EXECUTIVE LEVEL OVERVIEW

The Company's operating strategies focus on the development of recreational water sports products, Rotary Engines and the management of its enterprise server facilities. The Company has begun selling distributorships for its recreational water sports products and expects to begin manufacturing and selling those products in 2006.

Management has also devoted substantial efforts in the operations of Nacio by pursuing aggressive cost cutting programs and eliminated unprofitable products.

Revenues for Nacio consist of hosting, co-location and related fees; sales of third party hardware and software; fees for systems and technical integration and administration; fees for power and server connectivity services, and the sale of computer software compliance monitoring services and products.

Encompass Holdings, Inc. presently has executive offices at 1005 Terminal Way, Reno, NV. Nacio's enterprise server facilities are located at 55 Leveroni Court, Novato, CA. Nacio has available back-up power generators sufficient to continue to power their enterprise server facilities in the event of short-term power losses. However, if the supply of power to Nacio by Pacific Gas & Electric were delayed or curtailed, the ability of Nacio to provide services to its customers could be adversely affected.
