PROSPECTUS

Arthur J. Gallagher & Co. 10,000,000 Shares of Common Stock

This prospectus relates to 10,000,000 shares of our common stock that we may offer and issue from time to time in connection with future acquisitions of other businesses, assets or securities by us.

We will determine the amount and type of consideration to be offered and the other specific terms of each acquisition following negotiation by us with the owners or controlling persons of the businesses, assets or securities to be acquired. The consideration for any such acquisition may consist of shares of our common stock or a combination of common stock, cash, notes or assumption of liabilities. We may structure business acquisitions in a variety of ways, including acquiring stock, other equity interests or assets of the acquired business or merging the acquired business with us (including one of our subsidiaries). We expect that the shares of common stock issued in connection with these transactions will be valued at a price reasonably related to the market value of our common stock either at the time an agreement is reached regarding the terms of the acquisition, at the time we issue the shares, or during some other negotiated period. Persons to whom we issue our common stock under this prospectus may also use this prospectus to resell the common stock. We have not fixed a period of time during which the common stock offered by this prospectus may be offered or sold.

We may also issue shares of common stock upon the exercise of options, warrants, convertible securities or other similar securities assumed or issued by us from time to time in connection with these transactions.

We will pay all expenses of this offering. We will not pay underwriting discounts or commissions in connection with issuing these shares, although we may pay finder's fees in specific acquisitions. Any person receiving a finder's fee may be deemed an underwriter within the meaning of the Securities Act of 1933, as amended.

Our common stock is traded on the New York Stock Exchange under the symbol **AJG**. On November 14, 2016, the last reported per share sale price of our common stock was \$52.12.

Investing in our common stock involves risk. You should carefully consider the Risk Factors described on page 3 in determining whether to accept stock as all or part of the purchase price for our acquisition of your business, securities or other assets.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is November 30, 2016.

ARTHUR J. GALLAGHER & CO.

We are engaged in providing insurance brokerage and third-party property/casualty claims settlement and administration services to entities in the U.S. and abroad. Throughout 2015 and into 2016, we have expanded, and expect to continue to expand, our international operations through both acquisitions and organic growth. We generated approximately 68% of our revenues for the combined brokerage and risk management segments domestically, with the remaining 32% derived internationally, primarily in Australia, Bermuda, Canada, the Caribbean, New Zealand and the U.K. (based on second quarter 2016 revenues).

We have three reportable segments: brokerage, risk management and corporate, which contributed approximately 63%, 12% and 25%, respectively, to revenues during the nine-month period ended September 30, 2016. Our major sources of operating revenues are commissions, fees and supplemental and contingent commissions from brokerage operations and fees from risk management operations. Investment income is generated from invested cash and fiduciary funds, clean energy and other investments, and interest income from premium financing.

For more information about our business, please refer to the **Business** section in our most recent Annual Report on Form 10-K filed with the SEC and incorporated by reference in this prospectus and the **Management's Discussion and Analysis of Financial Condition and Results of Operations** sections of our most recent Annual Report on Form 10-K and all subsequent Quarterly Reports on Form 10-Q filed with the SEC and incorporated by reference in this prospectus.

Shares of our common stock are traded on the New York Stock Exchange under the symbol AJG. We were reincorporated as a Delaware corporation in 1972. Our executive offices are located at Two Pierce Place, Itasca, Illinois 60143-3141, and our telephone number is (630) 773-3800.

Unless the context otherwise requires, the terms **we**, **our**, **Gallagher**, and **us** refer to Arthur J. Gallagher & Co. and/or its subsidiaries, as appropriate. The term **you** refers to a prospective investor.

RISK FACTORS

Investing in our common stock involves risks. Before making an investment decision, you should carefully consider the specific risks set forth under the caption "Risk Factors" in the applicable prospectus supplement as well as under the caption "Risk Factors" in our filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act of 1934, as amended (the "Exchange Act"), which are incorporated by reference into this prospectus. Our business is influenced by many factors that are difficult to predict and beyond our control and that involve uncertainties that may materially affect our results of operations, financial condition or cash flows, or the value of our common stock. If any one or more of the risks set forth in the applicable prospectus supplement or documents incorporated by reference into this prospectus actually occur, our business, financial condition or results of operations would likely suffer. In addition, the trading price of our common stock could decline, and you may lose all or part of your investment in our common stock.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated by reference in this prospectus contain certain statements related to future results, or state our intentions, beliefs and expectations or predictions for the future, which are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements relate to expectations or forecasts of future events. Such statements use words such as "anticipate," "believe," "estimate," "expect," "contemplate," "forecast," "project," "intend," "plan," "potential," and other similar terms, and future or conditional verbs like "could," "may," "might," "see," "should," "will" and "would." You can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. For example, we may use forward-looking statements when addressing topics such as: market and industry conditions, including competitive and pricing trends; acquisition strategy; the expected impact of acquisitions and dispositions; the development and performance of our services and products; changes in the composition or level of our revenues or earnings; our cost structure and the outcome of cost-saving or restructuring initiatives; future capital expenditures; future debt levels; future debt to earnings ratios; the outcome of contingencies; dividend policy; pension obligations; cash flow and liquidity; capital structure and financial losses; future actions by regulators; the outcome of existing regulatory actions, investigations, reviews or litigation; the impact of changes in accounting rules; financial markets; interest rates; foreign exchange rates; matters relating to our operations; income taxes; expectations regarding our investments, including our clean energy investments; the financial impact of retention agreements in our international brokerage operations; and integrating recent acquisitions. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from either historical or anticipated results depending on a variety of factors.

Potential factors that could impact results include:

Failure to successfully and cost-effectively integrate recently acquired businesses and their operations or fully realize synergies from such acquisitions in the expected time frame;

Volatility or declines in premiums or other adverse trends in the insurance industry;

An economic downturn;

Competitive pressures in each of our businesses;

Risks that could negatively affect the success of our acquisition strategy, including continuing consolidation in our industry and growing interest in acquiring insurance brokers on the part of private equity firms, which could make it more difficult to identify targets and could make them more expensive, the risk that we may not receive timely regulatory approval of desired transactions, execution risks, integration risks, the risk of post-acquisition deterioration leading to intangible asset impairment charges, and the risk we could incur or assume unanticipated regulatory liabilities such as those relating to violations of anti-corruption and sanctions laws;

Table of Contents

Our failure to attract and retain experienced and qualified personnel;

Risks arising from our growing international operations, including the risks posed by political and economic uncertainty in certain countries (including the risks posed by protectionist local governments and underdeveloped or evolving legal systems), risks related to maintaining regulatory and legal compliance across multiple jurisdictions (such as those relating to violations of anti-corruption, sanctions and privacy laws), and risks arising from the complexity of managing businesses across different time zones, geographies, cultures and legal regimes;

Risks particular to our risk management segment, including that the trend toward outsourcing claims administration will slow, and that of concentration of large amounts of revenue with certain clients;

The lower level of predictability inherent in contingent and supplemental commissions versus standard commissions;

Sustained increases in the cost of employee benefits;

Our failure to apply technology effectively in driving value for our clients through technology-based solutions, or failure to gain internal efficiencies and effective internal controls through the application of technology and related tools;

Our inability to recover successfully should we experience a disaster, cybersecurity attack or other significant disruption to business continuity;

Damage to our reputation;

Our failure to comply with regulatory requirements, including those related to governance and control requirements in particular jurisdictions, international sanctions, or a change in regulations or enforcement policies that adversely affects our operations (for example, relating to insurance broker compensation methods or the failure of state and local governments to follow through on agreed-upon income tax credits or other related incentives, relating to our planned new corporate headquarters);

Violations or alleged violations of the U.S. Foreign Corrupt Practices Act (FCPA), the U.K. Bribery Act 2010 or other anti-corruption laws and the Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act, (which we refer to as FATCA);

The outcome of any existing or future investigation, review, regulatory action or litigation;

Our failure to adapt our services to changes resulting from the Patient Protection and Affordable Care Act and the Health Care and Education Affordability Reconciliation Act;

Unfavorable determinations related to contingencies and legal proceedings;

Improper disclosure of confidential, personal or proprietary data;

Significant changes in foreign exchange rates;

Changes in our accounting estimates and assumptions;

Risks related to our clean energy investments, including the risk of intellectual property claims, utilities switching from coal to natural gas, environmental and product liability claims, and environmental compliance costs;

Disallowance of Internal Revenue Code of 1986, as amended (which we refer to as IRC) Section 29 or IRC Section 45 tax credits;

The risk that our outstanding debt adversely affects our financial flexibility and restrictions and limitations in the agreements and instruments governing our debt;

The risk we may not be able to receive dividends or other distributions from subsidiaries;

The risk of share ownership dilution when we issue common stock as consideration for acquisitions and for other reasons;

Table of Contents

Volatility of the price of our common stock; and

Risks related to the vote in the U.K. to leave the European Union.

Forward-looking statements are not guarantees of future performance. They involve risks, uncertainties and assumptions, including the risk factors referred to above. Our future performance and actual results may differ materially from those expressed in forward-looking statements. Many of the factors that will determine these results are beyond our ability to control or predict. Accordingly, you should not place undue reliance on forward-looking statements, which speak only as of, and are based on information available to us on, the date of the applicable document. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Forward-looking statements speak only as of the date they are made, and we undertake no obligation to update or revise any such statements or release publicly any revisions to these forward-looking statements to reflect new information, events or circumstances after the date of this prospectus or the occurrence of unanticipated events, except as required by law or regulation.

A detailed discussion of the factors that could cause actual results to differ materially from our published expectations is contained under the heading **Risk Factors** in our filings with the SEC, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 and our Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2016, June 30, 2016 and September 30, 2016, and any other reports we file with the SEC in the future, which are incorporated by reference into this prospectus.

ACQUISITION PROGRAM AND PLAN OF DISTRIBUTION

The shares of our common stock covered by this prospectus may be offered by us from time to time in connection with future acquisitions of other businesses, assets or securities. We are actively looking for acquisition opportunities in the insurance brokerage and employee benefits consulting markets. We typically seek targets with a strong middle market client focus or significant expertise in one of our focus market areas. Acquisition targets have typically been within a \$1,000,000 to \$50,000,000 purchase price range, although we may complete acquisitions with a higher purchase price. From time to time, we also consider acquisitions in our risk management segment consisting of claim settlement and administrative service providers. In recent years, many of our acquisitions have occurred outside the United States.

We expect to offer and sell the shares covered by this prospectus in connection with future acquisitions within the next two years. We anticipate that our future acquisitions will consist principally of additional insurance brokerage, employee benefits consulting and related businesses. The consideration for such acquisitions may include cash, including installment payments, earnout payments, shares of common stock, evidences of debt, other securities including securities that may be converted into common stock, guarantees, assumptions of liabilities, or any two or more of the foregoing, as determined from time to time by negotiations between us and the owners or controlling persons of the businesses, assets or securities to be acquired. In addition, we may enter into employment contracts and non-competition agreements with former owners and key executive personnel of acquired businesses. At any given time we are typically engaged in preliminary discussions or negotiations with many candidates regarding possible future acquisitions.

In general, the terms of each future acquisition will be determined by negotiations between our representatives and the owners or controlling persons of the businesses, assets or securities to be acquired. The factors taken into account in determining the terms of an acquisition may include the established quality and reputation of the business to be acquired and its management, its gross commission revenues, earning power, cash flow, growth potential, the location

of the business and assets to be acquired, its expertise in an attractive niche, and the geographical and service diversification we anticipate as a result of the acquisition. We anticipate that shares of our common stock issued in any future acquisition will be valued at a price reasonably related to

Table of Contents

the then current market value of our common stock as reported on the New York Stock Exchange at or about the time or times of delivery of the shares. We do not expect to receive any cash proceeds, other than cash balances of acquired companies maintained in the ordinary course of business, in connection with any such issuances.

This prospectus may be supplemented to furnish the information necessary for a particular negotiated transaction, and the registration statement of which this prospectus is a part will be amended or supplemented, as required, to supply information concerning an acquisition.

We will pay all expenses of any offerings under this prospectus. We do not expect that underwriting discounts or commissions will be paid by us except that finder's fees may be paid to persons from time to time in connection with specific acquisitions. Any person receiving any such fees may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the Securities Act).

Preferred Stock

Under our amended and restated certificate of incorporation, our board is authorized to issue up to 1,000,000 shares of preferred stock. Our preferred stock may be issued in one or more series, and for such consideration as our board may determine. Our board is authorized to determine the voting power of each series of preferred stock, which may range from no voting power to a maximum of one vote per share. If our board does not explicitly provide the voting power of any series of our preferred stock in the resolution or resolutions providing for the issuance of such series, the holders of that series of preferred stock have no voting power with respect to any matter. Our board is also authorized to fix the designations, preferences, qualifications, limitations, restrictions and relative, participating, optional or other special rights thereof, as provided for in the resolution or resolutions providing for the issuance of such shares of

preferred stock.

All shares of one series of preferred stock must be of equal rank and identical in all respects. Shares of our preferred stock that are redeemed, converted, exchanged, purchased, retired or surrendered to us, or that have been issued and reacquired in any manner, shall, upon compliance with any applicable provisions of The General Corporation Law of the State of Delaware, have the status of authorized and unissued shares of preferred stock and may be reissued by our board as part of the series of which they were originally a part, or may be reclassified into and reissued as part of a new series or as part of any other series. No holder of our preferred stock has preemptive or other rights to subscribe for additional shares of any class of our stock.

As of the date of this prospectus, no shares of our preferred stock are issued and outstanding.

No Stockholder Action by Written Consent

Our amended and restated certificate of incorporation provides that stockholder action may be taken only at annual or special meetings of stockholders. As a result, our stockholders may not act upon any matter except at a duly called meeting of stockholders.

Actions to Increase or Decrease Amount of Authorized Shares

Subject to the rights of any outstanding series of preferred stock, any amendment to our amended and restated certificate of incorporation that may increase or decrease the authorized capital stock of any class or classes may be adopted by the affirmative vote of the holders of a majority of the outstanding shares of our voting stock.

EXPERTS

The consolidated financial statements appearing in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 (including the schedule appearing therein), and the effectiveness of our internal control over financial reporting as of December 31, 2015 have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, included therein, and incorporated herein by reference. Such consolidated financial statements are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.
