Proposal to combine with VICI A superior path to value creation for VICI shareholders January 2018

Forward-Looking Statements Statements in this communication that are not historical facts are “forward-looking” statements and “safe harbor statements” within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and/or uncertainties, including those described in MGM Growth Properties’ (“MGP”) public filings with the Securities and Exchange Commission (“SEC”). MGP has based forward-looking statements on management's current expectations and assumptions and not on historical facts. Examples of these statements include, but are not limited to, the ultimate outcome of discussions regarding any potential transaction between MGP and VICI Properties Inc. (“VICI”). These forward-looking statements involve a number of risks and uncertainties. Among the important factors that could cause actual results to differ materially from those indicated in such forward-looking statements include risks related to MGP’s ability to receive, or delays in obtaining, any regulatory approvals required to own its properties, or other delays or impediments to completing MGP’s planned acquisitions or projects, including the proposed transaction with VICI or any acquisitions of properties from MGP; the ultimate timing and outcome of any planned acquisitions or projects; the possibilities that MGP will not pursue a transaction with VICI or that VICI will not engage in negotiations with respect to a transaction with MGP; if a transaction between MGP and VICI were to occur, the ultimate outcome and results of integrating the assets that would be acquired by MGP in such a transaction and the effects of the transaction between MGP and VICI, including effects on MGP’s financial condition, operating results, strategy and plans following the transaction; MGP’s ability to maintain its status as a REIT; the availability of and the ability to identify suitable and attractive acquisition and development opportunities and the ability to acquire and lease those properties on favorable terms; MGP’s ability to access capital through debt and equity markets in amounts and at rates and costs acceptable to MGP; changes in the U.S. tax law and other state, federal or local laws, whether or not specific to REITs or to the gaming or lodging industries; and other factors described in MGP’s periodic reports filed with the Securities and Exchange Commission. In providing forward-looking statements, MGP is not undertaking any duty or obligation to update these statements publicly as a result of new information, future events or otherwise, except as required by law. If MGP updates one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those other forward-looking statements.

**Non-GAAP Disclaimer** This communication includes certain “non-GAAP financial measures” as defined in Regulation G under the Securities Exchange Act of 1934, as amended, including Adjusted EBITDA, and Adjusted Funds from Operations (“AFFO”). Management recommends that you focus on the U.S. GAAP numbers as the best indicator of financial performance. These alternative measures are provided only as a supplement to aid in your analysis. AFFO and Adjusted EBITDA do not represent cash flow from operations as defined by U.S. GAAP, should not be considered as an alternative to net income as defined by U.S. GAAP and are not indicative of cash available to fund all cash flow needs. Investors are also cautioned that AFFO and Adjusted EBITDA as presented, may not be comparable to similarly titled measures reported by other REITs due to the fact that not all real estate companies use the same definitions. Schedules that reconcile the non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with Generally Accepted Accounting Principles in the United States are included in MGP’s earnings releases that have been furnished with the SEC and are available on MGP’s website at <http://www.mgmgrowthproperties.com>

**Additional Information** This communication does not constitute an offer to buy or solicitation of an offer to sell any securities. This communication relates to a proposal which MGP has made for an acquisition of VICI. In furtherance of the acquisition proposal and subject to future developments, MGP may file a registration statement with the SEC. Investors and security holders are urged to read the registration statement and other documents filed by MGP with the SEC carefully in their entirety if and when they become available as they will contain important information about the proposed transaction. Investors and security holders will be able to obtain free copies of these documents (if and when available) and other documents filed with the SEC by MGP through the website maintained by the SEC at <http://www.sec.gov>; These documents (when they are available) can also be obtained free of charge by directing a written request to MGM Growth Properties LLC, 1980 Festival Plaza Drive, Suite #750, Las Vegas, NV 89135, Attention: Investor Relations, or by calling (702) 669-1470. This document shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the U.S. Securities Act of 1933, as amended.
