Proxy Voting and Revocability of Proxies

Common Stock, represented by the proxies received pursuant to this solicitation and not timely revoked, will be voted at the Annual Meeting in accordance with the instructions indicated in properly submitted proxies. If no instructions are indicated, such shares will be voted as recommended by the Board. If any other matters are properly presented to the Annual Meeting for action, the person(s) named in the enclosed form(s) of proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Broker non-votes and abstentions are not treated as votes cast for any of the matters to be voted on at the meeting.

Table of Contents

A holder of Common Stock who has submitted a proxy may revoke it prior to its exercise by providing written notice of revocation or a later-dated proxy to the Corporate Secretary of the company at any time before the closing of the polls at the meeting, or by voting in person at the meeting. Any written notice revoking a proxy should be sent to: Green Plains Inc., Attention: Michelle S. Mapes, Corporate Secretary, 1811 Aksarben Drive, Omaha, Nebraska 68106. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any shareholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person.

Computershare Trust Company, N.A. is the transfer agent and registrar for our Common Stock. If your shares are registered directly in your name with our transfer agent, with respect to those shares, you are considered the shareholder of record, or a registered shareholder, and these materials were sent to you directly by us. If you are a shareholder of record, you may vote in person at the Annual Meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and that organization should have forwarded these materials to you. As the beneficial owner, you have the right to direct your broker, bank or nominee holding your shares how to vote and are also invited to attend the Annual Meeting. Please refer to the information forwarded by your broker or bank for instructions on how to direct their vote. However, since you are not a shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the shareholder of record.

If you are a registered shareholder, there are four ways to vote:

- going to the Internet website indicated on the Proxy Card or voting instruction card and following the instructions provided (you will need the control number that is included in the Notice);
- calling the toll-free telephone number indicated on the Proxy Card or voting instruction card (you will need the control number that is included in the Notice);
- signing, dating and returning the Proxy Card if you request to receive your proxy materials by mail; or
- written ballot in person at the Annual Meeting.

Your shares will be voted as you indicate. If you do not indicate your voting preferences, the appointed proxies will vote your shares For all nominees in Proposal 1, and For Proposals 2, 3 and 4.

Broker Non-Votes

Broker non-votes occur when nominees, such as brokers and banks holding shares on behalf of the beneficial owners, are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions at least ten days before the Annual Meeting date. If no instructions are given within that time frame, the nominees may vote those shares on matters deemed routine by the New York Stock Exchange. On non-routine matters, nominees cannot vote without instructions from the beneficial owner, resulting in so-called broker non-votes. Broker non-votes are not counted for the purposes of determining the number of shares present in person or represented by proxy on any voting matter. All proposals are considered non-routine, except for Proposal 2.

Expenses and Methods of Solicitation

We will bear the expense of soliciting proxies. In addition to the use of the mail and Internet, proxies may be solicited personally, or by telephone or other means of communications, by directors, officers and employees of the company and its subsidiaries who will not receive additional compensation therefor. We will reimburse banks, brokerage firms and nominees for reasonable expenses incurred related to forwarding proxy solicitation materials to beneficial owners

of shares held by such banks, brokerage firms and nominees.

Vote Required

The affirmative vote of a plurality of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to elect each director. The three persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors. Since only affirmative votes count for this purpose, broker non-votes or votes withheld will not affect the outcome of the voting on Proposal 1. The affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to approve Proposals 2, 3 and 4. Since only votes cast count for this purpose, broker non-votes and abstentions will not affect the outcome of the voting on Proposals 2, 3 and 4.

BOARD HIGHLIGHTS

Our current directors whose terms are expiring have been nominated by the Board for reelection at the Annual Meeting. For more information on all of the director nominees, see page 12 of this Proxy Statement.

COMPANY HIGHLIGHTS

Our company is a vertically integrated commodity processing company and one of the largest consolidated owners of ethanol plants in North America. The company operates four business segments: (1) ethanol production, which includes the production of ethanol, distillers grains and corn oil, (2) agribusiness and energy services, which includes grain handling and storage and marketing and merchant trading for company-produced and third-party ethanol, distillers grains, corn oil, natural gas and other commodities, (3) food and ingredients, which includes cattle feeding, and food-grade corn oil operations, and (4) partnership, which includes fuel storage and transportation services.

Table of Contents

2018 PERFORMANCE HIGHLIGHTS

Fiscal 2018 presented a challenging operating environment, as our business continued to experience the impacts of a continued deflationary cycle within the agriculture and energy sectors. Both sectors continued to face pricing pressures from increased global supplies of grains, proteins, oilseeds and an oversupply of ethanol bolstered by escalating trade tensions around the world.

Despite these challenging operating conditions, we continued to execute on our business strategies by managing commodity price risks, improving operational efficiencies and optimizing market opportunities to create an efficient platform with diversified income streams, as exemplified by the following:

Key Operating Accomplishments

Net income of \$15.9 million, or \$0.39 per diluted share; and

EBITDA of \$224.7 million (see EBITDA reconciliation in the company's Form 10-K, filed February 20, 2019).

Achievements

The acquisition of cattle-feeding operations located in Sublette, Kansas and Tulia, Texas bringing the company's total capacity to 355,000 head of cattle and making us the 4th largest feedlot operator in the U.S.;

Disposition of three ethanol plants and Fleischmann's Vinegar resulting in total net cash proceeds of approximately \$671.7 million and a pre-tax gain of \$150.4 million;

Repayment of the remaining balance of our \$500 million term loan due August, 2023; and

Formation of Optimal Aquafeed, a 50/50 joint venture to produce high-quality aquaculture feeds utilizing proprietary techniques and high-protein feed ingredients.

EXECUTIVE COMPENSATION HIGHLIGHTS

Compensation Philosophy. Our Compensation Committee has designed our executive compensation program to deliver pay that reflects corporate, business unit and individual performance that also aligns with the creation of long-term value for our shareholders. As part of our compensation philosophy we pay executive salaries that are lower than our competitors, with more compensation at-risk through long-term equity awards and annual cash incentive awards. Our annual cash incentive plan provides an incentive to achieve financial and operational performance aligned with our business plan and longer term strategy.

The following chart illustrates the mix of total direct compensation elements for our NEOs at target performance, excluding our former Chief Operating Officer and the President of Fleischmann's Vinegar who both resigned during fiscal 2018.

Pay for Performance. Our Compensation Committee has designed our executive compensation program to deliver pay in alignment with corporate and individual performance, aligned with our strategy of growing ethanol and non-ethanol EBITDA, while operating safely and delivering an appropriate level of return to our shareholders.

Performance against pre-established EBITDA goals is a key element of our annual incentive plan. As the chart on page 20 indicates, our CEO's total realizable compensation is well-aligned with our company and stock price performance.

Our Compensation Committee believes that our executive compensation program effectively aligns executive pay with performance returns to shareholders and creates a growth-oriented, long-term value proposition for our shareholders. For more information, see Compensation Discussion and Analysis Executive Overview Pay for Performance included in the Proxy Statement.

Table of Contents

Response to Say On Pay Vote and Changes to our Executive Compensation Program. At our 2017 annual meeting, our shareholders approved our NEOs' compensation, with approximately 76% of the votes cast in favor of our say on pay proposal.

In 2018, the Compensation Committee, with input from its independent compensation consultant, considered the 2017 vote results, shareholder input and current market practices and made significant changes to the compensation program for 2018 which have continued in 2019. Based on shareholder input and to better align our compensation programs with our strategy and market practice, we implemented the following changes for 2018:

We transitioned our long-term incentive program to a forward looking program, with awards contingent on future performance;

Beginning in 2018, one half of annual awards to executive officers under the LTIP will be in the form of performance share units (PSUs) which vest based 50% on total shareholder return relative to a performance peer group and 50% based on return on net assets;

We adjusted our Chief Executive Officer's salary and target annual incentive in 2018 to align more closely with market norms, increasing salary, but maintaining a salary below market median and decreasing his target annual incentive to 200% of salary, to maintain his target cash compensation at the same level as in 2017;

We adopted a compensation recovery (clawback) policy to allow the Board to recoup incentive compensation in appropriate circumstances;

We eliminated the excise tax gross up provision in our Chief Executive Officer's employment agreement; and

The Compensation Committee retained an independent compensation advisor to provide advice in connection with our executive compensation program and incentive plan design.

The Compensation Committee believes these changes have strengthened alignment between executive compensation and the interests of our shareholders, and support the achievement of our strategic and financial goals. At our 2018 annual meeting, our shareholders approved our NEOs' compensation, with approximately 98% of the votes cast in favor of our say on pay proposal.

For a more detailed discussion of these changes, please see Compensation Discussion and Analysis beginning on page 16 of this Proxy Statement.

The Board's Role in Risk Oversight

The Board and each of its committees are involved in overseeing risk associated with our company. In its oversight role, the Board annually reviews our company's strategic plan, which addresses, among other things, the risks and opportunities facing our company. While the Board has the ultimate oversight responsibility for the risk management process, it has delegated certain risk management oversight responsibilities to the Board committees.

One of the primary purposes of the Audit Committee, as set forth in its charter, is to act on behalf of the Board in fulfilling its responsibilities to oversee company processes for the management of business/financial risk and for compliance with applicable legal, ethical and regulatory requirements. Accordingly, as part of its responsibilities as set forth in its charter, the Audit Committee is charged with (i) inquiring of management and our company's outside auditors about significant risks and exposures and assessing the steps management has taken or needs to take to minimize such risks and (ii) overseeing our company's policies with respect to risk assessment and risk management, including the development and maintenance of an internal audit function to provide management and the Audit Committee with ongoing assessments of our company's risk management processes and internal controls. PROPOSAL 1- ELECTION OF DIRECTORS

Introduction

The Board consists of ten members and is divided into three groups. One group of directors is elected at each annual meeting of shareholders for a three-year term. Each year a different group of directors is elected on a rotating basis. James Crowley, Gene Edwards and Gordon Glade are up for reelection at the Annual Meeting (to serve until the 2022 annual meeting or until their respective successors shall be elected and qualified). The terms of Jim Anderson, Wayne Hoovestol and Ejnar Knudsen expire at the 2020 annual meeting. The terms of Todd Becker, Thomas Manuel, Brian Peterson and Alain Treuer expire at the 2021 annual meeting.

Director Nomination Process

The Board is responsible for approving nominees for election as directors. To assist in this task, the Nominating and Governance Committee is responsible for reviewing and recommending nominees to the Board. This committee is comprised solely of independent directors as defined by the rules of the NASDAQ and the SEC.

The Board has a policy of considering director nominees recommended by our shareholders. A shareholder who wishes to recommend a prospective board nominee for the Nominating and Governance Committee's consideration can write to the Nominating and Governance Committee, c/o Michelle S. Mapes, Corporate Secretary, Green Plains Inc., 1811 Aksarben Drive, Omaha, NE 68106. In addition to considering nominees recommended by shareholders, our Nominating and Governance Committee also considers prospective board nominees recommended by current directors, management and other sources. Our Nominating and Governance Committee evaluates all prospective board nominees in the same manner regardless of the source of the recommendation.

As part of the nomination process, our Nominating and Governance Committee is responsible for reviewing with the Board periodically the appropriate skills and characteristics required of directors in the context of the current make-up of the Board. This assessment includes issues of judgment, diversity, experience and skills. In evaluating prospective nominees, including nominees recommended by shareholders, our Nominating and Governance Committee looks for the following minimum qualifications, qualities and skills:

highest personal and professional ethics, integrity and values;

outstanding achievement in the individual's personal career;

breadth of experience;

ability to make independent, analytical inquiries;

ability to contribute to a diversity of viewpoints among board members;

willingness and ability to devote the time required to perform board activities adequately (in this regard, the committee will consider the number of other boards of directors on which the individual serves); and

ability to represent the total corporate interests of our company (a director will not be selected to, nor will he or she be expected to, represent the interests of any particular group).

As set forth above, our Nominating and Governance Committee considers diversity as one of a number of factors in identifying nominees for director. The Committee adopted a policy in 2017 specifically addressing gender diversity whereby it resolved to ensure that when a vacancy arises on the Board, it will ensure the candidate pool always contains at least one diverse candidate specifically with respect to gender. Based on shareholder comments, the Committee is continuing to evaluate additional ways to address gender diversity in particular. The Committee also views diversity broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race, national origin and gender.

Shareholders who wish to submit a proposal for inclusion of a nominee for director in our proxy materials must also comply with the deadlines and requirements of our bylaws and of Rule 14a-8 promulgated by the SEC. Please see Additional Information in

Executive Overview**RESPONSE TO SAY ON PAY ADVISORY VOTE**

At our 2017 annual meeting, 76% of our shareholders approved our say on pay proposal. We were gratified by the passing vote, but recognized that the approval percentage was not at a level we deemed acceptable. As a result, management engaged with two proxy advisory firms and the feedback received was strongly supportive of the changes to our executive compensation program that had been made for 2017. The committee, with input from its independent compensation consultant, further considered the 2017 vote results and current market practices and introduced additional changes for 2018, as summarized in the proxy summary on page 2 of this proxy statement.

Edgar Filing: Green Plains Inc. - Form DEF 14A

At our 2018 annual meeting, our shareholders approved our NEOs' compensation, with approximately 98% of the votes cast in favor of our say on pay proposal.

The committee and the Board value input from our shareholders and will carefully consider the results of the say on pay vote, and will continue to seek direct feedback from shareholders.

Fiscal 2018 Compensation Program Improvements

In response to the results of previous say on pay votes and shareholder and proxy advisor feedback, our NEO compensation program was significantly amended to enhance alignment between executive compensation and the interests of our shareholders, as follows:

SIGNIFICANT ACTIONS TAKEN IN RESPONSE TO SAY ON PAY VOTES AND INVESTOR FEEDBACK

WHAT WE HEARD	ACTIONS TAKEN	EFFECTIVE STARTING
Special Awards		
Special awards should be reserved for limited circumstances	Special awards will only be made to compensate new hires for equity they forfeit at their former employer or for targeted retention for critical and at risk executives. Where special awards are made for retention purposes, they will vest over a longer period of time.	FY 2018
Plan Design		
A meaningful portion of the executive officers long-term incentive program (LTIP) should vest based on performance	Beginning in 2018, one half of annual awards to executive officers under the LTIP will be in the form of performance share units (PSUs) which vest based on the attainment of pre-established performance goals.	
Market preference toward forward-looking performance measurement for LTIP	We have shifted from a backward-looking/trailing performance measurement to a <i>forward-looking performance measurement</i> for our LTIP, with PSUs earned at the end of a three year performance period based 50% on total shareholder return relative to a performance peer group and 50% based on the company's return on net assets (RONA).	
Eliminate excise tax gross-up provisions	Mr. Becker agreed to an amendment to his employment agreement to eliminate the excise tax gross-ups provision regarding change in control benefits that had been in his agreement for a number of years.	FY 2018

Adopt a clawback policy	We adopted a compensation recovery (clawback) policy to allow the Board to recover annual or long-term incentive awards in connection with a material financial restatement resulting from executive misconduct.	
Market preference toward consideration of total shareholder return (TSR) in incentive payouts	We <i>granted PSUs, which utilize a relative TSR measure</i> , weighted 50%, to further align our NEOs' interests with shareholder interests and expectations.	
Separate metrics in incentive plans	We adopted separate metrics for our annual incentive bonus and LTIP programs.	
Support for financial performance metrics that can be reconciled to peers easily and align pay for performance vs. peer group	We have adopted RONA as a measure for our PSUs, given the importance of our returns to long-term shareholder value creation.	
Peer group update	We re-evaluated our peer group to better align with our company following the completion of acquisitions and business evolution and introduced a new performance peer group for use with PSU awards.	FY 2016 and FY 2018
No immediate vesting of equity awards under LTIP	We <i>eliminated the immediate vesting</i> of 25% of equity awards under our LTIP. Restricted share awards (RSAs) granted in 2018 vest 1/3 on each of the first, second and third anniversaries of the grant date or in the case of cliff vesting RSAs on the third anniversary of the grant date, and PSUs, if earned, cliff vest at the end of a three year performance period.	FY 2015
Stock ownership guidelines	We have stock ownership guidelines and we have always prohibited stock pledging, as well as hedging, transactions, unless the Board grants an exception.	FY 2011

CEO Compensation

Concern with level of CEO target and maximum bonus opportunity	We have moved towards a more typical compensation mix for 2018, increasing the CEO's base salary, but maintaining a below market median salary and reducing his target annual incentive to 200% of salary and maximum annual incentive to 1.5x the target bonus.	FY 2018

FY 2017

We have *expanded disclosures* on our shareholder input, practices, governance and ESG matters.

Table of Contents

We will continue to solicit shareholder feedback on our executive compensation program by holding an advisory say on pay vote on an annual basis and will take the results of this process into account in evaluating the program and making future compensation decisions for the NEOs.

BEST PRACTICES AND GOOD GOVERNANCE

In addition to the significant changes made in response to the 2017 say on pay vote, the committee also made several other changes to the 2017 and 2018 executive compensation programs after reviewing trends in executive compensation and pay-related governance policies. These changes follow several years of executive compensation program enhancements by the committee as summarized in the table above.

COMPANY PERFORMANCE HIGHLIGHTS

Our Business

Green Plains is an Iowa corporation, founded in June 2004 as an ethanol producer. We have grown through acquisitions of ethanol production facilities and adjacent commodity processing businesses. We are focused on generating stable operating margins through our diversified business segments and risk management strategy. We own and operate assets throughout the ethanol value chain: upstream, with grain handling and storage; through our ethanol production facilities; and downstream, with marketing and distribution services to mitigate commodity price volatility, which differentiates us from companies focused only on ethanol production. Our other businesses, including our partnership and cattle feeding operations leverage our supply chain, production platform and expertise.

We formed Green Plains Partners LP, a master limited partnership, to be our primary downstream storage and logistics provider since its assets are the principal method of storing and delivering the ethanol we produce. The partnership completed its IPO on July 1, 2015. As of December 31, 2018, we own a 49.1% limited partner interest, a 2.0% general partner interest and all of the partnership's incentive distribution rights. The public owns the remaining 48.9% limited partner interest. The partnership is consolidated in our financial statements.

We group our business activities into the following four operating segments to manage performance:

Ethanol Production. Our ethanol production segment includes the production of ethanol, distillers grains and corn oil at 13 ethanol plants in Illinois, Indiana, Iowa, Minnesota, Nebraska, Tennessee and Texas. At capacity, our facilities are capable of processing approximately 387 million bushels of corn per year and producing approximately 1.1 billion gallons of ethanol, 2.9 million tons of distillers grains and 292 million pounds of industrial grade corn oil, making us one of the largest ethanol producers in North America. On November 15, 2018, we completed the sale of three ethanol plants located in Bluffton, Indiana, Lakota, Iowa and Riga, Michigan and announced the permanent closure of our ethanol plant located in Hopewell, Virginia.

Agribusiness and Energy Services. Our agribusiness and energy services segment includes grain procurement, with approximately 47.2 million bushels of grain storage capacity, and our commodity marketing business, which markets, sells and distributes ethanol, distillers grains and corn oil produced at our ethanol plants. We also market ethanol for a third-party producer as well as buy and sell ethanol, distillers grains, corn oil, crude oil, grain, natural gas and other commodities in various markets.

Food and Ingredients. Our food and ingredients segment includes six cattle feeding operations with the capacity to support approximately 355,000 head of cattle and grain storage capacity of approximately 11.7 million bushels and food-grade corn oil operations. Fleischmann's Vinegar, one of the world's largest producers of food-grade industrial vinegar, was also included in the food and ingredients segment until its sale on November 27, 2018.

Partnership. Our master limited partnership provides fuel storage and transportation services by owning, operating, developing and acquiring ethanol and fuel storage tanks, terminals, transportation assets and other related assets and businesses. The partnership's assets include 32 ethanol storage facilities, seven fuel terminal facilities and approximately 2,840 leased railcars.

2018 Business Highlights

Fiscal 2018 presented a challenging operating environment, as our business continued to experience the impacts of a continued deflationary cycle within the agriculture and energy sectors. Both sectors continued to face pricing pressures from increased global supplies of grains, proteins, oilseeds and an oversupply of ethanol obstructed by escalating trade tensions around the world.

Despite these challenging operating conditions, we continued to execute on our business strategies by managing commodity price risks, improving operational efficiencies and optimizing market opportunities to create an efficient platform with diversified income streams, as exemplified by the following:

2018 PERFORMANCE HIGHLIGHTS

Key Operating Accomplishments

Net income of \$15.9 million, or \$0.39 per diluted share;

EBITDA of \$224.7 million (see EBITDA reconciliation in the company's Form 10-K, filed February 20, 2019).

Table of Contents

Achievements

The acquisition of cattle-feed operations located in Sublette, Kansas and Tulia, Texas bringing the company's total capacity to 355,000 head of cattle and making us the # largest feedlot operator in the U.S.;

Disposition of three ethanol plants and Fleischmann's Vinegar resulting in total net cash proceeds of approximately \$671.7 million and a pre-tax gain of \$150.4 million;

Repayment of the remaining balance of our \$500 million term loan due August, 2023; and

Formation of Optimal Aquafeed, a 50/50 joint venture to produce high-quality aquaculture feeds utilizing proprietary techniques and high-protein feed ingredients.

Pay for Performance

The committee has designed our executive compensation program to deliver pay in alignment with corporate, business unit and individual performance primarily based on the following three factors, which in turn are expected to align executive pay with returns to shareholders over time:

Expansion of our company, both organically and through acquisitions, as our scale creates the platform for future growth and influences the stability of our company's earnings;

The company's return on net assets (RONA); and

The total shareholder return of our company as compared to our Performance Peer Group. We have diversified our business significantly during the last few years and remain a growth-oriented company focused on creating long-term value for our shareholders. However, deflationary cycles within the global commodity markets can have a significant impact on the price of our Common Stock. As such, we believe that the current best indicator of our long-term performance is TSR versus our Performance Peer Group as well as performance of our RONA against our internal goals set by our Board. The other primary factor in aligning our pay and performance is whether we have remained a growth-oriented company as measured by EBITDA performance for both our ethanol and non-ethanol businesses.

Performance against pre-established EBITDA goals was a key element of our 2018 annual incentive plan. In the last several years, we have used key acquisitions and a joint venture project to transform our platform and build future value through segment and product diversification. Consistent EBITDA growth will result in greater annual incentive plan payouts, while shortfalls in EBITDA will result in below target payouts. As the chart below indicates, our CEO's total bonus payout is well-aligned with our EBITDA performance.

YEAR	2016	2017	2018
CEO Pay Measure:			
Annual Bonus Payout	\$ 1,813\$	670 \$	900
% Change		-63%	+34%
Absolute Performance Measure:			
EBITDA (non-GAAP)	\$ 174.4\$	154.4 \$	224.7

Table of Contents

The following chart details our CEO's realizable compensation compared to his target compensation for each of the years ended 2016, 2017 and 2018. We believe this chart demonstrates that our CEO's compensation is, as intended, largely at risk and closely and appropriately linked to performance, including the performance of our stock price.

- (1) Target compensation is defined as (i) base salary, (ii) the target annual incentive opportunity for the year, and (iii) the value as of grant date of RSAs and PSUs granted during each year.
- (2) Realizable compensation is defined as (i) base salary, (ii) the actual annual incentive earned for the year, and (iii) the value as of December 31, 2018 of RSAs and PSUs (at target) granted during each year. The realizable value of RSAs and PSUs is based on our closing stock price on December 31, 2018 of \$13.11 per share.

The committee believes that our executive compensation program effectively aligns pay with performance based on the key factors discussed above, thereby aligning executive pay with returns to shareholders and creating a growth-oriented, long-term value proposition for our shareholders.

EXECUTIVE COMPENSATION HIGHLIGHTS

The committee has designed our executive compensation program to deliver pay in alignment with corporate, business unit and individual performance. A large portion of total direct compensation is at-risk through long-term equity awards and annual cash incentive awards. These awards are linked to actual performance and include a significant portion of equity. See charts on pages 4 and 26 for more information regarding the target annual compensation mix for our CEO and other NEOs.

Ongoing Monitoring of Compensation Best Practices and Programs in a Dynamic Environment Overview

Our company has undergone diversification in the business over the last several years. As a result, and in response to our 2017 say on pay vote, the committees conducted an in-depth analysis of our compensation and governance practices, including an enhanced shareholder outreach process and a thorough review of all aspects of our compensation strategies and program. This analysis resulted in significant changes to our compensation programs for fiscal 2018 (discussed above under Fiscal 2018 Compensation Program Improvements at page 17). The committee engaged in an ongoing review of our compensation practices and governance policies in 2017 and 2018, and the solicitation of advice from the committee's compensation consultant, Meridian Compensation Partners, LLC (Meridian).

Fiscal 2018 Compensation Actions at a Glance

The following summarizes the key compensation decisions for the NEOs for fiscal 2018:

Base salary: In March 2018, the annual rate of Mr. Becker's salary was increased and his 2018 target annual incentive was correspondingly decreased, to better align his compensation mix to market median and to maintain his target cash compensation at the same level as in 2017. The annual rate of base salary for other NEOs was not adjusted for 2018.

Annual Incentive Bonus: For fiscal 2018, the Compensation Committee awarded annual bonuses, for the NEOs that were employed for the entire year, ranging from 64% to 104% of each NEO's target bonus. See the section entitled Annual Incentive Compensation for a complete discussion of our performance measures, targets and performance for 2018 and annual bonuses awarded by the Committee for the year.

Long-Term Incentive Awards: As part of the significant changes made to our executive compensation program for 2017 and beyond, we shifted from a backward-looking/trailing performance measurement to a forward-looking performance measurement for our LTIP. Accordingly, we discontinued our historical practice of issuing solely service-based RSAs based on trailing performance, and instead, in early 2018, each of the NEOs was granted a combination of PSUs and RSAs. In addition, in order to foster retention of the NEOs and further align their interests with stockholders, the Committee granted additional RSAs to the NEOs that vest in full on the third anniversary of the grant date (Cliff Vesting RSA).

Table of Contents

These compensation decisions are discussed in more detail in this Compensation Discussion and Analysis and shown in the Summary Compensation Table and Grants of Plan-Based Awards Table that follows.

The Incentive Plan

The Incentive Plan advances our pay-for-performance philosophy by providing participants under the Incentive Plan with annual bonus incentive opportunities linked to the achievement of specific performance goals. The Incentive Plan is designed to:

- Reinforce the company's goal-setting and strategic planning process;
- Recognize the efforts of its management in achievement objectives; and
- Aid in attracting and retaining competent management, thus ensuring the long-range success of the company.

In the first quarter of each year, the Compensation Committee sets objective performance measures for the company as a whole and establishes corresponding performance goals for each participant under the Incentive Plan, including our NEOs. In structuring the performance measures and goals, the Compensation Committee sets targets for achieving those goals:

Minimum threshold before any annual performance bonus can be earned;

Target goal to incentivize a specific desired performance level; and

Maximum goal which sets an appropriate limit on the potential annual performance bonus that can be earned.

After the end of the fiscal year, the Compensation Committee determines whether the performance goals have been attained and approves any cash payment amount based upon the level of achievement of the annual performance goals. The Compensation Committee also evaluates each executive's performance for the year and determines their overall cash performance bonus based on an assessment of their performance, among other things, against the following objectives:

- Leadership and company strategy;
- Business performance and development;
- Accomplishment of strategic objectives;
- Commitment to development of management;
- Growth initiatives; and
- Financial and operational objectives.

Compensation Program Objectives and Philosophy

The committee has designed our executive compensation program to serve several key objectives:

attract and retain superior employees in key positions, with compensation opportunities that are competitive relative to the compensation paid to executives at companies similar to us by generally setting target levels of annual total direct compensation opportunity for the NEOs within a competitive range of the median of our Pay Levels Peer Group;

reward the achievement of specific annual, long-term and strategic goals; and

align the interests of our NEOs with those of our shareholders by placing a significant portion of total direct compensation at risk, and rewarding performance that exceeds that of our peer companies, through the use of equity-based LTIP awards and a share ownership and retention policy, with the ultimate objective of improving shareholder value over time.

Table of Contents

In the chart below, we have summarized how the executive compensation program supports these executive compensation program objectives.

OBJECTIVE	PROGRAM DESIGN
<p>Attract and retain superior employees in key positions, with compensation opportunities that are competitive relative to the compensation offered to similarly-situated executives at companies similar to us.</p> <p>Reward the achievement of specific annual, long-term and strategic goals.</p>	<p>Designed the executive compensation program to provide a mix of base salary, target annual cash incentive awards and target LTIP award values that are aligned with the program's principles and objectives and are competitive with the target compensation levels offered by our Pay Levels Peer Group.</p> <p>Provided approximately 86% of CEO 2018 annual target total compensation in incentive compensation and on average, approximately 71% of all other NEO's annual target compensation in incentive compensation.</p> <p>Provided sufficiently challenging upside opportunities on annual and long-term incentive compensation for exceeding target goals, balanced with reductions from target opportunities for performance below target goals.</p> <p>Tied payouts under the annual incentive plan to key financial objectives, as well as strategic, operational and individual performance, to focus executives on areas over which they have the most direct impact, while continuing to motivate decision-making that is in the best interests of our company as a whole.</p> <p>Based annual incentive awards primarily on quantifiable performance goals established by the committee at the beginning of the fiscal year, with payouts determined after the committee reviews and certifies performance results.</p>
<p>Align the interests of our NEOs with those of our shareholders by rewarding performance that exceeds that of our peer companies, through the use of equity-based awards and a share ownership and retention policy, with the ultimate objective of improving shareholder value over time.</p>	<p>PSUs granted as part of LTIP are tied to three-year, forward looking performance with vesting based on actual performance measured against RONA and relative total shareholder return goals established at the beginning of the performance period.</p> <p>Tied payout of PSUs granted to our NEOs as part of LTIP to three-year, forward-looking performance based on RONA and total shareholder return relative to our Performance Peer Group.</p> <p>Robust stock ownership guidelines.</p>

ROLES OF COMPENSATION COMMITTEE, MANAGEMENT AND INDEPENDENT CONSULTANTS

Compensation Committee

The committee has primary responsibility for overseeing our executive compensation program. The Board appoints the members of the committee. Additionally, the Board has determined that each member of the committee meets the applicable requirements for independence established by applicable SEC rules and the listing standards of the NASDAQ. The committee:

oversees our various compensation plans and programs and makes appropriate design decisions;

retains responsibility for monitoring our executive compensation plans and programs to ensure that they continue to adhere to our company's compensation philosophy and objectives; and

determines the appropriate compensation levels for all executives, including the NEOs.

The committee meets on a regular basis and has an executive session without members of management present at each regular committee meeting. The committee's duties and responsibilities are described in its charter, which can be found on our website at <http://investor.gpreinc.com/corporate-governance>. The committee and the Board periodically review and, as appropriate, revise the charter.

As provided by its charter and discussed in greater detail below, the committee engages an independent compensation consultant to advise it on the design of our executive compensation program. The committee engaged Meridian to advise it in connection with the 2017 executive compensation program and 2018 design. To determine the appropriate compensation levels, the committee considers, in conjunction with recommendations from its independent compensation consultant:

Total compensation paid to the NEOs;

Our company's long-term and short-term incentive design and alignment with strategic and financial objectives;

Our company's performance, the industry in which we operate, the current operating environment, our relative total shareholder return performance and market compensation for similarly-situated executives; and

How to balance short-term and long-term compensation to provide fair near-term compensation, to align executive pay with long-term shareholder value, and to avoid structures that would encourage excessive risk taking.

Table of Contents

The committee periodically reviews our executive compensation program to ensure that it remains competitive and provides the proper balance between cash and equity, and between short-term and long-term incentive compensation. The committee's regular analysis and refinement of the compensation program ensures continuing alignment of the elements of the compensation program with our company's business strategy and shareholder interests. During this process, the committee:

Evaluates the design of our compensation program to align pay and performance;

Evaluates the executive compensation policies to ensure a continued nexus between executive compensation and the creation of shareholder value;

Seeks to ensure that our company's compensation programs remain competitive, including comparing the total direct compensation paid by our company with that of our Pay Levels Peer Group;

Considers feedback received from our shareholders;

Consults as needed with its independent compensation consultant to review and refine the elements of our compensation programs to ensure that our executive compensation meets our stated objectives and is consistent with the company's compensation philosophy; and

Takes into consideration appropriate corporate acquisitions, if any, and the resulting impact on the size and complexity of our company's business.

In addition to its responsibilities for executive compensation plans and programs, the committee also evaluates and makes recommendations to the Board regarding our management and director compensation plans, policies and programs, and reviews benefit plans for management and other employees.

Role of Chief Executive Officer

The committee evaluates the performance of the Chief Executive Officer who, in turn, on an annual basis, reviews the performance of his direct reports, which include each of the NEOs other than himself. The Chief Executive Officer presents his conclusions and recommendations with respect to performance and pay, including recommendations with respect to base salary adjustments and incentive award amounts, to the committee. The committee considers this information and then exercises its judgment in adopting or modifying any recommended adjustments or awards to be made to the NEOs.

Use of an Independent Compensation Consultant

The Compensation Committee's charter allows the committee to engage an independent compensation consultant to advise the committee on the design of our executive compensation. For 2018, the committee engaged Meridian, an independent executive compensation consulting firm, to provide advice to the committee on various factors relating to the development of our 2018 executive compensation program and design.

Meridian is engaged directly by, and is fully accountable to, the committee and does not provide advice to management. The committee has determined that Meridian is independent based on the independence factors provided by the SEC and the NASDAQ.

Use of Peer Companies in Setting Executive Compensation and Measuring Performance

Purpose

The committee uses peer groups for the following purposes:

To assess executive compensation opportunities (the Pay Levels Peer Group); and

Beginning with the 2018 LTI awards, to assess the company's long-term performance, and in particular, to assess relative total shareholder return for purposes of determining payouts for a portion of the PSU awards (the Performance Peer Group).

As discussed in more detail below, our company has a unique product offering that makes it difficult to establish a group of peer companies for evaluating the competitiveness of our NEOs' compensation opportunities and for measuring our relative business performance. In particular, it is challenging to identify appropriate peers for our business performance among companies in our S&P 8-digit and 6-digit Global Industry Classification Standard (GICS) codes, as many of the companies in those GICS codes that are of roughly similar size manufacture, market, and distribute food for human consumption. These companies typically use agricultural commodities as ingredients in their products, and as a result these companies would typically experience reduced performance when these commodity prices rise. In contrast, our products are not generally for human consumption and our product prices generally track the performance of an identified group of agricultural commodities. As those agricultural commodities prices rise, our financial performance will generally improve, and conversely, as those commodities prices fall, our financial performance will generally be negatively impacted. As a result, our company tends to operate in opposite economic cycles from many of the other food or agricultural-related companies in our general GICS codes.

The Compensation Committee, in consultation with its former consultant Pearl Meyer & Partners, LLC (Pearl Meyer), selected companies for the Pay Levels Peer Group that have one or more of the following characteristics: (i) similar in size and financial performance to us, (ii) within a relevant industry group (including companies engaged in the production of ethanol, alternative

Table of Contents

fuels or gasoline oxygenates as well as the marketing and distribution of such fuels and companies engaged in the production of agriculture products), (iii) considered competitors to us according to analysts and advisory firms and other selection criteria. The composition of the peer group is periodically reviewed and, if appropriate, updated to ensure continued relevancy and to account for mergers, acquisitions, divestures or other business-related changes that may occur. The following companies comprised the Pay Levels Peer Group for 2018:

The Andersons, Inc. / Calumet Specialty Products Partners, L.P. / CVR Energy, Inc. / Darling Ingredients Inc. / Delek US Holdings, Inc. / Denbury Resources Inc. / H.B. Fuller Company / Koppers Holdings Inc. / Methanex Corporation / Renewable Energy Group, Inc. / SM Energy Company/ Whiting Petroleum Corporation

The committee believes that it is appropriate to use companies that are generally similar in size to our company for pay comparisons. For performance comparisons, however, the committee believes it is appropriate to use a broader peer group that is not limited by size or location to set the standards for long-term incentive plan performance, as company size and location do not materially influence performance comparisons. Although the committee is referencing two different peer groups, there is a substantial overlap of companies in the two peer groups.

The committee uses competitive pay information derived from the Pay Levels Peer Group to generally inform its compensation decisions, but does not formulaically benchmark based on this data. The committee generally sets target levels of annual total direct compensation for the NEOs within a competitive range of the market median at the Pay Levels Peer Group. The committee considers each executive's experience, responsibilities, performance and internal equity when setting compensation opportunities. Where company performance is strong, executives have the opportunity to earn above median compensation. Where company performance is weaker, compensation will be below the market median.

Performance Peer Group

To better reflect the company's operating segments of Feed, Food, and Fuel and the companies we compete with for employee talent and capital, in 2018, the Performance Peer Group was established for purposes of evaluating our performance under the company's incentive programs. In selecting the Performance Peer Group constituents, which are summarized in the table below, the Committee considered the following criteria: (i) industry, (ii) business operations similar to those of the company, focused on Feed, Food, and/or Fuel, (iii) the extent to which operations were global, (iv) company size, as measured by revenues and market capitalization, and (v) availability of publicly-disclosed financial information.

Table of Contents**Mix of Salary and Incentive Awards (at Target)**

The following charts illustrate the mix of total direct compensation elements for our NEOs at target performance, excluding our former Chief Operating Officer and the President of Fleischmann's Vinegar who both resigned during fiscal 2018. These charts demonstrate our executive compensation program's focus on variable, performance driven cash and equity-based compensation, a large portion of which is at-risk through long-term equity awards and annual cash incentive awards.

Components of Fiscal 2018 Executive Compensation Program**BASE SALARY**

Our company provides NEOs with a base salary to compensate them for services rendered during each fiscal year. Base salary ranges for NEOs are determined for each executive based on the executive's position and responsibility by using market data supplied by the committee's independent compensation consultant. Base salary is designed to be competitive when compared with the Pay Levels Peer Group. The committee periodically reviews base salaries of senior executives, including the NEOs, to determine if adjustment is necessary based on competitive practices and economic conditions. Base salary for senior executives will also be reviewed and adjustment may be made based on individual performance and the individual's skills, experience and background.

The chart below summarizes the annual base salary of our NEOs for fiscal 2018 and 2017.

NAME	FISCAL 2017	FISCAL 2018	PERCENTAGE
	ANNUAL SALARY	ANNUAL SALARY	INCREASE
Mr. Becker (1)	\$ 525,000	\$ 700,000	33%

- (1) In March, 2018, as part of the compensation program re-design, Mr. Becker's salary was increased and his target annual incentive was correspondingly decreased to maintain his total target direct compensation at the same level as 2017, but with a compensation mix more aligned with market

median.

ANNUAL INCENTIVE COMPENSATION

Overview

To motivate performance, each of our NEOs was provided with an annual incentive award opportunity for fiscal 2018. The range of award payouts that an executive could earn, as well as the performance goals, were established in early 2018.

We use incentive compensation in the form of annual bonuses to reinforce performance-based objectives and retain key personnel. The Compensation Committee established the Umbrella STIP, which was approved by shareholders at the 2014 annual meeting. As required by and working within the parameters of the Umbrella STIP, the Compensation Committee set specific 2018 operational performance goals. The Umbrella STIP, effective January 1, 2014, limits individual annual incentive bonuses to no more than \$10 million and eligible executives' incentive bonuses, as a pool, to no more than 6% of EBITDA, with each participating executive's share of the pool defined by the Umbrella STIP, 60% for the Chief Executive Officer and 10% for each other eligible executive, subject to reduction by the Compensation Committee. With 2018 EBITDA of \$224,652,000, the maximum amount of the eligible pool was \$22,465,200, of which the Chief Executive Officer would be eligible for a maximum of \$13,479,120 and each other named executive officer would be eligible for a maximum of \$2,246,520. The Umbrella STIP provides that certain specified employees may be awarded cash bonuses by the Compensation Committee upon meeting certain additional specified performance goals or other performance criteria as determined by the Compensation Committee.

Table of Contents**Annual Incentive Award Opportunities**

In early 2018, the Compensation Committee established target annual incentive award opportunities for the NEOs for 2018, as summarized in the table below:

Fiscal 2018 Target Bonus Opportunities

Executive	Target Cash Bonus as a	Potential Award Range as a
	Percent of Base Salary	Percent of Base Salary
Mr. Becker	200%	0 - 300%
Mr. Neppl	80%	0 - 200%
Mr. Briggs	80%	0 - 200%
Mr. Simril	80%	0 - 200%
Mr. Metzler	80%	0 - 200%
Ms. Mapes	80%	0 - 200%

Annual Incentive Award Formula

In early 2018, the Compensation Committee approved the following performance measures weighting and goals for use in determining payouts under the 2018 annual incentive program:

Objective (1)	Weighting	Threshold Performance / 50% Payout	Target Performance / 100% Payout	Maximum Performance / 200% Payout (2)
Ethanol EBITDA	20%	\$50 million	\$65.5 million	³ \$81 million
Non- Ethanol EBITDA	20%	\$140 million	\$160 million	³ \$180 million
Portfolio Optimization Plan	20%	Assessed by the Compensation Committee based on the approved Portfolio Optimization Plan		
Plant Safety	10%	86 points	90 points	³ 94 points
Cost Savings (Annualized run rate)	10%	No Payout	No Payout	³ \$14 million
MBOs / Individual Performance	20%	Earned through MBO Attainment		

- (1) The plant safety goal is comprised of 11 different safety metrics inclusive of lost time, timeliness of incident reporting, safety training, completion of safety drills, environmental plan review and training, environmental incident, third party audit close outs, process safety management (PSM) compliance, development of standard operating procedures (SOPs), for maintenance, and for rail, SOP training, other on the job training requirements and compliance with the Food Safety Modernization Act. Safety is measured on a point basis with a base line score of 100 with deductions for not meeting safety objectives.

- (2) Maximum potential payout for each measure (as a % of the weighting at target) is 200% of target.

Each measure is separately weighted and a minimum level of total EBITDA of \$100 million is required in order for executive officers to be eligible for a bonus payout under the 2018 annual incentive program. In addition, total Company EBITDA must exceed \$160 million in order for NEOs to be eligible for an above target payout. If performance falls between the specified performance levels, the payout earned will be determined using a straight-line interpolation.

The performance levels, aggregate performance required to earn a payout at each level and corresponding payouts for the NEOs are summarized in the table below:

Payout as a % of the Target Bonus

Level of Attainment	CEO	Other NEOs
Threshold	50%	50%
Target	100%	100%
Maximum	150%	250%

Table of Contents**Determination of Payouts**

Following the end of 2018, the Compensation Committee assessed the company's performance on the two financial measures, cost savings, the execution of the Portfolio Optimization Plan and plant safety, and determined the initial payout. Since the company only exceeded the \$100 million total Company EBITDA funding hurdle after the inclusion of the gains resulting from the execution of the Portfolio Optimization Plan, the Committee elected to generally cap payouts under the annual incentive program for 2018 at target.

	Weighting	Threshold Performance	Target Performance	Maximum Performance (1)	Actual Performance with Gain on Sale of Assets (2)	Actual Performance without Gain on Sale of Assets
Revenue	20%	\$50 million	\$65.5 million	³ \$81 million	\$60.5 million	(\$31.6 million)
EBITDA	20%	\$140 million	\$160 million	³ \$180 million	\$215.0 million	\$156.8 million
Plant Safety	20%	Assessed by the Compensation Committee				
Cost Savings	10%	86 points	90 points	³ 94 points	94	94
	10%	No Payout	No Payout	³ \$14 million	\$19.1 million	\$19.1 million
Other	20%	N/A	N/A	N/A	N/A	N/A

(1) Maximum potential payout for each measure (as a % of the weighting at target) is 200% of target.

(2) EBITDA calculation for payout determination excludes certain corporate selling, general and administrative costs.

The Compensation Committee determined, after consultation with its independent compensation consultant, that based on company performance as described above, the successful execution of the Portfolio Optimization Plan and the NEOs' contributions and achievement of their individual objectives as described on pages 21 and 22 above, to award the following bonuses for 2018, which for the NEOs that were employed for the entire year, ranged from 64% to 104% of each NEO's 2018 target bonus, as illustrated in the table below:

EXECUTIVE	2018 BONUS
FISCAL 2018	

	TARGET BONUS OPPORTUNITY		PAYOUT AS A PERCENT OF TARGET		
Mr. Becker	\$	1,400,000	\$	900,000	64.3%
Mr. Nepl	\$	320,000	\$	320,000	100.0%
Mr. Briggs	\$	280,000	\$	-	0%
Mr. Simril	\$	280,000	\$	-	0%
Mr. Metzler	\$	240,000	\$	250,000	104.2%
Ms. Mapes	\$	240,000	\$	240,000	100.0%

Notably, in the case of our Chief Executive Officer, the annual bonus awarded (64.3% of his target bonus) is significantly below his target payout. The Committee also believes that the 2018 bonuses properly reflect the company's performance and each executive's contributions during the year and are consistent with our compensation philosophy and objectives.

In addition, since the Committee exercised discretion to include the gains resulting from the execution of the Portfolio Optimization Plan in Total Company EBITDA for the purpose of determining whether the EBITDA funding hurdle was attained, and to foster retention of key executives including the NEOs, the 2018 bonus must be repaid in full, if the executive resigns from the Company prior to December 31, 2019.

LONG-TERM INCENTIVE COMPENSATION

Overview

Each of our NEOs was provided with long-term incentive award opportunities for fiscal 2018 that were tied to our performance. The principal objectives of the LTI awards are to (i) motivate our NEOs to drive sustained long-term shareholder value creation, (ii) grant award opportunities that are based on the competitive market, but then adjusted for our performance, and (iii) provide the NEOs with equity ownership opportunities that will further enhance their alignment with our shareholders' interests. The Committee believes that providing long-term equity-based awards incentivizes executives to balance short- and long-term decisions, which helps to mitigate excessive risk-taking by our executives.

Grants are generally made in the first quarter of each year; however, in limited, special situations, equity awards may be granted at other times to attract new executives and to retain existing executives.

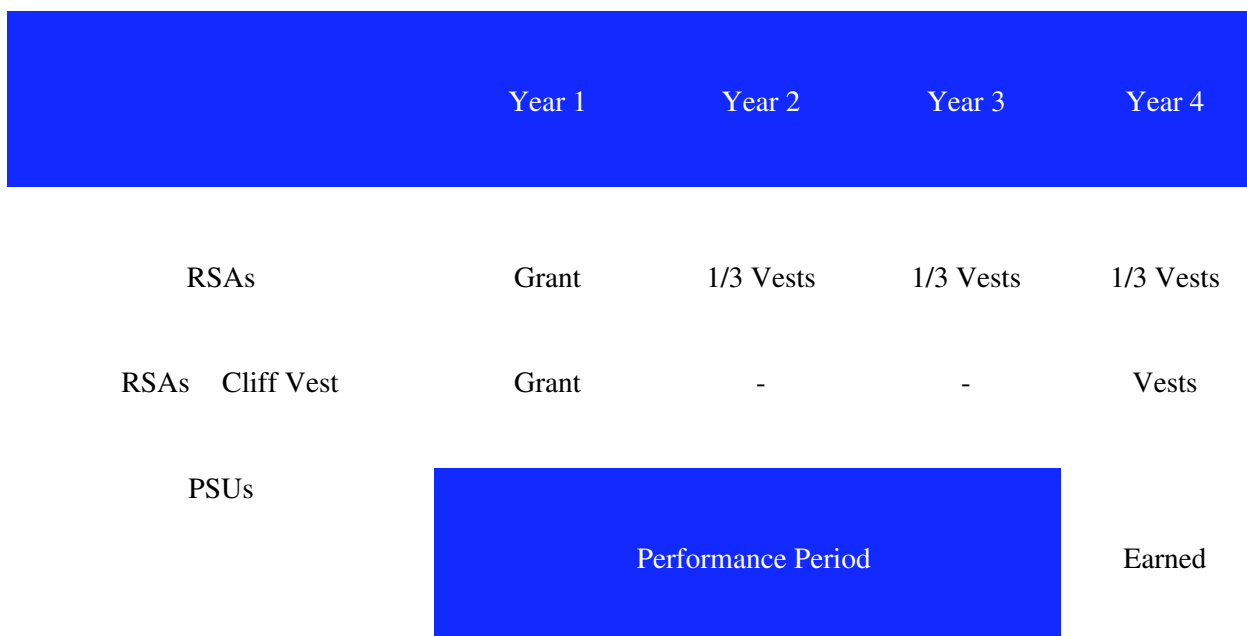

Table of Contents

Fiscal 2018 Long-Term Incentive Awards

After reviewing trends in executive compensation and pay-related governance policies and in response to the results of our 2017 say on pay vote, the Committee made the following changes to the company's LTI awards, beginning with the 2018 annual awards:

As illustrated in the chart below, a shift was made from granting solely service-based RSAs based on an assessment of the prior-year's results to annual grants of (i) PSUs tied to three-year, forward-looking performance (based 50% on average annual RONA and 50% on total shareholder return relative to our Performance Peer Group) and (ii) service-based RSAs that vest 33-1/3% on the 1st, 2nd and 3rd anniversaries of grant, with one-half of opportunity granted in PSUs and RSAs, respectively.

In addition, in 2018 the Committee awarded additional RSAs to the NEOs, in order to foster retention and further align their interests with shareholders. The additional RSAs cliff vest on the third anniversary of the grant date.

For 2018, the Chief Executive Officer's awards were granted 50% in PSUs, with the balance in service-based RSAs, a portion of which vest on the third anniversary of the grant date and a portion of which vest one third on the 1st, 2nd and 3rd anniversaries of grant.

The performance levels and corresponding payouts established for RONA and TSR with respect to the 2018 PSU awards are summarized in the table below.

Performance Level

	Payout % of Target Number of PSUs Earned
Maximum	150%
Target	100%
Threshold	50%
Below Threshold	0%

If performance falls between the specified performance levels, payouts will be determined using straight-line interpolation.

RONA was selected as a performance measure for PSU awards as strong RONA is very important to our sustained financial success and TSR was selected to further link executive officers' compensation to shareholder returns and drive shareholder value creation.

The Compensation Committee views these modifications to be aligned with the objectives of motivating and rewarding executives for performance on key long-term measures, while also promoting retention of executive talent.

Additional detail with respect to the design of PSUs is provided below.

Performance Share Unit Awards. PSUs are tied to our company's long-term performance to ensure that our NEOs' compensation is directly linked to the achievement of sustained long-term operating performance and stock price performance. Reflective of the desire to balance prudent use of capital and returns to our shareholders, the committee has determined that awards will be earned based on a combination of our average annual RONA for a three-year performance period and our TSR relative to the Performance Peer Group (described on page 25 of the proxy) over the same period. PSUs are payable in shares of Common Stock on the vesting dates of the performance shares. Shares not earned in a given performance period expire and are forfeited. PSUs are also subject to potential forfeiture if an executive terminates their employment prior to vesting. The performance goals for the portion of the award tied to relative TSR is as follows:

Performance Level	Performance Goals	Payout % of Target Number of PSUs Earned
Maximum	80th Percentile or Higher	150%
Target	55th Percentile	100%
Threshold	25th Percentile	50%
Below Threshold	Below 25th Percentile	0%

If the Company's absolute TSR is negative, payouts for the portion of the award based on TSR will be capped at target. Dividend equivalents on PSUs will be accrued and paid in company stock at the same time as PSUs are settled, but only if and to the extent PSUs are earned.

RETIREMENT BENEFITS AND PERQUISITES

Retirement Benefits

Our company offers a 401(k) plan to all of its eligible U.S.-based salaried employees. The 401(k) plan includes an employer contribution ranging from 1% of a participant's base salary, and a matching contribution of 100% of a participant's contributions up to 4% of a participant's base salary.

We do not provide special or supplemental retirement benefits to our NEOs.

Perquisites and Other Personal Benefits

The company provides limited perquisites to the NEOs. Consistent with the benefit offered to all other eligible employees, the company provides our NEOs with (i) a matching contribution to the company's 401(k) Plan, up to a maximum of \$11,000 in 2018, as well as (ii) Company paid life insurance. In addition, in accordance with his employment agreement, Mr. Becker also receives additional insurance and disability benefits as well as a tax gross-up payment to cover the taxes associated with these benefits, the details of which are set forth below.

EMPLOYMENT AND SEVERANCE AGREEMENTS

Our company has entered into Employment Agreements with Messrs. Becker, Nepl, Briggs, and Simril that provide for, among other things, potential payments and other benefits upon termination of employment for a variety of reasons.

Table of Contents

See Employment Agreements and Potential Payments upon Termination or Change-in-Control included elsewhere in this Proxy Statement for a description of these agreements, including the severance benefits thereunder.

The Committee believes that these severance arrangements are an important part of overall compensation for our NEOs and an important recruitment and retention tool as most of our competitors have implemented similar arrangements for their senior employees. Certain of these agreements include Committee approved change of control provisions to provide reasonable personal protection to our senior executives in the context of an actual or potential change of control of our company. The committee views these arrangements as preventing management distraction during the critical periods prior to and immediately following a change of control. The Compensation Committee may adjust base salary, bonus percentage or long-term incentives to levels that exceed the initial terms of the executive officers' employment agreements based on its periodic review of compensation data.

STOCK OWNERSHIP AND RETENTION POLICY

Our company has stock ownership guidelines to further align the interests of our non-employee directors and NEOs with those of our shareholders. The guidelines require our NEOs and non-employee directors to maintain an investment in our Common Stock at the following levels:

- Chief Executive Officer, six times his annual base salary;
- Chief Operating Officer and Chief Financial Officer, four times their annual base salary;
- All other NEOs, three times their base salary; and
- Non-Employee Directors, five times their annual cash retainer.

POLICY AGAINST HEDGING AND PLEDGING COMPANY STOCK

In addition, the company has a policy that prohibits each NEO and director from (A) engaging in (i) short-term trading (generally defined as selling company securities within six months following the purchase), (ii) short sales, (iii) transactions involving derivatives, (iv) hedging transactions or (v) any other contractual derivative transactions, such as total return swaps and (B) holding company securities in a margin account or pledging company securities as collateral for a loan, unless granted an exception by the Board. One director has shares currently pledged and has been granted a Board exception.

COMPENSATION RECOVERY (CLAWBACKS)

In early 2018, we adopted a compensation recovery policy that goes beyond the policies currently required by law. Specifically, the policy requires each executive officer to reimburse the company for all or a portion of any annual or long-term incentive compensation paid to the executive officer based on achievement of financial results that were subsequently the subject of a restatement due to the executive's misconduct, to the extent determined by the Board of Directors. The Board of Directors may also determine to require the forfeiture of unvested awards, reduce future compensation or take other disciplinary actions (including termination of employment). The Committee believes that this compensation recovery policy enhances our governance practices by creating direct financial costs to NEOs whose misconduct leads to a material financial restatement.

In addition, as required by the Sarbanes-Oxley Act of 2002, upon restatement of our company's financial statements, the Chief Executive Officer and Chief Financial Officer would be required to reimburse us for any (i) bonuses, (ii) other incentive or equity-based compensation, and/or (iii) profits from stock sales, received in the 12-month period following the filing of financial statements that were later required to be restated due to their misconduct. Our

company will also implement the incentive compensation clawback provisions mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 in accordance with the requirements of that Act as the method of their implementation becomes finalized by the stock exchanges.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on compensation the company may deduct for federal income tax purposes in any one year with respect to any of certain covered officers employed by the company. Prior to the enactment of the Tax Cuts and Jobs Act of 2017 (the TCJA) in December 2017, compensation that was performance-based was excluded from this \$1 million limitation and was deductible by the company. Under the TCJA, the performance-based exception has been repealed generally for tax years beginning after December 31, 2017. A limited exception applies to certain compensation that qualifies as performance-based compensation under pre-TCJA IRC Section 162(m), provided it is paid pursuant to a written binding contract in effect on November 2, 2017 and which has not been modified in any material respect on or after that date.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on that review and those discussions, the Compensation Committee recommends to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into the Form 10-K for the year ended December 31, 2018.

1) Amounts for Stock Awards reflect the aggregate grant date fair value computed in accordance with ASC 718. A portion of restricted stock awards granted in 2018, 2017 and 2016 vest ratably, annually over the

three-year period following the date of grant and a portion of restricted stock awards granted in 2018 vest three years following the date of the grant. Performance share unit awards were granted to all NEOs in March 2018 which cliff-vest in March 2021 based on both the percentile ranking of the company's TSR relative to the Performance Peer Group and the company's average annual RONA. Performance share unit awards are included in the Stock Awards column above and presented as the fair value at the date of the grant based on both the Monte Carlo valuation model for the TSR factor and the company's closing stock price for the RONA factor. The grant date fair value of restricted stock awards, as well as, the target and maximum potential fair value of the performance share unit awards are also provided below. See Compensation Discussion and Analysis for additional information.

Mr. Becker. Effective October 16, 2008, we entered into an employment agreement with Mr. Becker to serve as our President and Chief Operating Officer. Mr. Becker was named President and Chief Executive Officer on January 1, 2009. Mr. Becker's employment agreement was amended in December 2009 to provide for a tax gross-up payment in the event of any tax payments on fringe benefits. Mr. Becker's agreement was subsequently amended in March 2018 to remove the tax gross-up payment. The terms of the employment agreement provide that Mr. Becker will receive the following: (i) an annual base salary, currently at \$700,000, (ii) an annual target bonus as a percentage of base salary based on performance objectives set by the Board's Compensation Committee, (iii) annual awards of long-term incentive benefits of a type and level that is competitive with long-term incentive plan benefits provided to chief executive officers of public companies of comparable size in similar industries, and (iv) a fully exercisable option to acquire 150,000 shares at an exercise price equal to \$10 per share. Mr. Becker's employment is at-will and may be terminated at any time, by either party, for any reason whatsoever. If employment is terminated without cause or for good reason, Mr. Becker will receive one year of base salary plus the greater of his maximum annual cash bonus for that year or the average bonus paid for the prior two years, up to one year of continued health and dental coverage (which ceases

upon acceptance of a comparable position within such period) and certain relocation assistance if he relocates beyond 50 miles within six months of termination. In addition, all shares acquired upon exercise of options granted therein would then be released from certain lock-up restrictions, and all outstanding options and other equity awards would fully vest. See Potential Payments upon Termination or Change in Control for additional information.

Mr. Neopl. Effective September 11, 2017, we entered into an employment agreement with Mr. Neopl. See Potential Payments upon Termination or Change in Control for additional information.

Mr. Simril. Mr. Simril joined the company as part of the Fleischmann's Vinegar acquisition by us in 2016 and entered into an employment agreement effective September 30, 2016. Potential Payments upon Termination or Change of Control

Employment Agreement for Mr. Becker

We have an employment agreement with Mr. Becker. See Employment Arrangements above for additional information. Upon termination without cause or for good reason, Mr. Becker is entitled to (a) one year of base salary plus the greater of his maximum annual cash bonus for that year or the average bonus paid for the prior two years, (b) up to one year of continued health and dental coverage (which ceases upon acceptance of a comparable position within such period) and (c) certain relocation assistance if he relocates beyond 50 miles within six months of termination. In addition, all shares acquired upon exercise of options granted therein would then be released from certain lock-up restrictions and all outstanding options and other equity awards would fully vest.

For such purposes, cause is defined as one of the following: (a) a material breach by the executive of the terms of this agreement, not cured within thirty (30) days from receipt of notice from the Board of such breach, (b) conviction of, or plea of guilty or no contest to, a felony; (c) willful misconduct or gross negligence in connection with the performance of executive's duties; or (d) willfully engaging in conduct that constitutes fraud, gross negligence or gross misconduct that results in material harm to us. For purposes of this definition, no act, or failure to act, on the executive's part shall be considered willful unless done, or omitted to be done, by the executive in knowing bad faith and without reasonable belief that his action or omission was in, or

not opposed to, our best interests. Notwithstanding the foregoing, the executive shall not be deemed to have been terminated for cause unless and until the executive has received a copy of a resolution duly adopted by the affirmative vote of not less than three-quarters of the entire membership of the Board at a meeting called and held for such purpose (after reasonable notice to the executive and an opportunity for the executive, together with his counsel, to be heard by the Board), finding that, in the good faith opinion of the Board, the executive is guilty of the conduct set forth above in (a), (b), (c) or (d) of this definition and specifying the particulars thereof in detail.

For such purposes, good reason is defined as any of the following if the same occurs without the executive's express written consent: (a) a material diminution in executive's base salary as described in the employment agreement; (b) a material diminution in executive's authority, duties, or responsibilities; (c) a material diminution in the authority, duties, or responsibilities of the person to whom the executive is required to report; (d) a material change in the geographic location at which the executive must perform the services (for this purpose, any relocation of more than 50 miles is deemed a material change); (e) any material reduction or other adverse change in the executive's benefits under any applicable and properly approved compensation plan or arrangement without the substitution of comparable benefits; or (f) any other action or inaction that constitutes a material breach by us under the employment agreement. To terminate for good reason, the executive must incur a termination of employment on or before the second anniversary of the initial existence of the condition.

Awards outstanding under the 2007 Equity Incentive Plan will fully vest upon a change in control unless (a) assumed by the successor corporation; (b) replaced with a cash retention program providing the same value or (c) otherwise limited by the plan administrator. A change in control shall be deemed to have occurred if in a single transaction or series of related transactions:

Awards outstanding under the Plan will fully vest upon a change in control (a) if not fully converted and assumed, (b) if the awards are converted and assumed, after a qualifying termination, or (c) by the participant for good reason, if it is defined in the applicable award agreement or employment agreement. Qualifying termination is defined as a termination of employment within twenty-four months following a change in control or by us other than for cause, gross negligence, or deliberate misconduct which demonstrably harms us. A change in control shall be deemed to have occurred if in a single transaction or series of related transactions:

(a) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a beneficial owner (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities representing 51% or more of our combined voting power;

(b) there is a merger, consolidation, or other business combination transaction with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the company (or surviving entity) outstanding immediately after such transaction;

(c) during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new director(s) (other than a director designated by a person who entered into an agreement with us to effect a transaction described in (a) or (b) above) whose election by the Board or nomination for election by our shareholders was approved by a vote of at least two-thirds of the directors still in office, who either were directors at the beginning of the two-year period or whose election or nomination for election was previously approved, cease for any reason to constitute a majority thereof; or

(d) all or substantially all of our assets are sold.

The following tables provide information on potential benefits that could be received by the NEOs upon a termination or change in control. The tables assume termination as of the close of business on December 31, 2018. The closing price of our Common Stock on the last trading day of 2018 was \$13.11. Post-termination health care represents the approximate value of such benefits. Upon a change in control, the executive may be subject to certain excise taxes imposed by Section 4999 of the Internal Revenue Code on any excess parachute payments under Section 280G. Currently, amounts shown as compensation related to change in control do not trigger excise taxes for excess parachute payments; and therefore are not included in the tables below.

Compensation Risk Assessment

With the help of its compensation consultant, in 2017 the Compensation Committee reviewed our executive compensation policies and practices, and determined that our executive compensation programs are not reasonably likely to have a material adverse effect on us. The Compensation Committee also reviewed our compensation programs for certain design features which have been identified by experts as having the potential to encourage excessive risk-taking, with none being identified in our programs.

Moreover, the Compensation Committee determined that, for all employees, our non-executive compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation, as these programs are fully discretionary after performance for the relevant period has been achieved, recommended by senior management to the Compensation Committee and reviewed at such time to support our goals and objectives.

Chief Executive Officer Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median employee and the annual total compensation of Mr. Todd Becker, our Chief Executive Officer (our CEO).

For 2018, our last completed fiscal year:

The annual total compensation of our median employee, other than our CEO, was \$69,219; and
The annual total compensation of our CEO was \$4,584,466.

Based on this information, for 2018 the ratio of annual total compensation of Mr. Becker, our CEO, to the annual total compensation of our median employee was 66 to 1.

To identify the median employee, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

1. We determined that, as of December 31, 2018, the last day of our payroll, our total employee population consisted of approximately 1,060 individuals with all of these individuals located in the United States. This population consisted of our full-time, part-time and temporary employees.
2. To identify the median employee from our employee population, we calculated the amount of salary, and wages of our employees as reflected in our payroll records and reported to the Internal Revenue Service as taxable wages. We annualized the compensation for any full-time employees that were not employed by us for all of 2018. We also excluded employees from the 2018 acquisitions of the cattle feedlots in Sublette, Kansas and Tulia, Texas.
3. We identified our median employee using this compensation measure, which was consistently applied to all our employees included in the calculation. Since all our employees are located in the United States, as is our CEO, we did not make any cost-of-living adjustments in identifying the median employee.
4. Once we identified our median employee, we combined all of the elements of such employee's compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in total compensation of \$69,219. The difference between such employee's salary, wages and overtime pay and the employee's annual total compensation represents the estimated value of such employee's health care benefits.

Table of Contents

5. With respect to the annual total compensation of our CEO, we used the amount reported in the Total column of our 2018 Summary Compensation Table include in this Proxy Statement and incorporated by reference under Item 11 of Part III of our Annual Report. To maintain consistency between the annual total compensation of our CEO and the median employee, we added the estimated value of our CEO's health care benefits, estimated at \$12,110 to the amount reported in the Summary Compensation Table. This resulted in annual total compensation for purposes of determining the ratio in the amount of \$4,584,466, which exceeds the amount reported for him in the Summary Compensation Table by \$12,110.

Compensation of Directors

Upon the recommendation of the Compensation Committee, we compensate our non-employee directors through a retainer structure for knowledge of us and the industry in which we operate, serving in a stewardship role, preparing for and attending Board and committee meetings, and serving as a committee Chairman. During 2018, each non-employee director was paid a cash retainer of \$75,000 for serving on the Board, including serving on Board committees. In addition, the Chairman of the Board received a \$20,000 retainer, the Audit Committee Chairman received a \$20,000 retainer, the Compensation Committee Chairman received a \$10,000 retainer and the Nominating and Governance Committee Chairman received a \$4,000 retainer. Additionally, annual individual restricted stock grants were awarded equal to \$125,000 in value, as measured on the date of grant. Board members are also reimbursed for travel and other business-related expenses. The Board has adopted stock ownership guidelines for its directors at five times their annual cash retainer, or \$375,000.

The Compensation Committee retained Pearl Meyer, an independent consultant, during 2016 to evaluate our non-employee director compensation program and provide recommendations for appropriate changes, if any, to achieve market-competitiveness and consistency with recognized corporate governance best practices. With an objective that total compensation for all non-employee directors would be awarded within a range of the 50th to 75th percentile of industry compensation defined by our peer group analysis and other methodologies consistent with industry practice, in 2016, the Board approved an increase in the annual individual restricted stock grants from \$100,000 to \$125,000.

On May 11, 2018, the company's non-employee directors each received a grant of 6,476 shares of restricted stock with an award value of \$125,000 pursuant to the 2009 Equity Incentive Plan, as amended (the Equity Plan). The award vests and shares of Common Stock are issued after one year.

As an employee, Mr. Becker does not receive director compensation. See Summary Compensation Table for information on his compensation.

The following table sets forth certain information regarding the fees earned or paid in cash and stock awards granted to each outside director during the fiscal year ended December 31, 2018.

PROPOSAL 2 RATIFICATION OF COMPANY S AUDITORS

Introduction

The board has assessed the performance and independence of KPMG LLP (KPMG) and recommends that KPMG be re-appointed as the Company s auditors for the fiscal year ending December 31, 2019. KPMG has served continuously as our auditor since 2009. In determining whether to recommend the re-appointment of KPMG as the Company s independent auditor, the Audit Committee considered various factors, including: KPMG s performance on prior audits, and the quality and efficiency of the services provided by KPMG; an assessment of the firm s professional qualifications, resources and expertise; KPMG s knowledge of the Company s business and industry; the quality of the Audit Committee s ongoing communications with KPMG and of the firm s relationship with the Audit Committee and Company management; KPMG s independence; the length of time the firm has served in this role; the impact on the Company of changing auditors; and data on audit quality and performance, including recent PCAOB reports on KPMG and peer firms. Considered together, these factors enable the Audit Committee to evaluate whether the selection of KPMG as the Company s independent auditor, and the retention of KPMG to perform other services, will contribute to and enhance audit quality. Based on its evaluation, the Audit Committee believes that the continued retention of KPMG to serve as the Company s independent registered public accounting firm is in the best interest of our shareholders. Accordingly, the Audit Committee has recommended, subject to ratification by the stockholders, that KPMG serve as the Company s independent auditors for the fiscal year ending December 31, 2019. Representatives from KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

Required Vote

The ratification of the selection of KPMG as the Company s independent auditors for the 2019 fiscal year must be approved by a majority of the votes cast by shares of Common Stock present or represented at the Annual Meeting. Unless otherwise directed by the shareholders, proxies received in response to this solicitation by the Board will be voted for approval of the selection of KPMG to serve as the Company s independent auditors for the 2019 fiscal year.

Recommendation of the Board

The Board recommends that shareholders vote **FOR** the ratification of KPMG as our independent auditor for the 2019 fiscal year as set forth in Proposal 2.

Independence of Auditors

We have adopted policies and procedures for pre-approval of all audit and non-audit services to be provided by our independent auditor. It is our policy that the Audit Committee pre-approve all audit, tax and other non-audit services. A proposal for audit or non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of the independent auditor are also required.

All of the services provided by KPMG during 2018 and 2017 were approved in advance by our Audit Committee. The Audit Committee has considered whether the provision of the services performed by our principal accountant is compatible with maintaining the principal accountant s independence.

Auditors Fees

For the years ended December 31, 2018 and 2017, KPMG LLP was our independent auditor. The following table sets forth aggregate fees billed to us, including fees related to services rendered for GPP, for professional services rendered by KPMG for the years ended December 31, 2018 and 2017.

PROPOSAL 3 APPROVAL OF THE GREEN PLAINS INC. 2019 EQUITY INCENTIVE PLAN

Plan Overview

On February 6, 2019, the Board adopted, subject to shareholder approval, the 2019 Equity Incentive Plan (the Plan).

General Information

The purpose of the Plan is to replace the 2009 Equity Incentive Plan which terminates in May 2019. The aggregate number of shares of Common Stock that currently may be issued under all stock-based awards made under the 2009 Equity Incentive Plan is 4,110,000.

Equity awards are currently granted to employees, non-employee directors and consultants pursuant to the Plan. As of March 2, 2019, approximately 1,150,123 shares remained available for awards under the 2009 Equity Incentive Plan which if Proposal 3 is approved by shareholders, such shares will roll into the 2019 Equity Incentive Plan.

The Board believes that equity incentive compensation is essential in attracting, retaining and motivating individuals. The flexibility of the Plan in types and specific terms of awards allows future awards to be based on then-current objectives for aligning compensation with shareholder value. Shareholder approval will permit the Company to award equity incentives that help achieve these goals.

The following is a summary of the material terms of the Plan and is qualified in its entirety by reference to the Plan. A copy of the 2019 Equity Incentive Plan is included as Appendix A to this Proxy Statement and may also be obtained from us free of charge upon written request.

Summary of the 2019 Equity Incentive Plan

Administration

The Compensation Committee, which is comprised of four Independent Directors, administers the Plan and has full power and authority to determine when and to whom awards are granted, consistent with the provisions of the Plan. Subject to the provisions of the Plan, the Compensation Committee may amend or waive the terms and conditions, or accelerate the exercisability, of an outstanding award. The Compensation Committee has authority to interpret the Plan, and establish rules and regulations for the administration of the Plan.

Eligible Participants

Any employee, director or consultant of the Company or its subsidiaries, who is selected by the Compensation Committee, is eligible to receive an award under the Plan. As of December 31, 2018, the Company had approximately 1,060 employees and nine non-employee directors eligible to participate.

Shares and Amounts Available For Awards

The aggregate number of shares of Common Stock that may be issued under all stock-based awards made under the Plan is 4,110,000. Shares related to awards that are forfeited, terminated, or are withheld from issuance to pay a participant's tax withholding liability are added back and are available again under the Plan. Subject to adjustment for certain corporate transactions, no participant may be granted stock options or stock appreciation rights (SARs) in any year with respect to more than 500,000 shares, and no participant may be granted restricted stock, restricted stock

units, performance shares and other stock-based awards in any year with respect to more than 500,000 shares. The maximum dollar value that may be earned by any participant in any 12-month period with respect to performance units that are intended to comply with the performance based exception under Section 162(m) of the Internal Revenue Code (the Code) and are denominated in cash is \$5,000,000.

Terms of Awards

General. Awards may be granted alone or in addition to any other award granted under the Plan or any other compensation plan. Awards may be granted for no cash consideration or for cash or other consideration as determined by the Compensation Committee or as required by applicable law. Awards may provide that upon the grant or exercise thereof, the holder will receive cash, or shares of Common Stock, or any combination of these in a single payment. The exercise price per share under any stock option and the grant price of any SAR may not be less than the fair market value on the date of grant of such option or SAR. The fair market value of a share under the Plan is the closing price on any securities exchange or NASDAQ or other over-the-counter market on which the shares are listed on the date of determination. If the shares are not listed, the Compensation Committee will determine the fair market value of the shares. The term of awards will not be longer than 10 years. Generally, awards must require a minimum period of service of at least one year after the grant date before they vest. However, awards for up to 5% of the shares that may be issued under the Plan may provide for vesting prior to one year after the grant date.

Table of Contents

Awards other than options and SARs may be granted subject to the achievement of performance goals. The performance goals may be established by the Compensation Committee from time to time. The performance goals may be one or more of the following business criteria:

- Revenue;
- Operating income (before or after taxes);
- Pre- or after-tax income (before or after allocation of corporate overhead and bonus);
- Net income (before or after taxes);
- Earnings (including earnings before taxes; earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization);
- Earnings per share;
- Economic value-added models or equivalent metrics;
- Cash flow or cash flow per share (before or after dividends);
- Stock price;
- Total shareholder return;
- Market share;
- Regulatory achievements;
- Implementation, completion or attainment of measurable objectives with respect to research, development, products, or projects;
- Production volume levels;
- Reductions in costs;
- Improvement in or attainment of expense levels or working capital levels;
- Operating margins, gross margins, or cash margin;
- Year-end cash;
- Debt reductions;
- Return on equity;
- Return on assets or net assets;
- Return on capital (including return on total capital or return on invested capital);
- Cash flow return on investment;
- Efficiency ratio (non-interest expense, divided by total revenue);
- Asset management;
- Asset quality;
- Asset growth or budget achievement.

The measure of performance may be set by reference to an absolute standard or a comparison to specified companies or groups of companies, and may be established separately for the Company as a whole or for our various groups, divisions or subsidiaries.

Stock Options. The holder of an option is entitled to purchase a number of shares of Common Stock at a specified exercise price during a specified time period, all as determined by the Compensation Committee. The option exercise price may be payable either in cash or in previously-acquired shares of Common Stock, or at the discretion of the Compensation Committee, by any other lawful means. Options are either incentive stock options (ISOs) within the meaning of Section 421 of the Code or nonqualified stock options and will vest and become exercisable in accordance with a vesting schedule established by the Compensation Committee. The exercise price is established by the Committee and cannot be less than the fair market value of a share on the date of grant; the exercise price of an incentive stock option granted to an employee who owns 10% or more of the combined voting power of our stock will not be less than 110% of the fair market value of a share on the date of grant. The aggregate fair market value of

Common Stock for which ISOs are granted and which are first exercisable in any one calendar year by any one employee may not exceed \$100,000 in fair market value, which is determined as of the date of the grant.

Stock Appreciation Rights. The holder of a SAR is entitled to receive the excess of the fair market value, calculated as of the exercise date, of a specified number of shares of Common Stock over the grant price of the SAR. Such amount shall be paid in shares of Common Stock or in cash, as specified in the award agreement. SARs shall vest and become exercisable in accordance with a vesting schedule established by the Compensation Committee.

Restricted Stock and Restricted Stock Units. The holder of restricted stock will own shares of Common Stock subject to restrictions imposed by the Compensation Committee for a specified time period determined by the Compensation Committee. The holder of restricted stock is entitled to vote the shares and to receive any dividends declared on the shares; however, any dividends declared in shares are subject to the same restrictions as the underlying shares. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Compensation Committee, to receive shares of Common Stock, at some future date determined by the Compensation Committee. The holder of restricted stock units will not have voting rights but will receive dividends paid with respect to the underlying shares. If the participant's employment terminates during the vesting period for any other reason, the Restricted Stock and Restricted Stock Units will be forfeited, unless the Compensation Committee determines that it would be in the Company's best interest to waive any remaining time-based restrictions.

Performance Awards. Performance awards give participants the right to receive payments in cash, or shares based solely upon the achievement of certain performance goals during a specified performance period. Any shares granted may be subject to any restrictions as determined by the Compensation Committee.

Stock-Based Awards. The Compensation Committee may grant other equity-based awards, including unrestricted shares of our Common Stock, subject to terms and conditions determined by the Compensation Committee and limitations imposed by the Plan. The awards may be conditioned on meeting performance goals.

Table of Contents

Duration, Termination and Amendment. Unless discontinued or terminated by the Board, the Plan will expire on the ten year anniversary of the Plan, estimated as May 8, 2029. No awards may be made after that date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the Plan prior to expiration may extend beyond the end of such period through the award's normal expiration date.

The Board may amend, alter or discontinue the Plan at any time, although shareholder approval must be obtained if required to maintain compliance with the Code, by any applicable law or for any action that would, absent such approval, violate the rules and regulations of any securities exchange applicable to the Company.

Repricing Awards

The Compensation Committee may cancel outstanding options and SARs and replace them with either new options or SARs covering the same or a different number of shares but with an exercise price not less than fair market value on the new grant date, but only with shareholder approval. The Compensation Committee also may reduce the exercise price of options or SARs to a price not less than the then current fair market value of Common Stock on the date of adjustment, but only with shareholder approval.

Change in Control

Upon change in control, as defined in the Plan, all outstanding options, SARs, restricted stock and restricted stock units that are not converted into similar awards with respect to the survivor or successor parent corporation shall become fully vested and, in the case of options and SARs, fully exercisable. Options, SARs, restricted stock and restricted stock units that are converted into similar awards with respect to the survivor or successor parent corporation upon a change in control shall vest and, in the case of options and SARs, become fully exercisable upon a qualifying termination, as defined in the Plan.

Unless provided otherwise in an award agreement or employment agreement, performance shares will be converted into restricted stock upon a change in control. If the restricted stock is not converted into stock or units of the survivor or successor parent corporation, the restricted stock will vest upon a change in control, and if the restricted stock is converted into stock or units of the survivor or successor parent corporation, it will vest upon a qualifying termination.

Unless otherwise provided in an award agreement or employment agreement, performance units shall be converted into time-vesting restricted cash upon a change in control, and will vest upon a qualifying termination or in accordance with the vesting schedule under the original award if earlier.

Transferability of Awards

Unless otherwise provided by the Compensation Committee, awards under the Plan may only be transferred by will or by the laws of descent and distribution. The Compensation Committee may permit a participant to transfer all or a portion of his awards to members of his immediate family, to trusts for the benefit of immediate family members, or to family limited partnerships in which the participant and his family members are the only partners.

Federal Income Tax Consequences

Grant of Stock Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the recipient.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price, and the Company will generally be entitled at that time to an income tax deduction for the same amount. The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that an alternative minimum tax liability may arise), and the Company will not be entitled to an income tax deduction. Upon exercising a SAR, the amount of any cash received and the fair market value on the exercise date of any shares of Common Stock received are taxable to the recipient as ordinary income and generally deductible by the Company, subject to applicable limits of the Code.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising an incentive stock option, a non-qualified stock option or SAR. Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under a non-qualified option or SAR. If shares purchased pursuant to the exercise of an ISO are not disposed of by the employee within two years from the date of grant of the option or within one year after the transfer of shares to him, the entire gain, if any, realized upon disposition will be taxable to the employee as long-term capital gain or loss and the Company will not be entitled to any federal income tax deduction. If an employee sells or exchanges the shares acquired under an ISO before the expiration of the required holding period, the employee will realize ordinary income in the year of such disposition in an amount equal to the difference between the option price and the lesser of the fair market value of the shares on the date of exercise (minus the exercise price) or the selling price (minus the exercise price). In such event, the Company will be entitled to a tax deduction in the year of disposition equal to the amount of ordinary income recognized by the employee, subject to the limits of the Code if applicable.

Awards Other than Options and SARs. As to other awards granted under the Plan that are payable either in cash or shares of Common Stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income in the year of receipt equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) over (ii) the amount (if any) paid for the shares by the holder of the award. The Company will generally be entitled at that time to an income tax deduction for the same amount.

As to an award that is payable in shares of Common Stock that are restricted from transfer and subject to a substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. The Company will generally be entitled at that time to an income tax deduction for the same amount.

Application of Section 16. Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received through the exercise of a stock option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized and the amount of our income tax deduction will be determined as of the end of that period.

Delivery of Shares for Tax Obligation. Under the Plan, the Compensation Committee may permit participants receiving or exercising awards, subject to the discretion of the Compensation Committee and upon such terms and conditions as it may impose, to deliver shares of Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the holder of the option) to the Company to satisfy federal and state income tax obligations.

New Plan Benefits. The Compensation Committee, in its sole discretion, will determine the number and types of other awards that will be granted. Thus, it is not possible to determine the benefits that will be received by eligible participants if the 2019 Equity Incentive Plan were to be approved by the shareholders. The closing price of a share of our Common Stock as reported on NASDAQ on March 14, 2019, was \$16.25.

Required Vote

Upon the recommendation of management, the Board adopted the Green Plains Inc. 2019 Equity Incentive Plan and recommends to the shareholders that they vote FOR the approval of the Plan. The affirmative vote of the holders of a majority of the voting power of the shares present, in person or by proxy, and entitled to vote (excluding broker non-votes) is required to approve the Plan. It is intended that, unless otherwise instructed, the shares represented by the Proxy (other than broker non-votes) will be voted For the approval of the Plan.

Recommendation of the Board

The Board recommends that stockholders vote FOR the Green Plains Inc. 2019 Equity Incentive Plan set forth in Proposal 3.

PROPOSAL 4 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Introduction

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K under the Securities Act and the Exchange Act, including the Compensation Discussion and Analysis, the Summary Compensation Table and related tables and disclosure, commonly known as a say on pay proposal. At our 2017 annual meeting, our stockholders supported an annual frequency for this advisory vote. As such, the Board has determined that our company will hold this advisory vote on the compensation of our named executive officers each year.

As described in detail under the heading Executive Compensation Compensation Discussion and Analysis, our executive compensation program is designed to reward the achievement of specific annual, long-term and strategic goals and to align executives interests with those of our stockholders by rewarding performance above established goals with the ultimate objective of improving stockholder value. Stockholders are encouraged to read the Compensation Discussion and Analysis section of this Proxy Statement, beginning on page 16 for a more detailed discussion of our executive compensation program, including information about fiscal year 2018 compensation of our NEOs.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This say on pay proposal gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers. Accordingly, we will ask our stockholders to vote FOR adoption of the following resolution at the Annual Meeting.

Required Vote

Approval of the above resolution requires the affirmative vote of a majority of the outstanding shares of the Common Stock of the company present in person or represented by proxy and entitled to vote on the matter (assuming a quorum is present). Abstentions will have the same effect as a vote against the proposal. Brokers will not have discretionary authority to vote on this proposal, and therefore such broker non-votes will have no effect on the outcome.

The say on pay vote is advisory and therefore not binding on our company, the Compensation Committee or the Board. However, the Compensation Committee and the Board value the opinions of our stockholders and will carefully consider the outcome of the vote and take into consideration any concerns raised by stockholders when determining future compensation arrangements.

Recommendation of the Board

The Board recommends that stockholders vote FOR our executive compensation plan set forth in Proposal 4.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

Our Related Party Policy addresses our company's procedures with respect to the review and approval of related party transactions that are required to be disclosed pursuant to SEC regulations. The Related Party Policy provides that any transaction or activity, in which GPI is involved, with a related party (which is defined as an employee's child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, or any person (other than a tenant or employee) sharing the household of an employee of ours, or any entity that is either wholly or substantially owned or controlled by an employee of ours or any of the foregoing persons and any trust of which an employee of ours is a trustee or beneficiary) shall be subject to review by our general counsel so that appropriate measures can be put into place to avoid either an actual conflict of interest or the appearance of a conflict of interest. Any waivers of this conflict of interest policy must be in writing and be pre-approved by our general counsel.

In determining whether a related party transaction will be approved or ratified, the Audit Committee may consider factors such as (a) the extent of the related party's interest in the transaction; (b) the availability of other sources of comparable products or services; (c) whether the terms are competitive with terms generally available in similar transactions with persons that are not related parties; (d) the benefit to us; and (e) the aggregate value of the transaction.

Related Party Transactions

Commercial Contracts

Three subsidiaries of the company previously executed separate financing agreements for equipment with Amur Equipment Finance. Gordon Glade, a member of the company's Board of Directors, was formerly a shareholder of Amur Equipment Finance. As of the third quarter of 2018, Amur Equipment Finance is no longer considered a related party. In March 2014, a subsidiary of the company entered into \$1.4 million of new equipment financing agreements with Amur Equipment Finance. Balances of \$0.7 million related to these financing arrangements were included in debt at December 31, 2017. Payments, including principal and interest, totaled \$0.2 million for each of the year ended December 31, 2018, and \$0.3 million for the years ended December 2017 and 2016.

Aircraft Leases

Effective January 1, 2015, the company entered into two agreements with an entity controlled by Wayne Hoovestol for the lease of two aircrafts. Mr. Hoovestol is Chairman of the company's Board of Directors. The company agreed to pay \$9,766 per month for the combined use of up to 125 hours per year of the aircrafts. Flight time in excess of 125 hours per year will incur additional hourly charges. During the years ended December 31, 2018, 2017 and 2016, payments related to these leases totaled \$159 thousand, \$182 thousand and \$190 thousand, respectively. The company had no outstanding payables related to these agreements at December 31, 2018, and \$2 thousand in outstanding payables related to these agreements at December 31, 2017.

During 2018, the Company conducted a study of the costs associated with the aircraft leases and compared them to third party providers and determined that the costs were at or below what other similar service providers charged. This study was reviewed by the Audit Committee who agreed with the Company's conclusion.

Other Transactions

Pursuant to an operational services and secondment agreement, we are reimbursed by GPP for certain compensation of our employees, including executive officers, who serve in management, maintenance and operational functions in support of its operations. GPP also has various fee-based commercial agreements with our subsidiary, Green Plains Trade Group LLC, including a storage and throughput agreement, a rail transportation services agreement, a trucking transportation agreement and various terminal services agreements for our fuel terminal facilities. See the Related Party Transaction footnote in our 10-K for a full description of all the related party transactions.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

These persons are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of the reports furnished to us, the aforesaid Section 16(a) filing requirements were met on a timely basis during fiscal 2018, except for a late filing for Michael Metzler on March 27, 2018 pertaining to the disposal of shares on March 15, 2018, a late filing for Anthony Vojslavek on May 15, 2018 pertaining to the disposal of shares on March 2, 2018, a late filing for Walter Cronin on November 21, 2018 pertaining to the disposal of shares on November 12, 2018 and a late filing for Alain Treuer on December 28, 2018 pertaining to the disposal of shares on December 24, 2018.

4.2 Authority of the Committee. The Committee shall have the exclusive authority to administer and construe the Plan in accordance with its provisions. In making the determination as to the persons to whom an Award shall be granted, the Committee or any delegate may take into account such individual's salary and tenure, duties and responsibilities, their present and potential contributions to the success of the Company, the recommendation of supervisors, and such other factors as the Committee or any delegate may deem important in connection with accomplishing the purposes of the Plan.

4.6 Decisions Binding. All determinations and decisions made by the Committee and any of its delegates pursuant to Section 4.3 shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

ARTICLE V

grant under the Prior Plan on the effective date of the Plan. Shares granted under the Plan may be either authorized but unissued Shares or treasury Shares, or any combination thereof.

5.2

(a) **Lapsed Awards.** Unless determined otherwise by the Committee, Shares related to Awards that are forfeited, terminated or expire unexercised shall be available for grant under the Plan. Shares that are withheld from issuance in connection with a Participant's payment of tax withholding liability shall be available for grant under the Plan. Shares related to awards granted under the Prior Plan that are forfeited, terminated or expire unexercised shall also be available for grant under the Plan. Shares that are withheld from issuance in connection with a Participant's payment of tax withholding liability shall also be available for grant under the Plan.

(b) **Substitute Awards.** Substitute Awards shall not reduce the Shares authorized for grant under the Plan or authorized for grant to a Participant in any calendar year. Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by shareholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Employees or Directors prior to such acquisition or combination.

5.3 **Limitations on Grants to Individual Participants.** Subject to adjustment as provided in Section 5.4, no Participant may be granted (i) Options or Stock Appreciation Rights during any Fiscal Year with respect to more than 500,000 Shares or (ii) Shares of Restricted Stock, Restricted Stock Units, Performance Shares and/or other Stock-Based Awards in any Fiscal Year that are intended to comply with the performance-based exception under Code Section 162(m) and are denominated in Shares with respect to more than 500,000 Shares (the **Limitations**). In addition to the foregoing, the maximum dollar value that may be earned by any Participant in any 12-month period with respect to Performance Units that are intended to comply with the performance-based exception under Code Section 162(m) and are denominated in cash is \$5,000,000. If an Award is cancelled, the cancelled Award shall continue to be counted toward the applicable Limitations.

5.4 **Adjustments in Awards and Authorized Shares.** In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin-off, separation, liquidation, combination, or other similar transaction or change in the corporate structure of the Company affecting the Shares or the value thereof, the Committee shall adjust the number and class of Shares which may be delivered under the Plan, the number, class and price of Shares subject to outstanding Awards, and the numerical limits of Sections 5.1 and 5.3 in such manner as the Committee shall determine to be advisable or appropriate, taking into consideration the accounting and tax consequences, to prevent the dilution or diminution of such Awards. Any such numerical limitations shall be subject to adjustment under this Section only to the extent such adjustment will not affect the status of any Award intended to qualify as performance-based compensation under section 162(m) of the Code or the ability to grant or the qualification of Incentive Stock Options under the Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on all Participants.

5.5 **Restrictions on Share Transferability.** Except as otherwise provided by the Committee or the Board, as the case may be, Awards granted under the Plan shall be non-transferable, and its terms shall state that

A-6

it is non-transferable and that, during the lifetime of the Participant, shall be exercisable only by the Participant; notwithstanding the foregoing, Awards shall be transferable by will or the laws of descent and distribution. Notwithstanding the foregoing, the Committee may, in its discretion, permit a Participant to transfer all or a portion of his or her awards to members of his or her immediate family, to trusts established for the benefit of members of his or her immediate family, or to family limited partnerships in which the Participant and immediate family members are the only partners, provided that the Participant may receive no consideration for such transfers, and that such transferred award shall be subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred award. The Committee may impose such restrictions on any Award of Shares or Shares acquired pursuant to the exercise of an Award as it may deem advisable or appropriate, including, but not limited to, restrictions related to applicable Federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed or traded, and any blue sky or state securities laws.

5.6 **Share Vesting.** Notwithstanding any provision herein, excepting up to five (5) percent of shares approved under the Plan, no Award may be granted with less than a one year vesting period.

ARTICLE VI

STOCK OPTIONS

6.1 **Grant of Options.** Subject to the terms and provisions of the Plan, Options may be granted to Participants at any time and from time to time as determined by the Committee. Subject to Section 5.3, the Committee shall determine the number of Shares subject to each Option. The Committee may grant Incentive Stock Options, Nonqualified Stock Options, or any combination thereof. No more than 1,000,000 Shares may be issued as Incentive Stock Options under the Plan.

6.2 **Award Agreement.** Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the expiration date of the Option, the number of Shares to which the Option pertains, any conditions to exercise of the Option and such other terms and conditions as the Committee shall determine. The Award Agreement shall also specify whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option.

6.3 **Exercise Price.** Subject to the provisions of this Section 6.3, the Exercise Price for each Option shall be determined by the Committee and shall be provided in each Award Agreement.

(a) **Nonqualified Stock Options.** In the case of a Nonqualified Stock Option, the Exercise Price shall not be less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; provided, however, in no case shall the Exercise Price be less than the par value of such Share.

(b) **Incentive Stock Options.** In the case of an Incentive Stock Option, the Exercise Price shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; or one hundred ten percent (110%) of the Fair Market Value of a Share if the Participant (together with persons whose stock ownership is attributed to the Participant pursuant to section 424(d) of the Code) owns on the Grant Date stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries; provided, however, in no case shall the Exercise Price be less than the par value of such Share.

(c) **Substitute Options.** Notwithstanding the provisions of Sections 6.3(a) and 6.3(b), in the event that the Company consummates a transaction described in section 424(a) of the Code, persons who become Participants on account of such transaction may be granted Options in substitution for options granted by such former employer or recipient of services. If such substitute Options are granted,

A-7

Table of Contents

the Committee, consistent with section 424(a) of the Code, may determine that such substitute Options shall have an exercise price less than one hundred (100%) of the Fair Market Value of the Shares on the Grant Date.

6.4 Expiration of Options.

6.5 **Exercisability of Options.** Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall determine. After an Option is granted, the Committee may accelerate or waive any condition constituting a substantial risk of forfeiture applicable to the Option. The Committee may not, after an Option is granted, extend the maximum term of the Option.

6.6 **Payment.** Options shall be exercised by a Participant's delivery of a written notice of exercise to the Secretary of the Company (or its designee), setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

Upon the exercise of an Option, the Exercise Price shall be payable to the Company in full in cash or its equivalent. The Committee may also permit exercise (a) by tendering previously acquired Shares (either actually or by attestation) having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price, or (b) by any other means which the Committee determines to provide legal consideration for the Shares, and to be consistent with the purposes of the Plan.

As soon as practicable after receipt of a written notification of exercise and full payment for the Shares purchased, the Company shall deliver to the Participant, Share certificates representing such Shares. Until the issuance of the stock certificates, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Shares as to which the Option has been exercised. No adjustment will be made for a dividend or other rights for which a record date is established prior to the date the certificates are issued.

6.7 Certain Additional Provisions for Incentive Stock Options.

(a) **Exercisability.** The aggregate Fair Market Value (determined on the Grant Date(s)) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Subsidiaries) shall not exceed \$100,000.

(b) **Company and Subsidiaries Only.** Incentive Stock Options may be granted only to Participants who are employees of the Company or a subsidiary corporation (within the meaning of section 424(f) of the Code) on the Grant Date.

- (a) **Termination for Cause.** Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised after a Participant's Termination of Service by the Company or a Subsidiary for Cause.
- (b) **Termination Due To Death.** Unless otherwise specifically provided in the Award Agreement, an Option may not be exercised more than one (1) year after a Participant's Termination of Service due to death, but in no event after the expiration of the term of the Option.

With respect to Awards of Restricted Stock Units, the Committee may accelerate or waive any condition constituting a substantial risk of forfeiture applicable to the Restricted Stock Units. However, in no event may the restrictions on Shares granted to a Section 16 Person lapse until at least six months after the grant date (or such shorter period as may be permissible while maintaining compliance with Rule 16b-3). After the end of the Period of Restriction, the Participant shall be entitled to have any legend or legends under Section 7.4(c) removed from his or her Share certificate, and the Shares shall be freely transferable by the Participant, subject to any other restrictions on transfer which may apply to such Shares. Subject to the terms of the Plan, Performance Units and/or Performance Shares may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee. Subject to Section 5.3, the Committee shall have complete discretion in determining the number of Performance Units and Performance Shares granted to any Participant.

Performance Units or Performance Shares, or both, that will be paid out to the Participants. The time period during which the Performance Goals must be met shall be called the Performance Period. Performance Periods of Awards granted to Section 16 Persons shall, in all cases, exceed six (6) months in length (or such shorter period as may be permissible while maintaining compliance with Rule 16b-3). Each Award of Performance Units or Performance Shares shall be evidenced by an Award Agreement that shall specify the Performance Period, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

Awards shall be paid no later than the last date permitted in order for the payment to be exempted from the definition of deferred compensation under section 409A of the Code.

9.6 Dividends and Other Distributions. At the discretion of the Committee, Participants holding Performance Units/Shares may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividends may be subject to the accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

A-13

receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award. Any such deferral election shall be subject to such rules and procedures as shall be determined by the Committee.

11.2 409A Compliance. To the extent any provision of the Plan or any Award or action by the Board or Committee would subject any Participant to liability for interest or additional taxes under Section 409A of the Code, it will be deemed null and void, to the extent permitted by law and deemed advisable by the Committee. It is intended that the Plan and all Awards will comply with or be exempt from Section 409A of the Code, and the Plan and each Award shall be interpreted consistent with such intent. The Plan and any Award may be amended in any respect deemed necessary (including retroactively) by the Committee in order to pursue compliance with or exemption from, as applicable, Section 409A of the Code. If any deferred compensation is payable to a specified employee upon separation from service, as those terms are defined in Section 409A of the Code and the regulations thereunder, then payment of such amount shall be delayed for a period of six months following separation from service and paid in a lump sum on the first payroll date following the expiration of such six month period. The foregoing shall not be construed as a guarantee of any particular tax effect for Plan benefits or Awards. A Participant or beneficiary as applicable is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on the Participant or beneficiary in connection with any payments to such Participant or beneficiary under the Plan, including any taxes and penalties under Section 409A of the Code, and neither the Company nor any Affiliate shall have any obligation to indemnify or otherwise hold a Participant or beneficiary harmless from any and all of such taxes and penalties.

11.3 No Effect on Employment or Service. Nothing in the Plan shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment or service at any time, with or without Cause. Employment with the Company or any Subsidiary is on an at-will basis only, unless otherwise provided by an applicable employment or service agreement between the Participant and the Company or any Subsidiary, as the case may be.

11.4 Participation. No Participant shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive a future Award.

11.5 Indemnification. Each person who is or shall have been a member of the Committee, or of the Committee, to the extent permitted under state law, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any Award Agreement, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's prior written approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit or proceeding against him or her; provided, however, that he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

11.6 Successors. All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business or assets of the Company.

11.7 **Beneficiary Designations.** If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid Award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be

A-14

effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate and, subject to the terms of the Plan and of the applicable Award Agreement, any unexercised vested Award may be exercised by the administrator, executor or the personal representative of the Participant's estate.

11.8 No Rights as Stockholder. Except to the limited extent provided in Sections 7.6 and 7.7, no Participant (nor any beneficiary thereof) shall have any of the rights or privileges of a stockholder of the Company with respect to any Shares issuable pursuant to an Award (or the exercise thereof), unless and until certificates representing such Shares shall have been issued, recorded on the records of the Company or its transfer agents or registrars, and delivered to the Participant (or his or her beneficiary).

11.9 Investment Representation. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

11.10 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

11.11 Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, or Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

ARTICLE XII

AMENDMENT, TERMINATION, AND DURATION

12.1 Amendment, Suspension, or Termination. The Board, in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason; provided, however, that if and to the extent required by law or to maintain the Plan's compliance with the Code, the rules of any national securities exchange (if applicable), or any other applicable law, any such amendment shall be subject to stockholder approval; and further provided, that the Board may not, without the approval of the Company's shareholders, take any other action with respect to an Option or Stock Appreciation Right that may be treated as a repricing under the rules and regulations of the principal securities market on which the Shares are traded, including a reduction of the exercise price of an Option or the grant price of a Stock Appreciation Right or the exchange of an Option or Stock Appreciation Right for cash or another Award. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Award theretofore granted to such Participant. No Award may be granted during any period of suspension or after termination of the Plan.

12.2 Duration of the Plan. The Plan shall become effective in accordance with Section 1.1, and subject to Section 12.1 shall remain in effect until the tenth anniversary of the effective date of the Plan.

ARTICLE XIII

TAX WITHHOLDING

13.1 **Withholding Requirements.** Prior to the delivery of any Shares or cash pursuant to an Award (or the exercise thereof), the Company shall have the power and the right to deduct or withhold from any amounts due to the Participant from the Company, or require a Participant to remit to the Company, an amount sufficient to satisfy Federal, state and local taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or the exercise thereof).

14.3 **Section 409A.** If the implementation of any of the foregoing provisions of this Article XIV would cause a Participant to incur adverse tax consequences under Section 409A of the Code, the implementation of such provision shall be delayed until the first date on which such implementation would not cause any adverse tax consequences under Section 409A.

14.4 **Conflict.** The preceding sections of this Article XIV shall apply notwithstanding any other provision of the Plan to the contrary, unless the Committee shall have expressly provided in any applicable Award for different provisions to apply in the event of a Change in Control. For the avoidance of doubt, any such different provisions may be more or less favorable to either of the parties to the Award, but if the application of such different provisions is unclear, uncertain or ambiguous, the provisions of this Article XIV shall govern.
