Dear Shareholder:

You cordially are invited to attend the annual meeting of shareholders of ONEOK, Inc., which will be held at 9:00 a.m. Central Daylight Time on Wednesday, May 24, 2017, at ONEOK Plaza, 100 West Fifth Street, Tulsa, Oklahoma 74103.

The matters to be considered and voted on at the meeting are set forth in the attached notice of the annual meeting and are described in the attached proxy statement. A copy of our 2016 annual report to shareholders also is enclosed. A report on our 2016 performance will be presented at the meeting.

We look forward to greeting as many of our shareholders as possible at the annual meeting. We know, however, that most of our shareholders will be unable to attend. Therefore, proxies are being solicited so that each shareholder has an opportunity to vote by proxy. You can authorize a proxy over the Internet or by telephone. Instructions for using these convenient services are included in the proxy statement and on the proxy card. Of course, if you prefer, you may vote by mail by signing, dating and returning the enclosed proxy card in the enclosed postage-paid envelope.

If your shares are held by a broker, bank, trustee or other similar fiduciary, unless you provide your broker, bank, trustee or other similar fiduciary with voting instructions, your shares will not be voted in the election of directors or in certain other important proposals as described in the accompanying proxy statement. Consequently, please provide your voting instructions to your broker, bank, trustee or other similar fiduciary in a timely manner to ensure that your shares will be voted.

Regardless of the number of shares you own, your vote is important. I urge you to submit your proxy as soon as possible so that you can be sure your shares will be voted.

Thank you for your investment in ONEOK and your continued support.

Very truly yours,

John W. Gibson

Chairman of the Board

Summary Proxy Information

To assist you in reviewing the company's 2016 performance and voting your shares, we would like to call your attention to key elements of our 2017 proxy statement and our 2016 annual report to shareholders. The following is only a summary. For more complete information about these topics, please review the complete proxy statement and our 2016 annual report to shareholders.

BUSINESS HIGHLIGHTS

ONEOK Partners Merger. On January 31, 2017, we and ONEOK Partners L.P. entered into an Agreement and Plan of Merger (the Merger Agreement), by and among us, New Holdings Subsidiary, LLC, a subsidiary of ours (Merger Sub), ONEOK Partners, and ONEOK Partners GP, L.L.C., the sole general partner of ONEOK Partners, pursuant to which we will acquire all of the outstanding common units representing limited partner interests in ONEOK Partners not already directly or indirectly owned by us. Upon the terms and conditions set forth in the Merger Agreement, Merger Sub will be merged with and into ONEOK Partners, with ONEOK Partners continuing as a wholly owned subsidiary of ours, in a taxable transaction to ONEOK Partners' unitholders.

Our Business. Until completion of the merger transaction referenced above, we will continue as the sole general partner and, as of December 31, 2016, we owned 41.2 percent of ONEOK Partners, one of the largest publicly traded master limited partnerships. We provide management and resources to ONEOK Partners, enabling it to execute its growth strategies and allowing us to grow our dividend. ONEOK Partners applies its core capabilities of gathering, processing, fractionating, transporting, storing and marketing natural gas and natural gas liquids (NGL) through the rebundling of services across the value chains through vertical integration in an effort to provide its customers with premium services at lower costs. ONEOK Partners is a leader in the gathering, processing, storage and transportation of natural gas in the United States. In addition, ONEOK Partners owns one of the nation's premier natural gas liquids systems, connecting NGL supply in the Mid-Continent, Permian and Rocky Mountain regions with key market centers.

While 2016 marked another year of challenges in the energy markets, our performance reflected our continued attention to prudent capital deployment and effective execution of our business strategies.

ONEOK Partners operates predominantly fee-based businesses in each of its three business segments and its consolidated earnings were approximately 88 percent fee-based in 2016. We continue to expect demand for ONEOK Partners' midstream

services to provide supply and market connectivity. We expect producers to require midstream services to connect production with end-use markets, increased demand for NGL products from the petrochemical industry and NGL exporters and increased demand for natural gas from power plants currently fueled by coal and natural gas exports to Mexico.

In 2016, we received, through our limited and general partner interests in ONEOK Partners, distributions of \$790.0 million, an increase of approximately 11.9 percent compared with 2015. As a result, we were able to deliver value to our shareholders in the form of an approximate 1.6 percent increase in our 2016 dividends compared with

2015, while retaining nearly \$250 million in cash, providing significant financial flexibility during a period of lower commodity prices.

Financial Performance. All references to income as used in this Business Highlights section refer to income from continuing operations.

Our 2016 consolidated operating income was approximately \$1.3 billion, compared with approximately \$1.0 billion in 2015. 2016 income from continuing operations attributable to us was approximately \$354.1 million, or \$1.67 per diluted share. 2015 income from continuing operations attributable to us was approximately \$251.1 million, or \$1.19 per diluted share, which included non-cash impairment charges of approximately \$264.3 million, or \$0.33 per diluted share.

Summary Proxy Information

Dividend Increase. During 2016, we paid total cash dividends of \$2.46 per share, an increase of approximately 1.2 percent over the \$2.43 per share paid during 2015. We paid total aggregate cash dividends to our shareholders of \$517.6 million in 2016, an approximate 1.6 percent increase compared with the \$509.2 million paid in 2015. In January 2017, we declared a quarterly dividend of \$0.615 per share (\$2.46 per share on an annualized basis), which is unchanged from the quarterly dividend declared in January 2016.

Shareholder Return. Our 10-, five-, three- and one-year total shareholder returns as of December 31, 2016 (total shareholder return includes share price appreciation/depreciation, dividend reinvestments, stock splits and the impact of the separation of our natural gas distribution business to ONE Gas, Inc. during the periods presented), compared with the referenced indices, are as follows:

1 The ONEOK peer group used in this graph is the same peer group that will be used in determining our level of performance under our 2016 performance units at the end of the three-year performance period and is comprised of the following companies: Boardwalk Pipeline Partners, LP; Buckeye Partners, L.P.; Columbia Pipeline Group, Inc.; DCP Midstream Partners, LP; Enable Midstream Partners, LP; Enbridge Energy Partners, L.P.; Energy Transfer Partners, L.P.; EnLink Midstream Partners, LP; EQT Corporation; Magellan Midstream Partners, L.P.; MPLX LP; National Fuel Gas Company; NuStar Energy L.P.; Plains All American Pipeline, L.P.; Spectra Energy Corp; Targa Resources Corp.; and The Williams Companies, Inc. Peer companies that are no longer publicly traded on the closing date of the performance period will not be considered in the performance calculation.

EXECUTIVE COMPENSATION HIGHLIGHTS

Program Design. A principal feature of our compensation program is the determination of executive pay by our Executive Compensation Committee (referred to as the Executive Compensation Committee or the Committee) and Board of Directors based on a comprehensive review of quantitative and qualitative factors designed to produce long-term business success. Our executive compensation program is designed to attract, motivate and retain the key executives who drive our success and who are leaders in the industry, to reward for company performance and to align the long-term interests of our executive officers with those of our shareholders.

Our compensation philosophy and related governance features are complemented by several specific elements that are designed to achieve these objectives and are summarized below.

What We Do:

Compensation Program Continuity The components of our executive compensation program have remained substantially the same for several years. We believe our program is designed efficiently, is well aligned with the interests of our shareholders and is instrumental to achieving our business goals. Our shareholders have provided strong support for our compensation program over the years.

Independent Committee Determination Our Executive Compensation Committee, composed solely of independent directors, makes all compensation decisions regarding our named executive officers. These decisions are then submitted to the full Board for its consideration.

Prudent Risk Management The Committee is mindful of not encouraging excessive risks when it designs compensation programs and sets targets.

Pay for Performance A significant portion of the compensation for our named executive officers is in the form of at-risk variable compensation based on company and individual performance, with a focus on creating long-term shareholder value.

Competitive Compensation In order to attract and retain qualified executives, our compensation programs provide a competitive total pay opportunity.

Multiple Performance Metrics Variable compensation is based on more than one measure to encourage balanced incentives.

Awards Are Capped All of our variable compensation plans have caps on plan formulas; provided that, our Chief Executive Officer may recommend to the Committee adjustments to the individual performance multiplier in excess of 125% in certain limited cases of exceptional performance with regard to awards under our annual short-term incentive plan.

Retention Incentives A significant portion of total compensation relies on multi-year vesting requirements.

Stock Ownership Guidelines We have market competitive stock ownership guidelines for our

directors and executive officers.

Clawback Provisions Our clawback policy provides for the adjustment or recovery of compensation in certain circumstances.

Independent Consultant The Committee engages an executive compensation consultant that is independent under the Securities and Exchange Commission rules and NYSE listing standards to provide advice and expertise on the design and implementation of our executive and director compensation programs.

Tally Sheets The Committee reviews total compensation tally sheets at least annually as part of making individual compensation decisions.

What We Don't Do:

- × **No Individual Employment Agreements** We do not enter into individual employment agreements with our executive officers.
- × **No Hedging of Company stock** Our policy prohibits our named executive officers from engaging in hedging activities with our stock.
- × **No Pledging of Company stock** Our officers and directors may not hold our securities in a margin account or pledge our securities as collateral for a loan, subject to an exception which may be granted by our chief executive officer for loans (not margin accounts) which can be repaid without resorting to the pledged securities.
- × **No Single Trigger for Cash Change-in-Control Plans** All change-in-control benefits under our Change-in-Control Severance Plan are double trigger.
- × **No Tax Gross-ups** We do not provide tax gross-ups for change-in-control benefits.
- × **No Significant Perquisites** Our executive officers, including the named executive officers, receive no recurring significant perquisites or other personal benefits.

Table of Contents**Summary Proxy Information**

Key Components of our Executive Compensation Program in 2016 are Unchanged. In reviewing our executive compensation program during 2016, our Executive Compensation Committee took into account, among other factors, the strong shareholder vote at our 2016 annual meeting in favor (96.4 percent of the shares voted) of our 2016 executive compensation program and our executive pay practices. The Executive Compensation Committee determined that no changes to the components of our executive compensation program were necessary in 2016. Our shareholders have provided consistently strong support for our compensation program since the inception of the say-on-pay advisory shareholder vote.

Link between Executive Compensation and Performance. Our Board of Directors awarded Mr. Spencer incentive compensation for 2016 that was commensurate with our business results and his position as our president and chief executive officer, including payment of an annual short-term cash incentive award of \$624,000 and a long-term equity incentive award with a grant date target value of \$2.7 million. Consistent with our executive compensation philosophy, a majority of Mr. Spencer's total direct compensation of approximately \$4.0 million for 2016 was incentive based and at-risk, as illustrated by the following chart:

The compensation of our other named executives set forth in the following table further reflects both our 2016 performance and our pay-for-performance compensation philosophy. The compensation information reflected in the table is included in the Summary Compensation Table for Fiscal 2016 under the caption Executive Compensation Discussion and Analysis in this proxy statement on page 56.

Summary Proxy Information

SHAREHOLDER ACTIONS

Election of Directors (Proposal 1). You will find in this proxy statement important information about the qualifications and experience of each of the 11 director nominees, each of whom is a current director. The Corporate Governance Committee performs an annual assessment of the performance of the Board of Directors to ensure that our directors have the skills and experience to oversee effectively our company. All of our directors have proven leadership, sound judgment, integrity and a commitment to the success of our company, and our Board of Directors recommends that shareholders **VOTE IN FAVOR** of each nominee for re-election.

Ratification of our Independent Auditor (Proposal 2). You will also find in this proxy statement important information about our independent auditor, PricewaterhouseCoopers LLP. We believe PricewaterhouseCoopers LLP continues to provide high-quality service to our company, and our Board of Directors recommends that shareholders **VOTE IN FAVOR** of ratification.

Advisory Vote on Executive Compensation (Proposal 3). Our shareholders have the opportunity to cast a non-binding, advisory vote on our executive compensation program. As recommended by our shareholders at our 2011 annual meeting, we have provided our shareholders with an annual opportunity to vote on executive compensation. Shareholders holding 96.4 percent of our shares that were voted last year on our executive compensation supported the design and practices of our executive compensation program. In evaluating this say on pay proposal, we recommend that you review our Compensation Discussion and Analysis in this proxy statement, which explains how and why the Executive Compensation Committee made its 2016 executive compensation decisions. Our Board of Directors recommends that shareholders **VOTE IN FAVOR** of our executive compensation program.

Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation (Proposal 4). Our shareholders will again have an opportunity to cast a non-binding vote on the frequency of our advisory vote on executive compensation at our 2017 annual meeting of shareholders. The Board is seeking our shareholders preference on holding the advisory vote on executive compensation every one, two or three years. The vote on this proposal is advisory and non-binding on the company and our Board of Directors. Consistent with the recommendation by our shareholders at our 2011 annual meeting, our Board recommends that you vote for the say on pay advisory vote on executive compensation to occur **EVERY YEAR** (annually).

Votes Required for Approval of the Proposals. The votes required for each proposal are summarized below, together with information regarding treatment of abstentions and broker non-votes for each proposal:

Proposal	How does the Board recommend that I vote?	Votes required for approval when quorum is present	Abstentions	Broker non-votes
1. Election of Directors	The Board recommends that you vote FOR each nominee for re-election.	Majority of the votes cast by the shareholders present in person or by proxy and entitled to vote	Do not count as votes cast and have no effect on the vote	Do not count as votes cast and have no effect on the vote
2. Ratification of our Independent Auditor	The Board recommends that you vote FOR the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2017.	Majority of the voting power of the shareholders present in person or by proxy and entitled to vote	Have the same effect as votes against this proposal	Voted at broker's discretion. Shares not voted in the discretion of a brokerage firm, bank, trustee or other similar fiduciary have same effect as votes against this proposal.
3. Advisory Vote on Executive Compensation	The Board recommends that you vote FOR the approval, on an advisory basis, of the company's executive compensation program.	Majority of the voting power of the shareholders present in person or by proxy and entitled to vote	Have the same effect as votes against this proposal	Do not count as votes cast and have no effect on the vote
4. Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation	The Board recommends that you vote in favor of an advisory vote on executive compensation EVERY YEAR . The following questions and answers are provided for your convenience and briefly address some commonly asked questions about our 2017 annual meeting of shareholders. Please also consult the more detailed information contained elsewhere in this proxy statement and the documents referred to in this proxy statement.

[Why did I receive these proxy materials?](#)

We are providing these proxy materials in connection with the solicitation by the Board of Directors of ONEOK, Inc. of proxies to be voted at our 2017 annual meeting of shareholders and at any adjournment or postponement of the meeting. You are invited to attend our annual meeting of shareholders on May 24, 2017, at 9:00 a.m., Central Daylight Time. The meeting will be held at our company headquarters at ONEOK Plaza, 100 West Fifth Street, Tulsa, Oklahoma. For directions to the meeting, please visit our website at www.oneok.com.

[Who is soliciting my proxy?](#)

Our Board of Directors is sending you this proxy statement in connection with its solicitation of proxies for use at our 2017 annual meeting of shareholders. Certain of our directors, officers and employees also may solicit proxies on our behalf in person or by mail, telephone, fax or email.

[Who may attend and vote at the annual meeting?](#)

All shareholders who held shares of our common stock at the close of business on March 27, 2017, may attend and vote at the meeting. If your shares are held in the name of a broker, bank, trustee or other holder of record, often referred to as being held in street name, bring a copy of your brokerage account statement or a voting instruction card, which you may obtain from your broker, bank, trustee or other holder of record of your shares.

Please note: no cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the meeting.

[Will the annual meeting be webcast?](#)

Our annual meeting also will be webcast on May 24, 2017. You are invited to visit www.oneok.com at 9:00 a.m.,

Central Daylight Time, on May 24, 2017, to access the webcast of the meeting. Registration for the webcast is required. An archived copy of the webcast also will be available on our website for 30 days following the meeting.

How do I cast my vote?

If you were a shareholder of record at the close of business on the record date of March 27, 2017, you have the right to vote the shares you held of record that day in person at the meeting or you may appoint a proxy through the Internet, by telephone or by mail to vote your shares on your behalf. The Internet and telephone methods of voting generally are available 24 hours a day and will ensure that your proxy is confirmed and posted immediately. These methods of voting are also available to shareholders who hold their shares in our Direct Stock Purchase and Dividend Reinvestment Plan, our Employee Stock Purchase Plan, our 401(k) Plan and our Profit Sharing Plan.

You may revoke your proxy any time before the annual meeting by following the procedures outlined below under the caption **What can I do if I change my mind after I vote my shares?** Please help us save time and postage costs by appointing a proxy via the Internet or by telephone.

When you appoint a proxy via the Internet, by telephone or by mailing a signed proxy card, you are appointing John W. Gibson, Chairman of the Board, and Stephen W. Lake, Senior Vice President, General Counsel and Assistant Secretary, as your representatives at the annual meeting, and they will vote your shares as you have instructed them. If you appoint a proxy via the Internet, by telephone or by mailing a signed proxy card but do not provide voting instructions, your shares will be voted **FOR** the election of each proposed director nominee named in this proxy statement, **FOR** Proposals 2 and 3 and in favor of an advisory vote on executive compensation **EVERY YEAR** on Proposal 4.

Enter the control number that appears on your proxy card. This process is designed to verify that you are a shareholder and allows you to vote your shares and confirm that your instructions have been properly recorded.

Follow the simple instructions.

If you appoint a proxy via the Internet, you do not have to return your proxy card.

By Telephone

On a touch-tone telephone, call toll-free 1-866-883-3382, 24 hours a day, 7 days a week, until 11:59 p.m. (Central Daylight Time) on May 23, 2017.

Enter the control number that appears on your proxy card. This process is designed to verify that you are a shareholder and allows you to vote your shares and confirm that your instructions have been recorded properly.

Follow the simple recorded instructions.

If you appoint a proxy by telephone, you do not have to return your proxy card.

By Mail

Mark your selections on the proxy card.

Date and sign your name exactly as it appears on your proxy card.

Mail the proxy card in the enclosed postage-paid envelope.

If mailed, your completed and signed proxy card must be received prior to the commencement of voting at the annual meeting.

What if my shares are held by my broker, bank, trustee or other similar fiduciary?

If your shares are held in a brokerage account or by a bank, trustee or other similar fiduciary, your shares are considered to be held in street name. If you held shares in street name as of the record date of March 27, 2017, this proxy statement and our 2016 annual report to shareholders should have been forwarded to you by your broker, bank, trustee or other similar fiduciary, together with a voting instruction card. You have the right to direct your broker, bank, trustee or other similar fiduciary how to vote your shares by using the voting instruction card or by following any instructions provided by your

broker, bank, trustee or other similar fiduciary for voting via the Internet or telephone.

Under the rules of the NYSE, unless you provide your broker, bank, trustee or other similar fiduciary with your instructions on how to vote your shares, your broker, bank, trustee or other similar fiduciary will only be permitted to vote your shares on the ratification of the selection of our independent registered public accounting firm and will not be able to vote your shares on any of the other matters to be presented at the annual meeting. Consequently, unless you respond to their request for your voting instructions in a timely manner, your shares held by your broker, bank, trustee or other similar fiduciary will not be voted on any of these other matters (which is referred to as a broker non-vote).

Please provide your voting instructions to your broker, bank, trustee or other similar fiduciary so that your shares may be voted.

What can I do if I change my mind after I vote my shares?

If you were a shareholder of record at the close of business on the record date, you have the right to revoke your proxy at any time before it is voted at the meeting by:

- (1) notifying our corporate secretary in writing;
- (2) authorizing a later proxy via the Internet or by telephone;

(3) returning a later-dated proxy card; or

(4) voting at the meeting in person.

If your shares are held in a brokerage account or by a bank or other similar fiduciary, you may revoke any voting instructions you may have previously provided only in accordance with revocation instructions provided by your broker, bank, trustee or other similar fiduciary.

Is my vote confidential?

Proxy cards, ballots and voting tabulations that identify individual shareholders are mailed and returned directly to our stock transfer agent who is responsible for tabulating the vote in a manner that protects your voting privacy. It is our policy to protect the confidentiality of shareholder votes throughout the voting process. The vote of any shareholder will not be disclosed to our directors, officers or employees, except

(1) to meet legal requirements;

(2) to assert or defend claims for or against us; or

(3) in those limited circumstances where:

(a) a proxy solicitation is contested (which, to our knowledge, is not the case in connection with the 2017 annual meeting),

(b) a shareholder writes comments on a proxy card, or

(c) a shareholder authorizes disclosure.

About the 2017 Annual Meeting

The vote tabulator and the inspector of election has been, and will remain, independent of us. This policy does not prohibit shareholders from disclosing the nature of their votes to our directors, officers or employees, or prevent us from voluntarily communicating with our shareholders, ascertaining which shareholders have voted or making efforts to encourage shareholders to vote.

Who will count the vote?

Representatives of our stock transfer agent, Wells Fargo Bank, N.A., will tabulate the votes and act as the inspector of the election.

How is common stock held in our 401(k) Plan and our Profit Sharing Plan voted?

If you hold shares of our common stock through our 401(k) Plan or our Profit Sharing Plan, in order for those shares to be voted as you wish, you must instruct the trustee of these plans, Fidelity Management Trust Company, how to vote those shares by providing your instructions via the Internet, by telephone or by mail in the manner outlined above. If you fail to provide your instructions or if you return an instruction card with an unclear voting designation or with no voting designation at all, then the trustee will vote the shares in your account in proportion to the way the other participants in each respective plan vote their shares. These votes receive the same confidentiality as all other shares voted.

To allow sufficient time for voting by the trustee of our 401(k) Plan and our Profit Sharing Plan, your voting instructions must be received by May 21, 2017.

How will shares for which a proxy is appointed be voted on any other business conducted at the annual meeting that is not described in this proxy statement?

Although we do not know of any business to be considered at the 2017 annual meeting other than the proposals described in this proxy statement, if any other business is properly presented at the annual meeting, your proxy gives authority to John W. Gibson, Chairman of the Board, and Stephen W. Lake, our Senior Vice President, General Counsel and Assistant Secretary, to vote on these matters at their discretion.

What shares are included on the proxy card(s)?

The shares included on your proxy card(s) represent all of the shares that you owned of record as of the close of business on March 27, 2017, including those shares held in our Direct Stock Purchase and Dividend Reinvestment

Plan and Employee Stock Purchase Plan, but excluding any shares held for your account by Fidelity Management Trust Company, as trustee for our 401(k) Plan and our Profit Sharing Plan. If you do not authorize a proxy via the Internet, by telephone or by mail, your shares, except for those shares held in our 401(k) Plan and our Profit Sharing Plan, will not be voted. Please refer to the discussion above for an explanation of the voting procedures for your shares held by our 401(k) Plan and our Profit Sharing Plan.

What does it mean if I receive more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Please sign and return all proxy cards, or appoint a proxy via the Internet or telephone, to ensure that all your shares are voted. We encourage you to have all accounts registered in the same name and address whenever possible.

Why did we receive just one copy of the proxy statement and annual report when we have more than one stock account in our household?

We have adopted a procedure approved by the Securities and Exchange Commission called householding. This procedure permits us to send a single copy of the proxy statement and annual report to a household if the shareholders provide written or implied consent. Shareholders continue to receive a separate proxy card for each stock account. We previously mailed a notice to eligible registered shareholders stating our intent to utilize this rule unless the shareholder provided an objection. If you are a registered shareholder and received only one copy of the proxy statement and annual report in your household, we will promptly deliver copies, to the extent you request them, for each member of your household who was a registered shareholder as of the record date. You may make this request by providing written instructions to Wells Fargo Shareowner Services, Attn: Householding/ONEOK, Inc., P.O. Box 64873, St. Paul, Minnesota 55164-0854. You also may contact Wells Fargo Shareowner Services in the same manner if you are currently receiving a single copy of the proxy statement and annual report in your household and desire to receive separate copies in the future for each member of your household who is a registered shareholder or if your household is currently receiving multiple copies of the proxy statement and annual report and you desire to receive a single copy in the future for your entire household. If you are not a registered shareholder and your shares are held by a broker, bank, trustee or other holder of record, you will need to contact that entity to revoke your election and receive multiple copies of these documents.

Is there a list of shareholders entitled to vote at the annual meeting?

The names of shareholders of record entitled to vote at the annual meeting will be available at the annual meeting and for 10 days prior to the meeting for any purpose relevant to the meeting between the hours of 9:00 a.m. and 4:30 p.m. CDT at our principal executive offices at 100 West Fifth Street, Tulsa, Oklahoma, and may be viewed by contacting our corporate secretary.

About the 2017 Annual Meeting

May I access the notice of annual meeting, proxy statement, 2016 annual report and accompanying documents on the Internet?

The notice of annual meeting, proxy statement, 2016 annual report and accompanying documents are currently available on our website at www.oneok.com. Additionally, in accordance with rules of the Securities and Exchange Commission, you may access this proxy statement, our 2016 annual report and any other proxy materials we use at www.proxydocs.com/oke.

Instead of receiving future copies of our proxy and annual report materials by mail, shareholders may elect to receive an email that will provide electronic links to these proxy and annual report materials. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business and also will give you an electronic link to the proxy voting site. You may log on to www.proxypush.com/oke and follow the prompts to enroll in the electronic proxy delivery service. If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker, bank, trustee or other holder of record of your shares regarding the availability of this service.

What out-of-pocket costs will we incur in soliciting proxies?

Morrow Sodali LLC, 470 West Avenue, Stamford, Connecticut 06902, will assist us in the distribution of proxy materials and solicitation of votes for a fee of \$11,000, plus out-of-pocket expenses. We also reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for their reasonable expenses for forwarding proxy materials to our shareholders. We will pay all costs of soliciting proxies.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Voting results will be published in a Current Report on Form 8-K that we will file with the Securities and Exchange Commission within four business days after the annual meeting.

Outstanding Stock and Voting

MATTERS TO BE VOTED UPON

At the annual meeting, the following matters will be voted upon:

- (1) the election of each of the 11 nominees for director named in this proxy statement to serve a one-year term;
- (2) the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017;
- (3) an advisory vote on executive compensation;
- (4) an advisory vote on the frequency of the advisory vote on executive compensation; and
- (5) such other business as may properly come before the meeting, or any adjournment or postponement of the meeting.

VOTING

Only shareholders of record at the close of business on March 27, 2017 are entitled to receive notice of and to vote at the annual meeting. As of that date, 210,905,284 shares of our common stock were outstanding. Each outstanding share entitles the holder to one vote on each matter submitted to a vote of shareholders at the meeting.

Shareholders of record may vote in person or by proxy at the annual meeting. All properly submitted proxies received prior to the commencement of voting at the annual meeting will be voted in accordance with the voting instructions contained on the proxy. Shares for which signed proxies are properly submitted without voting instructions will be voted:

- (1) **FOR** the election of each of the 11 nominees for director named in this proxy statement to serve a one-year term;
- (2) **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public

accounting firm for the year ending December 31, 2017;

- (3) **FOR** the advisory proposal to approve our executive compensation; and
- (4) in accordance with the recommendation of our Board of Directors, **FOR** the annual frequency of the advisory vote on executive compensation.

While we know of no other matters that are likely to be brought before the meeting, in the event any other business properly comes before the meeting, proxies will be voted in the discretion of the persons named in the proxy. The persons named as proxies were designated by our Board of Directors.

To vote shares held in street name through a broker, bank, trustee or other similar fiduciary, a shareholder must provide voting instructions to his or her broker, bank or other similar fiduciary. Brokerage firms, banks, trustees and other similar fiduciaries are required to request voting instructions for shares they hold on behalf of their customers and others. We encourage you to provide instructions to your brokerage firm, bank, trustee or other similar fiduciary on how to vote your shares. If your shares are held in street name, to be able to vote those shares in person at the annual meeting, you must obtain a proxy, executed in your favor, from the broker, bank or other similar fiduciary who held those shares as of the close of business on March 27, 2017.

The rules of the NYSE determine whether proposals presented at shareholder meetings are routine or non-routine. If a proposal is routine, a broker, bank, trustee or other similar fiduciary holding shares for an owner in street name may vote for the proposal without receiving voting instructions from the owner under certain circumstances. If a proposal is non-routine, the broker, bank, trustee or other similar fiduciary may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker, bank, trustee or other similar fiduciary is unable to vote on a proposal because the proposal is non-routine and the owner does not provide any voting instructions. Under the rules of the NYSE, Proposals 1, 3 and 4 are considered to be non-routine, and Proposal 2 is considered to be routine. Accordingly, if you do not provide voting instructions to your brokerage firm, bank, trustee or other similar fiduciary holding your shares, your brokerage firm, bank, trustee or other similar fiduciary will not be permitted under the rules of the NYSE to vote your shares on Proposals 1, 3 and 4 and will only be permitted under the rules of the NYSE to vote your shares on Proposal 2 at its discretion.

Please provide your voting instructions to your broker, bank, trustee or other similar fiduciary so that your shares may be voted.

Representatives of our stock transfer agent, Wells Fargo Bank, N.A., will be responsible for tabulating and certifying the votes cast at the meeting.

QUORUM

The holders of a majority of the shares entitled to vote at the annual meeting, present in person or by proxy, constitute a quorum for the transaction of business at the annual meeting. In determining whether we have a quorum, we count abstentions and broker non-votes as present.

Table of Contents**Proxy Solicitation**

If a quorum is not present at the scheduled time of the meeting, the shareholders who are present in person or by proxy may adjourn the meeting until a quorum is present. If the time and place of the adjourned meeting are announced at the time the adjournment is taken, no other notice will be given. However, if the adjournment is for more than 30 days, or if a new record date is set for the adjourned meeting, a notice will be given to each shareholder entitled to receive notice of, and to vote at, the meeting.

VOTES REQUIRED**Proposal 1 Election of Directors.**

Our By-laws provide for majority voting for directors in uncontested elections. We expect that the election of directors at our 2017 annual meeting will be uncontested. Under the majority voting standard, the election of directors is decided by the affirmative vote of a majority of the votes cast with respect to that nominee's election by the shareholders present in person or by proxy at the meeting and entitled to vote for the election of directors. In other words, to be elected a nominee must receive a number of for votes that exceeds the number of against votes cast with respect to that director's election. Abstentions and broker non-votes, if any, do not count as for or against votes cast with respect to the election of directors.

Under Oklahoma law, if an incumbent director who is a nominee does not receive, in an uncontested election, the requisite majority vote to be re-elected at an annual meeting, that director remains in office as a holdover director. Accordingly, our corporate governance guidelines require that such a director must promptly, following certification of the shareholder vote, tender his or her resignation to our Board of Directors. The Board (excluding the director who tendered the resignation) will then evaluate the resignation in light of the best interests of our company and our shareholders in determining whether to accept or reject the resignation, or whether other action should be taken. In reaching its decision, the Board may consider any factors it deems relevant, including the director's qualifications, the director's past and expected future contributions to the company, the overall composition of the Board and whether accepting the tendered resignation would cause the company to fail to comply with any applicable rule or regulation (including NYSE listing requirements and the federal securities laws). The Board will act on the tendered resignation and publicly disclose its decision and rationale within 90 days following certification of the shareholder vote.

Proposal 2 Ratification of Selection of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the Year Ending December 31, 2017.

In accordance with our By-laws, approval of Proposal 2 requires the affirmative vote of a majority of the voting power of the shareholders present in person or by proxy and entitled to vote on each proposal at

the meeting. Abstentions will have the same effect as votes against Proposal 2. If you do not provide voting instructions to your brokerage firm, bank, trustee or other similar fiduciary holding your shares, your brokerage firm, bank, trustee or other similar fiduciary will be permitted to vote your shares on Proposal 2 at its discretion.

Proposal 3 Advisory Vote on Executive Compensation.

In accordance with our By-laws, approval of Proposal 3 requires the affirmative vote of a majority of the voting power

of the shareholders present in person or by proxy and entitled to vote on each proposal at the meeting. Abstentions will have the same effect as votes against Proposal 3. Broker non-votes do not count as entitled to vote for purposes of determining the outcome of the vote on Proposal 3.

Proposal 4 Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation.

The outcome of Proposal 4 will be defined by a plurality of the votes cast at the meeting. Abstentions do not count as for any voting frequency. Broker non-votes do not count as votes entitled to vote for purposes of determining the outcome of the vote on Proposal 4.

REVOKING A PROXY

Any shareholder may revoke his or her proxy at any time before it is voted at the meeting by (1) notifying our corporate secretary in writing (the mailing address of our corporate secretary is 100 West Fifth Street, Tulsa, Oklahoma 74103), (2) authorizing a later proxy via the Internet or by telephone, (3) returning a later dated proxy card, or (4) voting at the meeting in person. A shareholder's presence without voting at the annual meeting will not automatically revoke a previously delivered proxy and any revocation during the meeting will not affect votes previously taken.

If your shares are held in a brokerage account or by a bank, trustee or other similar fiduciary, you may revoke any voting instructions you may have previously provided in accordance with the revocation instructions provided by the broker, bank, trustee or other similar fiduciary.

PROXY SOLICITATION

Solicitation of proxies will be primarily by mail and telephone. We have engaged Morrow Sodali LLC, 470 West Avenue, Stamford, Connecticut 06902, to solicit proxies for a fee of \$11,000, plus out-of-pocket expenses. In addition, certain of our officers, directors and employees may solicit proxies on our behalf in person or by mail, telephone, fax or email, for which such persons will receive no additional compensation. We will pay all costs of soliciting proxies. We will also reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for their reasonable expenses for forwarding proxy materials to our shareholders.

Governance of the Company

Our Board of Directors and management are committed to maintaining strong corporate governance practices that allocate rights and responsibilities among our Board, management and our shareholders in a manner that benefits the long-term interest of our shareholders. Our corporate governance practices are designed not just to satisfy regulatory and stock exchange requirements, but also to provide for effective oversight and management of our company.

Our Corporate Governance Committee engages in a regular process of reviewing our corporate governance practices, including comparing our practices with those recommended by various corporate governance authorities, the expectations of our shareholders and the practices of other leading public companies. Our Corporate Governance Committee also reviews regularly our corporate governance practices in light of proposed and adopted laws and regulations, including the rules of the Securities and Exchange Commission and the rules and listing standards of the NYSE.

CORPORATE GOVERNANCE GUIDELINES

Our Board of Directors has adopted corporate governance guidelines that address key areas of our corporate governance, including: the Board's mission and responsibilities; Board membership and leadership; the structure and function of the Board's committees; meetings of the Board and its committees, including attendance requirements and executive sessions; Board compensation; Board and officer share ownership requirements; succession planning; evaluation of the performance of our Board; and Board access to management and independent advisors. Our Board periodically reviews our corporate governance guidelines and may revise the guidelines from time to time as conditions warrant. The full text of our corporate governance guidelines is published on and may be printed from our website at www.oneok.com and is also available from our corporate secretary upon request.

CODE OF BUSINESS CONDUCT AND ETHICS

Our Board of Directors has adopted a code of business conduct and ethics that applies to our directors, officers (including our principal executive and financial officers, principal accounting officer, controllers and other persons performing similar functions) and all other employees. We require all directors, officers and employees to adhere to our code of business conduct and ethics in addressing the legal and ethical issues encountered in conducting their work for our company. Our code of business conduct and ethics requires that our directors, officers and employees avoid conflicts of interest, comply with all applicable laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in our company's best interest. All directors, officers and employees are

required to report any conduct that they believe to be an actual or apparent violation of our code of business conduct and ethics.

The full text of our code of business conduct and ethics is published on and may be printed from our website at

www.oneok.com and is also available from our corporate secretary upon request. We intend to disclose on our website any future amendments to, or waivers from, our code of business conduct and ethics, as required by the rules of the Securities and Exchange Commission and the NYSE.

DIRECTOR INDEPENDENCE

Our corporate governance guidelines provide that a majority of our Board of Directors will be independent under the applicable independence requirements of the NYSE. These guidelines and the rules of the NYSE provide that, in qualifying a director as independent, the Board must make an affirmative determination that the director has no material relationship with our company, either directly or as a partner, shareholder or officer of an organization that has a relationship with our company. In making this determination with respect to each director serving on the Executive Compensation Committee, under the rules of the NYSE, the Board is required to consider all factors specifically relevant to determining whether the director has a relationship to our company which is material to that director's ability to be independent from management in connection with the duties of a member of that committee.

Our Board of Directors has also adopted director independence guidelines that specify the types of relationships the Board has determined to be categorically immaterial. Directors who meet these standards are considered to be independent. The full text of our director independence guidelines is published on and may be printed from our website at www.oneok.com and is also available from our corporate secretary upon request.

Our Board of Directors has determined affirmatively that members Brian L. Derksen, Julie H. Edwards, Randall J. Larson, Steven J. Malcolm, Kevin S. McCarthy, Jim W. Mogg, Pattye L. Moore, Gary D. Parker and Eduardo A. Rodriguez have no material relationship with our company, and each qualifies as independent under our corporate governance guidelines, our director independence guidelines and the rules of the NYSE. Accordingly, nine out of our current 11 directors qualify as independent.

Our Board and Corporate Strategy

BOARD LEADERSHIP STRUCTURE

During 2016, our Board was led by John W. Gibson, who is our non-executive Chairman of the Board, in consultation and coordination with Jim W. Mogg, who is our lead independent director and the Chairman of the Corporate Governance Committee. In addition, our Audit Committee and Executive Compensation Committee are each led by a chair and vice chair, each of whom is an independent director.

Our corporate governance guidelines provide that our Board of Directors retains the right to exercise its discretion in combining or separating the offices of the Chairman of the Board and Chief Executive Officer. Our Board reviews the issue as a part of its succession planning process. The Board believes that it is advantageous for the Board to maintain flexibility to determine on a case-by-case basis and, if necessary, change the Board leadership structure in order to meet our needs at any time, based on the individuals then available and the circumstances then presented.

The Board believes that maintaining Mr. Gibson's continuing service as non-executive Chairman of the Board provides the most effective leadership model for our Board and our company. In making this determination, the Board considered the advantages to our company of maintaining the continuity of Mr. Gibson's effective leadership as Chairman of the Board based on, among other factors, his lengthy service as an executive officer of our company, including as chief executive officer from 2007 until his retirement on January 31, 2014, his strong leadership skills, his extensive knowledge and experience regarding our operations and the industries and markets in which we compete, as well as his ability to promote communication and to synchronize strategic objectives and activities between our Board and our senior management. The Board also believes this leadership structure continues to ensure significant independent oversight of management, as Messrs. Gibson and Spencer are the only members of the Board who are not independent directors. In addition, our Board has an ongoing practice of holding executive sessions of the independent members of the board as part of each regularly scheduled in-person Board meeting.

In accordance with our corporate governance guidelines, the Board continues to retain the authority to combine the positions of Chairman and Chief Executive Officer in the future if it determines that doing so is in the best interests of our company and our shareholders.

LEAD INDEPENDENT DIRECTOR

Our corporate governance guidelines vest the lead independent director who, under these guidelines, is also chair of our Corporate Governance Committee, with various key responsibilities, including leading the Board's process for selecting both the Chairman of the Board and the Chief Executive Officer. The guidelines provide that the lead independent director shall have served as a director for a

minimum of three years, shall serve for a term of three to five years as determined by the Board of Directors, and that the duties of the lead independent director include but are not limited to:

presiding as the chair at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors;

approving information sent to the Board;

approving meeting agendas for the Board; and

approving meeting schedules to ensure that there is sufficient time for discussion of all agenda items.

In addition, the lead independent director has the authority to call meetings of the independent directors and, if requested by major shareholders, will ensure that he or she is available for consultation and direct communication.

SUCCESSION PLANNING

A key responsibility of the Chief Executive Officer and the Board is ensuring that an effective process is in place to provide continuity of leadership over the long term at all levels in our company. Each year, succession-planning reviews are held at every significant organizational level of the company, culminating in a full review of senior leadership talent by our independent directors. During this review, the Chief Executive Officer, the Chairman of the Board and the other independent directors discuss future candidates for senior leadership positions, succession timing for those positions and development plans for the highest-potential candidates. This process ensures continuity of leadership over the long term, and it forms the basis on which our company makes ongoing leadership assignments.

OUR BOARD AND CORPORATE STRATEGY

Our Board of Directors is actively involved in overseeing, reviewing and guiding our corporate strategy. Our Board formally reviews our company's business strategy, including the risks and opportunities facing our company and its businesses, at an annual strategic planning session. In addition, long-range strategic issues, including the performance and strategic fit of our businesses, are discussed as a matter of course at regular board meetings. Our Board regularly discusses corporate strategy throughout the year with management formally as well as informally and during executive sessions of the Board as appropriate. As discussed in Risk Oversight below, our Board views risk management and oversight as an integral part of our strategic planning process, including mapping key risks to our corporate strategy and seeking to manage and mitigate risk. Our Board also views its own composition as a critical component to effective strategic oversight. Accordingly, our Board and relevant Board committees consider our business strategy and the company's

Risk Oversight

regulatory, geographic and market environments when assessing board composition, director succession, executive compensation and other matters of importance.

SHAREHOLDER ENGAGEMENT

Our Board of Directors believes that accountability to shareholders is a mark of good corporate governance and that regular shareholder engagement is important to our company's success. Our company frequently engages with shareholders on a variety of topics, with particular focus on matters relating to our company's publicly disclosed strategy and financial performance. Our company also engages with shareholders to discuss matters relating to governance, compensation, safety, environmental and other current and emerging issues that the Board and our management understand are important to our shareholders. In addition to this direct engagement, our company also maintains a number of complementary mechanisms that allow our shareholders to effectively communicate to our Board, including:

maintaining an investor relations page on our company website,

conducting the annual election of directors with a majority voting standard,

regularly presenting at investor conferences,

conducting an annual advisory vote to approve executive compensation,

if requested by major shareholders, ensuring the lead independent director is available for consultation and direct communication;

permitting shareholders to submit prospective candidates for nomination by our Board for election at the annual meeting of shareholders in accordance with our corporate governance guidelines,

permitting shareholders to nominate candidates for election at the annual meeting of shareholders in accordance with our By-laws, and

providing shareholders the ability to attend and voice opinions at the annual meeting of shareholders.

RISK OVERSIGHT

We engage in an annual comprehensive enterprise risk-management (ERM) process to identify and manage risk. Our annual ERM assessment is designed to enable our Board of Directors to establish a mutual understanding with management of the effectiveness of our risk-management practices and capabilities, to review our risk exposure and to elevate certain key risks for discussion at the Board

level. Risk management is an integral part of our annual strategic planning process, which addresses, among other things, the risks and opportunities facing our company.

Our ERM program is overseen by our Chief Financial Officer. The program is designed to identify, assess, monitor and manage risks that could affect our ability to fulfill our business objectives or execute our corporate strategy. Our ERM process involves the identification and assessment of a broad range of risks and the development of plans to mitigate these risks. These risks generally relate to the strategic, operational, financial, regulatory compliance and human resources aspects of our business.

Not all risks can be dealt with in the same way. Some risks may be easily perceived and controllable. Other risks are unknown. Some risks can be avoided or mitigated by particular behavior, and some risks are unavoidable as a practical matter. For some risks, the potential adverse impact would be minor and, as a matter of business judgment, it may not be appropriate to allocate significant resources to avoid the adverse impact. In other cases, the adverse impact could be significant, and it is prudent to expend resources to seek to avoid or mitigate the potential adverse impact. Management is responsible for identifying risk and risk controls related to our significant business activities; mapping the risks to our corporate strategy; and developing programs and recommendations to determine the sufficiency of risk identification, the balance of potential risk to potential reward and the appropriate manner in which to control and mitigate risk.

The Board implements its risk oversight responsibilities by having management provide periodic briefing and informational sessions on the significant voluntary and involuntary risks that our company faces and how our company is seeking to control and mitigate those risks. In some cases, as with risks relating to significant acquisitions, risk oversight is addressed as part of the full Board s ongoing engagement with the Chief Executive Officer and management.

The Board annually reviews a management assessment of the various operational and regulatory risks facing our company, their relative magnitude and management s plan for mitigating these risks. This review is conducted in conjunction with the Board s review of our company s business strategy at its annual strategic planning meeting and at other meetings as appropriate.

We also maintain a Risk Oversight and Strategy Committee, which consists of our senior management. This committee is responsible for ensuring that exposure to commodity and interest rate risk, as well as marketing, trading and hedging practices, are monitored within the framework established by our company policies. The committee also is responsible for ensuring that marketing and hedging strategies are developed and implemented to mitigate or manage those risks within acceptable risk thresholds.

Table of Contents**Board and Committee Membership**

In certain cases, a Board committee is responsible for oversight of specific risk topics. For example, the Audit Committee oversees risk issues associated with our overall financial reporting and disclosure process and legal compliance, as well as reviewing policies and procedures on risk-control assessment and accounting-risk exposure, including our companywide risk control activities and our business continuity and disaster-recovery plans. The Audit Committee meets with our Chief Financial Officer, Chief Accounting Officer and General Counsel, and meets with our Vice President – Audit Services, as well as with our independent registered public accounting firm, in separate executive sessions at each of its in-person meetings during the year at which time risk issues are discussed regularly.

In addition, our Executive Compensation Committee oversees risks related to our compensation program, as discussed in greater detail elsewhere in this proxy statement, and our Corporate Governance Committee oversees risks related to our governance practices and policies.

BOARD AND COMMITTEE MEMBERSHIP

Our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board are kept informed of our business through discussions with our Chief Executive Officer and other officers, by reviewing materials provided to them periodically and in connection with Board and committee meetings, by visiting our offices and our operating facilities and by participating in meetings of the Board and its committees.

During 2016, the Board held eight regular meetings and six special meetings. All of our incumbent directors who served on the Board during 2016 attended at least 75 percent of the aggregate of all meetings of the Board and Board committees on which they served in 2016.

Our corporate governance guidelines provide that members of our Board are expected to attend our annual meeting of shareholders. All members of our Board attended our 2016 annual meeting of shareholders.

The Board has four standing committees consisting of the Audit Committee, the Executive Compensation Committee, the Corporate Governance Committee and the Executive Committee.

The table below provides the current membership of our Board and each of our Board committees and committee meetings in 2016.

Board and Committee Membership

Our Board has adopted written charters for each of its Audit, Executive Compensation, Corporate Governance and Executive Committees. Copies of the charters of each of these committees are available on and may be printed from our website at *www.oneok.com*. Copies are also available from our corporate secretary upon request. The responsibilities of our Board committees are summarized below. From time to time the Board, in its discretion, may form other committees.

The Audit Committee. The Audit Committee represents and assists our Board of Directors with the oversight of the integrity of our financial statements and internal control over financial reporting, our compliance with legal and regulatory requirements, the independence, qualifications and performance of our independent registered public accounting firm and the performance of our internal audit function. The responsibilities of the Audit Committee include:

appointing, compensating and overseeing our independent auditor, including review of their qualifications, independence and performance;

reviewing the scope, plans and results relating to external audits of our financial statements and our internal audits;

monitoring and evaluating our financial condition;

monitoring and evaluating the integrity of our financial reporting processes and procedures;

assessing our significant financial risks and exposures and evaluating the adequacy of our internal controls in connection with such risks and exposures, including, but not limited to, internal controls over financial reporting and disclosure controls and procedures;

reviewing policies and procedures on risk-control assessment and accounting risk exposure, including our companywide risk control activities and our business-continuity and disaster-recovery plans; and

monitoring our compliance with our policies on ethical business conduct.

Our independent registered public accounting firm reports directly to our Audit Committee.

All members of our Audit Committee are independent under the independence requirements of the NYSE and the Securities and Exchange Commission applicable to audit committee members. The Board has determined that Julie H. Edwards, Gary D. Parker, Brian L. Derksen and Randall J. Larson are each an audit committee financial expert under the applicable rules of the Securities and Exchange Commission.

The Executive Compensation Committee. Our Executive Compensation Committee is responsible for establishing and periodically reviewing our executive compensation policies and practices. This responsibility includes:

evaluating, in consultation with our Corporate Governance Committee, the performance of our Chief Executive Officer, and recommending to our Board of Directors the compensation of our Chief Executive Officer and our other executive officers;

reviewing and approving, in consultation with our Corporate Governance Committee, the annual objectives of our Chief Executive Officer;

reviewing our executive compensation program to ensure the attraction, retention and appropriate compensation of executive officers in order to motivate their performance in the achievement of our business objectives and to align their interests with the long-term interests of our shareholders;

assessing the risks associated with our compensation program; and

reviewing and making recommendations to the full Board on executive officer and director compensation and personnel policies, programs and plans.

Our Executive Compensation Committee meets periodically during the year to review our executive and director compensation policies and practices. Executive officer salaries and short- and long-term incentive compensation are determined annually by this committee. The scope of the authority of this committee is not limited except as set forth in its charter and by applicable law. This committee has the authority to delegate duties to subcommittees of this committee, or to other standing committees of the Board of Directors, as it deems necessary or appropriate. This committee may not delegate to a subcommittee any authority required by any law, regulation or listing standard to be exercised by this committee as a whole.

All members of our Executive Compensation Committee are independent under the independence requirements of the NYSE applicable to compensation committee members.

The executive compensation group in our corporate human resources department supports, in consultation with our Chief Executive Officer, the Executive Compensation Committee in its work.

During 2016, the Executive Compensation Committee engaged Meridian Compensation Partners, LLC (Meridian Compensation Partners), as an independent executive compensation consultant to assist the committee in its evaluation of the amount and form of compensation paid in 2016 to our Chief Executive Officer, our other executive officers and our directors. Meridian Compensation Partners reported directly to the Executive Compensation Committee. For more information on executive compensation and the role of this consultant,

Director Nominations

see Executive Compensation Discussion and Analysis Compensation Methodology The Role of the Independent Executive Compensation Consultant at page 46.

The Corporate Governance Committee. Our Corporate Governance Committee is responsible for overseeing our company's governance, including the selection of directors and the Board's practices and effectiveness. These responsibilities include:

identifying and recommending qualified director candidates, including qualified director candidates suggested by our shareholders in written submissions to our corporate secretary in accordance with our corporate governance guidelines and our By-laws or in accordance with the rules of the Securities Exchange Commission;

making recommendations to the Board with respect to electing directors and filling vacancies on the Board;

adopting an effective process for director selection and tenure by making recommendations on the Board's organization and practices and by aiding in identifying and recruiting director candidates;

reviewing and making recommendations to the Board with respect to the organization, structure, size, composition and operation of the Board and its committees;

in consultation with our Chairman of the Board, our Chief Executive Officer and the Executive Compensation Committee, overseeing management succession and development; and

reviewing, assessing risk and making recommendations with respect to other corporate governance matters. All members of our Corporate Governance Committee are independent under the independence requirements of the NYSE.

The Executive Committee. In the intervals between meetings of our Board of Directors, the Executive Committee may, except as otherwise provided in our By-laws and applicable law, exercise the powers and authority of the full Board in the oversight of our property, affairs and business. The function of this committee is to act on major matters where it deems action appropriate, which provides a degree of flexibility and ability to respond to time-sensitive business and legal matters without calling a special meeting of our full Board. The Executive Committee reports to the Board at its next meeting on any actions taken by the committee.

DIRECTOR NOMINATIONS

Our corporate governance guidelines provide that the Board of Directors is responsible for selecting candidates for Board membership and delegates the screening process to the Corporate Governance Committee of the Board. This committee, with recommendations and input from our Chairman of the Board, our Chief Executive Officer and members of our Board, evaluates the qualifications of each director candidate and assesses the appropriate mix of skills, qualifications and characteristics required of Board members in the context of the perceived needs of the Board at a given point in time. The committee is responsible for recommending candidates for nomination by the Board for election as members of our Board.

Our corporate governance guidelines provide that candidates for nomination by the Board must be committed to devoting the time and effort necessary to be productive members of the Board and that, in nominating candidates, the Board will endeavor to establish director diversity in personal background, race, gender, age and nationality. The guidelines also provide that the Board will seek to maintain a mix that includes, but is not limited to, the following areas of core competency: accounting and finance; investment banking; business judgment; management; energy industry knowledge; operations; leadership; strategic vision; law; and corporate relations.

The Corporate Governance Committee's charter provides that it has the responsibility, in consultation with the Chairman of the Board and the Chief Executive Officer, to search for, recruit, screen, interview and select candidates for the position of director as necessary to fill vacancies on the Board or the additional needs of the Board and to consider management and shareholder recommendations for candidates for nomination by the Board. In carrying out this responsibility, the Corporate Governance Committee evaluates the qualifications and performance of incumbent directors and determines whether to recommend them for re-election to the Board. In addition, this committee determines, as necessary, the portfolio of skills, experience, diversity, perspective and background required for the effective functioning of the Board considering our business strategy and our regulatory, geographic and market environments.

Our corporate governance guidelines contain a policy regarding the Corporate Governance Committee's consideration of prospective director candidates recommended by shareholders for nomination by our Board. Under this policy, any shareholder who wishes to recommend a prospective candidate for nomination by our Board for election at our 2018 annual meeting should send a letter of recommendation to our corporate secretary at our principal executive offices by no later than September 30, 2017. The letter should include the name, address and number of shares owned by the recommending shareholder (including, if the recommending shareholder is not a shareholder of record, proof of ownership of the type referred to in Rule 14a-8(b)(2) of the proxy rules of the Securities

Table of Contents**Director Compensation**

and Exchange Commission), the prospective candidate's name and address, a description of the prospective candidate's background, qualifications and relationships, if any, with our company and all other information necessary for our Board to determine whether the prospective candidate meets the independence standards under the rules of the NYSE and our director independence guidelines. A signed statement from the prospective candidate should accompany the letter of recommendation indicating that he or she consents to being considered as a nominee of the Board and that, if nominated by the Board and elected by the shareholders, he or she will serve as a director. The committee will evaluate prospective candidates recommended by shareholders for nomination by our Board in light of the various factors set forth above.

Neither the Corporate Governance Committee, nor the Board, nor our company itself discriminates in any way against prospective candidates for nomination by the Board on the basis of age, sex, race, religion, or other personal characteristics. There are no differences in the manner in which the Corporate Governance Committee or the Board evaluates prospective candidates based on whether the prospective candidate is recommended by a shareholder or by the Corporate Governance Committee, provided that the recommending shareholder furnishes to our company a letter of recommendation containing the information described above along with the signed statement of the prospective candidate referred to above.

In addition to having the ability to recommend prospective candidates for nomination by our Board, under our By-laws, shareholders may themselves nominate candidates for election at an annual meeting of shareholders so long as they are shareholders of record when they give the notice described below and on the record date for the relevant annual meeting. Any shareholder who desires to nominate candidates for election as directors at our 2018 annual meeting must follow the procedures set forth in our By-laws. Under these procedures, notice of a shareholder nomination for the election of a director must be received by our corporate secretary at our principal executive offices not less than 120 calendar days before the first anniversary of the date that our proxy statement was released to shareholders in connection with our 2017 annual meeting of shareholders (i.e., notice must be received no later than December 7, 2017). If the date of the 2018 annual meeting is more than 30 days after May 24, 2018, the first anniversary of our 2017 annual meeting, our corporate secretary must receive notice of a shareholder nomination by the close of business on the tenth day following the earlier of the day on which notice of the date of the 2018 annual meeting is mailed to shareholders or the day on which public announcement of the 2018 annual meeting date is made. In addition, in accordance with our By-laws, the shareholder notice must contain certain information about the candidate the shareholder desires to nominate for election as a director, the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made.

In addition, our By-laws permit a shareholder, or a group of up to twenty shareholders, owning 3% or more of ONEOK's common stock continuously for a period of at least three years, to nominate for election to our Board and have such director nominations included in our proxy materials, a number of director candidates equal to the greater of (i) two individuals or (ii) the closest whole number that does not exceed 20% of our Board, provided that the shareholder(s) and the nominee(s) satisfy certain requirements specified in the By-laws. Under these procedures, notice must be received by our corporate secretary at our principal executive offices not less than 120 calendar days, and not more than 150 calendar days, before the first anniversary of the date that our proxy statement was released to shareholders in connection with our 2017 annual meeting of shareholders (i.e., notice must be received no earlier than November 7, 2017 and later than December 7, 2017). In accordance with our By-laws, the shareholder notice must contain certain information about the candidate the shareholder(s) desires to nominate for election as a director, the

shareholder(s) giving the notice and the beneficial owner(s), if any, on whose behalf the nomination is made.

DIRECTOR COMPENSATION

The Executive Compensation Committee reviews director compensation on an annual basis in consultation with the Committee's independent compensation consultant, Meridian Compensation Partners. This review includes consideration of director compensation data compiled by Meridian for the same peer group used to assess competitive compensation for our executive officers in order to assess the competitive levels and type of compensation for our directors. In addition to considering director compensation data compiled by Meridian, the Committee also considers relevant factors such as our company's financial and operational performance when reviewing director compensation. After completing its review, the Committee submits its recommendation for director compensation to the full Board of Directors for approval.

For 2015 and 2016, the Committee recommended, and the full Board of Directors approved, that compensation paid to each of our non-management directors be held flat. Compensation for each of our non-management directors for their service on our Board of Directors for the period of May 2015 through April 2016 and for the period May 2016 through April 2017 consisted of an annual cash retainer of \$65,000 and a common stock annual retainer with a value of \$135,000 determined using the average of the high and low trading prices of our company's common stock on the NYSE on the date of the meeting of the Board of Directors immediately following the company's annual shareholders meetings. The chairs of our Audit and Executive Compensation Committees received an additional annual cash retainer of \$15,000, and our lead independent director, who is also chair of our Corporate Governance Committee, received an additional annual cash retainer of \$20,000. Our non-executive

Table of Contents**Director Compensation**

Chairman of the Board received an additional annual cash retainer of \$125,000 for his service.

All directors are reimbursed for reasonable expenses incurred in connection with attendance at Board and committee meetings.

Our one management director, Terry K. Spencer, receives no compensation for his service as a director.

Our Board of Directors has established minimum share ownership guidelines for members of our Board that are discussed under Executive Compensation Discussion and Analysis Share Ownership Guidelines at page 54.

The following table sets forth the compensation paid to our non-management directors in 2016.

¹ Non-management directors may defer all or a part of their annual cash and stock retainers under our Deferred Compensation Plan for Non-Employee Directors. During the year ended December 31, 2016, \$922,700 of the total amount payable for directors' fees were deferred under this plan at the election of seven of our directors. Deferred amounts are treated, at the election of the participating director, either as phantom stock or as a cash deferral. Phantom stock deferrals are treated as though the deferred amount is invested in our common stock based on the average of our high and low stock price on the NYSE on the date the deferred amount was earned. Phantom stock earns the equivalent of dividends declared on our common stock, reinvested in phantom shares of our common stock based on the fair market value of our common stock on the payment date of each common

stock dividend. The shares of our common stock reflected in a non-management director's phantom stock account are issued to the director under our Long-Term Incentive Plan on the last day of the director's service as a director or a later date selected by the director. Cash deferrals earn interest at a rate equal to Moody's AAA 30-Year Bond Index on the first business day of the plan year, which, at January 4, 2016, was 4.03 percent, plus 100 basis points, and are paid to the director on the last day of the director's service as a director or at a later date selected by the director.

The following table sets forth, for each non-management director, the amount of director compensation deferred during 2016 and cumulative deferred compensation as of December 31, 2016.

b Dividend equivalents paid on phantom stock are reinvested in additional shares of phantom stock based on the average of the high and low trading prices of our common stock on the NYSE on the date the dividend equivalent was paid.

c The amounts shown for Mr. Gibson and Ms. Moore reflect the balances in their cash deferral accounts.

d The amounts for Mr. Gibson reflect board fees that were deferred to cash in 2016 by Mr. Gibson and interest accrued on these deferred fees. Cash deferrals earn interest at a rate equal to Moody's AAA 30-Year Bond Index on the first business day of the plan year, plus 100 basis points, which, at January 4, 2016, was 4.03 percent.

e The amounts for Ms. Moore reflects interest accrued on prior cash deferrals for Ms. Moore. No board fees were deferred to cash in 2016 by Ms. Moore. Interest earned is at a rate equal to Moody's AAA 30-Year Bond Index on the first business day of the plan year, plus 100 basis points which, at January 4, 2016, was 4.03 percent.

2 The amounts in this column reflect the aggregate grant date fair value, computed in accordance with Financial Accounting Standards Board's Accounting Standards Codification Topic 718, Compensation-Stock Compensation (ASC Topic 718), with respect to stock awards received by directors for service on our Board of Directors. Since the shares are issued free of any restrictions on the grant date, the grant date fair value of these awards is based on the average of our high and low stock price on the NYSE on the date of grant. The following table sets forth the number of shares and grant date fair value of such shares of our common stock issued to our non-management directors during 2016 for service on our Board. Certain Board members had a fractional share on record that caused the issuance of an additional share.

4 Reflects above-market earnings on Board of Directors fees deferred to cash under our Deferred Compensation Plan for Non-Employee Directors which provides for payment of interest on cash deferrals at a rate equal to Moody's AAA 30-Year Bond Index on the first business day of the plan year, plus 100 basis points, which, at January 4, 2016, was 4.03 percent.

5 Reflects charitable contributions made by our company or the ONEOK Foundation, Inc., on behalf of members of our Board as follows: (a) a \$350 annual contribution to the non-profit organization of his or her choice; (b) matching contributions up to \$5,000 per year to non-profit organizations of his or her choice pursuant to our Board matching grant program; (c) for a retiring member of the Board, a one-time contribution of \$10,000 to the non-profit organization of his or her choice; and (d) matching contributions to the United Way pursuant to our annual United Way contribution program.

6 Mr. Day retired from our Board of Directors on May 25, 2016, immediately prior to our annual meeting of shareholders held on that date.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2016, Messrs. Malcolm, McCarthy, Mogg, Rodriguez and Ms. Moore served on our Executive Compensation Committee. No member of the Executive Compensation Committee was an officer or employee of the company or any of its subsidiaries during 2016, and no member of this committee was formerly an officer of the company or any of its subsidiaries. In addition, during 2016, none of our executive officers served as a member of a compensation committee or board of directors of any other entity of which any member of our Board was an executive officer.

EXECUTIVE SESSIONS OF THE BOARD

The non-management members and independent members of our Board of Directors each meet in separate, regularly scheduled executive sessions during each regular in-person meeting of the Board held during the year. We intend to continue this practice of regularly scheduled separate meetings of each of the non-management members and independent members of our Board. Our corporate governance guidelines provide that our lead independent director, who is the chair of our Corporate Governance Committee, presides as the chair at executive session meetings of the independent members of our Board.

Complaint Procedures

COMMUNICATIONS WITH DIRECTORS

Our Board believes that it is management's role to speak for our company. Directors refer all inquiries regarding our company from institutional investors, analysts, the news media, customers or suppliers to our Chief Executive Officer or his designee. Our Board also believes that any communications between members of the Board and interested parties, including shareholders, should be conducted with the knowledge of our Chief Executive Officer. Interested parties, including shareholders, may contact one or more members of our Board, including non-management directors and non-management directors as a group, by writing to the director or directors in care of our corporate secretary at our principal executive offices. A communication received from an interested party or shareholder will be forwarded promptly to the director or directors to whom the communication is addressed. A copy of the communication also will be provided to our Chief Executive Officer. We will not, however,

forward sales or marketing materials, materials that are abusive, threatening or otherwise inappropriate, or correspondence not clearly identified as interested party or shareholder correspondence.

COMPLAINT PROCEDURES

Our Board of Directors has adopted procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters and complaints or concerns under our Code of Business Conduct and Ethics. These procedures allow for the confidential and anonymous submission by employees of concerns regarding accounting or auditing matters and matters arising under our Code of Business Conduct and Ethics. The full text of these procedures, known as our whistleblower policy, is published on and may be printed from our website at www.oneok.com and is also available from our corporate secretary upon request.

Corporate Responsibility

ONEOK is engaged in the natural gas gathering and processing, natural gas liquids and natural gas pipelines businesses. As we have evolved from a traditional natural gas distributor into a major operator of midstream assets, we have maintained our focus on our stakeholders and our mission to operate in a safe, reliable and environmentally responsible manner. As we have grown our business and expanded our operational footprint over the last several years, we also have strengthened our commitment to improve our companywide environmental, safety and health (ESH) performance.

SAFETY AND HEALTH

The safety and health of our employees, customers and communities where we operate is at the forefront of each business decision we make. By monitoring the integrity of our assets and promoting the safety and health of our employees, customers and communities, we are investing in the long-term sustainability of our businesses.

We continuously assess the risks our employees face in their jobs, and we work to mitigate those risks through training, appropriate engineering controls, work procedures and other preventive safety and health programs. Reducing incidents and improving our safety incident rates is important, but we are not focused only on statistics. Low incident rates alone cannot prevent a large-scale incident, which is why we continue to focus on enhancing our process safety programs, such as near-miss reporting, risk assessment and others.

We have an ESH Leadership Committee which provides vision, leadership, direction and oversight for our ESH programs, processes and management systems. This committee consists of senior operations management from each business segment, as well as key ESH subject matter experts. The committee has a number of responsibilities including:

promoting and advocating expectations for ESH excellence across our organization; and

supporting broad communication of ESH policies, standards, goals and objectives and promoting consistent application throughout our company.

We are committed to pursuing a zero-incident safety culture by continuously working toward mitigating risk and eliminating incidents that may harm our employees, contractors, the public and the environment. To meet corporate and operating ESH expectations, all employees and contractors must demonstrate a commitment to the following:

all employees have the responsibility and ability to control operating exposures that may cause an incident, even if it means stopping work;

all levels of management and all employees must have personal involvement and commitment to ESH management and compliance;

all employees have the responsibility to report, or elevate to the proper level in the organization, potential ESH compliance risks, incidents and near misses;

protection of human health and safety and the environment is a priority, no matter how urgent the job, project or commercial interest; and

all employees and contractors are responsible and accountable for understanding and complying with all laws, regulations, permits, requirements and procedures related to their roles and responsibilities, including those associated with ESH.

Contractor Safety

We expect and require our contractors to maintain the same high ESH performance standards we ask of our employees.

Because we use third-party contractors to assist in the construction, operation and maintenance of our facilities and assets, contractor management is an important element of our ESH management systems. As part of the management system, we have established contractor qualification, selection and retention criteria designed to attract the most qualified companies. Each company we contract with is responsible for providing personnel who are appropriately screened, trained, qualified and are able to perform specified duties related to all ESH policies and procedures. Once selected, contractors are monitored periodically to ensure they are in compliance with our ESH expectations.

Our large construction projects team continues to utilize our **Safety Tracking for ONEOK Major Projects (STOMP)** safety tool which is designed to capture and monitor our contractors' ESH performance. STOMP assists us and contract employees in the prevention of injuries, equipment damage, environmental impact and facility downtime. Our STOMP tool has raised awareness among our contractors of the benefits and requirements of reporting incidents, implementing corrective actions and identifying events early, which prevents and reduces the consequences of incidents.

Table of Contents

Environmental Performance

We believe an effective contractor safety program enhances our projects by assisting contractors with systematically identifying and evaluating anticipated hazards and establishing controls in advance of actual work.

Asset Management

It is always our goal to ensure we operate our assets safely, reliably and environmentally responsibly.

Asset integrity is the ability of an asset to perform its required function effectively and efficiently while also protecting those that live and work near our facilities and the environment. We maintain mature programs that guide trained staff in the completion of these activities, and we continue to enhance and improve these programs and our internal capabilities.

While many of our assets are regulated by local, state and federal agencies, our activities are not limited to compliance. Asset integrity is critical in many ways, and our programs and people are dedicated to satisfying the expectations of each of our key stakeholders, including governmental regulatory agencies, the communities in which we operate, landowners, our customers, our employees and investors.

Facility Integrity. Our risk-based inspection program is a data-intensive engineering analysis using information from design, construction, operation and inspection processes to ensure fixed equipment is appropriately maintained, its current condition is known, and it is operated within safe limits.

Pipeline Integrity. Our pipeline integrity management program has been developed to meet or exceed state and federal regulatory requirements for pipeline safety and is further strengthened by participation in industry-level program improvement initiatives.

This program provides guidance for identification of high consequence areas and threats specific to individual pipeline segments. Appropriate inspection methods and threat prevention or mitigation activities are selected and scheduled based on a process of integrity-related integration and evaluation.

Underground Storage Integrity. Our underground storage safety management program guides our engineering and operations staff in the inspection, maintenance and remediation of storage assets.

Reservoirs, mined salt caverns and mined rock caverns are used to store natural gas, natural gas liquids and certain refined products within a regulatory and industry appropriate framework. This specialized, technical field depends heavily on industry best

practices, experienced practitioners and rigorous documentation and recordkeeping.

Short-Term Incentive Safety Metric

We established an internal safety performance metric in 2009 that became a part of the short-term incentive plan performance criteria for all employees. The Total Recordable Incident Rate (TRIR) is the number of Occupational Safety and Health Administration incidents per 200,000 work-hours. The inclusion of this important metric is designed to emphasize our commitment to the safe operation of our business and to reward safe behavior throughout our company. The 2016 target for TRIR represented a 10 percent improvement over the previous year's actual results.

ONEOK Partners Garden Creek natural gas processing plant, Lignite natural gas processing plant and Sage Creek Gas natural gas processing plant each achieved five years without a lost time injury.

ONEOK Partners Viking Gas Transmission group received the Wisconsin Safety Council Corporate Safety Award.

ENVIRONMENTAL PERFORMANCE

We continue to focus on being environmentally responsible while operating our assets safely and reliably. We work hard to minimize the environmental impact of our services while continuously searching for new ways to meet stakeholder expectations for environmental stewardship. Our environmental compliance efforts include processes for managing environmental risks and requirements while also complying with regulatory reporting guidelines, including greenhouse gas (GHG) emissions. Operating our businesses to meet the environmental expectations of key stakeholders, including regulatory agencies, the communities in which we operate, landowners, customers, employees and investors, continues to be our goal in day-to-day operations.

Table of Contents**Community Investments****Greenhouse Gas Emissions**

We are committed to understanding and managing our emissions and seek ways to improve energy efficiency in our operations. We monitor emissions, undertake projects to manage operating emissions and apply innovative technologies to improve our energy efficiency. GHG emissions at our facilities primarily result from a combination of natural gas compressor engines and process heaters, and methane and carbon dioxide escaping from operating equipment. The Environmental Protection Agency (EPA) sets threshold levels and requires GHG reporting for facilities that exceed 25,000 metric tons of carbon dioxide equivalents (CO₂e) emissions per year. CO₂e is a metric used to compare the emissions from various GHGs based on their global-warming potential. Based on those levels in 2016, we reported emissions from 27 of ONEOK Partners facilities totaling 49.9 million metric tons of CO₂e, of which 47.4 million metric tons of CO₂e were supplied to customers and 2.5 million metric tons of CO₂e were facility-direct emissions.

Facility-direct emissions are emissions that result from ONEOK Partners operating its midstream assets in order to provide services to our customers. Such operations include: natural gas combustion from running compressor engines and process heaters, plus methane and carbon dioxide that escapes from operating equipment and venting and other processes common to natural gas systems.

ONEOK Partners endeavors to reduce all emissions at its facilities that can result from natural gas combustion for certain components of its operations, equipment leaks and other processes common to natural gas systems.

In 2016, specific efforts by ONEOK Partners related to emissions reductions included:

Construction of pipeline connections between its natural gas gathering systems and third-party producing oil and natural gas wells, particularly in the Williston Basin in North Dakota, where the natural gas might, in the interim, otherwise be flared (the controlled burning of natural gas at the wellhead) or vented into the atmosphere by producers. Significant drilling activity in recent years in the Williston Basin has caused natural gas production to exceed the capacity of existing natural gas gathering and processing infrastructure, which results in the flaring of natural gas by producers. ONEOK Partners significantly increased its natural gas gathering and processing infrastructure in late 2015 and 2016 through construction of additional processing plants, compression capacity and gathering pipelines. This increase in infrastructure has resulted in decreased flaring of natural gas in the Williston Basin from 35% in February 2014 to 9% in December 2016;

Using vapor-recovery units and combusters to capture natural gas that otherwise would be vented;
Installing compression-optimization tools on certain transmission pipelines, which has decreased emissions;

Using hot taps instead of venting/flaring of pipeline segments when making connections;

Reducing pressures on compressors and pipelines prior to venting to conserve natural gas and reduce emissions when taking assets offline for maintenance or other reasons; and

Implementing rigorous and regular leak-inspection programs for all of its natural gas pipelines and processing plants.

Short-Term Incentive Environmental Metric

We established an internal environmental performance metric in 2014 that became a part of the short-term incentive plan performance criteria for all ONEOK employees. The Agency Reportable Environmental Event Rate (AREER) promotes a continued reduction in spills and emission events that are reportable to a state or federal agency. The 2016 target for AREER represented a 15% improvement over the previous year's actual results.

COMMUNITY INVESTMENTS

We invest in the communities where we operate and our employees work and live with the mission to enhance the quality of life and economic well-being of our employees, customers and the general public.

Our community investments department strategically collaborates with all areas of the company to better understand our business needs and prioritize investments. Specific efforts are focused on our ability to attract and retain employees and make investments where the company currently is growing.

Impacting our communities is accomplished through numerous programs, including financial contributions and volunteer efforts. The programs are established to be proactive and to target investments that align with our company's values and needs, such as grants to schools and emergency responders.

The ONEOK Foundation enables a consistent level of giving through grants and pledges to non-profit organizations, and ONEOK provides corporate contributions, generally in the form of sponsorships, in support of charitable organizations and events.

We encourage employees to volunteer for company-sponsored projects or serve personal time on charitable or civic boards and organizations. Our Employee Matching Grant program and volunteer service grants further support those efforts.

Political Advocacy and Oversight

2016 Community Investments Updates and Highlights

In 2016, the ONEOK Foundation, Inc. contributed approximately \$3.3 million and ONEOK made corporate contributions of approximately \$2.5 million to support local nonprofit organizations. In 2016, our employees volunteered more than 10,250 hours in our communities, with a value of approximately \$241,514 (based on the current estimated volunteer-hour value of \$23.56).

POLITICAL ADVOCACY AND OVERSIGHT

As a company, we do not contribute corporate funds to political candidates, political parties, political action committees or so-called 501(c)(4) social welfare organizations. We do, however, actively participate in the political process through the lobbying efforts of our government relations department, involvement in multiple business and industry trade organizations, and through the ONEOK, Inc. Employee Political Action Committee (ONEOK PAC).

Political contributions to federal, state and local candidates are made by the ONEOK PAC which is funded by voluntary contributions from eligible company employees. The ONEOK PAC's activities are guided by a steering committee comprised of senior management and a contribution committee comprised of ONEOK PAC members and are subject to comprehensive regulation, including detailed disclosure requirements. ONEOK PAC contributions are reported to the Federal Election Commission and applicable state regulatory authorities.

During 2016, the ONEOK PAC made contributions to state and federal candidates for office in the amount of \$119,640. We also paid \$386,000 to state and federal contract lobbyists.

Our government relations team works with state and federal legislators to ensure ONEOK's inclusion in key legislative issues that affect the company's and ONEOK Partners' ability to operate. In 2016, we monitored legislation on a variety of issues that could impact our and ONEOK Partners' businesses, including natural gas flaring, increased seismicity, local control, infrastructure and operation security and disaster-response efficiency, state and federal tax issues and reclamation and restoration of pipeline rights of way.

We belong to a number of industry associations that participate in the political process. Industry associations promote collaboration between companies within an industry concerning public policy initiatives and represent industry interests in the legislative and regulatory arenas. Our primary purpose in becoming a member of these industry associations is not for political purposes, as we may not agree with all positions taken by industry associations on issues. The benefits that we receive from industry associations are primarily expertise and the ability to gain insight on industry related matters. In 2016, we paid dues of approximately \$809,000 to 42 trade and industry associations, of which approximately 40% percent was allocated by those associations to lobby expenses and political expenditures.

Our lobbying and political activities are reviewed annually by the Board of Directors. We believe this oversight process ensures accountability and transparency for our lobbying and political activities.

Proposal 1 - Election of Directors

RECENT BOARD REFRESHMENT

Our Board recognizes the importance of Board refreshment to help ensure an appropriate balance of experience, expertise and perspective on our Board. Pursuant to our By-laws and corporate governance guidelines, two of our board members retired from our Board in 2015 and a third director retired from the Board immediately prior to our annual meeting of shareholders on May 25, 2016.

In anticipation of these retirements, and based on the recommendation of our Corporate Governance Committee, our Board elected three new directors: Kevin S. McCarthy, Randall J. Larson and Brian L. Derksen. These board members added to the Board's experience, expertise and knowledge in a number of areas, including natural gas and natural gas liquids gathering, processing, fractionation transportation and storage operations and accounting and finance in the midstream sector of the energy industry.

Your Board of Directors believes that its current membership reflects a balanced Board with deep experience and diverse expertise.

The average age of our 11 current board members is 62.4 years and the average tenure of a board member is 8.9 years.

ANNUAL ELECTION BY MAJORITY VOTE

Our certificate of incorporation provides for the annual election of directors. Our Board of Directors currently consists of 11 members, each of whose terms will expire at the 2017 annual meeting.

As more fully described above in Outstanding Stock and Voting - Votes Required - Proposal 1 - Election of Directors, our By-laws provide for majority voting for directors in uncontested elections and our corporate governance guidelines require that a nominee for director who does not receive the requisite majority vote in an

uncontested election must promptly tender his or her resignation to our Board of Directors for its consideration.

The persons named in the accompanying proxy card intend to vote such proxy in favor of the election of each of the nominees named below, who are all currently directors, unless the proxy provides for a vote against the director. Although the Board has no reason to believe that the nominees will be unable to serve as directors, if a nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee designated by the Board, unless contrary instructions are given on the proxy. Except for these nominees, no

other person has been recommended to our Board as a potential nominee or otherwise nominated for election as a director.

BOARD QUALIFICATIONS

Our corporate governance guidelines provide that our Corporate Governance Committee will evaluate the qualifications of each director candidate and assess the appropriate mix of skills and characteristics required of board members in the context of the perceived needs of the Board at a given point in time. Each director also is expected to:

exhibit high standards of integrity, commitment and independence of thought and judgment;

use his or her skills and experiences to provide independent oversight to the business of our company;

be willing to devote sufficient time to carrying out his or her duties and responsibilities effectively;

devote the time and effort necessary to learn the business of the company and the Board;

represent the long-term interests of all shareholders; and

participate in a constructive and collegial manner.

Director Diversity and Core Competencies

Our governance guidelines provide that, in nominating candidates, the Board will endeavor to establish director diversity in personal background, race, gender, age and nationality, and to maintain a mix that includes, but is not limited to, the following areas of core competency: accounting and finance; investment banking; business judgment; management; energy industry knowledge; operations; leadership; strategic vision; law; and corporate relations.

[Proposal 2 - Ratify the Selection of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the Year Ending December 31, 2017](#)

RATIFICATION OF SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2017

The Audit Committee has the sole authority and responsibility to hire, evaluate and, where appropriate, replace the company's independent auditor and, in its capacity as a committee of our Board of Directors, is directly responsible for the appointment, compensation and general oversight of the work of the independent auditor. The Audit Committee is responsible for approving the audit and permissible non-audit services provided by the independent auditor and the associated fees.

The Audit Committee evaluates the performance of our independent auditor, including the senior audit engagement team, each year and determines whether to re-engage the current independent auditor or consider other audit firms. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the auditors, the auditors' capabilities, the auditors' technical expertise and knowledge of our operations and industry and the impact to the company in changing auditors. In connection with the mandated rotation of the independent auditor's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of the new lead engagement partner.

Based on this evaluation, the Audit Committee has appointed PricewaterhouseCoopers LLP to serve as our independent auditor for the fiscal year ending December 31, 2017. PricewaterhouseCoopers LLP has served as our independent auditor for ten years and is considered by management to be well qualified. Further, the Audit Committee and the Board of Directors believe that the continued retention of PricewaterhouseCoopers LLP to serve as our independent auditor is in the best interests of the company and its shareholders.

Our Board of Directors has ratified the selection by our Audit Committee of PricewaterhouseCoopers LLP to serve as our independent (consistent with Securities and Exchange Commission and NYSE policies regarding independence) registered public

accounting firm for 2017. As a matter of good corporate governance, the Audit Committee submits its selection of our independent auditor to our shareholders for ratification. If the shareholders should not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the appointment.

In carrying out its duties in connection with the 2016 audit, PricewaterhouseCoopers LLP had unrestricted access to our Audit Committee to discuss audit findings and other financial matters. Representatives of PricewaterhouseCoopers LLP will be present at the annual meeting to answer questions. They also will have the opportunity to make a statement if they desire to do so.

Approval of this proposal to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the voting power of the shareholders present in person or

by proxy and entitled to vote on this proposal at the meeting. Abstentions will have the effect of a vote against the proposal.

*Your Board unanimously recommends a vote **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2017.*

AUDIT AND NON-AUDIT FEES

Audit services provided by PricewaterhouseCoopers LLP during the 2016 and 2015 fiscal years included an integrated audit of our consolidated financial statements and internal control over financial reporting, review of our unaudited quarterly financial statements, consents and review of documents filed with the Securities and Exchange Commission, and performance of certain agreed-upon procedures.

Table of Contents**2017 Report of the Audit Committee**

The following table presents fees billed for services rendered by PricewaterhouseCoopers LLP for the years ended December 31, 2016 and 2015.

	(Thousands of Dollars)	
	2016	2015
Audit fees ¹	\$ 376	\$ 450
Audit related fees	\$	\$
Tax fees	\$ 32	\$
All other fees	\$ 8	\$ 8
Total	\$ 416	\$ 458

¹ PricewaterhouseCoopers LLP is also the independent auditor for ONEOK Partners. The fees reflected in the table do not include fees billed by PricewaterhouseCoopers LLP to ONEOK Partners for services rendered during the years presented.

AUDIT COMMITTEE POLICY ON SERVICES PROVIDED BY THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Consistent with Securities and Exchange Commission and NYSE policies regarding auditor independence, the Audit Committee has the responsibility for appointing, setting compensation and overseeing the work of our independent auditor. In furtherance of this responsibility, the Audit Committee has established a policy with respect to the pre-approval of audit and permissible non-audit services provided by our independent auditor. All of the 2016 and 2015 audit and non-audit services provided by PricewaterhouseCoopers LLP were approved by the Audit Committee.

Prior to engagement of PricewaterhouseCoopers LLP as our independent auditor for the 2017 audit, a plan was submitted to and approved by the Audit Committee setting forth the audit services expected to be rendered during 2017, which are comprised of work performed in the audit of our financial statements and to attest and report on our internal controls over financial reporting, as well as work that only the independent auditor can reasonably be expected to provide, including quarterly review of our unaudited financial statements, comfort letters, statutory audits, attest services, consents and assistance with the review of documents filed with the Securities and Exchange Commission.

The Audit Committee has adopted a policy that provides that fees for audit, audit related and tax services that are not included in the independent auditor's annual services plan, and for services for which fees are not determinable on an annual basis, are pre-approved if the fees for such services will not exceed \$75,000. In addition, the policy provides that the Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

2017 REPORT OF THE AUDIT COMMITTEE

The purpose of the Audit Committee is to assist the Board of Directors with the oversight of the integrity of the company's financial statements and internal control over financial reporting, the company's compliance with legal and regulatory requirements, the independence, qualifications and performance of the company's independent registered public accounting firm and the performance of the company's internal audit function. The Audit Committee's function is more fully described in its charter, which the Board reviews and approves on an annual basis. The charter is on and may be printed from the company's website at www.oneok.com and is also available from the company's corporate secretary upon request. The Board of Directors annually reviews the definition of independence for audit committee members contained in the listing standards for the NYSE and applicable rules of the Securities and Exchange Commission, as well as our director independence guidelines, and has determined that each member of the Audit Committee is independent under those standards.

Management is responsible for the preparation, presentation and integrity of the company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The company's independent registered public accounting firm, PricewaterhouseCoopers LLP, is responsible for performing an independent audit of the company's consolidated financial statements and the company's internal control over financial reporting and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles and on the effectiveness of the company's internal control over financial reporting.

In this context, the Audit Committee has met and held discussions with management and the company's independent registered public accounting firm, PricewaterhouseCoopers LLP, regarding the fair and complete presentation of the company's financial results and management's report on its assessment of the company's internal control over financial reporting. The Audit Committee has discussed the significant accounting policies applied by the company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditor.

The Audit Committee has also reviewed and discussed with both management and the independent registered public accounting firm management's assessment of the company's internal control over financial reporting. In addition, the Audit Committee has discussed the independent auditor's report on the company's internal control over

2017 Report of the Audit Committee

financial reporting. The Audit Committee has also discussed with the company's independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (United States) Auditing Standard No. 1301, Communications with Audit Committees, and Rule 2-07 of the Securities and Exchange Commission's Regulation S-X (Communication with Audit Committees).

In addition, the Audit Committee has discussed with the independent registered public accounting firm the firm's independence from the company and its management, including the matters in the written disclosures and the letter received from PricewaterhouseCoopers LLP as required by the applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the independent accountant's communications with the Audit Committee concerning independence. While non-audit services provided by PricewaterhouseCoopers LLP were not significant in 2015 or 2016, and, thus, did not impact the Audit Committee's determination of PricewaterhouseCoopers LLP's independence, the Audit Committee will also consider in the future whether the provision of non-audit services to the company by PricewaterhouseCoopers LLP is compatible with maintaining that firm's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from the company and its management.

The Audit Committee discussed with the company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with both the internal and independent auditors, with and without management present, to discuss the results of their examinations, the assessments of the company's internal control over financial reporting and the overall quality of the company's financial reporting. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements of the company as of and for the year ended December 31, 2016, in the company's Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the Securities and Exchange Commission.

Respectfully submitted by the members of the Audit Committee of the Board of Directors:

Julie H. Edwards, *Chair*

Gary D. Parker, *Vice Chair*

Brian L. Derksen, *Member*

Randall J. Larson, *Member*

² Represents shares of phantom stock credited to a director's account under our Deferred Compensation Plan for Non-Employee Directors. Each share of phantom stock is equal to one share of our common stock. Phantom stock has no voting or other shareholder rights, except that dividend equivalents are paid on phantom stock and reinvested in additional shares of phantom stock based on the average of the high and low trading prices of our common stock on the NYSE on the date the dividend equivalent was paid. Shares of phantom stock do not give the holder beneficial ownership of any shares of our common stock because they do not give such holder the power to vote or dispose of any shares of our common stock.

³ The percent of our voting securities owned is based on our outstanding shares of common stock on March 1, 2017.

⁴ Includes common units held by members of the family of the director or executive officer for which the director or executive officer has sole or shared voting or investment power. Does not include approximately

41.3 million common units or approximately 73 million Class B units (which represent 100 percent of the outstanding Class B units) of ONEOK Partners, held by ONEOK and its subsidiaries, which, when combined with the 2 percent general partner interest held by a subsidiary of ONEOK, represent an approximate 41.2 percent interest in ONEOK Partners at March 1, 2017, with respect to which each officer and director disclaims beneficial ownership.

5 The percent of ONEOK Partners voting securities owned is based on the outstanding common units on March 1, 2017.

6 Excludes 4,755 shares, the receipt of which was deferred by Mr. Christensen upon vesting in January 2009, 4,229 shares, the receipt of which was deferred by Mr. Christensen upon vesting in January 2010, and 4,443 shares, the receipt of which was deferred by Mr. Christensen upon vesting in January 2011, in each case under the deferral provisions of our Equity Compensation Plan (ECP), which shares will be issued to Mr. Christensen upon his separation of service from our company.

7 Excludes 11,418 shares, the receipt of which was deferred by Mr. Martinovich upon vesting in January 2011, under the deferral provisions of our ECP, which shares will be issued to Mr. Martinovich upon the later of July 1, 2018 or his separation of service from our company.

8 Mr. McCarthy is managing partner for KA Fund Advisors, LLC (KAFA) and is co-managing partner of the energy marketable securities activities at Kayne Anderson Capital Advisors, LP (KACALP). He serves as chairman and chief executive officer of the Kayne Anderson MLP Investment Company (KYN), Kayne Anderson Energy Total Return Fund (KYE), Kayne Anderson Midstream/Energy Fund (KMF), and Kayne Anderson Energy Development Company (KED) (together, the Public Funds) which, together with other accounts for which Mr. McCarthy also has investment responsibility, held an aggregate of 1,684,372 shares of ONEOK common stock and 8,034,321 ONEOK Partners common units as of March 1, 2017. In connection with his appointment to our Board on December 29, 2015, KAFA has implemented controls designed to ensure that Mr. McCarthy will not possess investment or voting power for the ONEOK shares and ONEOK Partners common units held by the Public Funds and such other accounts. Other private funds and accounts (the Private Funds) managed by KACALP also own shares of ONEOK and ONEOK Partners common units, but Mr. McCarthy does not have any day-to-day responsibilities with respect to the investment activities of such Private Funds. Mr. McCarthy disclaims beneficial ownership of the ONEOK shares and ONEOK Partners common units held by the Public Funds and Private Funds, except to the extent of his pecuniary interest therein.

9 Includes 1,880 shares held by Mrs. Gary D. Parker. Mr. Parker disclaims beneficial ownership of these shares.

10 Excludes 6,537 shares, the receipt of which was deferred by Mr. Reiners upon vesting in February 2015, under the deferral provisions of our ECP, which shares will be issued to Mr. Reiners upon his separation of service from our company.

Section 16(a) Beneficial Ownership Reporting Compliance

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our directors, executive officers and beneficial owners of 10 percent or more of our common stock to file with the Securities and Exchange Commission and the NYSE initial reports of ownership and reports of changes in ownership of our common stock. Based solely on a review of the copies of reports

furnished to us and representations that no other reports were required, we believe that all of our directors, executive officers, and holders of 10 percent or more of our outstanding shares during the fiscal year ended December 31, 2016, complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act, except that one Form 4, reporting the annual award of Brian L. Derksen s common stock retainer in connection with his service on our Board, was filed one business day late.

EXECUTIVE SUMMARY

Our Business

On January 31, 2017, we and ONEOK Partners entered into the Merger Agreement, by and among us, Merger Sub, ONEOK Partners and ONEOK Partners GP, L.L.C., the sole general partner of ONEOK Partners, pursuant to which we will acquire all of the outstanding common units representing limited partner interests in ONEOK Partners not already directly or indirectly owned by us. Upon the terms and conditions set forth in the Merger Agreement, Merger Sub will be merged with and into ONEOK Partners, with ONEOK Partners continuing as a wholly owned subsidiary of ours, in a taxable transaction to ONEOK Partners unitholders.

Until completion of the merger transaction referenced above, we will continue as the sole general partner and, as of December 31, 2016, we owned 41.2 percent of ONEOK Partners, L.P., one of the largest publicly traded master limited partnerships. We provide management and resources to ONEOK Partners, enabling it to execute its growth strategies and allowing us to grow our dividend. ONEOK Partners applies its core capabilities of gathering, processing, fractionating, transporting, storing and marketing natural gas and NGLs through the rebundling of services across the value chains through vertical integration in an effort to provide its customers with premium services at lower costs. ONEOK Partners is a leader in the gathering, processing, storage and transportation of natural gas in the United States. In addition, ONEOK Partners owns one of the nation's premier natural gas liquids systems, connecting NGL supply in the Mid-Continent, Permian and Rocky Mountain regions with key market centers.

Business Highlights

While 2016 marked another year of uncertainty and challenges in the U.S. economy, especially in the energy markets, our performance reflected our continued attention to prudent capital deployment and effective execution of our business strategies.

ONEOK Partners operates predominantly fee-based businesses in each of its three business segments and its consolidated earnings were approximately 88 percent fee-based in 2016. We continue to expect demand for ONEOK Partners midstream services to provide supply and market connectivity. We expect producers to require midstream services to connect production with end-use markets, increased demand for NGL products from the petrochemical industry and NGL exporters and increased demand for natural gas from power plants currently fueled by coal and natural gas exports to Mexico.

In 2016, we received, through our limited and general partner interests in ONEOK Partners, distributions of \$790.0 million, an increase of approximately 11.9 percent compared with 2015. As a result, we were able to deliver value to our shareholders in the form of an approximate 1.6 percent increase in our 2016 dividends compared with

2015, while retaining nearly \$250 million in cash, providing significant financial flexibility during a period of lower commodity prices.

Financial Performance. Our 2016 consolidated operating income was approximately \$1.3 billion, compared with approximately \$1.0 billion in 2015. 2016 income from continuing operations attributable to us was approximately \$354.1 million, or \$1.67 per diluted share. 2015 income from continuing operations attributable to us was approximately \$251.1 million, or \$1.19 per diluted share, which included non-cash impairment charges of approximately \$264.3 million, or \$0.33 per share.

Dividend Increase. During 2016, we paid total cash dividends of \$2.46 per share, an increase of approximately 1.2 percent over the \$2.43 per share paid during 2015. We paid total aggregate cash dividends to our shareholders of \$517.6 million in 2016, an approximate 1.6 percent increase compared with \$509.2 million paid in 2015. In January 2017, we declared a quarterly dividend of \$0.615 per share (\$2.46 per share on an annualized basis), which is unchanged from the quarterly dividend declared in January 2016.

2016 Executive Compensation Highlights

Due to a disciplined effort to achieve our strategic, operating and financial goals, management has strengthened the company's position in the current uncertain and volatile industry climate. We attribute a meaningful portion of this success to our incentive compensation program that is designed to pay for performance and to closely align our executives' interests with those of our shareholders.

Our named executive officers for 2016 were Terry K. Spencer, Derek S. Reiners, Robert F. Martinovich, Wesley J. Christensen and Walter S. Hulse III (referred to throughout as our named executive officers). The Committee's primary actions regarding 2016 compensation of our named executive officers included:

For all named executive officers, holding salaries and short- and long-term incentive targets flat due to the uncertain industry environment, except for Mr. Spencer's long-term incentive target which the Committee increased by \$250,000. The Committee approved this increase to more competitively align Mr. Spencer's total compensation with our Energy Peers (see Executive Compensation Methodology Competitive Assessment below) and in recognition of the fact that

Table of Contents

Executive Summary

Mr. Spencer had not received an increase in his total target compensation since becoming our Chief Executive Officer in early 2014.

Setting the metrics under our short-term cash incentive plan for 2016 to include two financial metrics ONEOK Partners distributable cash flow per limited partner unit and ONEOK Partners return on invested capital and two operational metrics Total Reportable Incident Rate (TRIR) and Agency Reportable Environmental Event Rate (AREER).

Approving long-term equity incentive grants to our named executive officers consisting of approximately 80 percent of the value in performance units and 20 percent of the value in restricted stock units.

Certifying, based on our total shareholder return performance relative to our peers, a zero percent payout to our named executive officers with respect to performance units granted in 2013 that vested in February 2016. This level of payout resulted because our relative total shareholder return was less than the 25th percentile of the total shareholder return of the specified peer group of energy companies.

Ratifying in February 2017 the company's level of achievement with respect to the financial and operating goals under our 2016 short-term incentive plan resulting in a corporate performance payout factor of 99.1 percent for our named executive officers.

Specific Compensation Program Features

Our compensation philosophy and related governance features are complemented by several specific elements that are designed to align our executive compensation with long-term shareholder interests.

The components of our executive compensation program have remained substantially the same for several years. We believe our program is designed effectively, well aligned with the interests of our shareholders and instrumental to achieving our business goals.

The main objectives of our compensation program are to pay for performance, to align our executive officers interests with those of our shareholders and to attract and retain qualified executives.

All compensation decisions regarding our named executive officers are made by the Committee and are then submitted to the full Board of Directors for approval.

The Committee is composed solely of persons who qualify as independent directors under the listing standards of the NYSE.

We provide the following primary elements of compensation for our executive officers, including the named executive officers: base salary, annual short-term cash incentive awards and long-term equity incentive awards. The Committee references the median level of the market when determining all elements of compensation with the possibility of above-market short-term incentive and long-term incentive payments for executive and company performance that exceeds our expectations.

We implement our pay-for-performance philosophy with a short-term incentive program providing for cash payments based on achievement of financial and operational goals established annually by the Committee and long-term performance-based equity incentive awards providing for vesting levels based on our total shareholder return over the vesting period compared with a specified peer group of energy companies.

We encourage alignment of our named executive officers' interests with those of our shareholders through the award of long-term incentive equity grants, of which approximately 80 percent are performance-vesting stock units and 20 percent are time-vesting restricted stock units.

Our executive officers, including the named executive officers, receive no significant recurring perquisites or other personal benefits.

We have market competitive stock ownership guidelines for our executive officers, including the named executive officers, and members of our Board of Directors.

We have adopted compensation recovery (clawback) provisions permitting the Committee to use appropriate discretion to seek recoupment of grants of performance units (including any shares earned and the proceeds from any sale of such shares) and short-term cash incentive awards paid to employees in the event of any fraud, negligence or intentional misconduct by such employees that is determined to be a contributing factor to our having to restate all or a portion of our financial statements. We expect to adopt a general clawback policy covering our annual and long-term incentive award plans and arrangements once the Securities and Exchange Commission adopts final clawback rules pursuant to The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

Our Board has adopted a policy prohibiting officers, members of our Board of Directors and certain employees designated as insiders under our Securities/Insider Trading Policy from engaging in short sales, derivative or speculative transactions in our securities, or purchasing or using, directly or indirectly through family members or other persons or entities, financial instruments (including puts or calls, prepaid variable forward contracts, equity swaps, collars and exchange funds) that are designed to hedge or offset any decrease in the market value of our securities. This policy was adopted as a sound governance practice, and we are not aware of any non-compliance of this policy by any of our officers, directors or the designated employees.

Our Board has adopted a policy prohibiting officers and directors from holding our securities in a margin account or pledging our

Executive Compensation Philosophy

securities as collateral for a loan. An exception to this prohibition may be granted by the Chief Executive Officer where an officer or director wishes to pledge shares of our stock as collateral for a loan (but not including a margin account), the officer or director clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities, and the terms of the loan prohibit the sale of any of our stock held as collateral when the officer or director is not permitted to trade in our stock. We are not aware of any officer or member of our Board of Directors who has pledged any of his or her shares of our common stock.

The Committee engages an independent executive compensation consultant which the Committee has determined to be independent under the Securities and Exchange Commission rules and NYSE listing standards to provide advice and expertise on the design and implementation of our executive and director compensation programs. The Committee will continue to monitor executive compensation trends and developments to ensure that we provide the appropriate types and levels of incentives in order to remain competitively positioned to attract and retain the executive talent necessary to achieve our strategic, financial and operational goals.

Specific Corporate Governance Features

We seek to maintain good governance standards, including standards applicable to the oversight of our executive compensation policies and practices. The following policies and practices were in effect during 2016.

The Committee is composed solely of independent directors.

The Committee's independent executive compensation consultant, Meridian Compensation Partners, is retained directly by the Committee and performs no other services for the company.

The Committee regularly meets in executive session with and without the representatives of the Committee's independent executive compensation consultant.

The Committee conducts an annual review and approval of our compensation program to ensure that the risks arising from the program are not reasonably likely to have a material adverse effect on our company.

EXECUTIVE COMPENSATION PHILOSOPHY

Our executive compensation philosophy is based on the following core elements: paying for performance and providing a competitive compensation package to attract and retain qualified executives while ensuring our compensation program does not provide incentives for excessive risk taking.

Pay-for-Performance

We structure our compensation program to align the interests of our employees, including our named executive officers, with the interests of our shareholders. We believe an employee's compensation should be tied directly to the achievement of our strategic, financial and operating goals, all of which are designed to deliver value to our shareholders. Therefore, a significant part of each executive's pay is at-risk, in the form of an annual short-term cash incentive award and long-term, equity-based incentive awards. The amount of the annual short-term incentive award paid depends on our company's performance against financial and operating objectives, as well as the executive meeting key leadership and development standards. The portion of our executives' compensation in the form of equity awards ties their compensation directly to creating shareholder value over the long-term. We believe this combination of annual short-term incentive awards and long-term equity awards aligns the incentives of our senior executives with our shareholders.

Competitive Pay

We believe a competitive compensation program is an important tool to help us attract and retain talented executives capable of leading our company in the competitive business environment in which we operate. We seek to establish total compensation opportunities for our named executive officers that are within a competitive range of the median of compensation opportunities awarded at our peer companies. Eventual earned compensation from these opportunities can vary based on the company and individual performance. In certain circumstances, we may target pay above or below the competitive median. For example, to recognize an individual's unique qualifications or performance, we may choose to set their expected pay level above the median. However, if the executive is new to the role, we may set his or her expected pay below the median level.

Our compensation program is designed with the following principles in mind:

pay our employees equitably and fairly relative to one another and industry peers based on their responsibilities, the capabilities and experience they possess, the performance they demonstrate and market conditions;

motivate our executives to perform with the highest integrity for the benefit of our shareholders;

conduct our business and manage our assets in a safe and environmentally responsible manner;

promote a non-discriminatory work environment that enables us to benefit from the diversity of thought that comes with a diverse workforce; and

continue our focus on sound governance practices by implementing executive compensation best practices and policies.

Executive Compensation Methodology

Risk Assessment

The Committee believes our compensation program does not provide incentives for excessive risk-taking, and therefore does not produce risks that are reasonably likely to have a material adverse effect on the company for the following reasons:

Broad-based Compensation Program. The primary components of our compensation program are the same for all officers and employees across all of our business units;

Fixed Pay Component. Our base salary component of compensation is market based and does not encourage risk-taking because it is a fixed amount; and

Prudent Risk Management. Our current short- and long-term incentive plan awards have the following risk-limiting characteristics:

- awards to officers are subject to fixed maximums established by the Committee; provided that, our Chief Executive Officer may recommend to the Committee adjustments to the individual performance multiplier in excess of 125% in certain limited cases of exceptional performance with regard to awards under our annual short-term incentive plan;
- awards are made based on the review and approval by the Committee of a variety of indicators of performance, thus diversifying the risk associated with any single indicator of performance;
- short- and long-term incentive awards are not tied to formulas that could focus executives on specific short-term outcomes;
- the Committee approves the final short- and long-term incentive plan award payouts after the review and confirmation of individual executive, operating and financial performance;
- short-term cash and long-term performance-unit incentive awards are subject to clawback provisions;
- for executive officers, a significant portion of incentive award value is delivered in the form of our common stock that vests over multiple years, which aligns the interests of executive officers to long-term shareholder

interests; and

- executive officers are subject to share-ownership guidelines.

EXECUTIVE COMPENSATION METHODOLOGY

The Executive Compensation Committee

The Committee has the responsibility for reviewing, approving and recommending our executive compensation program to the full Board for approval. The Committee is composed entirely of individuals who qualify as independent directors under the listing standards of the NYSE. The role of the Committee is to oversee our compensation and

benefit plans and policies, direct the administration of these plans and review and approve annually all compensation decisions relating to our executive officers, including compensation decisions for our named executive officers.

The Committee's practice is to review our executive officer compensation program and make specific decisions in February of each year, including review and approval of base salaries; review and approval of the achievement of short-term cash incentive goals for the prior year; review and approval of short-term cash incentive program targets for the upcoming fiscal year; review and approval of the level of vesting of long-term incentive grants which were eligible to vest during the year; and review and approval of new long-term incentive grants. This review coincides with our Board of Directors' review of our financial and operating results for the most recently completed year and allows the Committee to consider those results, as well as our financial and operating plan for the upcoming year, as it makes compensation decisions. The Committee submits its decisions regarding compensation of our Chief Executive Officer, our other named executive officers and our non-management directors to the Board for approval.

The Committee recognizes the importance of maintaining sound basic principles for the development and administration of our compensation and benefit programs. The Committee has adopted practices to enhance the Committee's ability to carry out effectively its responsibilities, as well as to ensure we maintain strong links between executive pay and performance. Examples of practices the Committee has adopted include:

holding executive sessions without company management present at every in-person meeting of the Committee;

reviewing total compensation tally sheets for the named executive officers on an annual basis;

engaging an independent executive compensation consultant to advise the Committee on executive compensation issues;

meeting with the independent executive compensation consultant in executive session without management present at each regularly scheduled in-person meeting of the Committee to discuss our compensation program and actions on a confidential basis;

evaluating the performance of the Committee each year; and

assessing the performance of the Committee's independent executive compensation consultant each year. Following our 2016 annual meeting of shareholders, the Committee took into account the affirmative vote by 96.4 percent of our shareholders who voted on our executive compensation at our 2016 annual meeting of shareholders and determined to continue to apply the same principles the Committee has used historically in determining the nature and amount of executive compensation.

Executive Compensation Methodology

The Role of Executive Management in the Executive Compensation Process

Each year, our executive management presents our annual strategic and financial plan to our Board of Directors for approval. The presentation includes a review of the expected financial and operating performance of each of our business segments, the expected financial performance of the company and ONEOK Partners on a consolidated basis, the capital expenditure plan, as well as a consolidated five-year strategic and financial outlook. The criteria and targets for our annual short-term cash incentive awards are recommended by executive management to the Committee based on our Board-approved strategic and financial plan. Upon the completion of each fiscal year, and once the year's financial and operating results are final, executive management reviews our actual performance relative to the criteria and targets established by the Committee for the performance year to determine the short-term cash incentive awards to be presented to the Committee for each executive.

In making individual compensation decisions, the Committee reviews the recommendations from the Chief Executive Officer with respect to all named executive officers other than himself. The Committee reviews and discusses these recommendations in executive session and reaches its own decision with respect to the compensation of the named executive officers, including the Chief Executive Officer. In turn, the Committee presents its compensation decisions with respect to the Chief Executive Officer and the other named executive officers to our full Board of Directors for approval.

The executive compensation group in our human resources department supports both the Committee and executive management in establishing management's recommendations regarding annual performance metrics and targets and providing periodic analyses and research regarding our executive compensation program.

The Role of the Independent Executive Compensation Consultant

The Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Committee in the performance of its duties. During 2016, the Committee engaged Meridian Compensation Partners to serve as the Committee's independent executive compensation consultant on matters related to executive and director compensation. The independent executive compensation consultant reports directly to the Committee and provides no other services to us.

The Committee annually reviews and establishes the scope of the engagement of the Committee's executive compensation consultant, which is reflected in an annual engagement letter between the consultant and the Committee. During 2016, the scope of the assignment and the material instructions regarding the services of the executive compensation consultant were:

provide advice to the Committee with respect to executive compensation matters in light of the company's business strategy, pay philosophy, prevailing market practices, shareholder interests and relevant regulatory mandates;

provide advice on our executive pay philosophy;

provide advice on the composition of our compensation peer group for competitive compensation analysis;

provide comprehensive competitive market studies to assist the Committee in its consideration of base salary, annual cash incentive opportunity, long-term incentive awards, benefits, incidental perquisites and severance arrangements;

provide competitive annual salary adjustment budgets as reported in the competitive marketplace;

provide incentive plan design advice for both annual and various long-term incentive vehicles and other compensation and benefit programs that meet company objectives;

apprise the Committee regarding emerging best practices and changes in the regulatory and corporate governance environment;

provide advice and competitive market data on director compensation;

attend periodic meetings with our Executive Vice President, Chief Administrative Officer; Vice President Human Resources; and our Vice President, Associate General Counsel and Secretary as required from time to time to discuss executive compensation issues and prepare for Committee meetings;

assist with preparation of the Executive Compensation Discussion and Analysis to be included in our annual proxy statement;

assist with the Committee's annual review of compensation tally sheets for our Chief Executive Officer and the other named executive officers; and

periodically review the Committee's charter.

In addition, the engagement letter requests the consultant be available to assist the Committee with respect to other executive compensation matters that may arise throughout the year.

The executive compensation consultant attended each regularly scheduled in-person meeting of the Committee in 2016. During a portion of each regular, in-person meeting, the executive compensation consultant met with the Committee in executive session without members of management present. The executive compensation consultant also communicates with members of the Committee outside of the Committee's meetings as desired by the Committee members. The executive compensation consultant reviews briefing materials, including those with respect to individual compensation matters prepared by management for the Committee,

Table of Contents

Executive Compensation Methodology

reviews recommendations and proposals being submitted to the Committee and provides perspective, advice and recommendations to the Committee regarding the recommendations of management. The executive compensation consultant also gathers and provides competitive market data and other background information for consideration by the Committee.

It is the Committee's view that its executive compensation consultant should be able to render candid and direct advice independent of management's influence and numerous steps have been taken to satisfy this objective. The executive compensation consultant is engaged by and reports directly to the Committee on matters related to compensation. As noted above, representatives of the executive compensation consultant meet separately with the Committee members outside the presence of management at each regular, in-person meeting and also speak separately with the Committee chair and vice-chair and other Committee members between meetings, as necessary or desired. The executive compensation consultant interacts from time to time directly with our Executive Vice President, Chief Administrative Officer; Vice President Human Resources and our Vice President, Associate General Counsel and Secretary as necessary to support the work of the executive compensation consultant on behalf of the Committee. These interactions are limited to those that are on the Committee's behalf or related to proposals that will be presented to the Committee for review and approval.

At least annually, the Committee conducts a review of the executive compensation consultant's performance and independence. This review includes an evaluation of the services that the executive compensation consultant has provided to the Committee, the related fees and the procedures implemented by the executive compensation consultant with respect to maintaining its independence. During 2016, Meridian Compensation Partners did not advise us or deliver any other services other than the referenced compensation consulting services provided to the Committee. We paid fees to Meridian Compensation Partners of approximately \$161,000 for services to the Committee in 2016.

In February 2016, the Committee considered the independence of Meridian Compensation Partners in light of Securities and Exchange Commission rules and NYSE listing standards regarding the independence of consultants to compensation committees. The Committee requested and received a letter from Meridian Compensation Partners addressing the consulting firm's independence, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and any member of the Committee; (5) any company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the

consulting firm or the individual consultants involved in the engagement. The Committee discussed these considerations and concluded that the work of the consultant did not raise any conflict of interest and that the consultant was independent of the Committee and our company.

Competitive Assessment

For 2016 compensation decisions, the Committee asked Meridian Compensation Partners to assist it with the annual competitive assessment of its executive compensation program. The Committee reviewed independent executive

compensation data compiled by Meridian Compensation Partners to assess competitive executive compensation levels for our executive officers.

The Committee considers a number of factors in structuring our compensation program and making compensation decisions. This includes the compensation practices of selecting peer companies in the energy industry, which we refer to as our Energy Peers. The Committee's independent consultant annually reviews the peer group with the Committee to assess its continued appropriateness and applicability to our company. The 2016 Energy Peers were recommended by Meridian Compensation Partners and management, and were selected because they have significant lines of business in the energy industry that are similar to our businesses and because the size of their operations (e.g., enterprise value, market value, and earnings before interest, taxes, depreciation and amortization) and the skills and experience required of their senior management to effectively operate their businesses are also similar to our businesses. The Committee believes that reference to the Energy Peers is appropriate when reviewing our compensation program because we compete with these companies for executive talent.

Our Energy Peers for 2016 were:

Boardwalk Pipeline Partners, LP	National Fuel Gas Company
Buckeye Partners, L.P.	NuStar Energy L.P.
CenterPoint Energy, Inc.	OGE Energy Corp.
Columbia Pipeline Group, Inc.	Plains All American Pipeline, L.P.
Energy Transfer Partners, L.P.	Sempra Energy
EnLink Midstream Partners LP	Spectra Energy Corp
EQT Corporation	Targa Resources Corp.
Magellan Midstream Partners, L.P.	The Williams Companies, Inc.
MarkWest Energy Partners, L.P.	
MDU Resources Group, Inc.	

The Committee attempts to set the compensation opportunities of our executive officers at levels that are competitive with the Energy Peers and uses market comparison data from each company's proxy regarding these companies as a guide. The Committee reviews the median salary, annual short-term cash target incentive and long-term target equity compensation (and the combined total of these elements)

Table of Contents**Executive Compensation Methodology**

of persons holding the same or similar positions at the Energy Peers, based on the most recent market data available. The Committee then generally seeks to set the compensation of our executive officers for each of these elements within a competitive range of the median, assuming payout of performance-based compensation at target. An executive's actual compensation may vary from the target amount set by the Committee based on individual and the company performance, as well as changes in our stock price. The use of market comparison data, however, is just one of the tools the Committee uses to determine executive compensation, and the Committee retains the flexibility to set target compensation opportunities at levels it deems appropriate for an individual or for a specific element of compensation.

To assess the relative competitiveness of compensation for each named executive officer, the Committee's established practice is to review the peer group base salary, short-term incentives, long-term incentives and total target compensation opportunities for the 25th, 50th and 75th percentiles. Because 2016 base salary and annual short-term incentive and long-term incentive target amounts established by the Committee for the named executive officers were between the 25th and 75th percentiles, the Committee determined that 2016 compensation levels fell within the Committee's established parameters.

Tally Sheets

To better understand the total executive compensation package, the Committee reviewed compensation tally sheets with respect to our named executive officers. These tally sheets were prepared by our human resources department working with the Committee's executive compensation consultant. Each of these tally sheets presented the dollar amount of each component of the named executive officers' compensation, including current cash compensation (base salary and any annual short-term cash incentive payment), accumulated deferred compensation balances, outstanding long-term equity awards, retirement benefits, incidental or one-time perquisites and any other compensation. These tally sheets also reflected potential payments under selected termination of employment and change-in-control scenarios.

The purpose of these tally sheets is to summarize all of the elements of actual and potential future compensation of our named executive officers so that the Committee may analyze both the individual elements of compensation (including the compensation mix), as well as the aggregate total amount of actual and projected compensation.

Compensation Mix and At-Risk Pay

In determining the overall mix of 2016 compensation for our named executive officers, the Committee considered the competitive market data assembled by its executive compensation consultant in order to assess an appropriate allocation between cash and non-cash compensation. We pay base salary and short-term incentives in the

form of cash, which is consistent with competitive market practices. The long-term incentive components of our executive compensation are structured to be paid in shares of our common stock, which is also consistent with competitive market practice.

A significant portion of total executive compensation is at-risk based on both the annual and long-term performance of our company that aligns the interests of our executives with the interests of our shareholders. In 2016, grants to our

named executive officers consisted of approximately 80 percent of the value in performance-vesting stock units and 20 percent of the value in time-vested restricted stock units, consistent with our pay-for-performance philosophy. In addition, the payment of long-term incentive compensation in the form of our common stock helps to align the interests of our executive officers with the interests of our shareholders and assists our executives in establishing a meaningful ownership position in our company and in meeting our share-ownership guidelines.

Personal Performance

Executive compensation decisions include an assessment of individual performance, including the named executive officer's contribution to our overall performance for the applicable performance period. Individual performance criteria include:

business results achieved;

problem analysis;

directing business activities;

utilization of human, capital and material resources;

initiation of and response to change;

leadership, planning and organizational abilities;

decision-making;

time management;

communication and employee relations;

safety and environmental performance;

regulatory compliance; and

customer satisfaction.

The Committee, in consultation with our Corporate Governance Committee, completes an individual performance assessment of the Chief Executive Officer each year. This performance assessment is summarized and presented to the Chief Executive Officer for discussion and is reviewed by the Committee in executive session when evaluating the

compensation of the Chief Executive Officer. The other named executive officers are also evaluated each year through our performance appraisal process by the Chief Executive Officer.

Table of Contents

Components of Compensation

These performance assessments are considered each year in connection with the overall compensation review process for our executives.

There are no differences in the Committee's compensation policies and practices for determining the compensation awarded to the Chief Executive Officer and the other named executive officers. Differences in levels of compensation are attributable to differences in roles and responsibilities, individual performance and the Committee's practice of setting pay levels to reflect competitive market conditions on a position by position basis.

COMPONENTS OF COMPENSATION

Total Compensation

The Committee strives to provide a comprehensive executive compensation program that is competitive and performance-based. To that end, executive compensation is tied directly to our operating and financial performance. In structuring executive compensation, the Committee considers long- and short-term financial performance, shareholder return, business unit performance, safety, environmental and regulatory compliance and the previously referenced individual performance criteria.

We believe our executive compensation program also must be internally consistent and equitable in order for the company to achieve its corporate objectives. In setting the elements and amounts of compensation, the Committee generally does not consider amounts of compensation realizable from prior years' compensation. However, when making grants of long-term, equity-based incentive grants each year, the Committee considers, among other factors it deems relevant, the size of grants of long-term, equity-based compensation made in prior years.

Annual Cash Compensation

As in prior years, annual cash compensation in 2016 for the named executive officers consists of two components: base salary and a variable, at-risk annual short-term cash incentive award that is earned based on both the company's financial and operating performance and the executive officer's individual performance.

Base Salary. Annual base salary is designed to compensate executives for their level of responsibility, experience, tenure, sustained individual performance and contribution to our company. Salaries are reviewed annually. While the Committee considers our overall financial performance in establishing levels of executive compensation each year, there are no specific, objective financial results that are quantified by the Committee in establishing or changing the base salaries of our named executive officers.

Annual Short-Term Cash Incentive Awards. Variable, at-risk annual short-term cash incentive awards are made under our annual incentive plan and are designed to communicate a collective annual corporate goal, to provide our named executive officers with a direct financial interest in our performance and profitability and to reward performance. The 2016

performance goals established under the short-term cash incentive plan and the company's performance relative to such goals are described under 2016 Annual Short-Term Incentive Awards.

Long-Term Equity Incentive Awards

Annual grants of long-term equity incentive awards are made under our Long-Term Incentive Plan (LTI Plan) and our ECP. Since 2004, grants under these plans have consisted of restricted stock units and performance units. These annual grants are designed to provide a meaningful incentive to enhance long-term shareholder value. A higher ratio of performance units to restricted stock units is granted to higher-level officers and those with more direct ability to impact the performance of the company.

Retirement Benefits

We have a defined contribution 401(k) retirement plan covering all of our employees, including our named executive officers, and we match contributions of our employees under this plan up to six percent of eligible compensation. We also maintain a defined benefit pension plan covering Messrs. Spencer and Christensen and certain other employees hired prior to January 1, 2005, and a Profit Sharing Plan covering Messrs. Reiners, Martinovich and Hulse, and other employees hired after December 31, 2004. Under the Profit Sharing Plan, we made a contribution to the participant's plan account of an amount equal to one percent of the participant's eligible compensation for that quarter. We also made an additional discretionary contribution to the participant's account at year end equal to four percent of the participant's eligible 2016 compensation. The Profit Sharing Plan does not provide for any contributions to be made by plan participants.

In addition, we have a supplemental executive retirement plan for the benefit of certain officers. Among our named executive officers, only Mr. Spencer is a participant in the supplemental executive retirement plan. No new participants in our supplemental executive retirement plan have been approved since 2005 and the plan was closed to new participants in 2013. Additional details regarding our defined benefit pension plan and supplemental executive retirement plan are provided under Pension Benefits.

We also sponsor employee health and welfare plans that provide post-retirement medical and life insurance benefits to full-time employees hired prior to January 1, 2017 who retire from our company, including our named executive officers. The pre-Medicare post-retirement plans are contributory, with retiree contributions adjusted periodically, and contain other cost-sharing features such as deductibles and co-insurance. The retiree medical plan for Medicare-eligible retirees is an account-based plan pursuant to which certain employee groups are eligible for company contributions that can be applied toward the purchase of Medicare supplement policies through a private exchange.

Table of Contents

2016 Annual Short-Term Incentive Awards

Nonqualified Deferred Compensation Plan

Our nonqualified deferred compensation plan (NQDC Plan) is available to a select group of management and highly compensated employees, including our named executive officers. The NQDC Plan permits participants to defer receipt of a portion of their compensation for the following year and provides notional employer contributions to compensate participants who are subject to certain limits established by the Internal Revenue Code of 1986, as amended (the Tax Code), with respect to their qualified benefit plan contributions. Because these arrangements are, by their nature, tied to cash compensation and qualified plan benefits, they are not considered by the Committee when establishing salary and short-term and long-term incentive measures and amounts. Officers also are eligible to defer the receipt of their long-term equity incentive awards granted under our ECP.

Perquisites and Other Benefits

The company provides only minimal perquisites to the named executive officers, which are not taken into account by the Committee when establishing salary and short- and long-term incentive compensation.

2016 COMPENSATION DECISIONS

For each of our named executive officers, 2016 base salary and short- and long-term incentive targets were determined following consideration of the business and economic environment, market data for the Energy Peers compiled and furnished by the executive compensation consultant to the Committee, internal equity considerations and a subjective determination of the officer's individual performance. The Committee does not use objective targets when evaluating performance with respect to those individual performance criteria, and does not have a specific weighting for any of the factors. The final determination is based upon all of the individual performance criteria, considered in the aggregate and in light of the surrounding circumstances, but such determination and the assessment of each individual factor is entirely subjective. The Committee includes and reviews those subjective factors to ensure that it undertakes a comprehensive review of individual performance when setting compensation.

For 2016, the Committee determined that:

the compensation of each of the named executive officers (other than our Chief Executive Officer) was within the desired competitive range and, as a result, 2016 compensation structure did not change; and

for all named executive officers, salaries and short- and long-term incentive targets should be held flat due to the uncertain industry environment, except for Mr. Spencer's long-term incentive target which the Committee increased by \$250,000. The Committee approved this increase to more competitively align Mr. Spencer's total compensation with our Energy Peers and in recognition of the fact that Mr. Spencer had not received an increase in his total target compensation since becoming our Chief Executive Officer in early 2014.

2016 ANNUAL SHORT-TERM INCENTIVE AWARDS

The purpose of our annual short-term incentive plan is to align the named executive officers' interests with shareholders' interests by providing them with a financial incentive tied directly to key measures of our financial and operational performance.

Financial Measures

The 2016 short-term incentive plan included the measurement of financial results that take into account the impact of anticipated market conditions (commodity prices, natural gas liquids price differentials and natural gas and natural gas liquids volumes). The financial measures included in the 2016 short-term incentive plan were:

ONEOK Partners distributable cash flow (DCF) per limited partner unit (LP Unit) which measures the quantity of ONEOK Partners earnings. ONEOK Partners DCF per LP Unit is defined as Adjusted EBITDA (as defined below) less interest expense, maintenance capital expenditures and equity earnings from investments, adjusted for net cash distributions received from unconsolidated affiliates and certain other non-cash items and less distributions to the general partner, divided by the weighted-average number of ONEOK Partners limited partner units outstanding at the end of the fiscal year. Adjusted EBITDA is defined as net income adjusted for interest expense, depreciation and amortization, income taxes, allowance for equity funds used during construction and certain other non-cash items. ONEOK Partners DCF per LP Unit measures the amount of cash generated by ONEOK Partners to pay out in the form of distributions to its unitholders.

ONEOK Partners return on invested capital (ROIC) which measures the quality and efficiency of ONEOK Partners earnings. ONEOK Partners ROIC is earnings before interest and taxes (EBIT), excluding net income attributable to noncontrolling interests, divided by invested capital, where invested capital is the daily average for the fiscal year of short-term debt, less cash, long-term debt and equity, excluding accumulated other comprehensive income and noncontrolling interests in consolidated subsidiaries. ROIC is a critical indicator of how effectively we use our capital invested in our operations and is an important measurement for judging how much value we are creating for our shareholders.

ONEOK Partners DCF per LP Unit, Adjusted EBITDA and EBIT do not include the cumulative effects of accounting changes.

Table of Contents**2016 Annual Short-Term Incentive Awards****Operational Measures**

The operational measures included in the 2016 short-term incentive plan were:

Total Recordable Incident Rate (TRIR). TRIR is the number of Occupational Safety and Health Administration incidents per 200,000 work-hours. The inclusion of this metric is designed to emphasize our commitment to the safe operation of our business and to reward safe behavior throughout our company. The 2016 target for TRIR represented a 10 percent improvement over the previous year's target results.

Agency Reportable Environmental Event Rate (AREER). AREER is defined as the total number of releases and excess emission events that trigger a federal, state or local environmental reporting requirement (with some exceptions to account for events outside our control, planned maintenance and disparities in reporting requirements across our operations) per 200,000 work-hours. The 2016 AREER target represented a 15 percent improvement from 2015 AREER.

Goal Setting

The Committee also approved a threshold, target and maximum level for each financial and operational measure. These levels were based

on the expectation that there was: a high likelihood the threshold will be achieved; a reasonable likelihood the target will be achieved; and a low likelihood the maximum will be achieved.

Based upon the company's performance against these measures, targeted annual short-term cash incentive awards for 2016 company performance could range from zero to a maximum of 200 percent of target. In determining the actual annual short-term incentive award to be paid to each named executive officer, assuming the company's performance measures are met, the award is adjusted based on individual performance, which is measured based on the individual's contributions to achieving our corporate goals. As in past years, tying the annual short-term cash incentive award to individual performance raises the level of personal accountability for each named executive officer.

The 2016 annual short-term cash incentive plan measures and weighting were developed and recommended to the Committee by executive management, were reviewed and approved by the Committee, and were approved by our Board of Directors in February 2016.

The 2016 metrics and targets are summarized as follows:

ONEOK, Inc. Corporate	Threshold	Target	Maximum Weighting	Target Payout	Maximum Payout
-----------------------	-----------	--------	-------------------	---------------	----------------

Criteria 2016 Fiscal Year		(Pays 0%)	(Pays 100%)	(Pays 200%)			
ONEOK Partners	Distributable Cash	\$2.80	\$3.31	\$3.83			
	Flow Per Unit				40%	40%	80%
ONEOK Partners	Return On Invested	9.5%	10.6%	11.6%			
	Capital				40%	40%	80%
	Total Recordable Incident Rate (TRIR)	0.67	0.58	0.49	10%	10%	20%
	Agency Reportable Environmental Event	1.54	1.34				
	Rate (AREER)			1.14	10%	10%	20%
					Total	100%	200%

For each performance measure in the table above, no incentive amount would be paid for that measure if the company's actual result was below the threshold level. If our actual result was between the stated performance levels, the percentage payable was interpolated between the stated payout percentages. Maximum corporate payout percentages were set for each performance level. The cumulative maximum corporate payout percentage was 200 percent of target for 2016.

In addition to taking into account the established corporate criteria, annual short-term cash incentive awards to the named executive

officers are subject to further adjustment through the application of an individual performance multiplier ranging from zero to 125 percent (a greater percentage may be applied if approved by our Chief Executive Officer). The individual performance multiplier is set by the Committee annually, taking into consideration management's recommendation regarding individual performance and contribution.

Table of Contents**Long-Term Incentive Awards****2016 Results**

The following table sets forth the 2016 target and maximum award opportunity for each of the named executive officers expressed as a percentage of his base salary.

Name	2016	
	Target Award as Percentage of Base Pay	Maximum Award as a Percentage of Base Pay
Terry K. Spencer	100%	250%
Derek S. Reiners	65%	163%
Robert F. Martinovich	70%	175%
Wesley J. Christensen	70%	175%
Walter S. Hulse III	70%	175%

At the regular meeting of the Committee held in February 2017, the Committee determined that payouts under the 2016 short-term incentive plan would be based on a 99.1 percent corporate multiplier. This determination was made following the calculation of the year-end results of the company's achievement with respect to the four objective performance criteria referenced above. The percentage multiplier was calculated based on a sum of the following determinations:

the 2016 ONEOK Partners DCF per LP Unit was \$3.44 which was above the target. As a result, the weighted average percentage of 50.0 percent was earned toward the overall corporate multiplier;

the 2016 ONEOK Partners ROIC was 10.52 percent, which was below the target but above the threshold. As a result, the weighted average percentage of 37.1 percent was earned toward the overall corporate multiplier;

the 2016 TRIR performance measure was 1.05, which was below the threshold. As a result, the weighted average percentage of zero percent was earned toward the overall corporate multiplier; and

the 2016 AREER was 1.30 which was better than target. As a result, the weighted average percentage of 12.0 percent was earned toward the overall corporate multiplier.

These performance measure percentages were added together to arrive at the 99.1 percent corporate multiplier.

To determine the short-term awards payable to each of our named executive officers with respect to 2016, the company's 99.1 percent multiplier was multiplied by the named executive officer's base salary, times his target

short-term incentive percentage as set forth in the table above, and times his individual performance multiplier as described above. The annual calculation for our named executive officers may be stated as follows:

The Committee did not exercise its discretion to adjust the amount of the 2016 corporate multiplier for extraordinary circumstances.

The Non-Equity Incentive Plan Compensation column of the Summary Compensation Table for Fiscal 2016 on page 56 contains the annual short-term incentive awards under the annual officer incentive plan earned by each of the named executive officers for 2016 and paid in 2017.

LONG-TERM INCENTIVE AWARDS

Overview

We maintain the LTI Plan and the ECP, pursuant to which various types of long-term equity incentives may be granted, including restricted stock units and performance units. We have not granted stock options since 2007, and no options are held by our named executive officers. Participation in the LTI Plan and the ECP is limited to those officers and employees who are in a position to contribute significantly to our long-term growth and profitability. These plans are administered by the Committee, and the Committee is authorized to make all grants of long-term incentive awards under the plans, as well as to make all decisions and interpretations required to administer the plans.

Equity-based long-term incentive awards are approved and granted on an annual cycle, typically in the first quarter of each year. Awards made by the Committee in 2016 were based upon competitive market data provided to the Committee by the Committee's executive compensation consultant, as well as the Committee's assessment of our overall performance and the individual executive's performance and contribution. The Committee also considered the size of equity grants made in prior years to each executive.

Table of Contents**Clawback Provisions**

The ECP provides that the Committee may approve the deferral by officers, for income-tax-planning purposes, of the receipt of shares otherwise issuable to participants upon vesting of performance units granted to them under the plan. With respect to any such deferrals, the issuance of shares is deferred until the date indicated in the participant's election. Dividend equivalents are earned on the deferred awards during the deferral period and are deemed to be reinvested in our common stock. At the distribution date, the remaining state and federal taxes are due, and the net shares are distributed to participants based on the number of shares deferred and the fair market value of our common stock price on that date.

2016 Awards

In 2016, restricted stock units were granted pursuant to the LTI Plan and performance units were granted pursuant to the ECP. With respect to awards to our named executive officers in 2016, approximately 80 percent were performance-vested stock awards and 20 percent were time-vested restricted stock unit awards, reflecting our practice to grant more potential value to our named executive officers in awards which vest based on a performance metric than in awards which vest based on a time-based service metric. The aggregate grant date fair value of the restricted stock units and performance units granted under the LTI Plan and the ECP to the named executive officers in 2016, as determined in accordance with ASC Topic 718, is shown in the Stock Awards column of the Summary Compensation Table for Fiscal 2016 on page 56.

2016 Restricted Units. Restricted stock units granted under the LTI Plan in 2016 vest three years from the date of grant, at which time the holder is entitled to one share of our common stock for each restricted stock unit held. If a holder of restricted stock units retires, becomes disabled or dies prior to vesting, the restricted stock units will vest immediately on a prorated basis based on the number of full months elapsed from the date of grant and the date of such holder's retirement, disability or death. In cases of termination of employment for any reason other than retirement, disability, death or involuntary termination other than for cause, restricted stock units are forfeited. In the event of a change in control of the company, restricted stock unit awards vest as of the effective date of the change in control. Dividend equivalents are payable with respect to these restricted stock units over the term of the vesting period.

2016 Performance Units. Performance units granted under the ECP in 2016 vest three years from the date of grant, at which time the holder is entitled to receive a percentage of the performance units granted in shares of our common stock. The number of shares of common stock to be issued upon vesting will range from zero to 200 percent of the number of units granted based on our total shareholder return (TSR) over the performance period of February 17, 2016 to February 17, 2019, compared with the TSR of the peer group established for 2016 performance units. TSR

includes both the change in market price of the stock and the value of dividends paid and reinvested in the stock during the three-year performance period. Peer companies that are no longer publicly traded on the closing date of the performance period as a result of an acquisition will not be considered in the performance calculation and any peer company that files for bankruptcy protection will be deemed to have TSR of -100%.

The following table reflects the percentage of units that will be earned at the end of the performance period based on our TSR performance during such period as compared with our peer group:

PERFORMANCE UNITS VESTING CRITERIA**FEBRUARY 2016 FEBRUARY 2019 PERFORMANCE PERIOD**

ONEOK TSR Ranking vs. ONEOK Peer Group	Percentage of Performance Units Earned
90th percentile and above	200%
75th percentile	150%
50th percentile	100%
25th percentile	50%
Below the 25th percentile	0%

If our TSR ranking at the end of the performance period is between the stated percentage levels set forth in the table above, the percentages of performance units earned will be interpolated between the earnings levels.

If a holder of performance units retires, becomes disabled, dies or is terminated other than for cause prior to vesting, the performance units will vest based on the performance results at the end of the performance period on a prorated basis based on the number of full months elapsed from the date of grant and the date of such holder's retirement, disability, death or involuntary termination other than for cause. In cases of termination of employment for any reason other than retirement, disability, death or involuntary termination other than for cause, performance units are forfeited. Outstanding performance units that vest in connection with a change of control will vest in an amount based on the total shareholder return performance results over the period from the date of grant through the effective date of the change of control. Dividend equivalents are payable with respect to these performance units over the term of the vesting period.

CLAWBACK PROVISIONS

Our Board believes that employees who are responsible for material noncompliance with applicable financial reporting requirements resulting in accounting errors leading to a financial statement restatement should not benefit monetarily from such noncompliance. We have adopted clawback provisions to permit our Board or a committee of our Board to use appropriate discretion to recapture grants of performance units and short-term cash incentive awards paid

Table of Contents

Change-in-control Payments

to employees who bear responsibility for such noncompliance. We believe that these clawbacks discourage employees from taking actions that could result in material excessive risk to us.

Our outstanding performance-unit grants contain provisions that allow the Committee, in its sole discretion, to seek recoupment of the grant of the performance units, any resulting shares earned and the gross proceeds from the sale of such shares in the event of fraud, negligence or intentional misconduct by the holder of the performance units that is determined to be a contributing factor to our having to restate all or a portion of our financial statements.

In addition, our annual short-term incentive plan provides that the Committee, in its sole discretion, may call for repayment of all or a portion of a short-term cash incentive award to a participant in the event of fraud, negligence or intentional misconduct by the participant that is determined to be a contributing factor to our having to restate all or a portion of our financial statements.

In fiscal year 2016, we had no financial statement corrections requiring a restatement, and the Board has not needed to consider taking any action under these clawback provisions.

On July 1, 2015, the Securities and Exchange Commission issued a proposed rule and rule form amendments to implement the provisions of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 10D to the Exchange Act. The proposed rule and rule amendments would direct the national securities exchanges and national securities associations to establish listing standards that would require each issuer to develop and implement a policy providing for the recovery, under certain circumstances, of incentive-based compensation based on financial information required to be reported under the securities laws that is received by current or former executive officers, and require the disclosure of the policy. A listed issuer would be required to file the policy as an exhibit to its annual report. The public comment period on the proposed rule and rule amendments has closed. Publication of the final rule and rule amendments has not yet occurred. We expect to revise our clawback policy to conform to the new rules once the new rules have been adopted.

SECURITIES TRADING POLICY

We have a policy that employees, including our officers and directors, may not purchase or sell our stock when they are in possession of material non-public information. This policy also provides that officers, directors and employees in certain designated work groups may trade in our securities only during open window periods (beginning the third day after our release of quarterly or annual earnings and continuing until the first day of the following calendar quarter) and must pre-clear all purchases and sales of our securities with our senior management. This policy also prohibits officers, members of our Board

of Directors and employees in certain designated work groups from engaging in short sales, derivative or speculative transactions in our securities, or purchasing or using, directly or indirectly through family members or other persons or entities, financial instruments (including puts or calls, prepaid variable forward contracts, equity swaps, collars and exchange funds) that are designed to hedge or offset any decrease in the market value of our securities.

The policy also prohibits officers and directors from holding our securities in a margin account or pledging our securities as collateral for a loan. An exception to this prohibition may be granted by the Chief Executive Officer

when an officer or director wishes to pledge shares of our stock as collateral for a loan (but not including a margin account), the officer or director clearly demonstrates the financial capacity to repay the loan without resorting to the pledged securities, and the terms of the loan prohibit the sale of any of our stock held as collateral when the officer or director is not permitted to trade in our stock.

No named executive officer or member of our Board of Directors has pledged any of their shares of our common stock.

SHARE OWNERSHIP GUIDELINES

Our Board of Directors strongly advocates executive share ownership as a means to align executive interests with those of our shareholders and has adopted share-ownership guidelines for our Chief Executive Officer and all other officers of the company. These guidelines generally must be achieved by each officer over the course of five years after becoming an officer. The ownership guideline for the Chief Executive Officer is a share ownership position with a value of six times base salary. The ownership guidelines for the other officers provide for share ownership positions ranging from two to five times base salary, depending on the office held.

Our Board of Directors has also established minimum share-ownership guidelines for our directors that provide that, within five years after joining the Board, each non-management director will own shares of our common stock having a minimum value of five times the annual cash retainer paid for service on our Board.

CHANGE-IN-CONTROL PAYMENTS

Our senior management and other employees have built our company into the successful enterprise that it is today, and we believe that it is important to protect their interests in the event of a change in control of our company. Further, it is our belief that the interests of our shareholders will be best served if the interests of our senior management are aligned with our shareholders, and that providing change in control benefits should mitigate the reluctance of senior management to pursue potential change-in-control transactions that may be in the best interests of our shareholders.

Table of Contents**Executive Compensation Committee Report**

We have a Change-in-Control Severance Plan that provides for certain payments (comprised of a single lump sum cash payment that may be up to three times the participant's base salary and target short-term incentive bonus, plus reimbursement of COBRA healthcare premiums for up to 18 months) in the event of termination of employment of an executive officer of our company (including the named executive officers) following a change in control. The plan does not provide for additional pension benefits upon a change in control. In addition, the plan does not provide a tax gross-up feature but provides plan participants a net best approach to excise taxes in determining the benefit payable to a participant under the plan. This approach determines a participant's net best benefit based on the full benefit being paid to a participant and the participant paying the applicable federal excise tax, if any, or reducing the benefit to a level that would not trigger the payment of federal excise tax. To determine the levels of benefits to be paid to the named executive officers under the plan when the plan was adopted, the Committee consulted with Meridian Compensation Partners, its independent executive compensation consultant, to determine competitive practices in our industry with respect to change in control arrangements. The Committee determined that the levels of benefits provided under the plan, including the payment of various multiples of salary and target short-term incentive compensation, accomplished our objective of providing competitive benefits and that these benefits are consistent with the general practice among our peers. The Committee annually reviews the eligible participants and benefit levels under the plan. Under this plan, all change-in-control benefits offered under the plan itself are double trigger and are payable only if the officer's employment is terminated without just cause or by the officer for good reason at any time during the two years following a change in control.

For additional information on this plan, see Potential Post-Employment Payments and Payments upon a Change in Control below.

REIMBURSEMENT FROM ONEOK PARTNERS

We have entered into a services agreement with ONEOK Partners pursuant to which we provide various services to ONEOK Partners, including the services of certain members of our management who serve as officers of the sole general partner of ONEOK Partners. Under the services agreement, we allocate to and are reimbursed by ONEOK Partners a portion of the total compensation paid by us to Messrs. Spencer, Reiners, Martinovich, Christensen and Hulse in connection

with their services rendered on behalf of ONEOK Partners. In 2016, the percentage of total compensation paid to such individuals for which we were reimbursed by ONEOK Partners was 70% for Messrs. Spencer, Reiners, Martinovich and Hulse and 100% for Mr. Christensen.

INTERNAL REVENUE SERVICE LIMITATIONS ON DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Tax Code, places a limit of \$1,000,000 on the amount of compensation our company may deduct in any one year with respect to its Chief Executive Officer or any of the three other most highly compensated executive officers, other than the principal financial officer, who are employed by us on the last day of the taxable year. There is an exception to the \$1,000,000 limitation for performance-based compensation that meets certain requirements. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals in the best interest of our company, the Committee has not adopted a policy requiring all

compensation to be fully deductible under Section 162(m).

EXECUTIVE COMPENSATION COMMITTEE REPORT

The Executive Compensation Committee of the Board of Directors has the responsibility for reviewing and recommending to the full Board of Directors the company's executive compensation program. The Committee is composed entirely of persons who qualify as independent directors under the listing standards of the NYSE.

In this context, the Committee has met, reviewed and discussed with management the Executive Compensation Discussion and Analysis contained in this proxy statement. Based on this review and discussion, the Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the Executive Compensation Discussion and Analysis in this proxy statement.

Respectfully submitted by the members of the Executive Compensation Committee of the Board of Directors:

Steven J. Malcolm, *Chair*

Pattye L. Moore, *Vice Chair*

Kevin S. McCarthy, *Member*

1 The amounts included in the table relate to restricted stock units and performance units granted under our LTI Plan and our ECP, respectively, and reflect the aggregate grant date fair value calculated pursuant to ASC Topic 718. Material assumptions used in the calculation of the value of these equity grants are included in Note J to our audited financial statements for the year ended December 31, 2016, included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2017.

The aggregate grant date fair value of restricted stock units for purposes of ASC Topic 718 was determined based on the closing price of our common stock on the grant date, adjusted for the current dividend yield. With respect to the performance units, the aggregate grant date fair value for purposes of ASC Topic 718 was determined using the probable outcome of the performance conditions as of the grant date based on a valuation model that considers the market condition (TSR) and using assumptions developed from historical information of the company and each of the referenced peer companies. The value included for the performance units is based on 100 percent of the performance units vesting at the end of the three-year performance period. Using the maximum number of shares issuable upon vesting of the performance units (200 percent of the units granted), the aggregate grant date fair value of the performance units would be as follows:

NAME	2016	2015	2014
Terry K. Spencer	\$ 4,528,871	\$ 3,750,102	\$ 3,708,300
Derek S. Reiners	\$ 1,509,168	\$ 1,407,348	\$ 1,388,850

Wesley J. Christensen	\$ 1,509,168	\$ 1,407,348	\$ 1,388,850

2 Reflects short-term cash incentives earned in 2014, 2015 and 2016 and paid in 2015, 2016 and 2017, respectively, under our annual short-term incentive plan. For a discussion of the performance criteria established by the Committee for awards under the 2016 annual short-term incentive plan, see 2016 Annual Short-Term Incentive Awards above.

3 The amounts reflected represent the aggregate change during 2016 in the actuarial present value of the named executive officers' accumulated benefits under our qualified Retirement Plan and our Supplemental Executive Retirement Plan. For a description of these plans, see Pension Benefits below. The change in the present value of the accrued pension benefit is impacted by variables such as additional years of service, age and the discount rate used to calculate the present value of the change. For 2016, the change in pension value reflects an increase due to additional service for the year, as well as an increase in present value due to the lower discount rate (4.5 percent for 2016, down from 5.25 percent in 2015). The Retirement Plan was closed to new participants as of December 31, 2004, and the only named executive officers who participate in the plan are Messrs. Spencer and Christensen. Mr. Spencer is the only named executive officer who participates in our Supplemental Executive Retirement Plan. This plan has not accepted any new participants since 2005.

a For additional information on our Nonqualified Deferred Compensation Plan, see Pension Benefits Nonqualified Deferred Compensation Plan below.

b Our 401(k) Plan is a tax-qualified plan that covers substantially all of our employees. Employee contributions are discretionary. Subject to certain limits, we match 100 percent of employee contributions to the plan up to a maximum of 6 percent of eligible compensation.

c At December 31, 2016, our Profit Sharing Plan covered all full-time employees hired after December 31, 2004, and employees who accepted a one-time opportunity to opt out of our Retirement Plan. We plan to make a contribution to the Profit Sharing Plan each quarter equal to 1 percent of each participant's eligible compensation during the quarter. Additional discretionary employer contributions may be made at the end of each year. Employee contributions are not allowed under the plan.

d Reflects incremental costs incurred by our company for personal use of our corporate aircraft by Mr. Hulse that relates to one segment of a flight whose primary purpose was to conduct company business. The incremental cost of personal use of our company aircraft is calculated based on the cost of fuel, crew travel, on-board catering, trip-related maintenance, landing fees and trip-related hangar and parking costs and other similar variable costs. Fixed costs that do not change based on usage, such as pilot salaries, home hangar expenses and general taxes and insurance are excluded from the incremental cost calculation. If our aircraft flies empty before picking up or dropping off a passenger flying for personal reasons, this deadhead segment is included in the incremental cost of the personal use.

e Mr. Hulse joined our company as Executive Vice President, Strategic Planning and Corporate Affairs in February 2015. The relocation and commuting expenses reflected in the table relate to the expenses incurred in relocating Mr. Hulse and his family from their home in New Jersey to our headquarters in Tulsa, Oklahoma. Mr. Hulse's relocation expenses were grossed up for tax purposes and the amounts in the table reflect \$67,761 and \$46,242 in taxes for 2016 and 2015, respectively, for his relocation allowance. In addition, Mr. Hulse was reimbursed for travel expenses in the amount of \$4,227 incurred in 2015 under a consulting arrangement with the company which terminated upon his becoming an executive officer of our company.

f Under our Employee Stock Award Program, we have issued one share of our common stock to all eligible employees (full-time employees and employees on short-term disability), including our named executive officers for no additional cash consideration, when the per-share closing price of our common stock on the NYSE was above \$13 (taking into account our two-for-one split in 2012) per share for the first time. We have issued and will continue to issue, for no additional cash consideration, one additional share of our common stock to all eligible employees when the closing price on the NYSE is at or above each one dollar increment above \$13 per share.

g Reflects charitable contributions made by our company or the ONEOK Foundation, Inc. on behalf of the named executive officer consisting of (i) matching contributions up to \$5,000 per year made to non-profit organizations of the officer's choice under our matching grant program, and (ii) matching contributions to the

United Way pursuant to our annual United Way Contribution Program.

Other than as set forth above, the named executive officers did not receive perquisites or other personal benefits with an aggregate value of \$10,000 or more during 2014, 2015 or 2016.

5 Mr. Hulse commenced employment with the company in February 2015. Mr. Hulse's annual salary and non-equity incentive plan compensation reflect the prorated amounts for his service from February through December 2015.

1 Reflects estimated payments that could have been made under our 2016 annual short-term cash incentive plan. The plan provides that our officers may receive annual short-term incentive cash awards based on the performance and profitability of the company, the performance of particular business units of the company and individual performance during the relevant fiscal year. The corporate and business-unit criteria and individual performance criteria are established annually by the Committee. The Committee also establishes annual target awards for each officer expressed as a percentage of their base salaries. The actual amounts earned by the named executive officers in 2016 under the plan and paid in 2017 are set forth under the *Non-Equity Incentive Plan Compensation* columns in the Summary Compensation Table for Fiscal 2016 above.

2 Reflects the performance units that could be earned pursuant to awards granted under our ECP that are earned three years from the date of grant, at which time the holder is entitled to receive a percentage (0 to 200 percent) of the performance-units granted based on our TSR over the period of February 17, 2016, to February 17, 2019, compared with the TSR of the referenced peer group. One share of our common stock is payable in respect of each performance unit that vests. Performance units are also subject to accelerated vesting upon a change in control based on actual TSR performance relative to the designated peer group as of the effective date of the change in control.

3 Reflects restricted stock units granted under our LTI Plan that vest three years from the date of grant, at which time the grantee is entitled to receive the grant in shares of our common stock.

4 With respect to the performance units, the aggregate grant date fair value for purposes of ASC Topic 718 was determined using the probable outcome of the performance conditions as of the grant date based on a valuation model that considers market conditions (such as TSR) and using assumptions developed from historical information of the company and each of the peer companies referenced under *Long-Term Incentive Awards 2016 Awards* above. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the performance period determined as of the grant date under ASC Topic 718. The value presented is based on 100 percent of the performance units vesting at the end of the three-year performance period.

Performance units vest three years from the date of grant, at which time the holder is entitled to receive a percentage (0 to 200 percent) of the performance-units granted (and any accrued dividend equivalent rights associated with such performance units) based on our TSR over the three-year performance period, compared with the TSR of the referenced peer group. One share of our common stock is payable in respect of each performance unit granted that becomes vested. The following table reflects the projected vesting level assuming our TSR is at the 50th percentile of the referenced peer group. Based on our TSR compared with the TSR of the referenced peer group at December 31, 2016, our outstanding performance units due to vest on February 19, 2017, February 18, 2018 and February 17, 2019 would each vest at 106%, 187% and 190% percent, respectively.

¹ No new participants have been added to our Supplemental Executive Retirement Plan since 2005, and, in November 2013, our Board of Directors approved an amendment to the Supplemental Executive Retirement Plan that closed this plan to any additional participants as of January 1, 2014. The Retirement Plan was closed to new participants as of December 31, 2004. Messrs. Spencer and Christensen are the only named executive officers who participate in the Retirement Plan. Mr. Spencer is the only named executive officer who participates in the Supplemental Executive Retirement Plan.

² A participating executive officer's benefit is determined as of age 62 when an unreduced benefit can be received under the plans. The present value of the unreduced benefit is determined using the assumptions from the pension plan measurement date of December 31, 2016. Material assumptions used in the calculation of the present value of accumulated benefits are included in Note K to our audited financial statements for the year ended December 31, 2016, included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2017.

Retirement Plan

The ONEOK, Inc. Retirement Plan is a defined benefit pension plan qualified under the Tax Code and is subject to the Employee Retirement Income Security Act of 1974, as amended. At December 31, 2016, the plan covered full-time employees hired prior to January 1, 2005. Employees hired after January 1, 2005, and employees who accepted a one-time opportunity to opt out of our Retirement Plan in 2004 are now covered by our Profit Sharing Plan.

Benefits under our Retirement Plan generally become vested and non-forfeitable after completion of five years of continuous employment. Under the plan, a vested participant receives a monthly retirement benefit at normal retirement age, unless an early retirement benefit is elected under the plan, in which case the retirement benefit may be actuarially reduced for early commencement. Generally, participants retiring on or after age 62 through normal retirement age receive 100 percent of their accrued monthly benefit which may be reduced depending on the optional form of payment elected at retirement. Accrued monthly benefits are calculated at the participant's retirement date based on the participant's credited service, limited to a maximum of 35 years, multiplied by a percentage of their final average earnings. The earnings utilized in the Retirement Plan benefit formula for employees include the base salary and short-term incentive

compensation paid to an employee during the period of the

employee's final average earnings, less any amounts deferred under our non-qualified deferred compensation plan. The period of final average earnings used to calculate the accrued monthly benefit is the employee's highest earnings during any 60 consecutive months during the last 120 months of employment. The amount of eligible compensation that may be considered in calculating retirement benefits is also subject to limitations in the Tax Code.

Supplemental Executive Retirement Plan

We maintain a Supplemental Executive Retirement Plan (SERP) as a nonqualified supplemental retirement benefit plan for certain officers. The SERP provides that officers may be selected for participation in a supplemental retirement benefit or an excess retirement benefit, or both. If a participant is eligible for both the supplemental retirement benefit and the excess retirement benefit, the excess retirement benefit and benefits payable under our Retirement Plan are treated as an offset that reduces the supplemental retirement benefit.

Participants in the SERP were selected by our Chief Executive Officer or, in the case of our Chief Executive Officer, by our Board of Directors. Our Board of Directors may amend or terminate the SERP at any time, provided that accrued benefits to current participants may not be reduced.

Table of Contents**Pension Benefits**

No new participants have been added to our SERP since 2005, and, in November 2013, our Board of Directors approved an amendment to the SERP that closed the SERP to any additional participants as of January 1, 2014.

Supplemental benefits payable to participating employees in the SERP are based upon a specified percentage (reduced for early retirement and commencement of payment of benefits under the SERP) of the highest 60 consecutive months compensation of the employee's last 120 months of service. The excess retirement benefit under the SERP

pays a benefit equal at least to the benefit that would be payable to the participant under our Retirement Plan if limitations imposed by the Tax Code were not applicable, less the benefit payable under our Retirement Plan with such limitations. Benefits under the SERP are offset by the payment of benefits under our Retirement Plan that were or would have been paid if Retirement Plan benefits were commenced at the same time as the SERP benefits. Although the SERP is an unfunded arrangement for purposes of ERISA and the Tax Code, assets have been set aside in a rabbi trust funded with corporate owned insurance policies to offset the associated SERP liabilities.

1 The All Other Compensation column of the Summary Compensation Table for Fiscal Year 2016 at page 56 includes these amounts paid under our Nonqualified Deferred Compensation Plan as our excess matching contributions with respect to our 401(k) Plan and excess quarterly and annual company contributions, if applicable, with respect to our Profit Sharing Plan.

2 There were no above-market earnings in 2016, 2015, or 2014.

3 Includes amounts previously reported in the Summary Compensation Table in the previous years when earned, if that officer's compensation was required to be disclosed in a previous year. Amounts reported in such years include previously earned, but deferred, salary and annual incentive awards; Company matching quarterly and annual contributions; and shares that were deferred upon vesting of long-term incentive grants and the dividend equivalents accumulated on these deferrals.

We maintain a Nonqualified Deferred Compensation Plan (Deferred Compensation Plan) to provide select management and highly compensated employees with the option to defer portions of their compensation and provide notional employer contributions that are not otherwise available due to limitations on employer and employee contributions to qualified defined contribution plans under the federal tax laws. We match contributions for the benefit of plan participants to

replace any company contributions a participant may lose because of limits imposed under the federal tax laws on contributions by a participant in the 401(k) Plan and limits on our contributions to our Profit Sharing Plan, as well as benefits limited by federal tax laws for participants in the ONEOK, Inc. Retirement Plan who do not participate in the SERP.

Table of Contents**Potential Post-Employment Payments and Payments upon a Change in Control**

The Deferred Compensation Plan also allows for supplemental credit amounts, which are amounts that can be contributed at the discretion of the Committee. Under the Deferred Compensation Plan, participants have the option to defer a portion of their salary and/or short-term incentive compensation to a short-term deferral account, which pays out a minimum of five years from the date of election to defer compensation into the short-term deferral account, or to a long-term deferral account, which pays out at retirement or termination of the participant's employment. Participants are immediately 100 percent vested. Short-term deferral accounts are credited with a notional investment return based on the five-year United States Treasury bond rate as of the first business day of January each year that, for 2016, was 1.74%. Long-term deferral accounts are credited with a notional investment return based on the amount of gains, losses and earnings for each of the investment options selected by the participant. For the year ended December 31, 2016, the notional investment return for the investment options for long-term investment accounts were as follows:

Fund Name	Plan Level Returns
Fidelity Balanced Fund Class K	7.12%

At the distribution date, cash is distributed to participants based on the fair market value of the deemed investment of the participant's accounts at that date. Although the Deferred Compensation Plan is an unfunded arrangement for purposes of ERISA and the Tax Code, assets have been set aside in a rabbi trust funded with corporate owned insurance policies to offset the associated Deferred Compensation Plan liabilities.

POTENTIAL POST-EMPLOYMENT PAYMENTS AND PAYMENTS UPON A CHANGE IN CONTROL

Described below are the post-employment compensation and benefits that we provide to our named executive officers. The objectives of the post-employment compensation and benefits that we provide are to:

assist in recruiting and retaining talented executives in a competitive market;

provide security for any compensation or benefits that have been earned;

permit executives to focus on our business;

eliminate any potential personal bias of an executive against a transaction that is in the best interest of our shareholders;

avoid the costs associated with separately negotiating executive severance benefits; and

provide us with the flexibility needed to react to a continually changing business environment.

We do not enter into individual employment agreements with our executive officers. Instead, in general, the rights of our executives with respect to specific events are covered by our compensation and benefit plans. Under this approach, post-employment compensation and benefits are established separately from the other compensation elements of our executives.

The use of a plan approach instead of individual employment agreements serves several objectives. First, the plan approach provides us with more flexibility to change the terms of severance benefits from time to time if necessary. Second, the plan approach is more transparent, both internally and externally. Internal transparency eliminates the need to negotiate separation benefits on a case-by-case basis and assures an executive that his or her severance benefits are comparable with those of his or her peers. Finally, the plan approach is easier for us to administer, as it requires less time and expense.

Payments Made upon Any Termination

Regardless of the manner in which a named executive officer's employment terminates, he or she is entitled to receive amounts earned during his or her term of employment. These amounts include:

accrued but unpaid salary;

amounts contributed under our 401(k) Plan, Profit Sharing Plan and Deferred Compensation Plan;

Table of Contents

Potential Post-Employment Payments and Payments upon a Change in Control

amounts accrued and vested through our Retirement Plan and SERP; and

unused prorated vacation.

Payments Made upon Retirement

In the event of the retirement of a named executive officer, in addition to the items identified above, such named executive officer will be entitled to:

receive a prorated share of each outstanding performance unit award granted under our ECP upon completion of the performance period;

receive a prorated portion of each outstanding restricted stock unit award granted under our LTI Plan; and

participate in retiree health and life benefits for himself and qualifying dependents.

Payments Made upon Death or Disability

In the event of the death or disability of a named executive officer, in addition to the benefits listed under the headings **Payments Made Upon Any Termination** and **Payments Made Upon Retirement** above, the named executive officer will receive applicable benefits under our disability plan or payments under our life insurance plan.

Payments Made upon or Following a Change in Control

We believe that the possibility of a change in control creates uncertainty for executive officers because such transactions frequently result in changes in senior management. Our Board of Directors has adopted a Change-in-Control Severance Plan that covers all of our executive officers, including the named executive officers. Subject to certain exceptions, the Change-in-Control Severance Plan will provide our officers with severance benefits if they are terminated by us without cause (as defined in the Change-in-Control Severance Plan and discussed in greater detail below) or if they resign for good reason (as defined in the Change-in-Control Severance Plan), in each case within two years following a change in control of ONEOK or ONEOK Partners (the pending merger and acquisition by us of the outstanding ONEOK Partners common units we do not already own does not constitute a change in control under this Plan. See **Executive Summary Business Highlights ONEOK Partners Merger** above). All Change-in-Control Severance Plan benefits are double trigger, meaning that payments and benefits under the plan are payable only if the officer's employment is terminated by us without cause or by the officer for a good reason at any time during the two years following a change in control. Severance payments under the plan consist of a single lump sum cash payment that may be up to three times the participant's base salary and target short-term incentive bonus, plus reimbursement of COBRA healthcare premiums for up to 18 months. Our Board of Directors, upon the recommendation of the Committee, established a severance multiplier of one or two times the

sum of annual salary plus target annual bonus for all participants in the Change-in-Control Severance Plan, including two times for each of the named executive officers.

The Change-in-Control Severance Plan does not provide for additional pension benefits upon a change in control. In addition, the Change-in-Control Severance Plan does not contain an excise tax gross-up for any participant. Rather, severance payments and benefits under the Change-in-Control Severance Plan will be reduced if, as a result of such reduction, the officer would receive a greater total payment after taking taxes, including excise taxes, into account.

Relative to the overall value of our company, we believe the potential benefits payable upon a change in control under the Change-in-Control Severance Plan are comparatively minor, and we believe that the level of benefits is consistent with the general practice among our peers.

For the purposes of the Change-in-Control Severance Plan, a change in control generally means any of the following events:

an acquisition of our voting securities by any person that results in the person having beneficial ownership of 20 percent or more of the combined voting power of our outstanding voting securities, other than an acquisition directly from us;

the current members of our Board of Directors, and any new director approved by a vote of at least two-thirds of our Board, cease for any reason to constitute at least a majority of our Board, other than in connection with an actual or threatened proxy contest (collectively, the Incumbent Board);

a merger, consolidation or reorganization with us or in which we issue securities, unless (a) our shareholders immediately before the transaction, as a result of the transaction, own, directly or indirectly, at least 50 percent of the combined voting power of the voting securities of the company resulting from the transaction, (b) the members of our Incumbent Board after the execution of the transaction agreement constitute at least a majority of the members of the Board of the company resulting from the transaction, or (c) no person other than persons who, immediately before the transaction owned 20 percent or more of our outstanding voting securities, has beneficial ownership of 20 percent or more of the outstanding voting securities of the company resulting from the transaction;

our complete liquidation or dissolution or the sale or other disposition of all or substantially all of our assets; or

we cease to own, directly or indirectly, a majority of each class of the outstanding equity interests of ONEOK Partners GP, L.L.C., the sole general partner of ONEOK Partners, we cease to hold the power to designate a majority of the Board of Directors of the general partner of ONEOK Partners, or the general partner of ONEOK Partners is removed.

Potential Post-Employment Payments and Payments upon a Change in Control

For the purposes of the Change-in-Control Severance Plan, termination for cause means a termination of employment of a participant in the Change-in-Control Severance Plan by reason of:

a participant's indictment for or conviction in a court of law of a felony or any crime or offense involving misuse or misappropriation of money or property;

a participant's violation of any covenant, agreement or obligation not to disclose confidential information regarding the business of the company (or a division or subsidiary) or a participant's violation of any covenant, agreement or obligation not to compete with the company (or a division or subsidiary);

any act of dishonesty by a participant that adversely affects the business of the company (or a division or subsidiary) or any willful or intentional act of a participant that adversely affects the business, or reflects unfavorably on the reputation, of the company (or a division or subsidiary);

a participant's material violation of any written policy of the company (or a division or subsidiary); or

a participant's failure or refusal to perform the specific directives of the Board or its officers, which are consistent with the scope and nature of the participant's duties and responsibilities, to be determined in the Board's sole discretion.

For the purposes of the Change-in-Control Severance Plan, good reason means:

a participant's demotion or material reduction of the participant's significant authority or responsibility with respect to employment with the company from that in effect on the date the change in control occurred;

a material reduction in the participant's base salary from that in effect immediately prior to the change in control;

a material reduction in short-term and/or long-term incentive targets from those applicable to the participant immediately prior to the change in control;

the relocation to a new principal place of employment of the participant's employment by the company, which is more than 35 miles farther from the participant's principal place of employment prior to such change; and

the failure of a successor company to explicitly assume the Change-in-Control Severance Plan.

Potential Post-Employment Payments Tables

The following tables reflect estimates of the incremental amount of compensation due to each named executive officer in the event of such executive's termination of employment by reason of death, disability or retirement, termination of employment without cause, or termination of employment without cause or with good reason within two years following a change in control. The amounts shown assume that such termination was effective as of December 31, 2016, and are estimates of the amounts that would be paid to the executives upon such termination, including, with respect to performance units, the performance factor calculated as if the performance period ended on December 31, 2016. The amounts reflected in the "Qualifying Termination Following a Change in Control" column of the tables that follow are the amounts that would be paid pursuant to our Change-in-Control Severance Plan and, with respect to outstanding performance units, assume a change in control effective December 31, 2016 and a performance factor based on our total shareholder return relative to the designated peer group on that date.

Proposal 3 - Advisory Vote on Executive Compensation

INTRODUCTION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (known as the Dodd-Frank Act) added provisions to Section 14A of the Exchange Act to provide that a public company s proxy statement in connection with the company s annual meeting of shareholders must, at least once every three years, allow shareholders to cast a non-binding advisory say-on-pay vote regarding the compensation of the company s named executive officers as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. Section 14A of the Exchange Act, as amended by the Dodd-Frank Act, also requires us, not less frequently than once every six years, to provide our shareholders the opportunity to vote, on a non-binding advisory basis, on the frequency with which we will submit to shareholders a say-on-pay advisory vote.

At our 2011 annual meeting of shareholders, a substantial majority of our shareholders voted for an annual say-on-pay vote. Based on these results, we have provided our shareholders with an annual, non-binding advisory say-on-pay vote on executive compensation.

Pursuant to Proposal 4 contained in this proxy statement, our shareholders will again have an opportunity to cast a non-binding vote for their preference concerning the frequency of our advisory vote on executive compensation at our 2017 annual meeting of shareholders.

OUR EXECUTIVE COMPENSATION PROGRAM

As described in the Compensation Discussion and Analysis section of this proxy statement and the compensation tables and narrative discussion set forth above, our executive compensation program is based on our pay-for-performance philosophy and is designed with the following goals in mind:

Pay for performance: to align the interests of our executive officers with the interests of our shareholders;

Compensation aligned with business strategies: to attract, retain and motivate highly talented and diverse executives who are critical to the successful implementation of our strategic plan;

Pay equity: to pay our executives fairly relative to one another and our industry peers based on their responsibilities, experience and performance; and

Compensation governance best practices: to implement sound governance practices by implementing executive compensation best practices and policies.

Our Executive Compensation Committee regularly reviews the compensation program for our named executive officers to assess its effectiveness in delivering these goals.

Examples of how the various elements of our compensation program for our named executive officers are linked to company performance and are designed to achieve the goals set forth above include:

At-risk pay: a substantial portion of our named executive officers' compensation is variable or at-risk incentive compensation, meaning that it is tied to our performance relative to various short-term and long-term objectives, which are based on a number of financial and operational goals;

Awards are capped: awards to each named executive officer are subject to fixed maximums established by our Executive Compensation Committee; provided that, our Chief Executive Officer may recommend to the Committee adjustments to the individual performance multiplier in excess of 125% in certain limited cases with regard to awards under our annual short-term incentive plan;

Multiple performance measures: short-term incentive awards are based on a review of a variety of indicators of performance, thus diversifying the risk associated with any single indicator of performance;

Prudent risk management: short-term and long-term incentive awards are not tied to formulas that could focus our named executive officers on specific short-term outcomes;

Compensation Committee Assessment: the Executive Compensation Committee approves the final annual incentive plan awards after the review and confirmation of executive and operating and financial performance;

Clawbacks: short-term cash and long-term performance-unit incentive awards are subject to clawback provisions;

Long-term performance period: for named executive officers, a significant portion of incentive award value is delivered in the form of our stock-based compensation that vests over multiple years;

Majority performance-based equity: for executive officers, approximately 80 percent of the long-term, stock-based incentive amounts are in the form of performance units; and

Robust share ownership guidelines: executive officers are subject to our share-ownership guidelines. For additional information on the compensation program for our named executive officers, including specific information about

Vote Required and Board Recommendation

compensation in fiscal year 2016, please read the Executive Compensation Discussion and Analysis, along with the subsequent tables and narrative descriptions, beginning on page 42.

Following our 2016 annual meeting of shareholders, the Executive Compensation Committee took into account the affirmative vote by 96.4 percent of our shareholders who voted on our executive compensation at our 2016 annual meeting of shareholders and determined to continue to apply the same principles applied in recent years in determining the nature and amount of executive compensation.

For the reasons discussed above, the Board recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders hereby approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the company's Proxy Statement for the 2017 Annual Meeting of Shareholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

VOTE REQUIRED AND BOARD RECOMMENDATION

This vote is advisory and will not be binding on the company, our Board of Directors or our Executive Compensation Committee. Our Board and our Executive Compensation Committee value the opinions of our shareholders and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns, and the Executive Compensation Committee will evaluate whether any actions are necessary to address those concerns.

In accordance with our By-laws, approval of this proposal requires the affirmative vote of a majority of the voting power of the shareholders present in person or by proxy and entitled to vote on this proposal at the meeting. Abstentions will have the same effect as votes against this proposal and broker non-votes do not count as entitled to vote for purposes of determining the outcome of the vote on this proposal.

*Your Board of Directors unanimously recommends a vote **FOR** the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the related narrative discussion.*

Proposal 4 - Advisory Vote on the Frequency of the Advisory Shareholder Vote on Executive Compensation

Section 14A of the Exchange Act, as amended by the Dodd-Frank Act, also requires us, not less frequently than once every six years, to provide our shareholders the opportunity to vote, on a non-binding advisory basis, on the frequency with which we will submit to shareholders a say on pay advisory vote, similar to Proposal 3, on the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation, Discussion and Analysis, compensation tables and narrative discussion.

At our 2011 annual meeting of shareholders, consistent with the recommendation of our Board, a substantial majority of our shareholders voted for an annual say-on-pay vote. Based on these results, during the six years since the 2011 annual meeting of shareholders, we have provided our shareholders with an annual, non-binding advisory say-on-pay vote on executive compensation. Accordingly, under this Proposal 4, we are asking shareholders to vote on whether the say on pay advisory shareholder vote on executive compensation should occur every one, two, or three years.

After careful consideration, our Board of Directors has again determined that a say on pay advisory vote on executive compensation that occurs every year is the most appropriate alternative for our company. Our Board recommends that you vote for the say on pay advisory vote on executive compensation to occur every year (annually). In reaching its recommendation, our Board of Directors concluded that an annual advisory vote on executive compensation will continue to allow our shareholders to provide us with their direct input every year on our compensation philosophy,

policies and practices as disclosed in the proxy statement. Additionally, an annual say on pay advisory vote on executive compensation is consistent with our policy of seeking input from, and engaging in discussions with, our shareholders on corporate governance matters and our executive compensation philosophy, policies and practices.

We ask for your advisory vote for your preferred frequency of the submission of future say on pay proposals to shareholders by indicating your choice that future submissions of say on pay proposals to shareholders should occur every year, every two years, or every three years, or you may choose to abstain from voting on this issue. The option of every year, every two years, or every three years that receives the highest number of votes cast by shareholders will be considered the advisory vote of the shareholders.

For the reasons discussed above, the Board recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders hereby approve, on an advisory basis, to include an advisory vote on the compensation of the named executive officers pursuant to Section 14A of the Securities Exchange Act every year.

This vote is advisory, and will not be binding on the company, our Board of Directors or our Executive Compensation Committee. Although our Board of Directors may consider the voting results, it may ultimately decide that it is in the best interests of our shareholders and the company to hold a say on pay advisory vote on executive compensation more or less frequently than the option selected by the greatest number of our shareholders.

*Your Board unanimously recommends a vote in favor of an advisory vote on executive compensation **EVERY YEAR**.*

Related-Person Transactions

Our Board of Directors recognizes that transactions in which we participate and in which a related person (executive officer, director, director nominee, 5 percent or greater shareholder and their immediate family members) has a direct or indirect material interest can present potential or actual conflicts of interest and create the appearance that company decisions are based on considerations other than the best interests of the company and its shareholders.

Accordingly, as a general matter, it is our preference to avoid related-person transactions. Nevertheless, we recognize that there are situations where related-person transactions may be in, or may not be inconsistent with, the best interests of the company and its shareholders including, but not limited to, situations where we provide products or services to related persons on an arm's length basis and on terms comparable with those provided to unrelated third parties.

In the event we enter into a transaction in which an executive officer (other than an employment relationship), director (other than compensation arrangements for service on our Board provided to each director), director nominee, 5 percent or greater shareholder, or a member of their immediate family has a direct or indirect material interest, the transaction is presented to our Audit Committee and, if warranted, our Board, for review to determine if the transaction creates a conflict of interest and is otherwise fair to the company. In determining whether a particular transaction creates a conflict of interest and, if so, is fair to the company, our Audit Committee and, if warranted, our Board of Directors, consider the specific facts and circumstances applicable to each such transaction, including: the

parties to the transaction, their relationship to the company and nature of their interest in the transaction; the nature of the transaction; the aggregate value of the transaction; the length of the transaction; whether the transaction occurs in the normal course of our business; the benefits to our company provided by the transaction; if applicable, the availability of other sources of comparable products or services; and, if applicable, whether the terms of the transaction, including price or other consideration, are the same or substantially the same as those available to the company if the transaction were entered into with an unrelated party.

We require each executive officer and director to annually provide us written disclosure of any transaction in which we participate and in which the officer or director or any of his or her immediate family members has a direct or indirect material interest. Our Corporate Governance Committee reviews our disclosure of related-party transactions in connection with its annual review of director independence. These procedures are not in writing but are documented through the meeting agendas and minutes of our Audit and Corporate Governance Committees.

Shareholder Proposals

The rules of the Securities and Exchange Commission provide when a company must include a shareholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds an annual or special meeting of shareholders.

Under these rules, proposals that shareholders would like to submit for inclusion in our proxy statement for our 2018 annual meeting of shareholders should be received by our corporate secretary at our principal executive offices no later than December 7, 2017. Only those shareholder proposals eligible for inclusion under the rules of the Securities and Exchange Commission will be included in our proxy statement.

If a shareholder desires to present a proposal, other than the nomination of directors at our 2018 annual meeting, outside the process provided by the rules of the Securities and Exchange

Commission, the shareholder must follow the procedures set forth in our By-laws. Our By-laws generally provide that a shareholder may present a proposal at an annual meeting if (1) the shareholder is a shareholder of record at the time the shareholder gives written notice of the proposal and is entitled to vote at the meeting and (2) the shareholder gives timely written notice of the proposal, including any information regarding the proposal required under our By-laws, to our corporate secretary. To be timely for our 2018 annual meeting, a shareholder's notice must be delivered to, or mailed and received at, our principal executive offices no later than December 7, 2017.

Householding

Shareholders with multiple accounts that share the same last name and household mailing address will receive a single copy of shareholder documents (annual report, proxy statement, or other informational statement) unless we are instructed otherwise.

Each shareholder, however, will continue to receive a separate proxy card. This practice, known as householding, is designed to reduce our printing and postage costs.

If you are a registered shareholder and received only one copy of the proxy statement and annual report in your household, we will promptly deliver copies, to the extent you request copies, for each member of your household who was a registered shareholder as of the record date. You may make this request by providing written instructions to Wells Fargo Shareowner Services, Attn: Householding/ONEOK, Inc., P.O. Box 64873, St. Paul, Minnesota 55164-0873. You also may

contact us in the same manner if you are currently receiving a single copy of the proxy statement and annual report in your household and desire to receive separate copies in the future for each member of your household who is a

registered shareholder, or if your household is currently receiving multiple copies of the proxy statement and annual report and you desire to receive a single copy in the future for your entire household. If you are not a registered shareholder and your shares are held by a broker, bank, trustee or other holder of record, you will need to contact that entity to revoke your election and receive multiple copies of these documents.
