability therein continues after a director

has ceased to occupy such position as to acts or omissions occurring during such director's term or terms of office, that any amendment, repeal or modification of the elimination and limitation of liability therein shall not adversely affect any right of protection of a director existing at the time of such repeal or modification and that if the Delaware General Corporation Law is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of the directors shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law.

Darling has entered into indemnification agreements with each of its directors and executive officers and certain officers of its subsidiaries, including Darling Global Holdings Inc., Rousselot Inc., Rousselot Dubuque Inc. and Terra Holding Company, and purchased directors' and officers' liability insurance. Generally, the indemnification agreements attempt to provide the maximum protection permitted by Delaware law as it may be amended from time to time. Moreover, the indemnification agreements provide for certain additional indemnification. Under such additional indemnification provisions, an individual will receive indemnification for expenses, judgments, fines and amounts paid in settlement if he or she is found to have acted in good faith and in a manner reasonably believed to be in, or not opposed to, the best interests of Darling or any of its subsidiaries, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. In addition, Darling will provide unsecured, interest-free advances for the expenses (including attorney's fees) incurred by any individual in defending against any threatened, pending or completed action, suit, demand, arbitration, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding. Notwithstanding anything to the contrary in the indemnification agreement, Darling shall not indemnify any such director or executive officer seeking indemnification in connection with any action, suit, proceeding, claim or counterclaim, or part thereof, initiated by such person unless the initiation thereof was authorized in the specific case by the Board of Directors of Darling or Darling provides the indemnification, in its sole discretion, pursuant to the powers vested in Darling under applicable law.

The bylaws of Darling Global Holdings Inc. and Terra Holding Company each provide that each respective corporation may purchase and maintain insurance on behalf of any past or present director, officer, employee or agent of such corporation (or on behalf of any person who serves or has served at the request of such corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise) against any liability arising out of such person's status as such, whether or not such corporation would have the power to indemnify such person against such liability.

Additionally, the Sonac USA LLC Agreement provides that Sonac USA shall indemnify and hold harmless each member and its respective directors, shareholders, officers, employees and agents, and the officers, employees and agents of Sonac USA (each, a "Sonac USA Indemnitee"), against all costs, liabilities, claims, demands, damages and expenses, including reasonable attorneys' fees (collectively, "Sonac USA Indemnifiable Losses") paid or incurred by any such Sonac USA Indemnitee in connection with the conduct of the business of Sonac USA; provided that, such indemnification shall not apply, in the case of any Sonac USA Indemnitee, for any Sonac USA Indemnifiable Losses incurred by reason of conduct by such Sonac USA Indemnitee that constitutes willful misfeasance, fraud, gross negligence or reckless disregard of duty.

As discussed under "Delaware Corporations," Darling has entered into indemnification agreements with certain of its officers and directors which provide for indemnification when acting in their capacity as officers and directors of Darling AWS, Darling National, Darling Northstar and Sonac USA.

Kentucky Limited Liability Company

Griffin Industries LLC is a limited liability company organized under the laws of the Commonwealth of Kentucky ("Griffin").

Section 275.180 of the Kentucky Revised Statutes provides that the written operating agreement of a limited liability company may (i) eliminate or limit the personal liability of a member or manager for monetary damages for breach of certain of such member's or manager's duties as described in Section 275.170 of the Kentucky Revised Statutes, and (ii) provide for the indemnification of a member or manager for judgments, settlements, penalties, fines, or expenses incurred in a proceeding to which a person is a party because the person is or was a member or manager.

Section 22 of the operating agreement of Griffin (the "Operating Agreement") provides that none of the member, any of the member's respective shareholders, employees, agents, officers or directors, any of their respective affiliates, consultants, employees or agents, or any officer of Griffin (each, an "Indemnified Party") shall be liable to Griffin or any other person or entity who has an interest in Griffin for any loss, damage or claim incurred by reason of any act or omission performed or omitted by such Indemnified Party in good faith on behalf of Griffin and in a manner reasonably believed to be within the scope of the authority conferred on such Indemnified Party by the Operating

Agreement, except an Indemnified Party is liable for any loss, damage or claim incurred by reason of such Indemnified Party's wanton or reckless misconduct, as construed under Section 275.170 of the Kentucky Revised Statutes. Additionally, each Indemnified Party shall be entitled to be indemnified by Griffin to the full extent permitted by the law, for any loss, damage or claim incurred by reason of any act or omission performed or omitted by such Indemnified Party in good faith on behalf of Griffin and in a manner reasonably believed to be within the scope of the authority conferred by the Operating Agreement, except no Indemnified Party is entitled to be indemnified for any loss, damage or claim incurred by reason of wanton or reckless misconduct (as construed

under Section 275.170 of the Kentucky Revised Statutes) with respect to such acts or omissions. Any indemnity is provided out of Griffin's assets only, and Griffin's member shall have no liability on account thereof. Section 22 of the Operating Agreement further provides that any expenses incurred by an officer or manager of Griffin in defending or in preparation for a civil, criminal, administrative or investigative action, suit or proceeding, arbitration, mediation or claim in respect thereof shall be paid in advance by Griffin; *provided*, that such officer or manager shall undertake to repay such advanced expenses if it is ultimately determined that he or she is not entitled to be indemnified by Griffin pursuant to the terms of the Operating Agreement.

Griffin may purchase and maintain insurance on behalf of an Indemnified Party and other persons against any liability which may be asserted against, or expense which may be incurred by, any such person in connection with activities of Griffin.

As discussed under Delaware Corporations, Darling has entered into indemnification agreements with certain of its officers and directors which provide for indemnification when acting in their capacity as officers and directors of Griffin.

Georgia Corporation

Craig Protein Division, Inc. is a corporation organized under the laws of the State of Georgia (Craig Protein). There are three provisions of the Georgia Business Corporations Code (GBCC) which permit indemnification of company constituents under certain conditions and subject to certain limitations: Sections 14-2-851 and 14-2-856 of the GBCC govern indemnification of directors and Section 14-2-857 of the GBCC addresses indemnification of officers, employees or agents. The provisions in Sections 14-2-851 through 14-2-859 of the GBCC more fully address various specific indemnification issues, and permit a Georgia corporation to provide additional indemnification rights and procedures not in violation of such statutes in its articles of incorporation or bylaws or in a resolution adopted or a contract approved by its board of directors or shareholders. Section 14-2-858 of the GBCC also prescribes that a corporation may purchase and maintain insurance on behalf of any individual who is a director, officer, employee or agent of the corporation.

The indemnification provisions for Craig Protein are provided in Article XII of its Amended and Restated Bylaws. Section 1 of such Article provides for mandatory indemnification of its directors, officers, employees or agents to the maximum extent permitted by the GBCC as amended from time to time. The rights to indemnity thereunder continue as to a person who has ceased to be a director, officer, employee or agent and inure to the benefit of such person's heirs, executors and administrators. In addition, expenses incurred by a director or officer in defending or in preparation for any civil, criminal, administrative or investigative action, suit or proceeding by reason of the fact that he or she is or was a director or officer of Craig Protein shall be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by Craig Protein under Article XII of the Bylaws. Under the interpretive rules prescribed in Section 14-2-859(f) of the GBCC, the textual reference to the fullest extent permitted by law shall be deemed to obligate Craig Protein to advance funds for covered persons to the fullest extent permitted by the GBCC, to indemnify directors to the fullest extent permitted in Section 14-2-856 of the GBCC for shareholder-approved indemnification, and to indemnify officers to the fullest extent permitted in Section 14-2-857 of the GBCC. These rights to indemnification and advancement of expenses are in addition to rights which the Indemnified Party is entitled to by contract.

As discussed under Delaware Corporations, Darling has entered into indemnification agreements with certain of its officers and directors which provide for indemnification when acting in their capacity as officers and directors of Craig Protein.

Lastly, as to nature of a director's duties, Section 14-2-830(a) of the GBCC provides that a director shall discharge his duties as a director (1) In a manner he believes in good faith to be in the best interests of the corporation; and (2) With the care an ordinarily prudent person in a like position would exercise under similar circumstances. Subsection (d) of such statute provides that a director is not liable for any actions (or failure to act)

Table of Contents

if he performs the duties of his office in compliance with the above standards. In addition, a director may be liable for certain unlawful distributions as prescribed in Section 14-2-832. There are no provisions in the Articles of Incorporation or Bylaws of Craig Protein which amend or supplement the above-described statutory performance standards for the corporation's directors.

Massachusetts Corporation

Rousselot Peabody Inc. is a corporation organized under the laws of the Commonwealth of Massachusetts. Reference is made to Chapter 156D of the Massachusetts Business Corporation Act (the "MBCA"). Section 2.02(b)(4) of the MBCA enables a corporation in its original articles of organization or an amendment thereto to eliminate or limit the personal liability of a director for monetary damages for breaches of the director's fiduciary duty, except (1) for any breach of the director's duty of loyalty to the corporation or its shareholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) pursuant to 6.40 and 6.41 of the MBCA (providing for liability of directors for authorizing illegal distributions) or (4) for any transaction from which a director derived an improper personal benefit. Rousselot Peabody Inc. has not adopted any such provisions in its articles of organization.

Section 8.51 of the MBCA permits a corporation to indemnify a director if the individual (1) conducted himself or herself in good faith, (2) reasonably believed that his or her conduct was (a) in the best interests of the corporation or (b) at least not opposed to the best interest of the corporation, and (3) in the case of a criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. Section 8.51 of the MBCA also permits the corporation to indemnify a director for conduct for which such individual is or would not be liable under the charter provision referred to above, whether or not the director satisfied a particular standard of conduct. Section 8.56 of the MBCA permits a corporation to indemnify an officer (1) under those circumstances in which the corporation would be allowed to indemnify a director and (2) if such officer is not also a director, to such further extent as the corporation chooses except for liability arising out of acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law. This broader permissible indemnification for officers also is available for a director who is an officer if the individual becomes party to a proceeding on the basis of an act or omission solely as an officer. Section 8.55 of the MBCA mandates that the determination of whether an award of indemnification is permissible in a particular circumstance be made by (1) a majority vote of all disinterested directors or a majority of a committee of disinterested directors (in each case, if there are at least two disinterested directors), (2) special legal counsel or (3) the shareholders.

Prior to the final disposition of a proceeding involving a director or officer, Sections 8.53 and 8.56 of the MBCA allow a corporation to pay for or reimburse reasonable expenses. As a condition, the director or officer must deliver a written undertaking to repay the funds if the individual is determined not to have met the relevant standard of conduct, which determination is made in the same manner as the determination of whether an individual is entitled to indemnification. This undertaking may be accepted without security and without regard to the individual's financial ability to make repayment. Another condition to advancement of expenses is that the individual submit a written affirmation of his or her good faith that he or she has met the standard of conduct necessary for indemnification (or that the matter involved conduct for which liability has been eliminated pursuant to the charter provision referred to above).

Sections 8.52 and 8.56(c) of the MBCA mandate indemnification for reasonable expenses, regardless of whether an individual has met a particular standard of conduct, in connection with proceedings in which a director or officer is wholly successful, on the merits or otherwise. Furthermore, Section 8.54 of the MBCA provides that a court may direct a corporation to indemnify a director or officer if the court determines that (1) the director or officer is entitled to mandatory indemnification under the MBCA, (2) the director or officer is entitled to indemnification pursuant to a

provision in the corporation's charter or bylaws or in a contract or a board or shareholder resolution, or (3) it is fair and reasonable to indemnify the director or officer, regardless of whether he or she met the relevant standard of conduct.

As discussed under Delaware Corporations, Darling has entered into indemnification agreements with certain of its officers and directors which provide for indemnification when acting in their capacity as officers and directors of Rousselot Peabody.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

For the purpose of determining liability under the Securities Act of 1933 to any purchaser, the undersigned registrant undertakes that each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

For the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following

communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (1) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (2) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

II-13

(3) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(4) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser. The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
