\$250,000,000

Terreno Realty Corporation

Common Stock

We entered into separate equity distribution agreements dated May 31, 2018 with each of KeyBanc Capital Markets Inc., Robert W. Baird & Co. Incorporated, BTIG, LLC, Goldman Sachs & Co. LLC, Jefferies LLC, JMP Securities LLC, MUFG Securities Americas Inc., Sandler O'Neill & Partners, L.P., and Stifel, Nicolaus & Company, Incorporated, each a sales agent and collectively the sales agents, relating to the shares of our common stock, par value \$0.01 per share, offered by this prospectus supplement and the accompanying prospectus. In accordance with the terms of the equity distribution agreements, we may offer and sell shares of our common stock having an aggregate offering price of up to \$250,000,000 from time to time through the sales agents.

Sales of the shares of our common stock, if any, under this prospectus supplement and the accompanying prospectus may be made in negotiated transactions, which may include block trades, or transactions that are deemed to be at the market offerings as defined in Rule 415 under the Securities Act of 1933, as amended, or the Securities Act, including sales made directly on the New York Stock Exchange, or NYSE, or sales made to or through a market maker other than on an exchange. The sales agents are not required, individually or collectively, to sell any specific number or dollar amount of shares of common stock, but upon acceptance of a placement notice from us and subject to the terms and conditions of the applicable equity distribution agreement, each sales agent, if acting as an agent, will use its commercially reasonable efforts consistent with its normal trading and sales practices to sell our shares of common stock up to the amount specified, and otherwise in accordance with the terms set forth in such placement notice.

Each sales agent will receive from us a commission that will not exceed, but may be lower than, 2.0% of the gross sales price of all shares sold through it as sales agent under the applicable equity distribution agreement. In connection with the sale of shares of common stock on our behalf, the sales agents may be deemed to be underwriters within the meaning of the Securities Act, and the compensation paid to the sales agents may be deemed to be underwriting commissions or discounts.

We may also sell some or all of the shares of common stock to a sales agent as principal for its own account at prices agreed upon at the time of sale.

We are organized and conduct our operations to qualify as a real estate investment trust, or REIT, for federal income tax purposes. To assist us in qualifying as a REIT, ownership of our outstanding common stock by any individual and, subject to certain exceptions, any other person is generally limited to 9.8%. In addition, our charter contains various other restrictions on the ownership and transfer of our stock. For more information, see Description of Capital Stock Restrictions on Transfer in the accompanying prospectus. We designed our ownership limits solely to protect our status as a REIT and not for the purpose of serving as an anti-takeover device.

Our common stock is listed on the NYSE under the symbol TRNO. The last reported sale price of our common stock on the NYSE on May 30, 2018 was \$38.14 per share.

Investing in our common stock involves risks. You should read carefully and consider Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2017 and beginning on page S-5 of this prospectus supplement before investing in our common stock.

None of the Securities and Exchange Commission, any state securities commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights selected information from this prospectus supplement, the accompanying prospectus and the documents incorporated by reference. It does not contain all of the information that may be important to you. We encourage you to carefully read this entire prospectus supplement, the accompanying prospectus and the documents incorporated by reference, especially the Risk Factors section beginning on page S-5 of this prospectus supplement, in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed with the SEC on February 7, 2018 and in our other public filings before making an investment decision regarding our common stock.

Overview

We acquire, own and operate industrial real estate in six major coastal U.S. markets: Los Angeles, Northern New Jersey/New York City, San Francisco Bay Area, Seattle, Miami, and Washington, D.C. We invest in several types of industrial real estate, including warehouse/distribution, flex (including light industrial and research and development, or R&D) and transshipment. We target functional buildings in infill locations that may be shared by multiple tenants and that cater to customer demand within the various submarkets in which we operate. Infill locations are geographic locations surrounded by high concentrations of already developed land and existing buildings. As of March 31, 2018, we owned a total of 195 buildings aggregating approximately 12.9 million square feet that were approximately 97.0% leased to 423 customers, ten improved land parcels consisting of 47.9 acres and three buildings under redevelopment expected to contain approximately 0.4 million square feet upon completion.

We are internally managed and have elected to be taxed as a real estate investment trust, or REIT, for U.S. federal income tax purposes commencing with our taxable year ended December 31, 2010.

Our headquarters are located at 101 Montgomery Street, Suite 200, San Francisco, California 94104. Our telephone number is (415) 655-4580. We maintain an Internet site, www.terreno.com, which contains additional information concerning Terreno Realty Corporation. Information on our Internet site is neither part of nor incorporated into this prospectus supplement or the accompanying prospectus.

The Offering

Common stock offered from time to time	Shares having an aggregate offering price of up to \$250,000,000.
Use of proceeds	We intend to use the net proceeds of this offering for general corporate purposes, which may include future acquisitions and repayment of indebtedness, including borrowings under our credit facility. Pending the use of the net proceeds as described above, we may invest the net proceeds in interest bearing short-term U.S. government and government agency securities which are consistent with our intention to maintain our qualification as a REIT. These initial investments are expected to provide a lower net return than we will seek to achieve from investments in industrial properties. See Use of Proceeds in this prospectus supplement.
New York Stock Exchange Symbol	TRNO
Restrictions on ownership	To assist us in maintaining our qualification as a REIT, our charter generally prohibits any individual (as defined in the Internal Revenue Code of 1986, as amended, or the Code, to include certain entities) from actually or constructively owning more than 9.8% in value of the aggregate of our outstanding shares of stock or more than 9.8% in value or number of shares, whichever is more restrictive, of the outstanding shares of our common stock. For more information, see Description of Capital Stock Restrictions on Transfer beginning on page 9 of the accompanying prospectus. We designed our ownership limits solely to protect our status as a REIT and not for the purpose of serving as an anti-takeover device.
Risk Factors	See Risk Factors beginning on page S-5 of this prospectus supplement and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed with the SEC on February 7, 2018 and our other public filings incorporated by reference into this prospectus supplement and the accompanying prospectus for information you should consider before buying our common stock.

Table of Contents

RISK FACTORS

Investing in our common stock involves risks. Before purchasing the common stock offered by this prospectus supplement, you should carefully consider the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus, including, without limitation, the risk factors incorporated by reference in this prospectus supplement and the accompanying prospectus from our Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC on February 7, 2018, as well as the risks, uncertainties and additional information set forth in our Form 10-K generally and in our SEC reports on Forms 10-Q, 8-K and in the other documents that we file with the SEC, which are incorporated by reference in this prospectus supplement and the accompanying prospectus. For a description of these reports and documents, and information about where you can find them, see *Where You Can Find More Information* in this prospectus supplement and *Incorporation of Certain Documents By Reference* in the accompanying prospectus. The risks and uncertainties we discuss in this prospectus supplement, the accompanying prospectus and in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus are those that we currently believe may materially affect our company. Additional risks not presently known or that are currently deemed immaterial could also materially and adversely affect our financial condition, results of operations, business and prospects. The trading price of our common stock could decline due to any of these risks and you may lose all or a part of your investment.

Future issuances or sales of our common stock may depress the market price of our common stock and have a dilutive effect to our existing shareholders, including purchasers in this offering.

We cannot predict whether future issuances of our common stock or the availability of shares for resale in the open market may depress the market price of our common stock. Future issuances or sales of a substantial number of shares of our common stock in the public market, or the issuance of our common stock in connection with property, portfolio or business acquisitions, or the perception that such issuances or sales might occur, may cause the market price of our shares to decline. In addition, future issuances of our common stock may be dilutive to existing shareholders.

The market price of our common stock could be substantially affected by various factors.

The market price of our common stock may be subject to wide fluctuations. As with other publicly traded securities, the market price of our common stock depends on many factors, which may change from time to time, including:

our financial condition, performance, liquidity and prospects;

the market for similar securities issued by REITs;

changes in earnings estimates by analysts;

our ability to meet analysts' earnings estimates;

our compliance with generally accepted accounting principles;

our compliance with applicable laws and regulations and the listing requirements of the NYSE;

prevailing interest rates;

changes in our credit ratings; and

general economic, capital markets and real estate market conditions.

USE OF PROCEEDS

We intend to use the net proceeds from any sale of shares of our common stock in this offering for general corporate purposes, which may include future acquisitions and repayment of indebtedness, including borrowings under our credit facility. Pending the use of the net proceeds as described above, we may invest the net proceeds in interest bearing short-term U.S. government and government agency securities which are consistent with our intention to maintain our qualification as a REIT. These initial investments are expected to provide a lower net return than we will seek to achieve from investments in industrial properties.

Our credit facility consists of a \$200.0 million revolving credit facility, a \$100.0 million term loan and a \$50.0 million term loan. Our revolving credit facility matures in August 2020 with one 12-month extension option exercisable by us, subject, among other things, to there being an absence of an event of default under the credit facility and to the payment of an extension fee. Our \$100.0 million term loan matures in January 2022, and our \$50.0 million term loan matures in August 2021.

Interest on our credit facility, including our revolving credit facility and our term loans, is generally to be paid based upon, at our option, either (i) LIBOR plus the applicable LIBOR margin or (ii) the applicable base rate which is the greatest of the administrative agent's prime rate, 0.50% above the federal funds effective rate, or thirty-day LIBOR plus the applicable LIBOR margin for LIBOR rate loans under the credit facility plus 1.25%. The applicable LIBOR margin will range from 1.35% to 1.90% (1.35% as of March 31, 2018) for the revolving credit facility and 1.30% to 1.85% (1.30% as of as of March 31, 2018) for the term loans, depending on the ratio of our outstanding consolidated indebtedness to the value of our consolidated gross asset value. As of March 31, 2018, there were \$40.4 million of borrowings outstanding under our revolving credit facility and \$150.0 million of borrowings outstanding under our term loans.

Affiliates of KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC and MUFG Securities Americas Inc. are lenders under our credit facility. In connection with their participation in our credit facility, KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC, MUFG Securities Americas Inc. or their affiliates receive customary syndication fees. In addition, to the extent that we use any of the net proceeds of this offering to repay borrowings outstanding under our credit facility, KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC, MUFG Securities Americas Inc. or their affiliates will receive their proportionate share of such repayment. Additionally, Robert W. Baird & Co. Incorporated will pay a referral fee to an affiliate of Regions Bank, one of the lenders under our credit facility, in connection with this offering. See [Plan of Distribution](#) in this prospectus supplement.

Table of Contents

PLAN OF DISTRIBUTION

We entered into separate equity distribution agreements dated May 31, 2018 with each of the sales agents under which we may from time to time offer and sell shares of common stock having an aggregate offering price of up to \$250,000,000. Sales of our shares of common stock, if any, under this prospectus supplement and the accompanying prospectus may be made in negotiated transactions, which may include block trades, or transactions that are deemed to be at the market offerings as defined in Rule 415 under the Securities Act, including sales made directly on the NYSE or sales made to or through a market maker other than on an exchange. As an agent, none of the sales agents will engage in any transactions that stabilize the price of our common stock.

The offering of the shares by the sales agents is subject to receipt and acceptance and subject to the sales agents' right to reject any order in whole or in part. Upon its acceptance of a placement notice from us, each sales agent, if acting as agent, will use its commercially reasonable efforts consistent with its normal sales and trading practices to sell our shares of common stock up to the amount specified, and in accordance with the terms and subject to the conditions set forth in the applicable equity distribution agreement and such placement notice. The placement notice that we deliver will set forth the number of shares to be issued, the time period during which sales are requested to be made, any limitation on the number of shares that may be sold in any one day and any minimum price below which sales may not be made. Our shares of common stock sold pursuant to the equity distribution agreements will be sold through only one of the sales agents on any given day. We or any of the sales agents may suspend the sale of shares of common stock upon proper notice and subject to other conditions.

The relevant sales agent will provide written confirmation to us no later than the opening of the trading day on the NYSE on the day following the trading day in which our shares of common stock were sold under the applicable equity distribution agreement. Each confirmation will include the number of shares sold on such day, the net proceeds to us and the compensation payable by us to the sales agent in connection with the sales.

We will pay each sales agent commissions for its services in acting as agent and/or principal in the sale of shares of common stock. Each sales agent will be entitled to compensation that will not exceed, but may be lower than, 2.0% of the gross proceeds from the sales of common stock sold through it as sales agent pursuant to the terms of the applicable equity distribution agreement. We estimate that the total expenses for the offering, excluding compensation payable to the sales agents under the terms of the equity distribution agreements, will be approximately \$150,000.

We may also sell some or all of the shares of common stock to a sales agent as principal for its own account at a price agreed upon at the time of sale.

Settlement for sales of shares of common stock generally will occur on the standard settlement cycle then in effect, unless some other date is agreed upon by us and the applicable sales agent in connection with a particular transaction, in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

We will report at least quarterly the number of shares of common stock sold through the sales agents under the equity distribution agreements, the net proceeds to us and the compensation paid by us to the sales agents in connection with the sales of shares of common stock.

In connection with the sale of shares of common stock on our behalf, each of the sales agents may be deemed to be an underwriter within the meaning of the Securities Act, and the compensation of the sales agents may be deemed to be underwriting commissions or discounts. We have agreed to indemnify the several sales agents against specified liabilities, including liabilities under the Securities Act, or to contribute to payments that the sales agents may be

required to make because of those liabilities.

S-7

Table of Contents

The offering of our shares of common stock under any equity distribution agreement will terminate upon the earlier of (i) the sale of shares under any or any combination of the equity distribution agreements having an aggregate offering price of \$250,000,000 and (ii) the termination of such equity distribution agreement by the applicable sales agent or us.

The sales agents and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the sales agents and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the company, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the sales agents and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the company. The sales agents and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Affiliates of KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC and MUFG Securities Americas Inc. are lenders under our credit facility. In connection with their participation in our credit facility, KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC, MUFG Securities Americas Inc. or their affiliates receive customary syndication fees. In addition, to the extent that we use any of the net proceeds of this offering to repay borrowings outstanding under our credit facility, KeyBanc Capital Markets Inc., Goldman Sachs & Co. LLC, MUFG Securities Americas Inc. or their affiliates will receive their proportionate share of such repayment. Additionally, Robert W. Baird & Co. Incorporated will pay a referral fee to an affiliate of Regions Bank, one of the lenders under our credit facility, in connection with this offering.

Certain Selling Restrictions

Prohibition of Sales to EEA Retail Investors

The shares are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended ("MiFID II"); or (ii) a customer within the meaning of Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC, as amended (the "Prospectus Directive"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the shares or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the shares, or otherwise making them available, to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of shares in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares.

This European Economic Area selling restriction is in addition to any other selling restrictions set out in this prospectus supplement.

We acquire, own and operate industrial real estate in six major coastal U.S. markets: Los Angeles, Northern New Jersey/New York City, San Francisco Bay Area, Seattle, Miami, and Washington, D.C. We invest in several types of industrial real estate, including warehouse/distribution, flex (including light industrial and research and development, or R&D), and transshipment. We target functional buildings in infill locations that may be shared by multiple tenants and that cater to customer demand within the various submarkets in which we operate. Infill locations are geographic locations surrounded by high concentrations of already developed land and existing buildings. As of December 31, 2017, we owned 196 buildings aggregating approximately 13.0 million square feet and ten improved land parcels consisting of 47.9 acres, which we purchased for an aggregate purchase price of approximately \$1.5 billion. As of December 31, 2017, our properties were approximately 97.3% leased to 426 customers. We were formed in November 2009 as a Maryland corporation, are internally managed and have elected to be taxed as a real estate investment trust, or REIT, for U.S. federal income tax purposes commencing with our taxable year ended December 31, 2010.
