Except as set forth in our discussion below in "Transactions with Related Persons," none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or

associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

TRANSACTIONS WITH RELATED PERSONS

-4-

---

The following includes a summary of transactions since the beginning of the 2006 fiscal year, or any currently proposed transaction, in which we were or are to be a participant and the amount involved exceeded or exceeds the lesser of \$120,000 or one percent of the average of our total assets at year-end for the last two completed fiscal years, and in which any related person had or will have a direct or indirect material interest (other than compensation described under "Executive Compensation"). We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm's-length transactions.

Between August and December 2006, Fuxin Hengrui made five purchases of coal water mixture from Tianyuan, Fuxin Hengrui's subsidiary, with a total amount of \$1.2 million. In 2006, Fuxin Hengrui received \$18,840 for rent from Tianyuan. The rent was estimated based on market value.

Except as set forth in our discussion above, none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

#### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of our equity securities which are registered pursuant to Section 12 of the Exchange Act, to file with the SEC initial reports of ownership and reports of changes in ownership of our equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely upon a review of the Forms 3, 4 and 5 (and amendments thereto) furnished to us for the fiscal years ended June 30, 2005, 2006 and 2007, we have determined that our directors, officers and greater-than-10% beneficial owners complied with all applicable Section 16 filing requirements.

#### CORPORATE GOVERNANCE

##### Director Independence

We currently do not have any independent directors, as the term "independent" is defined by the rules of the Nasdaq Stock Market.

##### Board Meetings and Annual Meeting

During fiscal year 2007, our Board of Directors did not meet. We did not hold an annual meeting in 2007.

##### Board Committees

We presently do not have an audit committee, compensation committee or nominating committee or committee performing similar functions, as our management believes that until this point it has been premature at the early stage of our management and business development to form an audit, compensation or nominating committee. However, the our new management plans to form an audit, compensation and nominating committee in the near future. We envision that the audit committee will be primarily responsible for reviewing the services performed by our independent auditors and evaluating our accounting policies and system of internal controls. We envision that the compensation committee will be primarily responsible for reviewing and approving our salary and benefits policies (including stock options) and other compensation of our executive officers. The nominating committee would be primarily responsible for nominating directors and setting policies and procedures for the nomination of directors. The nominating committee would also be responsible for overseeing the creation and implementation of our corporate governance policies and procedures. Until these committees are established, these decisions will continue to be made by our Board

of Directors. Although our Board of Directors has not established any minimum qualifications for director candidates, when considering potential director candidates, our Board of Directors considers the candidate's character, judgment, skills and experience in the context of the needs of our Company and our Board of Directors.

We do not have a charter governing the nominating process. The members of our Board of Directors, who perform the functions of a nominating committee, are not independent because they are also our officers. There has not been any defined policy or procedure requirements for stockholders to submit recommendations or nominations for directors. Our Board of Directors does not believe that a defined policy with regard to the consideration of candidates recommended by stockholders is necessary at this time because, given the early stages of our development, a specific nominating policy would be premature and of little assistance until our business operations are at a more advanced level.

#### Stockholder Communications

Our Board of Directors does not currently provide a process for stockholders to send communications to our Board of Directors because our management believes that until this point it has been premature to develop such processes given the limited liquidity of our Common Stock. However, our new management may establish a process for stockholder communications in the future.
