PROXY STATEMENT

Dated September 27, 2016

FOR ANNUAL MEETING OF SHAREHOLDERS

To Be Held November 10, 2016

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Avnet, Inc. ("Avnet" or the "Company") to be voted at the annual meeting of shareholders to be held at Avnet's Corporate Headquarters, 2211 South 47th Street, Phoenix, Arizona 85034, on November 10, 2016, and at any and all postponements or adjournments thereof (the "Annual Meeting"), with respect to the matters referred to in the accompanying notice. The approximate date on which this Proxy Statement and the enclosed form of proxy are first being sent or given to shareholders is September 27, 2016. Only holders of record of outstanding shares of the Company's common stock, par value \$1.00 per share (the "Common Stock"), at the close of business on September 13, 2016, the record date, are entitled to notice of and to vote at the Annual Meeting. Each shareholder is entitled to one vote per share held on the record date. The aggregate number of shares of Common Stock outstanding (net of treasury shares) at September 13, 2016, was 127,489,087, comprising all of Avnet's capital stock outstanding as of that date.

At the meeting you will be asked to elect the nine director nominees named in the Proxy Statement, conduct an advisory vote on executive compensation, approve the Avnet, Inc. 2016 Stock Compensation and Incentive Plan and ratify the appointment of KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements of Avnet for the fiscal year ending July 1, 2017.

Proxies for shares of Common Stock may be submitted by completing and mailing the proxy card that accompanies this Proxy Statement or by submitting your proxy voting instructions by telephone or through the Internet. Shareholders who hold their shares through a broker, bank or other nominee should contact their nominee to determine whether they may submit their proxy by telephone or Internet. Shares of Common Stock represented by a proxy properly signed or submitted and received at or prior to the Annual Meeting will be voted in accordance with the shareholder's instructions. If a proxy card is signed, dated and returned without indicating any voting instructions, shares of Common Stock represented by the proxy will be voted as the Board recommends. The Board of Directors is not currently aware of any business to be acted upon at the Annual Meeting other than as described in this Proxy Statement. If, however, other matters are properly brought before the Annual Meeting, the persons appointed as proxies will have discretion to vote according to their best judgment, unless otherwise indicated on any particular proxy. The persons appointed as proxies will have discretion to vote on adjournment of the Annual Meeting. Proxies will extend to, and be voted at, any adjournment or postponement of the Annual Meeting to the extent permitted under the Business Corporation Law of the State of New York and the Company's By-laws.

Proxy and Revocation of Proxy

Any shareholder who signs and returns the enclosed proxy, or properly votes by telephone or Internet, may revoke it by submitting a written notice of revocation or a later dated proxy that is received by Avnet prior to the Annual Meeting, or by voting in person at the Annual Meeting. However, a proxy will not be revoked by simply attending the Annual Meeting and not voting. All written notices of revocation and other

Edgar Filing: AVNET INC - Form DEF 14A

communications with respect to revocation by Avnet shareholders should be addressed as follows: Michael McCoy, Secretary, Avnet, Inc., 2211 South 47th Street, Phoenix, Arizona 85034. To revoke a proxy previously submitted by telephone or Internet, a shareholder of record can simply vote again at a later date, using the same procedures, in which case the later submitted vote will be recorded and the earlier vote will thereby be revoked. Please note that any shareholder whose shares

Table of Contents

are held of record by a broker, bank or other nominee, and who provides voting instructions on a form received from the nominee, may revoke or change his or her voting instructions only by contacting the nominee who holds his or her shares. Such shareholders may not vote in person at the Annual Meeting unless the shareholder obtains a legal proxy from the broker, bank or other nominee.

Quorum

The presence at the Annual Meeting, in person or by proxy, of the shareholders of record entitled to cast at least a majority of the votes that all shareholders are entitled to cast is necessary to constitute a quorum. Each vote represented at the Annual Meeting in person or by proxy will be counted toward a quorum. If a quorum should not be present, the Annual Meeting may be adjourned from time to time until a quorum is obtained.

Broker Voting

Brokers holding shares of record for a shareholder have the discretionary authority to vote on certain limited matters if they do not receive timely instructions from the shareholder regarding how the shareholder wants the shares voted. There are also some matters (non-routine matters) with respect to which brokers do not have discretionary authority to vote if they do not receive timely instructions from the shareholder. When a broker does not have discretion to vote on a particular matter and the shareholder has not given timely instructions on how the broker should vote, then what is referred to as a broker non-vote results. Any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, but would be treated as not entitled to vote with respect to non-routine matters. Therefore, a broker non-vote would not count as a vote in favor of or against such matters and, accordingly, would not affect the outcome of the vote.

The election of directors (Proposal 1), the advisory vote on executive compensation (Proposal 2) and the proposal to adopt the Avnet, Inc. 2016 Stock Compensation and Incentive Plan (Proposal 3) are classified as non-routine matters. Accordingly, brokers, banks and other nominees will not be permitted to vote on any proposal other than the ratification of the appointment of the independent registered public accounting firm (Proposal 4) without instructions from the beneficial owners. **As a result, the Company encourages all beneficial owners to provide voting instructions to your nominees to ensure that your shares are voted at the Annual Meeting.**

Required Vote and Board Recommendation

Proposal Number	Item	Voting Standard	Board Recommendation
1	Election of directors	Majority of votes cast	For
2	Advisory vote on executive compensation	Majority of votes cast	For
3	Approval of the Avnet, Inc. 2016 Stock Compensation and Incentive Plan	Majority of votes cast	For
4	Ratification of independent registered public accounting firm	Majority of votes cast	For

With respect to the election of directors, a majority of the votes cast means that the number of shares voted for a director must exceed the number of shares voted against that director. If an incumbent nominee is not elected by the requisite vote, he or she must tender his or her resignation, and the Board, excluding such individual, will, within 90 days of the election, decide whether or not to accept such resignation and will disclose and explain its decision. Except with respect to Proposal 3, abstentions will not be counted as a vote cast and therefore will have no effect on the outcome of any proposal. Under New York Stock Exchange rules for shareholder approval of equity compensation plans, abstentions are counted as votes cast and will have the effect of votes cast against adoption of Proposal 3.

Meeting Attendance

Admission to the Annual Meeting will be limited to shareholders. You are entitled to attend the Annual Meeting only if you are a shareholder of record as of the record date or hold a valid proxy for the meeting. In order to be admitted to the Annual Meeting, you must present proof of ownership of Avnet stock on the record date. This can be a brokerage statement or letter from a bank or broker indicating ownership on the record date, the Notice of Internet Availability of Proxy Materials, a proxy card, or legal proxy or voting instruction card provided by your broker, bank or nominee. Any holder of a proxy from a shareholder must present the proxy card, properly executed, and a copy of the proof of ownership. Shareholders and proxyholders may also be asked to present a form of photo identification such as a driver’s license or passport. Backpacks, cameras, cell phones with cameras, recording equipment and other electronic recording devices will not be permitted at the Annual Meeting. Failure to follow the meeting rules or permit inspection will be grounds for exclusion from the Annual Meeting.

CORPORATE GOVERNANCE

The Board of Directors believes that good corporate governance practices provide an important framework that promotes long-term value, strength and stability for shareholders. The Company’s governance highlights include:

- | | | |
|---|--|---|
| ü 8 of 9 Independent Directors | ü Independent Chairman | ü Majority Voting for Directors |
| ü Annual Election of Directors | ü No Poison Pill | ü No Supermajority Voting Provisions |
| ü Regular Executive Sessions of Independent Directors | ü Incentive Compensation Recoupment Policy | ü Stock Ownership Guidelines for Executives and Directors |
| ü Prohibitions on Hedging and Pledging | ü Risk Oversight by Board and Committees | ü Board Involvement in Talent Management |

Corporate Governance Guidelines

The Corporate Governance Guidelines (the Guidelines) collect in one document many of the corporate governance practices and procedures that have evolved at Avnet over the years. Among other things, the Guidelines address the duties of the Board of Directors, director qualifications and selection process, director compensation, Board operations, management succession, Board committee matters, and director orientation and continuing education. The Guidelines also provide for annual self-evaluations by the Board and its committees. The Board reviews the Guidelines on an annual basis. The Guidelines are available on the Company’s website at www.ir.avnet.com/documents.cfm.

As a general policy, as set forth in the Guidelines, the Board recommends certain limits as to the service of directors on other boards of public companies. These limits are as follows: (1) directors who are actively employed on a full-time basis may serve on up to two additional boards; (2) an independent Chairman of the Board, if not actively employed on a full-time basis, may serve on up to three additional boards; and (3) directors who are retired from active full-time employment may serve on up to four additional boards. Positions held as of May 2016 in excess of these limits may be maintained unless the Board determines that doing so would impair the Director’s service on the Company’s Board.

Director Independence

The Board of Directors believes that a substantial majority of its members should be independent directors. The Board has determined that the following Directors are independent under the Guidelines: Rodney C. Adkins, J. Veronica Biggins, Michael A. Bradley, R. Kerry Clark, James A. Lawrence, Avid Modjtabai, Ray M. Robinson and William H. Schumann, III (collectively, the Independent Directors).

Table of Contents

Board Leadership Structure

Pursuant to the Guidelines, the Board of Directors has the flexibility to decide whether it is best for the Company at a given point in time for the roles of the Chief Executive Officer (CEO) and Chairman of the Board (the Chairman) to be separate or combined and, if separate, whether the Chairman should be selected from the independent directors or be an employee of the Company. The Board believes that the Company and its shareholders are best served by maintaining this flexibility rather than mandating a particular leadership structure. The Board also believes its programs for overseeing risk would be effective under a variety of leadership frameworks and therefore do not materially affect how it structures its leadership. In the event that the Chairman is an employee of the Company, the Guidelines provide for an active lead independent director.

To promote free and open discussion and communication, Independent Directors meet in executive session without management present at regularly scheduled Board meetings. Independent Directors may meet at other times at the discretion of the independent Chairman, a lead independent director or upon the request of any Independent Director.

Mr. Schumann, an Independent Director of the Company, serves as the Chairman and William J. Amelio is the CEO. The Board of Directors has concluded that the current leadership structure provides an appropriate framework for the Directors to provide independent, objective and effective oversight of management at this point in time.

Director Nominations

The Corporate Governance Committee is responsible for identifying, screening and recommending candidates for election to the Company s Board of Directors. The Committee reviews the business experience, education and skills of candidates as well as character and judgment. Although the Corporate Governance Committee does not have a formal policy concerning diversity, Avnet believes that valuing diversity makes good business sense and the charter of the Corporate Governance Committee includes a statement that it will consider criteria including the possession of such knowledge, experience, skills, expertise and diversity so as to enhance the Board s ability to manage and direct the affairs and business of the Company. These factors, and others considered useful by the Board, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. Directors must also possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of all shareholders. Board members are expected to diligently prepare for, attend and participate in all Board and applicable Committee meetings. Each Board member is expected to ensure that other existing and future commitments do not materially interfere with the member s attendance at meetings and service as a Director.

The Corporate Governance Committee reviews whether a potential candidate will meet the Board s independence standards and any other director or committee membership requirements imposed by law, regulation or stock exchange rules.

Director candidates recommended by the Corporate Governance Committee are subject to full Board approval and subsequent election by the shareholders. The Board of Directors is also responsible for electing directors to fill vacancies on the Board that occur due to retirement, resignation, expansion of the Board or other events occurring between the shareholders annual meetings. The Corporate Governance Committee may retain a search firm, from time to time, to assist in identifying and evaluating director candidates. When a search firm is used, the Committee provides specified criteria for director candidates, tailored to the needs of the Board at that time, and pays the firm a fee for these services. Recommendations for director candidates are also received from Board members and management and may be solicited from professional associations as well.

The Corporate Governance Committee will consider recommendations of director candidates received from shareholders on the same basis as recommendations of director candidates received from other

Table of Contents

sources. The director selection criteria discussed above will be used to evaluate all recommended director candidates. Shareholders who wish to suggest an individual for consideration for election to the Company's Board of Directors may submit a written recommendation to the Corporate Governance Committee by sending it to: Michael McCoy, Secretary, Avnet, Inc., 2211 South 47th Street, Phoenix, Arizona 85034. Shareholder recommendations must contain the following information:

The shareholder's name, address, number of shares of Avnet Common Stock beneficially owned and, if the shareholder is not a record shareholder, evidence of beneficial ownership;

A statement in support of the candidate's recommendation;

The candidate's detailed biographical information describing experience and qualifications, including current employment and a list of any other boards of directors on which the candidate serves;

A description of all agreements, arrangements or understandings between the shareholder and the director candidate;

The candidate's consent to be contacted by a representative of the Corporate Governance Committee for interviews and his or her agreement to provide further information, if needed;

The candidate's consent for a background check; and

The candidate's consent to serve as a director, if nominated and elected.

Under the Company's By-laws, shareholders may also nominate a candidate for election at an annual meeting of shareholders. Details regarding this nomination procedure and the required notice and information are set forth elsewhere in this Proxy Statement under the heading "2017 Annual Meeting."

Director Communications

Shareholders and other interested parties may contact any or all of the Company's Directors by writing to the Board of Directors or to the Secretary, Avnet, Inc., 2211 South 47th Street, Phoenix, AZ 85034. They may also submit an email to the Chairman of the Board, the chair of the Audit Committee or the non-employee Directors as a group, by filling out the email form on the Company's website at www.ir.avnet.com/corporate-governance.cfm under the caption "Committee Composition."

Communications received are distributed to the Board, or to any individual Director or group of Directors as appropriate, depending on the facts and circumstances outlined in the communication. The Avnet Board of Directors has requested that items that are unrelated to the duties and responsibilities of the Board be excluded, including spam, junk mail and mass mailings, product and services inquiries, product and services complaints, resumes and other forms of job inquiries, surveys and business solicitations or advertisements. Any product and services inquiries or complaints will be forwarded to the proper department for handling. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded. Any such communication will be made available to any non-employee Director upon request.

Management Succession

The Board of Directors is actively engaged and involved in talent management. The Board regularly reviews and discusses a management succession plan designed to provide for continuity in and development of senior management. This plan, on which Avnet's CEO and Chief Human Resources Officer report at least annually, addresses emergency CEO succession and CEO succession in the ordinary course of business. In addition, the Board receives updates on succession planning for other members of senior management.

Code of Conduct

The Company adopted a Code of Conduct that applies to Directors, officers and employees, including the CEO and all financial and accounting personnel. A copy of the Code of Conduct can be reviewed at

Table of Contents

www.ir.avnet.com/documents.cfm. Any future amendments to, or waivers for executive officers and Directors from certain provisions of, the Code of Conduct, will be posted on the Company's website.

Reporting of Ethical Concerns

The Audit Committee of the Board of Directors has established procedures for employees, shareholders, vendors and others to communicate concerns about the Company's ethical conduct or business practices including accounting, internal controls or financial reporting issues. Matters may be reported in the following ways:

Employees of the Company are encouraged to contact their manager, a Human Resources representative or a Code of Conduct Advisor and discuss matters of concern.

All persons, including employees, may contact:

The Legal Department, by telephone at (480) 643-7106, or by mail at 2211 South 47th Street, Phoenix, Arizona 85034; or

The Ethics and Risk Alertline at 1-800-861-2899 (within the United States and Canada) or via the Internet at www.avnet.alertline.com. Reports via the Ethics and Risk Alertline will be treated with appropriate confidentiality and may be made on an anonymous basis where permitted by law.

Stock Ownership Guidelines

The Board has adopted stock ownership guidelines providing that Directors should own, within five years of joining the Board, shares of Avnet, Inc. Common Stock worth at least five times the director's annual cash retainer. Shares that are awarded to directors as part of director compensation, as well as phantom shares acquired by directors under a deferred compensation plan, count towards the guideline. The Board will evaluate whether exceptions should be made in the case of any director who, due to his or her unique financial circumstances, would incur a hardship by complying with this requirement. As of July 2, 2016, each Director was in compliance with these guidelines.

Avnet Website

In addition to the information about Avnet and its subsidiaries contained in this Proxy Statement, extensive information about the Company can be found on its website located at www.avnet.com, including information about the Company's management team, products and services, and its corporate governance practices. In addition, amendments to the Code of Conduct and waivers granted to the Company's Directors and executive officers under the Code of Conduct, if any, will be posted in this area of the website. These documents can be accessed at www.ir.avnet.com/documents.cfm. Avnet's Board of Directors held seven meetings during the fiscal year ended July 2, 2016 (fiscal 2016). The non-employee Directors met separately in executive session during each board meeting in fiscal 2016.

During fiscal 2016, each Director standing for reelection attended at least 75% of the combined number of meetings of the

Board held during the period for which the Director served and of the committees on which such Director served.

All members of the Board of Directors are expected to attend the annual meeting of shareholders, unless unusual circumstances prevent such attendance. Board and committee meetings are scheduled in conjunction with the annual meeting of shareholders. All of the nominees were elected Directors at the Annual Meeting of Shareholders held on November 12, 2015.

The Board currently has, and appoints the members of, a standing Audit Committee, Compensation Committee and Corporate Governance Committee. Each of these committees is comprised solely of non-employee Directors, reports regularly to the full Board and annually evaluates its performance. The members of the committees as of the date of this Proxy Statement are identified in the following table.

Audit Committee

The Audit Committee is charged with assisting and representing the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of the financial statements of the Company, the independence, qualifications and performance of the Company's independent external auditors, the performance of the Company's internal audit function and compliance with legal and regulatory requirements, as well as the Company's internal ethics and compliance program and enterprise risk management activities. Moreover, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm. Additionally, the Audit Committee reviews and approves transactions with any related person in which the Company is a participant and involves an amount that equals or exceeds \$120,000 per year. All of the members of the Audit Committee are independent under the independence requirements of the New York Stock Exchange (the NYSE) listing standards and the independence standards adopted by the Board, and also meet the additional requirements for audit committee independence established by the SEC. The Board of Directors has determined that three members of the Audit Committee (Messrs. Lawrence and Schumann and Ms. Modjtabai) qualify as audit committee financial experts, as defined in rules adopted by the SEC. Please see the Audit Committee Report set forth elsewhere in this Proxy Statement for more information about the Audit Committee and its operations. The Audit Committee operates under a written charter that outlines the Audit Committee's purpose, member qualifications, authority and responsibilities. The Audit Committee reviews its charter and conducts an evaluation of its own effectiveness annually. The charter is available on the Company's website at www.ir.avnet.com/documents.cfm. During fiscal 2016, the Audit Committee held eight meetings.

Table of Contents

Compensation Committee

The Compensation Committee oversees the Company's overall compensation structure, policies and programs, and assists the Board of Directors in fulfilling its responsibilities with respect to administering the Company's long-term incentive plan, reviews and approves compensation arrangements with executive officers of the Company, and evaluates the performance of and recommends the compensation for the CEO. The Compensation Committee's objective is to establish and administer a total compensation program that fairly and competitively rewards long-term performance and enhances shareholder value. All members of the Compensation Committee meet the independence requirements of the NYSE listing standards and the independence standards adopted by the Board of Directors. The Compensation Committee operates under a written charter that outlines the purpose, member qualifications, authority and responsibilities of the committee. The Compensation Committee reviews its charter and conducts an evaluation of its own effectiveness annually. A copy of the Compensation Committee charter is available on the Company's website at www.ir.avnet.com/documents.cfm. During fiscal 2016, the Compensation Committee held four meetings.

The Compensation Committee has the authority to retain an independent executive compensation consultant to assist in the evaluation of compensation for the Company's executive officers and to help ensure the objectivity and appropriateness of the actions of the Compensation Committee. The Compensation Committee has the sole authority to retain, at the Company's expense, and terminate any such consultant, including the sole authority to approve such consultant's fees and other terms of engagement. The Compensation Committee retained Meridian Compensation Partners, LLC (Meridian) as the Compensation Committee's independent compensation consultant for fiscal 2016. The Compensation Committee assessed the independence of Meridian pursuant to the SEC and NYSE rules and concluded that no conflict of interest exists that prevented, or will prevent, Meridian from being an independent consultant to the Compensation Committee.

Corporate Governance Committee

The Corporate Governance Committee is charged with identifying, screening and recommending to the Board of Directors appropriate candidates to serve as directors of the Company and is responsible for overseeing the process for evaluating the Board of Directors and its committees. This committee also makes recommendations with respect to corporate governance issues affecting the Board of Directors and the Company. All of the members of the Corporate Governance Committee are independent under Avnet's independence standards and the NYSE listing standards. The Corporate Governance Committee operates under a written charter that outlines the Committee's purpose, member qualifications, authority and responsibilities. The Corporate Governance Committee reviews its charter and conducts an evaluation of its own effectiveness annually. The charter is available on the Company's website at www.ir.avnet.com/documents.cfm. During fiscal 2016, the Corporate Governance Committee held four meetings.

Executive Committee

The Board of Directors has an Executive Committee that is charged with the authority of the full Board and, between meetings of the Board, is authorized to exercise the powers of the Board in the management of the business and affairs of Avnet to the extent permitted by law. The Executive Committee is comprised of the Chairman and four other Directors. The Executive Committee did not meet in fiscal 2016.

The Board's Role in Risk Oversight

The Board has responsibility for the oversight of the Company's risk management, while the Company's management is responsible for the day-to-day risk management process. With the oversight of the Board, the management of the Company has developed an enterprise risk management program, whereby management identifies the top individual risks they believe the Company faces with respect to its business, operations, strategy and other factors based on input from

Table of Contents

key business and functional leaders in the Company. In addition to evaluating various key risks, management identifies ways to mitigate and manage such risks. At least annually, management reports on and discusses the identified risks and risk mitigation efforts with the Board. The Board allocates responsibility to a specific committee to examine a particular risk in detail if the committee is in the best position to review and assess the risk. For example, the Audit Committee reviews programs and practices related to accounting and financial reporting matters and the Compensation Committee provides oversight of risks related to compensation programs.

The Compensation Committee has assessed the Company's compensation programs and concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee and management assessed Avnet's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature.

Based on the foregoing, management believes that the Company's compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole, and that the incentive compensation programs provide incentives that do not encourage risk-taking that is beyond the Company's ability to effectively identify and manage significant risks. Further, management believes that the incentive compensation programs are compatible with effective internal controls and the Company's risk management practices, and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

PROPOSAL 1

ELECTION OF DIRECTORS

Nine directors are to be elected at the Annual Meeting to hold office until the next annual meeting of shareholders and until their successors have been elected and qualified. It is the intention of the persons named in the enclosed proxy card to vote each properly signed and returned proxy (unless otherwise directed by the shareholder executing such proxy) for the election of each of the nine director nominees listed below. Each nominee has consented to being named herein and to serving if elected.

At the Annual Meeting, in order to be elected each nominee must receive the affirmative vote of a majority of the votes cast with respect to his or her election. A majority of the votes cast means that the number of shares voted for a director must exceed the number of shares voted against that director. Abstentions are not counted in determining the votes cast. Brokers who hold shares of Common Stock as nominees will not have discretionary authority to vote such shares for a director nominee. If an incumbent nominee is not elected by the requisite vote, he or she must tender his or her resignation, and the Board, excluding such individual, will, within 90 days of the election, decide whether or not to accept such resignation and will disclose and explain its decision.

In case any of the nominees below should become unavailable for election for any presently unforeseen reason, the persons named in the enclosed form of proxy will have the right to use their discretion to vote for a substitute or to vote for the remaining nominees and leave a vacancy on the Board of Directors. Under Avnet's By-laws, any such vacancy may be filled by a majority vote of the Directors then in office or by the shareholders at any meeting thereof. Alternatively, the Board of Directors may reduce the size of the Board to eliminate the vacancy.

The information set forth below as to each nominee has been furnished by such nominee as of September 13, 2016.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Introduction**

This section explains how the Compensation Committee of Avnet's Board of Directors made its compensation decisions for fiscal 2016 for the Named Executive Officers (the "NEOs"). The compensation paid to the NEOs for fiscal 2016 is set forth in the Summary Compensation Table in this Proxy Statement. These officers and their titles as of the end of fiscal 2016 are:

Executive	Position	Time in Position (yrs)
Richard Hamada	Chief Executive Officer (CEO)	5.0
Kevin Moriarty	Senior Vice President and Chief Financial Officer (CFO)	3.5

Patrick Zammit	Senior Vice President, Avnet, Inc. and President, Technology Solutions (TS)	1.5
MaryAnn Miller	Senior Vice President and Chief Human Resources Officer (CHRO) and Corporate Marketing & Communications	7.5

Executive Summary

Avnet has designed its compensation programs and practices around a pay-for-performance philosophy that is geared towards the achievement and linkage of both short- and long-term financial and operational goals that the Company believes support the sustained growth of shareholder value. Senior executives are encouraged to think and behave like owners of the business and to consider the impact of their decisions and performance on the aggregate success of the Company as reflected in its total shareholder return (TSR).

Business Performance

Fiscal 2016 performance was lower than the prior year, primarily due to revenue declines at both operating groups coupled with increased expenses due to the Company's ERP implementation at Electronic Marketing's Americas region. EM's revenue declined primarily due to lower high volume supply chain engagements in the Asia region while the revenue decline at Technology Solutions was driven by certain legacy technologies across all three regions. In fiscal 2016, the Company returned \$466 million to shareholders via its dividend (\$89 million) and its share repurchase program (\$377 million). The Company created total shareholder return of 28.2% over the prior three years.

Performance on key financials is detailed in the table below:

Table of Contents

(*) In addition to presenting financial results that are determined in accordance with generally accepted accounting principles in the United States (GAAP), the Company also presents net income, operating income and diluted earnings per share adjusted to exclude certain items in the table above. The Company believes that these metrics, adjusted for the impact of certain items, is a useful measure to help shareholders better assess and understand the Company's performance, especially when comparing results with previous periods, primarily because management views the excluded items to be outside of Avnet's normal operating results. See Appendix A to this Proxy Statement for a reconciliation of these non-GAAP measures to the most directly comparable GAAP measures. Non-GAAP measures should be viewed in addition to, and not as an alternative for, financial results prepared in accordance with GAAP.

(+) CEO total compensation is based on the compensation reported in the Summary Compensation Table.

(*) See (*) above.

Philosophy and Objectives

The Compensation Committee's objective is to establish and administer a compensation program that supports the achievement of Avnet's business objectives and alignment of executive and shareholder interests by fairly and competitively rewarding short- and long-term performance that enhances shareholder value over time. Avnet's short- and long-term incentive programs employ multiple performance measures to ensure focus is on the entire business. Further, the incentive programs include awards that vest over several different and overlapping periods to help ensure that performance during any one period is not maximized to the detriment of other periods. In addition to the annual cash incentive awards, equity awards vest over periods ranging from three to four years depending on the award type.

2015 Advisory Vote on Executive Compensation

At the Company's annual meeting in November 2015, the Company submitted its executive compensation program to an advisory vote of its shareholders (also known as the say on pay vote). This advisory vote received support from approximately 97% of the total votes cast at the annual meeting. The Company pays careful attention to any feedback received from its shareholders about

Table of Contents

the Company's executive compensation program, including the say on pay vote. After the annual meeting, the Company conducted a shareholder outreach program with a number of its largest registered shareholders to seek their feedback on the Company's corporate governance and executive compensation practices. There were no significant concerns expressed during the various discussions with registered shareholders that led the Compensation Committee to make material changes to the Company's compensation programs. The Compensation Committee carefully considered and continues to consider the results of the say on pay vote and the feedback received from its shareholders in its subsequent executive compensation decision-making.

Compensation Governance and Process

Role of the Compensation Committee and Board

The Compensation Committee:

designs the compensation strategy and programs;

approves the compensation for executive officers in line with the compensation strategy;

determines the target compensation, including the amount and related performance goals, for all executive officers except the CEO; and

recommends the target compensation of the CEO to the independent directors of the Board for their consideration and approval. When setting CEO compensation, the Compensation Committee provides a decision-making framework for use in making a recommendation to the Board. As part of this framework, the Chairman of the Board leads the Board in conducting an annual evaluation of CEO performance relative to the performance goals and objectives established for the Company and the CEO. The CEO's performance objectives include goals relating to enterprise performance, capital allocation strategies, strategic business plans and succession planning.

For other executive officers, the Compensation Committee determines target compensation and sets performance goals. After the end of the fiscal year, the Compensation Committee reviews the prior year's performance and approves or recommends incentive plan payouts for all executive officers.

Role of Management

To aid in determining the compensation for the Company's executive officers, the CEO discusses the performance of each executive officer with the Compensation Committee and provides the Compensation Committee with recommendations on the compensation levels for each individual. When making the recommendations, the CEO considers items such as the value of the job in the marketplace and within the Company, the executive officer's performance, overall experience and time in the position, and expected future contributions. The Compensation Committee subsequently evaluates all of the factors considered by the CEO and reviews compensation summaries that tally the dollar value of the base salary, target annual cash incentive, target long-term incentives and target total direct compensation. These summaries include benchmarking data comparing each of those elements to those of the peer groups, which are further discussed below.

Role of the Independent Compensation Consultant

The Compensation Committee has retained Meridian Compensation Partners, LLC (Meridian) to serve as the independent compensation consultant. Meridian provides the Compensation Committee and the Board with a summary that tallies the dollar value of the base salary, target annual cash incentive, target long-term incentives and target total direct compensation, along with relevant benchmarking data using the peer groups defined below.

Table of Contents**Benchmarking**

To ensure the Compensation Committee has the information necessary to set appropriate compensation levels, the Compensation Committee reviews publicly available executive compensation data from:

a core peer group ; and

a supplemental peer group .

The core peer group is comprised of technology distributors and electronic components manufacturing companies that are generally comparable to the Company in terms of revenue and market capitalization. The supplemental peer group is comprised of peers of the core peer group that are similar to the Company with respect to business operations, revenue and market capitalization. The supplemental peer group data is used to augment and validate core peer group data by providing a broader data sample from which to evaluate compensation practices. For fiscal 2016, the peer groups were:

Core Peer Group (6 Companies)	Arrow Electronics, Inc.	Ingram Micro Inc.	SYNNEX Corporation
	Flextronics International Ltd.	Jabil Circuit, Inc.	Tech Data Corporation
Supplemental Peer Group (13 Companies)	Anixter International Inc.	ScanSource, Inc.	W.W. Grainger, Inc.
	Celestica Inc.	Seagate Technology Plc	Wesco International, Inc.
	Genuine Parts Company	Sysco Corporation	Western Digital Corporation
	Insight Enterprises, Inc.	TE Connectivity Ltd.	Xerox Corporation
	Sanmina Corporation		

Data is presented for the peers using two reference points: core peer group only and a combination of the core and supplemental peer groups. The median revenue and market capitalization for each and Avnet only are shown below:

Peer Group/Company	Fiscal 2015 (\$ in billions)	
	Median Revenue	Median Market Capitalization
Core Peer Group	\$ 23.9	\$ 4.5
Supplemental Peer Group	\$ 10.0	\$ 15.7
Combined Group	\$ 13.6	\$ 4.5
Avnet	\$ 27.9	\$ 5.7

Additionally, the Compensation Committee reviews general industry survey data for similar roles at companies with comparable revenue and market capitalization. For fiscal 2016, the survey data came from the *2014 Towers Watson Data Services US Compensation Data Bank General Industry Executive Survey* (aged to January 1, 2015 using an annual aging factor of 3%).

As part of this benchmarking process, each executive officer's proposed individual target compensation is evaluated against the market data, as are individual compensation elements such as base pay, annual cash incentive, long-term incentives and total direct compensation. Primary market data for the CEO, CFO and operating group presidents reflects peer proxy data. Primary market data for other executives consists of peer group proxy data where available and general industry survey data. The Compensation Committee does not view benchmarking as a prescriptive determinant of individual compensation. Rather, the Compensation Committee uses the market median as a general guide in its decisions on the target amount and mix of each element of compensation. An individual executive officer's target compensation also takes into account other factors, such as experience in the position and long-term performance of the individual. An executive officer's actual compensation may be above or below target compensation and will vary from year to year based on corporate and/or business unit financial results, as well as individual performance, reinforcing the Company's pay-for-performance culture.

Overview of Pay Programs

The primary components of the Company’s compensation program and the objectives of each component are set forth in the table below:

Element of Compensation	Objectives	Key Features
Base Salary	Attract and retain executive talent in a competitive marketplace.	Reflects skills, contributions and success over time in role. Reviewed annually to ensure competitiveness and alignment with individual performance.
Annual Cash Incentive	Link variable compensation to corporate and/or business unit short-term performance as well as strategic goals.	Key financial measures used to assess performance and align executives with shareholders’ interests. Payouts dependent on meeting net income, operating margin and individual strategic goals.
Long-Term Incentive	Align executives with shareholders by rewarding long-term shareholder value creation. Reward stock price appreciation and tie executive wealth accumulation to long-term performance.	Encourages retention through multi-year vesting (three to four years) and shareholder alignment through the use of performance goals. Performance units vest, if at all, at end of three-year period depending on meeting relative economic profit and relative total shareholder return goals.

In addition, each NEO is also eligible to receive certain other benefits as described in the “Additional Compensation Elements” below.

Pay Mix

The compensation mix at target for the CEO and the other NEOs for fiscal 2016 demonstrates that a significant portion of CEO and NEO pay is based on variable compensation, as shown below.

Avnet's Practices

The Company's compensation programs incorporate a number of compensation governance practices:

Pay-for-Performance Alignment. A significant portion of total compensation is dependent upon the achievement of short- and long-term financial and operational goals that are designed to increase shareholder value over time. As executives gain responsibility and seniority at Avnet and exercise more direct influence over the Company's financial and operational performance, base salary as a percentage of total compensation will typically decrease and performance-based pay will increase.

Focus on Long-Term Incentive Compensation. Avnet's equity compensation program is designed to provide a meaningful portion of compensation with the goal of having executive officers think and behave like owners over the long term. Equity awards vest over periods ranging from three to four years depending on the award type.

A Holistic View of Performance. Avnet's annual and long-term incentive programs employ multiple performance measures to assure focus is on the entire business. Further, the incentive programs include awards that vest over several different and overlapping periods to help ensure that performance during any one period is not maximized to the detriment of other periods.

Award Caps. Awards under the Company's annual cash incentive plan and performance share unit awards under the Company's Long-Term Incentive Plan (LTIP) are capped at a percentage of the target to ensure such awards do not encourage excessive risk-taking.

Stock Ownership Guidelines. The Company has stock ownership guidelines for its executive officers and, as of July 2, 2016, each of the executive officers was in compliance with these guidelines.

Recoupment. The Company has adopted an incentive compensation recoupment policy.

Annual Risk Assessment. The Compensation Committee has assessed the Company's compensation programs and concluded that the Company's policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Committee Independence. The Compensation Committee is made up entirely of independent directors and the Compensation Committee's independent compensation consultant did not provide any services to management.

Hedging or Pledging are Prohibited. The Company's insider trading policy prohibits directors and executive officers from hedging or pledging Avnet securities.

No Tax Gross-Ups on Excise Taxes. The Company's change of control agreements do not provide for excise tax reimbursements to any of the Company's executive officers.

No Dividends or Dividend Equivalents on Unearned/Unvested Equity. The Company does not pay dividends or dividend equivalents on unearned or unvested equity awards.

Edgar Filing: AVNET INC - Form DEF 14A

Repricing of Awards is Prohibited. Repricing of stock options and stock appreciation rights is prohibited without shareholder approval. The Company does not have a history of repricing equity awards.

No Above-Market Returns. The Company does not offer preferential or above-market returns on deferred compensation.

Stock Options are Granted at Fair Market Value. The Company does not grant stock options with an exercise price below the fair market value of the Company's Common Stock on the date of the grant.

Table of Contents**Elements of Executive Compensation*****Base Salary***

For fiscal 2015 and fiscal 2016, the annualized salaries as of the end of the applicable fiscal year are as follows:

NEO	2015 Year End Annualized Base Salary	2016 Year End Annualized Base Salary
Mr. Hamada	\$ 950,000	\$ 1,000,000
Mr. Moriarty	\$ 600,000	\$ 650,000
Mr. Fay	\$ 575,000	\$ 600,000
Mr. Zammit ⁽¹⁾	\$ 484,000	\$ 488,400
Ms. Miller	\$ 500,000	\$ 540,000

(1) Mr. Zammit's cash compensation is paid in Euros. For purposes of this CD&A, when discussing his cash compensation for 2016, the Company assumed an exchange rate of \$1.11 to 1.00 and \$1.10 to 1.00 for 2015.

The Company generally implements base pay increases for executive officers on a fiscal year basis, with occasional mid-year increases to reflect a promotion, changing circumstances, or the addition of experience or responsibilities. In determining increases to base salaries, the Compensation Committee considered the benchmarking data, the NEO's experience in the position and the long-term performance of the individual NEO.

Annual Cash Incentives

Executive officers are eligible to receive annual cash incentive compensation pursuant to the Executive Incentive Plan (the "Incentive Plan") based on the financial performance of the Company and, where appropriate, the business unit for which the executive officer has direct responsibility. In addition, a portion of the annual cash incentive opportunity is tied to individual performance against pre-established strategic goals. For fiscal 2016, 80% of each NEO's target annual cash incentive related to financial goals and 20% related to individual performance goals.

For fiscal 2016, payouts to the NEOs for performance related to the Incentive Plan ranged from 70% to 84% of target annual incentive opportunity based on the financial results outlined below and based on the Compensation Committee's assessment of each NEO's performance relative to their respective strategic initiatives:

Net income after tax, as defined below ("NIAT"), was \$560.0 million;

Operating income margin was 3.40%;

Net income before tax, as defined below ("NIBT"), for EM and TS was \$683.8 million and \$279.5 million, respectively; and

Operating income margin for EM and TS was 4.36% and 3.29%, respectively.

Table of Contents

The target annual cash incentive compensation for fiscal 2015 and fiscal 2016 for the NEOs is set forth in the following table:

NEO	2015	2016
Mr. Hamada	\$ 1,425,000	\$ 1,500,000
Mr. Moriarty	\$ 600,000	\$ 650,000
Mr. Fay	\$ 550,000	\$ 600,000
Mr. Zammit ⁽¹⁾	\$ 242,000	\$ 488,400
Ms. Miller	\$ 375,000	\$ 410,000

⁽¹⁾ Mr. Zammit became an executive officer during the second half of fiscal 2015.

The increases in target cash incentive compensation take into account the benchmarking data, the NEO's experience in the position and the long-term performance of the individual NEO.

Financial Performance Goals. Financial performance goals are reviewed in conjunction with the Company's budget for the upcoming fiscal year. When determining the budget, the Board seeks to ensure that it is fair, challenging and forward-looking, without encouraging excessive risk-taking. Additionally, when determining the fiscal 2016 budget, the Board considered the Company's results in fiscal 2015, projected growth and the operating environment as projected by industry analysts. At its August meeting, the Compensation Committee or the Board, as appropriate, finalized the financial goals and the target cash incentive compensation relating to such financial goals.

Company-wide performance goals are based on the percentage achievement of Avnet's fiscal 2016 net income after tax, excluding certain items (NIAT), and adjusted operating income margin (OI Margin). Operating group performance goals are based upon the achievement of the applicable operating group's fiscal 2016 net income before tax, excluding certain items (NIBT) and OI Margin with respect to the applicable operating group. These measures were selected to drive profitable growth. Corporate and business unit goals by NEO are discussed below:

Executive	Financial Performance	Corporate		Business Unit	
		NIAT	OI Margin	NIBT	OI Margin
Mr. Hamada	80%	60%	40%		
Mr. Moriarty	80%	60%	40%		
Mr. Fay	80%	30%	20%	30%	20%
Mr. Zammit	80%	18%	12%	42%	28%
Ms. Miller	80%	60%	40%		

A summary of financial performance goals for fiscal 2016 is presented in the table below:

Company/Business Unit	NIAT (\$000s)	NIBT (\$000s)	OI Margin	
Avnet	\$ 664.8		Baseline: 3.50%	Target: 3.85%
EM		\$ 795.7	Baseline: 4.60%	Target: 4.92%
TS		\$ 354.2	Baseline: 3.20%	Target: 3.53%

Performance for NIAT and NIBT is calculated based on the ratio of actual performance to the target goal. For OI Margin, performance is calculated by adding or deducting 0.5% from 100% for every 1 basis point deviation from the baseline and adding an additional 0.5% (for a total of 1.0%) for every basis point above the target. If NIAT or NIBT performance attainment is less than 100% of the target goal, each 1% change in attainment will result in a 2% change in the incentive payout; if NIAT or NIBT performance attainment is greater than 100% of the target goal, each 1% change in attainment will result in a 4% change in the incentive payout. If OI Margin performance attainment is less than 100%

Table of Contents

of baseline, each 1% change in attainment will result in a 2% change in the incentive payout; for OI Margin attainment from baseline to target, the payout factor is linear; for OI Margin attainment greater than target, each 1% change in attainment will result in a 4% change in the incentive payout. Maximum cash incentive compensation relating to the financial performance is capped at 200% of target and no cash incentive compensation will be earned if actual performance is less than 70% of the financial target.

The table below outlines the payout ranges that apply to the financial goals.

Performance Level	Payout Range (as percentage of target incentive opportunity)
Below 70% of performance goal	0%
Between 70% and less than 100% of performance goal	40% - 98%
Target of 100%	100%
Between 101% and 125% of performance goal	104% - 200%
Above 125% of performance goal	200%

Individual Performance Goals. For each NEO, 20% of their annual cash incentive was tied to achievement of pre-established individual objectives and strategic initiatives. These objectives, which vary by NEO, focus on areas that provide immediate value, as well as those that are important for building future growth capability. These areas include efficiency initiatives, financial planning initiatives and goals with respect to specific businesses or functions. Maximum cash incentive compensation relating to the individual performance goals is capped at 200% of target.

Payout. The NEOs were paid the following annual cash incentive amounts for fiscal 2016 performance:

NEO	Target Cash Incentive	Cash Incentive Paid for Fiscal 2016	Percentage of Target Achieved
Mr. Hamada	\$ 1,500,000	\$ 1,149,912	77%
Mr. Moriarty	\$ 650,000	\$ 530,795	82%
Mr. Fay	\$ 600,000	\$ 421,449	70%
Mr. Zammit	\$ 488,400	\$ 384,992	79%
Ms. Miller	\$ 410,000	\$ 332,759	81%

The percentages of target cash incentive earned with respect to the financial performance goals were calculated as follows:

Company/Business Unit	NIAT/NIBT (\$000s)				OI Margin			
	Target	Actual	% Achieved	Payout %	Baseline	Actual	% Achieved	Payout %
Avnet	\$ 664.8	\$ 560,005	84.23%	68.46%	3.50%	3.40%	90.00%	90.00%
EM	\$ 795.7	\$ 683,815	85.94%	71.88%	4.60%	4.36%	76.00%	76.00%
TS	\$ 354.2	\$ 279,488	78.90%	57.80%	3.20%	3.29%	104.50%	104.50%

Performance relative to pre-established individual objectives and strategic initiatives as a percentage of target for fiscal 2016 were:

Mr. Hamada: 75%
Mr. Zammit: 87.5%

Mr. Moriarty: 100%
Ms. Miller: 97.5%

Mr. Fay: 50%

The actual annual cash incentive earned for fiscal 2016 was a result of performance at Avnet, EM and TS, as well as a result of the performance relative to the individual strategic objectives. Based on overall performance below target levels, all NEOs saw decreases ranging from 18% to 30% in the

Long-Term Incentives

The Compensation Committee uses long-term incentive compensation in the form of equity awards for all executive officers as a valuable compensation component. Equity awards under the LTIP provide a strong incentive to increase shareholder value over time and improve TSR, as well as aid in retention.

Avnet utilizes a portfolio approach to long-term incentive awards to better align executive compensation to shareholder interests, provide executive officers with an opportunity to benefit from stock price appreciation and ensure that a portion of long-term pay is tied to performance relative to peer companies. Executive officers do not have a set target for long-term incentive compensation at the beginning of each year (e.g., target value as a percentage of base salary). Rather, at the beginning of each year, long-term incentive awards are determined based on a variety of factors including market competitiveness and the executive officer's prior-year performance. As a result, the target value of awards on grant date for an executive officer can vary from year to year.

The Compensation Committee generally awards a mix of restricted stock units (RSUs), stock options, and performance share units (PSUs) to the Company's executive officers. In fiscal 2016, Avnet granted stock options, time-based RSUs and PSUs to each of the NEOs. With respect to the target value of the LTIP awards to the NEOs, generally, RSUs represent 25% of the award, stock options represent 25% of the award and PSUs represent 50% of the award. The fiscal 2016 approved LTIP awards are listed in the following table.

NEO	PSUs (#)	Stock Options (#)	RSUs (#)	Target Value of LTIP Awards (\$)
Mr. Hamada	58,590	104,776	29,296	\$ 5,000,000
Mr. Moriarty	19,920	35,624	9,960	\$ 1,700,000
Mr. Fay	14,646	26,196	7,324	\$ 1,250,000
Mr. Zammit	14,061	25,148	7,032	\$ 1,200,000
Ms. Miller	12,303	22,004	6,152	\$ 1,050,000

Performance Share Units. The Compensation Committee or, where applicable, the Board, uses the combination of three distinct successive annual relative economic profit performance periods over three years as a performance goal because the Board believes that economic profit growth is a key factor in the creation of shareholder value. Using annual performance periods makes these goals more meaningful to the executive officers and enhances the line of sight between performance and award results. In addition, the Compensation Committee uses relative TSR as a payout measure to promote a closer alignment between long-term incentive payments and shareholder returns delivered during the three-year performance period.

The PSUs awarded in fiscal 2016 vest based upon a three-year performance period covering the Company's fiscal years 2016, 2017 and 2018. Vesting of these PSUs is subject to Avnet achieving Relative EP, as defined below, and Relative TSR, as defined below, equal to at least the respective threshold levels set forth below. Relative EP and Relative TSR are equally weighted for determining PSU payouts. While Relative EP is calculated for each year during the performance period, the PSUs associated with that performance measure do not vest until the end of the three-year performance period. For Relative EP, the Compensation Committee selected the S&P SuperComposite Technology Distributors Index Sub-Industry Index, excluding Avnet, as the comparator group. It is comprised of technology distributors that are the most comparable to Avnet in terms of revenue, market capitalization and business environment. For Relative TSR, the Compensation Committee selected the broader S&P MidCap400 Information Technology Index as the comparator group to provide for more stability and continuity in the relative TSR peer group composition and performance levels.

Table of Contents

For purposes of the PSU awards:

Relative EP means, with respect to each fiscal year in the three-year Relative EP performance period, Avnet's economic profit per dollar of average capital for such fiscal year as compared to the economic profit per dollar of average capital of the companies in the S&P SuperComposite Technology Distributors Index Sub-Industry Index, excluding Avnet.

Economic profit for a business means operating income after tax (assuming an effective tax rate of 35%), less a capital charge of 10% on the amount of capital invested in the business. For purposes of the PSUs, operating income excludes certain items as determined by the Compensation Committee, such as restructuring charges, asset write-downs, impairments and financial impacts of accounting, tax and regulatory changes, etc.

Relative TSR means the percentile rank (from 0%ile for the lowest to 100%ile for the highest) of Avnet's Total Shareholder Return compared to the individual total shareholder return of each company in the S&P MidCap400 Information Technology Index over the three-year performance period.

Total Shareholder Return means the percent calculated using the following formula:

$$\frac{\text{Average stock price at the end of period} - \text{average stock price at the start of period} + \text{dividends}}{\text{Average stock price at the start of period}}$$

Average stock price at the start of period

When calculating the average stock price at the beginning and end of the relevant period, the Company uses the 30-trading day average immediately before and including the start day and the 30-trading day average immediately before and including the end day of the applicable period.

Based upon the Company's actual Relative EP and Relative TSR, the recipient is eligible to receive a percentage of the target number of shares ranging from 0% to 200% of the participant's targeted number of shares as set forth below. As Relative EP is calculated each year during the three-year performance period, the payout percentage of target set forth below is multiplied by one-third and the number of PSUs associated with each year's Relative EP performance vest at the end of the three-year performance period.

Relative EP

Relative EP relative to the Index	-10%	-5%	0%	+5%	+10%
Payout Percent of Target	0%	50%	100%	150%	200%

Relative TSR

Percentile Rank	<30%ile	30%ile	50%ile	75%ile+
Payout Percent of Target	0%	50%	100%	200%

If Avnet's actual annual Relative EP or Relative TSR is between two achievement levels set forth in the table above, the percentage vesting shall be determined by linear interpolation.

The Compensation Committee set target payouts at the median level of the TSR peer group with threshold payouts at the 30th percentile to set a minimum relative performance level compared to the comparator group while retaining the retention value of the overall award.

Performance Share Units Earned. The payout percentages for the PSU awards for the past five years are set forth in the following table:

Edgar Filing: AVNET INC - Form DEF 14A

Performance Period	Payout
Fiscal Years 2014 - 2016	89%
Fiscal Years 2013 - 2015	107%
Fiscal Years 2012 - 2014	94%
Fiscal Years 2011 - 2013	90%
Fiscal Years 2010 - 2012	150%

Stock Options. Stock options provide the opportunity for compensation only if the Company's stock price appreciates from the date of grant, enhancing the alignment of executive officer pay with shareholder interests. Options typically vest annually in equal installments over a four year period. The exercise price reflects the closing stock price on the date of grant. The vesting parameters are designed to enhance NEO retention.

Restricted Stock Units. RSUs typically vest in four equal installments over three-and-a-half years and are intended to enhance the retention of NEOs over an extended period.

Additional Compensation Elements

Retirement Benefits. Avnet provides a retirement benefit to certain employees under a tax-qualified retirement plan and a retirement benefit under nonqualified retirement plans. The Avnet pension plan (the "Pension Plan") is a type of tax-qualified defined benefit plan commonly referred to as a cash balance plan. Cash balance plans are similar in nature to a defined contribution plan in that a participant's benefit is defined in terms of a stated account balance. As a cash balance plan, the Pension Plan provides the Company with the benefit of applying any earnings on the Plan's investments beyond the fixed return provided to participants toward the Company's future cash funding obligations. The nonqualified retirement plans consist of the Avnet restoration pension plan (the "Restoration Plan") and the supplemental executive officers retirement plan (the "SERP"). The plans are more fully described in the "Pension Benefits" section. Only U.S. employees are eligible to participate in the Pension and Restoration Plans. Mr. Zammit, as a former resident of France and a current resident of Belgium, is a participant in the Company's pension plans established in France and Belgium. The SERP was closed to new participants effective December 31, 2011, and the Restoration Plan was adopted effective January 1, 2012. Pursuant to the terms of the Restoration Plan and the SERP, any benefit payable under the Restoration Plan reduces the benefit payable under the SERP. These plans are important retention tools in the Avnet compensation program because the receipt of benefits under these plans is contingent upon the satisfaction of certain age and service requirements. Additionally, as the benefits provided under the nonqualified retirement plans are based in part on a participant's yearly cash compensation, including a participant's annual cash incentive compensation, the plans include a performance based element. The Company balances the effectiveness of these plans as a compensation and retention tool with the cost of these plans.

Deferred Compensation. The Company maintains a Deferred Compensation Plan for highly compensated U.S. employees, which includes each NEO with the exception of Mr. Zammit. The program permits these employees to set aside a portion of their income for retirement on a pre-tax basis, in addition to the amounts allowed under the Company's 401(k) Plan, at a minimal administrative cost to the Company. Under this unfunded program, amounts deferred by a participant are credited with earnings based upon the returns actually obtained through the "deemed investment" selected by the participant, as described in more detail following the Nonqualified Deferred Compensation Table. The Company does not offer preferential or above market returns on the compensation deferred.

Executive Benefits. The Company provides NEOs with a limited number of perquisites that the Company and the Compensation Committee believe are reasonable and consistent with Avnet's overall compensation program, and necessary to remain competitive. Costs associated with the perquisites provided by the Company are included in the "All Other Compensation" column in the Summary Compensation Table.

Generally, the Company does not increase payment to any employees, including NEOs, to cover personal income taxes. However, certain expatriate allowances, relocation reimbursements and tax equalization payments are made to employees assigned to work outside his or her home country and the Company will cover the personal income taxes due on these items. Mr. Zammit is currently a resident of Belgium and, as such, is subject to personal income taxes in Belgium. In addition, as Mr. Zammit's position as TS President requires that he periodically conduct business in the United States, he is subject to state and federal personal income taxes in the United States. As a result of his

Table of Contents

role as TS President, the Company agreed to make certain tax equalization payments (including tax gross-up payments) to him to ensure that the position is tax neutral to Mr. Zammit. The Company expects these payments to cease when Mr. Zammit becomes a resident of the United States. Costs associated with the tax equalization payments provided by the Company are included in the All Other Compensation column in the Summary Compensation Table.

Change of Control Agreements. Each NEO has a change of control agreement with the Company. The change of control agreements are intended to encourage retention in the face of the disruptive impact of an actual or attempted change of control of the Company. The agreements are also intended to align executive officer and shareholder interests by enabling executive officers to consider corporate transactions that are in the best interests of the shareholders and other constituents of the Company without undue concern over whether the transactions may jeopardize the executive officers' own employment. The change of control agreements do not provide for excise tax reimbursements to any of the Company's executive officers. More detailed descriptions of these programs are included in the Potential Payouts Upon Termination and Change of Control section.

Additional Information

Stock Ownership Guidelines

With a significant portion of each executive officer's total compensation delivered in the form of equity-based incentives, executive officers have a substantial interest and incentive to ensure profitable growth of the Company and to drive long-term shareholder value. To further reinforce this focus, the Compensation Committee has established stock ownership guidelines for all executive officers. The guidelines provide that the executive officers are required to hold shares of the Company's Common Stock or unvested RSUs, with a market value equal to a multiple of each officer's base salary, as set forth below:

Chief Executive Officer	Shares with market value equal to 5 times base salary
Chief Financial Officer, General Counsel and Operating Group Presidents	Shares with market value equal to 3 times base salary
Other Executive Officers	Shares with market value equal to 1 times base salary

Until the ownership level under the Company's stock ownership guidelines is met, executive officers must hold at least 50% of any net shares he or she receives upon the exercise of options or upon the delivery of any RSU or PSU awards. Currently, all NEOs satisfy these guidelines.

Insider Trading and Hedging/Pledging Policy

The Company's insider trading policy expressly prohibits ownership of financial instruments or participation in investment strategies that hedge the economic risk of owning the Company's securities. Additionally, executive officers and directors are prohibited from hedging or pledging Avnet securities as collateral for loans. The Company's insider trading policy prohibits executive officers and directors from trading in securities of Avnet or engaging in any other action to take advantage of, or pass on to others, material nonpublic information relating to Avnet or any other company with which Avnet has a relationship, including Avnet's customers, suppliers or potential parties in a business transaction.

Recoupment Policy

Pursuant to the Company's incentive compensation recoupment policy, in the event of a restatement of the Company's financial results due to the misconduct of any employee, the Independent Directors are authorized to take action to recoup all or part of any incentive compensation received by an executive officer. For purposes of this policy, incentive compensation includes any cash or stock-based award

Table of Contents

under the Company's Incentive Plan or LTIP, the amount of which is determined in whole or in part upon achievement of specific financial performance targets. The policy defines misconduct as the willful commission of an illegal act, fraud, intentional misconduct or gross recklessness in the performance of an employee's duties and responsibilities. In determining whether to take action to recoup any incentive compensation received by an executive officer, the Independent Directors will take into consideration whether the executive officer engaged in the misconduct or was in a position, including in a supervisory role, to have been able to have reasonably prevented the misconduct that caused the restatement.

Equity Grant Practices

Equity award decisions are generally made at the Board or Compensation Committee's regularly scheduled meetings in August, which are generally scheduled at least one year in advance. Pursuant to the Company's equity incentive plans, the exercise price of each stock option awarded to the executive officers is the closing price of Avnet's Common Stock on the date of grant. Options and other equity-based awards may be granted in connection with a new hire or a promotion, in which case awards may be granted at the Compensation Committee meeting at or about the time of hiring or promotion. Grants are made without regard to anticipated earnings or major announcements by the Company.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits to \$1 million the amount of remuneration that Avnet may deduct in any calendar year for its CEO and three other highest-paid NEOs, other than the CFO. The limitation applies only to compensation that is not considered performance based as defined in the Section 162(m) regulations.

In designing the Company's compensation programs, the Compensation Committee considers the effect of Section 162(m) of the Code, as well as other factors relevant to the Company's business needs. The Company has historically taken, and intends to continue to take, reasonable and appropriate actions with respect to achieving deductibility of annual incentive and long-term compensation. To maintain flexibility, the Compensation Committee does not have a policy requiring all compensation to be deductible.

- (1) Amounts shown under the heading "Stock Awards" reflect the grant date fair value of awards of RSUs and PSUs, computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The grant date fair value of RSUs awarded to each NEO in fiscal 2016 is as follows: Mr. Hamada \$1,208,753; Mr. Moriarty \$410,950; Mr. Fay \$302,188; Mr. Zammit \$290,140; and Ms. Miller \$253,832. With respect to PSUs, the grant date fair value was computed based upon the target outcome of the performance conditions as of the grant date, which was consistent with the estimates used by the Company to measure compensation cost determined as of the grant date. Assuming the target performance is achieved for PSUs awarded in fiscal 2016, the grant date fair value of the award to each NEO is as follows: Mr. Hamada \$2,375,825; Mr. Moriarty \$807,756; Mr. Fay \$593,895; Mr. Zammit \$570,174; and Ms. Miller \$498,887. Assuming the maximum payout of PSUs granted in fiscal 2016 is achieved, the grant date fair value of such awards would be \$4,751,649, \$1,615,512, \$1,187,791, \$1,140,347 and \$997,773 for Messrs. Hamada, Moriarty, Fay, and Zammit, and Ms. Miller, respectively. Amounts shown under the heading "Option Awards" reflect the grant date fair values for stock option awards calculated using the Black-Scholes option pricing model. For information on the assumptions used to calculate the value of the awards, refer to Note 12 to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended July 2, 2016. The amounts included in these columns relate to awards made in the fiscal year and reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 and do not correspond to the actual amount that will be realized by the NEOs.

Edgar Filing: AVNET INC - Form DEF 14A

- (2) The amount includes the net change in the actuarial present value of accumulated benefits under the Company's qualified and nonqualified retirement plans. For fiscal 2016, the increase in the actuarial present value of accumulated benefits under the Company's qualified plan was \$59,600, \$35,919, \$51,366, and \$51,356 for Messrs. Hamada, Moriarty, and Fay, and Ms. Miller, respectively. Mr. Zammit is not a participant in the Company's qualified plan. For fiscal 2016, the increase in the actuarial present value of accumulated benefits under the Company's nonqualified retirement plans was \$684,849, \$117,644, \$97,628, \$67,991 and \$312,862 for Messrs. Hamada, Moriarty, Fay, and Zammit, and Ms. Miller, respectively. The increase in the accumulated benefits under the nonqualified retirement plans was primarily due to the lower discount rate applicable to fiscal 2016 versus the prior year. Messrs. Moriarty and Fay are not participants in the SERP. In addition to the SERP, Mr. Zammit is also a participant in a Company-sponsored retirement plan in Belgium and the increase in the value of that plan was \$36,510.

- (3) The amount includes (a) expenses associated with the Company's automobile program for each of the NEOs, (b) the cost of annual physical exams, (c) tax equalization payments (including gross-up) of \$302,384 on behalf of Mr. Zammit, and (d) the Company's contribution to a French retirement program on behalf of Mr. Zammit in the amount of \$42,352. When Mr. Zammit joined the Company he was a resident of France, and when he relocated to Belgium, the Company continued to fund his French retirement plan, which is a social security type program. Mr. Zammit is subject to personal income taxes in Belgium and the United States. In connection with his promotion to TS President, the Company agreed to make certain tax equalization payments covering his U.S. income tax obligation. For additional discussion on the tax equalization payments, please see the discussion in the CD&A. For Messrs. Hamada and Zammit, their automobile lease and insurance costs included above are \$33,522 and \$26,366, respectively. For the other NEOs, none of their perquisites and personal benefits exceeded the greater of \$25,000 or 10% of the total amount of their benefits.
- (4) Mr. Hamada ceased serving as the Company's CEO subsequent to the end of fiscal 2016. Mr. Amelio was appointed as interim CEO effective July 11, 2016, and was appointed as CEO on September 6, 2016.
- (5) Mr. Zammit's salary and non-equity incentive were paid in Euros and translated at the average exchange rate for fiscal 2016. The expenses associated with the Company provided automobile were also paid in Euros and translated at the average exchange rates applicable to each of the Company's fiscal quarters. The net change in the actuarial present value of Mr. Zammit's Belgian retirement plan was translated at the average exchange rate for fiscal 2016.

- (1) The threshold column assumes payout of 32% of the target amount that is based on financial measures and no payout of the target amount based on the individual performance component. The target column assumes that the annual incentive was paid at 100% of target for the financial and individual components. The maximum column assumes the highest amounts payable on the financial and individual components, resulting in a payout of 200% of the target amount. Achievement below the threshold would yield a payout of \$0. With respect to Mr. Zammit's award, the Company assumed an exchange rate of \$1.11 to 1.00, which is the average rate applicable to the Company's fiscal 2016.
- (2) This column represents grants of PSUs. As discussed in the CD&A, based upon the Company's actual Relative EP and Relative TSR during the three-year performance period, the executive is eligible to receive a percentage of the target number of shares ranging from 0% to 200% of his or her targeted number of shares.

The shares and value realized with respect to the PSUs is as follows: Mr. Hamada 45,587 shares and \$1,902,346; Mr. Moriarty 13,676 and \$570,699; Mr. Fay 11,397 shares and \$475,597; Mr. Zammit 9,116 shares and \$380,411; and Ms. Miller 9,686 shares and \$404,197.

Pension Benefits

Further to the discussion of the retirement benefits in the CD&A, the Company provides a retirement benefit under a tax-qualified retirement plan to U.S. employees and a retirement benefit under nonqualified retirement plans. Mr. Zammit is a participant in the SERP, which is described below, in addition to a retirement plan in Belgium. The retirement plan in Belgium is a voluntary defined contribution plan funded entirely by the Company. Under this plan, the Company's contributions increase based on the level of the employee, with the highest amount applicable to the senior executive level. The Pension Plan is a type of tax-qualified defined benefit plan commonly referred to as a cash balance plan. A participant's benefit under the Pension Plan is based on the value of the participant's cash balance account, which is used for record keeping purposes and does not represent any assets of the Pension Plan segregated on behalf of a participant. In general, the Pension Plan defines annual earnings as a participant's base salary, commissions, royalties, annual cash incentive compensation and amounts deferred pursuant to plans described in Sections 125 or 401(k) (i.e., the Avnet 401(k) Plan) of the Code. Currently, the maximum amount of earnings on which benefits can be accrued is \$265,000, which is the 2016 annual maximum established by the IRS. The Pension Plan offers participants distributions in the form of various monthly annuity payments and, in most cases, a lump sum distribution option is also available to participants who have terminated employment with the Company.

Table of Contents

The nonqualified retirement plans consist of the Restoration Plan and the SERP. The Restoration Plan is an excess benefit plan that provides retirement income to eligible U.S. employees whose Pension Plan benefit is limited by Code limits on compensation. The Restoration Plan uses the same eligibility, vesting, formula and distribution criteria (except in cases where Code section 409A applies) found in the Pension Plan, but without considering the Code-imposed limits on the Pension Plan. The excess benefit over the Code-imposed limits in the Pension Plan is paid from the Restoration Plan.

The SERP provides for: (1) payment of a death benefit to the designated beneficiary of each participating officer who dies while he or she is an employee of the Company in an amount equal to twice the yearly earnings (including salary and cash incentive compensation) of such officer; (2) a supplemental retirement benefit payable at age 65 (if the officer has satisfied certain age and service requirements) payable monthly for two years and in a lump sum thereafter to such officer or his or her beneficiary with the total benefit equaling the present value of ten years of payments in an amount not to exceed 36% of the officer's eligible compensation, which is defined as the average of the highest two of the last five years' cash compensation prior to termination; or (3) a supplemental early retirement benefit equal to the benefit described in (2) above, except that such amount is reduced for each month prior to age 65 that the participant begins to receive the benefit.

As discussed in the CD&A, the SERP was closed to new participants effective December 31, 2011, and the Restoration Plan was adopted effective January 1, 2012. Pursuant to the terms of both plans, any benefit payable under the Restoration Plan will reduce the benefit payable under the SERP. Thus, the maximum benefit payable to vested participants in both nonqualified plans will equal the benefit payable under the SERP.

The table below shows the number of years of service credited to each such NEO and the actuarial present value of accumulated benefits payable to each of the NEOs as of the end of the fiscal year. There were no payments made during the last fiscal year under any of the retirement plans. The present value of the accumulated benefit was determined using interest rate assumptions consistent with those used in the Company's financial statements.

Table of Contents**Nonqualified Deferred Compensation**

The Company offers the Avnet Deferred Compensation Plan (DCP) for highly compensated U.S. based employees, defined as those earning \$265,000 or more in target income, including all of the NEOs except for Mr. Zammit. The DCP allows these employees to set aside a portion of their income for retirement on a pre-tax basis, in addition to the amounts allowed under the Avnet 401(k) Plan. A DCP participant may defer up to 50% of his or her salary and up to 100% of his or her incentive and bonus compensation earned during the plan year (regardless of when paid). Participants may choose from a selection of mutual funds and other investment vehicles in which the deferred amount is then deemed to be invested. Earnings on the amounts deferred are determined by the returns actually obtained through the deemed investment options and added to the account. As such, there are no above-market earnings. The deferred compensation and the amount earned are held under the Avnet Deferred Compensation Rabbi Trust, but are subject to the claims of general creditors of the Company. Also, the obligation to distribute the amounts according to the participants designation is a general obligation of the Company. Of the NEOs, only Mr. Fay has deferred a portion of his cash compensation in fiscal 2016.

Potential Payouts Upon Termination**Employment Agreements and Change of Control Agreements****Employment Agreements**

Each of the NEOs entered into an employment agreement with the Company or one of its subsidiaries. The employment agreements for Mr. Hamada, Mr. Fay and Ms. Miller are terminable by either the individual or the Company upon one-year advance written notice to the other. Mr. Moriarty s agreement is terminable by either party upon 90-days advance written notice. Mr. Zammit s employment agreement includes a notification period that is established by Belgian labor laws and is currently approximately 24 months. The employment agreements contain provisions dealing with termination for cause. Additionally, Messrs. Hamada s, Moriarty s, and Fay s, and Ms. Miller s employment agreements include provisions dealing with termination upon a death or disability. For purposes of these agreements, cause generally includes gross misconduct, breach of any material term of the agreement, willful breach, habitual neglect or wanton disregard of the executive s duties, or conviction of certain criminal acts. Additionally, Messrs. Hamada s, Moriarty s, and Fay s, and Ms. Miller s agreements include provisions dealing with termination upon a change in office and duties. The amount of compensation (including base salary and incentive compensation) to be paid to each NEO is not fixed and is to be agreed upon by the NEO and the Company from time to time. The employment agreements contain restrictive covenants relating to non-competition, confidential information and non-solicitation of employees.

Change of Control Agreements

Each of the NEOs entered into change of control agreements with the Company providing that, in the event of actual or constructive termination within 24 months of a change of control, the Company must pay to the executive all accrued base salary and pro-rata incentive payments, plus 2.99 times the sum of (i) the executive s then-current annual base salary, and (ii) the executive s target incentive compensation for the year in which such termination occurred. Further, unvested stock options shall accelerate and vest in accordance with the early vesting provisions under the applicable stock

Table of Contents

compensation plans, and all equity incentive awards granted, but not yet delivered, will be accelerated and delivered. No NEO is entitled to a tax gross-up for excise taxes related to payments made upon a change of control.

Pursuant to these agreements, a constructive termination includes a material diminution in the executive’s responsibilities, a material change in the geographic location at which the executive is primarily required to perform services for the Company, a material reduction in the executive’s base compensation or, except for Mr. Zammit, any other action or inaction that constitutes a material breach by the Company under its employment agreement with the executive. A change of control is defined as including the acquisition of voting or dispositive power with respect to 50% or more of the outstanding shares of Avnet Common Stock, a change in the individuals serving on the Board of Directors so that those serving on the effective date of the applicable agreement and those persons appointed by such individuals to the Board no longer constitute a majority of the Board, or the approval by shareholders of a liquidation, dissolution or sale of substantially all of the assets of the Company.

Potential Payouts upon Termination Table

The following table sets forth the estimated payments and value of benefits that each of the NEOs would be entitled to receive under their employment and change of control agreements, as applicable, in the event of the termination of their employment under various scenarios. The table assumes that the termination occurred on July 2, 2016, which is the Company’s fiscal year end.

As used in this section:

Death refers to the death of executive;

Disability refers to the executive becoming permanently and totally disabled during the term of the executive’s employment;

Company Termination Without Cause means that the executive is fired without cause (as defined in the employment agreement);

Change of Control Termination means the occurrence of both a change of control and the constructive termination of the executive within 24 months of the change; and

Retirement for the purpose of determining benefit under the stock plans, means all of the following: (a) age 55, (b) five years of service, (c) age plus years of service is equal to at least 65, and (d) the executive must have signed a non-compete agreement.

The employment agreements for Messrs. Hamada, Fay, and Zammit, and Ms. Miller, do not provide for a severance payment in the event of a termination by the Company without cause. Pursuant to each NEO's employment agreement, each NEO is entitled to the advance notice discussed in Employment Agreements, above. During the notice period, each of the executives shall continue as an employee of the Company and receive compensation and other benefits in accordance with their employment agreements. Mr. Moriarty is entitled to receive his base salary and other compensation for a period of one year after he is provided with notice of his termination without cause. For purposes of the table above, it is assumed that the applicable notice period ended on July 2, 2016, which is the last business day of the Company's fiscal year 2016.

Table of Contents

Mr. Hamada ceased serving as the Company's CEO subsequent to the end of fiscal 2016. As he was retirement eligible under the Company's equity compensation plans, Mr. Hamada will receive the benefits noted in Retirement , above. Except as noted immediately below, because Mr. Fay and Ms. Miller are retirement eligible under the applicable equity compensation plans, the amount of potential payouts to each of them in the event of a disability or termination by the Company without cause is the same as that under Retirement because the amount received upon retirement is greater than would be received upon a disability or termination without cause. The amount included with respect to the SERP is calculated based on the present value of the benefit described above relating to Pension Benefits, discounted to reflect the earliest age at which the executive can begin receiving such benefit. While Mr. Zammit's benefits under the SERP have vested, he is not eligible to receive a distribution until he has reached at least age 55. As Ms. Miller's benefit under the SERP has not yet vested, she is only entitled to a benefit under such plan in the event of death. Messrs. Moriarty and Fay are not participants in the SERP.

Executives receiving PSUs, including each of the NEOs, would be entitled to receive a pro-rata number of performance shares in the case of death or disability and all of the performance shares in the case of retirement or a change of control earned for a three-year performance cycle. As noted above, because Mr. Fay and Ms. Miller are retirement eligible under the applicable equity compensation plans, the value shown in the table above for PSU awards in the event of a disability equals the value earned upon retirement. The value shown for the settlement of PSUs in the table above is calculated with the assumption that the triggering event has occurred on July 2, 2016. Furthermore, the value of the PSU awards for the fiscal 2014-2016 performance cycle is included in the table above because, while the actual PSU payouts were not issued until August 2016, the PSU awards were fully vested on July 2, 2016. Additionally, the value of the PSUs covering the fiscal 2015-2017 and fiscal 2016-2018 performance periods assumes that the target number of shares is awarded to Mr. Hamada, Mr. Fay and Ms. Miller. The value of RSUs reflected in the table above in all cases, other than termination without cause, equals the value of all RSUs allocated to the NEOs but not yet delivered at July 2, 2016. In the case of termination without cause, the value of RSUs is only applicable for those who are retirement eligible at July 2, 2016 - Mr. Fay and Ms. Miller.

Deferred Compensation Plan

Under the Avnet Deferred Compensation Plan for Outside Directors, a non-employee Director may elect to receive phantom stock units in lieu of some or all of the shares of Common Stock that would otherwise be awarded as the Director's annual equity compensation. The number of shares of phantom stock units to be credited to the phantom stock unit portion of the Director's account (assuming the election is made to defer the entire amount) is determined by dividing \$145,000 by the average of the high and low price of Common Stock on the NYSE on the first business day in January of each year. In addition, a non-employee Director may elect to defer all or a portion of his or her annual cash compensation in a cash or phantom stock unit account under this plan. Compensation deferred as cash is credited at the beginning of each quarter with interest at a rate corresponding to the rate of interest on U.S. Treasury 10-year notes on the first day of that quarter. During fiscal 2016, there were no above market earnings. Compensation deferred under this plan, or interest credited thereon, will be payable to a Director (i) upon cessation of membership on the Board of Directors in ten annual installments or, at the Director's election (which must be made not less than 24 months prior to the date on which the Director ceases to be a member of the Board), in annual installments not exceeding ten or in a single lump sum, or (ii) upon a change in control of the Company (as defined in the plan), in a single lump sum. Phantom stock units are payable in Common Stock with cash payment made for fractional shares. In the event of the death of a Director before receipt of all payments, all remaining payments shall be made to the Director's designated beneficiary.

D&O Insurance

As permitted by Section 726 of the Business Corporation Law of New York, Avnet has in force directors' and officers' liability insurance and corporate reimbursement insurance. The policy insures Avnet against losses from claims against its directors and officers when they are entitled to indemnification by Avnet, and insures Avnet's directors and officers against certain losses from claims against them in their official capacities. All duly elected directors and officers of Avnet and its subsidiaries are covered under this insurance. The primary insurer is Federal Insurance Company, a Chubb Group insurance company. Excess insurers include Arch Insurance Company, Zurich American Insurance Company, National Union Fire Insurance Co. of Pittsburgh, PA, Allied World National Assurance Company, XL Specialty Insurance Company, Lloyd's of London and ACE American Insurance Company. The coverage was renewed effective August 1, 2016, for a one-year term. The total premium paid for both primary and excess insurance was \$959,468.

PROPOSAL 2

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

As part of the Company's commitment to high standards of governance and as required by Section 14A of the Exchange Act, the Board of Directors is requesting that the Company's shareholders approve, on a non-binding basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives shareholders the opportunity to express their views on the compensation of the Company's Named Executive Officers for the Company's fiscal 2016.

Shareholders are urged to read the Compensation Discussion and Analysis and the tabular disclosure (together with the accompanying narrative disclosure) in this Proxy Statement, which discusses how Avnet's compensation program is implemented with respect to the Named Executive Officers.

The Board of Directors believes that the compensation of the Named Executive Officers is appropriate and recommends a vote **FOR** the following non-binding resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Abstentions are not counted in determining the votes cast. Brokers who hold shares of Common Stock as nominees will not have discretionary authority to vote such shares for a director nominee.

Although the vote is non-binding, the Compensation Committee and the Board of Directors will review the results of the vote, consider shareholder concerns and take them into account in future determinations concerning the executive compensation program. The Company currently conducts an annual advisory vote on named executive officer compensation and expects to conduct the next advisory vote at the 2017 annual meeting of shareholders.

PROPOSAL 3

AVNET, INC. 2016 STOCK COMPENSATION AND INCENTIVE PLAN

The Board of Directors is requesting that the Company's shareholders vote FOR approval of the Avnet, Inc. 2016 Stock Compensation and Incentive Plan (the 2016 Plan).

The purposes of the 2016 Plan are to: (a) promote the Company's long-term success and increase shareholder value by incentivizing employees to contribute to the Company's long-term growth and profitability; and (b) assist the Company in attracting, retaining and motivating highly qualified individuals. The 2016 Plan will accomplish these purposes by serving as the primary vehicle for the Company's equity and cash-based compensation programs. Therefore, the Company believes that approval of the 2016 Plan is important to the Company's future success. If the 2016 Plan is not approved by shareholders, the Company's ability to issue equity-based awards at levels consistent with past practice will be limited, which may impair its ability to pay for performance, create an ownership culture and provide competitive compensation.

The 2016 Plan provides for the issuance of equity-based awards covering up to 5,000,000 shares of Avnet Common Stock. In addition, the Avnet, Inc. 2013 Stock Compensation and Incentive Plan (the 2013 Plan) will remain in effect until the 1,794,749 shares available for awards under the 2013 Plan are exhausted, which the Company believes will occur in August 2017. The Board currently believes that the shares available for grant under the 2016 Plan will provide sufficient shares to satisfy the equity-based compensation needs of the Company for approximately three to four years following the Effective Date. In recommending approval of the 2016 Plan, the Board and the Compensation Committee, with input from its independent compensation consultant, considered the Company's historical equity compensation practices, the future compensation needs of the Company, the potential dilution associated with future awards under the 2016 Plan and the Company's three-year average burn rate.

The potential dilution from the adoption of the 2016 Plan, as commonly calculated, would be approximately 9.1%. The Company's three-year average burn rate was 3.1%. Burn rate is the number of equity awards granted divided by the weighted average number of shares of Common Stock outstanding during the applicable year. The Company calculated its burn rate by applying a multiplier of 3.0 to the number of RSUs and PSUs granted in the applicable year.

The closing price of Avnet's Common Stock on the NYSE was \$39.48 per share on September 13, 2016. For additional information with respect to the Company's outstanding equity-based awards, please refer to the CD&A included in this Proxy Statement and Note 12 in the *Notes to Consolidated Financial Statements* contained in the Company's Annual Report on Form 10-K.

A summary of important features and tax consequences of the 2016 Plan is set forth below, but this summary is qualified in its entirety by reference to the actual text of the 2016 Plan. Capitalized terms that are not defined in this summary have the meanings given to them in the 2016 Plan. A copy of the 2016 Plan is attached to this Proxy Statement as Appendix B.

Important Features of the 2016 Plan

Persons Eligible for Awards. Persons eligible to participate in the 2016 Plan include employees of Avnet and its Subsidiaries, Non-Employee Directors of Avnet, consultants, independent contractors, and advisers to Avnet and its Subsidiaries. There are currently eight Non-Employee Directors and approximately 17,700 employees who may be considered for the grant of equity-based awards under the 2016 Plan.

Types of Awards under 2016 Plan. The 2016 Plan provides for the grant of incentive stock options (ISOs), non-qualified stock options (NQSOs), stock appreciation rights (SARs), restricted stock, restricted stock units, performance share units, and other stock unit awards. Each of these awards is payable in, valued in whole or in part by reference to, or otherwise based on Avnet's Common Stock. In addition, the 2016 Plan includes performance-based cash awards (EIP awards).

Table of Contents

Shares Available Under the 2016 Plan. If approved by shareholders, the 2016 Plan will be applicable to awards granted on or after the Effective Date. A total of 5,000,000 shares of Avnet's Common Stock will be available for the grant of awards under the 2016 Plan.

Limits on Awards. The following limitations apply for individual awards:

The maximum number of shares that may be subject to awards (in the aggregate, including options, SARs, restricted stock, restricted stock units, performance share units and other equity-based awards) granted to an individual in any calendar year is 1,000,000 shares.

For Non-Employee Directors, the maximum number of shares that may be subject to awards granted to an individual in any calendar year is the number of shares with a value of \$1,000,000, determined with respect to each share on the date of grant; provided, however, that in the year in which a Non-Employee Director first joins the Board of Directors or is first designated Chairman of the Board of Directors (or Lead Director), the limit is increased to \$2,000,000.

The maximum EIP award is \$5,000,000 for a 12-month period, adjusted up or down if the performance period is more or less than 12 months.

The shares awarded or issued upon exercise under the 2016 Plan may be authorized and previously unissued shares or treasury shares held by the Company. Both the aggregate number of shares covered by the 2016 Plan and the number of shares covered by individual options will be adjusted in the event of stock dividends, recapitalizations, splits or combinations of shares, and similar capital adjustments affecting Avnet's Common Stock.

Share Counting Provisions. Shares that are not issued upon the net settlement or net exercise of options or SARs, shares that are delivered to or retained by the Company to pay the exercise price or withholding taxes related to awards, and shares repurchased on the open market with the proceeds of option exercises, will not be available for additional grants under the 2016 Plan. In general, shares subject to awards under the 2016 Plan that expire, terminate, or are canceled or forfeited before issuance, and shares subject to awards that are settled without delivery of stock, will again be available for issuance under the 2016 Plan.

Administration of the Plan. The 2016 Plan will be administered by the Administrator, which is defined as (a) the Compensation Committee of the Board of Directors (the Committee) for awards to employees, consultants and advisers, and (b) Avnet's independent directors for awards to Non-Employee Directors. The Administrator has the power and authority, among other things, to: (i) designate participants and determine the types of awards granted to each participant; (ii) determine the number of shares reserved under any award or grant, the exercise price, terms and conditions, duration and payment provisions, any schedule for lapse of forfeiture restrictions and restrictions on exercisability, and accelerations and waivers thereof; (iii) determine the amount of, and performance criteria and performance period for, performance-based awards; (iv) construe and interpret the 2016 Plan; (v) establish and amend rules and regulations for the administration of the 2016 Plan; and (vi) correct any defect, remedy any omission, and reconcile any inconsistency in the 2016 Plan and any award in the manner and to the extent that it deems appropriate to carry out the intent of the 2016 Plan and such award. The 2016 Plan authorizes the CEO to make awards to employees who are not covered employees under Section 162(m) of the Internal Revenue Code or Executive Officers, including employees who are promoted to Executive Officer positions, subject to any limits that the Committee may impose.

Stock Options. In general, stock option grants are subject to the following rules:

The exercise price per share for each ISO and NQSO under the 2016 Plan will be no less than 100% of the fair market value per share of Avnet's Common Stock on the grant date. The fair market value of Common Stock on any date will be the closing sales price (as reported for New York Stock Exchange Composite Transactions) on that date (or if no trading is reported on that date, the fair market value will be the closing price as of the last preceding day for which trading was reported) or such other price as determined by the Committee in accordance with applicable law.

Table of Contents

The Administrator (or the CEO to the extent described above) will establish the vesting schedule for each option and the terms and conditions for exercising the option.

An option generally may not become vested at a rate faster than pro-rata annually over three years from the grant date. However, the Administrator is authorized to grant up to 5% of the shares authorized under the 2016 Plan in options, SARs, restricted stock, restricted stock units, performance share units and other stock unit awards that are not subject to the minimum vesting period. In addition, as described below, the Administrator may accelerate vesting under certain circumstances.

Upon exercise, the purchase price is to be paid in full in cash or another form permitted by the Administrator. Other forms may include net exercise, broker-assisted cashless exercise or delivery of shares of Avnet Common Stock in lieu of cash.

No option granted under the 2016 Plan will be exercisable after the day before the tenth anniversary of the grant date.

Stock option holders are not entitled to receive dividends or other distributions with respect to shares of Avnet Common Stock underlying such options.

Stock Appreciation Rights. In general, SARs are subject to the following rules:

SARs may be granted in tandem with an option or alone (freestanding).

The exercise price per share for each tandem SAR will be no less than the exercise price for the related option, and the exercise price per share for each freestanding SAR will be no less than 100% of the fair market value per share of Avnet's Common Stock on the grant date; fair market value will be determined in the same manner as with respect to stock options (as described above).

The Administrator (or the CEO to the extent described above) will establish the vesting schedule for each SAR and the terms and conditions for exercising the SAR.

SARs will be subject to the same minimum vesting period as applies for options (described above).

Upon exercise, the holder will receive payment in shares of Avnet Common Stock or cash (or a combination) in an amount equal to the excess of the fair market value of the shares with respect to which the SAR is exercised over the exercise price. No fractional shares will be issued. Any amount that would have been payable in fractional shares will be paid in cash.

Tandem SARs will be exercisable only to the extent that the related options are exercisable, and no SAR granted under the 2016 Plan will be exercisable after the day before the tenth anniversary of the grant date.

Holders of SARs are not entitled to receive dividends or other distributions with respect to shares of Avnet Common Stock underlying such SARs.

Restricted Stock. In general, grants of restricted stock are subject to the following rules:

Edgar Filing: AVNET INC - Form DEF 14A

The Administrator (or the CEO to the extent described above) will establish the terms, conditions and restrictions of any grant of restricted stock.

Restricted stock will be subject to the same minimum vesting period as applies for options (described above).

Restricted stock holders have full voting rights and are entitled to receive any dividends paid on Avnet's Common Stock. All dividends will be reinvested automatically in additional shares of restricted stock that are subject to the same terms and conditions as the initial award, but no fractional shares will be issued. If a dividend would result in a fractional share of Common Stock, the fractional amount will be payable in cash when the vesting period ends.

Table of Contents

Restricted Stock Units. In general, restricted stock units are subject to the following rules:

The Administrator (or the CEO to the extent described above) will establish the vesting schedule and the terms and conditions for each restricted stock unit award.

Restricted stock units will be subject to the same minimum vesting period as applies for options (described above).

Restricted stock units will be paid upon vesting in shares of Avnet Common Stock or cash (or a combination).

Holders of restricted stock units have no voting or other shareholder rights with respect to the underlying shares. The Administrator (and the CEO to the extent described above) is authorized to grant dividend equivalents with respect to restricted stock unit awards.

Performance Share Units. In general, performance share units are subject to the following rules:

The Administrator (or the CEO to the extent described above) will establish the vesting and other terms and conditions for each performance share unit award.

Performance share units will be subject to the same minimum vesting period as applies for options (described above).

Performance share units will provide for payment of a specified number of shares of Avnet Common Stock or cash (or a combination), if specified vesting conditions are achieved. The number of shares of Avnet Common Stock or amount of cash, if any, will be determined based on the extent to which Performance Objectives are achieved.

Holders of performance share units have no voting or other shareholder rights with respect to any underlying shares, but the Administrator (and the CEO to the extent described above) is authorized to grant dividend equivalents with respect to performance share unit awards.

Other Stock Unit Awards. In addition to the other types of awards described above, the Administrator (or the CEO to the extent described above) may grant other stock unit awards under the 2016 Plan. In general, other stock unit awards are full value awards and are subject to the following rules:

The Administrator (or the CEO to the extent described above) will establish the vesting schedule and the terms and conditions for each other stock unit award, including whether the award is payable in shares of Avnet Common Stock, other securities, cash or a combination.

Except for awards made to Non-Employee Directors, other stock unit awards will be subject to the same minimum vesting period as applies for options, as described above. In addition, the Administrator has discretion to accelerate vesting under the same circumstances as with respect to options.

Holders of other stock unit awards have no voting or other shareholder rights with respect to the underlying shares, but the Administrator (and the CEO to the extent described above) is authorized to grant dividend equivalents with respect to other stock unit

awards.

EIP Awards. The Administrator (or the CEO to the extent described above) may grant EIP Awards to employees who are Executive Officers or members of senior management. The EIP Awards are contingent upon the achievement of Performance Objectives (described below).

Performance-Based Awards. Section 162(m) of the Internal Revenue Code limits Avnet's federal income tax deduction for compensation paid to the CEO and the three highest-paid officers of the Company other than the Chief Financial Officer (the covered officers). The limit is \$1,000,000 per covered officer per year, with certain exceptions. This deductibility cap does not apply to performance-based compensation, if approved in advance by the Company's shareholders and certain other conditions are satisfied. Each EIP award and performance share unit, and all or part of each award of restricted stock, restricted stock units and other stock that is subject to performance-based vesting,

Table of Contents

may be designed to qualify as deductible performance-based compensation. In addition, stock options and SARs granted under the 2016 Plan are designed to qualify for the performance-based compensation exception.

The Performance Objectives for covered officers will be based on one or more of the following performance criteria: (i) economic profit; economic value added; price of Common Stock; total shareholder return; revenues; sales; sales productivity; sales growth; net income; operating income; gross profit; earnings per share; return on equity; return on investment; return on capital employed; cash flow; operating margin; gross margin; operating unit contribution; achievement of annual operating profit plans; debt level; market share; net worth; or other similar financial performance measures as may be determined by the Committee; or (ii) strategic business criteria consisting of one or more objectives based on meeting specified market penetration or market share; geographic business expansion; objective customer satisfaction goals; objective goals relating to divestitures, joint ventures, mergers, acquisitions and similar transactions; implementation or completion of specified projects or processes strategic or critical to the Company's business operations; individual business objectives; objective measures of brand recognition/acceptance; performance achievements on designated projects or objectives; objective measures of regulatory compliance; successful completion of internal or external audits; successful integration of business units; successful hiring, retention of talent or other succession planning; or objective measures of employee engagement and satisfaction. In addition, the Committee may establish other Performance Objectives for awards to participants who are not covered officers.

Performance Objectives may be based on individual performance or performance of Avnet as a whole, of a Subsidiary, or of a division or other area of Avnet, and may be measured annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established benchmark, in each case as specified by the Committee. Performance-based awards will be based on performance during a performance period as set forth in the applicable award agreement.

The Committee may adjust performance results to take into account extraordinary, unusual, infrequently occurring or non-comparable items. If an award is intended to satisfy the requirements for performance-based compensation under Section 162(m), the award will not be paid unless and until the Committee certifies in writing that the applicable Performance Objectives have been satisfied. In all cases, the Committee retains discretion to reduce the amount payable upon achievement of the Performance Objectives.

No Repricing Allowed. Except in connection with certain corporate transactions, the Company may not reprice, replace or regrant an option or SAR through cancellation, or by lowering the exercise price of the option or SAR, and no option or SAR with an exercise price that exceeds the fair market value of a share of Avnet Common Stock (*i.e.*, an under-water option) can be cashed-out, without shareholder approval.

Acceleration upon Certain Events. The Administrator, in its sole discretion, may accelerate the vesting of any award and/or release restrictions in the event of a change in control of Avnet (as defined in the Plan), the participant's death, retirement, layoff, termination in connection with a change in control or other termination if the Administrator determines it is appropriate and in the best interests of Avnet.

No Transfer of Awards. In general, no right or interest of a participant in any award made under the 2016 Plan may be sold, assigned or otherwise transferred other than by will, beneficiary designation or the laws of descent and distribution. However, the Committee may allow the transfer of an option (other than an ISO) to specified family members of the participant, as well as to certain trusts and other entities controlled by the participant or the participant's family.

Deferral of Awards. The Administrator is authorized to allow participants to defer receipt of any payment of cash or delivery of shares of Avnet Common Stock that would otherwise be due upon the exercise, earn-out or settlement of any award made under the 2016 Plan, other than stock options or SARs. Before allowing any deferral, the Administrator will establish rules and procedures for deferrals

Table of Contents

of payments under awards. The terms and conditions of any deferral will be set forth in any award agreement that is intended to provide for a deferral.

Termination of 2016 Plan. The 2016 Stock Compensation and Incentive Plan was adopted by the Board of Directors and will become effective only if approved by shareholders at the Annual Meeting. If approved at the Annual Meeting, the 2016 Plan will terminate on November 30, 2026, but may be terminated earlier by the Board of Directors. All awards granted before the 2016 Plan terminates will continue in effect in accordance with the terms of the applicable award

agreements and the 2016 Plan.

Amendment of Plan. The Board of Directors may amend the 2016 Plan and/or any Award at any time, except that shareholder approval is required for any amendment that (a) affects the composition and functioning of the Committee; (b) materially increases the aggregate number of shares of Avnet Common Stock available for awards under the 2016 Plan; (c) materially increases the aggregate number of shares of Avnet Common Stock with respect to which options or other awards may be granted to any participant during any calendar year; (d) materially decreases the minimum exercise price per share for options; or (e) extends the ten-year maximum period during which an award is exercisable or the termination date of the 2016 Plan. In addition, a participant's written consent will be required for any amendment to an outstanding award that has a material adverse effect on the participant's rights under such award.

New Plan Benefits. Because benefits under the 2016 Plan will depend on the Committee's and/or independent directors' actions and the fair market value of Avnet's Common Stock at various future dates, it is not possible to determine the benefits that will be received by Directors, executive officers and other employees if the 2016 Plan is approved by shareholders.

Recoupment. The 2016 Plan incorporates Avnet's compensation recoupment policy by reference. All awards under the 2016 Plan will be subject to that policy including changes that are made to the policy in the future.

Federal Income Tax Consequences of the 2016 Plan

The following general summary describes the typical U.S. federal income tax consequences of awards granted under the 2016 Plan based upon the federal tax laws in effect as of August 1, 2016, which are subject to change (possibly with retroactive effect). This is not intended to be a complete analysis and discussion of the federal income tax treatment of awards, and does not discuss estate and gift taxes or the tax laws of any municipality, state or foreign country. Avnet (or a designated payer) will generally withhold required taxes in connection with the exercise or payment of an award, and may require the participant to pay such taxes as a condition to exercise of an award.

Stock Options. ISOs and NQSOs are treated differently for federal income tax purposes. ISOs must satisfy the requirements of Section 422 of the Internal Revenue Code. NQSOs need not satisfy such requirements.

Incentive Stock Options. The recipient of an ISO will not realize any taxable income on the grant or the exercise of the ISO, except as described in the next sentence. The difference between the exercise price and the fair market value of the shares on the exercise date will be a preference item for purposes of the alternative minimum tax, and thus a participant could be subject to the alternative minimum tax as a result of exercising an ISO.

If a participant holds the shares acquired upon exercise of an ISO for at least two years after the grant date and at least one year after exercise, the participant's gain, if any, upon a subsequent disposition of such shares will be long-term capital gain. (Conversely, a loss will be a long-term capital loss.) The measure of the gain (or loss) is the difference between the proceeds received on disposition and the participant's basis in the shares; in general, the participant's basis is equal to the exercise price.

Table of Contents

If a participant disposes of shares acquired by exercising an ISO before satisfying the one and two-year holding periods described above (a disqualifying disposition), then

If the proceeds received exceed the exercise price of the ISO, the participant will (a) realize ordinary income equal to the excess, if any, of the lesser of the proceeds received or the fair market value of the shares on the date of exercise over the exercise price of the ISO, and (b) realize capital gain equal to the excess, if any, of the proceeds received over the fair market value of the shares on the date of exercise; or

If the proceeds received are less than the exercise price of the ISO, the participant will realize a capital loss equal to the excess of the exercise price of the ISO over the proceeds received.

Capital gains (or losses) realized upon a disqualifying disposition will be treated as long-term capital gains (or losses) if the participant held the shares for more than one year after the exercise of the ISO, or otherwise as short-term capital gains (or losses).

Avnet is not entitled to an income tax deduction on the grant or exercise of an ISO or on the participant's disposition of the shares after satisfying the holding period requirements described above. However, if the participant does not satisfy the holding period, Avnet will be entitled to a deduction in the year the participant disposes of the shares. The amount of the deduction will be equal to the ordinary income realized by the participant.

Non-Qualified Stock Options. The recipient of a NQSO will not realize any taxable income on the grant of the option. Upon exercise of the NQSO, the participant will realize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the option exercise price. Avnet will generally be entitled to a deduction in the same amount as the ordinary income realized by the participant.

Upon the sale of shares acquired from exercising an option, the participant will realize a capital gain (or loss) equal to the difference between the proceeds received and the fair market value of the shares on the date of exercise. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares for more than one year after the exercise of the NQSO, or otherwise a short-term capital gain (or loss).

Special rules will apply if the exercise price or applicable withholding tax obligations are paid by delivering shares or by reducing the number of shares otherwise issuable pursuant to the award. The surrender or withholding of such shares will in certain circumstances result in income with respect to such shares or a carryover basis in the shares acquired, and may constitute a disposition for purposes of applying the ISO holding periods discussed above.

Stock Appreciation Rights. The recipient of a SAR will not realize any taxable income on the grant of the SAR. Upon the exercise of the SAR, the participant will realize ordinary income in an amount equal to the fair market value of the shares and/or cash received on the date of exercise. Avnet will generally be entitled to a corresponding tax deduction.

Upon the sale of shares acquired from exercising a SAR, the participant will realize a capital gain (or loss) equal to the difference between the proceeds received and the fair market value of the shares on the date of exercise. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares for more than one year after the exercise of the SAR, or otherwise a short-term capital gain (or loss).

Restricted Stock. The federal income tax consequences of a grant of restricted stock depend on whether a participant elects to be taxed at the time of the grant (an 83(b) election, named for Section 83(b) of the Internal Revenue Code). If the participant does not make an 83(b) election, the participant will not realize taxable income at the time of grant. When the restrictions on the shares lapse, the participant will realize ordinary income in an amount equal to the fair market value of the restricted stock at that time (less any amount that the participant pays for the shares). If the participant makes an 83(b) election, the participant will realize ordinary income at the time of grant in an amount

Table of Contents

equal to the fair market value of the shares at that time (less any amount that the participant pays for the shares), determined without regard to any of the restrictions. If shares are forfeited before the restrictions lapse, the participant will not be entitled to a corresponding deduction.

The participant's tax basis in restricted stock will be the income realized with respect to the shares (plus any amount that the participant paid for the shares). Upon a subsequent disposition of any shares, the participant will realize a capital gain or loss, equal to the amount received upon disposition minus the participant's tax basis. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares for more than one year after realizing income attributable to the shares, or otherwise a short-term capital gain (or loss).

Avnet will be entitled to a tax deduction in the taxable year in which the participant realizes income. The amount of the deduction will be the same as the amount of income realized by the participant.

Restricted Stock Units/Performance Share Units/Other Stock Unit Awards. Recipients of restricted stock units, performance share units and other stock unit awards will not realize any taxable income at the time of grant. Income will be realized when the awards vest and are paid in cash or shares of stock. At that time, the participant will realize ordinary income equal to the then fair market value of the shares or cash paid to the participant. The value of shares included in income will be the participant's tax basis in the shares.

The participant's tax basis in any stock issued to settle a restricted stock unit, performance share unit or other stock unit award will be the amount realized as income attributable to the shares. Upon a subsequent disposition of any shares, the participant will realize capital gain or loss, equal to the amount received upon disposition minus the participant's tax basis. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares for more than one year after realizing income attributable to the shares, or otherwise a short-term capital gain (or loss).

Avnet will be entitled to a tax deduction in the taxable year in which the participant realizes income. The amount of the deduction will be the same as the amount of income realized by the participant.

EIP Awards. The recipient of an EIP award will not realize any taxable income at the time of grant. Income will be realized after the Performance Objectives are achieved, when the awards are paid in cash. Avnet will generally be entitled to a tax deduction in the taxable year in which the participant realizes income.

Other Tax Issues. In general, the amount includible in income upon the exercise of NQSOs and SARs and upon the vesting of other awards, will be treated as wages for purposes of employment taxes, including Social Security (up to the Social Security wage base) and Medicare taxes. Also, upon the sale of shares acquired from awards under the Plan, participants with income above a specified threshold will be subject to a new tax on passive income (in addition to capital gains taxes).

As noted above, the Administrator has discretion to accelerate the payment or vesting (including the release of restrictions) on any awards in the event of a change in control of Avnet. If this occurs, payments and transfers of shares to disqualified individuals under Section 280G of the Internal Revenue Code (generally officers, the 250 highest paid employees of Avnet and subsidiaries in which Avnet's ownership interest is 80% or more, and shareholders who own 1% or more of Avnet) that are deemed to be contingent on the change in control may be subject to special tax consequences that apply to parachute payments. In order to determine whether these special tax consequences are triggered, the sum of the payments and transfers under the 2016 Plan and all other compensation that is deemed to be contingent on the change in control (the potential parachute payments) must be compared to the disqualified individual's base amount. In general, the base amount is the individual's average annual taxable compensation from the Company during the five years (or the number of years the individual worked for the Company, if fewer) immediately before the change in control. If the amount of the potential parachute payments equals or exceeds three times the base amount, the excess of the potential parachute payments over the base amount will be considered excess parachute payments. If any amounts are determined to be excess parachute payments, the

Table of Contents

disqualified individual will have to pay an excise tax equal to 20% of the excess of the potential parachute payments over the individual's base amount. In addition, Avnet would not be allowed to deduct the amount that is subject to the excise tax.

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF KPMG AS

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

One of the purposes of the Annual Meeting is to consider and take action with respect to ratification of the appointment by the Audit Committee of KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements of Avnet for the fiscal year ending July 1, 2017.

In determining whether to reappoint the independent registered public accounting firm, the Audit Committee annually considers several factors including:

the firm's independence and objectivity;

KPMG's capability and expertise in handling the breadth and complexity of the Company's global operations, including the expertise and capability of the lead audit partner;

historical and recent performance, including the extent and quality of KPMG's communications with the Audit Committee, and management's views of KPMG's overall performance;

data related to audit quality and performance, including recent Public Company Accounting Oversight Board inspection reports on the firm; and

the appropriateness of KPMG's fees, both on an absolute basis and as compared with its peers.

In accordance with Exchange Act, independent audit partners are subject to rotation requirements limiting their number of consecutive years of service to the Company to no more than five. The process for selecting the Company's lead audit partner includes Company management and the Audit Committee Chairman vetting the independent auditor's candidates, and final concurrence on the individual is done in consultation with the full Audit Committee. Consistent with this practice, a new lead audit partner was designated for fiscal 2017.

The affirmative vote of the majority of the votes cast at the Annual Meeting by the holders of shares of Common Stock is required to ratify the appointment of KPMG LLP as Avnet's independent registered public accounting firm. Abstentions are not counted in determining the votes cast. Brokers who hold shares of Common Stock as nominees will have discretionary authority to vote such shares if they have not received timely voting instructions from the beneficial owners.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have an opportunity to make such statements as they may desire. Such representatives are expected to be available to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote FOR ratification of KPMG LLP

as the Company's Independent Registered Public Accounting Firm for Fiscal 2017.

The Company believes that operating income adjusted for the impact of the items identified above is a useful measure to help shareholders better assess and understand the Company's operating performance, especially when comparing results with previous periods, primarily because management views the excluded items to be outside of Avnet's normal operating results or non-cash in nature. The Company analyzes operating income without the impact of these items as an indicator of ongoing margin performance and underlying trends in the business.

The Company believes net income and diluted earnings per share, as adjusted for the impact of the items identified above, is a useful measure to shareholders because it provides a measure of the Company's net profitability on a more comparable basis to historical periods. Additionally, because of management's focus on generating shareholder value, of which net profitability is a primary driver, management believes net income and diluted earnings per share, excluding the impact of these items, provides an important measure of the Company's net results of operations.

For a detailed description of the items adjusting the GAAP results in the table above, refer to the respective fiscal year's Annual Report on Form 10-K filed with the Securities and Exchange Commission. Any analysis of results on a non-GAAP basis should be used as a complement to, and in conjunction with, data presented in accordance with GAAP.

Unless sooner forfeited or otherwise terminated pursuant to the terms hereof or of the Agreement, each Option granted under the Plan shall expire at the end of its term, and the term may not be extended. No Option may be exercised after the expiration of its term.

5.4. *Exercisability (Vesting).* Each Option granted under the Plan shall be subject to the vesting conditions set forth in the Agreement; provided, however, that the exercisability of any Option may be accelerated to the extent permitted by Section 12.2 (Acceleration of Vesting). Subject to the provisions of the Agreement, each Option granted under the Plan that has become exercisable pursuant to this Section 5.4 shall remain exercisable thereafter until the expiration of its term as described in Section 5.3.

5.5. *Exercise.* To the extent that an Option has become exercisable in accordance with Section 5.4, such Option may be exercised by notice to Avnet, in a form approved by Avnet, stating the number of shares of Stock with respect to which such Award is being exercised, accompanied by payment in full therefor as described below. After receipt of such notice and

payment, subject to Section 12.6 (Registration of Shares), Avnet shall record the stock transfer on its books and records without the need to issue a physical certificate. The payment due upon exercise of an Option may be made in any form permitted by the Administrator. The permitted forms of payment may (but are not required to) include (i) check (certified, if so required by Avnet); (ii) shares of Stock with a fair market value, at the date of receipt by Avnet, equal to the aggregate exercise price (plus withholding, if applicable); (iii) a combination of check and shares of Stock; (iv) having Avnet retain from the Stock otherwise issuable upon exercise of the Option a number of shares of Stock having a fair market value equal to the exercise price of the Option (plus withholding, if applicable); (v) to the extent permitted by applicable law, by delivering a properly executed exercise notice, together with irrevocable instructions to a broker to promptly deliver to Avnet the exercise price and to deliver to the Participant the net amount of shares received upon exercise (after subtracting the exercise price, withholding, and any broker fee); or (vi) any other manner acceptable to the Administrator.

5.6. General Modification Rules. The Administrator may, for such consideration (if any) as it may deem adequate and with the prior consent of the Optionee, modify the terms of any outstanding Option; provided, however, that except to the extent permitted by Section 5.8, no Option may be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of such Option, and no Option with an exercise price that exceeds the Fair Market Value of a share of Stock shall be exchanged for a cash payment, without shareholder approval.

5.7. Dividend Rights. Participants in whose name Options are granted shall not be entitled to receive dividends or other distributions with respect to shares of Stock underlying such Options.

5.8. Special Modification in the Event of a Corporate Transaction. In the event of a corporate transaction (within the meaning of Treas. Each SAR may be free-standing or related to all or part of an Option. Unless sooner forfeited or otherwise terminated pursuant to the terms hereof or of the Agreement, each SAR granted under the Plan shall expire at the end of its term, and the term may not be extended. No SAR may be exercised after the expiration of its term.

6.4. *Exercisability (Vesting).* Each SAR granted under the Plan shall be subject to the vesting conditions set forth in the Agreement; provided, however, that (a) the exercisability of any SAR may be accelerated to the extent permitted by Section 12.2 (Acceleration of Vesting), and (b) if a SAR relates to all or part of an Option, such SAR shall be exercisable only to the extent that the related Option is exercisable. Subject to Section 12.2, a SAR shall become vested no faster than pro rata over the three (3) year period that starts on the Grant Date. Subject to the provisions of the Agreement, each SAR that is exercisable pursuant to this Section 6.4 shall remain exercisable thereafter until the expiration of its term as described in Section 6.3.

6.5. *Exercise.* To the extent that a SAR has become exercisable in accordance with Section 6.4, such SAR may be exercised in accordance with the procedures set forth in Section 5.5 (Exercise), but without the requirement to make a payment therefor. If the SAR is related to all or part of an Option, the Optionee must provide with the exercise notice an instrument effecting the surrender of the related portion of the Option. Each SAR may be settled in shares of Stock, cash, or a combination of cash and shares (provided that shares of Stock underlying any SAR that is settled in cash shall not be available to be issued in a future Award). No fractional shares shall be issued; any amount that would have been payable in fractional shares shall be paid in cash.

Table of Contents

7.2. Restrictions. During the Period of Restriction set forth in the applicable Agreement, shares of Restricted Stock shall not be sold, transferred, pledged, assigned, exchanged, encumbered, alienated, hypothecated, or otherwise disposed of. Any forfeited shares of Restricted Stock that had been delivered to, or held in custody for, a Participant shall be returned to Avnet, accompanied by any instrument of transfer requested by Avnet.

7.3. Lapse of Period of Restriction (Vesting). The Period of Restriction for each Award of Restricted Stock shall lapse only upon satisfaction of conditions set forth in the Agreement. Such conditions may be based on (a) continued service to Avnet or a Subsidiary for a specified period, (b) achievement of Performance Objectives, or (c) a combination of (a) and (b). Subject to Section 12.2, the Period of Restriction for any Award of Restricted Stock shall lapse no faster than pro rata over the three (3) year period that starts on the Grant Date.

7.4. Settlement of Restricted Stock. Shares of Restricted Stock shall become freely transferable immediately following the last day of the Period of Restriction. As soon as practicable after the Period of Restriction lapses, Avnet shall record the stock transfer on its books and records without the need to issue a physical certificate.

7.5. Voting Rights. During the Period of Restriction, Participants in whose name Restricted Stock is granted under the Plan may exercise full voting rights with respect to those shares.

7.6. Dividend Rights. During the Period of Restriction, Participants in whose name Restricted Stock is granted shall be entitled to receive all dividends and other distributions paid with respect to such Restricted Stock Awards, as set forth in this Section 7.6. Dividends paid in cash shall be automatically reinvested in additional shares of Restricted Stock at a purchase price per share equal to the Fair Market Value of a share of Stock on the date such dividend is paid; provided, however, that fractional shares shall not be issued. Any amount that would have been invested in a fractional share shall be payable to the Participant in cash when the Period of Restriction for the underlying shares lapses. All additional shares of Stock received by a Participant in respect of a dividend or other distribution on Restricted Stock, whether through reinvestment or through a dividend or other distribution paid in shares of Stock, shall be subject to the same restrictions (for the same Period of Restriction) as the Restricted Stock with respect to which they were received; and the right to receive cash with respect to any fractional share shall be subject to forfeiture until the Period of Restriction for the underlying shares lapses.

7.7. Foreign Laws. Notwithstanding any other provision of the Plan, if Restricted Stock is to be awarded to a Participant who is subject to the laws, including the tax laws, of any country other than the United States, the Committee may, in its discretion, direct Avnet to sell, assign, or otherwise transfer the Restricted Stock to a trust or other entity or arrangement, rather than grant the Restricted Stock directly to the Participant.

ARTICLE 8

RESTRICTED STOCK UNITS

8.1. Grant. The Committee (and the CEO to the extent permitted by Section 4.6) may grant Restricted Stock Units to Eligible Employees, and the Independent Directors may grant Restricted Stock Units to Non-Employee Directors. The number of shares of Stock underlying any Restricted Stock Unit Award shall be set forth in the Agreement.

Table of Contents

8.2. *Vesting.* An Award of Restricted Stock Units shall be subject to vesting conditions set forth in the applicable Agreement. Such vesting conditions may be based on (a) continued service to Avnet or a Subsidiary for a specified period, (b) achievement of Performance Objectives, or (c) a combination of (a) and (b). Subject to Section 12.2, a Restricted Stock Unit Award shall become vested no faster than pro rata over the three (3) year period that starts on the Grant Date.

8.3. *Settlement of Restricted Stock Units.* Subject to Section 12.6 (Registration of Shares), as soon as practicable after any Restricted Stock Unit becomes vested, Avnet shall transfer to the Participant one share of Stock for each such vested Restricted Stock Unit, cash in lieu of shares of Stock, or a combination of cash and shares of Stock. No fractional shares shall be issued with respect to vesting of Restricted Stock Units.

8.4. *Dividend Rights.* Participants in whose name Restricted Stock Units are granted shall not be entitled to receive dividends or other distributions with respect to shares of Stock underlying such Restricted Stock Unit, unless the Agreement provides otherwise. Any right to receive dividends or other distributions shall be subject to the same vesting conditions and risk of forfeiture as the Restricted Stock Units with respect to which such right is granted, and all dividends and distributions shall be paid when the applicable Restricted Stock Units are settled.

ARTICLE 9

PERFORMANCE SHARE UNITS

9.1. *Grant.* The Committee (and the CEO to the extent permitted by Section 4.6) may grant Performance Share Units to Eligible Employees, and the Independent Directors may grant Performance Share Units to Non-Employee Directors. The target and maximum number of Shares deliverable upon achievement of the applicable Performance Objectives shall be set forth in the Agreement.

9.2. *Vesting.* Vesting of Performance Share Units shall be conditioned upon the achievement of specified Performance Objectives over a specified Performance Period, and such other conditions as are set forth in the Agreement. Subject to Section 12.2, Awards of Performance Share Units shall become vested no faster than pro rata over the three (3) year period that starts on the Grant Date.

9.3. *Settlement of Performance Shares.* After Performance Share Units become vested, Avnet shall transfer to the Participant shares of Stock or cash, or a combination of cash and shares of Stock, corresponding to the vested amount (determined after taking into account the Administrator's discretion to reduce the amount payable upon achievement of Performance Objectives). No fractional shares shall be issued with respect to vesting of Performance Share Units.

9.4. *Dividend Rights.* Participants in whose name Performance Share Units are granted shall not be entitled to receive dividends or other distributions with respect to shares of Stock underlying such Performance Share Units, unless the Agreement provides otherwise. Any right to receive dividends or other distributions shall be subject to the same vesting conditions and risk of forfeiture as the Performance Share Units with respect to which such right is granted, and all dividends and distributions shall be paid when the applicable Performance Share Units are settled.

ARTICLE 10

OTHER STOCK UNIT AWARDS

10.1. *Grant.* The Committee (and the CEO to the extent permitted by Section 4.6) may grant Other Stock Unit Awards to Eligible Employees, and the Independent Directors may grant Other Stock Unit Awards to Non-Employee Directors. Each Other Stock Unit Award may be granted as a

Table of Contents

stand-alone Award or in connection with another Award made under the Plan, and may be in the form of Stock or other securities. The number of shares of Stock or other securities underlying any Other Stock Unit Award shall be set forth in the Agreement.

10.2. *Amount of Award.* The value of each Other Stock Unit Award shall be based, in whole or in part, on the value of the underlying Stock or other securities. The Agreement may provide that an Other Stock Unit Award may provide to the Participant (a) dividends or dividend equivalents and (b) cash payments in lieu of or in addition to an Award.

10.3. *General Rules for Other Stock Unit Awards.* Subject to the requirements of the Plan, including this Section 10.3, the terms, restrictions, conditions, vesting requirements, and payment rules of an Other Stock Unit Award (collectively, the Rules) shall be set forth in the Agreement. The Rules for each Other Stock Unit Award need not be consistent from one Other Stock Unit Award to another.

(a) An Other Stock Unit Award shall be subject to vesting conditions set forth in the applicable Agreement, which may be based on any criterion permitted by Section 8.2 (Vesting). Subject to Section 12.2, the minimum vesting period required by Section 8.2 shall also apply for Other Stock Unit Awards; provided that the minimum vesting period shall not apply for full value awards granted to Non-Employee Directors.

(b) An Other Stock Unit Award may be contingent on the payment of cash consideration by the Participant or may provide for delivery of the Award, and any Stock or other securities issued in conjunction with the Award, without any payment of cash consideration.

(c) An Other Stock Unit Award may be subject to a deferred payment schedule, if so set forth in the Agreement.

(d) The Administrator, in its sole and complete discretion, as a result of certain circumstances, including the assumption of, or substitution of stock unit awards of a company with which Avnet or a Subsidiary participates in an acquisition, separation, or similar corporate transaction, may waive or otherwise remove, in whole or in part, any restriction or condition imposed on an Other Stock Unit Award at the time of grant.

ARTICLE 11

EXECUTIVE INCENTIVE PERFORMANCE AWARDS

11.1. *EIP Awards.* The Committee (and the CEO to the extent permitted by Section 4.6) may issue EIP Awards to Eligible Employees who are Executive Officers or members of senior management of Avnet or of any of its Subsidiaries. Neither this Article 11 nor any other provision of the Plan shall limit in any way the authority of the CEO and other Company officers to issue incentive pay and cash bonuses to Eligible Employees who are not Executive Officers.

11.2. *Determination of EIP Amount.* The amount of an EIP Award shall be determined by the Committee (or the CEO to the extent permitted by Section 4.6) and shall be contingent upon the achievement of Performance Objectives specified by the Committee, as set forth in the Agreement.

11.3. *Payment of Awards.* EIP Awards shall be paid in cash after the Performance Period has ended and the Committee has certified that the specified Performance Objectives were achieved. Except as otherwise expressly provided in an Agreement, payment shall be made no later than the end of the applicable 2½ month period described in Treas. Reg. § 1.409A-1(b)(4)(i)(A).

11.4. *Individual Limitation.* The maximum individual EIP Award permitted for a 12-month Performance Period, is \$5,000,000. If the Performance Period is not twelve (12) months, the \$5,000,000 limitation shall be adjusted on a pro-rata basis (downward if the Performance Period is less than 12 months and upward if the Performance Period is more than 12 months) to reflect the length of the Performance Period.

ARTICLE 12

ADDITIONAL TERMS AND PROVISIONS

12.1. *Agreements.* Promptly after the granting of any Award or the modification of any outstanding Award, the Administrator shall cause such Participant to be notified of such action and shall cause Avnet to deliver to such Participant an Agreement (which Agreement shall be signed on behalf of Avnet by an officer of Avnet with appropriate authorization therefor) evidencing the Award so granted or modified and the terms and conditions thereof and including (when appropriate) an addendum evidencing the Award so granted or modified and the terms and conditions thereof.

12.2. *Acceleration of Vesting and Cancellation of Options and SARs.* The Administrator, in its sole discretion, may accelerate the vesting of any Award (including the lapsing of the Period of Restriction for Restricted Stock), or remove conditions for vesting (or lapsing of the Period of Restriction) upon a Change in Control or the Participant's death, retirement, layoff, separation from service in connection with a Change in Control, or other separation from service where the Administrator determines that such treatment is appropriate and in the Company's best interests, as well as upon assumption of, or in substitution for equity awards of a company with which Avnet or a Subsidiary participates in an acquisition, separation, merger, or similar corporate transaction; provided, however, that with respect to an Award to a Covered Participant that is intended to qualify as other performance-based compensation, waiver of performance conditions shall be permitted only to the extent permitted by Revenue Ruling 2008-13 or any successor thereto. In addition, the Administrator may grant awards of Options, SARs, Restricted Stock, Restricted Stock Units, Performance Share Units and Other Stock Unit Awards that do not satisfy the minimum vesting periods and Periods of Restriction prescribed by Sections 5.4, 6.4, 7.3, 8.2, 9.2, and 10.3(a), provided that the total number of shares of Stock underlying Awards that do not satisfy such minimum vesting periods and Periods of Restriction shall not exceed five percent (5%) of the total number of shares available for grant under the Plan. In connection with a Change in Control, any Options or SARs may be canceled in exchange for the right (to the extent vested) to receive, at a time determined by the Administrator, a cash payment equal to the excess, if any, of the fair market value of the Stock subject to the Option or SAR over the exercise price. For the avoidance of doubt, no payment shall be required with respect to any Option or SAR for which the exercise price exceeds the fair market value of the Stock at the time of the cancellation (*i.e.*, an under water option or SAR).

12.3. *Tax Withholding.* The Company shall have the right to deduct from all amounts paid to a Participant or beneficiary any taxes that it determines are required by law to be withheld in respect of Awards under the Plan. In the case of an Award settled in shares of Stock, no shares of Stock shall be issued, and no election under Section 83(b) of the Code shall be accepted, unless and until arrangements satisfactory to the Company have been made to satisfy any applicable withholding tax obligations. Without limiting the generality of the foregoing and subject to such terms and conditions as the Committee may impose, the Company shall have the right to (a) retain shares of Stock or (b) subject to such terms and conditions as the Committee may establish from time to time, allow Participants or beneficiaries to (i) tender shares of Stock (including shares of Stock issuable in respect of an Award) to satisfy, in whole or in part, the amount required to be withheld, or (ii) pay the required tax withholding amount to Avnet in cash; and the fair market value of shares of Stock withheld may exceed the minimum statutory withholding requirements. For purposes of determining the number of shares of Stock required to satisfy a tax withholding obligation, the fair market value shall be calculated as of the date that the amount to be withheld is determined. Unless a Participant or beneficiary, as applicable, requests to pay Avnet cash for any fractional share that would otherwise be required to be withheld to satisfy a tax withholding obligation, the number of shares of Stock withheld by Avnet shall be rounded up to the nearest whole number. Regardless of the amount withheld, each Participant and beneficiary shall be responsible at all times for paying all federal, state, and local income and employment taxes

allocable to such Participant or beneficiary with respect to any Award (including taxes due with respect to imputed income), and the Company shall not be responsible for any interest or penalty that a Participant incurs by failing to make timely payments of tax.

12.4. *No Right to Employment; No Right to Award.* The Plan shall not confer upon any Participant or other individual any right with respect to continuance of employment by the Company, or continuance of membership on the Board of Directors, nor shall it interfere in any way with his right, or the Company's right, to terminate his employment or Board membership at any time. No provision of the Plan shall be construed to give any Eligible Employee or Non-Employee Director a right to receive an Award.

12.5. *Shareholder Rights.* Except as provided in Article 7 with respect to Restricted Stock, no Participant shall acquire or have any rights as a shareholder of Avnet by virtue of any Award until the shares of Stock issued pursuant to the Award or the exercise thereof are recorded in the books and records of Avnet in accordance with the terms of the Plan. Subsequent to such recordation in the books and records of Avnet, the recipient of shares of Stock shall have the full rights of a holder of such Stock.

12.6. *Registration of Shares.* It is Avnet's present intention to register the shares of Stock issued pursuant to the Plan under the Securities Act as necessary. Avnet shall not be obligated to sell or deliver any shares of Stock pursuant to the granting, vesting, or exercise of any Award unless and until

(a) either (i) Avnet has received from its counsel an opinion concluding that such shares need not be registered under the Securities Act, or (ii) (A) such shares have been registered under the Securities Act, (B) no stop order suspending the effectiveness of such registration statement has been issued and no proceedings therefor have been instituted or threatened under the Securities Act, and (C) there is available at the time of such grant, vesting event, or exercise (as applicable) a prospectus containing certified financial statements and other information meeting the requirements of Section 10(a)(3) of the Securities Act;

(b) such shares are (or upon official notice of issuance will be) listed on each national securities exchange on which the class of Stock is then listed;

(c) if necessary, the prior approval of such delivery has been obtained from any State regulatory body having jurisdiction (but nothing herein contained shall be deemed to require Avnet to register or qualify as a foreign corporation in any State nor, except as to any matter or transaction relating to the sale or delivery of such shares, to consent to service of process in any State); and

(d) if the Committee so requires, Avnet has received an opinion from its counsel with respect to compliance with the matters set forth in subsections (a), (b), and/or (c) of this Section 12.6.

In addition, the making of any Award or determination, the delivery or recording of a stock transfer, and payment of any amount due to a Participant may be postponed for such period as Avnet may require, in the exercise of reasonable diligence, to comply with the requirements of any applicable law.

12.7. *Document Requirements.* The Committee may require, as a condition of any payment or share issuance, that certain agreements, undertakings, representations, certificates, and/or information, as the Committee may deem necessary or advisable, be executed or provided to the Company to assure compliance with all applicable laws.

12.8. *Deferrals.* The Administrator may allow a Participant to elect to defer receipt of any payment of cash or any delivery of shares of Stock that would otherwise be due to such Participant by virtue of the exercise, earn-out, or settlement of any Award made under the Plan, other than Options or Stock Appreciation Rights. If such election is permitted, the Committee shall establish rules and procedures for such deferrals, including provisions that the Committee or the Participant determines are necessary or advisable to comply with, or avoid being subject to, the

Table of Contents

requirements of Section 409A of the Code, and provisions for the payment or crediting of dividend equivalents in respect of deferrals credited in units of Stock.

12.9. *Recoupment.* Each Award shall be subject to the terms and conditions of Avnet's compensation recoupment or clawback policy, as in effect and amended from time to time, including disgorgement or repayment to the extent required by such policy (taking into account changes to such policy that are made after the date hereof and after the date of the applicable Agreement).

12.10. *Nontransferability.* Except as otherwise provided in Section 7.7 (Foreign Laws), this Section 12.10, or the applicable Agreement, no Award granted under the Plan, and no interests therein, may be sold, transferred, pledged, assigned, exchanged, encumbered or otherwise alienated or hypothecated; and each Award shall be exercisable during the Participant's lifetime only by the Participant or his legal guardian or representative.

(a) An Award may be transferred by testamentary disposition or the laws of descent and distribution.

(b) The Committee shall have sole discretion to approve, and to establish terms and conditions for, a transfer of an Option other than an Incentive Stock Option to (i) the child, step-child, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, including adoptive relationships, and any person sharing the Participant's household (other than a tenant or employee) of the Participant (an Immediate Family Member); (ii) a trust in which Immediate Family Members have more than 50% of the beneficial interest; (iii) a foundation in which Immediate Family Members or the Participant control the management of the assets; or (iv) any other entity in which Immediate Family Members or the Participant own more than 50% of the voting interests (each (i)-(iv), a Permitted Transferee); provided, however, that, without the prior approval of the Committee, no Permitted Transferee shall further transfer an Award, either directly or indirectly, other than by testamentary disposition or the laws of descent and distribution. For example, without prior approval of the Committee, a Permitted Transferee may not transfer an Award by reason of the dissolution of, or a change in the beneficiaries of, a Permitted Transferee that is a trust; the sale, merger, consolidation, dissolution, or liquidation of a Permitted Transferee that is a partnership (or the sale of all or any portion of the partnership interests therein); or the sale, merger, consolidation, dissolution or liquidation of a Permitted Transferee that is a corporation (or the sale of all or any portion of the stock thereof).

(c) The Committee shall have discretion to authorize a transfer pursuant to a domestic relations order; provided, however, that the Committee shall not be required under any circumstance to accept or approve a transfer pursuant to a domestic relations order.

(d) An Award may be forfeited or transferred to the extent required to satisfy a tax levy or judgment under the Mandatory Victims Restitution Act or similar federal or state law.

12.11. *Applicable Law and Severability.* The Plan, and its rules, rights, agreements and regulations, shall be governed, construed, interpreted and administered solely in accordance with the laws of the state of New York, without regard to any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. If any provision of the Plan is held invalid, illegal, or unenforceable, in whole or in part, for any reason, such determination shall not affect the validity, legality or enforceability of any remaining provision, portion of provision or the Plan overall, which shall remain in full force and effect as if such invalid, illegal or unenforceable provision (or portion thereof) had never been included in the Plan.

12.12. *Special Incentive Compensation.* No shares of Stock or other remuneration provided pursuant to an Award, other than an EIP Award, shall be included in compensation for purposes of

Table of Contents

determining the amount payable to any individual under any pension, savings, retirement, life insurance, or other employee benefits arrangement of the Company, unless otherwise determined by the Company. Remuneration provided pursuant to an EIP Award shall be included in compensation to the extent (and only to the extent) required by the applicable employee benefits arrangement.

12.13. *Section 16(b) of the Exchange Act.* All Agreements for Participants subject to Section 16(b) of the Exchange Act shall be deemed to include any such additional terms, conditions, limitations and provisions as Rule 16b-3 requires, unless the Committee in its discretion determines that any such Award should not be governed by Rule 16b-3. In addition, with respect to persons subject to Section 16(b) of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3. To the extent that any provision of the Plan or any action by the Administrator fails to comply with Rule 16b-3, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

12.14. *Section 162(m) of the Code.* Each Award to a Covered Participant that is contingent upon the achievement of Performance Objectives shall be deemed to include any such additional terms, conditions, limitations, and other provisions as are necessary for such Award to qualify as other performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code, unless the Committee in its discretion determines that such Award is not intended to qualify as other performance-based compensation. Performance Objectives for each Award granted to a Covered Participant shall be measured over a stated Performance Period, on an absolute basis or relative to a pre-established target, as specified by the Committee and reflected in the Agreement. The Performance Objectives for each Award that is intended to qualify as other performance-based compensation shall be set forth in writing, at a time when achievement of the Performance Objectives is substantially uncertain, no later than the earlier of (a) 90 days after commencement of the period of service (within the meaning of Treas. Reg. § 1.162-27(e)(2)(i)) to which the Performance Objectives relate, or (b) before 25 percent (25%) of such period of service has elapsed. To the extent permitted by Section 162(m)(4)(C) of the Code, the Committee may adjust performance results to take into account extraordinary, unusual, infrequently occurring, or non-comparable items, and shall have discretion to reduce (but not to increase) the amount due upon achievement of any Performance Objective. No amount shall be paid to a Covered Participant pursuant to an Award that is contingent upon the achievement of Performance Objectives unless and until the Committee has certified that the Performance Objectives have been satisfied. To the extent required by Section 162(m) of the Code, canceled Awards shall continue to be counted against the limit set forth in Section 3.2 (Individual Limitations) on shares of Stock available for Awards.

12.15. *Section 409A of the Code.* The Plan, any Award granted under the Plan, and all Agreements evidencing such Awards, shall be interpreted, administered, and construed consistent with the intent that (a) all Options, SARs, and comparable awards shall be exempt from Section 409A of the Code by reason of the exemption for certain stock rights set forth in Treas. Reg. § 1.409A-1(b)(5); (b) all Awards of Restricted Stock shall be exempt from Section 409A of the Code by reason of the exemption for restricted property governed by Section 83 of the Code set forth in Treas. Reg. § 1.409A-1(b)(6); and (c) except to the extent that the applicable Agreement reflects an intent to provide for nonqualified deferred compensation that is subject to and complies with the requirements of Section 409A of the Code, all Restricted Stock Unit Awards, Performance Share Unit Awards, Other Stock Unit Awards, and EIP Awards shall be exempt from Section 409A of the Code by reason of the short-term deferral rule set forth in Treas. Reg. § 1.409A-1(b)(4).

12.16. *Application of Proceeds.* The proceeds received by the Company from the sale of Stock under the Plan shall be used for general corporate purposes.

12.17. *Rules of Construction.* Whenever used in the Plan, (a) words in the masculine gender shall be deemed to refer to females as well as to males; (b) words in the singular shall be deemed

Table of Contents

to refer also to the plural; (c) the word *include* shall mean including but not limited to ; (d) references to a statute or regulation or statutory or regulatory provision shall refer to that provision (or to a successor provision of similar import) as currently in effect, as amended, or as reenacted, and to any regulations and other formal guidance of general applicability issued thereunder; and (e) references to a law shall include any statute, regulation, rule, court case, or other requirement established by an exchange or a governmental authority or agency, and applicable law shall include any tax law that imposes requirements in order to avoid adverse tax consequences.

12.18. *Headings and Captions.* The headings and captions in this Plan document are provided for reference and convenience only, shall not be considered part of the Plan, and shall not be employed in the construction of the Plan.

12.19. *Effective Date.* The Plan shall become effective on the date the Plan is approved by Avnet's shareholders.

ARTICLE 13

ADJUSTMENTS UPON CHANGES IN CAPITALIZATION

13.1. *Share Adjustments.* If the Stock is split, divided, or otherwise reclassified into or exchanged for a greater or lesser number of shares of Stock or into shares of Stock and/or any other securities of Avnet by reason of recapitalization, reclassification, stock split or reverse split, combination of shares or other reorganization, the term *Stock* as used herein shall thereafter mean the number and kind of shares or other securities into which the Stock shall have been so split, divided or otherwise reclassified or for which the Stock shall have been so exchanged; and the remaining number of shares of Stock which may, in the aggregate, thereafter be delivered pursuant to the grant or exercise of an Award and the remaining number of shares of Stock which may thereafter be delivered pursuant to the exercise of any Options and/or SARs then outstanding, shall be correspondingly adjusted. If a dividend payable in shares of Stock is paid to the holders of outstanding shares of Stock, the remaining number of shares of Stock which may, in the aggregate, thereafter be delivered pursuant to the exercise or grant of Awards, and the remaining number of shares of Stock that may thereafter be delivered pursuant to the exercise of any Awards then outstanding shall be increased by the percentage that the number of shares of Stock so paid as a dividend bears to the total number of shares of Stock outstanding immediately before the payment of such dividend. If an extraordinary cash dividend is paid to the holders of outstanding shares of Stock, the remaining number of shares of Stock that may, in the aggregate, thereafter be delivered pursuant to the exercise or grant of Awards and the remaining number of shares of Stock that may thereafter be delivered pursuant to the exercise of any Awards then outstanding, shall be equitably adjusted by the Committee.

13.2. *Exercise Price Adjustments.* If the Stock is split, divided or otherwise reclassified or exchanged, or if any dividend payable in shares of Stock or extraordinary cash dividend is paid to the holders of outstanding shares of Stock, in each case, as provided in the preceding paragraph, the purchase price per share of Stock upon exercise of outstanding Options, and the aggregate number of shares of Stock with respect to which Awards may be granted to any Participant in any calendar year, shall be correspondingly adjusted.

13.3. *Fractional Shares.* Notwithstanding any other provision of this Article 13, if upon any adjustment made in accordance with Section 13.1 above, the remaining number of shares of Stock which may thereafter be delivered pursuant to the exercise of any Award then outstanding shall include a fractional share of Stock, such fractional share of Stock shall be disregarded for all purposes of the Plan and the Optionee holding such Award shall become entitled neither to purchase the same nor to receive cash or other property in payment therefor or in lieu thereof.

ARTICLE 14

AMENDMENT OR TERMINATION OF THE PLAN

14.1. The Plan shall automatically terminate on November 30, 2026, unless it is sooner terminated pursuant to Section 14.2, below. No Award shall be granted after the Plan terminates. All Awards granted before the Plan terminates shall continue in effect thereafter in accordance with the terms of the applicable Agreements and the Plan.

14.2. *Reservation of Rights.* The Board of Directors may amend or terminate the Plan and/or any Award thereunder at any time as the Board of Directors may deem advisable and in the best interests of Avnet; provided, however, that

(i) a Participant's written consent shall be required for any amendment to an outstanding Award that would adversely affect in a material manner the rights of such Participant under such Award, unless the Committee determines in its discretion that there have occurred or are about to occur significant changes in the Participant's position, duties or responsibilities, or significant changes in economic, legislative, regulatory, tax, accounting or cost/benefit conditions that the Committee determines in its sole discretion make Participant consent inappropriate under the circumstances; and

(ii) the affirmative vote of a majority of the votes cast at a meeting of the shareholders of Avnet duly called and held for that purpose, shall be required for any change that (a) affects the composition or functioning of the Committee; (b) materially increases the aggregate number of shares of Stock that may be delivered pursuant to the exercise of Awards; (c) materially increases the aggregate number of shares of Stock with respect to which Options or other Awards may be granted to any Participant during any calendar year; (d) materially decreases the minimum purchase price per share of Stock (in relation to the Fair Market Value thereof at the respective dates of grant) upon the exercise of Options; (e) extends the ten-year maximum period within which an Award is exercisable or the termination date of the Plan; or (f) otherwise triggers a shareholder approval requirement under an applicable law or listing standard.
